## Chapter 4958

Dozens of spies from Feihu City changed into the armor of the War Soldiers, and then headed towards the City Lord's Mansion in an orderly manner!

Because Rhino City has strengthened patrols, the streets are full of War Soldiers, so no one doubts the identity of this team of War Soldiers.

When they arrived at the gate of the City Lord's Mansion, the team was stopped.

"Show your token..."

a guard said to the leader.

The leader was the shopkeeper of Tianbao Pavilion. He took out the token happily and handed it over. The

guard took the token in his hand, and a white light flashed, proving that the token was real and not forged.

Seeing that the token was real, the guard returned the token: "Go in..."

Soon, the shopkeeper of Tianbao Pavilion led people into the City Lord's Mansion.

After entering the City Lord's Mansion, the shopkeeper of Tianbao Pavilion whispered: "Now divide the troops into two groups, try not to conflict, and find the residence of the City Lord's son and daughter."

Everyone nodded, and then the troops divided into two groups to start looking for Niu Li and Niu Ben.

Because the City Lord's Mansion is very large, these people don't know where Niu Li and Niu Ben live, and they dare not use their spiritual sense to explore, which is easy to be exposed, so they can only search slowly!

However, these Feihu City spies did not notice at this time that every blue brick under their feet was slightly flashing green light.

In order to prevent someone from sneaking into the City Lord's Mansion, the City Lord Gadfly had already spent a lot of money to set up a formation in the City Lord's Mansion.

Although these people have tokens and have passed on the armor of the battle team, it's a pity that their breath was not recorded in the formation, so when they entered the City Lord's Mansion, the formation began to slowly start.

At this moment, the Gadfly, who was practicing in the Demon Suppression Tower, suddenly opened his eyes and frowned tightly.

"What's wrong?" David asked when he saw this.

"A stranger has broken into the City Lord's Mansion. I'm going to go out and take a look..."

The Gadfly stood up and left the Demon Suppression Tower.

Seeing this, David also followed the Gadfly out of the Demon Suppression Tower, and then the two walked into the yard.

Soon, the two found that in the yard of the City Lord's Mansion, there was a team of suspicious soldiers. Sorry ,

"There has never been a patrol of the war troop in this mansion at night..."

The Gadfly said softly.

"It is very likely that this war troop is pretended by others." David said.

The Gadfly nodded, and he took out a dark stone from his arms, on which there were obscure symbols.

As the Gadfly injected immortal power into the stone, white light suddenly shot out from all around the City Lord's Mansion.

These white lights were connected, and they actually enveloped the entire City Lord's Mansion.

"It's bad, we've been discovered, retreat quickly..."

The shopkeeper of Tianbao Pavilion didn't expect that they would be discovered just after they entered the City Lord's Mansion.

At the same time, shrill alarms sounded around the City Lord's Mansion, and countless guards rushed out!

Bai Yi and Fengxian also ran out, looking nervous and said, "What's wrong?"

"It's okay, someone broke in. It should be a spy from Feihu City. It will be solved soon."

The Gadfly comforted the two.

"Damn, why is Feihu City never-ending? Do they really have to fight to the death?"

Bai Yi said angrily upon hearing this.

"Does Rhino City have a feud with Feihu City?"

David heard what Bai Yi said, and it was obvious that this kind of thing happened frequently between the two sides.

"There is no feud, but Feihu City has few resources and often comes to our territory to compete for resources."

"And this Purgatory Field, Feihu City is also jealous and wants to occupy it, so there are frequent conflicts."

"We are only thousands of miles away from Feihu City. We are the two closest cities, so it is normal for us to have conflicts."

The Gadfly saw it more clearly. It is normal for disputes to occur in order to compete for resources.

Chapter 4959

"I think they are heading for the treasure land, which has been occupied by Rhino City, and Flying Tiger City is unwilling to give up."

Bai Yi said.

"Treasure land?" David was stunned, his face full of confusion!

"Brother, I'll tell you later, let's deal with these people first." The

Gadfly said, and his figure flashed and went straight to those Western Region spies.

Seeing this, David called Bai Yi and Fengxian and said, "Let's do it too, we can't eat and drink for free!"

After that, David held the Dragon Slaying Sword and rushed over in an instant!

Boom boom boom...

David made a move and slashed three swords in a row!

But it was these three swords that directly took the lives of three Western Region spies.

You should know that these Western Region spies were wearing special armor made by the War Corps. Not only were they extremely hard, but they were also soaked in turtle blood.

Now David made a move and actually broke through the armor and killed the man. This shocked the Western Region spies!

They were already few in number, and now they encountered a master like David, so their fighting spirit was gone in an instant!

“Looking for death...”

Seeing this, the shopkeeper of Tianbao Pavilion instantly chopped at David.

A blood-colored long sword soared into the sky and fell with endless death.

Seeing this, David swung the Dragon Slaying Sword in his hand and tried to block the attack.

“Damn it, dare to touch my eldest brother...”

When the Crazy Immortal saw someone attacking David, he was immediately angry. His figure instantly blocked in front of David, and then he slapped his palms together.

The Crazy Immortal slapped his palms, and two balls of red flames rose from his palms, colliding with the blood-colored long sword of the shopkeeper of Tianbao Pavilion.

Amid the violent explosion, the blood-red long sword broke into pieces, and the shopkeeper of Tianbao Pavilion flew backwards like a kite with a broken string, hitting the pillar heavily. His helmet fell off, and a mouthful of blood spurted out, staining the warrior armor on his chest red.

“How is this possible...”

The shopkeeper of Tianbao Pavilion looked at Fengxian in horror, his eyes full of disbelief.

“You...you are Fengxian?”

The shopkeeper of Tianbao Pavilion was shocked. Fengxian had been in the purgatory for hundreds of years, and everyone thought he was dead. Today, he appeared.

What shocked the shopkeeper of Tianbao Pavilion even more was that this Fengxian actually called David “Big Brother”?

He didn’t know David’s identity, but the token was obtained from David, which showed that David had a special relationship with the City Lord’s Mansion, otherwise there would be no token!

“It’s you?” David was shocked when he saw the shopkeeper of Tianbao Pavilion!

The Gadfly also came over and saw the other person’s face clearly. The pupils of the Gadfly shrank suddenly, and a look of shock appeared on his face.

“It’s you! Li Tianbao!”

The Gadfly’s voice was full of anger and disappointment, “I trusted you so much and handed Tianbao Pavilion to you to manage, but I didn’t expect you to be a spy from Feihu City!”

Li Tianbao struggled to get up from the ground, wiped the blood from the corner of his mouth, and sneered: “Gadfly, don’t be so naive. In this world where the strong prey on the weak, who doesn’t want to occupy more resources? Your Rhino City occupies the treasure land and monopolizes the resources. Feihu City will naturally not sit idly by.”

“Shut up!”

The Gadfly shouted angrily, and the aura around him surged, “Today, none of you will leave alive!”

As he spoke, the Gadfly’s hand gesture changed, and the formation above the City Lord’s Mansion glowed brightly. Chains emerged from the void and flew towards the remaining Feihu City spies.

Just as everyone was fighting fiercely, a cry suddenly came from a distance.

“Let me go!”

Niu Ben was seen walking out of the room held hostage by a spy from Flying Tiger City. The spy’s hand was on Niu Ben’s throat. If he was not careful, Niu Ben’s life would be in danger.

“Father! Save me!”

Niu Ben was terrified and shouted for help.

The Gadfly paused, with a flash of panic in his eyes.

“If you dare to hurt my son, I will make you live a life worse than death!”

The Gadfly’s eyes were wide open, and murderous intent was boiling in his body.

## Chapter 4960

Seeing this, Li Tianbao was delighted. He endured the pain and struggled to walk to the side of the spy who held Niu Ben hostage.

“Gadfly, you didn’t expect it, did you? God will always find a way out.” Li Tianbao smiled sinisterly, “Get out of the way, let us go, otherwise, your son’s life will be gone.”

Gadfly’s face was uncertain, looking at his son’s frightened eyes, his heart was full of entanglement.

As the lord of a city, he naturally couldn’t let the spy from Feihu City leave so swaggeringly, but that was his own son, how could he watch his son fall into danger.

“Don’t be impulsive.”

David stepped forward and whispered, “Let them leave first, and then we will make a long-term plan.” The

Gadfly gritted his teeth and finally slowly put away the formation.

“You can go now, but I tell you, what Flying Tiger City did today, I Rhino City has remembered, we will settle this account sooner or later!”

Li Tianbao smiled proudly, signaling his spies to slowly retreat.

“Gadfly, see you later, I hope you can still be so courageous next time we meet.”

Looking at the backs of the Flying Tiger City spies gradually going away, Gadfly clenched his fists, his nails dug deep into his palms, blood dripping from his fingers.

“Father!” Niu Li also ran out of the room. Seeing her brother being held hostage, tears welled up in her eyes. “I must rescue my brother!”

“Don’t worry, I will definitely rescue Ben’er.” The Gadfly’s eyes were firm. “How dare Feihu City be so arrogant on my Rhino City’s territory? I will make them pay a heavy price!”

After the Gadfly finished speaking, he looked at the guards of the City Lord’s Mansion and shouted, “Who is guarding the door of the mansion today? How did these people get in?”

The City Lord’s Mansion can only be entered with a token. Now that so many Feihu City spies have entered the City Lord’s Mansion, the guards did not stop anyone. This made the Gadfly very confused.

He suspected that there was a spy in the City Lord’s Mansion. After all, even the shopkeeper of Tianbao Pavilion has now become a spy of Feihu City. He began to distrust anyone.

“City Lord, we are on duty today. These Flying Tiger City spies entered with tokens, and the tokens have been verified and are real, so they were allowed in.”

A guard stepped forward and said cautiously.

“How could they have tokens?” The Gadfly was full of doubts.

At this moment, David seemed to have thought of something, and said a little embarrassedly: “Their tokens should be given by me...”

David remembered that he had pawned the tokens in Tianbao Pavilion.

“You?” The Gadfly was stunned: “Brother, how did you get the token of our City Lord’s Mansion?”

Before David could speak, Niu Li noticed David at this time, and said in surprise: “Why is it you? Did you pawn my token?”

After hearing David’s words, Niu Li also remembered.

David nodded embarrassedly: “I was short of fairy coins at the time, and I had no choice but to pawn the token at Tianbao Pavilion...”

The Gadfly looked at Niu Li and David in confusion. He didn’t understand how his daughter met David.

“No wonder I couldn’t find out the location of the token when I wanted to find out where you were.”

Niu Li complained when she heard it!

“I’m so sorry!” David apologized again, and then explained to Gadfly how the token came from.

After listening, Gadfly didn’t delve into it. After all, he didn’t dare to say anything to David, because David was his big brother now.

“Brother, you didn’t expect this to happen. It has nothing to do with you. It’s also because I didn’t know the right person. I didn’t expect that Li Tianbao was actually a spy from Feihu City.”

Gadfly thought of the shopkeeper of Tianbao Pavilion, and his face was full of anger. He wanted to eat Li Tianbao alive.
