Chapter 4961

“Father, my brother has been captured. We have to find a way to rescue him. If that doesn’t work, we can just attack Feihu City and fight to the death.”

Niu Li said to Gadfly.

“Don’t worry. Although they captured your brother, they just want to threaten me in exchange for the treasure place and some resources.”

“They won’t do anything to your brother. Killing your brother will not benefit them at all.”

Gadfly was not worried at the time. He knew that Feihu City didn’t want to kill people, but just wanted to threaten him.

“Then we can’t not save my brother, right?” Niu Li said!

“Who said we won’t save him? We just have to wait. Feihu City will contact us on its own initiative.”

Gadfly glanced at Niu Li and said, “Go back to sleep. You don’t have to worry about this.”

Although Niu Li was not convinced, she turned around and left.

“Old Cow, where is the treasure land? Can you take me to see it?”

David was very curious about the treasure land.

“Brother, the treasure land can only be opened once every thousand years. Now is not the time at all. If you force your way in, you will be suppressed by the Heavenly Dao, and your life span will be greatly lost.”

The Gadfly said!

“Life span loss?” David was a little surprised, “Why is there such a Heavenly Dao suppression?”

“Take me to see it first, you don’t have to go in...”

Seeing that David insisted on going, the Gadfly could only nod and said, “Okay, I’ll take you there first, but don’t be impulsive. If you go in and don’t have a life to walk out, it will be troublesome.”

“Don’t worry, I know my limits!” David nodded!

The Gadfly took David to the treasure land, while Fengxian and Bai Yi chose to stay in the City Lord’s Mansion.

David followed the Gadfly and flew for several hours. When he felt that he was about to fly out of the entire beast tribe area, he finally stopped.

Seeing a barren land everywhere, David frowned and said, “Is this still the territory of your Rhino City?”

They have flown thousands of miles. If it is still the territory of Rhino City, then Rhino City is too big.

“Yes, this is still the territory of our Rhino City, but ahead is the territory of Feihu City, and this treasure land is where Feihu City often competes with me.” “

But now there are still more than 300 years before the treasure land is opened. Why is Feihu City so impatient?”

The gadfly was very puzzled. Why didn’t Feihu City wait until the treasure land was about to open before taking action.

“Let’s go, let’s go down and take a look...”

After saying that, David landed first!

The gadfly followed closely, and the two people landed on the ground. David found that only a few miles away from them, a mark visible to the naked eye was clearly printed on the ground. There

seemed to be a dividing line on the ground, and the colors of the ground were all different.

The land in the treasure land was a light red color, like the color of blood seeping into the soil for too long.

David walked towards the treasure land. The Gadfly wanted to stop him, but saw that David had already walked in!

As soon as he walked in, David's brows suddenly frowned!

Because he could clearly feel that the power in his body was draining away, and his lifespan was also draining away.

David hurriedly retreated, and that feeling disappeared instantly.

"It's really like this..." David said with a frown.

"Brother, how could I lie to you? Normally, no one dares to set foot on this land."

"Let's go back. It's not worth it to spend too much energy and life here."

The Gadfly persuaded David.

David did not move, but stared at the treasure land in front of him, and then asked: "You said this is the suppression of the way of heaven. If you can break this way of heaven, will it be okay?"

Chapter 4962

The Gadfly was startled, then smiled and said, "Brother, although you do have some strength, and you have the blood of the Golden Dragon, this is a place where the Heavenly Dao suppresses you. How can you break the Heavenly Dao?"

David did not speak, but instead offered up the Dragon Slaying Sword, and walked towards the treasure land again with a determined look.

When he was climbing the ladder to heaven, he could break the Great Dao Prison Seal, and it was possible that he could also break the Heavenly Dao.

The Gadfly looked at David and wanted to speak out to stop him, but he changed his mind and decided to let David suffer a loss, and maybe he would follow him back.

David held the Dragon Slaying Sword and walked into the treasure land again.

The strange feeling came again, but this time David did not panic, but the dragon crystal on his chest flickered, and the Dragon Slaying Sword in his hand also emitted a golden light.

"Break..." Chen

Ping swung the Dragon Slaying Sword in his hand forward.

A sword energy turned into a golden dragon, roaring and rushing towards the empty space in front.

Buzz!

As the sword energy and golden dragon disappeared, the entire airspace trembled.

And that strange feeling disappeared instantly under this sword.

“Okay...” David put away the Dragon Slaying Sword and said!

“What?”

The Gadfly was stunned, and then looked at David.

“Come in and try!”

David waved to the Gadfly and said.

“Is it okay?”

The Gadfly hesitated, and he walked towards the treasure land slowly.

When he stepped into the treasure land carefully, he suddenly froze, and then looked at David with shock on his face.

“This... this can work?” The Gadfly’s face was full of disbelief!

“It’s just the Heavenly Dao, it can’t suppress me at all!”

David said pretentiously.

“Big brother is that, awesome...”

The Gadfly gave David a thumbs up.

“Stop flattering me, lead the way!”

David asked Gadfly to lead the way!

The two walked towards the depths of the treasure land, but as they went deeper, David found that there was a trace of evil spirit in this treasure land.

At the beginning, I couldn’t detect it at all, but now I have noticed it a little.

“Old Cow, is this treasure land also left by the demon clan?”

David asked Gadfly.

“I don’t know either. Anyway, when the two demon clans fought, it was said that tens of thousands of demon cultivators died. I haven’t seen it either, I just heard about it!”

Gadfly replied.

“You haven’t been to this treasure land either?” David continued to ask.

“No.” Gadfly shook his head: “No one knows what treasures are in this treasure land. It seems that no one who enters has ever left.”

“It’s just a legend from generation to generation that there is a treasure in this area, and then it is called a treasure land.”

“fu**...” David wanted to curse when he heard it.

Just for a false treasure, Flying Tiger City is fighting with Rhino City. What a fight!

If they fight for a long time to grab this place, and finally there is nothing in it, they will be so angry!

“Don’t be angry, brother. Since there is this legend, there must be treasures in this place. The less people have seen it, the more it proves that no one has touched the treasure. Then it will all be ours!”

The Gadfly saw that David was about to get angry and hurriedly persuaded him.

“Let’s go. We are all here. There is no point in me getting angry!” David said speechlessly.

The Gadfly took David and continued to move towards the depths of the treasure land!

But after walking for a while, David stopped instantly.

“Brother, why did you stop?” The Gadfly asked puzzledly.

“Do you see the mountain in front?” David pointed to the front and asked!

“Mountain? Where can there be a mountain in this barren land!”

The Gadfly said, looking in the direction of David’s finger!

“Damn...” The Gadfly was also stunned for a moment, because he didn’t know when a towering mountain appeared in front of them.

Chapter 4963

“Is this not an illusion? I didn’t see any mountain just now. This mountain must be fake.”

After the Gadfly finished speaking, he suddenly swung his palm towards the mountain in front of him.

If this mountain is fake, if it is an illusion, then this palm will definitely miss.

Boom boom...

accompanied by a deafening sound, followed by flying sand and rocks.

This palm actually hit the mountain directly.

“Really?”

The Gadfly was shocked!

“This mountain is real, not an illusion. If it is an illusion, it will not escape my eyes at all.”

David is a person who possesses the origin of illusion. If it is an illusion, it is impossible to confuse him. At

this moment, a terrifying breath suddenly burst out from the mountain wall!

Boom!

The Gadfly had no time to react and was actually blown away.

“Damn, this mountain will fight back, is it alive?”

The Gadfly was stunned.

He hit the mountain with a palm, but he didn’t expect the mountain to hit him back.

Will the mountain also take revenge?

“There is a formation on this mountain, and the palm you just hit was just counterattacked by the formation!”

David said, staring at the mountain in front of him. Chen

Ping saw that there was a golden light flashing on the mountain wall, and the breath that burst out was extremely powerful.

“Formation?” The Gadfly seemed a little speechless and said, “What should I do? I never knew there was a mountain in this treasure land, let alone a formation on the mountain.”

“A small formation can’t stop me!”

David walked to the foot of the mountain very pretentiously, looked at the towering peak, spread his palm, and the Dragon Slaying Sword appeared instantly.

Boom!

David just swung a sword at the mountain wall, and the golden light on the mountain wall shattered, and the formation was directly broken.

After the formation was broken, a winding stone staircase appeared at the foot of the mountain. This stone staircase led directly to the belly of the mountain, giving people a gloomy feeling.

“Brother is awesome...”

Seeing this, the Gadfly couldn’t help but give David a thumbs up.

You know, the Gadfly’s current realm is much higher than David, but he is convinced.

David’s performance again and again made the Gadfly now prostrate himself.

“Let’s go, let’s go in and take a look. You follow me, don’t get into danger later, and then die...”

David said to the Gadfly.

“Yeah!” The Gadfly nodded obediently and followed behind David!

The two followed the stone steps all the way into the belly of the mountain. David walked in front, and the Gadfly followed nervously behind.

Even though David was in front of him, Gadfly was still very nervous. The terrifying aura that the formation had just released still frightened Gadfly.

As the two walked forward, the gloomy feeling around them became stronger and stronger, and the evil spirit began to constantly invade their bodies.

Gadfly felt cold all over and very uncomfortable. He could only use the strength in his body to resist the invasion of the evil spirit.

However, David seemed very natural. He did not stop the evil spirit at all, and even activated the Condensation Heart Technique to absorb the evil spirit around him.

These evil spirits were like poison to Gadfly, but for David, they were resources for cultivation.

Just after the two walked for a while, they suddenly found that the stone steps disappeared, and a stone wall blocked them!

David and Gadfly stared at the stone wall in front of them. The stone wall was engraved with dense runes, and it was glowing with a strange light.

The arrangement and combination of runes was completely beyond their cognition. It was neither like the common array patterns nor related to any known writing system.

“What the hell is this?”

The Gadfly frowned and couldn't help complaining.

He stretched out his hand to touch the stone wall, but at the moment when his fingertips were about to touch it, he felt a strong stinging sensation.

As if being pricked by countless tiny needles, he quickly retracted his hand and shook it, “Damn, I can't even touch it!”

Chapter 4964

David remained silent, his eyes focused on the runes. The Dragon Slayer Sword in his hand was already unsheathed, and the sword was emitting a cold light.

He took a deep breath, swung the Dragon Slayer Sword fiercely, and a sharp sword energy slashed at the stone wall.

The sword energy exploded on the stone wall, and smoke and dust filled the air. But when the smoke and dust dissipated, the stone wall was still intact, without even a crack.

The Gadfly widened his eyes and exclaimed: "How is this possible? Big brother, your sword is indestructible, how could it be..."

David did not respond, and his face became solemn.

swung the Dragon Slayer Sword again. This time, he infused more power, and the sword glowed brightly.

A stronger sword energy roared towards the stone wall.

However, the result was still the same. The stone wall seemed to be an indestructible fortress, easily withstanding the attack of the Dragon Slaying Sword.

"It seems that brute force alone will not work."

David put away the Dragon Slaying Sword and said in a deep voice, "There must be an eye behind this stone wall. As long as we find the eye and break the formation, the stone wall will naturally disappear."

The Gadfly scratched his head and said helplessly, "But where is the eye? This stone wall is so big, we can't find it bit by bit, right?"

David closed his eyes and began to circulate the spiritual power in his body, sensing the energy fluctuations around him.

His perception became extremely sharp under the blessing of the Condensation Heart Technique, and every slight energy change could not escape his perception.

After a moment, his eyes suddenly opened and his eyes fell on a corner on the right side of the stone wall.

The rune flashing frequency there seemed to be slightly faster than other places, and there was a faint sign of energy gathering.

"It should be there!" David pointed to the corner and said.

Without saying a word, the Gadfly immediately rushed towards the corner.

He raised his fist and smashed it hard at that position.

However, as soon as his fists made contact, a strong rebound force came, and he was knocked back and fell heavily to the ground.

"Be careful! This array has a strong defense."

David saw this and hurried forward to help Gadfly up.

The two began to carefully explore around the array eye, trying to find a way to crack it.

David took out a few spiritual stones from his arms and placed them in a certain direction, trying to use the power of the spiritual stones to interfere with the energy operation of the array eye.

As soon as the spiritual stones were placed, the rune light at the array eye became more dazzling, and a strong repulsive force surged towards them.

David immediately operated his spiritual power to form a shield in front of the two people to resist this repulsive force.

He gritted his teeth and kept adjusting the position and order of the spiritual stones.

Finally, after some attempts, the rune light at the array eye began to become disordered, and the stone wall began to tremble slightly.

With a violent shake, the stone wall collapsed, revealing the scene behind.

David and Gadfly's eyes widened instantly, and they were stunned by the scene in front of them.

A fairy stone vein flashing with golden light appeared in front of them, and the fairy stones on the vein were of different sizes.

Each piece exudes a strong fairy spirit, and when these fairy spirits gather together, they are thousands of times stronger than those outside.

The fairy stone veins are winding and stretching far away, as if there is no end in sight.

"We're rich! Big brother, we're really rich!"

The Gadfly jumped up excitedly, his face full of ecstasy.

He couldn't wait to rush over to pick the fairy stones, but was pulled back by David.

"Be careful, such a precious fairy stone vein cannot be unguarded."

David looked around vigilantly, his eyes full of vigilance.

At this moment, a sinister laugh came from the depths of the vein, "Two ignorant ants, dare to covet this king's fairy stone vein!"

With the laughter, a group of demons surged out from the depths of the vein.

Chapter 4965

These demons have different shapes, some have huge wings, and some are covered with spikes.

Their eyes emit a faint green light, and black flames are constantly spewing from their mouths. Wherever they go, the ground is burned into charred holes.

The leading demon is huge, ten feet tall, with three huge horns on its head and a huge battle axe in its hand. The axe blade emits a frightening cold light.

Seeing these demons in front of him, David was a little confused. These guys are neither human nor beast, neither demon nor devil, and their shapes are too strange.

“These guys are not real demons. Although they have demon blood, they are demons. They are the hybrids of demons and beastmen.”

“Don’t look at their ugly appearance, but they have inherited the power of the beastmen. The cruelty of the demons is difficult to deal with.”

Seeing this, the Red Cloud Demon Lord followed David to explain.

David was speechless when he heard it, especially the word hybrid!

His father is a golden dragon, which is considered a beastman, and his mother is a real human!

Then he is also a hybrid?

“Brother, what the hell are these? It’s so scary...”

The gadfly was shocked when he looked at the demons in front of him.

“These are demons, hybrids of beastmen and demons!”

David said!

“Hybrid?” The gadfly was stunned when he heard these two words.

The demon leader was also very angry when he heard the word hybrid.

“None of you will leave alive today!”

The demon leader roared, swinging his battle axe and slashing at David and Gadfly.

David immediately pulled Gadfly to dodge, and the battle axe hit the ground heavily, splashing countless sparks.

“Gadfly, you are responsible for dealing with those minions, and I will take care of this big guy!” David shouted loudly.

Gadfly nodded, and a spear appeared in his hand, rushing towards the little demons.

The spear danced, and the tip of the spear flashed with cold light. Every stab could take the life of a demon.

However, the number of demons was too large, and they continued to pour out from the depths of the mine, and soon surrounded Gadfly.

David faced the demon leader directly, and the dragon-slaying sword in his hand was unsheathed again, and the sword was shining brightly.

“Come on!”

David shouted and rushed towards the demon leader.

The dragon-slaying sword and the battle axe collided with each other, making a deafening sound, and the powerful impact twisted the air around them.

The demon leader was very powerful, and every attack was powerful.

David relied on his flexible body to constantly dodge the demon leader’s attacks, while looking for opportunities to counterattack.

However, the demon leader seemed to have noticed David’s threat, and the attack became more fierce, and he also spewed out black flames from time to time, trying to trap David.

David’s clothes had been burned with several holes by the flames, and there were several burns on his body.

But he did not retreat at all, and his eyes became more determined.

He took a deep breath, and the spiritual power in his body was running wildly, and the light on the dragon-slaying sword became more dazzling.

“Die!”

David roared and used his strongest attack moves.

A huge sword energy rose up into the sky and slashed towards the demon leader.

The demon leader saw this and was not to be outdone. He swung his battle axe and a black axe blade met the sword energy.

The two collided with each other, producing a strong explosion. The powerful air wave blew away all the surrounding demons.

David was blown back by the air wave and hit a huge rock. A trace of blood flowed from the corner of his mouth.

At this moment, the scream of the gadfly came.

David turned his head and saw that the gadfly was besieged by several demons. He had been injured in many places and was in a very critical situation.

David's heart tightened. He didn't care about his own injuries and immediately rushed towards the gadfly.

He swung the dragon-slaying sword and killed the demons that besieged the gadfly one by one, and pulled the gadfly to his side.

"Brother, these demons are too powerful. We are no match for them at all!"

The gadfly panted, his face full of fatigue and fear.
