

A Man Like None Other Novel Chapter 4984

Full Read Online **Chapter 4984** of the novel **A Man Like None Other**

Chapter 4984

After all, each teleportation array has a different way of opening. Although David knows the art of array formation, he may not be able to open other people's teleportation arrays.

"Don't underestimate my son-in-law. My son-in-law knows everything."

Bai Yi said to Fengxian!

"Come into the array quickly, I will activate the teleportation array."

"This thing is child's play in my eyes..."

David said without boasting!

Everyone entered the teleportation array, and as David's fingertips passed through the air, the array was really activated. With a white light, everyone's figures disappeared instantly.

Soon, when David and others looked at the surrounding scene, they found that they had come to a different courtyard!

In this courtyard, there were walls built with red boulders, which were a hundred meters high.

And the surroundings were dead silent, without even a shadow!

But before David and his men could react, the surrounding red high walls began to move slowly.

Then, soldiers appeared from behind the high walls.

The prince Huo also walked over with a cold and arrogant look on his face.

"How dare you use the teleportation array to trespass into the palace. Aren't you afraid of death?"

After saying this, Prince Huo suddenly frowned: "Human race?"

He looked at Aisha.

“Prince, these people should be fugitives who accidentally touched the teleportation array, so they ran here.”

A captain of the soldiers stepped forward and said to Prince Huo.

Prince Huo looked at them with a gloomy face, and then snorted coldly: “What a waste, what do you do to let fugitives run to me?”

“Catch them and send them back directly...”

Prince Huo said lightly.

Boom!

The soldiers around moved instantly, and the breath released from their bodies suppressed David and his men.

So many soldiers are all elites, and their strength is obviously much higher than that of soldiers in other cities.

It can be detected from the breath burst from these soldiers.

“Damn it, it seems that I have no choice but to

fight to the death...” Seeing this, the breath in the body of the mad immortal burst out instantly, intending to start a killing spree.

Bai Yi and Aisha were also ready for the battle!

Niu Ben was nervous and hid behind David. After all, he was a child.

“Don’t worry about it...”

David finished speaking, and raised his palm, and then a ripple spread throughout the space!

Soon, all the soldiers in this space stopped moving.

It was as if the whole time stopped at this moment.

Seeing this, the son of Huo suddenly widened his eyes, his face full of disbelief.

Hundreds of soldiers were now in a weird posture in the air, and he turned around and wanted to run, but found that the ripples passed by.

His body was motionless, and the whole space was still.

Even if he used up all his strength and burst out the greatest immortal power in his body, he still couldn't move at all.

At this time, David's face was ashen, and his palm was glowing with a faint light.

"Time magic?" Fengxian widened his eyes: "Brother, you can actually control time magic, so awesome?"

But David ignored him, and said: "Get ready, let's go back..."

David's control of time magic will consume a lot of time essence, so David can't hold on for long.

Now David wants to take them back again. It's too difficult to break out from here!

After all, there must be a large number of people from the Eight Palaces in this small city.

With a flash of white light, David and his figures disappeared instantly, and they went back through the teleportation array again.

At the moment David disappeared, the whole space suddenly shook, and everyone fell to the ground!

Huo Shizi's figure also shook, and he almost fell to the ground!

"This guy actually knows time magic, we must catch him, chase him!"

After Huo Shizi finished speaking, he led people into the teleportation array!

Because the teleportation array is too small, only a few people can be teleported at a time. It is not realistic to teleport all these soldiers.

Huo Shizi only brought a few soldiers, and then chased David and others through the teleportation array.

Chapter 4985

David and his men returned to the city!

At this time, the city had already become a mess, with a large number of soldiers running in the city.

David frowned slightly. He knew that he had to rush out as soon as possible. The Huo Shizi must have brought people to chase him from the teleportation array.

But with so many soldiers, it was not easy for David and his men to rush out.

“Niu Ben, do you have a way to contact your father?”

David wanted to contact the Gadfly and let the Gadfly send troops to Feihu City!

As long as the Gadfly led people to attack Feihu City, the soldiers of Feihu City would definitely be urgently transferred.

In that way, David and his men would be much less stressed.

When David came, he forgot to send the sound jade slip to the Gadfly. Now he wants to contact him, but he can't.

“I have a way to contact my father.”

Niu Ben said, and took out a token from his arms. This token was the same as the token that Niu Li gave to David at that time!

After Niu Ben dripped a drop of blood into the token, he soon contacted the Gadfly!

David didn't say anything nonsense and explained the situation to the Gadfly directly!

The Gadfly led an army of more than 100,000 and attacked Feihu City in a mighty manner.

“In a short time, the soldiers here are probably not transferred. Where can the five of us hide?”

Bai Yi asked David!

David was also unfamiliar with this place, and he didn't know where he could hide.

“I know a place, you come with me. The people imprisoned there are all human monks. As long as they are rescued, maybe we can rush out of the city together, and the chance will be greater.”

Aisha said!

“You just want us to rescue your people?” The Crazy Immortal rolled his eyes at Aisha and said, “We are not stupid. The guards there must be tighter.”

“There are not many people guarding, really...”

Aisha said anxiously!

She really wanted David and the others to help her rescue her people, but it was also for the sake of more people to rush out of the city together.

“You lead the way...”

David asked Aisha to lead the way.

Aisha nodded, and then took David and the others through the city.

Aisha was obviously much more familiar with the structure of the city than David and the others.

Several times, they were almost discovered by the soldiers, but in the end, Aisha cleverly avoided them.

Soon, David and the others came to a huge urn city, which was like a city in the city. The tall stone walls were also blood red.

“All the human monks are imprisoned here.” Aisha pointed to the urn city, “Now many guards are searching for us, and there are probably not many guards here.”

“And they can’t think that we don’t run away and come back to this place, so they can be caught off guard.”

Aisha said!

“Okay, let’s do as you say!” David nodded: “Let’s put on our armor and go in first.”

David and the others put on their armor again, and then took Aisha to the urn city.

When they reached the door, an old man stopped them.

“This is the prison. No one is allowed to enter without a military order.”

The old man said coldly!

“We are here to escort this fugitive. She escaped from the prison and was caught by us.”

David stepped forward and pointed at Aisha and said!

When the old man saw Aisha, his eyes suddenly burst into anger.

“Damn it, I let you run away, and I got scolded.”

The old man stepped forward and slapped Aisha hard.

This slap made Aisha’s mouth and nose bleed, but she could only endure it, and then looked at the old man angrily.

“Thank you for your hard work, brothers!” After the old man finished speaking, he waved his hand!

The huge city gate slowly opened.

David followed the old man and took Aisha in!

Chapter 4986

Just as everyone walked in, the old man said to David and the others, “Okay, leave the people here, you can leave now.”

Seeing this, David suddenly attacked the old man.

The Dragon Slaying Sword in David’s hand made a buzzing sound, and then suddenly slashed at the old man!

The old man’s pupils shrank, and he turned around suddenly, punching out casually!

Boom!

Accompanied by a powerful fist force, David’s sword was forcibly stopped, but the old man’s body was instantly knocked back dozens of meters!

“Who are you?”

The old man looked at David and the others with a puzzled look on his face!

David looked at Aisha, whose mouth was full of blood, and then took off his armor. He snorted at the old man and said, “Old man, you don’t know how to be gentle with

women. You are very cruel to women. I tell you, I hate people who beat women the most.”

“Humph, since you have come to my door, don’t blame me for being rude.”

The old man snorted coldly, and then pushed his hands forward suddenly.

Boom!

The space around them suddenly trembled, and countless terrifying auras were squeezing towards David and the others!

Fengxian and Bai Yi looked at each other, and then they suddenly attacked!

Boom!

The terrifying aura collapsed in an instant, and the old man’s body was repelled again.

Seeing this, the old man’s face changed slightly, and he had already retreated.

Seeing this, David’s figure disappeared instantly, and the next moment he appeared above the old man’s head!

He couldn’t let the old man escape.

David slashed at the old man’s head with a sword.

The old man’s face changed drastically, and he instinctively retreated backwards, trying to avoid this attack.

But no matter how he retreated, he was covered by the sword light!

Swish, swish, swish...

Sword beams fell continuously like a rainstorm.

“Ah...”

The old man shouted angrily, followed by a powerful breath shock, instantly shattering the sword beams.

At this moment, David above the old man’s head disappeared again.

The old man looked around instinctively. When he found David, David’s Dragon Slaying Sword was already against his neck.

“I am the elder of Feihu City. If you kill me, none of you can escape.”

The old man threatened David.

“I didn’t plan to escape. Take us in!”

David controlled the old man and said!

Although David and his team had passed through the gate of the prison, they still needed the old man to take them in if they wanted to get to the innermost part.

The old man was controlled and could only lead David and his team to the depths of the prison.

After passing through three doors in a row, a strong smell of blood came towards them!

David and his team all frowned, and Aisha was worried!

With such a strong smell of blood, many people must have died.

When David and his team passed through a door again, they were instantly stunned by the scene in front of them.

The ground was full of corpses lying in all directions, and blood flowed like a river!

These corpses even included the old, the weak, women and children.

The bloody smell choked people to the point of suffocation!

Seeing this scene, Aisha’s eyes were full of anger, and she yelled at the old man: “Why, why did you kill them...”

“You can only be blamed for this. Who let you escape? If you escape alone, you will have to kill 10,000 people as punishment.”

The old man said shamelessly!

Aisha’s body was trembling, and her anger had made her somewhat unstable.

“Good and evil will eventually be rewarded. Your massacre will eventually fall on you.”

David looked at the old man coldly, and waved the Dragon Slaying Sword in his hand!

The old man’s head was directly chopped off, and then flew far away!

At this moment, in the depths of the sky prison, screams were still ringing, indicating that the massacre was still continuing.

“Please, please save my people...”

Aisha knelt down in front of David and the others!

David said nothing, but the murderous intent in his eyes had already shown that David could no longer bear it.

“Who are you?”

At this time, a soldier in armor discovered David and his men and rushed towards them quickly!

Chapter 4987

Swish!

David waved the Dragon Slaying Sword in his hand!

The soldier’s head suddenly flew out.

When the soldier’s head rolled to the feet of David and his men, his eyes were still wide open, his face full of disbelief, and he didn’t know how he died.

Aisha looked at David in shock. She didn’t expect that David, a first-grade scattered fairyland, would have such a powerful strength.

“Today, let’s have a good fight!”

David stared at the Dragon Slaying Sword in his hand and said!

Fengxian and Bai Yi both nodded. The

old, weak, women and children who just died also made them extremely angry.

Although the three tribes often fought for resources.

But it was only an attack between the armies, and there had never been such a massacre.

This is not a war, this is a massacre!

This is genocide...

David and his men continued to move forward, while Aisha was behind to protect Niu Ben's safety!

"Who are you?"

A soldier holding a spear appeared, and on his spear, there was a child's body.

The moment the soldier opened his mouth, David's body disappeared.

Swish!

Accompanied by a sword beam that shot up into the sky, the soldier had no time to react at all, and his head was directly chopped off by David.

Then several more soldiers appeared, and the weapons in their hands were still dripping with blood.

"Kill..."

Fengxian and Baiyi roared and rushed up.

With a monstrous murderous intent sweeping, the heads of the soldiers were directly chopped off by Fengxian and Baiyi.

Now they can only kill people by beheading, perhaps this is the only way to vent their anger.

Aisha's eyes were full of excitement and shock!

She didn't expect that Fengxian and Baiyi were also very strong.

In this way, they can rescue some of their people and have hope of rushing out of Feihu City.

Rumble...

At this time, the earth trembled, and then a strong pressure came towards them!

I saw hundreds of soldiers coming towards them in an orderly manner!

These hundreds of soldiers were very powerful, and their eyes were scarlet. It was obvious that they had killed too many people and entered the time of excitement.

Now these soldiers only had killing in their eyes.

David held the Dragon Slashing Sword, and a stream of burning fire burned on the Dragon Slashing Sword!

David wanted to burn these beasts to death.

Fengxian and Bai Yi also held their weapons tightly, with murderous intent on their bodies.

After seeing David and the others, these soldiers did not stop, but continued to approach in an orderly manner!

The breath of hundreds of soldiers gathered together, making David and the others feel a great sense of suffocation.

David suddenly took a step forward!

The Dragon Slashing Sword in his hand slashed, and a monstrous sword intent mixed with fire swept out instantly.

In an instant, the entire sky prison turned into a sea of fire.

Looking at the sea of fire in front of them, the hundreds of soldiers finally stopped.

The sea of fire in the sky kept pressing towards the soldiers.

The terrifying pressure just now, of course, disappeared under David's sword!

Soon, a captain of the soldiers stood up, with doubts and confusion in his eyes.

"You are also a beastman, why do you want to save these humans?"

The captain of the soldiers asked.

"No need to talk nonsense, I don't like talking to the dead..."

David finished speaking, and his body instantly turned into a stream of light and rushed up!

As David rushed up, a sword light mixed with fire covered the hundred soldiers.

"Kill..."

The captain of the soldiers did not retreat, and roared with all his strength!

Hundreds of soldiers also rushed towards David in unison!

Seeing this, Fengxian and Bai Yi also rushed up without hesitation.

Aisha wanted to go up and kill these soldiers to avenge her people.

But she had to protect Niu Ben, so she could only retreat with Niu Ben and hide in a safe place.

Because she didn't know whether David and the other two could handle so many soldiers.

Full Read Online **Chapter 4988** of the novel **A Man Like None Other**

Chapter 4988

David rushed into the hundred soldiers! Among

the hundred soldiers, there were more than 30 in the scattered immortal realm, and the rest were all above the eighth level of the transformed immortal realm.

It must be said that the soldiers in the Tianlao of Feihu City were very powerful!

These people joined forces and instantly doubled David's pressure.

If he fought alone, David could kill any of them in seconds.

But with these hundreds of soldiers joining forces, David was really helpless.

Otherwise, he wouldn't have to run around with Fengxian and the others. There

were tens of thousands of soldiers in this city. Even if he stood still and let them kill them, David would probably be exhausted to death.

At the moment the two sides came into contact, David's figure exploded and retreated.

At the same time, a long spear broke through the air directly towards David.

Seeing this, David swung the Dragon Slaying Sword in his hand forward.

Boom!

Those spears were instantly shattered by the sword energy!

At the same time, David made a fist with his left hand, and then punched out.

“Holy Light Fist...”

Boom!

In an instant, a huge fist wind shot out from David’s fist, and the soldier in the front was hit directly by a punch!

The armor on his body shattered one after another, and the soldiers in front vomited blood one by one. Their internal organs were shattered by a punch, and they all died.

But soon, the soldiers behind came up with spears, and the spears stabbed David’s body fiercely.

“Indestructible Golden Body...”

David’s body burst into golden light, and then the indestructible golden body covered his whole body.

The dazzling golden light startled the soldiers.

One spear after another stabbed David, but even the indestructible golden body was not broken.

Even if the indestructible golden body was broken, David’s body was extremely strong, so it was impossible to be injured!

David withstood the stabs of several spears and swung the Dragon Slaying Sword in his hand.

Puff puff puff...

With this sword, the heads of the soldiers who stabbed David in front were directly cut off, and blood gushed out like a fountain.

However, these soldiers were fearless and still charged towards David.

David no longer retreated, his eyes were full of murderous intent, waving the Dragon Slaying Sword in his hand, harvesting the lives of those soldiers.

Now David had only one thought in his mind, that was to kill!

Fengxian and Bai Yi were on both sides of David, protecting David’s wings, and also killing those soldiers.

The three of them cooperated with each other and killed each other.

David and the other three were getting more and more excited, and those soldiers were getting more and more excited.

Now both sides were caught in a crazy massacre. It was

a bit difficult for David to deal with a hundred soldiers alone, but with Fengxian and Bai Yi, David felt much more relaxed.

The three of them quickly slaughtered nearly half of the soldiers. The three of them became more and more courageous, and those soldiers became more and more frightened when they fought.

“Don’t be idle, go and release your people!”

David shouted at Aisha who was hiding while fighting.

Aisha told Niu Ben not to run around, and then she rushed into the prison and began to rescue her people.

A captain of the soldiers saw this situation and knew that if they continued to waste time, they would all die here.

Especially when the prisoners of the human race were released, they would not be able to leave.

“Retreat, retreat from the prison...”

the captain of the soldiers shouted loudly!

He didn’t want to entangle with David and the others anymore. As long as he rushed out of the prison and got outside, there were tens of thousands of soldiers in the city outside.

Even if David and his men could not escape from this city, there was no need to fight with David!

The captain of the soldiers turned around and ran with the remaining soldiers!

David and Fengxian saw this and jumped up and chased after the fleeing soldiers.

David would not let these guys escape.

Killing someone means paying for their life, and owing a debt means paying back the money...

These guys have slaughtered so many people, how can they be let go so easily?

Seeing David and his men holding on tightly, the captain of the battle army frowned and said, "Speed up, rush out of this prison..."

Full Read Online **Chapter 4989** of the novel **A Man Like None Other**

Chapter 4989

After saying that, the remaining soldiers all rushed out of the prison.

David and the other three kept biting and holding on, and soldiers died every minute.

David was very fast, and the Dragon Slaying Sword in his hand was even faster.

Sword beams followed him like a shadow, constantly killing the escaping soldiers.

Seeing that the soldiers rushed to the gate of the prison, as long as they rushed out of the prison, they could quickly notify the soldiers in the city.

At that time, the prison would be surrounded tightly, and David and his men would not be able to leave.

"Don't even think about escaping..."

David's fingertips moved, and a formation pattern appeared faintly in the space, and then suddenly flashed.

The next moment, a formation appeared at the gate of the prison, and when the soldiers rushed to the front, they were directly knocked out by a force.

Seeing this, the soldier's face suddenly became extremely ugly.

"You guys force the formation to break, the others will follow me!"

The captain of the battle soldiers was still making arrangements at this time.

He asked people to force the formation to break, and then led people to stop David and the others. As long as they could wait

until the formation was broken, it would be fine.

Several soldiers began to force the formation to break, and the captain of the battle soldiers led the remaining soldiers and turned around and looked at David and the other two coldly.

“Why do you want to kill them all? Even if you kill us all, there are countless soldiers in the city outside the prison, and you can’t escape at all.”

The captain of the battle soldiers questioned David.

“When you killed those human races, did you ever think about why you wanted to kill them all?”

David said coldly!

As David’s voice fell, the whole person disappeared in an instant, and the dragon-slaying sword in his hand also slashed at the captain of the battle soldiers.

The captain of the battle soldiers had a ferocious look on his face and yelled, “Let’s fight...”

Three figures rushed into the ranks of the battle soldiers again!

After just a stick of incense, the sound of fighting stopped.

Fengxian and Bai Yi sat on the ground panting. The two of them consumed too much.

David also consumed a lot, but he could still hold on.

He was seen looting the soldiers. As long as there were storage bags or useful supplies, David would collect them.

More than a hundred soldiers were killed cleanly by David and his men.

However, it was so difficult for David and his men to kill more than a hundred soldiers.

If there were tens of thousands of soldiers, David would not dare to think about it.

Fortunately, the gadfly has led the soldiers of Rhino City to attack Feihu City.

I believe that most of the soldiers will be transferred by Jie Zhong to resist the attack of Rhino City.

At this time, Aisha appeared, and behind her, there were thousands of human monks!

It seems that these human monks are all in their prime, and those old, weak, women and children should have been killed.

The remaining strong men can be used as slaves.

Aisha looked at the dead soldiers and said in disbelief: "You killed all these soldiers?"

David nodded: "Killed them all..."

Fengxian glanced at the human monks and snorted coldly: "Thousands of human monks were slaughtered by more than a hundred soldiers, but no one resisted. It's sad, it's really sad..."

"Do you know why you human monks are the weakest and most easily bullied?"

"It's because you all think about yourself and no one is willing to stand up, so so many people were slaughtered by more than a hundred soldiers."

"Even if you are ordinary people, you can't beat those soldiers, but you still rub their snot and disgust them."

"It's a pity that you humans are too smart, so smart that you are outsmarted."

Fengxian's words were like a steel needle, deeply piercing the hearts of these human monks.

They were indeed numb, and no one thought of resisting.

After all, in this beast prison, resistance means death. Perhaps if you endure, there is still a glimmer of life.

It was this kind of thinking that allowed just over a hundred soldiers to massacre so many human monks.

Full Read Online **Chapter 4990** of the novel **A Man Like None Other**

Chapter 4990

Aisha was also ashamed by what the Crazy Immortal said, and whispered to David: "What should we do next? There are probably many soldiers waiting for us after we get out of this prison."

"There probably won't be many soldiers outside now. We will hold them back when the time comes. You can take your people away."

David said to Aisha.

“We can do it together. There will be strength in numbers.”

Aisha said!

But David shook his head: “You will only slow us down and are of no use at all.”

In fact, when he saw these human cultivators, David was also disappointed.

So many people, still at a passionate age, but they were numb.

David was furious when he saw the dead old, weak, women and children!

But how could these people turn a blind eye? That

‘s their people, their family...

“Thank you, if we can escape, one day, you come to Cangxuan Continent, I will definitely treat you well.”

Aisha said!

“Let’s talk about it later!”

David removed the formation at the entrance of the prison, and then walked out of the prison.

Niu Ben followed David with admiration, step by step.

As expected by David, there were obviously fewer soldiers in the city, and it can be seen that one after another, they were rushing towards the border between Feihu City and Rhino City.

Not long after David and his men walked out of the prison, they met more than a dozen soldiers, holding weapons and patrolling nervously.

But when they saw David and his men, they were stunned.

Both sides were silent!

The dozen soldiers looked at the dark mass of human cultivators behind David and trembled slightly.

“Did you find anything here?”

“Nothing.”

“Let’s go to other streets for inspection.”

These soldiers talked to themselves, as if they didn’t find David and the others, and turned and left!

David was speechless when he saw this.

“What does this mean? Are those soldiers blind?”

Crazy Immortal asked puzzledly!

“They are not blind, they are afraid...” David smiled slightly, then looked at Aisha and said, “Go, as long as you are united, there should be no problem leaving this city, no one can stop you.”

“As for how to return to Cangxuan Continent, it depends on your own luck. I can’t do anything about it, and I have to leave too.”

“See you later!” Aisha nodded, and then turned and left with thousands of human cultivators!

As figures soared into the air, a dark mass of people flew out of the city!

As expected, no soldier stood up to stop them. It was estimated that there were not many soldiers left in the city.

“Let’s go too...”

David said!

But just when David and his men were about to leave, the dozen soldiers suddenly turned back!

Seeing this, David couldn’t help but laugh and said, “Didn’t you notice it? Why are you back?” “Stop talking nonsense, who are you?” One of the soldiers questioned David.

“Did you see that there were only a few of us left and felt that you were okay again, so you came back?”

David didn’t answer him, but asked.

“Humph, so what? Give me your life...”

The soldier waved his weapon and attacked David!

David's eyes were full of disdain, and he waved his hand.

Puff!

The soldier was directly slapped into a pulp by David.

Facing this soldier, David was too lazy to even use the Dragon Slaying Sword.

Seeing this, the other soldiers were all stunned, their faces were extremely ugly, and then they turned and ran.

“Spineless thing...”

David snorted coldly, and then killed him with a punch.

This punch directly knocked the dozen soldiers out, and then their bodies exploded in mid-air.

Compared with the soldiers in the prison, these soldiers were obviously much weaker, and even their courage was much different.
