### Chapter 5121

This sword contained the supreme magic power of the Red Cloud Demon Lord, with the will to destroy everything. The air was forcibly ignited in front of the sword blade, forming a burning black trajectory.

The Pavilion Master of Tianyuan Pavilion let out a shrill roar, and used all his strength to drive the blood-colored coffin. At the same time, the power of the blood corpse ran wild in his body, and the whole person turned into a huge blood-colored light ball, facing David's dragon-slaying sword.

"Puff..."The

sword blade split the blood-colored light ball and slashed on the blood-colored coffin.

This time, there was no earth-shattering explosion, only a dull tearing sound.

The Red Cloud Demon Flame madly eroded the blood-colored coffin, and the cracks on the coffin lid expanded rapidly. With a "click", the entire coffin was completely shattered, turning into countless blood-colored fragments that dissipated in the air.

The Pavilion Master of Tianyuan Pavilion screamed in terror. Without the protection of the blood-colored coffin, he was directly exposed to David's sword.

The magic flames of the Dragon Slashing Sword instantly enveloped his body and began to frantically burn the blood corpse energy in his body.

"No...! Lord Blood Corpse, save me!"

The Pavilion Master of Tianyuan Pavilion screamed in despair, trying to summon the power of the Blood Corpse, but the Red Cloud Magic Flame was like a maggot on the tarsal bone, suppressing the corpse energy in his body.

There was no mercy in David's eyes. He thought of Sang Tianyang's sacrifice and the miserable situation in the Shura Palace. He turned his wrist and the Dragon Slashing Sword with the blazing magic flames chopped down from the Pavilion Master's head.

"Ah...!"

The shrill screams resounded through the world, and the Pavilion Master of Tianyuan Pavilion's body burned inch by inch in the Red Cloud Magic Flame and turned into ashes.

In the end, even the remaining soul of the Blood Corpse in his body was completely burned by the magic flames, leaving only a faint smell of blood and burnt in the air.

The wind gradually stopped.

David took back the Dragon Slaying Sword, and the Red Cloud Demon Flame on his body slowly receded. He gasped for breath, his face as pale as paper. It was obvious that the price of borrowing the power of the Demon Lord was extremely high.

He looked at the ruins in front of him and the corpses scattered all over the ground, his eyes full of fatigue and sadness.

Huo Jingjing and others hurried forward to support the shaky David.

"David, are you okay?" Huo Jingjing asked worriedly. Chen

Ping shook his head, looked in the direction of Shura Palace, and said in a hoarse voice: "I'm fine... It's just that Shura Palace..."

Mo Qingyun sighed and whispered: "Let's see if there are any survivors first."

The group searched in the ruins and finally found several seriously injured and unconscious Shura Palace disciples, all of whom were dying.

David looked at the sad Sang Lan, and then looked at the traces left by Sang Tianyang's self-explosion in the distance, with mixed feelings in his heart.

Although the Pavilion Master of Tianyuan Pavilion was killed, the Shura Palace had been destroyed, and Sang Tianyang left forever.

Sang Lan slowly stood up, and then bowed deeply to David!

"Mr. Chen, thank you, thank you for the Shura Palace, for revenge for my father!"

Although Sang Lan was very sad, she was still very grateful to David!

"Miss Sang, if I could come earlier, maybe Sang Dianzhu would not die!" David

blamed himself a little!

"This is all fate, it has nothing to do with you!" Sang Lan shook her head!

“Then what are you going to do next?” David asked worriedly!

Sang Lan forgot to take a look at the Shura Palace, which had already become a ruin, and the piles of corpses, and fell into confusion for a while!

“I want to revive the Shura Palace...” After a moment, Sang Lan said!

“Just you?” David frowned slightly!

With Sang Lan’s strength, it would be harder than ascending to heaven to revive the Shura Palace!

“And me...”

At this time, a figure slowly came from the sky!

When the figure approached, David was stunned, and Sang Lan was also a little surprised.

“Grand Elder?” Sang Lan shouted in surprise!

“Miss, the Shura Palace has been destroyed, and we have the responsibility to revive the Shura Palace.”

“From now on, I will swear to assist the young lady to revive the Shura Palace!”

After saying that, the great elder glanced at the mountains of corpses and seas of blood, his eyes full of tears!

Sang Lan nodded vigorously. With the assistance of the great elder, the revival of the Shura Palace is just around the corner!

## Chapter 5122

David and Mo Qingyun left. David couldn’t help much in the reconstruction of Shura Palace!

The successive possessions caused serious trauma to David’s body, so David still needed to continue to recuperate in the Demon Suppression Tower!

Fortunately, there is the Demon Suppression Tower. Even if David recuperates for a year, it will only take a few days in the outside world!After

returning to the Eighth Palace, David went directly into the Demon Suppression Tower to recuperate!

But while David was recuperating, the situation in the Second Heaven fell into chaos after the destruction of Shura Palace and the death of the Pavilion Master of Tianyuan Pavilion.

The two giants that maintained the balance in the past collapsed, and the forces of all parties were like sharks that smelled blood, showing their fangs one after another.

The Mo family and the Eight Palaces had to be dragged into the dispute. If they wanted to survive in the Second Heaven, they had to fight.

The Second Heaven was in complete chaos, and some long-dormant loose cultivator alliances also tried to get a share of the spoils in this dispute.

The competition for resources became more and more intense, and the once prosperous city became a battlefield, and the wailing spread to every corner of the Second Heaven.

Outside the Demon Suppression Tower, Mo Qingyun and Huo Jingjing stayed in front of the tower every day, their hearts full of worry.

Now that the Second Heaven is so chaotic, the two of them don't know what the fate of their families will be, and they don't know when David will be able to recover!

Hu Mazi took advantage of the chaos in the Second Heaven and went outside from time to time to rescue a few female cultivators. He called it a hero saving a beauty, but in fact he was just having fun!

Those female cultivators were rescued and were grateful to Hu Mazi, and they naturally offered their bodies.

Three days later, the Demon Suppression Tower shook violently, and bright rays of light burst out from the tower.

The top of the tower burst into dazzling light, turning into a beam of light that shot straight into the sky.

Mo Qingyun and others quickly stepped aside, only to see a figure slowly walking out with a strong pressure.

David was dressed in cloth, his hair fluttering in the wind, and a faint fairy spirit lingered around him.

His eyes became deeper, and his every move exuded a palpating breath.

At this time, his realm had reached the fifth level of the scattered fairy realm, and his strength far exceeded that of the peak strong men in the scattered fairy realm.

He waved his hand gently, and the Demon Suppression Tower turned into a stream of light and sank into his storage ring.

David actually improved his realm again, this speed is comparable to riding a rocket!

“David!”

Huo Jingjing was the first to react and ran towards David.

Although Mo Qingyun was also very happy, he still maintained his usual elegance and followed quickly.

“I’m fine.”

David looked at the two with a smile, his voice gentle but full of power.

He turned his head and looked at the smoke-filled sky in the distance, and his eyes instantly became cold: “What happened to the Second Heaven?”

Mo Qingyun told David about it, and only then did David know that the entire Second Heaven was in chaos!

The collapse of Tianyuan Pavilion and Shura Palace at the same time made some forces that had long been unable to bear it agitated!

“The Second Heaven should also be quiet.”

David said lightly!

At this time, Huo Zhao and the people of the Eighth Palace had been fighting bloody battles around the Eighth Palace for two consecutive days!

Many forces want to seize the resources of the Eighth Palace and occupy the territory of the Eighth Palace!

“Huo Zhao, I already knew that you betrayed the temple, and now the temple doesn’t care about you anymore!”

“I think you’d better give up your territory and resources and get out!”

An old man in black, who was in the sixth rank of the Sanxian realm, said to Huo Zhao with a smug look!

Behind this old man in black, there were tens of thousands of cultivators, each holding a weapon, with a magnificent momentum!

On the other hand, Huo Zhao had only dozens of disciples from the Eighth Hall behind him, and the strength gap was huge!

However, Huo Zhao knew that David was still recuperating in the tower. If these people disturbed him at this time, David might go crazy!

“Unless all the people in my Eighth Hall are killed, we will never admit defeat!”

Huo Zhao said with a determined face!

## Chapter 5123

“In that case, don’t blame me!” The old man in black snorted coldly and was about to take action!

But before he could do anything, a terrifying and violent aura suddenly emanated from the Eighth Palace!

Then David came out with Mo Qingyun and Huo Jingjing!

“You, you also want to take advantage of the Eighth Palace?”

David looked at the old man in black with disdain.

“Who are you? You are just a fifth-grade scattered fairyland, and you dare to talk to me like this!”

The old man in black relied on his sixth-grade scattered fairyland realm and looked down on David!

David just smiled and ignored him, but looked at Huo Zhao on the side and said, “Father-in-law, leave these people to me!”

Huo Zhao nodded. David’s realm was improved again. The old man in black in front of him was no match at all!

“Brother-in-law, kill these guys, let him dare to attack my Eighth Palace!”

Huo Feng became bolder when he saw David coming!

“Watch carefully, learn well...”

David said to Huo Feng!

“Humph, arrogant child, it seems that if I don’t let you see how powerful I am, you don’t know what the sky is high and the earth is thick!”

The old man in black was furious when he saw David ignoring him. The

old man in black was muttering something, and suddenly the sky and the earth split directly, and then countless purple lightning fell from the sky!

These lightnings were as thick as buckets, and the whole world was shrouded, and countless people felt very oppressive!

Huo Zhao led the people of the Eighth Palace to retreat continuously!

David just smiled faintly, looking at the purple lightning, but without any movement, his eyes were full of contempt!

When those purple lightnings came in front of David, they suddenly disappeared directly!

It was as if they had never existed!

Seeing this scene, everyone was stunned!

The old man in black also frowned: “Good boy, you are really good!”

After that, the old man in black shouted: “The way of all laws...”

As the old man in black shouted, tens of thousands of monks behind him swung their weapons into the void!

In the void, these weapons are constantly merging, and finally turned into a huge sword!

This sword contains the power of the immortals of tens of thousands of monks!

At this moment, the dragon-slaying sword in David’s hand burst into golden light, and then slashed it!

In an instant, the heads of tens of thousands of monks rushed into the sky!

The scene was extremely spectacular!

And the condensed sword, at the same time as tens of thousands of monks were killed, instantly turned into a ray of light and disappeared!

Seeing this scene, Huo Zhao and others were stunned!

“Brother-in-law is awesome!” Huo Feng shouted excitedly!

David waved his palm, and tens of thousands of storage bags rose out of thin air, and then all fell into David’s hands!

“Father-in-law, you accept these resources, the Eighth Palace will use them in the future!”

David did not take the tens of thousands of storage bags for himself, but gave them all to Huo Zhao!

Huo Zhao’s face was full of excitement. He took over the tens of thousands of storage bags and praised repeatedly: “Good son-in-law, good son-in-law...”

After that, Huo Zhao looked at Huo Jingjing and said: “Daughter, at night, you must serve David well and change a few more positions!”

“Dad...” Huo Jingjing blushed!

At this moment, the old man in black stood there like a puppet, staring at David blankly, and everyone was dumbfounded!

Killing ten thousand people with one sword...

Is this something a fifth-grade cultivator in the scattered fairyland can do?

“What else do you have, just use it!”

David looked at the old man in black and said!

“No, no... I surrender!”

The old man in black said tremblingly!

He was desperate. When the heads of tens of thousands of cultivators flew up, he was desperate!

David was not someone he could contend with at all!

“I don’t need you to surrender!” David shook his head: “Do you know why I didn’t kill you along with those tens of thousands of cultivators just now?”

## Chapter 5124

The old man in black shook his head: "I don't know!"

"Because I want to root out the problem, tell me, where is your home?"

David said!After

hearing this, Huo Zhao was speechless!

Huo Feng laughed and said, "Brother-in-law is awesome, that's how it should be!"

And the old man in black was stunned!

Kill someone, why ask about family members?

There is no deep hatred, so why root out the problem?

"I... I have no home!" said the old man in black!

But as soon as the words fell, the old man in black's body exploded instantly, and his soul was directly destroyed!

At this time, Mo Qingyun's face suddenly changed: "Not good, my father and others are in danger!"

The jade pendant on Mo Qingyun's body was constantly flashing red light at this moment!

"Let's go!"

After David finished speaking, he directly pulled Mo Qingyun and disappeared into the sky!

David is already invincible in the Second Heaven, so there is no need to worry about it!

His current strength is completely enough to show off!

When David and Mo Qingyun arrived at the Mo family, the Mo family was already surrounded by densely packed monks!

Mo Wuji's face was very ugly, and he took the Mo family disciples to send a final farewell to Mo Qingyun!

"Disciples of the Mo family, listen to my orders. This is our last battle. You must remember that you would rather die than surrender!"

Mo Wuji made the final mobilization!

All the Mo family disciples nodded, and just when they were ready to fight, suddenly a terrifying breath came quickly from the sky!

Boom...

With a loud bang, all the besieged monks around the Mo family exploded, and their souls disappeared!

Mo Wuji and the Mo family looked at everything in front of them blankly, not knowing what was happening at all!

I don't know where the terrifying breath just now came from!

"Master, this is not the blessing of the gods, is it the appearance of our Mo family's ancestors?"

A Mo family disciple said in shock!

"What Mo family ancestor, it's David..."

At this time, Mo Qingyun's voice came, and then David and Mo Qingyun appeared!

"Qingyun!" Seeing Mo Qingyun, Mo Wuji was very happy!

"Father, are you okay!" Mo Qingyun hurried forward and asked with concern!

"I'm fine, you just said it was Mr. Chen, was that terrifying breath burst out by Mr. Chen?"

Mo Wuji couldn't believe it!

"Of course, it was David who saved you!" Mo Qingyun nodded!

Mo Wuji looked at David. Although his realm was improved very quickly and he had already reached the fifth level of the scattered fairyland, the terrifying breath that had just burst out might not even reach the peak of the scattered fairyland, right?

In shock, Mo Wuji was also very excited. With David here, their Mo family can walk sideways in the second heaven!

In the following days, David swept through all the forces in the Second Heaven with his sword. Under David's pressure, the Second Heaven finally regained its peace.

Because the Mo Family and the Eighth Palace had David as their backing, they directly became the two largest forces in the Second Heaven!

The two families directly divided the Second Heaven, and the relationship between the two families was very close!

After all, Mo Qingyun and Huo Jingjing were both David's women, so the two families naturally got close!

After dealing with the affairs of the Second Heaven, David decided to go to the Third Heaven.

When Mo Qingyun and Huo Jingjing heard the news, they showed an embarrassment on their faces.

They knew that with their current strength, they could not go to the Third Heaven at all.

The fairy spirit in the Third Heaven is more intense, and the power of the law is more violent. Without sufficient strength, entering the Third Heaven is like a sheep entering a tiger's mouth.

"Don't worry."

David looked at the worried expressions of the two and smiled slightly.

The Dragon Slaying Sword in his hand shone brightly, and the golden light on the sword body kept flashing.

David took a deep breath, mobilized all the strength in his body, and slashed towards the void.

Chapter 5125

A huge crack appeared in the void, and a strong suction force came from the crack, and the surrounding space began to distort.

David shouted and swung his sword again. The crack continued to expand, forming a passage leading to the third heaven. The

light flickered in the passage, and the gorgeous scene of the third heaven could be seen faintly.

“This... How is this possible?”

Mo Qingyun and Huo Jingjing widened their eyes, their faces full of disbelief.

They had never seen anyone so easily break the void and open up a passage.

“Let’s go.” David said with a smile, turning his head to look at Hu Mazi, “Master Hu, let’s go to the third heaven together?”

Hu Mazi grinned: “Wherever you go, I will accompany you. With you, there is no shortage of women!”

The four walked into the passage, and the passage slowly closed behind them.

The moment they stepped out of the passage, a strong aura almost turned into substance rushed towards them.

The sky of the Three Heavens showed a strange purple color, with huge islands floating, and each island exuded a strong aura.

“The aura of the Three Heavens is really different!”

David looked at this strange and challenging world, his eyes full of fighting spirit.

David will visit Tianyan Sect, the ancient tribe of the wilderness, the Blood Shadow Palace and the Seventh Palace one by one.

With David’s current strength, he can be invincible in the Three Heavens!

Not long after David and others stepped into the Three Heavens, various forces learned the news.

Some ancient families began to pay close attention to David and his people. A person who can open a void channel is definitely not an ordinary cultivator.

The major families sent spies to find out David’s background.

In a mysterious place in the Three Heavens, an old man in a black robe slowly opened his eyes, and a cold light flashed in his eyes: “The little guy from the Second Heaven can actually open a void channel. Interesting, really interesting...”

David took Mo Qingyun, Huo Jingjing and Hu Mazi to find an island in the Three Heavens to settle down.

After getting familiar with it, David went to those forces to ask for advice.

However, David didn't know that the island they came to was called Qingyun Island. This island was full of fairy energy, but it was relatively remote and suitable for temporary settlement.

However, as soon as they got a foothold on the island, they ran into trouble.

Qingyun Island was originally the territory of a small force, Qingyun Sect. Although this force was not strong in the Three Heavens, it should not be underestimated.

After the disciples of Qingyun Sect discovered that outsiders had occupied their island, they immediately reported it to the sect.

After hearing the news, Yun Wuya, the leader of Qingyun Sect, came in person with a group of strong men.

"What young man dared to occupy my Qingyun Island!" Yun Wuya stood in the sky, looking down at David and others, his eyes full of arrogance.

David looked up at Yun Wuya and said calmly, "We are just staying here temporarily. We have no intention of offending you. When we find a suitable place, we will naturally leave."

David was very polite because he didn't want to conflict with the people from Qingyun Sect in front of him!

It's not that David is kind-hearted, but the people from Qingyun Sect are no different from ants in David's eyes!

No one is interested in fighting with an ant!

Yun Wuya looked at David and found that these people were only at the fifth level of the scattered fairyland!

How did this realm come to the third heaven?

"You are cultivators from the second heaven, right? Were you sucked here by the turbulent flow of the void?"

Yun Wuya asked curiously!

David didn't want to say much, so he nodded!

Seeing that David and the others were all from the second heaven and were mistakenly sucked in by the turbulent flow of the void, Yun Wuya's expression became even more arrogant!

"Humph! My Qingyun Sect is not a temporary residence? Either get out now or die, you can choose it yourself?" Yun Wuya snorted coldly.
