Chapter 5145

Hu Mazi and the others didn't have to do anything, just wait!

"David, you are getting more and more natural in pretending. Can you let me pretend in the next Blood Shadow Palace?"

Hu Mazi said to David!

David looked at Hu Mazi and smiled: "Master Hu, do you know that the Blood Shadow Palace is full of female cultivators?"

"I don't know, I just want to pretend!" Hu Mazi shook his head hurriedly!

"I can give it to you, but the other party is all female cultivators, I'm afraid you can't do it!" David said!

"Don't worry, what woman can't I do? I can do it first and then kill, otherwise it's a pity to kill without using it!"

Hu Mazi said with a grin!

As a ten-thousand-year-old sect, Tianyan Sect has a very deep foundation.

Everyone soon found the treasure house of Tianyan Sect in the belly of the mountain.

The door of the treasury was made of ten thousand year old black iron and had many restrictions, but when David waved his hand, the restrictions shattered like glass.

Pushing open the heavy door, everyone was stunned by the scene in front of them.

The treasury was filled with mountains of immortal stones, and there were countless top-grade immortal stones and superb immortal stones, emitting brilliant light.

The walls were hung with all kinds of magic weapons, flying swords, treasure armor, array plates, talismans, everything.

There were also jade boxes neatly arranged, filled with all kinds of rare immortal herbs, elixirs, and even a few ten thousand year old elixirs that were about to transform.

“My God... How many resources are needed!”

Hu Mazi swallowed his saliva and stared straight.

Huo Jingjing and Mo Qingyun were also shocked. They were born extraordinary, but they had never seen such a huge amount of resources.

David walked into the treasury and swept his eyes over these treasures, but there was not much ripples.

For him, although these resources are precious, what is more important is to improve his strength.

With a wave of his hand, the Demon Suppression Tower opened and began to collect the resources in the treasure house.

Immortal stones, elixirs, immortal herbs... Everything that could be seen was packed up and taken away by David.

In just a moment, the treasure house that was originally full of treasures became empty, leaving only the smooth stone walls.

However, David did not take all of them himself, and gave some magic weapons and weapons to Qingyun Sect.

These things are of little use to David, and they cannot improve David's strength. The treasures on David are much stronger than these.

Giving Qingyun Sect some small favors can also make Qingyun Sect help with the work wholeheartedly.

After plundering all the resources of Tianyan Sect, David and his party left the immortal sect that had just been destroyed.

Behind them, the ruins of Tianyan Peak looked particularly desolate in the sunset, as if telling the tragic ending of a great sect.

Just as David and his party left, several black shadows appeared!

“That kid again, he actually slaughtered two sects in succession!”

A black shadow frowned and said!

This black shadow is the person from the mysterious organization that was injured and escaped by David!

Go back and call for help, and then track David all the way, but David himself doesn't know!

He is heading towards the Blood Shadow Palace at this time!

"David, you promised me that you would let me deal with the Blood Shadow Palace, and you don't have to take action. If you take action and kill a few people, I will be heartbroken."

On the way, Hu Mazi admonished David.

"Don't worry, I think you can die if you don't take action. I will kill you after you have had enough fun!"

David said speechlessly!

"Master Hu, the Blood Shadow Palace has tens of thousands of gang members. Can you... can you handle it alone?"

Yun Wuya asked Hu Mazi in a low voice!

"How many?" Hu Mazi was shocked: "Tens of thousands of female cultivators?"

At this moment, Hu Mazi was a little confused. With tens of thousands of female cultivators, he couldn't finish them all even if he was exhausted!

"It's a bit too much." Hu Mazi frowned: "Why don't you pick the ugly ones to kill first, the ugly ones deserve to die..."

"Leave the beautiful ones first, that's about right!"

Chapter 5146

After Hu Mazi finished speaking, he was suddenly stunned, his expression frozen.

"David, did you feel it?"

Hu Mazi suddenly approached David and lowered his voice and said, "It seems that someone is following us."

David raised his mouth slightly, and a golden light flashed in his eyes: “Five people, their cultivation is around the ninth level of the scattered fairyland, they should be the people of that mysterious organization.”

David could not think of anyone else who could have such strength except that mysterious organization.

In the Three Heavens, the peak of the scattered fairyland is the most powerful, and the ninth level of the scattered fairyland is the master of a sect.

But only this mysterious organization seems to be very powerful. According to Yun Wuya, the place where this organization is located does not seem to be under the jurisdiction of the Three Heavens.

“Then do you want to...”

Hu Mazi made a gesture of wiping his neck.

David shook his head slightly: “Let them follow, just in time to see what they want to do.”

David had already noticed these people, but he just didn't say anything. Since these people want to follow, let them follow!

David can still deal with five ninth-grade scattered immortals.

Hu Mazi didn't say anything, and then approached Yun Wuya, and then began to inquire about the Blood Shadow Palace.

After all, Yun Wuya is also in the third heaven, and he must know a lot about the Blood Shadow Palace.

“Master Yun, do you think there are really tens of thousands of female cultivators in the Blood Shadow Palace? What do they look like?”

Hu Mazi asked.

Yun Wuya smiled bitterly and said, “Master Hu, the female cultivators in the Blood Shadow Palace are all very beautiful, especially the Blood Shadow Palace Saint, who is known as the most beautiful woman in the third heaven, but she is also famous for her cruelty.”

“The Blood Shadow Dafa she practices requires absorbing the essence of men. In these years, there are at least eight hundred cultivators who have died under her skirt.”

“Damn, this means that the female cultivators in the Blood Shadow Palace rely on this kind of evil magic to practice? In this case, wouldn't they have no innocence?”

Hu Mazi frowned, looking a little disappointed!

“Master Hu, young girls are more attractive.”

“I heard that the Saint of the Blood Shadow Palace is very good in bed, and many men are willing to be eaten by her.”

“There is a saying in the Three Heavens that if you can sleep with the Saint of the Blood Shadow Palace, you are not worthy of being a true immortal.”

Yun Wuya whispered to Hu Mazi!

Hu Mazi’s eyes lit up: “So exciting? Then I have to meet her!”

David shook his head helplessly. It seems that Hu Mazi has no way to quit women except death!

The group flew for five days, and soon the outline of the mountains gradually appeared in the distance.

There was a cloud and mist, and a blood-red palace could be vaguely seen standing on the top of the mountain. That was the Blood Shadow Palace.

“We’re here.”

David stopped and said, “Master Hu, the stage is up to you.”

David knew that Hu Mazi should have no problem dealing with the people of the Blood Shadow Palace. After all, Hu Mazi used to be a person of the sixth heaven.

Hu Mazi straightened his clothes and sprayed some unknown perfume on his body.

“You are...”

David’s eyes twitched.

“Pre-war preparation.”

Hu Mazi said seriously: “When facing female cultivators, image is very important.”

Everyone was speechless.

At this moment, a sharp whistle suddenly came from the direction of the Blood Shadow Palace, followed by hundreds of red figures flying out of the palace and forming a battle formation in the air.

“It seems that they already know we are coming.”

David narrowed his eyes, “The news of the destruction of the Tianyan Sect spread so quickly.”

Hu Mazi was not in a hurry. He took out a folding fan folded with a spell from his arms and unfolded it with a swish: “Watch me.”

He tapped his toes lightly, and the whole person floated towards the Blood Shadow Palace like a feather.

The elegance of his posture was completely different from usual.

“This old pervert is so pretentious...” David was speechless.

“David, do you think Master Hu will be eaten by the female cultivator of the Blood Shadow Palace? After all, his body is not as good as yours.”

Huo Jingjing asked David!

Chapter 5147

“Even if he is in good health, tens of thousands of female cultivators can’t stand it. Even if David goes, he will be sucked dry.”

“Don’t think he is so fierce against the two of us, but he will be finished if there are too many women!”

Mo Qingyun said with a chuckle. Chen

Ping immediately smiled bitterly. He is a human, not an animal. Even if he is an animal, no one can resist these tens of thousands of female cultivators.

What’s more, the female cultivators of the Blood Shadow Palace are all eating the pure Yang blood of men. Let alone ten thousand, those who can resist ten or eight are awesome!

At this time, hundreds of female cultivators were waiting in front of the Blood Shadow Palace.

They all wore red gauze clothes, their skin was looming, but they all held sharp blades, and their eyes were murderous.

“Who are you?”

the leading female cultivator shouted.

Hu Mazi turned beautifully in the air and landed steadily on a huge rock in front of the mountain gate of the Blood Shadow Palace.

He snapped his folding fan shut and bowed:

“I am Hu Mazi, and I have come to visit your Saint.”

“Hu Mazi?”

The elder female cultivator frowned, “I have never heard of you. Leave quickly, otherwise...”

“What else?”

Hu Mazi suddenly smiled evilly, opened the folding fan in his hand again, and fanned it gently.

In an instant, a white aura appeared out of thin air, and the fragrance filled the air.

Before the disciples of the Blood Shadow Palace could react, they felt dizzy and their hands and feet became weak.

“How dare you do this? What is this?” The elder female cultivator was shocked!

“Hehehe, this is the Thousand Illusions Bewitching Incense that I asked someone to refine. Does it smell good?”

“Thousand Illusions Bewitching Incense?” The elder female cultivator was shocked, “Form a formation! Hold your breath!”

But it was too late. Dozens of disciples had blurred eyes and their weapons fell to the ground with a clang. Sorry,

Their faces flushed abnormally, and they began to twist their bodies uncontrollably.

“You...you despicable villain!” The older female cultivator shouted with all her might, but her legs became weak and she had to rely on the sword to support her body.

Hu Mazi smiled and said, “It’s just a little thing to liven up the fun. Don’t worry, it won’t hurt your life.”

“Besides, don’t you also rely on seducing men and absorbing their pure yang energy to practice?”

“I’m just the opposite of you. I rely on absorbing women’s pure yin energy to practice.”

Hu Mazi’s smile was so creepy in the eyes of these female cultivators!

Usually they played with men at will, but now they were set up by men.

David, who was watching the battle from a distance, raised his eyebrows: “This old guy has this trick?”

“I thought he relied on his personality charm to play with women...”

Huo Jingjing looked strange: “Did he often do this before?”

David glanced at Huo Jingjing, and then comforted her: “Don’t worry, Master Hu knows his limits, he won’t touch my woman.”

At this time, just as Hu Mazi was about to take further action, a cold snort suddenly came from the Blood Shadow Palace: “Who dares to act wild in my Blood Shadow Palace!”

The voice was not loud, but it pierced the sky like a sword. The female cultivators who were intoxicated by the incense were shocked and their eyes regained some clarity.

Hu Mazi looked up and saw a red figure floating down from the highest point of the palace.

The person had a graceful figure. Every time she took a step, a blood-colored lotus flower grew under her feet, carrying her slowly down.

When she landed, everyone could see her appearance clearly – willow-leaf eyebrows, phoenix eyes, skin as white as cream, and lips as red as a dot.

She was wrapped in a red gauze, but it made people’s blood boil more than if she was not wearing anything.

“Saintess...” Yun Wuya whispered, and subconsciously took a half step back.

The saintess glanced at Hu Mazi, then looked at David and his group in the distance, and finally fixed her eyes on Hu Mazi:

“You are the one who used such a despicable method to deal with our disciples of the Blood Shadow Palace?”

“Who are you?” Hu Mazi asked!

“I am the Saintess of the Blood Shadow Palace!” said the saint!

Chapter 5148

Hu Mazi’s eyes suddenly lit up, and he looked at the Saint, as if he wanted to see through her directly. His eyes were full of lust, and his saliva was about to flow out!

“I have heard for a long time that the Saint of the Blood Shadow Palace is very good in bed. I just want to experience it. I am also known as a man who has s3x ten times a night. I wonder if I can win the favor of the Saint?”

Hu Mazi teased the Saint without any hesitation.

The Saint snorted coldly: “Shameless.”

She raised her jade hand lightly, and a blood light rushed straight to Hu Mazi’s face.

Hu Mazi did not dodge or evade, but blocked it with a folding fan. With a “bang”, the blood light dissipated.

“Why is the Saint angry?”

Hu Mazi smiled and said, “I just admire the Saint’s style and come to see her.”

A trace of surprise flashed in the Saint’s eyes.

Although she didn’t use her full strength in that attack, it would be difficult for an ordinary eighth-grade cultivator in the Sanxian realm to take it easily.

How could this plain-looking old man in front of her be so easily defeated?

“Who are you?” The saint became alert.

Hu Mazi was about to answer when David’s voice suddenly came:

“Saint, Tianyan Sect has been destroyed, and the next one is Xueying Palace. If you know what’s good for you, hand over all your resources, and then order all the disciples to take off their clothes and let Master Hu enjoy and taste them. In this way, I can consider leaving your bodies intact.”

The saint's pupils shrank: "Who are you?"

In her opinion, David was just a fifth-grade cultivator in the Sanxian realm, and he dared to say such arrogant words.

Although all the female cultivators in Xueying Palace had slept with men and practiced the art of taking yang to replenish yin, they could never take off their clothes and let an old man humiliate them.

David's eyes were full of golden light: "Stuff? Very good, just for this word, Blood Shadow Palace must be destroyed today!"

The Saint suddenly laughed, but her laughter was full of murderous intent: "Just you few? You want to destroy my Blood Shadow Palace? It's wishful thinking."

She made seals with her hands, and the entire Blood Shadow Palace suddenly shook. Blood oozed out of the ground and condensed into countless blood arrows in the air.

"Blood Shadow Array, start!"

Blood arrows rained down on David and his party.

David was about to make a move, but Hu Mazi shouted: "You said you would let me do it!"

He threw out the spell with both hands quickly, and a golden light curtain unfolded instantly, blocking all the blood arrows.

The blood arrows hit the light curtain, making a "chi chi" corrosion sound, but could not break through.

"Huh?"

The saint was surprised, "You can actually block my blood shadow arrow?"

Hu Mazi smiled and said, "Saint, why don't we make a bet?"

"What bet?"

"If I win, the saint will accompany me for one night; if I lose, you can do whatever you want." Hu Mazi blinked.

The saint laughed in anger: "Looking for death!"

She flashed and turned into a blood shadow and rushed straight to Hu Mazi.

The nails of her ten fingers suddenly swelled, like ten blood-colored sharp blades, going straight for Hu Mazi's throat.

Hu Mazi was not in a hurry, and threw out a spell, and a complete Tai Chi diagram appeared in front of him.

The saint's claws hit the Tai Chi diagram, as if trapped in a quagmire, and most of the force was removed.

"Tai Chi force release?"

The Saint sneered, "Let's see how much you can release!"

She changed her body shape again, and instantly split into eight blood shadows, attacking Hu Mazi from different angles.

Each blood shadow was lifelike, and it was difficult to tell whether it was real or fake.

In the distance, Yun Wuya frowned and said, "The blood shadow clone of this Saint has already reached its peak. Master Hu is afraid..."

David smiled slightly, "Don't underestimate that old pervert, he is very well hidden."

Sure enough, facing the siege of eight blood shadows, Hu Mazi suddenly put away his playful expression, and his whole temperament suddenly changed.

He formed seals with his hands and chanted:

"Borrowing the law of heaven and earth, the five elements rotate!"

In an instant, his body was lit up with five-colored brilliance, and the power of the five elements of gold, wood, water, fire and earth circulated endlessly, forming a perfect shield.

The blood shadows hit the shield and disintegrated, leaving only the Saint's real body, which was shocked back and retreated several steps.

Chapter 5149

"Five Elements?" The Saint finally changed color, "Who are you?"

Hu Mazi did not answer, but smiled and said: "Saint, it's my turn to make a move." He

put his hands together, and when he opened them again, a pink lotus appeared in his palms.

The lotus slowly rotated, exuding an alluring fragrance.

“Love Flower Tribulation, go!”

The lotus floated towards the Saint, and the speed seemed slow, but it came in the blink of an eye.

The Saint hurriedly waved her sleeves to block it, but the lotus suddenly exploded, turning into countless light spots and sinking into her body.

“Ah!” The Saint’s body trembled, and her face flushed instantly.

She felt as if there were millions of ants crawling inside her body, itchy and hot, unbearable.

“You... What did you do to me?” The Saint breathed rapidly, and her eyes were full of water.

Hu Mazi smiled and said, “A little fun thing can increase a person’s lust a hundred times.”

“The Saint has practiced the art of seduction for many years, so you must have never really experienced the taste of lust, right?”

The Saint gritted her teeth and said, “Despicable!”

She tried to suppress the strange feeling in her body by practicing the art, but found that the more she practiced, the stronger the feeling became.

“It’s useless.” Hu Mazi took a few steps closer, “The Love Flower Tribulation specifically restrains your evil art of taking yang to replenish yin. The more you resist, the deeper the poison will be.”

The Saint’s legs became weak and she could hardly stand.

She looked at Hu Mazi who was getting closer and closer, and a trace of panic flashed in her eyes.

Just when Hu Mazi was about to succeed, the Saint suddenly showed a strange smile:

“Do you think... you are the only one who can use poison?”

She opened her red lips slightly, and an almost invisible blood thread shot towards Hu Mazi's forehead like lightning.

The distance was too close, and Hu Mazi had no time to dodge.

"Be careful!" David warned him, but it was too late.

The blood thread sank into Hu Mazi's brow, and his body suddenly froze, and the light in his eyes quickly dimmed.

"Hahaha!" The Saint laughed triumphantly, "If you are hit by my 'Blood Soul Thread', you will turn into a pool of blood within three breaths!"

David's face changed, and he was about to help, but he saw Hu Mazi suddenly blinked:

"Oh, it's so scary."

"What?" The saint's smile froze, "How can you be okay?"

Hu Mazi patted his chest: "I was scared to death, but fortunately I was prepared."

He opened his collar, revealing a small bronze mirror attached to his chest, "The blood soul silk is indeed powerful, but it was rebounded by my "Xuan Guang Mirror."

The saint only then discovered that there was a red dot on her chest at some point.

Her face turned pale instantly: "No... This is impossible..."

"Now, who is poisoned?" Hu Mazi asked leisurely.

The saint felt a cold air quickly spread from her chest to her whole body. She knew the power of the blood soul silk, and immediately gritted her teeth and said: "You are awesome."

After the saint finished speaking, she was about to take the antidote from her body, but found that the antidote had disappeared long ago!

"Are you looking for this thing?" Hu Mazi suddenly took out a porcelain bottle!

"Antidote... Give me the antidote!" the saint shouted.

Hu Mazi spread his hands: "The antidote is on me, come and get it yourself."

A trace of struggle flashed in the saint's eyes, and finally she staggered towards Hu Mazi.

With every step she took, the red gauze on her body was automatically untied a little, and when she walked in front of Hu Mazi, she was already half-naked.

“Please... Please give me the antidote...” She pleaded pitifully, with tears in her eyes.

Hu Mazi swallowed his saliva and reached out to touch her cheek: “It would have been better if it had been this way earlier...”

At the moment when he was distracted, a cold light flashed in the saint’s eyes, and the dagger hidden in her sleeve pierced Hu Mazi’s heart!

“Go to hell!”

The dagger pierced into Hu Mazi’s body, but no blood flowed out.

Hu Mazi’s figure dissipated like foam, but it was an illusion!

“This Master Hu is getting more and more awesome!” David smiled slightly!

Since arriving in the heaven, Hu Mazi is like opening Pandora’s box, and his strength has increased rapidly!

Various means are also emerging in an endless stream!

Full Read Online **Chapter 5150** of the novel **A Man Like None Other**

Chapter 5150

“You used the same trick twice. The Saint underestimated me too much.” Hu Mazi’s voice came from behind.

The Saint turned around suddenly and saw Hu Mazi standing three steps behind her, holding a porcelain bottle in his hand.

“This is the real antidote,” Hu Mazi shook the porcelain bottle, “Do you want it?”

The Saint was already unstable at this moment, and the backlash of the blood soul silk made her miserable.

She finally collapsed and knelt on the ground: “Please... Please give me the antidote... I will agree to anything you want...”

Hu Mazi sighed: “If I had known this, why did I do it in the first place?”

Hu Mazi's fingertips stroked the cold lines of the porcelain bottle, and the Saint's half-naked body glowed with an alluring luster.

The blood jade hairpin scattered in her hair swayed gently, reflecting her charming eyes.

The Blood Shadow Palace Saint, who was full of murderous intent just now, now curled up on the ground like a red butterfly with broken wings, and her slender fingers trembled as she reached for the corner of Hu Mazi's clothes: "Master... give me the antidote... I will take all my disciples to serve you..."

Hu Mazi's throat rolled, and the old image of the Sixth Heaven's Wind and Moon Field flashed in his mind. He also caught a glimpse of the blush on the Saint's neck, which was the mark of lust caused by the love flower calamity.

He knew that this woman was a vicious person, but he couldn't resist the temptation of instinct.

"Forget it." He sighed and threw the porcelain bottle over. "If you had known this, why did you play tricks with me?"

The moment the Saint took the antidote, a cold light flashed in her eyes.

She did not take it immediately, but suddenly turned the bottle mouth to Hu Mazi, and several blood lines popped out of her fingertips to seal the acupuncture points all over his body.

"Old pervert, do you really think I will surrender?" She laughed loudly, and blood spurted from her palms. "Women from the Blood Shadow Palace will only die standing up, not live on their knees!"

It was too late for Hu Mazi to realize something was wrong, as a blood-red claw pierced his chest.

He looked at the saint in disbelief, blood gushing from his mouth: "You..."

"Master Hu!" David's figure shot over like lightning, and his palm with golden light flashed towards the back of the saint.

The saint was prepared, and the blood shadows around her body surged, turning into thousands of blood arrows and shooting at David. At the same time, she shouted: "Blood Shadow Palace disciples, activate the 'Wanyan Mihun Formation'!"

Before she finished speaking, hundreds of female cultivators who the Thousand Illusions Mihun Incense had poisoned suddenly tore off their remaining clothes and pounced naked on Yun Wuya and the Qingyun Sect disciples.

Their eyes were filled with strange peach blossoms, and they chanted lewd music. The fragrance emanating from their bodies was more bewitching than Hu Mazi's Mihun Incense.

"Master Yun, save us..." A female cultivator knelt in front of Yun Wuya, her arms wrapped around his waist, "As long as you are willing to protect us, I am willing to do anything..."

Yun Wuya's face was ashen, and he used his breath to force the female cultivator who was approaching to retreat, and shouted angrily: "Evil magic confuses people! Don't be so presumptuous!"

Although he was able to keep his mind, the disciples of Qingyun Sect behind him had already been tricked.

Those young cultivators had blurred eyes, and they took the initiative to block in front of the female cultivators, pointing their swords at David: "Don't hurt them!"

"They are innocent..." A disciple trembled all over, but he protected the female cultivator behind him tightly, "If you want to kill them, kill me first!"

David looked at the disciples controlled by the charm, and the golden light in his eyes became stronger.

He knew very well that the charm of the Blood Shadow Palace not only affects the senses, but also distorts the mind.

"Stupid!" He shouted, and the golden light in his palm turned into a ring and spread like a ripple across the whole venue.

"Buzz..."

The invisible sound waves shattered the lewd sound in the air, and the peach-colored halo on the female cultivators instantly dimmed.

The Qingyun Sect disciples suddenly woke up, looking at the naked female cultivator they were protecting, and retreated in shock, their faces full of shame and fear.

"Looking for death!"

David showed no mercy and instantly summoned the Dragon Slaying Sword. The Dragon Slaying Sword condensed a golden sword energy and slashed at the Blood Shadow Palace female cultivator like a gust of wind sweeping leaves.
