Chapter 5186

Hu Mazi chuckled: "Okay, kid, let's go to the fourth heaven and have a good time!"

David took a last look at Huo Jingjing and Mo Qingyun, turned around resolutely, and rushed towards the passage with Hu Mazi.

"I will definitely come back to find you!" David's voice echoed in the square.

Watching the two figures disappear in the passage, Huo Jingjing couldn't help it anymore, and tears burst out.

Mo Qingyun patted her shoulder gently, his eyes full of expectation.

In the passage, the space turbulence was raging, constantly impacting David and Hu Mazi's bodies.

The two of them used their spiritual power to resist the impact of the space turbulence, and quickly flew towards the other end of the passage.

After an unknown amount of time, a ray of light appeared in front of them.

David's eyes lit up, and he sped up, rushing out of the passage with Hu Mazi.

The two landed on a strange land and took a deep breath.

The fairy air here is dozens of times richer than that of the three heavens. The sky is azure blue, and the mountains in the distance are towering into the clouds. Some powerful monsters can be vaguely seen shuttling through the mountains and forests.

David looked around, and a hint of surprise flashed in his eyes.

The laws of heaven and earth in the fourth heaven are more perfect than those in the third heaven. There is a strong pressure in the air, which makes him feel a little pressure.

"It feels so familiar here..."

Hu Mazi sighed.

“Nonsense, you are a cultivator of the sixth heaven. You have been promoted to the sixth heaven from the fourth heaven little by little. Of course you are familiar with it.”

David said speechlessly!

After speaking, David suddenly remembered that the Wuji Taoist was an immortal in the fourth heaven. I wonder if I can meet him.

“It’s been so many years, and I don’t know how my people are doing?”

Hu Mazi sighed lightly. He has been reincarnated many times and doesn’t know how his people are doing!

“Since you are in the Fourth Heaven, why don’t you go see your people? Do you remember where they are?”

David asked!

“I seem to have some impression!” Hu Mazi nodded!

“Then let’s go...”

David also wanted to meet Hu Mazi’s people, and then he could find out some information about the Fourth Heaven!

The strong wind in the Fourth Heaven is several times more fierce than that in the Third Heaven. When David and Hu Mazi were flying in the air, their robes were fluttering.

The forest below was surging, and occasionally a huge monster poked its head out, and after feeling the fluctuations of the spiritual power of the two people, it hurriedly shrank back.

The cultivators who can fly high in the Fourth Heaven are not something they can provoke.

“It should be nearby...” Hu Mazi twisted the short beard on his chin, his brows twisted into a knot, “There were nine connected mountains where my tribe lived in the past, shaped like a sleeping dragon, so it was named ‘Jiu Pan Mountain’.”

“But all I saw along the way were some isolated mountains, not even a decent mountain range.”

David followed Hu Mazi’s side, his eyes swept across the continuous mountains below: “You have reincarnated too many times, so it’s normal that your memory is fuzzy. Maybe it’s because of the change of the landform, or some powerful person covered up the traces with secret methods.”

As the two were talking, a fishy wind suddenly came from the dense forest below, and seven or eight blood-colored jackals with wings soared into the sky, with sticky venom dripping from their fangs, obviously treating them as prey.

These jackals all have the cultivation of the ninth level of the scattered fairyland, and they are also considered fierce creatures in the outer periphery of the fourth heaven.

“Shut up!”

David’s eyes turned cold, the Dragon Slaying Sword hummed spontaneously, and a golden sword energy swept out.

Puff –

where the sword energy passed, the bloody jackal was chopped into several pieces before it could even scream, and the smelly blood spilled into the forest, causing a commotion in the forest, but no monster dared to show its head easily.

Hu Mazi smacked his lips: “Your sword is getting sharper and sharper. Back then, I...”

“Stop, stop.” David waved his hand quickly, “Let’s talk about your glorious deeds after we find your tribe. If we still have no clues after flying for a long time, we have to find a living person to ask for directions.”

Chapter 5187

The two continued to move forward, encountering several waves of blind monsters on the way, all of which were killed by David with thunder.

The energy contained in the inner pills of these monsters is far purer than that of the three heavens. David collected seven or eight of them and planned to use them to refine pills in the future. When

the sun sets, the sky is stained with a magnificent glow, coating the clouds in golden red.

Hu Mazi suddenly stopped in mid-air, looking at a valley shrouded in mist in front of him, frowning: “Something is wrong... The flow of spiritual energy in this valley is very strange, as if humans have distorted it.”

David followed his gaze and saw that the valley seemed ordinary, and the outlines of several blurred peaks could be vaguely seen in the mist.

He activated the Heavenly Eye, and a faint silver light appeared in his dark pupils, and his vision instantly penetrated the layers of mist.

“Sure enough, there is a problem.” David said in a deep voice, “That piece of fog is not formed naturally, it is a large-scale illusion array, and the center of the array is hidden under the main peak in the center of the valley. The array is arranged very delicately. If you don’t deliberately explore it, it is easy to be led to other places by it.”

Hu Mazi immediately became alert: “I said it! It must be that the tribesmen used the illusion array to hide the territory! Quick, break it quickly!”

David took a deep breath, and the spiritual power in his body was poured into the Dragon Slaying Sword. The golden sword energy condensed on the blade, emitting a heart-pounding fluctuation.

He did not attack the center of the array directly, but aimed at the weakest node of the illusion array and slashed it suddenly!

“Break!”

The sharp sword energy tore through the sky and fiercely slashed at the seemingly empty fog.

With a muffled “hum”, the fog in the entire valley violently churned, like a lake surface where a stone was thrown, rippling circles of energy ripples visible to the naked eye. The

illusion array vibrated violently, and the originally blurred outline of the mountain became clear.

But when he saw the scene clearly, the smile on Hu Mazi’s face froze instantly, replaced by incredible astonishment.

It was indeed nine rolling peaks, and the shape was almost exactly the same as the Jiupan Mountain in his memory.

But on the peaks, there was no trace of human settlement. Instead, there were palaces as dark as ink. The tops of the palaces were carved with hideous skulls and bat totems. The rich demonic energy was like a dark cloud covering the mountains, which was incompatible with the surrounding spiritual energy of heaven and earth.

“This... Isn’t this the territory of my tribe? How could it be...”

Hu Mazi’s voice trembled, and pain and anger flashed in his eyes, “It’s the demons! These architectural styles are the work of the demons!”

David's eyes condensed. He could clearly feel the demonic aura emanating from those palaces, which was exactly the same as the demon monks he met in the third heaven, but more refined and more domineering.

At the moment when the illusion array was broken, a powerful aura suddenly erupted from the peak in the middle of the nine peaks, and an old voice with a piercing chill came: "Which ignorant thing dares to trespass into the forbidden area of my Black Demon Palace?"

As the voice fell, a black-robed figure soared into the sky from the palace of the main peak and instantly appeared in front of the two.

It was an old man with a haggard face, deep eye sockets, and strange dark green pupils. There was a faint black mist around him. It was a cultivation level of the first level of the Earthly Immortal Realm!

The old man glanced at Hu Mazi, and when he saw the human aura on him, his eyes revealed undisguised contempt: "How dare a lowly human from the scattered fairyland run wild in my Black Demon Palace? It seems that the humans in the fourth heaven have become less and less memorable in recent years."

Hu Mazi was so angry that he trembled all over, pointing at the old man and shouting: "Bullshit! This is the Jiupan Mountain of my Hu family. When did it become the territory of your demons? I think you are tired of living. How dare you invade my holy land!"

Chapter 5188

"The Hu family?"

The old man laughed as if he had heard a joke, "I have been stationed here for a hundred years and I have never heard of any Hu family. This Jiupan Mountain has long been an ownerless land. My Black Evil Demon Palace has occupied it, and you, a lowly human, dare to come and ask for an explanation?"

"You are looking for death!"

Hu Mazi was furious, and the spiritual power in his body suddenly erupted. Although his cultivation is not as good as the peak period before reincarnation, he also has good strength. He formed seals with his hands, and a giant khaki palm suddenly slapped out, bombarding the old man with the power to collapse mountains and split rocks.

"You don't know your own limits."

The old man had a cruel smile on his face. He was too lazy even to use his magic weapon. He just waved his hand casually, and a condensed demonic energy turned into

sharp claws, easily tearing the khaki giant palm into pieces. Then, the demonic claws continued to slam into Hu Mazi's chest.

"Puff!"

Hu Mazi was hit hard, spitting out a mouthful of blood, and his body flew backwards like a kite with a broken string, falling heavily to the ground, creating a deep pit.

"Master Hu!" David's eyes turned cold, and he stood in front of Hu Mazi in a flash, pointing the Dragon Slaying Sword at the old man, "Demon cultivator, dare you be so presumptuous in front of me?" The

old man looked David up and down, and when he saw his cultivation level of the sixth level of the scattered immortal realm, his contempt became even worse: "Another ignorant little guy, do you think you can walk sideways in the fourth heaven by killing a few blind monsters?"

The gap between earthly immortals and scattered immortals is not what you can imagine."

"Really?"

David raised a cold arc at the corner of his mouth, "Then I'd like to try, how powerful is the first level of the earthly immortal realm."

Before he finished speaking, David's figure had disappeared on the spot. The old man's pupils shrank slightly, and he felt a fierce killing intent coming at him. He subconsciously offered a black shield, which was engraved with countless resentful souls and exuded a gloomy atmosphere.

"Ding!"

The Dragon Slaying Sword collided with the black shield, making a harsh sound of metal clashing.

The old man felt a huge force coming, and his arm was slightly numb. He was shocked and realized that the human cultivator of the sixth rank of the Sanxian Realm in front of him was not an ordinary person.

"It's interesting. No wonder he dares to be so arrogant." The old man grinned, "But that's all!"

The demonic energy in his body surged wildly, and the resentful soul on the black shield seemed to come alive, emitting a shrill scream and pounced on David.

At the same time, he formed seals with his hands and muttered something. Suddenly, cracks appeared on the ground, and countless black demon vines emerged like poisonous snakes and entangled David.

“A trick.”

David snorted coldly, and the Tianming Eye was fully operational, and he saw the old man’s attack trajectory clearly.

His footwork changed, and he shuttled between the magic vines and the resentful souls as if he was strolling in the garden. As the Dragon Slashing Sword danced, the golden sword energy crisscrossed and chopped all the resentful souls and magic vines.

“Impossible!”

The smile on the old man’s face froze. He didn’t expect that his attack could not even touch the corner of the opponent’s clothes.

“Nothing is impossible.” David’s voice seemed to come from the underworld. “You just said that the human race is lowly? You said that the gap between earth immortals and scattered immortals is insurmountable? Now, I will let you see how ridiculous your so-called superiority is in front of me.”

As soon as the voice fell, David’s breath suddenly soared, and his cultivation level of the sixth level of the scattered immortal realm actually showed signs of a breakthrough. He poured all his strength into the Dragon Slashing Sword, and countless mysterious runes appeared on the sword, emitting a might that even shook the heaven and earth.

“Break!”

David shouted in a low voice, and the Dragon Slashing Sword turned into a stream of light and slashed at the old man at a speed that was difficult to discern with the naked eye.

This sword may seem ordinary, but it contains the most masculine and powerful power to break illusions, kill delusions, and destroy evil. It is the nemesis of the demon cultivators.

Chapter 5189

The old man felt the destructive force and was so frightened that his soul flew away. He tried his best to dodge, but found that he seemed to be locked by an invisible force and could not move at all.

He could only watch the golden sword light getting closer and closer, and finally reflected in his pupils.

“Puff!”

With a light sound, like cutting tofu, the old man’s head soared into the sky, and blood gushed out from his neck, dyeing the sky red.

His head, full of fear and disbelief, rolled several times in the air, and finally fell heavily to the ground, completely losing his life.

Hu Mazi climbed out of the deep pit, covered his chest and walked to David. He looked at the head on the ground, and then looked at the frightened demon monks. He couldn’t help but exclaimed: “Boy, you are too cruel, aren’t you?”

David said indifferently: “To be kind to the enemy is to be cruel to yourself.

Especially this kind of demon who is arrogant and regards human life as grass, there is no need to be polite to them.”

Hu Mazi was speechless for a while. David’s style is getting higher and higher!

Suddenly, the space trembled, and then a middle-aged man appeared in front of David and Hu Mazi!

“Humans, you dare to kill my demons?”

The middle-aged man looked at David and Hu Mazi coldly!

“Another one...”

David was speechless!

“How dare you two ignorant humans break into my demon land? Are you looking for death?”

The middle-aged man said angrily!

“Master Hu, you say...” David looked at Hu Mazi!

Hu Mazi walked up to the middle-aged man and said, “This is the place where my Hu family lives. People of the human race live here, not your demon race.”

The middle-aged man stared at Hu Mazi, frowned and said, "You farted..."

Hu Mazi was furious when he heard it, "You are the one who farted..."

As soon as the voice fell, Hu Mazi jumped! The

middle-aged man's face changed, and he swung his right hand violently!

Boom!

With an explosion, Hu Mazi was directly blown away, but the middle-aged man also stepped back dozens of steps.

"I didn't expect that you, a small human race, also have such strength!"

The middle-aged man's expression became solemn!

Hu Mazi was almost angry to death. If he hadn't reincarnated many times and his strength had dropped greatly, he would have killed the demon guy in front of him!

The middle-aged man saw that Hu Mazi could actually fight him hard, and a trace of surprise flashed in his eyes, but it was soon replaced by anger. He snorted coldly, and the demonic energy around him surged, obviously ready to attack again.

"A mere human race dares to run wild in my demon territory? If I don't crush you to ashes today, it will be difficult to eliminate the hatred in my heart!"

Before he finished speaking, he suddenly raised his hand, and a ball of black magic flames condensed in his palm, and slapped Hu Mazi fiercely!

Hu Mazi's face changed slightly. The power of this attack was far greater than before. His strength has not yet recovered. If he takes it head-on, he will probably suffer a great loss!

Just when the devil flame was about to hit him——

"Stop!!!"

A cold female voice suddenly sounded, and then a slender figure appeared in front of Hu Mazi out of thin air. With a light wave of her white hand, the devil flame instantly melted like ice and snow meeting fire!

The middle-aged man saw this and his face changed drastically. He quickly withdrew his hand and stepped back, saluting respectfully: "Witch!"

David's eyes condensed and looked at the person who came.

It was a woman in a black dress, with skin as white as snow, eyebrows and eyes as beautiful as paintings, but her eyes were deep as the abyss, revealing a bit of coldness.

Her aura was restrained, but it gave people a feeling of being unfathomable.

“Third level of earth fairyland?”

David was secretly shocked. The strength of this woman might be much stronger than that of the old man!

The woman glanced at the middle-aged man lightly, and her tone was cold: “Who allowed you to take action without authorization...?”

Chapter 5190

The middle-aged man lowered his head and said, “Witch, these two humans broke into my Black Demon Palace and killed our people. I just want to teach them a lesson...”

“Teach them a lesson?” The woman sneered, “If I hadn’t arrived in time, would you have killed them directly?” The

Black Demon General’s forehead was covered with cold sweat and he dared not say anything.

The woman ignored him and turned to look at David and Hu Mazi. She looked at them for a moment and finally stopped at Hu Mazi.

“You said, this was once the territory of your Hu family?”

Hu Mazi covered his chest and gritted his teeth and said, “That’s right! Jiupan Mountain was originally the place where my family lived for generations. When did it become the territory of your demon family?”

The woman frowned slightly, as if thinking, and shook her head after a moment: “My Black Evil Demon Palace has occupied this place for hundreds of years, and I have never heard of the Hu family.

If this is really your ancestral land, why are your people not here?”

Hu Mazi frowned when he heard this: “Could it be... Could it be that my family has already been destroyed?”

Hu Mazi had already gone to the Sixth Heaven, and was reborn many times, and thousands of years had passed.

He only didn't know what happened to his family!

Now listening to what the woman said, it seems that his family has already been destroyed!

In this heaven, a sect or a family will be destroyed in minutes. After all, in this society where the strong prey on the weak, the weak will be swallowed up sooner or later!

The woman was startled, then understood and said: "Maybe..."

The middle-aged man couldn't help but interrupted: "Witch, Jiupan Mountain is an unowned land. They are just looking for an excuse to provoke my demon clan. Can they just say that this is their territory?"

"Shut up!" The woman shouted coldly, and the middle-aged man was immediately silent.

She looked at Hu Mazi and softened her tone: "My name is Youyue, and I am a witch from the Black Demon Palace. If what you said is true, I can send someone to verify it.

But before that, you trespassed into my demon clan territory and killed my people. You must give an explanation."

Hu Mazi was about to refute, but David stepped forward and said lightly: "We didn't kill people for no reason. It was your people who spoke rudely first and even wanted to take our lives. We were just defending ourselves."

Youyue turned her eyes to David, and a strange color flashed in her eyes.

"Who are you?" she asked.

"David." David said calmly.

Youyue nodded slightly, and was about to ask again, but the middle-aged man couldn't hold back and said angrily: "Witch, why bother talking to them? These two people are clearly here to provoke, why not just take them down and set an example!"

David glanced at him and suddenly smiled: "It seems that the lesson just now is not enough."

Before he finished speaking, his figure suddenly disappeared!

Youyue's pupils shrank, and she subconsciously wanted to stop him, but it was too late-

“Puff!”

The sword flashed, and the middle-aged man’s right arm was broken at the shoulder, and blood gushed out!

“Ah—!”

The middle-aged man screamed and stepped back several steps, his face as pale as paper.

The middle-aged man covered his bloody broken arm, trembling with pain, and looked at David with eyes full of resentment and fear.

He really couldn’t understand why a sixth-grade cultivator in the scattered fairyland could burst out with such terrifying speed and power. He had clearly used magic energy to protect his body, but he couldn’t even see the opponent’s sword moves clearly.

“You... you dare to hurt me?”

The middle-aged man’s voice was hoarse, and veins on his forehead bulged. “You cut off my arm today, and this hatred is irreconcilable!”

David put away his sword and stood up, saying coldly: “When you don’t have strength, the best way is to shut up. If you dare to make noise again, next time it won’t be your arm that will be cut off, but your head.”

A simple sentence, but with unquestionable pressure, the middle-aged man subconsciously closed his mouth, rolling his throat and not daring to say another word.
