Chapter 5636

David remained vigilant, cautiously making his way deeper into the valley.

The miasma here didn't affect him much; his physical body had developed strong resistance.

After walking for about an hour, David heard voices ahead.

He quickly concealed himself and observed carefully.

He saw three figures not far ahead.

One wore a golden robe and appeared to be a God-King, but his eyes were empty and his face expressionless, clearly under someone's control.

The other two wore white robes; they were the First and Second Temple Masters of the temple.

"First Temple Master, how much longer do we have to wait? Why haven't the people from the Evil Path Temple arrived yet?"

the Second Temple Master said impatiently.

They had been controlling the God-King for a long time, waiting here, but the people from the Evil Path Temple hadn't come.

Unbeknownst to them, the Witch Prince and the Grand Elder, who had originally come to see them, were already dead.

Even those at the Heavenly Venerable and Dharma King levels were gone.

The Witch Prince, accompanied by the Grand Elder, was supposed to meet the Third Palace Master to help him take over the Divine King Palace. Afterwards, he was supposed to go to the Ninth Heaven to meet the First and Second Palace Masters and take the Divine King away.

However, things went wrong; he failed to take over the Divine King Palace and was killed.

Currently, the Evil Path Palace has not yet sent anyone to assist the First and Second Palace Masters in the handover.

“What’s the rush? The people from the Evil Path Palace said they’d be here today.” The First Palace Master said coldly. “As long as we hand over the God King to them, we’ll get what we want.” “

Then, when we go back, we’ll say the God King perished while searching for the Tianmen Mountain ruins, and I’ll be the God King from now on.

” “Once I become the God King, I’ll definitely kill that woman Ling Xi and make her keep opposing us.” ” But I still feel uneasy,

” the Second Palace Master said. “What if the Fourth Palace Master finds out and reports it to the God Clan? We ‘re finished.”

“The clan leader

forbids his people from cooperating with demonic cultivators!”

“Don’t worry, as long as we get the benefits, we’ll return to the Eighth Heaven and rape and kill Ling Xi without anyone interfering.” One of the palace masters said.

Hearing this, David understood everything. It turned out that these two palace masters had betrayed the God King and wanted to hand him over to the Evil Path Palace.

Just then, footsteps came from afar.

Several cultivators dressed in black robes walked over, led by an elder of the Evil Path Palace.

However, judging from their strength, they were much weaker than the Grand Elder.

Sending only an elder showed that the Evil Path Palace didn’t take this matter very seriously.

“Hahaha, I didn’t expect you to actually dare to betray the God King.” The elder of the Evil Path Palace laughed loudly.

“Enough nonsense, did you bring what we asked for?”

One of the palace masters said coldly.

“Of course I brought it.” The elder of the Evil Path Hall took out a storage bag. “This contains what you want. As long as you hand over the God-King, this storage bag is yours.”

The Hall Master took the storage bag, inspected it, and nodded in satisfaction: "Very good, the God-King is here. You can take him."

The elder of the Evil Path Hall walked up to the God-King and carefully examined him: "Not bad, it is indeed the God-King. We need to refine this God-King's soul."

Just then, David emerged from his hiding place.

"You seem to have forgotten to ask for my consent." David said calmly.

Everyone turned around, looking at the suddenly appearing David in surprise.

"Who are you?" the Hall Master asked sharply.

"Who I am is not important. What is important is that you cannot take the God-King away today." David said.

The elder of the Evil Path Hall sized up David and sneered: "Boy, I think you're tired of living. This is not a place for you. If you know what's good for you, get lost."

"Get lost?" David chuckled. "I think you're the ones who should get lost."

The First Palace Master's face darkened

. "Boy, this is an internal matter of our temple, none of your business. If you insist on meddling, don't blame us for being impolite." "An internal matter of the temple?" David sneered. "You betrayed your master, and you dare call it an internal matter? Today I will clean house for the temple."

"Clean house?" The Second Palace Master laughed loudly. "You? Boy, I think you don't know the meaning of death."

"Is that so? Then I'll show you."

After David finished speaking, a powerful aura emanated from his body.

Although David was only a third-grade Human Immortal, his aura was stronger than that of an average ninth-grade Human Immortal.

The First Palace Master was a Celestial Immortal, and the Second Palace Master was a Ninth-Rank Human Immortal. Despite their strength, they felt a slight pressure facing David.

“Interesting,”

a hint of surprise flashed in the First Palace Master’s eyes. “I didn’t expect you to possess such strength at such a young age. However, you’re still far from being able to rescue people from our grasp.”

“Then let’s try.” After saying this, David’s figure flashed, and he charged towards the First Palace Master.

The First Palace Master hadn’t expected David to attack so suddenly and quickly tried to defend himself. His hands formed a seal, and a powerful divine force blasted towards David.

“Boom!”

The two forces collided, creating a tremendous roar.

The surrounding air trembled, and cracks appeared in the ground.

David was forced back several steps, and the First Palace Master also took a step back.

“Not bad, you were actually able to withstand my attack.” The First Palace Master said with some surprise.

“You’re not bad either,”

David said. “However, this is just the beginning.”

After saying this, David charged forward again.

This time, he unleashed his sword intent, countless sword energies erupting from his body and attacking the First Palace Master.

The First Palace Master’s expression changed, and he hurriedly activated his defensive techniques.

A golden light shield appeared around him, attempting to block David’s sword energy.

“Clang! Clang

!”

The sword energy struck the light shield, producing crisp sounds.

Although the First Palace Master's defense was strong, cracks still appeared on the shield under David's attack.

"How is this possible?"

The First Palace Master was shocked. "You're only a third-grade Human Immortal, how can you have such powerful attack power?"

"Nothing is impossible in this world,"

David said coldly. "Today is your death day."

After speaking, David increased the intensity of his attack.

Countless sword energies attacked the First Palace Master like a torrential rain, each sword energy containing immense power.

The First Palace Master resisted desperately, but his defense was gradually being broken down.

Just then, the Second Palace Master suddenly made his move, a black light attacking David.

"Despicable!"

David snorted coldly, blocking the Second Palace Master's attack with a backhand sword.

"First Palace Master, let's attack together and kill this brat," the Second Palace Master said.

The two hall masters nodded, and simultaneously attacked David.

Instantly, Death Valley was filled with dazzling light and violent energy fluctuations.

David was fighting two opponents, and although the pressure was immense, he didn't fall behind.

His movements were agile, his swordsmanship exquisite, and each attack accurately struck his opponents' weaknesses.

"Boom! Boom! Boom!"

A series of explosions rang out, shattering the rocks in Death Valley and creating huge craters in the ground.

The elder of the Evil Path Hall stood aside, watching the battle with great interest.

He didn't intervene, seemingly intending to reap the benefits.

Chapter 5638

The God-King remained standing, his eyes vacant, indifferent to everything around him.

The battle had lasted half an hour, and David, along with the First and Second Palace Masters, had exhausted a great deal of their strength.

However, David possessed remarkable regenerative abilities; he could replenish his energy by absorbing the surrounding immortal energy.

The First and Second Palace Masters were not so fortunate; their faces had turned pale, and their breathing had become rapid.

Each battle David fought significantly enhanced his strength, and now he could still withstand the combined attacks of the First and Second Palace Masters.

"Boy, who exactly are you?" the First Palace Master asked, panting heavily.

"Who I am is unimportant; what matters is that you must die today," David said coldly.

Just then, footsteps sounded in the distance.

Liu Xue strode over, her expression changing upon seeing the scene before her.

"Young Master Chen, are you alright?" Liu Xue asked with concern.

"I'm fine," David replied. "Alliance Leader Liu, what brings you here?"

"I was worried about your safety, so I followed you,"

Liu Xue said. "I didn't expect you to actually encounter danger."

She then looked at the First and Second Palace Masters, her eyes turning icy: "You dared to attack Young Master Chen? You're courting death!"

The First and Second Palace Masters' expressions darkened further upon seeing Liu Xue.

Liu Xue possessed the strength of a Celestial Immortal, far surpassing them.

If Liu Xue were to make a move, they would be no match for her.

"Alliance Leader Liu, this is an internal matter of our temple. Please do not interfere," the First Palace Master said. "

Internal matter?"

Liu Xue sneered. "You have offended Young Master Chen, which means you are making enemies of my Earthly Fiend Alliance."

With that, Liu Xue prepared to attack.

"Alliance Leader

Liu, wait!"

David quickly stopped her. "This is a grudge between me and them, and I want to resolve it personally."

"Young Master Chen, but there are two of them, and you're alone..." Liu Xue was a little worried.

"Don't worry, I can handle it," David said. "Besides, this is a matter between me and the Temple, and I want to clean house myself."

David didn't want Liu Xue to help; he wanted to clean house himself.

Moreover, David also discovered that every battle on the verge of death greatly increased his strength.

Although he was crushed in the battle with the Grand Elder of the Earthly Fiend Alliance, his strength had increased significantly after recovery. Now, if he faced the Grand Elder of the Earthly Fiend Alliance again, David would definitely not be in such a sorry state.

Liu Xue hesitated for a moment, but finally nodded: "Alright, Young Master Chen, be careful."

After saying that, Liu Xue stepped aside, but she did not let her guard down, ready to help at any time.

The elder of the Evil Path Hall saw Liu Xue, and a trace of fear flashed in his eyes.

Liu Xue's strength was even greater than his; if she were to make a move, he wouldn't be a match for her.

"Boy, since you're courting death, I'll grant your wish,"

the First Palace Master sneered. "Today, I'll show you the true power of our temple."

With that, the First and Second Palace Masters exchanged a glance and simultaneously unleashed the temple's ultimate technique.

Golden light emanated from their bodies, and countless divine runes appeared on them.

"Divine Domain!"

With a loud shout, the First and Second Palace Masters simultaneously released their domains.

The two domains merged, forming a massive golden domain that enveloped David.

Within this domain, David felt immense pressure, making even his movements difficult.

"Hahaha, boy, within our Divine Domain, your strength will be suppressed to its limit. Today, you're doomed," the First Palace Master laughed loudly.

David snorted coldly, his body radiating powerful sword energy. Although his strength was suppressed, his will was even more resolute.

"Even within your domain, I can kill you," David said coldly.

With that, David unleashed the ultimate technique taught by Wan Jianxing.

A gigantic sword shadow appeared in his hand, containing world-destroying power.

"Ten Thousand Swords Return to One!"

With a loud shout, David slashed the sword shadow towards the First and Second Palace Masters.

The First and Second Palace Masters' expressions changed drastically; they hadn't expected David to unleash such a powerful attack even while suppressed.

“Divine Protection!”

The two simultaneously activated their defensive techniques, and a massive golden shield appeared before them.

“Boom!”

The sword shadow struck the shield, producing a deafening roar.

The entire Death Valley trembled, and the surrounding rocks were shattered.

Cracks appeared on the golden shield under the sword shadow’s attack.

The faces of the First and Second Palace Masters turned even paler; they could feel their defenses were about to crumble.

“Impossible! This is absolutely impossible!”

the First Palace Master cried out. “You’re only a third-grade Human Immortal, how could you possess such powerful attack strength?” ” Nothing is impossible

in this world,” David said coldly .

“Today is your death day.”

With that, David increased the intensity of his attack.

The sword shadow’s light became even more dazzling, and the attack became even more ferocious. The two sides were locked in a stalemate, neither able to gain the upper hand for a moment.

. However, as time passed, David began to falter.

He gritted his teeth, veins bulging on his forehead. Despite his best efforts and continuous activation of his immortal power, his movements grew increasingly sluggish under the combined pressure of the First and Second Palace Masters’ sacred domain.

The sword shadow, imbued with world-destroying power, gradually dimmed under the stubborn resistance of the golden shield, eventually dissipating into nothingness.

“Pfft!”

David felt a sharp pain in his chest, his blood surging, and he coughed up a mouthful of blood. He flew backward like a kite with a broken string, crashing heavily to the ground.

A large crater was created, and dust billowed up.

Seeing this, the First and Second Palace Masters grinned menacingly.

“Boy, now you know how powerful we are! Today is your death day!”

the First Palace Master said viciously, his hands forming seals again, preparing to deliver the fatal blow to David.

Liu Xue's face turned deathly pale instantly. She flashed forward, about to rush towards David.

However, David suddenly stretched out his hand and shouted, “Alliance Leader Liu, don't come any closer! This is my own battle, I can still hold on!”

Liu Xue's eyes reddened with anxiety as she cried out, “Young Master Chen, you're already injured like this, don't push yourself!”

David struggled to his feet, his legs trembling slightly, but his eyes were incredibly resolute.

“Alliance Leader Liu, every time I'm on the verge of death, my strength increases dramatically. I will use this opportunity to unleash the full potential within me!”

With that, David took a deep breath, forcibly suppressing the surging blood and qi within him, circulating his cultivation technique, and his body once again emitted a faint but determined light.

Holding his longsword, he staggered towards the First and Second Hall Masters, each step seemingly using all his strength.

The First and Second Hall Masters exchanged a glance, their eyes filled with mockery.

“Since you're courting death, then we'll grant your wish!”

The two unleashed their supernatural powers once more, countless golden rays shooting towards David like arrows.

David swung his longsword, attempting to block the attacks, but his movements were slowed by his severe injuries, and many rays pierced through his defenses, leaving wounds on his body.

Chapter 5640

Blood gushed from his wounds, staining his clothes crimson.

“Young Master Chen!” Liu Xue watched anxiously, tears welling in her eyes, but she refrained from intervening.

David had reached his limit, but his resolve only grew stronger.

He thought of Wan Jianxing, of this temple being his own territory, of these two traitors...

A surge of indomitable strength rose within David.

“I cannot fall, I must defeat them!”

David closed his eyes, concentrated, and slowly retrieved the Divine King Bow from his storage ring.

The moment the Divine King Bow appeared in his hand, the entire Valley of Death seemed enveloped by a mysterious power, the surrounding air becoming heavy.

The First and Second Temple Masters sensed the powerful aura emanating from the Divine King Bow, their expressions subtly changing.

“What kind of weapon is this? It possesses such immense power!” the Second Palace Master exclaimed.

David ignored their exclamations. He slowly drew back the bowstring of the Divine King Bow, and an arrow formed from condensed baleful energy gradually appeared on the bowstring.

This arrow emitted a five-colored light and contained terrifying power.

“Go!”

David shouted and released the bowstring.

The arrow shot towards the First and Second Palace Masters like a bolt of lightning, tearing the air apart and emitting a sharp whistling sound.

The First and Second Palace Masters’ expressions changed drastically. They hurriedly used their strongest defensive techniques to try to block the arrow.

However, the power of the Divine King Bow far exceeded their expectations.

The arrow collided with the golden shield, producing a deafening roar.

Under the impact of the arrow, countless cracks instantly appeared on the golden shield, which then shattered with a crash.

The arrow continued forward, shooting straight towards the First and Second Palace Masters.

The First and Second Palace Masters stared wide-eyed in terror, trying to dodge, but it was too late.

The arrow

pierced their bodies, leaving huge bloody holes.

“No! This is impossible!”

The First and Second Palace Masters screamed simultaneously, their bodies swaying precariously, their eyes filled with resentment and despair.

However, even with such severe injuries, they did not give up.

They exchanged a glance, a resolute glint in their eyes. They once again channeled the remaining immortal power within their bodies, preparing for a final struggle.

“Divine Combination Strike!”

they shouted simultaneously, their golden light shining brightly once more. They merged into one, transforming into a massive golden pillar of light, charging towards David.

David had exhausted all his strength. He looked at the golden pillar of light rushing towards him, his eyes showing no fear.

He gripped his longsword tightly, preparing to meet this final impact.

Just as the golden pillar of light was about to strike David, Liu Xue finally couldn't hold back any longer.

She flashed, instantly appearing in front of David, her hands rapidly forming seals, and a powerful shield of immortal power appeared before her.

“Boom!”

The golden beam of light crashed into the immortal energy shield, creating a violent explosion.

Although Liu Xue's immortal energy shield was powerful, it still showed cracks under the desperate attacks of the First and Second Palace Masters.

“Alliance Leader Liu, you...”

David looked at Liu Xue standing in front of him, unsure of what to say.

Liu Xue turned and glanced at David, smiling as she said, “Young Master Chen, now, let me end this battle.”

“I know you men care about your pride, but pride is worthless, life is. You don’t need to act so strong in front of me.”

“Even if you do nothing and let me do it, I’ll still be deeply attracted to you.”

“For a third-grade immortal, to be able to do this is already more than enough.”

David was stunned for a moment. He was indeed trying to improve his strength in the battle, not to attract Liu Xue, much less to show off in front of her.
