Chapter 5675

He simulated, synchronizing with the frequency of the opponent's time-reversal law fluctuations!

He made his own time, on a microscopic level, achieve a strange... resonance with the time reversal that the opponent was about to activate!

“Buzz—!”

The time-reversal law on the burly man's feet activated as expected!

However, this time, the situation was completely different!

The power of time, which was enough to “reset” any attack to its unexploded state, actually...failed when it touched the layer of faint light around David!

No, not completely failed, but lost the effect of “covering” and “resetting”!

Because David's own time was also “reversing” at the same frequency and in the same way!

The two reached a brief, fragile balance!

Time reversal could no longer “pull” David's state back!

This meant that the burly man's seemingly inevitable kick had lost its most bizarre and powerful time-based enhancement, reverting to a pure power attack!

While a pure power attack was still terrifying for David, whose body had been tempered countless times by the Heavenly Spirit Liquid, making him far stronger than others of the same level, it was no longer unstoppable!

“Now!”

David's eyes flashed with a sharp light. The instant the giant foot landed, he unleashed a powerful punch upwards!

This punch concentrated all his power and his newly comprehended application of the laws of time—not reversing the flow, but accelerating the flow of time around his fist to its extreme at the moment of impact!

Time acceleration! This was another application of the origin of time that he had just comprehended!

“Bang—!!!!!”

The fist and foot collided, unleashing a deafening roar far more terrifying than any previous collision!

An energy storm raged outwards from the two, completely blasting away the ground within dozens of feet. Even the incredibly sturdy dome of the hall was shattered, cracking open with massive fissures, and debris rained down.

“Ugh!”

The burly man uttered a sound for the first time, a muffled groan filled with shock and pain!

He felt a sharp ,

domineering force, carrying a power that seemed to tear apart the balance of time, instantly spread throughout his body from the soles of his feet!

His massive body trembled violently, actually staggered back several steps by David’s punch!

Each step left a deep footprint in the ground, cracks spreading.

Using the force of the recoil, David nimbly flipped over and stood firmly. Although blood was still trickling from the corner of his mouth and his face was pale, his posture was as upright as a pine tree, his eyes as sharp as knives, and although his aura was weak, it possessed an indescribable depth and mystery!

He stretched out his hand, and the Dragon-Slaying Sword in the distance let out a joyful dragon’s roar and automatically flew back into his hand.

Deathly silence!

The entire Yama Heavenly Sect’s main hall fell into an almost frozen silence!

You could hear a pin drop!

Everyone was as if frozen in place, staring dumbfounded at David, who stood proudly, pointing his sword at the burly man.

He... he actually repelled that invincible monster? While severely injured and on the verge of death?

Yan Nan blinked rapidly, almost doubting his own imagination.

Liu Xue covered her mouth, her beautiful eyes still wet with tears, yet filled with indescribable joy and excitement, as if she had seen a ray of dawn piercing through the clouds in the darkness.

The composure and mockery on the Soul Devourer's face vanished completely, replaced by an extremely cold and gloomy expression.

His fingers, resting on the armrest of his throne, unconsciously tightened, leaving subtle fingerprints on the hard black iron armrest.

David's displayed comprehension and growth speed exceeded his expectations, making him feel for the first time that things seemed to be slipping out of his control.

But the most shocked and enraged was none other than the burly man himself!

He looked down at his slightly numb, even tingling, soles of his feet, then looked up at David, whose aura, though weak, was as deep and vast as the starry sky.

For the first time, a flame called "emotion" ignited in those previously empty and indifferent eyes—it was astonishment, confusion, but even more so, a raging fury like a volcanic eruption!

"Roar—!!!"

A roar that was not human, but like the roar of a prehistoric beast, burst forth from the depths of the burly man's throat!
