Chapter 5679

This was not a simple slowing of time, but a more advanced combination of spatial confinement and time stagnation!

It completely sealed him within this absolute cage!

At the same time, a gigantic hand, formed entirely from the purest and darkest demonic energy, appeared out of thin air above David's head.

This hand blotted out the sky, its palm lines as clear as ravines, its nails as sharp as divine weapons, and within its palm, countless vengeful spirits seemed to struggle and roar, emanating a destructive aura that devoured and corroded everything.

The hand slowly pressed down; even before it truly landed, the terrifying pressure caused David's bones to groan, his protective spiritual energy flickering violently like a candle in the wind, on the verge of collapse.

"David!"

"Mr. Chen!"

Liu Xue and Yan Nantian, seeing this, were filled with rage! They could feel the terrifying power contained within that demonic palm—an absolute power capable of easily crushing even a peak Celestial Immortal!

If David were struck, there would be no chance of survival!

"Fight him!"

Yan Nantian roared, no longer caring about the insurmountable gap between himself and the Soul Devourer.

He forcibly burned his innate demonic essence, his aura surging like a volcanic eruption, demonic patterns shimmering on his skin, even seeping out droplets of blood!

He formed hand seals and roared, "Yama's World-Destroying Seal!"

A massive black seal, radiating endless death and destruction, condensed above his head. On the seal, it seemed as if the gates of hell had opened, and countless ghosts were wailing!

This was the Yama Heavenly Sect's most powerful forbidden divine ability, requiring a tremendous price to use, but Yan Nantian was now going all out!

The black seal, with its unstoppable momentum, crashed into the demonic palm pressing down on David!

On the other side, Liu Xue also suppressed the tremors at the soul level, pushing the Heavenly Gate's inherited techniques within her body to their limit.

She gripped the sword with both hands, holding it between her brows, a resolute glint in her clear eyes.

A pure, vast, and awe-inspiring sword intent ,

imbued with righteous indignation, soared into the sky, attempting to dispel the surrounding demonic aura.

“Heavenly Gate Sword Technique—Judgment!”

she cried out, her ice-blue longsword transforming into a dazzling pillar of light piercing the heavens and earth.

Within this pillar, the faint silhouettes of celestial palaces and pavilions emerged, carrying the supreme will to judge evil and purify the world, closely following Yan Nantian's Yama's World-Destroying Seal, slashing towards the sky-covering demonic palm!

Facing the two's all-out attacks, the Soul Devourer didn't even lift an eyelid, only slightly increasing the force of his pressing palm.

“A mayfly trying to shake a tree, overestimating your own strength.”

“Boom—!!!!”

The first to collide was the Yama's World-Destroying Seal and the demonic palm.

The anticipated fierce confrontation did not occur.

The World-Destroying Seal, which embodied Yan Nantian's lifelong cultivation and burning demonic energy, was instantly corroded, disintegrated, and devoured by the extremely pure demonic energy the moment it came into contact with the demonic palm. It was like ice and snow meeting the blazing sun; not even a ripple was stirred. With a

chilling hissing sound, it was rapidly corroded, disintegrated, and devoured by the extremely pure demonic energy!

Even the death laws contained within the seal were forcibly crushed and assimilated by the demonic palm!

With his divine power forcibly shattered, Yan Nantian was struck as if by lightning, spitting out a mouthful of blood. He was sent flying like a kite with a broken string, crashing heavily into a distant wall, embedding himself deeply, his fate unknown.

Immediately afterward, Liu Xue's Judgment Sword Light, imbued with the righteous energy of the Heavenly Gate, also struck the demonic palm.

“Sizzle—!”

This time, finally, some sound was made.

The pure sword light clashed fiercely with the extremely evil demonic energy, erupting with blinding light and chaotic energy.

The Heavenly Gate Technique does indeed have a certain restraining effect on demonic energy, causing the downward momentum of the demonic palm to pause slightly, and many of the wailing vengeful ghost phantoms in the palm also dissipated under the sword light.
