Chapter 5731

David patted his chest, looking incredibly smug: “Come on, open your dog eyes wide and see clearly! This grandpa is standing right here today! You wanted to extract my soul? You wanted to burn me?”

Come on! This grandpa will use my sixth-grade Human Immortal cultivation to take on your ancient monster remnant soul, who’s lived for who knows how many years! I can even handle you with one hand! If you even flinch, I’ll change my surname to yours!”

David’s extremely confident, even arrogant, remarks not only enraged the Soul Devourer to the point of a frenzy, but even the dragons behind him exchanged bewildered glances.

Mr. Chen... isn’t he a little too confident?

After all, the other party is an ancient monster of tens of thousands of years!

Enraged, the Soul Devourer laughed coldly, his voice like the blood-curdling cry of an owl: “Fine! Fine! Fine! Since you so desperately seek death, I will grant your wish!

All of you, come at me together! Today I will show you what it means for a Heavenly Venerable to be insulted!”

He had already decided to torture David to death with the most cruel methods to vent his hatred!

However, David waved his hand, saying to the eager Old Black and the other dragons behind him: “Don’t move, just stay on the sidelines and hold them off. I can handle this toothless old dog by myself!”

He cracked his neck, making a snapping sound, and the Dragon-Slaying Sword appeared in his hand, its tip pointing directly at the Soul Devourer. He beckoned with his finger: “Old dog, come and die!”

At this moment, David felt his momentum soaring, his condition better than ever before!

The power within him surged, as if he could shatter stars with a single punch!

He firmly believed that with the fusion of multiple laws, the enhancement of Chaos Immortal Power, and numerous trump cards, challenging a remnant soul beyond his level was absolutely no problem!

“Arrogant and ignorant brat! I’ll show you what the power of a Celestial Venerable truly is!”

The Soul Devourer Venerable could no longer tolerate it, letting out a deafening roar that shattered the Skull Throne!

His solidified soul instantly transformed into a dark torrent spanning the heavens and earth, carrying terrifying soul power capable of devouring everything, and the boundless resentment stirred up by the entire Burial Abyss, sweeping towards David! “Well done! Five Elements Sword Domain

, open! Time Slow! Space Distortion!”

David roared, fearlessly meeting the attack head-on!

The Five-Colored Sword Domain instantly opened, the laws of time and space activating simultaneously, attempting to pull the Soul Devourer Venerable into its rhythm!

The battle erupted instantly!

Initially, David did indeed fight impressively.

His sword light was incomparably sharp, incorporating multiple laws, and could strike from incredible angles, forcing the Soul Devourer’s torrent of soul power to constantly divert and dodge. The law

of time caused the Soul Devourer’s movements to occasionally stagnate, while the law of space created various distorted barriers to interfere with his attacks.

“Hahaha! Old dog, is that all you’ve got? Looks like your Heavenly Venerable title is mostly hype!”

David grew more and more courageous as he fought, not forgetting to mock him. A dazzling sword light infused with pure Yang sword intent nearly struck the core of the Soul Devourer’s soul.

The Soul Devourer groaned, seemingly suffering a minor loss, his soul fire flickering.

This further boosted David’s confidence.

However, as time passed, David gradually sensed something was wrong.

The Soul Devourer's soul power seemed ineaustible!

Moreover, his use of soul power had reached a level of divine mastery.

David's sword light, when it struck David's soul, usually caused only minor damage, which was quickly replenished by the surrounding resentment.

Attacks targeting the soul were completely ignored by the Soul Devourer, who could even devour and assimilate them!

Even more terrifying was the Soul Devourer's vast combat experience!

He seemed to anticipate every attack David made, always managing to neutralize it with minimal cost.

His counterattacks appeared simple and unadorned, yet they often targeted the subtle flaws in David's laws or eroded the weaknesses in his soul's essence!

"Bang!"

In a direct clash, David's Five Elements Sword Domain trembled violently, nearly shattering!

Chapter 5732

He felt an extremely cold and corrosive soul force pierce through his immortal power defense, rushing straight into his sea of consciousness, causing a sharp pain in his soul. He was forced to retreat hundreds of feet, his face slightly pale.

"How is this possible?"

David was shocked. His divine dragon power was actually unable to withstand the erosion of the opponent's extremely condensed soul force?

"Hehehe... Kid, are you scared now?"

The Soul Devourer let out a smug laugh. "Your laws are indeed profound, and your immortal power is quite peculiar, but in the face of absolute power and realm difference, they are nothing but fancy tricks! I have devoured more geniuses than you have ever seen!"

David gritted his teeth, refusing to believe it, and activated the Demon Suppression Tower again!

“Demon Suppression Tower, Suppress the Soul!”

The tower flew out, casting down a myriad of feet of clear light, enveloping the Soul Devourer.

A hint of apprehension flashed in the Soul Devourer’s eyes, but more so, ferocity: “If it were the complete Demon-Suppressing Tower, I might have to avoid its edge! But now... break it for me!”

He gathered his immense soul power, transforming it into a pitch-black ghost claw that blotted out the sky, forcefully grabbing at the light screen cast by the Demon-Suppressing Tower!

“Sizzle sizzle sizzle...”

The light screen and the ghost claw rubbed violently together, producing a teeth-grinding sound. The light of the Demon-Suppressing Tower flickered, and although it restrained the soul body, the Soul Devourer’s soul power was simply too strong, and it actually showed a faint tendency to resist!

“Time Acceleration! Slash!”

David seized the opportunity to use the laws of time to accelerate himself, instantly appearing to the side of the Soul Devourer, and the Dragon-Slaying Sword unleashed its strongest attack!

However, the Soul Devourer seemed to have eyes in the back of its head, its soul body twisting at an angle that defied common sense, avoiding vital points, while at the same time, a soul thorn as condensed as a needle silently shot towards David’s brow!

David was horrified and hurriedly dodged, but was still grazed on the shoulder.

Instantly, a piercing pain shot through his soul, almost numbing half of his body, as if a piece of his soul had been torn apart!

“Ugh...”

David groaned, cold sweat beading on his forehead.

His pride and joy in speed and the laws of nature seemed to have greatly diminished in the face of his opponent.

” Mr.

Chen!”

Old Hei and Cen Biqing were extremely anxious upon seeing this and wanted to step forward to help.

“Don’t move!”

David gritted his teeth and shouted. He still had his pride and didn’t want his subordinates to see him in such a sorry state.

He took a deep breath, forcibly suppressing the injury to his soul, and a hint of madness flashed in his eyes. “Old dog, take my last move! Great Luo... Golden Scripture, Daoist Rhyme Enhancement!”

He communicated with the Great Luo Golden Scripture in his sea of consciousness, drawing out a trace of the supreme Daoist rhyme, which he integrated into his sword intent!

This was one of his trump cards!

Since the Great Luo Golden Scripture had been activated multiple times, David was also able to draw upon its power.

However, he still couldn’t fully unleash the power of the Great Luo Golden Scripture. With

one sword strike, the wind and clouds changed color!

It was as if the Daoist sound of creation was echoing, and the sword light became ancient and vast, carrying a hint of judgment and ending, slashing towards the Soul Devourer!

This sword strike made the Soul Devourer show a solemn expression for the first time.

“Interesting... but not enough! Devouring Souls!”

The Soul Devourer roared, and the endless vengeful souls of the entire Burial Abyss seemed to hear the command, frantically surging into his soul body, causing his aura to surge instantly!

He transformed into a colossal demonic shadow, towering to the heavens, opening his enormous maw to devour the sky, and actually bit directly at David’s sword, light imbued with Daoist principles!

“Boom—!!!!!”

An indescribable explosion resounded in the center of the Burial Abyss! The energy storm tore through space, the earth cracked, and the sea of blood overflowed!

David felt an irresistible force, the Dragon-Slaying Sword almost slipped from his hand, and he was sent flying backward like a kite with a broken string, the blood spurting from his mouth drawing a blinding red line in the air.

He crashed heavily into the strange rocks in the distance, countless bones broken, internal organs displaced, and his soul felt as if it had been struck by a heavy hammer, his vision blurring.

The demonic shadow that Soul Devourer had transformed into was also dimmed considerably by that sword strike, and even let out a painful groan, clearly suffering some injuries, but far from being seriously injured!

Chapter 5733

He reformed his soul form, looking at David struggling to his feet in the distance, his eyes filled with mockery and cruelty: "This is your strongest attack? Nothing special! Not even worthy to tickle me!"

David knelt on one knee, supporting himself with his sword, panting heavily, his face filled with disbelief and a hint of... bewilderment.

How could this be?

He had used all his trump cards, even the Daoist principles of the Great Luo Golden Scripture, yet he still couldn't fundamentally harm David?

Wasn't he supposed to be terrifyingly strong?

Shouldn't he be able to crush this old dog with a flick of his wrist?

The harsh reality was like a bucket of ice water, extinguishing his previous burning confidence and arrogance.

He began to doubt his existence. Could it be... that his previous sweeping victory over the Nine Heavens was simply because his opponents were too weak?

Faced with an ancient monster who had truly survived from antiquity, his strength was utterly inadequate.

Moreover, the Soul Devourer hadn't fully solidified his physical body yet.

Looking at David's dejected state, the Soul Devourer grew even more smug: "Boy, do you understand the difference between us now? Kneel down and beg for mercy, offer your soul and the Demon-Suppressing Tower, and I might grant you a quick death!"

David raised his head, wiping the blood from his mouth. His eyes still held shock, but more so a fierce determination born of being driven to the brink.

He knew that individual heroism wouldn't work.

"Beg for mercy? Beg your mother's head!"

David abruptly straightened up, roaring at the dragon army behind him, who were already itching to fight: "Old Black! Little Green! What are you waiting for! Attack together! Kill this old dog!!!"

One-on-one duels, face—all that was bullshit in the face of life and death!

He only wanted to kill the Soul Devourer!

"Roar! Brothers, kill this old bas****! Avenge Mr. Chen!"

Old Black, already seething with anger, was the first to roar and charge forward!

"Form the Myriad Dragons God-Slaying Formation!" Cen

Biqing shouted, commanding the dragons to form the formation.

Hundreds of dragons erupted with earth-shattering roars, their baleful aura coalescing into an even larger, more solidified energy dragon, charging towards the Soul Devourer with an indomitable will!

"Hmph! No matter how many ants there are, they are still just ants! Since you're courting death, I'll send you all on your way!"

The Soul Devourer sneered, showing no fear in the face of the massive dragon army. His soul body swelled once more, drawing upon the power of the entire Burial Abyss, colliding fiercely with the dragon army!

Old Black, who could no longer contain himself, was the first to unleash a roar that shattered the void.

His massive dragon body, enveloped in overwhelming baleful aura, was like a burning black demonic mountain, crashing directly into the Soul Devourer's enormous soul body!

"Ten Thousand Dragons God-Slaying Formation, activate!"

Cen Biqing's cold voice carried an unprecedented killing intent. Azure dragon energy surged from her body, transforming into a core pillar of light guiding the battle formation.

Hundreds of dragons moved at the command. No longer fighting individually, they flew and circled in an incredibly profound trajectory, their roars echoing each other, their immense dragon essence frantically converging through the formation!

In an instant, a five-clawed golden dragon dharma form, several times larger than Old Black's true form and entirely composed of condensed energy, materialized above the Burial Soul Abyss!

This dharma form was adorned with scales, its eyes like two blazing suns, radiating a terrifying pressure capable of eclipsing the heavens and earth!

This was an ancient battle formation inherited from the dragon race, a killing machine that combined the power of all dragons!

"Roar!"

The energy golden dragon let out a roar seemingly from the primordial chaos, its enormous claws tearing through space, carrying the law of annihilation, as it viciously grabbed at the Soul Devouring Venerable!

Wherever the dragon claw passed, space shattered like fragile glass, revealing the dark, turbulent void behind!

"A mere trick! Myriad Soul Banner, appear!"

Faced with this combined attack that threatened even the Heavenly Venerable's true form, the Soul Devourer finally abandoned his initial contempt.

He roared, and a colossal, jet-black banner, its surface seemingly covered with the struggling and wailing of countless wronged souls, flew forth from the depths of his soul!

Chapter 5734

The Banner of Ten Thousand Souls grew rapidly in the wind, instantly expanding to a thousand feet in size. As the banner fluttered, countless black-gray vengeful spirits surged forth like a burst dam.

These spirits were more solid and more ferocious than those in the Sea of Blood. They roared, coalescing into a destructive soul storm that crashed headlong into the giant claws of the golden energy dragon!

“Boom—!!!”

Two world-destroying forces collided violently!

The Abyss of Burial Souls seemed to have entered its doom!

Terrifying energy shockwaves spread outward in a spherical shape, instantly turning jagged rocks harder than refined iron into dust and scraping down the dark earth below by tens of feet.

Even space itself became extremely distorted, with countless tiny spatial cracks spreading and annihilating like black lightning!

The golden energy dragon let out a painful roar. Its massive claw, imbued with the power of hundreds of dragons, was actually eroded and worn away by nearly half in the clash with the soul storm of the Myriad Soul Banner!

The torrent of vengeful souls surging from the Myriad Soul Banner was also largely purified and evaporated by the pure, fierce power contained within the dragon claw!

This collision was surprisingly evenly matched!

“How is this possible?!”

David, watching from afar, was utterly shocked.

He had personally witnessed the power of the Myriad Dragons God-Slaying Array, enough to crush a fifth-grade Heavenly Immortal easily. Yet now, it had been blocked by the Soul Devouring Venerable single-handedly?

Just how deep was this old monster’s foundation?

“Don’t stop! Keep attacking! Wear him down!”

A trickle of blood escaped Cen Biqing's lips; clearly, presiding over such a powerful array was extremely taxing on her, but her eyes remained resolute as she forcefully activated the array. The

Golden Energy Dragon roared again, its massive tail like an ancient divine whip, stirring up the wind and clouds, lashing out at the Soul Devouring Venerable with the power to tear apart the laws of nature!

At the same time, the dragon's mouth opened, and a blazing golden dragon breath, over a hundred meters in diameter, erupted forth like a cascading galaxy!

"Heh heh! Well done! Soul Devouring Heaven and Earth!"

The Soul Devourer chuckled repeatedly, the Myriad Soul Banner dancing wildly under his control.

More vengeful spirits surged forth, no longer mindlessly charging forward, but beginning to merge and coalesce, instantly transforming into nine vengeful spirit dragons, their size no less than that of the energy golden dragon! These

nine dragons were composed entirely of the purest resentment, their scales and claws clearly defined, their eye sockets burning with eerie green flames, emitting silent yet soul-piercing roars as they fiercely confronted the energy golden dragon!

"Boom! Boom! Boom!"

The ten colossal creatures engaged in the most primal and brutal battle above the Burial Abyss!

Claws tore at each other, energy clashed, souls eroded! Each collision erupted with earth-shattering roars and terrifying energy turbulence.

The pure yang power of the dragon race and the extreme yin resentment of the Soul Devourer mutually restrained and annihilated each other, turning this space into a meat grinder of laws!

Old Black, however, did not participate in the combined power of the formation. Relying on its unparalleled physical strength and combat instincts, it acted like a ferocious assassin, constantly launching surprise attacks around the Soul Devourer's main soul body!

"Old dog! Take this claw from your Black Grandpa!"

Old Black seized an opportunity, its massive dragon body appearing with an agility disproportionate to its size, instantly appearing behind and to the side of the Soul Devourer's soul body.

Dark light condensed on its dragon claws, which were covered in thick scales, tearing through the void as it fiercely grabbed at the core area of the soul body!

“Hmph! You ignorant worm!”

The Soul Devourer snorted coldly, not even turning around. With a thought, countless pitch-black shields made of soul power instantly condensed around its soul body!

“Sizzle!”

Old Black’s sharp claws slammed into the soul shields, erupting with a piercing friction sound and sparks flying everywhere!

The soul shields fluctuated violently, cracks appearing, but they did not shatter!

At the same time, a chilling and vicious force of soul repulsion spread upwards from the dragon claw, causing Old Black’s massive body to tremble violently and let out a muffled roar of pain.

A thin layer of black ice had actually covered the dragon claw, and the stinging pain at the soul level made its movements momentarily halt!

“Soul freezing?”

Old Black was both shocked and furious; this was the first time it had encountered an attack that could directly penetrate its powerful physical body and damage its soul!

Chapter 5735

“Get out of my way!”

With a casual wave of his hand, the Soul Devourer conjured a solidified black soul spear, its sharpness capable of piercing anything, and shot towards Old Black’s head!

Old Black was horrified, hastily twisting its dragon body to dodge. The spear grazed its neck, taking away a large patch of shimmering metallic dragon scales, leaving a deep, bone-revealing wound that continuously emitted black smoke that corroded its soul!

“Old Black!”

David's eyes widened in horror. He endured the excruciating pain in his soul and body, struggling to take flight.

He knew this couldn't continue!

Although the dragon army was powerful, the Soul Devourer had existed for countless years, now held the advantage of terrain, possessed near-infinite soul power, and employed unpredictable and treacherous methods. Continuing this stalemate would inevitably lead to their defeat!

He had to do something!

"Demon-Suppressing Tower! Suppress it for me!"

Ignoring his injuries, David frantically channeled his Chaos Immortal Power into the Demon-Suppressing Tower in his palm.

The tower spun rapidly, expanding once more, its base radiating an even stronger suction and purifying light, attempting to interfere with and weaken the Soul Devourer's soul power, creating an opportunity for the Dragon Clan army.

"Annoying thing! Shatter for me!"

The Soul Devourer was clearly extremely wary of the Demon-Suppressing Tower. He diverted a portion of his attention to control the Myriad Soul Banner, unleashing a thick black beam of light composed of billions of vengeful souls, which slammed fiercely into the tower's body!

"Clang-!!!"

Like a resounding bell, the Demon-Suppressing Tower trembled violently, its light dimming instantly by more than half, and even a tiny crack appeared on its body!

David was struck as if by a heavy blow, spitting out another mouthful of blood. His soul connection was damaged, and he almost fell from the sky.

"Mr. Chen!"

Cen Biqing exclaimed in alarm, the array's operation slowing down slightly.

This momentary flaw was precisely seized by the Soul Devourer!

"Now! Nine Nether Soul Devouring Curse!"

The Soul Devourer's eyes blazed with a dark light. Three

of the nine vengeful dragons, currently locked in combat with the golden energy dragon, abruptly changed direction, ignoring the golden energy dragon's attacks and allowing its claws and breath to tear massive wounds across their bodies.

They charged towards the core of the golden energy dragon's avatar—the very eye of the formation formed by Cen Biqing and other major dragon clan powerhouses—in a self-destructive manner!

At the same time, the Soul Devourer's true soul power erupted, his hands forming a strange and complex hand seal. An invisible and intangible soul wave, carrying the most vicious curse power, spread out like ripples on water, instantly enveloping the three charging

vengeful dragons and their target area!

“Not good! Change formation quickly!”

Cen Biqing's expression changed drastically. Sensing the curse power that directly invaded the soul's origin, she hurriedly tried to change the formation.

But, it was too late!

“Explode!”

The Soul Devourer coldly uttered a single word.

“Boom! Boom! Boom!”

The three vengeful dragons self-destructed the moment they approached the formation's core! Terrifying energy, mixed with the soul impact amplified by the curse, exploded like three black suns in the dragon battle formation!

Cen Biqing, who was at the forefront, and more than a dozen weaker dragons nearby, all spat out mouthfuls of dragon blood, the soul essence contained within being instantly eroded and dissolved by the curse power!

Cen Biqing's azure dragon aura dissipated, her face ashen, as she plummeted from mid-air, her aura utterly depleted.

The massive golden dragon avatar, its core severely damaged, let out a mournful cry, its enormous body instantly becoming illusory and transparent before collapsing with a deafening roar!

The hundreds of dragons maintaining the formation suffered a backlash, falling from the sky like dumplings being dropped into a pot. Many had their scales shattered, their

horns broken, their injuries varying in severity, and the battle formation crumbled instantly!

“Little Qing!”

David cried out in terror, wanting to rush forward to catch Cen Biqing, but he himself was also heavily injured, his movements a fraction too slow.

“Hehehe! Pathetic!”

The Soul Devourer let out a triumphant laugh. Although his soul body had dimmed somewhat from the previous outburst, its aura remained overwhelming.

His gaze cruelly swept over the scattered dragon army, finally locking onto the struggling David.

“Now, it’s your turn, junior! I’ll let you watch with your own eyes howl and die before you, all your reliance on others!”

Before he finished speaking, the Myriad Souls Banner waved again, and countless vengeful spirits, like hungry wolves smelling blood, pounced on the wounded dragons who had fallen to the ground!

At the same time, he himself transformed into a twisted ghostly figure, carrying endless killing intent, and went straight for David!

He wanted to personally crush the soul of this brat who had repeatedly provoked him and made him suffer so much!
