Chapter 5761

Another elder of the Bear Clan, Xiong Tuo, who was obese, had a kind face but shrewd eyes, and stroked his chin slowly, saying, "Young man, it's not that we don't believe you, it's just that this matter is too astonishing. Do you have any proof? Or rather, what special magic weapon or secret technique did you use?"

Clearly, like the deceased Elder Li Yan, they simply couldn't believe that a seventh-grade Immortal could possess such heaven-defying combat power.

Shi Yan and Ying Wu were sweating profusely, wanting to explain, but were stopped by a single glance from Elder Yu Sha.

The Lord of the Rift Heaven Sect remained silent, only staring intently at David, as if trying to see through him.

Facing numerous questioning and disdainful gazes, David's expression remained calm, as if everything around him was irrelevant.

He didn't even have the desire to explain, simply returning the Lord of the Rift Heaven Sect's gaze indifferently.

This silence and calm, in the eyes of some elders, seemed more like a sign of guilt.

Elder Yu Sha snorted coldly: "Sect Master, this matter is suspicious. This person's origins are unknown, his cultivation is low yet he claims to have such combat power; he is likely a spy sent by the Demonic Sect."

"He's trying to infiltrate our headquarters using a self-inflicted injury ruse; we must be on guard! In my opinion, we should capture him first and interrogate him carefully!" As

soon as these words were spoken, the atmosphere in the hall immediately became tense.

Several elders nodded slightly, clearly agreeing with Yu Sha's view.

Shi Yan and Ying Wu's faces turned pale; they wanted to speak, but were intimidated by the powerful pressure and could not utter a sound.

Just as the atmosphere was about to become tense, the little fire unicorn on David's shoulder seemed to sense the malice, letting out a dissatisfied low growl, and the crimson-gold flames around its body suddenly shot up high.

A pure and majestic aura of an auspicious beast spread out, subtly diluting the pressure emanating from the elders.

"Hmm? This is... a Fire Qilin?!"

Elder Xiong Tuo's eyes lit up, revealing surprise. "And its bloodline seems extremely pure!"

The Lord of the Rift Heaven Sect also glanced at the little Fire Qilin, a strange light flashing in his eyes. David finally spoke, his voice calm yet clear,

reaching everyone's ears: "I have only two purposes for this trip. First, to settle old scores with the Myriad Souls Demon Sect. Second, to rest here temporarily and gather some information. If your sect does not welcome me, I will leave."

His tone was completely unwavering, showing neither anger at being questioned nor pleading to stay, as if he were discussing a trivial matter unrelated to himself. This

detached attitude, ironically, made some elders undecided.

"Hmph, easy for you to say! Who knows if you are..." Elder Yu Sha wanted to say more.

"Enough."

The Lord of the Rift Heaven Sect finally spoke, his voice low but carrying an undeniable authority, interrupting him.

His gaze was piercing as he looked deeply at David again, seemingly having made a decision.

"Shi Yan, Ying Wu, and the others were indeed saved by you. Our Ten Thousand Beasts Sect acknowledges this debt of gratitude

," The Rift Heaven Sect Master said slowly. "As for your strength... words are insufficient proof. Our Ten Thousand Beasts Sect respects the strong and believes in seeing is believing."

He paused, his gaze sweeping over the elders present before returning to David: "Three days from now, there will be a core disciple advancement assessment within the sect, which includes a challenge involving the Beast Soul Battle Array."

“If you can single-handedly break the Three Talents Beast Soul Array composed of three core disciples at the fourth rank of the Heavenly Immortal Realm, it will prove your words are true, and our Ten Thousand Beasts Sect will treat you as an honored guest.”

Any information you wish to inquire about, as long as it doesn't involve core sect secrets, will be readily available. If you cannot...”

The Rift Heaven Sect Master didn't finish his sentence, but the meaning was clear.

Elder Yu Sha's lips curled into a cold smile upon hearing this.

The Three Talents Beast Soul Array, executed by three well-coordinated core disciples at the fourth rank of the Heavenly Immortal Realm, was powerful enough to trap and kill an ordinary fifth-rank Heavenly Immortal Realm cultivator!

He absolutely refused to believe that this seventh-rank Heavenly Immortal Realm brat could break the array.

Elder Xiong Tuo squinted, seemingly lost in thought.

David raised his eyes, met the gaze of the Rift Heaven Sect Master, and without any hesitation, uttered a single word: “Good!”

Chapter 5762

The Lord of the Rift Heaven Sect was slightly taken aback by David's immediate agreement.

“Aren't you going to reconsider? Our Beast Soul Array is life-threatening; it's not child's play.” He continued,

“No need!” David shook his head. “

Boy, it seems you don't know how powerful our Myriad Beasts Sect is. Once you experience the Beast Soul Array, it'll be too late for tears.” Elder Yu Sha sneered.

“Is the Myriad Beasts Sect that powerful?” David smiled.

“What? You look down on our Myriad Beasts Sect?” Elder Yu Sha frowned.

"If your Myriad Beasts Sect is so powerful, how come you were beaten so badly by the Myriad Soul Demon Sect, not daring to resist at all?" David questioned.

"You..."

Elder Yu Sha was speechless with anger.

The Lord of the Rift Heaven Sect frowned and said coldly, "Alright, stop with the empty talk. Let's see if you have real skills in three days."

"I can promise you I'll break that Beast Soul Formation and show you my strength, but you must promise me one thing,"

David said.

"Go ahead," the Lord of the Rift Heaven Sect asked.

"If I break that Beast Soul Formation, you must give me a million immortal stones. Otherwise, I saved your people, and you question my strength? Wouldn't that be incredibly embarrassing?"

David said calmly.

"What? A million immortal stones? Why don't you just rob me?" Elder Yu Sha roared.

"What? Aren't you certain I don't have the strength to break the formation? Why don't you dare gamble with me?" David sneered.

Elder Yu Sha fell silent and looked at the Lord of the Rift Heaven Sect.

After a moment's thought, the Lord of the Rift Heaven Sect nodded and said, "Alright, if you can truly break the Beast Soul Array, I promise to give you a million immortal stones, and I will even make an exception and appoint you as an elder of our Myriad Beasts Sect." "I don't

care. See you in three days!"

David said, turning and leaving. After Chen

Ping left the Myriad Beasts Hall, and Shi Yan and Ying Wu hurriedly chased after him.

"Senior! Senior, please wait!"

Shi Yan, his face filled with apology and anxiety, said, "We are truly sorry. We didn't expect the sect leader and elders to be so... so questioning of you, senior. We've wronged you."

Ying Wu also said softly, "We will never forget your life-saving grace, senior, but to have you suffer such criticism in the hall is truly unsettling."

David stopped, looking at the two sincere young beastmen before him, a slight softening of his indifference.

He smiled slightly, as if the questioning and provocation in the hall were nothing more than a gentle breeze, completely unconcerned.

"It's alright,"

he said calmly. "Most things in this world are based on what you see. Understandably, they don't believe it. As for the Beast Soul Array..."

He paused, a barely perceptible smile curving his lips, "The time will tell."

Seeing David's nonchalant attitude, Shi Yan and Ying Wu's admiration deepened.

This was truly the demeanor of a master!

The difference in their behavior compared to Elder Li Yan and Elder Yu Sha was immediately apparent.

However, they couldn't help but worry. They knew the power of the Three Talents Beast Soul Formation; it was far beyond the capabilities of ordinary fifth-grade Heavenly Immortals.

"Senior, that Three Talents Beast Soul Formation is indeed extraordinary. With the combined power of the three of us and the blessing of the beast souls, its power is multiplied..."

Shi Yan wanted to add a few more words of advice.

David waved his hand, interrupting him: "I know what I'm doing. Find me a secluded place, and don't let anyone disturb me for the next three days."

Seeing that David had made up his mind, Shi Yan and the other man didn't say anything more.

They quickly arranged for David to stay in the best independent courtyard in the Ten Thousand Beasts Sect's guest quarters, a quiet place with abundant spiritual energy.

After David and the little fire qilin checked in, he remained secluded. Meanwhile, the discussions about him outside were boiling over like hot water.

“Have you heard? A mere seventh-grade Immortal Realm brat dares to boast that he can break our Three Talents Beast Soul Formation!”

“Haha, what a joke! I think he doesn’t know the meaning of death!”

“It’s said that he saved Senior Brother Shi Yan and the others, but Elder Li Yan has already died in battle. How could a mere seventh-grade Immortal Realm cultivator possibly turn the tide? He must have used some underhanded methods, or it’s just pure luck!”

“Elder Yu Sha is right, he might be a spy from the Demonic Sect!”

“Just wait, the assessment is in three days, let’s see how he makes a fool of himself! He probably won’t even dare to touch the edge of the formation!”

Rumors filled every corner of the Ten Thousand Beasts Sect. Almost no one had any faith in David; everyone was waiting to see this arrogant human brat make a fool of himself.

A Man Like None Other Novel Chapter 5763

Chapter 5763

Even some disciples who were initially skeptical of Shi Yan and Ying Wu's words completely sided with the doubters after hearing that David was only at the seventh rank of the Human Immortal Realm.

Elder Yu Sha secretly instructed the disciple in charge of setting up the assessment formation, "Make sure the Three Talents Beast Soul Formation is kept at its strongest, let that human brat taste some bitterness, and expose his true colors!"

Time flew by, and three days passed.

The Ten Thousand Beasts Sect's core disciple advancement assessment was solemnly held in the sect's largest martial arts arena, the Ten Thousand Beasts Altar.

The Ten Thousand Beasts Altar was constructed from a single massive piece of azure stone, surrounded by hundreds of totem poles carved with various ferocious beasts.

At this moment, the beast cores embedded at the top of the poles emitted a shimmering light, forming a powerful barrier to prevent the assessment energy from leaking out.

Below the altar, a sea of people thronged.

Not only the core disciples awaiting assessment, but almost all the inner disciples and stewards at headquarters, and even many elders, came to observe the ceremony.

Sect Master Lie Tian sat in the main seat, flanked by elders such as Yu Sha and Xiong Tuo.

The assessment proceeded one by one, the fierce battles and dazzling beast soul techniques drawing cheers from the audience.

However, many people's minds weren't entirely on the assessment; their eyes frequently glanced towards the entrance, anticipating, or rather, waiting for that figure to appear.

Yet, even as the most crucial challenge of the core disciple assessment—the Three Talents Beast Soul Array challenge—began, David still hadn't appeared.

Elder Yu Sha, who was presiding over the assessment, looked at the disciples about to take on the array challenge, his cold smile growing even more pronounced.

He loudly proclaimed, "It seems that some of those who only know how to spout empty words have ultimately chickened out. Knowing the power of my Ten Thousand Beasts Sect's Beast Soul Array, they dare not make a fool of themselves!"

"Hahaha!" A burst of laughter erupted from the audience.

"I knew that kid was just bragging!"

"Seventh-grade Human Immortal Realm? He wouldn't even be enough to fill my teeth, let alone break the formation?"

"It's a shame that Senior Brother Shi Yan and the others spoke up for him; they really misjudged him!" Shi Yan and Ying Wu stood in the crowd

, listening to the surrounding mockery, their faces flushed, their fists clenched, yet unable to refute.

A doubt arose in their hearts: Could it be that their senior really... encountered some trouble? Or, in the end, did he feel unsure and choose to avoid it?

The Rift Heaven Sect Master remained expressionless, his eyes deep, lost in thought.

Elder Xiong Tuo stroked his beard, his small eyes narrowed, examining the formation in the arena, deep in thought.

The Beast Soul Formation Challenge officially began.

Three core disciples of the fourth rank of the Heavenly Immortal Realm, each representing the three beast soul characteristics of "Strength," "Speed," and "Defense," stepped into the center of the Myriad Beast Altar.

As they activated their secret techniques, three enormous beast soul phantoms soared into the sky behind them—a ferocious giant ape, a lightning-fast Rift Wind Leopard, and a Xuanjia Rhinoceros with astonishing defense!

Three powerful auras merged and intertwined, forming a stable triangular area. Beastly roars echoed, demonic energy soared to the sky, and the immense pressure even caused ripples to appear within the barrier itself.

The challengers trapped within the formation not only faced attacks from three well-coordinated disciples but also endured the suppression of three different types of beast soul power, making progress extremely difficult.

Two disciples at the peak of the fourth rank of the Celestial Immortal Realm entered the formation to challenge it, but both were blasted out of the formation in less than the time it takes for an incense stick to burn, bleeding from the mouth, clearly seriously injured.

This gave everyone a direct understanding of the power of the Beast Soul Formation, and their contempt for David, who had fled the formation, deepened.

“It seems this farce should end now,”

Elder Yu Sha said, watching the last challenger struggling to hold on, preparing to announce the formation challenge was nearing its end.

Just then

“Wait.”

A calm voice, not loud, but clearly penetrating the clamor and roars of the beast souls in the martial arts arena, reached everyone’s ears.

Chapter 5764

Everyone turned to look.

At the entrance to the Ten Thousand Beasts Altar, a figure in a green robe was slowly approaching.

His steps were unhurried, his expression indifferent, as if he weren’t there to participate in a test of honor and strength, but simply to enjoy a leisurely stroll after a meal.

It was David!

Beside him, the little fire unicorn followed closely, its golden eyes curiously surveying the surrounding crowd and the shimmering beast soul array.

“He’s here?! He actually dared to come?”

“Coming now? The assessment is almost over!”

“Hmph, putting on an act! He probably saw the others fail to break the array and thought it was almost depleted, so he’s trying to take advantage?”

The mocking and questioning voices rose again, but compared to their previous arrogance, they lacked some confidence and were filled with suspicion.

After all, he had really appeared.

Shi Yan and Ying Wu were overjoyed, their hearts finally at ease.

Their senior was indeed not one to back down from battle!

David ignored the surrounding discussions, walking straight to the altar. His gaze swept over the shimmering, roaring Three Talents Beast Soul Array, and his brow furrowed slightly, seemingly somewhat...disappointed?

He raised his head, looking at the Rift Heaven Sect Master and the elders on the high platform, and said calmly, "This, is this the powerful Three Talents Beast Soul Formation you were talking about?"

Elder Yu Sha was enraged by his attitude and sneered, "Boy, you've only come now? Are you scared? If you're scared, kowtow and admit your mistake, admit you were just talking nonsense before, maybe you can save some face!"

David shook his head, as if he hadn't heard Yu Sha's sarcasm, and said to himself, "This formation seems... a bit too simple. Dealing with a formation of this level is really boring."

He paused, and under everyone's astonished gazes, he made a request that caused an uproar:

"Does your Ten Thousand Beasts Sect have any more difficult formations? Bring them out and let's play with them."

Everyone: "....."

In an instant, the entire Ten Thousand Beasts Altar fell into a deathly silence.

Everyone looked at David as if he were a madman.

Too simple?

Boring?

Bring them out and let's play with them?

Did he even know what he was saying? This was the Three Talents Beast Soul Formation,

which even a peak fourth-grade Celestial Immortal could easily defeat!

He, a mere seventh-grade Celestial Immortal, actually thought it was too easy?

He wanted something even more difficult?

After a brief silence, an even more violent outburst erupted!

“Arrogant! Utterly arrogant!”

“I have never seen such a reckless person!”

“Has he lost his mind? Or is he deliberately trying to mock my Ten Thousand Beasts Sect?”

Elder Yu Sha trembled with rage, pointing at David: “You brat, how dare you insult my Ten Thousand Beasts Sect like this! This Beast Soul Formation is a secret technique of our sect. How can you be so disrespectful! If you have the ability, break this formation first before spouting such boastful words!”

Even the Sect Master of the Rifting Heaven Sect frowned slightly, feeling that David’s words were somewhat overconfident.

Elder Xiong Tuo narrowed his eyes even more, seemingly reassessing this young man.

Upon hearing this, David sighed softly, seemingly helpless: “Fine, since you insist...”

He said no more, and under the gazes of countless people—some angry, some disdainful, some curious—he took a step forward, his figure as light as a ghost, and floated into the infamous Three Talents Beast Soul Formation.

“It’s activated! He’s in!”

“Let’s see how long he can last!”

“He’s brought shame upon himself!”

The three core disciples in the formation, seeing David enter, although they also felt this person was arrogant, dared not be negligent, and immediately activated their full power.

The phantom of the Giant Demon Ape roared, throwing a punch with the power to shatter mountains and split rocks; the phantom of

the Rending Wind Leopard transformed into a stream of light, its claws tearing through the air, aiming straight for David’s throat;

The phantom of the Xuanjia Rhinoceros emitted a barrier as thick as a mountain, blocking David’s retreat.

The combined power of the three beast souls was earth-shattering, and the disciples below the altar all felt a chill run down their spines.

However, facing this onslaught that would make even an ordinary fifth-grade Celestial Immortal cultivator pale, David simply stood still, not even drawing his Dragon-Slaying Sword.

Just as the ferocious attack was about to strike

David moved.

Chapter 5765

He merely raised his right hand, fingers forming a sword shape, and lightly slashed at the energy core in front of him, which was fused with the power of three beast souls.

There was no earth-shattering momentum, no dazzling brilliance.

Only a faint, almost imperceptible, five-colored stream of light flashed from his fingertip.

The next moment “Buzz—!!”

The entire Three Talents Beast Soul Array trembled violently. The three roaring beast soul phantoms, as if struck by an invisible giant hammer, let out a shrill and unwilling howl, and then, like bubbles, instantly collapsed and dissipated!

The three core disciples who served as the array’s core were struck as if by lightning.

They simultaneously spat out a mouthful of blood, their faces deathly pale, and staggered backward, collapsing to the ground with a thud. Their eyes, looking at David, were filled with endless fear and bewilderment.

The array was broken.

From David entering the formation to raising his hand, and then to the collapse of the formation, the entire process took no more than three breaths.

Fast!

Faster than anyone could react!

Faster than anyone's mockery and doubt, still frozen on their faces, they were completely shattered by this unbelievable scene before them! The entire Ten Thousand Beasts Altar fell into an

even more deathly silence than before.

You could hear a pin drop.

Everyone stared wide-eyed, mouths agape, as if witnessing the most absurd and unbelievable sight in the world.

He...he really broke it?

Just like that...with a casual flick of his wrist?

A seventh-grade Human Immortal? Breaking the Three Talents Beast Soul Formation in an instant? How is this possible?! Shi Yan and Ying Wu trembled with excitement, their fists clenched, wanting to shout it out.

"See that? This is the strength of a senior!" On the high platform

, the Lord of the Rift Heaven Sect suddenly stood up, his eyes flashing with a terrifying light. His previous composure vanished, replaced by deep shock.

Elder Xiong Tuo was completely unaware that several strands of his beard had been broken off, his fat face filled with horror. Elder Yu Sha's

sneer froze completely, as if he had put on a clumsy mask. He pointed at the arena, his fingers trembling, his lips quivering, but he couldn't utter a single word.

"No... this is impossible!"

After a long while, Elder Yu Sha screamed like a cat whose tail had been stepped on. He couldn't accept this fact. "It must be that the formation has been challenged many times, its energy consumption has been too great, and its power has been greatly reduced, allowing him to gain an advantage! Yes! That must be it!"

Although this explanation was far-fetched, it gave some disciples who couldn't accept reality a reason to comfort themselves.

"Yes! Elder Yu Sha is right! The formation must have weakened!"

"He's really lucky, he caught the formation at its weakest!"

"If you're so capable, challenge the formation at its peak!"

David listened to the surrounding commotion, remaining expressionless.

He looked at the somewhat flustered Elder Yu Sha and said calmly, “Oh? Is that so? Then what kind of formation do you think I wouldn’t have gotten away with?”

Elder Yu Sha was furious, and provoked by David’s nonchalant attitude, he almost shouted without thinking, “If you really have the ability, do you dare challenge my Ten Thousand Beasts God-Slaying Formation?!”

The moment the words “Ten Thousand Beasts God-Slaying Formation” were uttered, everyone was shocked!

Even the sect leader of the Rift Heaven Sect paled slightly and said in a deep voice, “Yu Sha! Be careful what you say! The Myriad Beasts God-Slaying Formation is a simplified version of the sect’s protective formation. How can it be used so easily!”

Shi Yan and Ying Wu’s faces turned deathly pale, and they hurriedly transmitted their voices to David, “Senior, you mustn’t! The Myriad Beasts God-Slaying Formation is one of the Myriad Beasts Sect’s most treasured battle formations. Although it’s a simplified version, it still requires at least nine core disciples of the fourth rank of the Heavenly Immortal Realm or higher to preside over it. Its power is immense, and it’s said to have trapped and killed a powerful enemy of the sixth rank of the Heavenly Immortal Realm! It’s extremely dangerous!”

The Myriad Beasts God-Slaying Formation, as its name suggests, is powerful enough to slay gods!

Although it’s a simplified version, it’s far superior to the Three Talents Beast Soul Formation.

In everyone’s eyes, Elder Yu Sha’s proposal of this formation was clearly an attempt to use this opportunity to either completely force David to back down and lose face, or... to use the formation’s power to severely injure or even kill him!

Everyone believed that David would never dare to accept the challenge.

This was beyond proving one’s strength; it was practically playing with fire!

Elder Yu Sha calmed down a bit and realized that he had said something he shouldn’t have in his impulsiveness.

Chapter 5766

But the words were already out, so he could only steel himself and look at David with a hint of provocation: "What? Scared? If you are, it's not too late to admit defeat now and acknowledge that you were just lucky before!"

The Rift Heaven Sect Master also looked at David and said in a deep voice: "Young friend Chen, Elder Yu Sha was just speaking in anger. You have already broken the Three Talents Beast Soul Formation, and your strength has been proven."

"One million immortal stones, I will offer them immediately, and the position of elder will also be vacant. This Myriad Beasts God-Slaying Formation is extremely dangerous and not child's play; there's no need to force it."

Everyone thought that David would give in.

After all, he had already proven himself and obtained enough leverage and respect; there was no need to take any more risks.

However, David's reaction once again exceeded everyone's expectations.

He seemed oblivious to the Heavenly Rift Sect Master's dissuasion, the anxious telepathic message from Shi Yan Yingwu, and even the provocative look in Elder Yu Sha's eyes.

His gaze drifted deeper into the Myriad Beasts Altar, where an even more powerful energy seemed to be stirring.

A barely perceptible smile returned to his lips, carrying a hint of...interest?

"The Myriad Beasts God-Slaying Array?" he repeated softly, then nodded, his tone still calm, yet carrying a chilling confidence:

"Sounds interesting. Then...let's try it."

Everyone: ".....!!!" He's

gone mad!

This man is absolutely insane!

This was the only thought in the minds of all the Myriad Beasts Sect disciples at that moment.

He actually agreed! He's going to challenge that terrifying Myriad Beasts God-Slaying Array!

After a brief moment of astonishment, Elder Yu Sha was filled with wild joy and ruthlessness.

Kid, you've chosen to die! He immediately cupped his hands to the Sect Master of the Rending Heaven Sect and said, "Sect Master! This boy is extremely arrogant, daring to underestimate our Ten Thousand Beasts Sect's supreme battle formation! Please allow us to activate the Ten Thousand Beasts God-Slaying Formation, so he can see what true power is!" The Sect

Master of the Rending Heaven Sect looked deeply at David. In David's eyes, he saw no madness or fear, only an unfathomable calm and indifference.

He was shaken, and finally, slowly nodded.

"Granted!" The order was given, and the entire Ten Thousand Beasts Sect mobilized.

Nine core disciples, each possessing a powerful aura and at least at the fourth rank of the Heavenly Immortal Realm, quickly entered the arena and took their positions in profound locations.

Their expressions were solemn, clearly aware of the critical importance of this formation.

As they simultaneously activated their secret techniques, nine beast soul phantoms, far larger, more solid, and more ferocious than the previous Three Talents Beast Soul Formation, roared and soared into the sky!

Dragon, Tiger, Lion, Phoenix, Python, Eagle, Bear, Wolf, and Tortoise! The nine powerful ancient beast soul phantoms swirled and intertwined, drawing in the frenzied convergence of spiritual energy from heaven and earth!

In an instant, the sky above the Ten Thousand Beasts Altar changed color, and a massive light shield covering the entire altar suddenly formed.

Within the light shield, ten thousand beasts roared, their murderous aura soaring to the heavens. The invisible pressure was like Mount Tai pressing down, causing even the disciples watching from outside the barrier to feel their breathing quicken and their minds waver!

This was the true foundation of the Ten Thousand Beasts Sect!

A powerful battle formation capable of killing gods beyond their own level!

A disciple at the heart of the formation looked at David, who remained calmly standing within, and said in a deep voice, "Fellow Daoist, this formation is dangerous. It's not too late to admit defeat and withdraw!"

Elder Yu Sha outside the formation sneered repeatedly, as if he could already see David being torn to pieces by the myriad beasts.

David looked up at the nine ferocious, roaring beast souls in the air, feeling the terrifying pressure that would make even a sixth-grade Celestial Immortal cultivator tremble with fear. Finally, he nodded slightly.

"That's more like it."

The moment his words fell, he moved.

Unlike before, he wasn't arrogant. This time, the Dragon-Slaying Sword emitted a clear dragon's roar and automatically fell into his hand.

With the sword in hand, David's entire aura suddenly changed!

His previous indifference vanished instantly, replaced by an unparalleled sword intent that could cleave the heavens and dominate the world!

He seemed to transform into a divine sword drawn from its sheath, its sharpness fully revealed, its light chilling the entire land!

Chapter 5767

"Five Elements Sword Domain, open!"

"Buzz—!"

The Five Elements Sword Domain, even larger, more solid, and more complete than in the Rock Valley, roared open!

This time, the domain's range even faintly rivaled the light shield of the Myriad Beasts God-Slaying Array!

Within the domain, the sword energy was no longer fine as rain but transformed into countless solidified five-colored light swords!

The laws of time and space intertwined, making the scene within the sword domain bizarre and fantastical, as if it were a world of its own!

“Ten Thousand Swords, Return to the Source!”

David shouted, pointing the Dragon-Slaying Sword towards the sky.

Within the sword domain, the countless five-colored light swords seemed to receive a command, emitting joyful sword cries, then, like a hundred rivers flowing into the sea, converged into a magnificent torrent of sword energy, containing the meaning of the birth and death of the five elements and the rotation of time and space!

This torrent of sword energy was no longer a simple energy surge; it seemed to possess life and will!

Wherever it passed, space was cleaved into fine black cracks, and time itself became chaotic!

The nine ferocious ancient beast soul phantoms, before this torrent of sword energy imbued with the ultimate principles of heaven and earth, actually let out terrified cries!

Their power was suppressed by the laws within the sword domain, and their attacks were easily shredded by the torrent of sword energy!

“Roar!”

“Screech!”

“Awoooo!”

The torrent of sword energy, with overwhelming force, instantly shattered the combined defense of the nine beast souls, crashing heavily into the light shield of the Myriad Beasts God-Slaying Array!

“Crack... Boom!!!”

Like shattered glass, like exploding stars!

The powerful light shield, said to be able to slay gods, shattered in less than a breath!

It turned into countless specks of light, dissipating into nothingness!

The nine core disciples who were in charge of the array simultaneously coughed up blood, flying backward like kites with broken strings, crashing heavily to the ground, unconscious!

The array was broken again!

Moreover, it was forcibly broken through in a more domineering, more direct, and more crushing way!

Silence!

Deathly silence!

If breaking the Three Talents Beast Soul Array before was shocking and unbelievable, then forcibly breaking through the Myriad Beasts God-Slaying Array now brought everyone a complete and utter soul-shaking shock and fear!

What... what kind of monster is he?!

A seventh-grade Human Immortal? This is a seventh-grade Human Immortal?!

Even a seventh-grade Celestial Immortal is probably nothing special?!

Shi Yan and Ying Wu were too excited to speak, only looking at the green-robed figure standing in the arena with incredibly fanatical and worshipful eyes.

Elder Xiong Tuo's mouth was wide open, big enough to fit an egg.

The Lord of the Rift Heaven Sect leaned forward slightly, the shock in his eyes turning into horror, and a trace of... fanaticism?

Elder Yu Sha's expression completely collapsed, as if he had seen a ghost, his face as white as paper.

Staggering back a few steps, he plopped down in a chair, utterly dejected, muttering repeatedly, "Impossible...this is impossible..."

David slowly sheathed his sword, the overwhelming sword intent emanating from him instantly receding, transforming him back into the seemingly ordinary young man in blue robes.

His gaze swept across the entire arena, and everyone whose eyes met his, whether disciples or elders, instinctively lowered their heads, unable to meet his gaze.

Finally, his gaze settled on the Lord of the Rift Heaven Sect on the high platform.

The Lord of the Rift Heaven Sect took a deep breath, forcibly suppressing the turmoil in his heart, stood up, and spoke with an almost imperceptible tremor in his voice, with utmost solemnity: "Young friend Chen...no, Senior Chen! Your supernatural powers are

unparalleled. Rift Heaven admires you! One million immortal stones will be offered immediately! I humbly request that you condescend to accept the position of Elder of the Myriad Beasts Sect! The Myriad Beasts Sect is willing to honor you as its esteemed elder!”

At this moment, in his heart, David’s strength had long surpassed the realm of “young friend,” and he deserved to be called “senior.”

He was even willing to acknowledge David as his superior, despite his status as sect leader!

However, David shook his head again.

He seemed to have no interest in the so-called position of elder.

“I’ll accept the immortal stones, but the elder position is out of the question

,” he said calmly. “I have no interest in it.”

Chapter 5768

Upon hearing this, the Lord of the Rift Heaven Sect flashed a hint of disappointment in his eyes, but dared not insist.

Elder Yu Sha’s face turned ashen; he knew he had completely offended this terrifying being.

At that moment, David seemed to realize something. He looked at the Lord of the Rift Heaven Sect and the countless beastmen cultivators below the stage, their gazes filled with awe, fear, and curiosity, and sighed softly.

“You all seem to value bloodline and aura?”

Before anyone could answer, David slowly closed his eyes.

The next moment, a terrifying aura, completely different from his previous sword intent—ancient, vast, noble, and supremely majestic—was awakened, like a primordial supreme being awakening, slowly spreading from his body!

At first, it was just a trace, but soon, like a volcanic eruption, a vast ocean burst its banks!

“Roar—!!!”

A dragon’s roar, seemingly from the primordial chaos and traversing endless time and space, suddenly erupted from David’s body, resounding deep within everyone’s soul!

Then, before everyone’s horrified eyes, an enormous, radiant golden dragon phantom soared into the sky behind David, circling above the Myriad Beasts Altar!

The golden dragon phantom was almost tangible, its scales and claws flashing, its majestic gaze sweeping down like a king scrutinizing his subjects!

Pure, vast, and supreme dragon might, like the Milky Way cascading down from the heavens, enveloped the entire Myriad Beasts Altar, and everyone present!

Under this absolute pressure originating from the deepest recesses of their bloodline and the highest level of life—

“Thump!”

“Thump!”

“Thump!”

Like a tidal wave, starting from the outermost disciples, whether they were first-grade or fifth-grade Heavenly Immortals, whether ordinary disciples or elders, everyone’s legs involuntarily buckled, and they involuntarily knelt!

Even Elder Xiong Tuo on the high platform and the distraught Elder Yu Sha knelt without exception, their bodies trembling—a tremor and submission originating from their very souls and bloodlines!

Finally, even the strongest among them, the sect leader Lie Tian, could only hold on for a moment longer before the vast, star-like, and emperor-like dragon’s might.

He felt his soul tremble, his blood stagnate, and an irresistible sense of submission surged from the depths of his heart. With difficulty, filled with immense shock and awe, he knelt on one knee and lowered his proud head!

On the altar of ten thousand beasts, everyone knelt in submission! Only

the figure in green robes stood with his hands behind his back, his expression calm.

A golden dragon shadow circled and roared above his head, making him appear as a deity descended to earth.

His gaze calmly swept over the kneeling crowd below, observing the boundless shock, fear, and devout reverence from the depths of their blood on their faces, his heart remaining undisturbed.

After a long while, the vast dragon's might and the golden dragon's shadow slowly subsided, finally dissipating into nothingness.

The oppressive aura dissipated, but the shock in the hearts of the crowd lingered.

They remained kneeling on the ground, none daring to rise first, their gazes towards David now filled with the fanatical reverence one would show to a god.

A dragon!

And the noblest of the dragons, the golden dragon!

No wonder he was so powerful!

No wonder he looked down on the position of elder of the Ten Thousand Beasts Sect!

Before the noble golden dragon, they, the beastmen, were indeed no different from subjects!

The Lord of the Rift Heaven Sect slowly raised his head, his voice trembling with utmost respect, and asked, "Senior...you...who exactly are you..."

David looked down and finally spoke, his voice calm yet carrying a decisive power:

"My name is David."

"I have a blood feud with the Myriad Souls Demon Sect."

"From today onwards, if the Myriad Beasts Sect is willing to help me annihilate the Demon Sect, I can guarantee you all a place in the Tenth Heaven."

His words, spoken casually, resonated like thunder in everyone's hearts.

At this moment, no one questioned, no one mocked, no one dared to show the slightest contempt.

There was only absolute submission, and... an infinite yearning to follow the strong and achieve glory!

Chapter 5769

On the Beast Altar, the scene of countless people kneeling in submission lingered for a long time.

The supreme pressure originating from the golden dragon bloodline was deeply engraved into the souls of every beast cultivator, like a brand.

All previous doubts, contempt, and resentment had vanished, replaced by awe born from their blood and submission to the absolute powerhouse.

David, with a thought, completely absorbed the vast dragon's might into his body, and the golden dragon phantom behind him slowly dissipated.

He still wore his usual calm blue robe, but in everyone's eyes, he was no different from a god.

"Rise, all of you,"

David said calmly, his voice gentle yet carrying an undeniable power.

The crowd, as if granted a pardon, dared to stand up cautiously, still bowing slightly and not daring to look directly at David.

The Sect Master of the Rending Heaven Sect, Elder Xiong Tuo, and even Elder Yu Sha, who had previously made things difficult for them, now stood respectfully below like disciples listening to instruction. The Sect

Master of the Rending Heaven Sect took a deep breath, stepped forward, and asked with utmost respect, "Senior possesses the bloodline of the Golden Dragon, unparalleled in nobility. We were blind and ignorant before, offending the majesty of Heaven. Please forgive us, Senior."

"What are your orders, Senior? Our entire Ten Thousand Beasts Sect will go through fire and water, even unto death!"

David's gaze swept over the still somewhat chaotic Ten Thousand Beasts Altar below, and the beastmen cultivators whose faces held sorrow yet also hidden expectation.

He then slowly spoke, "Let me ask you, the Myriad Beasts Sect, guarding the Myriad Beasts Mountain Range, possesses considerable strength. Why then, in the struggle against the Myriad Souls Demon Sect, were you constantly on the defensive, even suffering the bloodshed of Rock Valley and the death of Li Yan?"

The Sect Master of the Rending Heaven Sect showed a bitter expression, sighed, and bowed, replying, "Reporting to Senior, it is not that our Myriad Beasts Sect is cowardly, but rather that we have no other choice."

"The Myriad Souls Demon Sect occupies the Crimson Blood Plains, possessing immense power. The number of Heavenly Immortal Realm experts within its sect far exceeds ours. Its sect leader, Soul Fiend, is a peak seventh-grade Heavenly Immortal Realm expert, and it is said that he has already entered the threshold of the eighth grade."

He paused, then continued, "More importantly, our Myriad Beasts Sect's foundation lies in the Myriad Beasts Mountain Range, stretching for tens of thousands of miles. The spiritual veins, medicinal gardens, mineral deposits, and numerous tribal strongholds dependent on us are scattered throughout the area."

"While the Myriad Souls Demon Sect is like a leech, attacking everywhere, burning, killing, and looting, specifically targeting our weakest points."

"If we concentrate our forces, they will avoid our strength and attack our rear; if we divide our troops to defend, they will gather their elite forces, outnumber us, and defeat us one by one."

"For a long time, we've been constantly on the move, our resources have been plundered, and our disciples have suffered heavy casualties. That's why... that's why we're constantly being controlled and passively attacked." Lie

Tian's voice was filled with frustration and helplessness.

The other elders and disciples also lowered their heads, their faces showing indignation, clearly understanding the situation deeply.

David listened without changing his expression, only nodding slightly, as if he had already expected this.

He pondered for a moment and then said, "The enemy is strong, and we are weak; our territory is vast, and our defenses are naturally full of loopholes. In that case, why not change our tactics?"

"Change our tactics?"

Lie Tian and the elders were all taken aback.

“That’s right.”

David’s gaze was profound as he slowly uttered sixteen words: “When the enemy advances, we retreat; when the enemy camps, we harass; when the enemy is exhausted, we attack; when the enemy retreats, we pursue.”

These sixteen words struck Lie Tian and the others like a morning bell.

Although they had never heard such a concise strategic summary before, upon careful consideration of it in light of their own situation, they immediately felt that the wisdom it contained was unfathomable! “

When the enemy advances, we retreat, avoiding their sharpest attack! When

The enemy camps, we harass them, making them uneasy!

When the enemy is exhausted, we strike, attacking when they are unprepared!

When the enemy retreats, we pursue, expanding our gains! “

This...this was practically a tailor-made strategy to break the deadlock for them!

The Lord of the Rift Heaven Sect’s eyes shone with astonishing brilliance, his body trembling with excitement: “Senior...this...this sixteen-character mantra is exquisite! It hits the nail on the head! We...we are so foolish, we never even thought of it!”

Chapter 5770

Elder Xiong Tuo exclaimed in admiration, “Brilliant! In this way, we can turn the tables and drag the Myriad Souls Demon Sect into our rhythm!”

Elder Yu Sha was now completely convinced; his gaze towards David filled with awe, no longer daring to harbor any ulterior motives.

Seeing their enlightened expressions, David continued, “Strategy alone is not enough; we must know our enemy and ourselves.” He continued,

“The Myriad Souls Demon Sect’s advantage lies in its concentrated manpower and powerful attack, but they also have weaknesses. They need resources to maintain the

sect's operation, weapons and magical treasures to arm their disciples, and spiritual herbs and pills to improve their cultivation. Their resource points are their lifeline."

A cold smile curved his lips. "They like to rob, so... we will use their own methods against them."

A bold and astonishing plan took shape in David's mind.

In the following days, the entire Ten Thousand Beasts Sect operated at high speed, like a sophisticated machine.

Under David's instructions, the Sect Master of the Rending Sky Sect divided his disciples into dozens of elite squads.

These squads had only one mission—harassment!

They no longer held their positions, but instead moved like ghosts, using their familiarity with the terrain to appear and disappear unpredictably in the border area between the Ten Thousand Beasts Mountains and the Crimson Blood Plains.

Today, one squad disguised themselves as demonic beasts and launched a surprise attack on a patrol from the Demonic Sect, leaving the Demonic Sect disciples in a sorry state, grabbing their storage bags and fleeing.

Tomorrow, another squad, under the cover of night, sneaked to the outskirts of a Demonic Sect temporary camp, but didn't launch a direct assault.

Instead, they banged drums and gongs, creating a cacophony, or bombarded the camp's barrier with ranged spells, keeping the Demonic Sect disciples awake all night and demoralized.

The day after tomorrow, another squad discovered a Demonic Sect transport convoy. Instead of a direct confrontation, they sabotaged the roads and set traps beforehand.

When the transport team fell into chaos, they attacked from a distance with arrows and darts, targeting the demonic beasts pulling the carts or the disciples with lower cultivation levels. They seized some supplies and immediately fled, never lingering in battle.

For a time, the area of the Crimson Blood Plains near the Ten Thousand Beast Mountains was in complete chaos. The disciples of the Ten Thousand Souls Demon Sect were overwhelmed and exhausted by these slippery beastmen squads.

They wanted to give chase, but the beastmen had already made their escape using the terrain.

attempted to ambush them, but the enemy didn't fall for it at all, and the attack locations were unpredictable.

The disciples of the Demonic Sect complained bitterly:

"These damned beasts! Come out and fight them fair and square!"

"Damn it, I haven't slept well for three days!"

"My storage bag was stolen! It contained the pills I just received!"

When the news reached the headquarters of the Myriad Souls Demonic Sect, Sect Master Hun Sha was furious, but helpless.

The Myriad Beasts Sect's sudden change of tactics left him punching cotton.

He ordered increased patrols and vigilance, and transferred more manpower to the border, attempting to crush these flies with overwhelming force.

However, this was exactly the effect David wanted.

While the Myriad Souls Demonic Sect's attention was drawn to the border raids, leaving their internal defenses relatively weak, David acted.

His first target was a hidden stronghold called Black Flame Valley deep within the Crimson Blood Plains.

According to intelligence gathered by the Myriad Beasts Sect over many years, that place was an important weapon forging workshop of the Myriad Souls Demon Sect, specializing in crafting demonic weapons and magical treasures for inner and elite disciples.

On this dark and windy day, the

outer perimeter of Black Flame Valley was shrouded in demonic energy, and the number of patrolling disciples was noticeably several times greater than usual, clearly frightened by the recent raids.

Within the valley, flames soared into the sky, the clanging of forging metal echoed incessantly, and dense malevolent energy mingled with fire elemental energy.

David's figure, like a wisp of smoke merging into the night, silently appeared on a cliff face on one side of Black Flame Valley.
