Chapter 5901

“What?!”

The Vice Hall Master of the Soul Fiend Sect’s expression changed drastically.

He felt that his Soul Fiend Palm Force was rapidly decomposed, devoured, and annihilated after entering that domain!

The domain seemed like a bottomless pit, capable of swallowing all energy!

“Break.”

David uttered a single word, his right hand clenching into a fist.

The movement remained casual, as if he were doing something insignificant.

“Bang...!”

The blood-red giant palm shattered violently, turning into a sky full of blood mist, which was completely devoured by the Chaos Fire Domain, without even causing a ripple.

The entire arena fell silent.

Everyone stared wide-eyed, unable to believe what they were seeing.

Huo Fentian’s mouth gaped open, speechless for a long time.

The disciples of the Earth Fire Pavilion were stunned, then erupted in a deafening cheer!

“Young Master is mighty!”

“Young Master is too powerful!”

The cultivators of the Evil Path Hall looked at each other, their eyes filled with shock and confusion.

“How is this possible? The Vice Hall Master’s Soul-Slaying Palm... was broken?”

“What kind of domain is that? It can actually devour the power of the Soul-Slaying Palm?”

“This kid... is strange!”

The expressions of the three Vice Hall Masters all became solemn.

The Bone Demon Vice Hall Master narrowed his eyes: “No wonder the Hall Master wanted to capture him alive. This kid really has a big secret.”

The Soul Extinction Vice Hall Master stared intently at David’s Chaotic Fire Domain: “That domain... is not right. Chaos and fire are fused? This kind of power attribute is unheard of.”

The Soul-Slaying Vice Hall Master’s face was extremely ugly.

He originally thought that he could crush the little ant with a flick of his wrist, but the Soul-Slaying Palm was broken in public, which made him lose face.

“Kid...you’ve got some skill.”

He gritted his teeth. “But I only used seventy percent of my strength just now. You won’t be so lucky next time!”

He formed hand seals, his body surging with a frenzied aura of Fiendish energy, and countless blood-red runes appeared on his skin.

“Boundless Sea of Blood!”

“Boom...!”

A monstrous sea of blood appeared out of thin air, covering half the sky!

Within the sea of blood, countless hideous ghost faces emerged, emitting piercing shrieks, its power several times stronger than the previous Fiendish Palm!

This was the signature move of the Fiendish Deputy Hall Master, who had once used this move to slaughter an entire city, turning millions of lives into nourishment for the sea of blood!

“David, be careful!”

Huo Fentian’s expression changed drastically. “This is his killing move!”

The hopes that had just risen among the members of the Earth Fire Pavilion were extinguished by this terrifying sea of blood.

Facing this world-destroying attack, David remained calm.

He even...yawned.

“That’s it?”

Two simple words, full of disdain.

Before he finished speaking, he pointed his left hand, fingers forming a sword shape, and gently touched the surging sea of blood.

The movements were casual, as if he were pointing out the landscape. “

Earth Fire True Flame – Burning Heaven!”

“Boom...!”

From within the chaotic fire domain, crimson-gold Earth Fire True Flame soared into the sky, transforming into a hundred-zhang-long fire dragon!

The fire dragon was entirely condensed from Earth Fire True Flame, lifelike, with clearly visible scales and golden flames burning in its eyes.

It roared to the sky, its cry shaking the heavens, and then plunged into the blood-red ocean!

The fire dragon collided with the blood sea.

“Sizzle sizzle sizzle...!”

Like a red-hot iron rod piercing snow, wherever the Earth Fire True Flame passed, the blood sea rapidly evaporated and vanished!

The myriad ghosts in the blood sea, upon touching the Earth Fire True Flame, didn’t even have time to scream before turning into green smoke!

In just three breaths, the blood-red ocean that blotted out the sky was completely burned away by the hundred-zhang-long fire dragon!

Not even a trace of blood mist remained!

“This...this is impossible!” The Vice Hall Master of the Soul Fiend Palace was deathly pale, retreating repeatedly, his eyes filled with horror.

His strongest divine power was so easily broken?

And by a mere junior at the peak of the second rank of the Heavenly Immortal Realm?

This completely overturned his understanding!

David withdrew his fire dragon, stood with his hands behind his back, his white robes fluttering, spotless, as if he had just done something insignificant.

He looked at the three vice hall masters and said indifferently, "The three of you can come at me together, to save trouble."

His tone was calm, as if he were saying, "The weather is nice today."

"Arrogant!"

"Seeking death!"

"Boy, you're too arrogant!"

The three vice hall masters were furious at the same time.

What were their identities?

Vice hall masters of the Evil Path Hall, peerless experts at the peak of the ninth rank of the Heavenly Immortal Realm! They were usually

figures who could walk sideways in the Twelfth Heaven, when had they ever been so looked down upon?

And by a junior at the peak of the second rank of the Heavenly Immortal Realm!

"Since you're seeking death, then don't blame us for ganging up on you!"

Vice Hall Master Bone Demon sneered, "Attack together, take him down!"

The three exchanged glances and attacked at the same time!

This time, they held nothing back, all using their full strength!

The Deputy Hall Master of the Soul Fiend unleashed the Boundless Blood Sea once more, but this time the blood sea was more solid, the ghostly face more ferocious, and its power was thirty percent stronger than before!

The blood sea almost covered the entire sky, completely blocking out the sunlight!

The Deputy Hall Master of the Bone Demon summoned a hundred-foot-long bone staff, the top of which was inlaid with a hideous skull, its eye sockets burning with eerie green ghostly flames.

He swung the staff, and thousands of bone spikes rained down on David! Each bone spike contained terrifying death energy, capable of corroding life force and dissolving the soul!

The Deputy Hall Master of the Soul Annihilation was the most bizarre; he transformed into a cloud of gray mist, from which countless pale hands emerged.

These hands formed complex hand seals, and invisible soul spikes materialized out of thin air, silently piercing towards David's sea of consciousness!

This was a vicious divine power specifically designed to attack the soul, impossible to defend against, and many ninth-grade Heavenly Immortal Realm experts had fallen victim to this move before!

The combined power of three peak ninth-grade Celestial Immortals was terrifying.

The entire sky was shrouded in blood-red, bone-white, and soul-gray hues. The terrifying pressure made it difficult for all the cultivators below to breathe, and those with weaker cultivation even vomited blood, collapsed, and fainted!

"David!" Huo Fentian was frantic, wanting to help, but he was entangled by the other experts of the Evil Path Hall and couldn't break free.

The members of the Earth Fire Pavilion were also sweating for David, their hearts in their throats.

Facing this earth-shattering attack, David remained calm.

Even... a hint of excitement flashed in his eyes.

It was the excitement of seeing an opponent worthy of serious consideration.

"Well done."

He formed hand seals, his movements elegant and composed, as if playing a zither or painting.

"Chaotic Fire Domain – Creation!"

"Boom...!"

The Chaotic Fire Domain suddenly expanded, growing from a thousand feet in radius to three thousand feet!

Within the domain, chaotic energy and earth fire flames intertwined wildly, evolving into earth, water, fire, and wind. The four basic elements collided and merged, as if to create the world and recreate chaos!

In an instant, the domain was ablaze with the light of the sun and moon, the brilliance of stars, the undulating mountains and rushing rivers—a veritable miniature world!

The sea of blood, bone spurs, and soul thorns, crashing into the domain, were like mud oxen entering the sea, their power greatly diminished!

The sea of blood was decomposed by the chaotic energy and burned

by the true flames of the earth; the bone spurs were eroded by the laws of water and scattered by the laws of wind;

the soul thorns were assimilated by the chaotic energy and purified by the laws of fire!

The three great divine powers could barely move an inch within the chaotic fire domain!

“Dragon Slayer – Army Breaker!”

David summoned the Dragon Slayer Sword and unleashed a single strike!

His movements remained casual, as if he were wielding a brush.

A hundred-foot-long sword aura tore through the heavens and earth, the golden-gray sword energy containing the power of chaos and the true flames of the earth. A five-clawed golden dragon could be vaguely seen swimming along the sword, its roar shaking the heavens!

This sword strike, seemingly simple and unadorned, contained the power to create the world!

Wherever the sword aura passed, the sea of blood parted, the bone spurs shattered, and the soul thorns were annihilated!

One sword strike, breaking all laws!

“What?!”

The three vice hall masters’ expressions changed drastically, and they hurriedly dodged.

But the sword energy was too fast and too fierce, as if it had transcended the limitations of time and space!

“Pfft!”

The Soul Fiend Vice Hall Master couldn’t dodge in time and was grazed on the left arm by the sword energy. His entire arm was severed at the root, and blood gushed out like a fountain!

Even more terrifying was that the chaotic energy and earth fire true flames remaining at the wound were frantically eroding his body, making it impossible for him to stop the bleeding or for his limb to regenerate!

The Bone Demon Vice Hall Master’s bone staff was struck by the sword energy, and a deep crack appeared on the staff, almost breaking it!

He groaned, blood spilling from the corner of his mouth, his eyes filled with horror. This bone staff was his natal magic weapon, connected to his mind and soul. The damage to the bone staff caused him to suffer a backlash!

The Soul Annihilation Vice Hall Master suffered the worst. His soul spike was annihilated by the sword energy, and his soul suffered a backlash. He groaned, and blood seeped from all seven orifices! The gray mist fluctuated violently and almost dissipated!

One sword, three wounded!

The entire place fell silent again.

This time, not even a breath could be heard.

Everyone gaped, their eyes wide, as if they had witnessed the most unbelievable thing in the world.

Huo Fentian stood there, stunned, his mind blank. The disciples of the Earth Fire Pavilion

were initially stunned, then erupted in thunderous cheers, many weeping with joy!

The cultivators of the Evil Path Hall, however, were ashen-faced, their eyes filled with fear and bewilderment.

“How is this possible... injuring three vice hall masters with a single sword strike?”

“What kind

of monster is he?” “

Peak of the second rank of the Heavenly Immortal Realm... This is absolutely impossible!"

The three vice hall masters were utterly horrified; they had never encountered such a bizarre situation.

A junior at the peak of the second rank of the Heavenly Immortal Realm had not only easily neutralized their full-force attack but had also injured all three of them with a single sword strike?

This was completely beyond their comprehension!

"Boy... who exactly are you!"

Vice Hall Master Po Sha clutched his severed arm, his voice trembling.

David stood with his sword, a slight smile on his face, a gentle smile that sent chills down the spines of the three vice hall masters.

"The one who killed you."

His tone remained calm, yet it contained an undeniable authority.

Huo Fentian watched this scene, his drool practically dripping with envy.

Their Earth Fire Pavilion's top-secret techniques had actually been passed down to David by their ancestor. Even

the pavilion master himself only knew a smattering of it, not the complete mastery.

Luckily, David was their son-in-law; otherwise, the Earth Fire Pavilion might have had to change its name.

"Go, son-in-law! Your father-in-law supports you!"

Huo Fentian shouted excitedly.

"Go,

son-in-law!" "Go, son-in-law!"

"Go, son-in-law!"

The disciples of the Earth Fire Pavilion cheered loudly. At this moment, David was no longer just their son-in-law in their eyes; he was a savior!

The three deputy hall masters were now green-faced, utterly humiliated.

“Attack together! Don’t hold back!”

the Bone Demon deputy hall master roared, a resolute glint in his eyes. “Use that move!”

The three exchanged glances and nodded simultaneously.

They knew that in a one-on-one fight, none of them could defeat David. Only by joining forces and unleashing their strongest trump card could they have a chance of victory!

“With my essence and blood, I offer sacrifice to the sea of blood!”

“With my bones, I forge hell!”

“With my soul, I guide the Yellow Springs!”

The three simultaneously burned their essence and blood, offered sacrifices to their bones, and stripped away their souls, unleashing their most powerful forbidden divine abilities!

“Soul Fiend – Ten Thousand Ghosts Pay Homage!”

The Soul Fiend Deputy Hall Master’s body exploded, transforming into a vast sea of blood.

Within the sea of blood, a hundred-foot-tall King of Ten Thousand Ghosts slowly rose! The Ghost King had three heads and six arms, a blue face and fangs, and six eyes burning with blood-red flames. His aura had reached the peak of the ninth rank of the Heavenly Immortal Realm, and even faintly touched the threshold of the Upper Immortal Realm!

“Bone Demon – White Bone Hell!”

The Bone Demon Deputy Hall Master’s body shattered inch by inch, each fragment of bone transforming into a towering bone pillar!

Chapter 5902

Hundreds of bone pillars plunged into the earth, forming a white bone hell covering an area of ten miles!

Within this hell, deathly energy permeated the air, white bones stood starkly against the sky, and countless skeletons crawled out from the ground with a “crackling” sound!

“Soul Annihilation – Guide to the Underworld!”

The Vice Hall Master of Soul Annihilation transformed into a gray pillar of light, shooting straight into the sky and tearing open a spatial rift!

From within the rift, turbid and filthy waters of the Underworld surged forth, corroding even space itself into black holes!

The waters of the Underworld exuded a dense aura of death, as if emanating from the deepest hell, capable of corroding all life and dissolving all souls!

With the three forbidden divine powers unleashed simultaneously, the heavens and earth changed color, and the sun and moon lost their light!

The entire area within a hundred miles of the Earthfire Pavilion was shrouded in crimson, bone white, and soul ash. The terrifying pressure caused the earth to crack, mountains to collapse, and rivers to flow backward!

Countless living beings trembled under this pressure, kneeling on the ground, unable to rise.

“David, be careful!”

Huo Fentian’s excitement vanished instantly upon seeing this, replaced by a hoarse shout, his eyes filled with despair.

Such an attack had already surpassed the realm of the Celestial Immortal, faintly touching the edge of the Upper Immortal realm!

Let alone David, even a true First-Rank Upper Immortal would have to temporarily retreat!

The members of the Earthfire Pavilion were ashen-faced; their newly risen hope was shattered once more.

The cultivators of the Evil Path Hall revealed cruel smiles, as if they could already see David being torn to pieces.

Facing this world-destroying attack, David took a deep breath, a hint of solemnity flashing in his eyes.

He knew he could no longer hold back.

“Since that’s the case... then let me show you my true strength.”

He raised the Dragon-Slaying Sword high, and the power of Chaos Immortal Power, Golden Dragon Bloodline, and Earth Fire Scripture within him erupted simultaneously!

The three powers collided and fused wildly within him, ultimately transforming into a new power—chaotic and undefined, yet containing the power to create the world!

“Chaos, Golden Dragon, Earth Fire... the Three Absolutes United!”

“Slash!”

A hundred-foot-long sword aura reappeared, but this time, it was no longer golden-gray, but had transformed into a hazy, chaotic gray!

Within the sword aura, a five-clawed golden dragon could be vaguely seen swimming, its roar shaking the heavens! The surface of the sword aura burned with crimson-gold Earth Fire True Flames, incinerating everything!

This sword strike, fusing the power of chaos, the Golden Dragon Bloodline, and the Earth Fire True Flames, was the strongest sword strike that David had comprehended after three hundred years of seclusion!

This sword strike contained the power to create the world!

With a single slash, the world lost its color!

Wherever the sword aura passed, space shattered, time stood still, and the laws retreated!

The King of Ten Thousand Ghosts let out a shrill scream as he was cleaved in two by the sword aura, turning into a rain of blood!

The Hell of Bones crumbled inch by inch, hundreds of bone pillars

collapsed with a crash, and skeleton soldiers turned to bone dust! The waters of the Yellow Springs evaporated completely, and the spatial rifts were forcibly closed, leaving not a trace! The

three forbidden divine powers shattered like bubbles!

“No...!”

The three vice hall masters simultaneously let out desperate roars, their voices filled with resentment and fear. The sword aura continued its momentum

, slashing towards the three !

The sea of blood formed by the Vice Hall Master of Soul Fiend was evaporated by a single sword strike, leaving not a single drop of blood!

The bones of the Bone Demon Vice Hall

Master were shredded into dust by the sword energy, scattering in the wind!

“Pfft!”

The soul of the Soul Annihilation Vice Hall Master was annihilated by the sword energy, without even a chance to be reborn!

Three swords, slaying three enemies!

The entire arena was deathly silent.

You could hear a pin drop.

Everyone stared blankly at the sky.

There, David stood holding his sword, his white robes as pure as snow, spotless.

At his feet were three clumps of ashes left behind by the three Vice Hall Masters after they dissipated.

Behind him was the routed army of the Evil Path Hall.

Sunlight pierced through the blood mist, shining on him and coating him with a golden halo, like a god descending to earth.

After an unknown amount of time, a deafening cheer erupted from the Earth Fire Pavilion, the sound waves soaring into the sky!

“Young Master is mighty!”

“Young Master is invincible!”

“Long live the Earth Fire Pavilion!”

The disciples wept with joy, embracing each other in celebration.

Tears streamed down Huo Fentian's face as he bowed deeply to David: "David... no, son-in-law... the entire Earth Fire Pavilion owes you a life!"

David sheathed his Dragon-Slaying Sword, slowly descended to the ground, and helped Huo Fentian up: "Father-in-law, you flatter me. This is what I should do."

He looked at the fleeing army of the Evil Path Hall and said calmly, "Wangcai, Senior Chiyun, clean up the battlefield."

"Roar!"

Wangcai roared excitedly, transforming into a golden-red lightning bolt, chasing after the fleeing cultivators of the Evil Path Hall.

Demon Lord Chiyun also grinned maliciously, his three heads and six arms moving simultaneously as he charged into the enemy ranks, as if entering an empty field.

The disciples of the Earth Fire Pavilion were greatly encouraged and rushed out of the mountain gate to hunt down the remaining enemies.

Half an hour later, the battle ended.

The entire army of the Evil Path Hall was annihilated. Except for a few lucky ones who saw the opportunity quickly and escaped in advance, the rest were all killed.

Although the Earth Fire Pavilion suffered heavy losses, it ultimately preserved its heritage.

"Young Master, what's next?"

Huo Fentian asked respectfully, his tone already treating David as the true backbone of the Earth Fire Pavilion.

David looked towards the forbidden area, a deep meaning flashing in his eyes.

"The Evil Path Hall won't let this go easily. Next time, it might be Zhan E himself."

"I must help the Ancestor rebuild his physical body as soon as possible. Only when the Ancestor recovers his full strength will we have the right to fight Zhan E."

He paused, then looked at Huo Fentian: "Father-in-law, I'm entrusting the Earth Fire Pavilion to you. Strengthen the defenses, assess the losses, and treat the wounded. I need to go into seclusion for a while."

"Yes!" Huo Fentian replied solemnly.

David turned and walked towards the forbidden area.

His blue robes fluttered, his back straight, like a spine supporting the heavens and earth.

Behind him was the Earth Fire Pavilion, surviving the calamity, and countless gazes filled with awe and gratitude.

Chapter 5903

When David returned to the forbidden area, the lava pool was still churning and boiling, but its ancient and majestic aura was even more solid than before.

The Demon-Suppressing Tower floated in the air, its body emitting a soft gray light.

Huo Ling'er, who was guarding outside the tower, immediately went to greet David upon his return.

"David, are you alright?" Huo Ling'er looked David up and down, her eyes full of concern.

"It's nothing."

David smiled slightly and gently took her hand. "Just a few noisy flies."

Huo Ling'er breathed a sigh of relief, then her eyes flashed with admiration: "I've heard everything... You killed three peak ninth-grade Celestial Immortals with one sword! It's all over the place, people are saying you're a god descended to earth!"

David shook his head and chuckled: "It's not that exaggerated. By the way, how is Ancestor?"

Mentioning Ancestor Earthfire, Huo Ling'er's expression became solemn: "Ancestor's soul has been refined to its limit, and the reshaping of his physical body is at the most crucial moment. He said... it will take at most seven more days."

"Seven days..."

David nodded, "There's enough time."

He looked at the Demon Suppression Tower and called out, "Ancestor, I'm back."

The tower trembled slightly, and Ancestor Earthfire's voice came from within: "Come in, little one."

David stepped into the Demon Suppression Tower and entered the inner space.

Ancestor Earthfire's soul was now almost indistinguishable from a real person, with white hair and beard, and a kind face, only his body appeared slightly illusory.

He sat cross-legged in the center of a magic array made of various rare and precious materials. The array slowly rotated, extracting the essence of the materials and integrating it into his soul.

"Little fellow, I sensed the commotion outside."

The Earth Fire Ancestor opened his eyes, a hint of appreciation flashing in his golden flame-like pupils. "One sword slays three enemies, not bad, not bad."

David sat cross-legged opposite the Ancestor: "Those three deputy hall masters are nothing special. Even if the Hall Master of the Evil Path Hall came personally, I would still have a fighting chance."

His tone was calm, yet it contained absolute confidence.

The Earthfire Ancestor shook his head: "It's good for young people to be confident, but you must not underestimate the Evil Path Hall."

He paused, his expression becoming solemn: "Do you think killing three vice hall masters has severely damaged the Evil Path Hall? You're too naive."

David frowned slightly: "Ancestor, you mean..." "

The true terror of the Evil Path Hall lies not in how many peak ninth-grade Heavenly Immortals

they have," the Earthfire Ancestor said slowly, "but in... their control of a

supreme treasure... the Gate of Reincarnation." "The Gate of Reincarnation?" David heard this name for the first time .

"That's a gateway to the Land of Reincarnation," the Earthfire Ancestor

said solemnly. "Legend has it that the Land of Reincarnation is the final resting place for all things after death, and the souls of all living beings will eventually return to

reincarnation. And the Gate of Reincarnation... can forcibly open a passage to the Land of Reincarnation."

David was startled: "It can open the Land of Reincarnation? Doesn't that mean it can... resurrect the dead?"

"In a sense, yes,"

the Earthfire Ancestor nodded, "but it comes at a huge price. And the one resurrected may not be the original person."

He looked at David, his eyes deep: "Do you know why the Evil Path Hall has been slaughtering living beings and collecting souls everywhere all these years?"

Some clues flashed through David's mind, and his expression changed slightly: "They are using the souls of the dead... to nourish the Gate of Reincarnation?"

"Indeed,"

the Earthfire Ancestor sneered. "For every 100,000 souls lost, the Gate of Reincarnation can be opened once, summoning a dead person back from the Land of Reincarnation. The summoned person becomes a puppet of the Gate of Reincarnation, controlled by it for eternity."

"So..."

David said in a deep voice, "Those three vice hall masters were very likely already dead? Resurrected by the Evil Path Hall through the Gate of Reincarnation?"

"Very likely,"

the Earthfire Ancestor nodded. "That's why the Evil Path Hall's experts seem inexhaustible. You killed those three vice hall masters today, and as long as Zhan E is willing to pay the price, he can quickly resurrect them through the Gate of Reincarnation."

David gasped.

If that were true, the Evil Path Hall would be virtually invincible!

An unkillable enemy is the most terrifying.

"Moreover..."

the Earthfire Ancestor's voice grew even more solemn, "I suspect that the Evil Path Hall itself... is a puppet."

“What?” David’s pupils shrank.

“The world that the Gate of Reincarnation leads to is said to be inhabited by some ancient and powerful beings,”

the Earth Fire Ancestor slowly said. “They may be dead, or they may exist in another form. But they are unwilling to remain forever in the Land of Reincarnation, so... they need puppets, they need someone to collect the souls of the dead for them, to nourish the Gate of Reincarnation, and to maintain their existence.”

“The Evil Path Hall is very likely a puppet of these beings. And Zhan E... is merely a slightly more advanced tool.”

David fell silent.

This news was far too shocking, far exceeding his expectations.

He had originally thought the Evil Path Hall was just a powerful evil organization.

He never imagined that such an astonishing secret was hidden behind it.

Chapter 5904

“How did you know all this, Ancestor?” David asked.

A flash of recollection crossed the eyes of the Earth Fire Ancestor: “Many years ago, I explored the deepest part of the Earth Core Demon Abyss. There... I saw things I shouldn’t have seen.”

“It was an ancient ruin, the walls covered with records about the Gate of Reincarnation.”

The Earth Fire Ancestor’s voice trembled slightly: “At that moment, I felt an unprecedented fear. It wasn’t fear of death, but fear of some existence beyond comprehension.”

“I forcibly erased the records, because these things would cause chaos, but who knew that as soon as I erased them, I was attacked by the Earth Core Demon Flame.” “

In that battle... my physical body collapsed, my soul was severely injured, and only a wisp of my soul escaped.”

David listened, his heart pounding.

The Gate of Reincarnation?

The mastermind behind the Evil Path Palace?

This was completely beyond his comprehension.

“So...”

David took a deep breath, “Our real enemy isn’t the Evil Path Palace, but... the being behind the Gate of Reincarnation?”

“You could say that,”

the Earthfire Ancestor nodded, “but to deal with those beings, we must first destroy the Evil Path Palace and the Gate of Reincarnation. Otherwise, they can continuously resurrect powerful beings, and we’ll never be able to kill them all.”

A determined look flashed in David’s eyes: “In that case, let’s destroy the Evil Path Palace first, then destroy the Gate of Reincarnation!”

“Ambitious,”

the Earthfire Ancestor praised, “But with our current strength, we’re far from enough. The being behind the Gate of Reincarnation may have already surpassed the Upper Immortal Realm, reaching the True Immortal level or even higher.”

“True Immortal...” David murmured.

That was a legendary realm, and there might not even be one in the entire Twelve Heavens.

“Therefore, the most urgent task is to help me rebuild my physical body as soon as possible.”

The Earth Fire Ancestor

said, “In my prime, I touched the threshold of the third rank of the Upper Immortal Realm. If you can recover, it will at least buy you some time.”

“I understand

,” David said solemnly. “What does Ancestor need me to do?”

“Continue to use the Demon Suppression Tower to help me condense my soul body, and at the same time...”

A glint flashed in the Earth Fire Ancestor's eyes, "I will pass on to you the ninth level of the Earth Fire True Scripture—'Earth Fire Burning Heaven Technique'."

"This technique was created by me when I touched the threshold of the Upper Immortal Realm. Its power is boundless. If you can master it, you will at least have a fighting chance against Zhan E."

David's eyes lit up: "Thank you, Ancestor!"

"No need to thank me."

The Earth Fire Ancestor waved his hand. "You and I are now in the same boat. The stronger you are, the greater our chance of survival."

He paused, suddenly sensing something, and his expression changed slightly: "Not good..."

"What is it?" David asked.

"The Gate of Reincarnation... has been opened,"

the Earthfire Ancestor said in a deep voice. "And... it's quite large. That Zhan E seems to be truly enraged."

...

Meanwhile, in the Twelfth Heaven, at the headquarters of the Evil Path Palace.

The sea of blood churned, and vengeful spirits wailed.

Zhan E stood in the center of the sea of blood, staring blankly ahead.

Before him stood a pitch-black stone gate, hundreds of feet high.

The gate was ancient in style, its doors tightly shut, its surface covered with twisted runes. Those runes writhed like living things, emanating a chilling aura.

This was the Gate of Reincarnation.

Chapter 5905

At this moment, before the Gate of Reincarnation, knelt 100,000 controlled souls.

They came from various sects, young and old, men and women, all with ashen faces and eyes filled with despair.

These were all recently collected by the Evil Path Hall, and now they were all brought here as sacrifices to open the Gate of Reincarnation.

Originally, as long as these cultivators' souls were still intact, they were not truly dead and still had a chance to reshape their physical bodies. Even if they could not reshape their physical bodies, they could still possess another body!

But now, they had all been captured, and no one knew what they were to be done with!

"Let's begin," Zhan E said calmly.

"Yes!" A black-robed elder responded, waving his bone staff.

"Sacrifice...!"

The souls of 100,000 cultivators simultaneously let out a shrill scream. Their souls vanished at a visible speed, their soul power forcibly extracted, transforming into 100,000 streams of blood-red light that flowed into the Gate of Reincarnation!

"Boom...!"

The Gate of Reincarnation trembled violently, its doors slowly opening a crack.

Within the crack lay endless darkness. In the darkness, countless twisted figures could be vaguely seen struggling and wailing.

These were the souls of the dead from the Land of Reincarnation, condemned to eternal damnation.

"With 100,000 souls as a sacrifice, I respectfully welcome the three Vice Hall Masters...back!"

Zhan E formed hand seals and chanted ancient incantations.

The incantations, like a summons from the Nine Netherworlds, pierced through the Gate of Reincarnation and entered the endless darkness.

A moment later, three illusory figures floated out from the crack in the door.

They were none other than the three Vice Hall Masters: Po Sha, Gu Mo, and Hun Miel!

However, their current state was extremely strange.

Their bodies were semi-transparent, like ghosts, their eyes empty and devoid of any spirit.

“Why haven’t you returned yet!”

Zhan E roared, biting his tongue and spitting out three mouthfuls of blood essence. The blood essence transformed into three beams of blood light, shooting into the bodies of the three deputy hall masters.

“Buzz...!”

The three bodies quickly solidified, and their eyes gradually regained their clarity.

A few breaths later, the three opened their eyes simultaneously.

“Hall Master...”

Deputy Hall Master Po Sha spoke first, his voice hoarse, “We... are back.”

Deputy Hall Masters Gu Mo and Hun Mie also regained consciousness one after another. The three looked at each other, seeing the fear and relief in each other’s eyes.

They were indeed dead, their souls completely annihilated by David’s sword.

But because their soul imprints remained in the Gate of Reincarnation, they were able to be summoned back.

However... this resurrection was not without its price.

The three’s auras were noticeably weaker than before, especially Deputy Hall Master Hun Mie, whose presence had become blurred, as if he might dissipate at any moment.

“Useless.”

Zhan E coldly stared at the three. “Three peak ninth-grade Heavenly Immortals were killed by a mere second-grade Heavenly Immortal junior. How dare you return?”

The three immediately knelt down: “Palace Master, please forgive us! That David... is truly bizarre! We have never seen his power attribute before; it seems to be able to counteract all evil techniques!”

“Moreover, he possesses the bloodline of the Golden Dragon and has inherited the ‘True Scripture of Earth Fire’ from the Earth Fire Ancestor. His combat power far exceeds his cultivation...”

“Enough!”

Zhan E interrupted them. “Failure is failure; there’s no need for excuses.”

He looked at the Gate of Reincarnation, a hint of apprehension flashing in his eyes:
