## Chapter 5971

“Ugh!”

David let out a roar of pain and ecstasy. Countless bloody gashes instantly burst open on his body, only to heal rapidly under the influence of the chaotic power, before bursting open again!

His dantian felt like it was about to explode, the four-colored primordial star completely submerged and washed away by the surging chaotic primordial energy!

This was not a gentle fusion, but a domineering devouring and reshaping!

David felt his consciousness floating in the boundless chaos, as if he had become a speck of dust at the beginning of the universe, witnessing the gathering and dispersing of nebulae, the birth and death of galaxies, and feeling the surge of the most primal power.

His flesh, meridians, bones, internal organs, even every drop of blood and every cell, were being frantically washed away, transformed, and sublimated by this most primal power!

The chaotic immortal power within him, as if encountering a king, rejoiced and rapidly assimilated and strengthened.

The power of the Five Elements, the true essence of earth fire, and the bloodline of the golden dragon, under this absolute primal impact, had their original repulsion and barriers forcibly broken, and began to merge with the central chaotic origin at a faster speed and in a deeper manner!

The four-colored primal star, far from collapsing in the chaotic torrent, seemed to have received the most precious nourishment, its volume expanding again, its light growing ever brighter, and its four colors fading.

Gradually, it transformed into a hazy, undefined gray, and the structure within the star became more complex and profound, as if truly evolving into a miniature chaotic world!

His cultivation, originally firmly locked at the peak of the fifth rank of the Heavenly Immortal Realm, was broken through one after another like paper under the impetus of this terrifying power!

Sixth rank of the Heavenly Immortal Realm!

Mid-sixth rank of the Heavenly Immortal Realm!

Late-sixth rank of the Heavenly Immortal Realm!

Seventh rank of the Heavenly Immortal Realm!

Ultimately, his cultivation stopped at the early seventh rank of the Heavenly Immortal Realm!

But this was merely an increase in energy.

The true transformation lay in the leap in his life essence, the essence of his power, and his understanding of the Great Dao!

After an unknown amount of time, the light of the Chaos Origin Seed gradually subsided, eventually merging completely into David's body and disappearing.

The strange phenomena on David's body also slowly subsided.

He remained standing in the same spot, his eyes closed.

But his entire demeanor underwent a dramatic change.

His former sharpness had become restrained and profound, like a bottomless ancient pool.

His skin was as clear as jade, faintly shimmering with chaotic light.

The Five Elements Earth Fire patterns on the back of his hands had disappeared, replaced by an extremely faint, almost imperceptible, slowly rotating chaotic vortex mark on his palm.

His hair moved without wind, the ends seemingly tinged with a trace of chaotic color.

When he opened his eyes, a fleeting image of creation and the annihilation of galaxies flashed before his eyes returned to a deep and calm state.

He gently clenched his fist, without using any spiritual power; his physical strength alone caused the surrounding space to hum under immense strain. Within his body, the primordial energy, now transformed into a "chaotic star ,

" slowly rotated, radiating a boundless yet perfectly unified power.

The four forces—chaos, the five elements, earth fire, and golden dragon—had now completed their initial “refinement,” perfectly merging with chaos as their foundation, without any barriers, operating at will.

An unprecedented sense of power filled his entire body.

“Hoo...”

David exhaled a long breath, the aura carrying a faint chaotic hue that lingered for a long time.

He knew that this trip to the cave had yielded far more than expected!

Not only had he obtained the inheritance of an ancient Qi cultivator pointing directly to the Great Dao, but he had also fused with the “chaotic primordial seed,” completing the initial qualitative change in his power, and breaking through two cultivation realms!

At this moment, the Crimson Cloud Demon Lord also carefully carried over a Nine-Aperture Grass radiating a soft soul light, his face filled with barely suppressed excitement: “I got it! I really got it! With it, I can save her!”

When he saw David’s change, he was even more surprised, “You...you seem like a different person? Your cultivation is...a seventh-grade Celestial Immortal?! What exactly is that ball of light?”

David smiled slightly, his smile carrying an inexplicable sense of majesty and peace: “A stroke of good fortune. Senior, congratulations on achieving your wish. We should also leave. The inheritance here has been obtained, and the cave will probably close or become unstable soon.”

As if to confirm his words, the entire cave began to tremble slightly, and the light on the ancient murals on the stone walls quickly dimmed.

The skeleton of the Qi Refiner named Hongyuan also turned into crystalline dust in a gust of wind, dissipating into the world, leaving only a faint mark in place.

“Let’s go!”

The two dared not delay and quickly returned along the same route.

The journey there was arduous, but the return was much smoother; the trials and tribulations did not reappear.

When they emerged from the cave and returned to their idyllic paradise, they found the entire space unstable. Cracks appeared in the sky, vegetation withered rapidly, and spirit beasts vanished as specks of light.

They dared not linger. Relying on their enhanced strength and heightened spatial awareness, they found the now extremely unstable spatial node they had entered from and leaped forward!

Another dizzying teleportation ensued.

When their feet touched solid ground again, and they felt the chaotic energy at the edge of the familiar Void Gale, they both breathed a sigh of relief.

Looking back, the distorted area where the Eye of Return to Nothingness had been located had completely disappeared, as if it had never existed.

“It’s over,”

the Crimson Cloud Demon Lord said, looking at the Nine Aperture Divine Soul Grass he had carefully protected, filled with emotion.

David, feeling the surging new power within him, gazed towards the direction of the Evil Path Palace, his eyes sharp as knives, the chaotic stars slowly rotating in his dantian.

“Time to go back. Then... let’s settle the score with the Evil Path Hall!”

The two exchanged a smile, transformed into streaks of light, and sped off towards the valley where the alliance was hiding.

David was now incredibly confident; he believed that with his strength, he could easily annihilate Zhan E and Xue Youming!
