

The Mans Decree (chinese) - The Mans Decree (chinese) 3311

Protector Gong was scared, whether it was in terms of strength or playing with poison, he surprisingly realised that he was inferior to Kai!

At this rate, not to mention killing Kai, even his own life would be difficult to protect!

Protector Gong glanced at Elder Fei and realised that Elder Fei was following Elder Miao in a fierce battle, and the strength of the two was considered to be equal, with the strength of the sixth rank of the Transition Realm, so it was estimated that it would be some time before he would be able to tell the winner from the loser!

As for his men, they were also following many cultivators in a bitter battle, he didn't expect that this time when he came across this group of cultivators, they would be so united!

In the past, he had ambushed quite a few human cultivators, and every time, he was able to win, and many of them ran away after fighting each other!

But this time, it was expected to be planted.

At the moment, not far away, there were also bursts of roars of silver red tigers coming from the area, if those silver red tigers were joining the fight, then none of them would be able to run away! .???

"Elder, withdraw, quickly withdraw"

Protector Gong shouted, then turned around and ran!

They simply had no advantage to speak of right now, and could only retreat for the time being, in search of other opportunities!

Elder Fei was also frowning slightly at the moment, he also didn't expect that within a small human expedition's team, there was an expert of the sixth rank of the Transition Realm like Elder Miao!

At this moment, Elder Fei also had the intention of retreating, since he could not kill Kai, he had to save his strength first and look for opportunities!

Once they had the intention to retreat, all of these demonic cultivators began to withdraw while fighting!

The Gong Protector even turned his head and ran towards the depths of the mountain range without a care in the world!

Seeing this, Kai stepped out and chased after him with a flash of his body!
Protector Gong originally thought that he had been in the Red Training Mountain Range for many years and was already familiar with it, so it would be very easy for him to get rid of Kai!

However, he found that no matter how much he ran for his life, Kai was like a ghost, always following him!

“Kid, I have no grudge against you, why are you chasing after me?”

“It’s not me who wants to kill you, and since you and I are both pharmacists, can’t you just let me go? If I’m pushed to the edge, I’m not one to be messed with.”

Protector Gong ran and followed Kai with soft words.

He hoped that Kai would let himself go and not chase after him!

“I have no grievances with you, so you made a move to kill me, and now that you realise that you can’t kill me, you start begging for mercy, aren’t you thinking too much?”

Kai said nonchalantly!

“Kid, don’t think that I am afraid of you, I just don’t want to expose too much, since you are in hot pursuit, then don’t blame me

Seeing this, Protector Gong’s figure came to an abrupt halt!

Kai saw that Gong Guardian stopped and followed suit, looking coldly at that Gong Guardian!

“Come out

At this time, from behind the trees on one side, Sikong Zhen slowly walked out!

The reason why Protector Gong stopped was also because he had discovered Sikong Zhen’s presence!

He himself was no match for that Kai, and with the addition of Sikong Zhen, Kai would definitely be helpless!

“Protector Gong, I really didn’t expect you to be chased around by a brat, it seems that my choice to co-operate with you was really the wrong choice.”

Sikong Zhen said with some dissatisfaction as he looked at Protector Gong’s wretched appearance!

He had taken the risk of luring Cai Hongwei away, but he had never expected to end up in this state!

“Prince Sikong, your co-operation with me will definitely not be a wrong choice, now that the two of us have joined forces and killed this Kai, I can give you anything you need.”

“Don’t you just want to get Immortal Qi, after killing this Kai, I can tell you where Immortal Qi exists, I’ve been in this Chilian Mountain Range for many years, there’s no place I don’t know.”

Protector Gong seduced that Sikong Zhen!

Sure enough, when Sikong Zhen heard the words Immortal Qi, there was a hesitant look in his eyes! Protector Gong was scared, whether it was in terms of strength or playing with poison, he surprisingly realised that he was inferior to Kai!

At this rate, not to mention killing Kai, even his own little life would be hard to protect!

The Mans Decree (chinese) - The Mans Decree (chinese)

Not only Sikong Zhen, even Kai became interested when he heard that this Protector Gong knew where the Immortal Qi was!

Originally, he had planned to kill this Gong Guardian, but now it seemed that he could not kill him yet, he had to let him lead himself to the location of the Immortal Qi!

“Alright, I promise you, but if you dare to lie to me, I’ll let my father bring people to destroy you.”

Sikong Zhen finally agreed to Protector Gong!

After all, the lure of Immortal Qi was just too great for him!

“Just with you wanting to kill me, aren’t you a little out of your depth?”

When Kai saw that Sikong Zhen even dared to agree, he could not help but sneer!

“Hmph, whether or not you are unself-important, you will only know if you try!”

Sikong Zhen snorted coldly, and a longsword instantly appeared in his hand!

Only to see Sikong Zhen’s long sword shake, countless sword awns shot out from that long sword!

As Sikong Zhen made his move towards Kai, that Gong Guardian was not idle either, only to see his brows furrowed, and from the centre of his brows, he unexpectedly squeezed out a few drops of essence blood!

A few drops of essence blood floated in mid-air, emitting a strange bloody odour!

Then it was seen that inside Protector Gong’s stomach, it was as if there was movement writhing, and Protector Gong’s expression started to become hideous!

Wow

Protector Gong suddenly opened his mouth, and from his mouth unexpectedly crawled out countless poisonous insects, which headed towards those drops of essence blood!

It was as if there were countless poisonous insects in that Protector Gong's body that had been constantly crawling outwards!

At this moment, Sikong Zhen was already fighting with Kai!

The longsword in his hand was constantly swinging out sword awnings, launching attacks towards Kai!

Kai, on the other hand, was holding the Dragon Cutting Sword, absentmindedly fending it off!

Kai's gazes all fell on that Protector Gong's body, even though Kai had seen a lot of things, he still did not know what this Protector Gong was doing and why so many poisonous insects were gushing out from his body!

"Mr Chen, this is the Golden Silkworm Compulsion Poison, right now it looks like worms, soon these poisonous worms will disappear, the poisonous worms will dissolve into the entire void and will not be detected at all."

"This Golden Silkworm Compulsion Poison will not only poison people, but also eat away at their souls, even if it is an immortal's soul, it can't suffer, and eventually become a walking corpse."

"I heard a long time ago that this kind of Golden Silkworm Compassion Disappeared, but I didn't expect that there are still people keeping it, this kind of thing that has to be kept in the host's body, every month it has to suck the host's blood, every time it is extremely painful, so very few people are keeping these Golden Silkworm Compassion Disappeared."

In the sea of consciousness, Ochre Yan followed Kai and introduced!

When Kai heard this, he also could not help but sweat, he did not think that there would be someone who would raise the poisonous insects in his body, it was simply outrageous!

After those Golden Silkworm Compound Poisons had sucked up the essence blood of Gong Gong's protector, one by one, they began to become transparent, and in the end, they even disappeared!

Kai knew that these poisonous insects had not disappeared into thin air at all, but had died and dissolved into the void!

If it wasn't for Ochre Yan's timely reminder, it was possible that Kai would have been caught!

When those Golden Silkworm Compound Poison disappeared, Kai was already prepared, and after forcing Sikong Zhen back with his sword, his figure violently retreated backwards!

Seeing this, Sikong Zhen thought that Kai was afraid of himself, and immediately said with a cold smile on his face “Kid, aren’t you a bully, why did you run away?”

Kai did not pay any attention to Sikong Zhen, but instead stared at that Gong Protector to death!

After releasing those Golden Silkworm Compass Poison, Protector Gong’s eyes were filled with pain and reluctance, but in the end, he turned around and ran away!

When Sikong Zhen saw that Protector Gong even turned and ran, he was a little confused for a moment, he had clearly forced Kai to retreat, how could Protector Gong still run away?

Just as Sikong Zhen was unable to understand, he suddenly felt his body tighten, and immediately after, it was as if something was gnawing away at his divine soul!

Sikong Zhen’s expression became very grim, and the pain was a hundred times more intense than the physical body!

Sikong Zhen's expression became very grim, and the pain was a hundred times more intense than the physical body!

Looking at Sikong Zhen's appearance, Kai knew that these were the ghosts of that Golden Silkworm Compass Poison!

Kai did not expect that that Protector Gong had not even spared Sikong Zhen!

In the beginning, he had snubbed Sikong Zhen, just so that Sikong Zhen would stall Kai so that he could use his means to release these Golden Silkworm Compulsion Poison!

"Ah"

Sikong Zhen hissed, that expression looked very painful!

Soon, Sikong Zhen's expression became more and more wooden, and in the end, his eyes became hollow and lifeless, and his entire person stood as if he was a walking corpse!

This was the symptom of Sikong Zhen's divine soul being eaten away, the current Sikong Zhen was already a shell, and it wouldn't be long before he became a meal in the mouth of the demonic beast!

Sikong Zhen had gone to great lengths to end up in such a situation! What's this?

This can also be considered retribution!

Sikong Zhen's mouth opened, and those poisonous insects crawled out from Sikong Zhen's mouth, and the poisonous insects that had just come out were still able to see their shapes!

Seeing this, Kai hurriedly shot out a ball of Supreme Flame, intending to use the Supreme Flame to burn these poisonous insects to death!

The Supreme Flame burned along with that Sikong Zhen's body!

Soon, Sikong Zhen's body was burnt to ashes, but those poisonous insects surprisingly did not suffer the slightest damage!

"Damn, there are still poisonous insects that aren't afraid of the Supreme Flame, these Golden Silkworm Compass Poisons are too powerful."

Seeing this, Kai could only turn his head and run!

"Mr Chen, these Golden Silkworm Compound Poisons are ancient poisonous insects, nowadays there are very few people who are able to raise this kind of poisonous insects, if it wasn't for that guy who was trying to save his life, he probably wouldn't have released these Golden Silkworm Compound Poisons so quickly."

Ochre Yan said!

Ochre Yan was right, at this moment the escaped Gong Guanfa, had long been in pain, these Golden Silkworm Compound Poison was his biggest dependence, and also his bottom card!

These undercards, even the people of the Soulless Hall didn't know, in order to raise these Golden Silkworm Compass Poison, Protector Gong took a large amount of resources, not for his own strength enhancement, but for the purpose of raising these poisonous insects.

And the kind of pain that he experienced each time was not something that an ordinary person would be able to withstand!

The poisonous insects that Protector Gong had gone to great lengths to raise were all used on Kai's body, which caused Protector Gong to deplore, but there was nothing he could do about it!

The Golden Silkworm Compass Poison was once again dissolving in the void at this moment, and even if Kai used his divine sense, he could not detect it at all!

Now if someone came here, 100% of them would be injured by the poisonous insects, and they would still be attacked by the poisonous insects without being aware of it!

The speed of the poisonous insects was very fast, Kai could only desperately run away, and did not have the ability to chase after that Gong Guardian anymore!

“Ochre Amazing, is there no time for these Golden Silkworm Compass Poison to stop? They will keep attacking?”

Kai did not understand, no matter how powerful these poisonous insects were, there was always a time when they would stop, right?

“As long as this Golden Silkworm Compulsion Poison is released, then it must eat away at the Divine Soul until it is full, and then it will slowly stop, and then turn into a chrysalis, waiting to be reared by the next host.”

“If there is no one to feed them, these golden silkworm chrysalises will slowly disappear

Ochre Yan explained after Kai!

When Kai heard this, he was instantly confused, letting these Golden Silkworm Compasses feed on them, what a joke!

Just as Kai was desperately running away, Elder Miao came head on with his men!

They were afraid that Kai was in some kind of danger, so they chased after him!

Seeing that Miao Lao and the others were actually coming towards his side, Kai was shocked and hurriedly yelled “Don’t come over, run, run

Miao Lao and the others froze and looked at Kai at a loss!

They realised that there was nothing behind Kai, yet Kai was acting in a panic!

“Quickly run, quickly run

Kai saw that Miao Lao and the others were actually standing still, and once again, he shouted anxiously!

But it was already too late, Kai was about to follow Miao Lao and the others to make peace!

If Kai ran over, those Golden Silkworm Compound Poison would definitely follow along with him, and at that time, Miao Lao and the others would probably not be able to run away!

Kai saw that Miao Lao and the others were actually standing still, and once again, he shouted anxiously!

But it was already too late, Kai was about to follow Miao Lao and the others to make peace!

If Kai ran over, those Golden Silkworm Compound Poison would definitely follow along with him, and at that time, Miao Lao and the others would probably not be able to run away!

Thinking of this, Kai stopped with a clench of his teeth!

Kai had just stopped, when he immediately felt a strange sensation within his body, followed by a pain that came from a distance!

Kai felt as if his soul was being stripped away little by little!

Seeing Kai’s hideous expression, Elder Miao and the others wanted to come forward to help!

“Don’t come over, quickly get away from here, there are poisonous insects here

Kai reminded loudly!

When Elder Miao and the others heard this, they were so scared that they didn’t dare to be in close proximity and could only retreat backwards!

Those Golden Silkworm Compass Poison all entered Kai’s body, and then in Kai’s Sea of Consciousness, they desperately ate away at Kai’s Divine Soul!

Kai had already been sweating profusely at this moment, for these poisonous insects that had entered the sea of consciousness, Kai was helpless and could only watch these Golden Silkworm Compass Poison eat away at his soul!

Ochre Yan on the side looked very anxious, but could not help at all, he himself is left with this wisp of life soul, if he let those Golden Silkworm Compass Poison see him, surely will directly eat him!

Elder Miao and the others were also very anxious, looking at Kai's hideous appearance, they didn't know what exactly Kai had encountered!

At this moment, Kai only felt that the sky was spinning and his mind was a little unclear!

Seeing Kai in a little bit of loss of consciousness, suddenly in Kai's sea of consciousness, a golden light flashed up, it was the golden light emanating from the Dala Golden Dictionary, and then those golden silkworm parasites instantly stopped, and then desperately wanted to escape from Kai's sea of consciousness!

But the golden light was getting stronger and stronger, and finally all the golden silkworm parasites were slowly dissipating under the golden light!

When all the Golden Silkworm Compulsion poison disappeared, Kai's pain disappeared, and in the place where those Golden Silkworm Compulsion poison had just been, a silkworm chrysalis appeared!

Kai was very curious, how did these Golden Silkworm Compulsion Poison suddenly disappear and a silkworm chrysalis appeared?

Under Kai's gaze, the silkworm pupa slowly wriggled and finally broke its shell and emerged a Golden Silkworm Compulsion Poison Larva!

This Golden Silkworm Compassion Poison Larva looked a little peculiar, its whole body was even golden in colour, it looked a little cute, there was no way to associate it with a poisonous insect!

"Mr Chen, this Golden Silkworm Compound Poison Larva is so special, could it be the Golden Silkworm Compound Poison's King Insect, if it is, then it would be a fortune."

"There are very few Golden Silkworm Compound Poison nowadays, if we can get a king worm, after raising it, it can become Mr Chen's right hand ah."

Ochre Yan said with some excitement!

Kai also did not know if this was the king worm of the Golden Silkworm Compass Poison, but since such a Golden Silkworm Compass Poison larva had suddenly appeared, Kai then raised it!

This Golden Silkworm Compulsion Poison was also really powerful, Kai himself was at his wits' end, if not for the fact that he had the Great Luo Golden Code in his sea of consciousness, he was afraid that he would end up being eaten out of his divine soul and become a sentence of a shell!

"Then you keep it well, if it sucks blood, then let it suck, it's just this one, it can't suck much!"

Kai surprisingly gave this Golden Silkworm Compass Poison Larva, to Ochre Yan!

Ochre Yan was also very happy, this time he finally had a companion, even if it was just a worm!

“Little brother, are you alright?”

Elder Miao cautiously approached over and asked Kai!

“It’s fine.” Kai shook his head, then asked “Elder Miao, where are those demonic cultivators?”

“Ran away, these guys are familiar with this place, we weren’t able to catch up.”

Elder Miao said with a sigh!

After all, these demonic cultivators had been in this Chilian Mountain Range for many years, they were already familiar with this place, and it was the first time for many of them to enter this place, so of course it was impossible for them to catch up.

“Just run, after this time, they probably won’t dare to make a bad move, let’s quickly go and check on Boss Cai and the others.”

Kai led Old Man Miao and the others to look for Cai Hongwei and the others.

At this time, Cai Hongwei and the others were behind a hidden boulder, that Apothecary Chen was refining pills to heal Cai Hongwei’s injuries!

Miao Miao looked around nervously, her eyes full of worry, she was afraid that something might happen to her grandfather.

Miao Miao looked around nervously, her eyes full of worry, she was afraid that something might happen to her grandfather.

Fire Phoenix and Ji Yun were also worried about Kai, after all, those demonic cultivators were not easy to deal with!

However, just as everyone was worried, Kai had brought Old Man Miao and the others over!

“Mr Chen, are you alright?”

Seeing Kai, Ji Yun hurriedly greeted him!

“Grandpa,” Miao Miao also shouted happily when she saw that Miao Lao was also fine!

“It’s alright, those demonic cultivators have all been beaten away.”

Elder Miao said with a faint smile!

At this time, Pill Master Chen, who was refining pills, saw Kai coming and immediately came over and said “Pill Dignitary, although Boss Cai’s injuries are not serious, but if he wants to walk out of this Chilian Mountain Range on foot, it is estimated to be difficult enough, and he needs to recuperate for two days before he can do it, or else you can help to take a look at it?”

Pill Master Chen knew that he was not as good as Kai, so he said with great humility!

Kai just glanced at Cai Hongwei and then said “He has injured his meridians, he does need to recuperate for a while, but we must now find a safe place first.”

“This Chilian Mountain Range is infested with demonic beasts and now there are demonic cultivators, where is a safe place ah?”

Apothecary Chen was a bit worried!

Many of them were entering the Chilian Mountain Range for the first time and had no idea where it was safe!

“I know a place where it should be safer, even if there are demonic beasts, they will hide in that area.”

“There’s a cave there, I’ve been in there before, there’s nothing in there, but there’s no demonic beasts entering within a ten mile radius of that cave, it’s very strange.”

Cai Hongwei opened his mouth and said!

He had walked in this Chilian Mountain Range many times, so it was normal for him to know places that others didn’t know about!

“None of the demonic beasts dare to set foot in it?” Kai looked a little puzzled after hearing that “If that’s the case, that place is afraid that there is something that the demonic beasts are afraid of, right?”

“That was what I thought at the time, but I did check in that cave and found nothing, I also suspected if there was a treasure in that place, only I never found it.”

Cai Hongwei explained after Kai!

r> “Then let’s go to that cave and rest for a day, and wait for Boss Cai to be in better health before we rush.”

Kai proposed.

Kai’s proposal was very much agreed to by the crowd, after all, without Cai Hongwei leading the way, they wouldn’t be able to get out of this Chilian Mountain Range.

What’s more, the battle just now had also made the crowd very tired, and they needed to take a good rest and replenish their spiritual energy before they could do so!

The crowd assisted Cai Hongwei and began to head towards the cave that Cai Hongwei had mentioned!

On the other hand, Protector Gong also followed Elder Fei and the others to join together!

What was originally a sure win ended up getting to the point where he was being chased!

“Damn, I didn’t expect this kid to have an expert by his side, almost planted

Elder Fei gritted his teeth and said with an angry face!

“Elder Fei, then what do we do? Now that those human cultivators are very united, it is estimated that it will be difficult for us to make a move against that Kai in this Chilian Mountain Range.”

Protector Gong asked!

A Kai had almost cost him his life, and he had also released all the Golden Silkworm Compass Poison that he had managed to cultivate with great difficulty, it was simply a great loss!

“After this Chilian Mountain Range, it’s the Southern Region’s Meteorite Sun City, they’ll definitely be refurbishing there, we’ll first go to Meteorite Sun City to contact the city’s Demon Sealing Alliance.”

“Right now, relying on our strength alone, I’m afraid that we won’t be able to kill that brat Kai.”

Elder Fei said with a grave expression!

“Elder, if we go to Meteor Sun City, the aura on our bodies will be discovered as our identities, we are all Demon Cultivators, going to that kind of densely populated city is too dangerous, isn’t it?”

Protector Gong asked in surprise!

If he wasn’t afraid of discovery, Protector Gong wouldn’t have been able to bring people to stay in this Chilian Mountain Range for years, suffering like a savage!

“Don’t worry, I have pills here to mask my breath, so if you eat them, you won’t expose your identity.”

Elder Fei pulled out some pills from his body and distributed them!

Protector Gong knew that this pills from Elder Fei must have been given by the Demon Sealing Alliance as well, after all, he was the only one in their Soulless Hall who was a pharmacist himself and was able to refine pills.

On the other side, Kai and the others, at this moment, had already arrived around that cave under the leadership of Cai Hongwei!

“Ahead is where that cave is located

Cai Hongwei said as he pointed ahead!

Kai found that the trees in front of him had even started to become taller, obviously following the other places with a clear difference, and the sound of demonic beasts hissing all around had disappeared!

Kai frowned slightly, he knew that there must be something in this place, so much so that the plants and trees here were different from other places!

But what exactly was it, Kai did not know right now!

Just as Kai and the others were about to step into the range where the cave was located, suddenly a large figure scurried out and blocked in front of Kai and the others!

Everyone was startled and fixed their eyes to find that it was the Tiger King!

The sudden appearance of the Silver Red Tiger Tiger King made everyone tense up!

However, Kai was not afraid, but went straight forward and looked at the Tiger King, “Why are you blocking our way?”

“You should not be moving forward, that area in front of you is a forbidden area, it will be dangerous for you to go in.”

The Tiger King reminded Kai!

“Forbidden area?” Kai froze!

“What forbidden area, I’ve clearly gone in there

Cai Hongwei hurriedly retorted to the Tiger King!

The Tiger King didn’t pay any attention to Cai Hongwei, but continued to say to Kai “If it wasn’t for the fact that you helped us detoxify the poison, I wouldn’t have told you, it’s really dangerous in here, it’s best that you guys don’t go in!”

“What exactly is inside here? Surprisingly all the demonic beasts don’t dare to go in?”

Kai asked curiously!

“Don’t ask, I am just kindly reminding you, as to whether you listen or not, that is your own choice.”

After the Tiger King finished speaking, he directly disappeared with a single movement of his body!

At this moment, the crowd was all a little confused, and Kai also began to hesitate a little!

Everyone’s eyes were placed on Cai Hongwei! >

“I did go in, I didn’t lie to you all, there’s nothing inside the cave, and there’s nothing around here either.”

Cai Hongwei tried his best to explain.

“Boss Cai, I believe you, let’s go

Kai finally decided that it was better to go in and see what the danger was!

The crowd continued to move forward and soon stepped into the surroundings of that cave!

After just stepping into that range, Kai suddenly felt a familiar aura!

In this void, there was something different from aura!

One must know that the entire Celestial Realm was filled with aura, but the aura here was different from aura!

Kai felt something familiar, but could not recall it for a moment!

And the Fire Phoenix beside Kai’s side instantly frowned after stepping in!

“Master, this area doesn’t seem to be safe, there should be demonic beasts that have already taken over.”

“I just entered here and felt the warning and threat, this should be left behind by other demonic beasts.”

The Fire Phoenix was also a beast race and was particularly sensitive to such warnings and threats from beasts!

Kai also felt that something was wrong, but he could never remember what was wrong!

“You keep quiet for now and wait and see what happens

Kai reminded the fire phoenix to keep quiet for now, or else he was afraid of causing panic!

Soon, the crowd arrived at a cave, which had a large opening and was pitch black inside!

After walking into the cave, it was found that the cave was not very deep and was very spacious, there was nothing inside the cave, and even less demonic beasts infesting it!

If that Tiger King had not reminded him in advance, Kai would have thought that this cave was the safest place to be!

“I told you long ago, there is nothing in this cave, look at the empty space!”

“Don’t listen to that demon tiger, I don’t know what that demon tiger is up to.”

Cai Hongwei thought that the Tiger King was just scaring them, and now it seemed that there was really no danger!

“Since there’s no danger, let’s all rest quickly to recover our strength, I’ll first refine some pills for Boss Cai, and try to make sure he can recover first thing in the morning

Kai said to the crowd!

The crowd all began to sit on their knees, recovering their strength!

Kai, on the other hand, was quickly refining pills for Cai Hongwei to repair his meridians, Cai Hongwei had to recover to his peak as soon as possible, so that they could pass through this Chilian Mountain Range without any problems, or else when would they be able to walk out if they kept holding Cai Hongwei up!

After everyone had rested, Kai slowly walked out of the cave!

The surroundings of the cave were quiet, there was not a single sound, not even the roar of the demonic beasts!

Kai quietly felt the breath of this place, he always felt that this breath was somewhat familiar, but he couldn’t recall how!

“Master, why don’t you go take a rest?”

The Fire Phoenix also walked out of the cave at this time and asked!

“I always feel like there’s something familiar here, but I can’t remember.”

Kai said with a slight frown!

“Master, there is definitely a demonic beast occupying this place, I can feel it, only that I can’t sense exactly what demonic beast it is.”

“Moreover, the trees in this area are obviously different following the rest of the place, it looks like the demonic beast that occupies this place will never be an ordinary demonic beast.”

Fire Phoenix said!

“That’s for sure, even that Silver Red Tiger Tiger King doesn’t dare to approach and persuade us, then the demonic beasts in this place will definitely not be ordinary.”

Kai also understood that a demonic beast that the Silver Red Tiger Tiger King was afraid of, how could it be an ordinary demonic beast!

“The two of us will turn around, this place is not large, if that demonic beast is still around, we will definitely be able to discover it.”

Kai brought along the Fire Phoenix and began to explore around this cave entrance, wanting to see what kind of demonic beast was occupying this place!

However, after circling around twice in a row, he did not find anything, which made Kai very puzzled!

 Logically speaking, a demonic beast that was more powerful than even the Silver Red Tiger Tiger King must be very huge in size, it was impossible that it could not be discovered!

“Maybe that demonic beast happens to be absent, this is good, we can leave after resting, so as not to be in any conflict!”

Seeing that no demonic beast was found, Fire Phoenix said!

Kai could only nod his head “Let’s go back

But just as Kai and Fire Phoenix were planning to enter the cave, suddenly the earth trembled and a powerful breath fluctuation surged out from within that cave.

Kai and Fire Phoenix were stunned, followed by a hissing sound as Miao Lao and the others ran towards the outside of the cave!

Everyone had panic on their faces, and their mouths were shouting “Dragon, there is a dragon

As everyone ran out, a heat wave erupted from the cave!

Immediately after that a head the size of a house was revealed from the hole!

Seeing this, Kai hurriedly led the crowd backwards!

Soon, the dragon drilled out half of its body from the hole, and with only half of its body exposed, it was already tens of metres long!

Kai could tell at a glance that this was not a dragon, but a jiao, which looked similar because it was about to metamorphose into a dragon!

This kind of scaly dragon was considered a type of snake and was not considered a dragon!

“How can there be a dragon in this cave?”

Cai Hongwei was scared enough, he had just said that the cave was very safe, and now a huge sized dragon had emerged!

“The strength of this dragon is too strong, faint is the aura on it, we can’t even withstand it.”

Elder Miao’s face was also incredibly pale!

After all, when they encountered this kind of demonic beast, they didn’t have the slightest power to fight back!

When the fire phoenix saw the scaly dragon in front of her, she was also shocked saying “What a big scaly dragon, this is the first time I’ve seen it, you have to know that turning from a scaly dragon into a dragon is a nine deaths and one life.”

At this moment, the Jiao Dragon looked at Kai and the rest of them cultivators with those big eyes!

At this moment, the Jiao Dragon looked at Kai and the rest of them cultivators with those big eyes!

Kai had sort of remembered at this time why he had a familiar feeling as soon as he came here!

It turned out to be the aura of this Jiao Long’s body, which carried a hint of dragon qi.

Because this Jiao Long had not completely metamorphosed into a dragon yet, the dragon aura that was emitted was also very little and not pure, which was why it made Kai feel somewhat familiar, but he could not recall it!

“You human cultivators, how dare you, how dare you trespass into my territory, remembering that this is your first offence, quickly leave this place, otherwise I will not be polite.”

The Jiao Dragon spat out human words and threatened Kai and the others!

As soon as the crowd heard the words of the Jiao Dragon, they were relieved in their hearts, then they turned their heads and walked towards the distance to leave this area!

Only Kai was quietly looking at the Jiao Long, not moving a muscle!

“Master, let’s hurry up and go, this Jiao Long does have good strength.”

The Fire Phoenix stepped forward and pulled Kai to leave as well!

“You guys go first, I want to know how this Jiao Long was able to reach this realm.”

Kai doubted that this Jiao Dragon must have discovered Immortal Qi and then absorbed it to become an Immortal Beast before it immediately truly transformed into a Dragon!

It was possible that this fellow started out as a small snake!

After absorbing Immortal Qi, anything was possible!

Thinking of this, Kai’s eyes were filled with excitement, if this guy had really absorbed Immortal Qi and that was why he had become like this, then the Beast Dan in his body could be a real treasure!

Kai was even thinking of killing this Jiao Long in front of him!

The fire phoenix seemed to sense the killing intent under Kai’s excitement and hurriedly reminded “Master, don’t fool around, this jiao dragon is afraid that it will ascend soon, if it sneezes now, all of us will be left with no bones left.”

“Don’t worry, I won’t do anything stupid

Kai hurriedly smiled awkwardly, he didn’t expect that the Fire Phoenix had detected his little thoughts!

The Fire Phoenix had no choice but to slowly exit the area!

And that corner saw Kai still not moving, and he detected the slightest hint of killing intent from Kai’s eyes, suddenly his red eyes stared at Kai and said “Guy who doesn’t know the heights of heaven, do you want to kill me and take my beast dan?”

“There is this idea, but I know I can’t do it right now!” Kai surprisingly generously undertook to do so!

Not far away, Old Man Miao and the others almost didn’t vomit blood when they heard Kai’s words!

What the hell was Kai up to?

Facing the Jiao Dragon that was about to ascend in front of him, he still dared to talk like this!

That Jiao Dragon was also stunned, it did not expect Kai to actually admit it!

“Kid, if it wasn’t for the fact that this dragon was about to ascend and it was inappropriate to kill too much, you would have flown into ashes by now.”

The dragon snorted angrily and said!

“Don’t brag, and call yourself Ben Long Ben Long, you are nothing but a python, how dare you call yourself a dragon!”

Kai said with a disdainful smile!

“Kid, you seek death

The Jiao Dragon was enraged.

One had to know that the Jiao Dragon was most annoyed with people calling it that!

Elder Miao and the others were considered to be completely shocked, they simply couldn’t figure out why Kai deliberately provoked this Jiao Dragon, was it just to seek death?

Only to see the Jiao Dragon roar, its terrifying aura was like a tornado, causing Elder Miao and the others to not be able to stand at all!

Kai, on the other hand, had both his feet dead-set into the ground, while the Dragon Crystal in his chest began to flicker!

When that Jiao Dragon saw the Dragon Crystal on Kai’s chest, and felt the pure Dragon Qi radiating from Kai, the whole person instantly froze!

It was only after a while that the Jiao Dragon lowered its head with a shocked face, no longer having that lofty aura!

Seeing this, Kai violently leapt above the head of that Jiao Long!

Watching the change in that Jiao Dragon, everyone was shocked, they couldn’t figure out how this kind of Jiao Dragon, which was almost invincible in the Celestial Realm, would bow down to Kai.

Kai allowed the Jiao Long to take himself into the cave!

After all, Kai’s identity, not wanting too many people to know, could only go into the cave and follow the Jiao Dragon to talk!

After hearing this, the Jiao Dragon immediately brought Kai into the cave!

When he got inside the cave, Kai realised that at the bottom of this cave, there was actually a cave that went straight underground!

This augur was right there underground and had sealed the cave, so Kai and the others entered inside the cave, which had nothing in it, and quickly made their way to the bottom of the cave!

“What are you?” Jiao Long asked to Kai!

“You don’t need to care what I am, I’m asking you now, just answer truthfully, if you satisfy me, I can enlighten you a bit and make you a true dragon.”

Kai said with a lofty expression!

After hearing this, the dragon immediately said politely “You ask, I will definitely know everything

“How did you become like this? Did you absorb Immortal Qi to become a Jiao Dragon?”

Kai asked directly!

“Yes, I used to be nothing more than a Red Chained Snake, and I stumbled upon the boulder that possessed Immortal Qi, so I’ve been absorbing Immortal Qi to cultivate.”

“After so many years, I have been stuck at the Ascension Realm, never being able to truly turn into a dragon and ascend.”

The dragon said truthfully!

“Is that Immortal Qi Monolith still there?” Kai asked!

“In!” The Jiao Dragon nodded!

“Take me to see

The Jiao Dragon led Kai and began to drill towards the bottom of the bottomless cavern!

After an unknown amount of time, a red colour began to appear before Kai's eyes.

It turned out that it was magma, and the red magma was boiling at a temperature of thousands of degrees!

However, Kai's body was not afraid of it, even if it was the temperature of the Devil's Supreme Fire, Kai's body could withstand it, the magma was nothing!

Kai saw that in the centre of the magma, a huge stone was immersed in the magma, the huge stone was so big that it was more than enough for the dragon to coil on top of it!

"Such a large Immortal Qi stone?"

Kai said with some surprise!

"Of course, how else could it have been available for me to absorb for so many years, but now there is very little Immortal Qi left within this boulder, if I can't make use of this Immortal Qi to ascend, I'm afraid that I'll forever be stuck in this current state."

Jiao Long said in a very despondent manner!

Kai looked at the Immortal Qi boulder in front of him and leapt onto it, then realised that the Immortal Qi emanating from within that boulder was the same as the one he had found within the Ice Spirit Fragment in the Far North!

Although the Immortal Qi within the boulder was not much for the Jiao Long, it was nearly depleted!

But for Kai, it was a great treasure, and it was estimated that he would have no problem breaking through a small realm!

It was important to know that the resources needed for Kai to break through a minor realm was several times or even dozens of times that of other people!

"Your current strength is completely capable of ascending, you're just stuck on perception, after all, you're not a true Dragon Race, even if you have a few bits of Dragon Qi in your body, it's not pure!"

"I will now pass on some pure dragon qi to you, and then you will sense it, when you truly sense everything about the dragon race, I believe you will be able to ascend into a true dragon race."

Kai said to the Jiao Dragon!

"Many thanks"

The Jiao Dragon transformed into a fluttering man as his body shifted and knelt down directly in front of Kai!

No matter what Kai's identity was, that Dragon Crystal in his body was real, and there was also that pure Dragon Qi!

So the Jiao Long didn't need to ask much to know that Kai was definitely a member of the Dragon Clan!

To be able to receive the enlightenment of a true dragon, this was also considered the Jiao Long's good fortune!

Kai gently pressed one of his hands on the head of the Jiao dragon, and a wave of dragon qi entered the body of the Jiao dragon!

“Is that Immortal Qi Monolith still there?” Kai asked!

“In!” The Jiao Dragon nodded!

“Take me to see” Kai was curious to know what the Immortal Qi Stone that could make a small Red Chained Snake turn into a Jiao Dragon was like!

The Jiao Dragon led Kai and began to drill towards the bottom of the bottomless cavern!

After an unknown amount of time, a red colour began to appear before Kai’s eyes.

It turned out that it was magma, and the red magma was boiling at a temperature of thousands of degrees!

However, Kai’s body was not afraid of it, even if it was the temperature of the Devil’s Supreme Fire, Kai’s body could withstand it, the magma was nothing!

Kai saw that in the centre of the magma, a huge stone was immersed in the magma, the huge stone was so big that it was more than enough for the dragon to coil on top of it!

“Such a large Immortal Qi stone?”

Kai said with some surprise!

“Of course, how else could it have been available for me to absorb for so many years, but now there is very little Immortal Qi left within this boulder, if I can’t make use of this Immortal Qi to ascend, I’m afraid that I’ll forever be stuck in this current state.”

Jiao Long said in a very despondent manner!

Kai looked at the Immortal Qi boulder in front of him and leapt onto it, then realised that the Immortal Qi emanating from within that boulder was the same as the one he had found within the Ice Spirit Fragment in the Far North!

Although the Immortal Qi within the boulder was not much for the Jiao Long, it was nearly depleted!

But for Kai, it was a great treasure, and it was estimated that he would have no problem breaking through a small realm!

It was important to know that the resources needed for Kai to break through a minor realm was several times or even dozens of times that of other people!

“Your current strength is completely capable of ascending, you’re just stuck on perception, after all, you’re not a true Dragon Race, even if you have a few bits of Dragon Qi in your body, it’s not pure!”

“I will now pass on some pure dragon qi to you, and then you will sense it, when you truly sense everything about the dragon race, I believe you will be able to ascend into a true dragon race.”

Kai said to the Jiao Dragon!

“Many thanks”

The Jiao Dragon transformed into a fluttering man as his body shifted and knelt down directly in front of Kai!

No matter what Kai’s identity was, that Dragon Crystal in his body was real, and there was also that pure Dragon Qi!

So the Jiao Long didn’t need to ask much to know that Kai was definitely a member of the Dragon Clan!

To be able to receive the enlightenment of a true dragon, this was also considered the Jiao Long’s good fortune!

Kai gently pressed one of his hands on the head of the Jiao dragon, and a wave of dragon qi entered the body of the Jiao dragon!

Feeling this dragon qi, the Jiao Long slowly closed its eyes, and a foul odour unexpectedly began to emanate around its body!

Soon, the graceful Jiao Long, at this moment, had long been covered in dirt!

Kai leapt and moved away from the Jiao Long, then quietly looked at him!

Kai knew that this Jiao Dragon must be metamorphosing because of his own Dragon Qi, sensing everything about the Dragon Race, and that was why he was emitting a foul stench!

Roar

Suddenly, the jiao dragon reappeared in its beastly form, and the scales on its body were shedding off in large patches!

Soon the original crimson scales on the Jiao Long's body unexpectedly turned silver.

Dragon horns slowly grew out of the top of the augur dragon's head, and a pair of dragon claws were also forming at a speed visible to the naked eye!

After just one hour, the augur dragon had completely metamorphosed, and now he was a real dragon!

“Thank you

The Jiao Long hovered, feeling the changes in his body, and was excited inside!

“Now that you and I are of the same clan, it's only right that I can help you out.”

Kai said with a faint smile!

The Jiao Dragon circled around Kai and then soared into the sky!

The entire mountain was impacted with a huge gaping hole, and then the Jiao Dragon's body shot straight up into the sky!

Rumbling

Listening to that huge rumbling, looking at the augur dragon that suddenly rushed out from within the mountain!

Everyone was very shocked!

“What's the situation? Could it be that the augur dragon has ascended?”

Elder Miao and that Cai Hongwei were all stunned and said!

None of them could have imagined that the Jiao Dragon would have ascended so quickly!

To know that the beast race's metamorphosis and ascension is going to be even more difficult than the human race, it's not that easy!

A multicoloured haze suddenly appeared in the sky , and the haze shone on the entire Chilian Mountain Range, making the darkness of the entire Chilian Mountain Range as if it was day!

This haze also makes the demonic beasts in the Chilian Mountain Range, one by one, shrinking in place, not a head dares to make the slightest sound!

Thousands of miles away in Meteor Sun City, many people also noticed this haze!

“Five-coloured haze light, too beautiful, is this someone ascending?”

“The Chilian Mountain Range, that’s the direction of the Chilian Mountain Range, it’s been a long time since the Celestial Realm has seen this colourful haze of ascension.”

“I don’t know what kind of person is ascending, is it a beast race or a human race

The crowd all had envy in their eyes!

Ascension

A dream of all cultivators in the Celestial Realm!

All of their efforts are for the moment they ascend into Immortality!

Elder Miao’s and their mouths opened roundly as they watched that auger dragon fly into that multicoloured haze, slowly disappearing!

The multicoloured haze light disappeared, and only then did the crowd slowly come back to their senses!

“Mr Chen, where is Mr Chen?”

Ji Yun remembered Kai and desperately ran towards the cave!

Fire Phoenix, along with the others, also ran towards the cave!

After all, these people had all received favours from Kai, especially Old Miao following Cai Hongwei, they could not be ungrateful people!

What’s more, now that the Jiaolong had ascended, there was no more danger in the cave!

When the crowd entered the cave, they were instantly stunned by the sight before them!

Only to see that there was a downward passage at the bottom of the cave, and as they followed it, they discovered that Kai was sitting on a huge boulder, and around the boulder, there was boiling magma!

The temperature of thousands of degrees caused all of them to sweat profusely and frown!

“Master should be cultivating, let’s not disturb him

The Fire Phoenix could see that Kai was cultivating, so he spoke out to remind him!

When the crowd heard this, they hurriedly retreated, leaving Kai to cultivate in that boulder mountain!

The sky gradually brightened up, and the crowd recovered quite a bit of their strength after resting!

Especially Cai Hongwei, who had eaten the elixir that Kai had refined, had completely recovered!

“Go see how little brother is doing

Elder Miao said as he woke up!

Just as the crowd was about to follow Elder Miao to check on Kai’s condition, suddenly a muffled thunderclap rang out in the sky!
