A Man Like None Other Chapter 4116 -4117

[The Man Decree] A Man Like None Other Chapter 4116-Peng Wu's face was very ugly, but he didn't want to give up the position of the leader so easily!

"Master Bai, this man is so young, I'm afraid it's difficult for him to take on the big responsibility. Liangyi Sect has developed for so many years, and I have made contributions but also worked hard. If you ask me to give up the position of the leader in one sentence, I'm afraid some brothers will not accept it."

"You want me to give up the position of the leader, as long as this kid's formation technique is better than mine, I will give up the position of the leader immediately."

Peng Wu said very unconvinced.

Although the ancestor has spoken, this position of the leader is probably not going to be kept, but he has to fight for it!

Seeing that Chen Ping is so young, and he is only the sixth level of the Tribulation Realm, Peng Wu decided to compete with Chen Ping!

As long as Chen Ping loses, how can he still be the leader of the sect!

Bai Ju heard it, so he looked at Chen Ping and said, "Junior brother, he wants to compete with you in formation, what do you mean?"

"It doesn't matter!" Chen Ping smiled faintly!

Peng Wu on the side was directly confused. Bai Ju actually followed Chen Ping and called him Junior Brother?

So the Divine Pattern Ancestor is Chen Ping's apprentice?

But for so many years, he hasn't heard that the Divine Pattern Ancestor has accepted another apprentice?

"Since you want to compete, then compete. As for how to compete, you have the final say!"

Bai Ju said to Peng Wu!

Bai Ju is 100% confident about Chen Ping's array strength!

He can quickly condense his own divine pattern and learn so many divine patterns!

How could someone who has even condensed the magic pattern be afraid of a little Peng Wu! If

it really comes to the art of array, Bai Ju is afraid that he is not Chen Ping's opponent!

"Okay, in order to avoid causing harm, we will only compete in breaking the array."

"We will perform three arrays against each other and let the other party break it. Whoever breaks the other party's array first will win."

Peng Wu said!

"No problem!" Chen Ping nodded!

"Then let's go to the martial arts field to perform..."

Peng Wu took Chen Ping and the others to the martial arts field!

Others followed behind.

Only then did Gu Tianchao have the opportunity to quietly approach Chen Ping!

"Mr. Chen, what's going on? Why did you suddenly become the leader of the sect? Was it arranged by the ancestor of the divine pattern?"

Gu Tianchao asked in confusion!

You know, Chen Ping came to help him become the leader of the sect, and now Chen Ping wants to be the leader himself, which is a bit unreasonable!

"I don't want to be the leader of this sect either. There is really no way. Your ancestors forced me to do it."

"But don't worry, when I become the leader of the sect, I will immediately appoint you as the deputy leader. When I leave Liangyi Sect, you, the deputy leader, will be in charge of everything."

Chen Ping patted Gu Tianchao on the shoulder and said!

Gu Tianchao looked at Chen Ping in disbelief when he heard it. He had never heard that the ancestor of the divine pattern forced someone to be the leader of Liangyi Sect!

But looking at Chen Ping, he didn't seem to be lying, and Bai Ju brought Chen Ping here personally, so it should be true!

"Mr. Chen, have you really become the disciple of the ancestor of the divine pattern?"

Gu Tianchao asked curiously!

“He wanted to take me in as his apprentice and teach me how to carve divine patterns, but I just didn’t agree.”

“I’ve already learned divine patterns, why do I need a master?”

Chen Ping said calmly!

“You’ve learned divine patterns?” Gu Tianchao was almost angry to death after hearing Chen Ping’s words!

What kind of Versailles statement is this?

You have to know that if the people of Liangyi Sect want to learn divine patterns, they must reach the status of the sect master, and even if they have to study for decades, they may not be able to learn a divine pattern!

Chen Ping has only been here for a few days?

He has learned all the divine patterns?

Gu Tianchao would never believe it, this is too outrageous!

Moreover, how many people wanted to ask the ancestor of divine patterns to accept disciples, but the ancestor of divine patterns simply did not agree. Even if he was the sect master of Liangyi Sect, he was just a little higher in status and position, and he was not qualified to be the disciple of the ancestor of divine patterns!

[The Man Decree] A Man Like None Other Chapter 4117-Looking at Gu Tianchao’s shocked look, Chen Ping just smiled and said nothing!

After all, this kind of thing sounds a bit outrageous to anyone!

Just like rich people, they drink mineral water worth tens of thousands of bottles and throw it away after taking a sip!

If you tell this to ordinary people, they will never believe it. How could there be such expensive water, and they would throw it away after taking a sip.

Standing in different positions, so the thoughts are different!

Soon everyone arrived at the martial arts field. Because it was a battle to break the formation, there would be no casualties, so there was no defensive formation around the martial arts field!

“You are young, and you are a guest, so I will come first and let you take a closer look at how I set up the formation.”

After Peng Wu said this, he jumped directly onto the martial arts field and took out a brush from his waist!

Peng Wu was seen using a brush to continuously depict the formation pattern in the void!

“I didn’t expect this guy to have a formation pattern spirit pen.”

Bai Ju saw this scene and said with some surprise!

“Brother Bai, what is this formation pattern spirit pen?” Chen Ping asked curiously!

“Of course, the array pattern spirit pen is used to draw array patterns. You have to know that whether it is drawing array patterns or talismans, they are the same.”

“They all create various great ways of heaven and earth in the form of patterns, and when drawing, the cultivator must inject spiritual energy or other forces into the array pattern to make the array pattern have power!”

“But the drawing of array patterns often consumes a lot of spiritual power, and a lot of this spiritual power is wasted between heaven and earth.”

“If there is a magic weapon such as the array pattern spirit pen that is specifically used to draw array patterns, it can greatly reduce the consumption of spiritual power and strengthen the strength of the array.”

“Just like drawing talismans, if there is a spirit pen and good talisman paper, the power of the talisman drawn will be much greater!”

“For example, if you rely on your fingers to condense your spiritual consciousness or spiritual energy, you can draw three array formations in one breath in the void, but if you use a magic weapon such as this array pattern spirit pen, the same spiritual energy can be used to draw more array formations, or the drawn array formations will be more powerful.”

“However, there are too few treasures of this kind specially used by our array masters. I don’t know how this Peng Wu got the array pattern spirit pen. It seems that this guy is really hidden very deeply.”

Bai Ju explained to Chen Ping in detail!

Chen Ping was very good, and he was immediately interested, and his eyes lit up!

If he had this kind of thing, it would definitely be twice as effective with half the effort to depict the divine pattern, and the power of the array would be greatly enhanced!

“Brother Bai, is this kind of spirit pen the only treasure used by the array master?”

Chen Ping asked!

“That’s not the case. The treasures used by the array master are also of various kinds, not just spirit pens. However, no matter what kind of treasure the array master uses, if it is not a formation master, there is no way to use it.”

“After all, those treasures will only work when depicting array patterns. They can’t be used as weapons at ordinary times...”

Bai Ju said!

Chen Ping nodded. Anyway, he has the Dragon Slaying Sword and the Magic Whip. These weapons are enough. If there is such a spirit pen to depict the array pattern, it would be perfect!

“Brother Bai, if I snatch this guy’s spirit pen, it’s not too much, right?”

Chen Ping asked!

The array master has too few treasures, and Chen Ping doesn’t know where to find it. Now there is a ready-made one in front of him. If Chen Ping doesn’t get it, it will be a pity!

Bai Ju glanced at Chen Ping, and then smiled: “I don’t care. When you become the leader of the Liangyi Sect, everything in the Liangyi Sect will be yours.”

Chen Ping laughed when he heard Bai Ju’s words!

The meaning is obvious, that is, Chen Ping can of course snatch the spirit pen!

After all, in the world of heaven and man, it is a society where the strong prey on the weak!
