

## [The Man's Decree]

### [The Man Decree] A Man Like None Other Chapter 4121

**[The Man Decree] A Man Like None Other Chapter 4121**-Everyone looked at Peng Wu and laughed, and everyone had a confused look on their face!

*If you feel this chapter is wrong, please comment me, I'll fix it ASAP.*

"What's wrong with the sect leader? Is he stupid?"

"This formation hasn't been broken yet, why is he laughing, and he said he won?"

"Isn't it stimulated?"

Everyone looked at Peng Wu in confusion and talked about it!

Gu Tianchao was also a little confused, not knowing what Peng Wu was doing!

Only Bai Ju smiled faintly, looked at Chen Ping and said: "Junior brother, your illusion is really extraordinary..."

"No, no, it was not seen through by Senior Brother Bai at a glance..."

Chen Ping smiled modestly!

It turned out that Peng Wu didn't break the formation at all. As soon as he came on stage, he was caught in Chen Ping's illusion, but he didn't know it himself!

So in the illusion, he felt that he had broken the formation and won the competition!

That's why he laughed crazily and said he won!

In the eyes of everyone below, Peng Wu just went on stage and made a few random gestures. The formation was still there, and he laughed crazily!

At this time, Peng Wu was like a clown, being pointed at by others!

An elder couldn't stand it anymore, so he hurried forward to wake up Peng Wu and said, "Master, you must have been caught in an illusion. Why are you laughing so foolishly?"

"What? I was caught in an illusion?"

Peng Wu frowned, shook his head, and then turned around and saw that the formation was intact behind him!

This time, Peng Wu was dumbfounded!

He had just broken the formation, how could it appear again!

But just when Peng Wu was about to break the formation, Gu Tianchao shouted, “The time for an incense stick is up...”

With Gu Tianchao’s shouting, the formation laid by Chen Ping slowly disappeared!

This move had to make everyone admire it very much!

You know, it is the most basic for a formation master to lay down a formation, but if you can make the formation retain time and calculate every second, then not everyone can do it!

Even Peng Wu doesn’t have this kind of strength!

Chen Ping laid down the formation, and as soon as the incense stick of time was up, the formation disappeared by itself!

It can be seen that Chen Ping’s control over this formation has reached the extreme!

Peng Wu came down dejected, but at this time he was convinced in his heart!

He never thought that he had been trapped in Chen Ping’s illusion formation as soon as he entered the martial arts arena. Chen Ping was too powerful!

Whether it was breaking his three formations with one sword, or letting himself be trapped in the illusion formation silently, Peng Wu knew that he could not beat Chen Ping!

“I lost...”

Peng Wu handed his spiritual pen to Chen Ping!

After Chen Ping took the spiritual pen, Peng Wu left without looking back. He was too ashamed to stay in Liangyi Gate!

Chen Ping did not dissuade him, he knew that this would definitely be the result!

What’s more, Peng Wu’s character was not good, and he was cheating. Even if he stayed in Liangyi Gate, he would be a disaster!

This time, Chen Ping defeated Peng Wu, so no one would object to him being the master of the gate!

Especially these people have seen Chen Ping's strength!

Chen Ping successfully took the position of the leader of Liangyi Gate, and appointed Gu Tianchao as the deputy leader!

After giving two blood jades of Liangyi Gate to Bai Ju, and giving them to the ancestors of Shenwen and Zhenmo, Chen Ping took all the remaining blood jades!

After re-establishing the rules and rectifying the order of Liangyi Gate, Chen Ping planned to leave Liangyi Gate!

And the management power of Liangyi Gate was still handed over to Gu Tianchao!

This can be regarded as the fulfillment of Gu Tianchao's wish!

After explaining everything, Chen Ping asked Bai Ju to say goodbye to the ancestors of Shenwen and Zhenmo, and returned to Ziyang Gate!

The departure of the past few days made Zhu Ling miss Chen Ping so much, and she had a good time with Chen Ping!

However, Chen Ping still had to go to the Western Regions to find Huo Feng and the others, and did not fall into Zhu Ling's gentleness!

After handing Zhu Ling a token, Chen Ping set out on the road to the Western Regions!

This token was for Zhu Ling to go to Liangyi Gate to find someone when she was afraid of Ziyang Gate. This was the leader token of Liangyi Gate!

**[The Man Decree] A Man Like None Other Chapter 4122**-Western Regions, Yongle City!

*If you feel this chapter is wrong, please comment me, I'll fix it ASAP.*

Yongle City is an ordinary city in the central part of the Western Regions. Whether it is the size of the families in the city, the surrounding resources, or even the geographical location, there is nothing special about it!

However, the only thing worth praising about Yongle City is that the four big families in Yongle City are all medical families! The

Zhen family of Grandma Zhen is one of them. Although Grandma Zhen has been away from home for decades, for a cultivator, decades is not too long!

You should know that there are not many pharmacists in the entire Tianren Realm, and this Yongle City has four medical families at once, which is definitely rare. Yongle City is therefore called the Medicine City by everyone.

Because there are no resources around Yongle City, and there are no wild monsters and the like, plus the four major medical families in Yongle City, many cultivators dare not act rashly, so this Yongle City has become a safe city!

Many people who are not very concerned about cultivation will move to Yongle City and live a stable life!

And those who are powerful and dedicated to cultivation will not come here, after all, there are no resources here!

However, in Yongle City, there is a very special person. Not only has he obtained the qualification of Medicine Master, but his strength has also reached the Mahayana realm!

You should know that it is very difficult for a pharmacist to practice. A pharmacist who can reach the Mahayana realm is definitely a very powerful existence! But

there is such a person in Yongle City, and this person does not belong to any of the four major families!

Even the Western Region Pharmacist Association tried its best to invite this person to be the president, but was ruthlessly rejected!

This person is called Zhong Qing. He has no Taoist partner in his life. Every day he either practices or gives charity. There are countless people who seek his treatment, but he does not take a penny!

Therefore, Zhong Qing has a very high status in the entire Yongle City and is respected by everyone!

“Grandma Zhen, why do you look depressed when you return home, as if you don’t want to go home.”

“You haven’t been out of the house these few days. Is there something wrong?”

Bai Qian discovered that since Grandma Zhen returned home, she has never left the house and has never smiled!

Moreover, the people of the Zhen family seemed a little cold towards Granny Zhen. Logically, they should be very affectionate after not seeing each other for decades.

However, the Zhen family only vacated a yard for Granny Zhen and Bai Qian to live in, and did not ask about anything else!

Granny Zhen also seemed to never communicate with the Zhen family, and never went out!

"I'm fine, I just don't want to go out."

Granny Zhen shook her head and said!

"Demon Queen, Huo Feng, Mr. Chen came to send a message. He has already rushed over here. I gave him a position."

Ji Yun happily ran over and followed Bai Qian and Huo Feng and said!

"Let him take the teleportation array. It's such a long way. If there is no spiritual boat, how long will it take to get there?"

"Yongle City will hold a pharmacist conference recently. Many pharmacists from the entire Tianren Realm will come to Yongle City to exchange and learn."

"There will be a pharmacist conference in every region, and there will be a teleportation array in each pharmacist conference to teleport to Yongle City."

"Let Mr. Chen go to the pharmacist conference in the Central Region and then teleport here. I believe the teleportation array is open during this period."

When Granny Zhen heard that Chen Ping was coming to the Western Region, she said!

You must know that the Ziyan Gate in the Central Region is tens of thousands of miles away from Yongle City in the Western Region. It has crossed the region. If Chen Ping runs here, even if he has the Fire Control Step, it will take a lot of time, and it will also consume a lot of spiritual power!

If there is a teleportation array, it will be much easier. At most, you just need to spend some spiritual coins!

However, this teleportation array is not available everywhere. It just so happens that Yongle City has a teleportation array that connects the pharmacist conferences in various regions. Chen Ping can also teleport here!

**[The Man Decree] A Man Like None Other Chapter 4123**-When Ji Yun heard this, he quickly took out the sound transmission jade slip and told Chen Ping in detail!

*If you feel this chapter is wrong, please comment me, I'll fix it ASAP.*

Chen Ping was also worried. If he ran to the Western Regions, he would be exhausted. Now that he heard that there was a teleportation array, it would be much more convenient!

After talking to Chen Ping, Ji Yun was ready to turn around and leave. After all, this was Granny Zhen's room, and Ji Yun couldn't stay for long!

But just as Ji Yun walked out of the door, he was startled!

"Who are you?"

I saw a person floating in the air outside the room, with a head full of white hair fluttering in the wind!

Seeing someone suddenly, Ji Yun was also ready to take action at any time!

Bai Qian and Huo Feng heard Ji Yun's voice, and they also rushed out and looked up in the air. When they saw the white-haired old man in the air, they were instantly alert!

"Who are you? Why did you break in here without permission?"

Bai Qian asked sharply!

But the white-haired old man didn't say a word, just stared at the house blankly!

"It's really strange. This is the Zhen family. It is said that the Zhen family is one of the four major families in Yongle City. How can they allow people to break in without making any noise?"

Huo Feng said very strangely.

"Yes, why didn't I see anyone from the Zhen family stop them? It's really strange..."

Bai Qian also felt very strange!

At this time, the white-haired old man slowly fell from the air, his eyes constantly looking into the room!

Bang!

Suddenly, Granny Zhen in the room actually closed the door directly!

Bai Qian and Huo Feng were shocked and directly locked several people outside the door!

"Zhen Ni, I know you are back. Please see me. I have been waiting for you for decades and have never left Yongle City." The

white-haired old man suddenly said!

This word Zhen Ni made Bai Qian and Huo Feng confused!

“Bai Qian, who is Zhen Ni?” Huo Feng asked!

“I don’t know either?” Bai Qian shook her head!

“What is Granny Zhen’s name? Isn’t she called Zhen Ni?”

Ji Yun whispered!

“I don’t know the name of Granny Zhen. I always call her Granny Zhen.”

“Can’t Granny Zhen’s name really be Zhen Ni? It sounds like a nice name.”

Bai Qian didn’t know Granny Zhen’s name either!

But at this time, Granny Zhen’s voice rang out in the room: “Zhong Wuqing, get out of here, you ruthless and ungrateful guy...”

Hearing Granny Zhen’s voice

, she was very angry. Bai Qian and the other two looked at each other and were immediately shocked. It turned out that Granny Zhen was really called Zhen Ni!

And this white-haired old man was actually called Zhong Wuqing. What kind of name is this!

“Zhen Ni, I’m not Zhong Wuqing now. My name is Zhong Qing. I’m only devoted to you. Please see me.”

“I know it was all my fault before. I only ask you to forgive me. As long as you forgive me, I can do anything.”

Zhong Qing begged bitterly!

“Get out, get out now. I won’t believe you. If you don’t get out, I’ll leave Yongle City immediately and let you never find me.”

Granny Zhen roared angrily!

“Okay, okay, I’ll get out, I’ll get out...”

Zhong Qing compromised. He was really afraid that Granny Zhen would leave!

Bai Qian and Huo Feng looked at Zhong Qing in shock. Although they didn't know what was going on, they knew that Granny Zhen must have something to do with the old man in front of them!

"Who are you to Zhen Ni?" Zhong Qing looked at Bai Qian and the others and asked!

"We are from the Central Region. We fled here with Granny Zhen because we were hunted by our enemies."

"Granny Zhen has been taking care of me for decades."

Bai Qian said!

"Oh, so that's the case." Zhong Qing nodded, then took out a white handkerchief with some words written on it in blood, handed it to Bai Qian and said, "Please give this to Zhen Ni. This handkerchief was also given to me by her back then. I hope she can take a look..."

After handing the handkerchief to Bai Qian, Zhong Qing jumped and disappeared without a trace!

**[The Man Decree] A Man Like None Other Chapter 4124**-Bai Qian looked at the blood-written handkerchief in her hand, and for a moment she didn't know what to do!

She didn't know what the relationship between this white-haired old man and Granny Zhen was!

After hesitating for a long time, Bai Qian still took the handkerchief and walked in!

Huo Feng and Ji Yun looked at each other and followed into the room.

They were very curious, so they also wanted to listen to this kind of gossip!

"Granny Zhen, this is given to you by the old man..."

Bai Qian handed the handkerchief to Granny Zhen.

Granny Zhen looked at the handkerchief and was obviously stunned for a moment, and finally took the handkerchief with trembling hands!

"Granny Zhen, what is your relationship with that old man?"

Bai Qian asked curiously!

Granny Zhen didn't say anything, but looked at the handkerchief in her hand, then waved her hand and said, "Go out, don't ask..."

It was obvious that Granny Zhen didn't want to say, and she didn't want to leave the room, probably because she was afraid of seeing that Zhong Qing!

The two must have had a relationship, but later I don't know why they separated!

Granny Zhen left the Western Regions in despair and finally arrived at Huhuang City!

Bai Qian saw that Granny Zhen didn't want to say, so she didn't dare to ask more, and left with Ji Yun and Huo Feng!

Granny Zhen held a handkerchief and shed tears silently!

At this time, after receiving Ji Yun's voice transmission, Chen Ping began to look for the Central Region Pharmacist Association!

After finding out the location of the Central Region Pharmacist Association, Chen Ping went there without stopping! The

Central Region Pharmacist Association is located in a small town!

The town is surrounded by mountains, and usually few people come here. However, because of the Yongle City Pharmacist Conference this time, many pharmacists have come here and are ready to take the teleportation array to Yongle City!

When Chen Ping arrived here, the town was already overcrowded, and there was no place to live!

Many pharmacists are at the foot of the surrounding mountains, looking for a place to live!

In the center of the town, a huge and majestic building is the location of the Central Region Pharmacist Association!

The building of the Central Region Pharmacist Association is magnificent, staggered, and very heroic. This also shows that the profession of pharmacist is really rich!

Whether it is the secular world or the current world of heaven and man, those who are related to medicine have made a fortune!

Which hospital in the secular world is not built magnificently? This is the most profitable business!

In the town, pharmacists kept shuttling back and forth in groups of three or five, and many of them were wearing brand new pharmacist uniforms.

Chen Ping was unfamiliar with the place. Looking at the pharmacist association in front of him, he planned to go in and ask how long it would take to take the teleportation array!

But just as Chen Ping was about to walk into the pharmacist association, someone suddenly called him!

“Mr. Chen, is it Mr. Chen?”

Someone asked Chen Ping!

Chen Ping frowned slightly. He didn't expect that someone would recognize him in such a small town!

When Chen Ping turned around and looked over, he was stunned!

“Nie Heng?”

Chen Ping looked at the person who called him in front of him, and he couldn't believe it!

The other party turned out to be Nie Heng from Yuding Sect.

“Mr. Chen, it's really you. I thought I saw it wrong.”

Nie Heng rushed over and hugged Chen Ping happily!

There were still tears of excitement in his eyes!

“Nie Heng, you are not in Yuding Sect, why are you here? Where is Ruyan?”

Chen Ping asked!

“I am accompanying the young lady to attend the pharmacist conference in Yongle City. Now the young lady is staying in an inn not far away. I will take you there.”

“You have been away for so many days, and the young lady has been missing you every day!”

Nie Heng took Chen Ping and went to the inn!

Chen Ping actually missed Liu Ruyan and the others, but he was always busy, so Chen Ping had no chance to go back to the Northern Territory to see them!

When Nie Heng brought Chen Ping to the inn and entered Liu Ruyan's room!

Liu Ruyan was sitting at the window, staring blankly out the window!

**[The Man Decree] A Man Like None Other Chapter 4125**—“Nie Heng, have you asked when the teleportation array can be repaired?”

Hearing the sound at the door, Liu Ruyan did not turn around, but asked lightly!

“Miss, I didn’t ask.”

Nie Heng said!

“Why didn’t you ask? If the teleportation array can’t be repaired, will we wait here all the time?”

“When did you become so unreliable?”

Liu Ruyan seemed a little angry, and her tone of voice was a little heavier!

“Miss, I met an acquaintance on the road, so I didn’t ask.”

Nie Heng said!

“Acquaintance?” Liu Ruyan paused for a moment, and then continued: “When did you have an acquaintance in the Central Region?”

“Miss, you also know this acquaintance.”

Nie Heng smiled slightly!

“I know him too? Who is it?” Liu Ruyan asked curiously, but she never turned around!

“It’s me...”

Chen Ping spoke!

When she heard Chen Ping’s words, Liu Ruyan was stunned, and then her body trembled slightly!

She tried to turn around, and when Chen Ping’s figure really appeared in front of her, Liu Ruyan’s tears flowed out like a broken estuary! Chen Ping

stepped forward and gently took Liu Ruyan into his arms!

Liu Ruyan leaned on Chen Ping’s arms and kept crying, and the two did not say a word!

Seeing this, Nie Heng smiled slightly, quietly retreated, and closed the door!

Chen Ping gently stroked Liu Ruyan's hair, silently comforting her!

Then he picked up Liu Ruyan and put her on the bed!

Liu Ruyan looked at Chen Ping and her face turned red!

After more than an hour, Chen Ping and Liu Ruyan looked out the window, and both of them showed expressions of satisfaction and happiness on their faces!

"Ruyan, why did you run to the Pharmacist Association in the Central Region to take the teleportation array?"

Chen Ping was very curious, why didn't Liu Ruyan and the others go to the Pharmacist Association in the Northern Region!

Ji Yun said that the Pharmacist Association in each region has a teleportation array that can be teleported to Yongle City!

"The Northern Territory is barren, and there are not many pharmacists. Although there is a pharmacist association, it is simply unable to afford the maintenance and activation of the teleportation array."

"To activate the teleportation array, a large amount of spiritual stone resources are required,

and the pharmacist association of the Northern Territory cannot afford it at all." "There are only a handful of people in the entire Northern Territory who come to participate in the pharmacist conference."

"If you hadn't asked the Yuding Sect to integrate and stop fighting internally, our Yuding Sect would not be qualified to participate in the pharmacist conference."

Liu Ruyan followed Chen Ping to explain!

After hearing this, Chen Ping finally understood why Liu Ruyan came to the Central Territory to take the teleportation array!

"By the way, you just said that the teleportation array is broken, what's the matter?"

Chen Ping asked!

"We have been here for several days. I don't know if the teleportation array of the Central Territory Pharmacist Association is because of disrepair or overload, it broke directly."

“It has not been repaired in the past few days, otherwise this town would not have gathered so many people. These pharmacists are waiting to take the teleportation array.”

Liu Ruyan said!

Chen Ping then realized that these pharmacists were stranded here, no wonder it was so crowded!

“Is this pharmacist conference for pharmacists from all over the Tianren world to learn from each other?”

Chen Ping asked!

“Yes, it’s mainly about learning from each other, taking the strengths of others and making up for one’s own weaknesses.”

“But there are also big competitions between pharmacists, which can be regarded as making friends through martial arts.”

“The pharmacist conference is not like other conferences held by cultivators, where people fight and kill everywhere.”

“The competitions and exchanges between pharmacists at the pharmacist conference are also about their respective alchemy techniques and alchemy tools.”

“In fact, these are all resources. After all, whether it is alchemy or tools, a lot of resources are needed.”

Liu Ruyan said!

Chen Ping certainly knew that the competition between pharmacists was just a competition of alchemy, and there would be no bloody things!

“Miss, I came to see that the formation has not been repaired yet, and the specific time of repair is unknown!”

At this time, Nie Heng spoke!

**[The Man Decree] A Man Like None Other Chapter 4126**-Nie Heng was outside the door, but he didn’t open it, because he didn’t know what Chen Ping and Liu Ruyan were doing in the room!

Hearing that Nie Heng was coming, Liu Ruyan stood up and opened the door!

Chen Ping also stood up!

Nie Heng took a look, and then smiled at Chen Ping meaningfully!

As a man, Chen Ping certainly knew what Nie Heng's smile meant!

"Let's go, I'll go see what's going on with the formation. If we delay like this, I don't know when we can get to Yongle City."

Chen Ping was going to take a look. If possible, he could help repair the teleportation formation!

"Chen Ping, I haven't asked you, you suddenly ran here, are you going to Yongle City?"

"Are you going to attend the Pharmacist Conference as well?"

Liu Ruyan never asked Chen Ping why he was here!

"I'm not attending the Pharmacist Conference, I'm going to the Western Regions to find friends. I have a few friends in Yongle City."

Chen Ping said!

"Boys and girls?" Liu Ruyan looked at Chen Ping and asked with a vigilant look in her eyes!

"Boys and girls..." Chen Ping could only tell the truth!

Hearing Chen Ping say this, Liu Ruyan sighed lightly, and then smiled bitterly!

She knew that Chen Ping was a dragon and never belonged to a certain sky!

So Liu Ruyan wanted to keep Chen Ping by her side, which was not realistic at all!

But Chen Ping had her in his heart, so she didn't ask for anything else!

"Let's go, I'll go around with you..."

Liu Ruyan said!

Chen Ping followed Liu Ruyan out of the inn, Nie Heng followed far behind, and then came to the huge square in the Pharmacist Association!

In the middle of the square, there were flashes of spiritual light, and there were ancient patterns on the ground, just like a big formation!

And around the big formation, more than a dozen monks were guarding in a strict formation, not allowing others to approach casually!

There were many pharmacists around the big formation, and these pharmacists had an obvious expression, that is, anxiety!

Obviously, these pharmacists have also been stranded here for several days. If the teleportation array cannot be repaired, they are afraid that they will not be able to catch up with the Pharmacist Conference!

I came here from afar, and I wanted to be teleported to Yongle City, but now the teleportation array is broken!

In the middle of the teleportation array, a middle-aged man in a gray robe with sweat on his forehead was constantly groping on the array patterns on the ground!

On the west side of the teleportation array, there were several people in bright yellow robes, and each of them had a pharmacist token hanging around his waist!

It proved that these people were from the Pharmacist Association, and they seemed to have a high position!

Soon, as the middle-aged man in the gray robe left the teleportation array, the teleportation array began to emit light, and the mysterious array patterns slowly rose into the air and kept flowing!

Then, in the wound of the array, they intertwined into space fluctuations!

Seeing this scene, the middle-aged man in the gray robe breathed a sigh of relief!

Seeing this, the senior members of the Pharmacist Association finally smiled!

“Everyone, I’m really sorry to have kept you waiting for so long. The teleportation array has been repaired now, and we can teleport from here. However, because the teleportation array has just been repaired, the number of people that can be teleported at one time needs to be limited.”

“Only fifty people can be teleported this time, so those who were waiting in line here at the beginning can now board the teleportation array with their number plates in their hands.”

A senior member of the Pharmacist Association said as he glanced at the people around him!

Hearing that they could teleport, many pharmacists were happy!

Nie Heng said excitedly, “I didn’t expect it to be repaired, Miss, we are among the first to be on the teleportation array. Now we can get on the teleportation array.”

Liu Ruyan nodded, looked at Chen Ping and said, "Come on, you follow me, just say we are together, and teleport together!"

Chen Ping looked at the teleportation array that was emitting light, stopped Liu Ruyan and Nie Heng and said, "Don't go, the teleportation array has not been completely repaired, and this teleportation will definitely fail."

**[The Man Decree] A Man Like None Other Chapter 4127**—"Mr. Chen, have you figured out the problem with this teleportation array?"

Nie Heng asked curiously!

Chen Ping nodded: "Yes, you don't have to go up, wait here..."

Seeing Chen Ping say this, Liu Ruyan and Nie Heng no longer approached the teleportation array!

Others excitedly took the number plate and began to enter the teleportation array one by one!

When the entire teleportation array was full of people, the middle-aged man in a gray robe took out the spirit stone and placed it around the teleportation array!

The opening of the teleportation array requires a large amount of spirit stones, so you also need to pay to ride the teleportation array!

With the flashing of the spirit stone, the teleportation array slowly opened, the entire space continued to fluctuate, and white aura surrounded the entire teleportation array!

Everyone saw a halo constantly emerging from the teleportation array, and the people in the teleportation array had a sense of detachment, as if they were about to be teleported!

Everyone waited quietly, as long as these people were teleported away, it would be their turn later!

However, Chen Ping felt the fluctuations of the teleportation array, and he was more convinced that this teleportation array was bound to fail!

Boom!

With a flash of white light, everyone closed their eyes!

Then there was a crackling sound around, followed by screams!

Everyone hurriedly opened their eyes and saw that the people in the teleportation array were still there, but many of them smelled burnt, and some were injured and bleeding!  
At

this moment, everyone was stunned, even the middle-aged man in the gray robe was stunned!

“Hurry up and save people, hurry up and save people...”

I don’t know who shouted, and many people rushed up and carried the injured away!

“This... What’s going on?”

The middle-aged man in the gray robe said in disbelief!

The other pharmacists were also in an uproar. This teleportation array was too terrible. Not only did they not teleport people away, but they were all injured!

“What’s going on? What’s going on? Didn’t you say it was fixed?”

Seeing this, several high-level members of the Pharmacist Association rushed over in a hurry!

“Maybe there are not enough spirit stones, and the formation has not been fully activated. Why don’t you try it again!”

said the middle-aged man in the gray robe!

“Hurry up and try it. Now it has become like this. How can we follow the president to explain!”

A senior member of the Pharmacist Association said angrily!

“Okay!”

The middle-aged man in the gray robe hurriedly placed the spirit stones again. This time, the number of spirit stones was obviously much more!

But with the activation of the formation, it was just a flash and stopped again!

This time, everyone was furious. This formation was not repaired at all!

The middle-aged man in the gray robe also had an ugly face!

“Li Qi, what’s wrong with you? Aren’t you a formation master?”

“The teleportation array has not been repaired for so many days. The Pharmacist Association has raised you in vain.”

“If the teleportation array cannot be repaired, the Pharmacist Conference in Yongle City will begin.” “

What are you doing? Didn't you just say that it has been repaired?”

Several senior members of the Pharmacist Association were all anxious!

Many pharmacists around were also noisy and very angry!

They were made to wait here for so many days and it was not repaired!

If it really can't be repaired, they want to go to Yongle City, and there is not enough time!

Isn't this cheating?

Li Qi's face was covered with cold sweat, and he kept wiping it. Even if he was told that, he didn't dare to refute it!

After all, these were the top leaders of the Pharmacist Association, and he was fed by the Pharmacist Association!

And there were so many pharmacists waiting.

Li Qi carefully checked every pattern of the teleportation array, but he couldn't find the problem at all!

He was now as anxious as an ant on a hot pot!

“Has it not been repaired yet?” This was a majestic voice!

Seeing the person coming, everyone stood aside!

**[The Man Decree] A Man Like None Other Chapter 4128**-This person is Chen Wenliang, the president of the Central Region Pharmacist Association. It is said that Chen Wenliang's medicine refining level has reached the strength of a high-level medicine master!

“President, I just said that it was repaired, but there was a malfunction and many people were injured.”

A high-level pharmacist hurried forward and said!

Li Qi saw that the president came to ask in person, and he dared not breathe for a while, and was anxious and sweating!

“This teleportation array has not had any problems for thousands of years. How could it suddenly have problems at this pharmacist conference?”

Chen Wenliang asked with a frown!

“President, do you suspect that someone has tampered with the teleportation array?”

A high-level pharmacist asked!

“Yes, check it out carefully. I think someone doesn’t want us to attend the pharmacist conference.”

“Maybe they are afraid of losing to me!”

Chen Wenliang said coldly!

“President, everyone here is a pharmacist, and no one knows the art of formations, not to mention the advanced formations such as teleportation arrays. Even if someone wants to destroy it, there is no way to start without professional techniques!”

The high-level pharmacist said puzzled!

“Li Qi...”

Chen Wenliang shouted at the middle-aged man in the gray robe!

Li Qi hurried forward and said respectfully: “President...”

“How is it, have you found out what the problem is with the teleportation array?”

“Did someone deliberately destroy the teleportation array?”

Chen Wenliang asked!

“President, I have checked for several days, and there is no problem with the teleportation array. It was activated just now, but it suddenly appeared again.”

“I don’t understand what the problem is.”

Li Qi said with a face full of shame!

In the entire Pharmacist Association, he is the only array master who does nothing but maintain the teleportation array and activate the teleportation array during the Pharmacist Conference!

Every year, he gets extremely generous rewards and eats countless pills. After all, in the Pharmacist Association, the most abundant thing is pills!

But now, there is a problem with the teleportation array, but he can't check it out, which makes him very embarrassed!

If this continues, I don't know if the Pharmacist Association will continue to employ him!

"Can't see the problem?"

Chen Wenliang frowned slightly and looked around the teleportation array himself!

He was just a pharmacist and knew nothing about the formation, so he just looked and couldn't see anything!

Li Qi couldn't see the problem now. If he couldn't fix it, all the pharmacists here would have to miss the pharmacist conference! It

would be difficult to appease so many pharmacists!

By then, maybe his pharmacist association would become a thing of the past!

"President, why don't we ask on the spot to see if there are any formation masters. If anyone can fix the teleportation array, we can give a high reward."

A high-level pharmacist suggested!

Chen Wenliang pondered for a moment, then nodded: "This is the only way, but everyone here is a pharmacist, I'm afraid it's hard to find a formation master."

"President, even if someone knows the art of formation, they may not be able to fix the teleportation array. I can't see the problem, and I believe that none of these pharmacists present can see it."

Li Qi said!

The reason why he said this is because everyone here is a pharmacist. Even if someone likes the art of formation and learns some in his spare time, it is impossible to repair the teleportation array!

Moreover, Li Qi is a professional master of formation. As the saying goes, every profession has its own specialties. He didn't see the problem, so how could these people see it?

"Let's try it out..."

Chen Wenliang sighed, then glanced at the crowd and said, "Everyone, I don't know if there are any of you who have learned the art of formation. If anyone can repair this teleportation array, our pharmacist association can give out five destiny pills." As soon as

this was said, everyone was in an uproar!

**[The Man Decree] A Man Like None Other Chapter 4129**-"The Destiny Pill has been taken out. It seems that the Pharmacist Association is really anxious."

"What a pity! It would be great if I knew the art of formation!"

"Destiny Pill, this can be regarded as a life-saving magic medicine, right?"

Everyone talked about it, and they all regretted not learning the art of formation!

"What is the Destiny Pill?" Chen Ping looked at Liu Ruyan puzzledly and asked!

"This is the top-secret magic medicine of the Central Region Pharmacist Association. It is said that taking the Destiny Pill can make the soul and spirit strong. Even if the physical body is destroyed, the soul can escape safely and save one's life."

"So many people say that this Destiny Pill is a life-saving magic medicine. As long as the soul is there, you can be reborn."

Liu Ruyan followed Chen Ping to explain!

When Chen Ping heard this, he immediately became interested, so he raised his hand high and said, "I can fix the teleportation array..."

Chen Wenliang looked at Chen Ping, and then asked in disbelief, "My fellow Taoist, I don't have time to joke. If you really fix the teleportation array, I will give you five destiny pills immediately."

"But if you can't fix it, delay the time, and damage the teleportation array, don't blame me for being rude."

Chen Wenliang saw that Chen Ping was too young and his strength was not very high, so he didn't believe it!

“If I can’t fix it, I can leave my life!”

Chen Ping walked in front of Chen Wenliang very confidently!

Hearing Chen Ping’s words, Liu Ruyan and Nie Heng were both shocked!

Why did Chen Ping risk his life?

The other pharmacists were also quite surprised. They looked at Chen Ping one after another. They felt that Chen Ping was a young man, and he spoke without any lightness, and even risked his life!

Chen Wenliang didn’t expect Chen Ping to say this, and he didn’t react for a while!

“Boy, this teleportation array has existed for thousands of years. This is an ancient array, not the kind of array you imagine.”

“You’d better think it over, so as not to lose your life here in vain...”

Li Qi saw this and hurriedly scolded Chen Ping!

In fact, Li Qi was also for Chen Ping’s good. After all, Chen Ping was a newborn calf who was not afraid of tigers, and he didn’t know the complexity of the teleportation array at all!

If you really make a bet, it’s not worth it to lose your life here!

Chen Ping smiled slightly and said, “Thank you for your reminder, fellow Taoist. Since I dare to bet, I must be sure...”

Li Qi saw this and said nothing more! Chen

Wenliang reacted at this moment and said, “Okay, if you can’t fix it, I don’t want your life, but you must leave your hands and feet as a punishment, otherwise anyone who comes to repair it will be completely destroyed!”

“It’s a deal...”

Chen Ping nodded, and then walked towards the teleportation array!

After Chen Ping circled around the teleportation array, he squatted down and began to sort out the array patterns on the ground!

Perhaps due to years of disrepair, some of the array patterns on the ground have become very blurred!

Even if someone is maintaining it, the array patterns are still blurred.

“What are you doing? The array patterns can’t be moved casually. If it moves a little, the teleportation array will be completely useless.”

Li Qi saw this and hurried to the bed to stop Chen Ping!

This is an ancient array. I don’t know which great man left the array pattern. If someone moves the array pattern privately, the entire teleportation array will be destroyed!

After all, the array patterns without arrays have palm rules. As long as the position is moved, it’s over!

“Boy, what are you doing? If you dare to destroy the teleportation array, I want your life!”

Chen Wenliang was also anxious, and shouted at Chen Ping loudly!

You know, every teleportation array is the life of the Pharmacist Association. The reason why the Central Domain Pharmacist Association was built in such a desolate town is also because the teleportation array is in this place!

If there is no teleportation array, then their Central Domain Pharmacist Association will decline!

Because the teleportation array of the Northern Domain Pharmacist Association can no longer be used, the strength of the Northern Domain Pharmacists is getting lower and lower!

Nowadays, there are not many senior pharmacists in the entire Northern Territory, and even fewer people can participate in the Pharmacist Conference!

Chen Wenliang doesn’t want the Central Territory Pharmacist Conference to become like that!

**[The Man Decree] A Man Like None Other Chapter 4130**-Chen Wenliang made a move!

He made a move on Chen Ping. He couldn’t just watch Chen Ping destroy the thousands of years of teleportation array!

Chen Ping didn’t destroy the teleportation array, but destroyed their entire Pharmacist Association!

Whoosh!

Chen Wenliang was very fast and grabbed Chen Ping!

Chen Ping felt a strong wind coming from behind, but he didn't even look back. Instead, he just turned sideways and dodged!

Chen Wenliang was only at the peak of the Tribulation Realm, so he was not afraid!

After dodging, Chen Ping still sorted out the array pattern. The array pattern, which was originally a little blurry, gradually became clear under Chen Ping's depiction!

But no one knew whether Chen Ping's array pattern was depicted correctly!

If he messed around and the array pattern was wrong, the teleportation array would be completely useless!

Chen Wenliang was slightly stunned. He didn't expect Chen Ping to dodge his attack without even looking at it, as if he had eyes on his back!

"Stop, I told you to stop..."

Chen Wenliang slapped Chen Ping again!

This time, Chen Wenliang was no longer trying to capture Chen Ping, but was going to kill him!

Chen Ping raised his hand casually, and with a bang, he pressed his palms together with Chen Wenliang!

Dengdengdeng...

Chen Wenliang's body instantly retreated three steps, but Chen Ping didn't move at all!

This time, everyone was shocked!

Even Liu Ruyan and Nie Heng widened their eyes, their faces full of disbelief!

They didn't know how abnormal Chen Ping's strength had become during this period!

All the pharmacists were also surprised!

You know, the formation master is similar to the pharmacist, and their strength in the real realm cultivation will not be too high!

But who would have thought that the president of the Pharmacist Association, who was at the peak of the Tribulation Realm, was easily repelled by Chen Ping with a palm!

And it seems that Chen Ping is very young, and his strength is no more than the sixth level of the Tribulation Realm!

How did he do it?

Chen Wenliang's face became very ugly, and then he shouted angrily: "Everyone, work together and catch this kid. If we watch him destroy the formation, we can forget about going to Yongle City."

Chen Wenliang roared, and all the pharmacists were ready to move!

After all, this teleportation array is related to everyone's interests, and no one wants to see Chen Ping ruin the teleportation array!

"Who dares to move..."

Liu Ruyan followed Nie Heng and jumped up and stood in front of Chen Ping!

No matter what the reason is, if someone dares to target Chen Ping, Liu Ruyan will certainly not sit idly by!

She will always stand on Chen Ping's side, after all, she is already Chen Ping's person!

"Liu Ruyan, you are a pharmacist in the Northern Region, do you still want to take care of our Central Region's affairs? Get out of my way immediately. If this kid ruins the teleportation array, you are also the culprit."

Chen Wenliang roared!

"President Chen, I believe Chen Ping. He is determined not to damage the teleportation array. His array technique is very powerful."

Liu Ruyan hurriedly explained!

She wanted to buy time for Chen Ping. She knew that Chen Ping must be sure of it, so he would do this!

"No matter how powerful he is, can he still set up this ancient teleportation array? No one has dared to touch this teleportation array for thousands of years, and now he has begun to scribble on it."

"If there is a slight difference in the array pattern of this teleportation array, the entire teleportation array will be destroyed."

"Persuade him to stop immediately, otherwise it will really arouse public anger."

Li Qi said to Liu Ruyan!

As a master of array worshipped in the Pharmacist Association, he has only dared to maintain this teleportation array for so many years, and dared not make any changes to the teleportation array!

Even if the array pattern of the teleportation array has been blurred due to years of disrepair, Li Qi dared not move it casually!

Listening to Li Qi's words, Liu Ruyan turned her head to look at Chen Ping. Just as she was about to speak, Chen Ping had already stood up!
