

[The Man's Decree]

[The Man Decree] A Man Like None Other Chapter 4141

[The Man Decree] A Man Like None Other Chapter 4141-Granny Zhen can say that she is an elder and is familiar with him! But

Huo Feng can't say that!

"It's okay. I didn't expect this girl to be so lively and cute."

"But I only have three older sisters, so there is no Dalang or Erlang!"

Zhou Silang said with a smile!

"Xiao Zhou, you just said that the pharmacist conference will be held on Yaoshen Island. What's going on?"

Granny Zhen asked!

"I don't know either. The notice just posted has now made the whole Yongle City a mess. Many pharmacists don't know what's going on."

"The Western Region Pharmacist Association has been blocked by many people at the door. They want to ask for an explanation. They can't come from thousands of miles away. In the end, the pharmacist conference will go to Yaoshen Island, and they still need to be assessed."

Zhou Silang was obviously very angry when he spoke, and was very dissatisfied with this sudden decision!

Nie Heng and Liu Ruyan looked at Chen Ping. It seems that Chen Ping got the inside information and knew from the beginning that the pharmacist conference would be held on Yaoshen Island!

Now that it has just been announced, many people will definitely have opinions!

"Let's go out and take a look. If this is true, it's too much."

Zhen Huan said, and hurried out!

Zhou Silang followed closely behind!

Granny Zhen shook her head and returned to the room. No matter what, she was not going to attend any pharmacist conference anyway!

“Huo Feng, Bai Qian, you stay at home. Don’t go out if you have nothing to do.”

“Let’s go out and see what’s going on!”

Chen Ping said to Huo Feng and Bai Qian!

Huo Feng, Bai Qian and Ji Yun didn’t understand the art of refining medicine, nor were they pharmacists, so it was meaningless to join in the fun!

“Master, you have to be careful. Remember to stay out of things that don’t concern you!”

Huo Feng reminded Chen Ping!

“Don’t worry, I’m fine.”

Chen Ping smiled slightly, then left with Nie Heng and Liu Ruyan!

When Chen Ping and the others came to the streets of Yongle City, all the pharmacists on the street were shouting in indignation!

And some of them held up banners and marched in protest!

After all, this matter was only discussed by the top leaders, and the pharmacists below were not aware of it!

So if it was suddenly announced, there would definitely be many pharmacists who would be upset!

But soon, the top leaders of the major families and pharmacist associations came forward and began to call their people back!

In the end, there were only a few independent pharmacists left, and they couldn’t make a fuss!

In fact, these pharmacists don’t care about where to hold the pharmacist conference. What they care about most is the assessment!

At the beginning, there was no assessment at the pharmacist conference. As long as you are a pharmacist, you can participate!

Now that everyone is here, you suddenly propose an assessment!

This is unfair to many people!

After all, many pharmacists are not strong, just to participate in the pharmacist conference and improve their strength!

However, this year's pharmacist conference has changed. What Medicine God Island needs is a senior pharmacist, that is, a powerful pharmacist!

Because only a powerful pharmacist can unlock the secret of the place where the Medicine God fell!

Finding a group of low-strength pharmacists to go to Medicine God Island is useless except for wasting resources!

That's why Medicine God Island did this!

All the pharmacists gathered at the door of the Western Region Pharmacist Association!

After all, this matter requires an explanation from the Western Region Pharmacist Association!

But just as everyone was waiting for the president of the Western Region Pharmacist Association to explain, the door of the Pharmacist Association slowly opened, and a young man in a white robe with golden leopard prints embroidered on his body walked out! As soon

as the young man appeared, he brought with him a sense of oppression!

Chen Ping only took a glance and saw that this person was actually a Mahayana cultivator!

Although he had just been promoted to the Mahayana realm, he was indeed a true Mahayana cultivator!

[The Man Decree] A Man Like None Other Chapter 4142-"Everyone, let me introduce myself. I am the son of the owner of Yaoshen Island. My name is Ouyang Wufeng."

"Today I came to Yongle City to select people to go to Yaoshen Island to attend the Pharmacist Conference."

"Our Yaoshen Island has so many resources, of course we don't want to cheapen those trash."

"Only those who pass the test can go to Yaoshen Island to participate in the Pharmacist Conference."

Ouyang Wufeng said coldly!

"What do you mean? Who are you calling trash?"

“Why does the Pharmacist Conference have to go to Yaoshen Island? We boycott, no one of us will go, let’s see how you hold the Pharmacist Conference.”

“Yes, we won’t go, let’s see how you hold this Pharmacist Conference!”

Many pharmacists were immediately filled with righteous indignation when they heard Ouyang Wufeng’s arrogant words!

Listening to the angry shouts of the crowd, Ouyang Wufeng was not angry at all, and there was still a faint smile on his face!

“If you don’t want to go, you can leave now. We won’t force anyone.”

“But if you don’t go to Medicine God Island, you won’t have the chance to explore the place where Medicine God fell, let alone the chance to get the inheritance of Medicine God.”

“Whether you want to go or not is up to you!”

Ouyang Wufeng said slowly!

“What? The place where Medicine God fell?”

“I’ve heard that the reason why Medicine God Island is called Medicine God Island is because Medicine God once lived there.”

“The guys on this Medicine God Island have suddenly become so powerful. It must be related to Medicine God.”

“Will there be a lot of treasures left at the place where Medicine God fell?”

This time, everyone was boiling. That’s Medicine God!

Medicine God is just a legend to them, but they have never seen it!

Now that they know that there is a place where Medicine God fell on Medicine God Island, how can they not go and see it!

Even if they can’t get any treasures, it’s worth it to feel the breath where Medicine God once lived!

It’s like traveling to the ancient home of a celebrity. Although you can’t get anything, it’s also very refreshing to feel it!

“Is this true? Is Medicine God Valley really the place where Medicine God fell?”

Someone asked in disbelief!

“Of course it’s true. You can disbelieve me, but don’t you believe President Su?”

After Ouyang Wufeng finished speaking, Su Tianshuo immediately stood up!

“Everyone, what Mr. Ouyang said is true. This time, the pharmacist conference was held on Yaoshen Island to select powerful pharmacists who can solve the mystery of the fall of Yaoshen.”

Su Tianshuo said loudly!

At this moment, everyone’s attitude changed instantly, and they all rushed to raise their hands!

“I’ll go. I want to sign up to go to Yaoshen Island.”

“I’ll go too. If you don’t let me go, I’ll swim over there by myself...”

“Mr. Ouyang, please come up with the test questions quickly. I can’t wait any longer!”

Everyone asked Ouyang Wufeng to come up with the conditions for the assessment!

Faced with absolutely tempting benefits, few people can bear it!

Ouyang Wufeng smiled slightly, then threw out a scroll, and then the scroll slowly opened on it!

It was full of various assessment conditions!

Everyone looked at the conditions for the assessment, and their brows all frowned slightly!

Chen Ping was also confused, and he didn’t understand what this thing was!

“Fellow Daoist Chen, this is the doctor-seeking list of the Celestial Realm. It records all kinds of illnesses that need treatment.”

“You should know that pharmacists are very scarce in the Celestial Realm, and truly capable pharmacists are even more scarce.”

“This has resulted in some monks with illnesses being unable to find a pharmacist to treat them, or the pharmacists’ medical skills are limited and they are unable to cure them.”

“So the doctor-seeking list came about, so that more people can see it, and after some capable pharmacists see it, perhaps there will be a way to treat it.”

“Of course, behind every doctor-seeking list, there will be a reward. Without a reward, no one will take action. Few people are like Zhong Yaozun, who never asks for a reward when curing illnesses and saving lives.”

Zhou Silang on the side told Chen Ping in detail about the doctor-seeking list!

[The Man Decree] A Man Like None Other Chapter 4143—“Fellow Daoist Zhou, why are there red and green fonts on this list of doctors to be sought? Is there any difference?”

Chen Ping asked in confusion as he looked at the list of doctors to be sought that appeared in the air!

“The red one means that no one has treated the patient yet, or the treatment has failed!”

“The green one means that the treatment has been successful and the patient has recovered. This green one will disappear soon.”

“It seems that many cases on this list of doctors to be sought have been cured. It is estimated that a master has taken action.”

Zhou Silang said!

As soon as Zhou Silang finished speaking, someone said dissatisfiedly: “Mr. Ouyang, if you don’t want us to go to Medicine God Island, just say that those who can be on the list of doctors to be sought are all difficult and complicated diseases. Even a sixth-grade pharmacist of the Heavenly Rank, I think it will be difficult.” “

You still want us all to be Medicine Honored. In that case, why do we still go to Medicine God Island and participate in the Pharmacist Conference!”

After one person was dissatisfied, he immediately led the others!

“Yes, if you don’t want us to go, just say so. You actually took out the Doctor Searching List for us to evaluate.”

“We are evaluating the Doctor Searching List. Are you letting Yaoshen Island take all the rewards on the Doctor Searching List?”

“You really have a good plan...”

Everyone expressed great dissatisfaction!

If the diseases on the Doctor Searching List were so easy to treat, they would not be on the Doctor Searching List!

Seeing that everyone was very dissatisfied, Ouyang Wufeng still smiled!

“Everyone, I know that everyone has different medical skills and strengths. Moreover, the list of seeking medical treatment is full of difficult and complicated diseases. Many people spend a lot of money to go to the list of seeking medical treatment and seek pharmacists with excellent medical skills after they cannot be cured.”

“If you are asked to treat those difficult and complicated diseases, it seems a bit difficult for you. Now nearly half of the diseases on the entire list of seeking medical treatment have been successfully cured by our Medicine God Island.”

“Now you need to study those cases that have been successfully cured before dark. The methods used are almost the same as those of our Medicine God Island, and it will be considered a success in the assessment.” “

Of course, you can't get the reward, after all, it was our Medicine God Island that successfully treated it first.”

Ouyang Wufeng followed everyone and said!

When everyone heard it, they were immediately surprised, and at the same time they had an intuitive understanding of the strength of Medicine God Island!

A Medicine God Island actually cured nearly half of the difficult and complicated diseases on the list of seeking medical treatment. The reward is very generous!

It can also be seen that the medical skills of Medicine God Island have definitely surpassed these pharmacists!

After all, this list of doctors is open to the public, and anyone has the ability to choose a case to treat!

Of course, it is not ruled out that there are pharmacist masters who simply do not care about the reward and do not want to make a move!

But most pharmacists are still incapable, otherwise they would have cured the disease and received the reward!

Now half of the patients on the list of doctors have been cured by Yaoshen Island. This kind of stimulation and blow directly made the pharmacists who were just clamoring bow their heads one by one!

Many people began to sigh, they knew that even if the cases were cured by Yaoshen Island, they could not find a way!

In this case, they could only withdraw helplessly, and they did not even have the qualifications to go to Yaoshen Island!

But there were also many people who began to look at the list of doctors and pondered!

Since Yaoshen Island successfully treated the disease, it proved that it was not an incurable disease, and there was a way!

So think hard, maybe you can find a solution!

But many of these monks who pondered over it shook their heads helplessly. After all, the diseases on it must require real strength!

“Silang, do you have any ideas?”

Zhen Huan asked Zhou Silang!

“I haven’t looked at it carefully yet. With so many cases, I think I can find a solution.”

“Hanhuan, what are you going to do? Can you think of a solution?”

Zhou Silang asked worriedly!

[The Man Decree] A Man Like None Other Chapter 4144-“I don’t want to. In fact, people like our four major families can go to Yaoshen Island without assessment.”

“Just let my dad tell Yaoshen Island that it is definitely possible. There are internal quotas.”

“This kind of assessment is definitely aimed at the lowest-level pharmacists.”

Zhen Huan said without any hurry!

“Are there internal quotas? Why haven’t I heard of it?”

Zhou Silang was stunned!

“You are so stupid. Not only our four major families, but also those pharmacist associations will have quotas, but it can’t be too many. It is estimated that a pharmacist association can only have four or five quotas.”

Zhen Huan said!

As soon as Zhen Huan finished speaking, Chen Wenliang walked to Chen Ping and said, "Chen Daoyou, what do you think of this assessment?"

"I haven't seen it yet. I guess many people can't pass it."

Chen Ping said truthfully!

"Chen Daoyou, don't worry. I have five quotas in my hand. Even if you can't pass the assessment, you can go to Yaoshen Island."

"Even if you go through the back door of me, the president of the pharmacist association, I will definitely give Chen Daoyou a quota."

Chen Wenliang said!

He came here to give Chen Ping a quota. In this way, Chen Ping would have to join the Central Region Pharmacist Association if he didn't want to. If he wanted a quota, he had to join!

Hearing the words "internal", "quota", and "backdoor", Chen Ping couldn't help but laugh!

It seems that these cultivators in the Heavenly Realm can't get rid of the human relationships in the secular world!

No matter what world it is, strength is often the most important!

The quota that others can't get with great difficulty, in the eyes of these aristocratic families and the Pharmacist Association, can be obtained by just going through the back door! They

even take the initiative to give quotas, this is the gap!

Some people have been working hard to run to Rome!

Some people have been in Rome since they were born!

"President Chen, this quota is not needed. I wonder if you can get a quota for my two friends?"

"They want to join the Central Region Pharmacist Association. President Chen, do you think it's okay?"

Chen Ping pointed to Liu Ruyan and Nie Heng and said!

"Of course, it's just a matter of my words!"

Chen Wenliang nodded!

“Thank you, President Chen. If you need anything, just tell me. As long as I can do it, I will do it without hesitation!”

Chen Ping said gratefully!

He knew that the reason why Chen Wenliang gave Liu Ruyan and Nie Heng the opportunity and quota was because of his face!

In the world of heaven and man, everyone uses each other. If Chen Ping had not shown his absolute talent for formations, Chen Wenliang would not have been able to do so!

So Chen Ping had to make Chen Wenliang feel comfortable!

“Daoyou Chen is too polite. I’ll go and ask for another quota!”

After Chen Wenliang finished speaking, he turned and left!

He only gave one quota to Chen Ping. Now there are Liu Ruyan and Nie Heng. Chen Wenliang must go and ask for another one. If he can’t get it, then one of the insiders of their Central Region Pharmacist Association must give up the quota! After

Chen Wenliang left, Zhen Huan grinned and said, “Silang, see, the Pharmacist Association has quotas, and our four major families can’t be without them!”

“Huan Huan is really smart, you are still right!”

Zhou Silang said dotingly!

“The cases on the Doctor Seeking List may seem difficult, but in fact, they are not difficult at all if you see through them!”

At this moment, someone suddenly jumped up and floated in the air! When

many pharmacists in the Western Regions saw this person, they immediately shouted excitedly, “Zhong Yaozun, there is no disease that cannot be cured when Zhong Yaozun takes action.”

“Although the rewards on the Doctor Seeking List are generous, Zhong Yaozun despises those rewards, so he has never taken action.”

“Hahaha, if Zhong Yaozun comes forward, I wonder what the Medicine God Island will be so proud of now.”

“Zhong Yaozun, the kind man with unfathomable medical skills and a love of charity?”

Some of the people knew Zhong Qing, while others did not. However, many people had heard of Zhong Qing's name!

[The Man Decree] A Man Like None Other Chapter 4145-When Ouyang Wufeng saw Zhong Qing coming out, he also put away the frivolous expression on his face, and hurriedly said solemnly: "Junior Ouyang Wufeng has paid respects to Senior Zhong."

"How is your father Ouyang Xing?"

Zhong Qing asked!

"My father is very good, and he often talks about Senior Zhong, and often tells us about the friendship between you two."

Ouyang Wufeng said!

"Hahaha, friendship is shit, your father is narrow-minded and petty, every time he loses in a competition, he pretends to be fine on the surface, but he is very angry behind his back."

"So in the end he practiced evil skills, wanting to use this method to defeat me, and was finally driven to Medicine God Island."

"Speaking of which, I am also responsible for your father's current appearance!"

Zhong Qing sighed!

"Senior Zhong, don't blame yourself. If it weren't for you, my father wouldn't be able to go to Medicine God Island, and he wouldn't have his current achievements."

"This may be destiny, as the saying goes, destiny cannot be violated..."

Ouyang Wufeng was actually comforting Zhong Qing!

"Destiny?" Zhong Qing smiled bitterly: "Yes, this is destiny, it is destined by fate, everything is destined by fate."

"Senior Zhong, you don't need to take the test, I will send a special spirit boat to escort Senior Zhong to Medicine God Island."

Ouyang Wufeng knew that with Zhong Qing's strength, it would be easy to solve the difficult and complicated diseases on the list of seeking doctors!

After all, Zhong Qing is the Medicine Lord, who is more powerful than his father!

But Zhong Qing shook his head and said: "I'm not going to Medicine God Island, and I'm not interested in the place where the Medicine God fell. I just want to help everyone pass the test!"

Zhong Qing's words made Ouyang Wufeng very embarrassed!

But he didn't say that he couldn't accept help at the beginning!

Zhong Qing can completely find solutions to various difficult and complicated diseases on the list of seeking doctors, and then use his divine sense to pass it to everyone present!

In this way, everyone can pass the test!

Hearing Zhong Qing's words, everyone also aroused a glimmer of hope. If this is possible, they can all go to Medicine God Island!

"Senior Zhong, this method is unfair, but since it is Senior Zhong who said it, I can't say anything."

Ouyang Wufeng did not stop Zhong Qing. After all, Zhong Qing had a relationship with his father, so he had to respectfully call him an elder!

Seeing that Ouyang Wufeng did not stop him, everyone was excited!

And Chen Ping's expression also moved slightly. He also wanted to see what kind of strength this Zhong Qing had!

Being able to be worshipped by so many people, and having a good relationship with Medicine God Island, this Zhong Qing is not an unforgivable person! But

Granny Zhen had a knot in her heart and had been running away for decades.

However, this Zhong Qing should have realized her mistake. Now she has no interest in going to the place where Medicine God fell!

For him, cultivation is no longer as good as the relationship between men and women! For

most of the cultivators in the Heavenly Realm, cultivation is the first priority. Even if they find a Taoist partner for dual cultivation, it is just to speed up the cultivation!

Zhong Qing was facing the Doctor Searching List at this time, and all the green information on it was swept by him!

Then, there was a short moment of Chen Mo, and then he suddenly opened his eyes!

A telepathic message appeared in Chen Ping's mind!

"The seventh symptom is that during cultivation, too many pills were taken, which damaged the meridians. It needs to be treated with Tongmai Pills."

"The thirteenth symptom is caused by being poisoned. The poison is Yuhan Pill. Although it is used to resist the severe cold, this person is practicing fire-based exercises. This has caused the meridians to be blocked and the spiritual energy to be chaotic. It can be treated with Xuan-level Huoyun Pills..."

"The twenty-second"

""

Zhong Qing explained most of the above symptoms in detail, even the reasons, and what pills and fairy herbs to use for treatment!

[The Man Decree] A Man Like None Other Chapter 4146-This is equivalent to telling everyone the answer, and everyone can just follow suit.

If this is the case, and there is still no way to refine the corresponding elixir, then it is really too bad, and there is no point in going to the Pharmacist Conference!

Chen Ping listened to Zhong Qing's voice transmission, looked at the many symptoms above, and found that Zhong Qing was really powerful!

For some symptoms, Chen Ping can analyze the treatment method, but he doesn't know where the disease comes from!

But Zhong Qing can tell it in detail, which shows how high this person's medical skills are!

Chen Ping can't help but admire this!

Chen Ping looked at Zhong Qing with admiration in his eyes. With such superb medical skills, Zhong Qing can completely establish a school in this world of heaven and man!

But he is in Yongle City and never participates in these family fights, and there are some Pharmacist Conferences!

Now Zhong Qing's mind is all on Grandma Zhen.

What an infatuated man!

Many people began to use their own alchemy furnaces to refine the elixirs needed on the medical list!

Some high-grade elixirs cannot be refined, so you can find some easy-to-refine elixirs!

Although difficult and complicated diseases seem very difficult, when you really see through them, perhaps a simple elixir can cure them!

The prerequisite is to see through these diseases!

Now Zhong Qing has seen through them all, and the rest is left to the pharmacists to refine them themselves!

For a time, many pharmacists refined elixirs, and the whole Yongle City was filled with the fragrance of medicine!

“Huanhuan, this Zhong Yaozun is really amazing, and he is very fond of your aunt. This time your aunt is back, you can’t let her go. Bringing the two together will be of great help to your Zhen family.”

Zhou Silang said enviously!

“It’s helpful to our Zhen family, isn’t it also helpful to your Zhou family? Soon we will all become a family.”

Zhen Huan said with a smile!

“Yes, we are a family, and we will be a family soon. When the time comes, we will annex the Bao family and the Diao family, and the whole Yongle City will be ruled by our two families.”

“By that time, the Western Region Pharmacist Association will also have to give way to our two families...”

Zhou Silang said, hugging Zhen Huan’s shoulders!

Chen Ping listened to the conversation between Zhou Silang and Zhen Huan and sighed softly. He didn’t know whether Zhen Huan and Zhou Silang were really in love, or whether they were marrying for the sake of interests!

But it looks more like a marriage, so that the two families can strengthen their strength and slowly eat away at the other two families!

Chen Ping knew without thinking that if there were only two large medical families, the Zhen family and the Zhou family, in Yongle City, there would definitely be open and secret struggles between the two families!

By that time, the marriage between Zhen Huan and Zhou Silang would seem so insignificant!

In the secular world, in order to gain time for development, the ancient emperors would also marry their daughters to remote tribal leaders!

But in the end, they still met with swords and weapons. In the eyes of these people, only family affection is the least valuable! One after another,

cultivators finished refining the elixir and began to show it to Ouyang Wufeng for confirmation. As long as it matched the elixir used in the treatment of Medicine God Island, they would be considered to have passed the assessment!

Many pharmacists passed the assessment, and after registering, they were waiting to go to Medicine God Island!

However, there were some stupid people who could not even copy the open-book exam!

There were constant explosions, and someone failed to refine the elixir!

If this kind of person cannot pass, no one will feel sorry for him, he simply deserves it!

This is not considered a pharmacist, so there is no need to go to the Pharmacist Conference!

Liu Ruyan and Nie Heng have also refined the elixir. Since they can pass the assessment, they don't have to use the quota of the Central Region Pharmacist Association!

[The Man Decree] A Man Like None Other Chapter 4147-Chen Ping also casually refined a pill for the test, and did not use the Shennong Ding!

These people are all pharmacists. If he takes out the Shennong Ding, it will definitely cause a sensation! At that time, someone will directly set his sights on his Shennong Ding

, which will be troublesome!

After Chen Ping refined the pill, he did not hand it in for the test immediately, but quietly looked at the doctor-seeking list! Those diseases in red fonts have not even been found to be cured on Medicine God Island! Chen Ping looked at the first one. Being able to rank first, the disease must be difficult to treat, and the most important thing is that the reward for the first one is also the most peculiar! "Immortal bone? The reward for the first one is actually immortal bone? What is this?"

Chen Ping stared at the reward for the first disease on the doctor-seeking list, very curious! "Fellow Daoist Chen, the immortal bones are the remains of the immortals, which are priceless treasures."

“Although many immortals have fallen in the world of heaven and man, there are very few corpses. Most of them have been reduced to ashes.”

“Even if some of the bodies have not been reduced to ashes, the corpses have rotted and have no value at all.”

“However, some of the corpses of immortals will become crystal clear after thousands of years, comparable to immortal tools.”

“This is the most valuable, and this will also become immortal bones, but this kind of thing is rare and can only be encountered by chance.”

“And for the first symptom, let’s just take a look. It has been hundreds of years, and no one has successfully treated it.” Zhou Silang saw that Chen Ping didn’t understand anything, so he explained in detail! “Immortal bones? Crystal clear?”

Chen Ping’s eyes widened, and his eyes were incredible! “Boy, this immortal bone, you are not talking about a part of my body, right?”

“I never thought that my body, thousands of years later, would become a treasure of these guys in the world of heaven and man.”

The Red Cloud Demon Lord hurriedly asked Chen Ping! Because the body of the Red Cloud Demon Lord was dismembered, all parts of the body were thrown everywhere! If these body parts can be found, the Red Cloud Demon Lord can be resurrected! There is no need to stay in Chen Ping’s sea of consciousness all day!

“It is possible, but I am not sure. After all, there are not a few immortals who have fallen in this world of heaven and man.”

Chen Ping has not seen this immortal bone, so how can he know if it is part of the body of the Red Cloud Demon Lord! “Ask quickly, ask quickly!”

The Red Cloud Demon Lord said anxiously! Chen Ping had no choice but to say to Zhou Silang: “Friend Zhou, I don’t know who this first person with the disease is? How did he get the immortal bone?”

Zhou Silang looked at Chen Ping, and then asked with some doubts: “Are you a pharmacist? The information on the medical list is hidden. How can you tell who is sick casually? Only after you reveal the list can you get the other party’s information.”

“I am a pharmacist, but I am not familiar with the medical list, and I have never paid attention to it before!” Chen Ping smiled awkwardly! Now if you want to know who the other party is, and whether this so-called immortal bone is part of the body of the Red Cloud Demon Lord, you can only know it after the list is revealed!

“Boy, are you sure you can cure the first person with the disease?” asked the Red Cloud Demon Lord! “I don’t know, because there is too little information now, but it seems that this person seems to have mania. Could he be bitten by a mad dog?”

Chen Ping smiled slightly! “Don’t talk nonsense, it’s not that simple. If it’s simple, it’s impossible that no one has successfully cured it for nearly a hundred years.”

“Go and reveal the list quickly. As long as you reveal the list, you will know what’s going on.” The Red Cloud Demon Lord urged Chen Ping to reveal the list! “Let me ask first, after revealing the list, what will be the punishment for not being able to cure the disease!” Chen Ping didn’t dare to reveal the list casually!

[The Man Decree] A Man Like None Other Chapter 4148—“Fellow Daoist Zhou, if someone takes the list but cannot be cured, what will happen?”

Chen Ping asked Zhou Silang!

“It’s very simple, just abolish the cultivation.”

Zhou Silang said lightly!

“Abolish the cultivation?” Chen Ping was stunned: “In this world of heaven and man, if the cultivation is abolished, what’s the difference between killing and then killing?”

“There is still a difference. After the cultivation is abolished, it is very likely that the person will slowly die in fear. This is much more cruel than killing directly.”

Zhou Silang said!

After hearing this, Chen Ping frowned and muttered in a low voice: “This is too cruel...”

“Can it be not cruel? Those who can be on the list of seeking doctors are all powerful people, and the rewards are very generous.”

“If it’s not cruel, anyone can take the list. It is estimated that the person with the disease can’t be cured and will be killed by some quack doctors!”

Zhou Silang explained!

Chen Ping was right when he heard it. Such a generous reward would be tempting to anyone who saw it!

If the punishment is not cruel, everyone can take the list at will, then the entire list of seeking doctors will be abolished!

“Chen Ping, why are you asking these questions? Do you want to reveal the list? You can’t mess around!”

Liu Ruyan listened to Chen Ping asking about the doctor’s list and hurriedly reminded him!

“Mr. Chen, this doctor’s list is not a joke. Although it seems to be well-paid, it also faces huge risks. If you are not 100% sure, don’t try it.”

Nie Heng also reminded Chen Ping!

“Don’t worry, I’m just asking out of curiosity. You two have refined the pills, so hurry up and hand them in for registration!”

Chen Ping smiled slightly and said to Liu Ruyan and Nie Heng!

The two nodded, then took the refined pills and went to the assessment and registration!

Just after Liu Ruyan and Nie Heng left, Chen Ping jumped up and went straight to the doctor’s list!

Chen Ping was suspended in front of the doctor’s list, quietly looking at the first disease!

“Who are you? You are not allowed to get close to the doctor’s list...”

The people on Yaoshen Island saw Chen Ping running in front of the doctor’s list, and immediately reprimanded loudly!

With this shout, many people looked up at Chen Ping!

“Why are you shouting? This list of doctors is for people to uncover the list and find a doctor. If you don’t get close, how can I uncover the list?”

Chen Ping glared at the guy who was shouting.

“You want to uncover the list?” Ouyang Wufeng also looked up at Chen Ping at this moment. He saw that Chen Ping was young and didn’t look like a master!

And he didn’t know Chen Ping. The remaining diseases on the list of doctors were very difficult. Without the level of Medicine Master, no one dared to try!

Chen Ping was so young, and he dared to uncover the list?

“Why? Only you Medicine God Island can uncover the list, and I am not allowed to do it?”

Chen Ping asked!

“That’s not the case. It’s just that the remaining diseases on the list of doctors are not even dared to be easily treated by our Medicine God Island. Are you sure you can cure them?”

“You have to know that if you uncover the list casually and fail to cure, you will have to abolish your cultivation.”

Ouyang Wufeng said to Chen Ping!

“Of course I know. I think the diseases on the list of doctors are not difficult. I will uncover the first one. The reward for this is quite special.”

Chen Ping looked at the first disease and was about to reach out to touch it!

“Daoyou Chen, don’t be reckless!”

At this time, Chen Wenliang shouted!

Chen Ping’s array technique is good, and he is really amazing to be able to repair the ancient teleportation array!

But the array technique is completely different from medical skills. Even if he is a master of array techniques, it does not mean that he has great medical skills!

Chen Ping is quite capable and is also a master of array techniques. Even if he is also a pharmacist, he is so young, can he still reach the level of Medicine Master?

After all, people’s energy is limited, and it is impossible for one person to practice everything to the extreme!

Chen Wenliang only thought that although Chen Ping was a pharmacist, his level would definitely not be too high, and he would not be able to meet the requirements of the list!

And he was going to reveal the first symptom on the list, which was simply courting death!

Chen Wenliang didn’t want Chen Ping to seek death, so he spoke out to stop him!

[The Man Decree] A Man Like None Other Chapter 4149—“President Chen, I’m not being reckless. I’ve seen the symptoms listed here and I’m sure.”

Chen Ping said to Chen Wenliang!

“Fellow Daoist Chen, you don’t know that the first symptom is not as simple as it seems. We once had several presidents and two medicine masters discuss together to find a way to crack it, but none of them succeeded.”

“There is also a fifth-grade medicine master who failed to solve the first symptom on the list. Now he has lost all his cultivation and has been drinking all day to relieve his sorrow. He just committed suicide a few days ago.”

“This is really not a joke. If it weren’t for the fact that fellow Daoist Chen helped me so much, I would never stop you.”

Chen Wenliang persuaded earnestly!

The others also looked at Chen Ping with shock on their faces. Being able to choose the first symptom on the medical list for treatment can be regarded as a newborn calf not afraid of a tiger!

“Who is this person?”

Zhong Qing looked at Chen Ping and asked with interest!

“Zhong Yaozun, this person was brought here by my aunt from the Central Region. She said he is my aunt’s friend.”

“Maybe he is also a pharmacist!”

Zhen Huan said respectfully to Zhong Qing!

“This person is a pharmacist. He probably doesn’t have much strength, because he doesn’t even know what the Doctor Searching List is. He just asked me a lot of questions about the Doctor Searching List.”

“He is probably ignorant and fearless. He thinks he is great and wants to test it!”

Zhou Silang said on the side!

Just now, Chen Ping asked a lot of questions about the Doctor Searching List, even asking about the remuneration, which proves that he doesn’t know much about the Doctor Searching List!

When Zhong Qing heard that Chen Ping was a friend brought by Grandma Zhen, he jumped up and came to Chen Ping!

When Chen Wenliang saw Zhong Qing, he immediately greeted him enthusiastically, “Zhong Yaozun...”

Zhong Qing nodded in response, then looked at Chen Ping and said, "Young man, this list of seeking doctors is not something you can try to play with, especially the first disease, which is not as simple as you see."

"Since you are Zhen Ni's friend, I can't watch you die, so go back."

"If you want to go to Yaoshen Island, I can let you pass the assessment, and you don't have to take the risk."

"Thank you, Senior Zhong, but I still want to try, and I have confidence in myself. I will go to Yaoshen Island, even if there is no assessment, there will be a quota, but I am now very interested in the reward for the first disease."

Chen Ping said truthfully!

"Immortal bone?" Zhong Qing was slightly stunned, then smiled and said, "It is said that immortal bone is comparable to immortal weapon, and immortal bone ground into powder and eaten can have great effect, greatly increasing people's strength, but it is very difficult to grind immortal bone into powder, and immortal bone is not as good as you think." "

Grind into powder? Eat?"

Chen Ping was a little surprised!

And the Red Cloud Demon Lord was angry.

"Damn it, my corpse has become a resource for these people to improve their strength."

The Red Cloud Demon Lord cursed!

"Senior Zhong, I want the immortal bone for another purpose, not for eating. Thank you for your kindness, Senior Zhong!"

After Chen Ping finished speaking, without waiting for Zhong Qing to say anything, he directly pressed his hand on the doctor-seeking list!

Soon, a light emanated from the first symptom!

A huge amount of information entered Chen Ping's sea of consciousness through the doctor-seeking list!

Here are the detailed information of the patients and various physical conditions!

Zhong Qing and Chen Wenliang on the side sighed and fell back to the ground after seeing Chen Ping actually unveil the list!

Since the list has been unveiled, no one can stop it. It can only depend on Chen Ping's luck!

If the treatment is not good, then accept it!

After receiving all the information, Chen Ping slowly fell to the ground!

Now Chen Ping has mastered all the information about the symptoms, and even the other party's personal information!

Now it depends on how to find a cure!

[The Man Decree] A Man Like None Other Chapter 4150-Everyone was watching Chen Ping quietly, even Ouyang Wufeng was watching quietly, waiting for what Chen Ping would do next!

Rumble...

Suddenly, there were bursts of roars from the horizon, and everyone's eyes moved away from Chen Ping!

I saw a golden light coming from the horizon from far to near, and then the void trembled!

A middle-aged figure in a purple and gold robe slowly appeared!

This person had a broad face, bright eyes, and the majesty of a superior!

Seeing the middle-aged man who suddenly appeared, many people suddenly exclaimed, and even their breathing became rapid!

"Who is the one who can heal my son?"

The middle-aged man asked after a glance!

Although this middle-aged man was just a projected shadow, many people still trembled under this glance, and they didn't even dare to look directly at the middle-aged man!

Everyone's eyes were on Chen Ping, and this time Chen Ping became the focus!

When the middle-aged man saw Chen Ping, his brows frowned slightly!

Because in his opinion, Chen Ping was too young, how could he have such high medical skills!

However, since the other party has already revealed the list, he should have certain strength!

“Little pharmacist, since you have revealed the list, do you have a way to heal my son?”

The middle-aged man asked Chen Ping!

Chen Ping looked directly at the middle-aged man in front of him. Because it was a projected shadow, Chen Ping could not see the man’s strength, but from the conversation alone, it can be seen that this middle-aged man is definitely a hegemon!

“I already have a way, but I need to see the patient before I can confirm it. The other is the fairy bone. I don’t know if I will really give it to me after I heal your son?”

Chen Ping asked the middle-aged man!

The middle-aged man was slightly stunned, and then laughed and said, “Hahaha, of course, what I, Xiao Yuanshan, say is a word of nine tripods. If you don’t believe it, you can ask everyone present.”

“After you heal my son, I will immediately offer the fairy bone with both hands.”

“Okay, bring your son!”

Chen Ping said!

Xiao Yuanshan looked at Chen Ping, and the dangling figure slowly disappeared!

After Xiao Yuanshan left, the scene was suddenly in an uproar!

“Damn, I didn’t expect that the person with the first disease would be the prince of the Xiao Dynasty. It’s incredible.”

“Prince Xiao is gifted. I heard that he had reached the Mahayana realm many years ago, but he disappeared in recent years. I didn’t expect that he was sick.”

“Did Prince Xiao practice evil skills? Did he become possessed and become manic and bloodthirsty?”

“Don’t talk nonsense, be careful of your life. There are many reasons for mania and bloodthirstiness, not necessarily possessed.”

Everyone was talking about it, and Chen Ping was confused!

He didn’t know what the Xiao Dynasty was, let alone what the prince was!

“Hey, I didn’t expect that the person with the first disease would be the prince of the Xiao Dynasty. No wonder he could take out the reward of immortal bones!”

Chen Wenliang sighed and said!

“President Chen, what is this Xiao Dynasty? Who is this Xiao Yuanshan?”

Chen Ping asked puzzled!

Chen Wenliang glanced at Chen Ping. He really couldn’t believe whether Chen Ping was a person from the Heavenly Realm!

“Fellow Daoist Chen, the Xiao Dynasty is a country, with an area of one-third of the entire Western Region.”

“Other sects and families can control a clan or a city, which is already good enough.”

“And the Xiao Dynasty governs hundreds of cities, which is the largest force in the Heavenly World.”

Chen Wenliang explained to Chen Ping!

“Damn, so awesome?” Chen Ping was a little confused when he heard it, so he hurriedly continued to ask: “Who is this Xiao Yuanshan just now?”

“This person is the Xiao Emperor of the Xiao Dynasty, and the sick person should be his son Xiao Feng.”

Chen Wenliang said!

“What realm is this person? He can actually control such a large area in the Heavenly World?”

Chen Ping asked puzzled!
