

[The Man Decree] A Man Like None Other Chapter 4221

[The Man Decree] A Man Like None Other Chapter 4221 – Roar!

The golden dragon roared, the earth trembled, and huge waves suddenly rose in the sea. Everyone hurriedly held up the shield to protect the safety of the spirit boat!

Wang Qingshi looked at the golden dragon behind Chen Ping, and his arrogant arrogance instantly extinguished!

“You... who are you? Why can you make the golden dragon appear?”

“What kind of psychedelic magic did you use?”

Wang Qingshi asked!

“Why ask so many questions? If you want to fight, just fight. You are so fucking nonsense!”

Flames rose from Chen Ping’s body, and even flames rose from the golden dragon! It

turned directly into a fire dragon and opened its bloody mouth!

“You are looking for death...”

Wang Qingshi roared, and the giant sword in his hand fell fiercely at Chen Ping!

The golden dragon roared and rushed up directly, facing the giant sword!

Boom!

The giant sword was blocked by the golden dragon, and then the golden dragon spurted out a mouthful of dragon flames, and the thick flames instantly surrounded the giant!

The sky was full of flames, reflecting the entire sky red, and even the sea was burning with flames!

Chen Wenliang and the others had to sail the spirit boat far away!

“Hahaha, you want to burn me to death with fire, it’s just a joke, I’m a giant but I’m not afraid of water or fire.” “

And I have no life, I’m not afraid of death, you want to defeat me, dream on!”

Wrapped in flames, Wang Qingshi was not afraid, but laughed!

His giant was made with the secret technique of Zhantian Fazong, not flesh and blood, so he was not afraid of flames at all!

Just like a puppet, without life, not knowing life and death!

Now Wang Qingshi merged with the giant, everything was controlled by Wang Qingshi, the giant had no thoughts of his own!

The giant stood in the flames, his body emitting golden light, the flames really couldn’t cause any harm to the giant!

“Since you can’t burn to death, then I’ll chop you to death...”

Chen Ping jumped up and stood on the dragon head!

The dragon-slaying sword in his hand burst out a hundred feet of sword light, and then swung it vigorously!

The sword light rolled in, with a dazzling white light.

Rumble...

all kinds of auras in Chen Ping’s body kept flowing, and he chopped the giant with one sword after another!

Chen Ping’s sword was very fast, and every time he slashed the giant, sparks burst out all over the sky!

“Hahaha, I said it was useless. Although your sword is good, it can’t break my giant’s defense at all!”

Wang Qingshi laughed!

Chen Ping ignored him at all, but kept attacking. Every sword was like a mountain smashing down, causing the earth to tremble, the void to twist, and roar for eternity!

The sea was even more rolling with huge waves caused by these swords, and the sky-high water column rushed straight into the sky, like the end of the world!

Wang Qingshi, who didn't care at all, suddenly found that many tiny cracks appeared on the giant's body!

And on the huge talisman paper he took out, all kinds of patterns actually trembled!

Speaking of which, Wang Qingshi's giant was not a real puppet, but was made using secret techniques and talisman culture!

The power and defense he actually possessed were not made of his own materials, but were all supported by the dense runes on the talisman paper!

If the runes were destroyed, the giant's strength would be weakened!

"Damn it, I thought you were wasting your energy, but you already had a plan!"

Wang Qingshi frowned slightly, and didn't dare to be careless!

He forced out blood from his brows and smeared it directly on the talisman paper!

The golden giant turned red in an instant, and the dense runes also turned blood red!

The blood-colored runes covered the giant's body, exuding a terrifying aura!

"It's my turn..."

Wang Qingshi shouted, and the long sword in his hand shone, and the void was instantly cut open!

Chen Ping stood on the dragon head, feeling the power of the sword, but he didn't dodge at all, but jumped!

[The Man Decree] A Man Like None Other Chapter 4222

[The Man Decree] A Man Like None Other Chapter 4222 – The whole person went straight to the giant sword!

“What is Mr. Chen going to do?”

Nie Heng was shocked when he saw this!

“Isn't Fellow Daoist Chen going to commit suicide? Why didn't he dodge or evade, but went towards the giant sword?”

Chen Wenliang didn't understand what Chen Ping was going to do!

Even Wang Qingshi himself didn't expect that Chen Ping would not dodge or evade, but now he actually took the initiative to meet him.

He was stretching his head to let himself be chopped!

How could there be such a thing?

Is there a trick?

Just when Wang Qingshi didn't understand what was going on, Chen Ping's body actually collided directly with the giant sword in his hand!

Boom!

With a loud bang, golden light splashed everywhere!

Chen Ping's indestructible golden body, like snowflakes, fell down piece by piece and slowly disappeared!

With the flash of golden light, everyone was surprised to see that Chen Ping's thin body actually withstood the blow of the giant sword!

And he held the giant sword tightly with both palms, with disdain and coldness in his eyes!

“How is this possible?”

Wang Qingshi was stunned!

You know, even if it was a Mahayana master, he would be taken away by the sword if he resisted it hard. But Chen Ping is only a sixth-grade cultivator in the Tribulation Realm!

How could he resist the attack, and he didn't seem to be injured?

This is impossible!

The others were also stunned and stared blankly. If it was said that Chen Ping's strength, many people had seen it!

But no one expected Chen Ping to be so awesome!

This is to resist this sword hard. If the body is not strong enough, no one dares to try it!

“My goodness, is this a sixth-grade cultivator in the Tribulation Realm able to do it?”

Zhen Yuandao licked his lips, his face incredible!

The others were so shocked that they couldn't speak!

Su Tianshuo and others saw this scene, and their hearts were beating wildly. If Chen Ping killed Wang Qingshi, then they would not be able to escape!

“President Su, what should we do? This Chen Ping is too abnormal, he is not a human...”

Bao Longxing said with fear on his face!

“What are you afraid of? Wang Qingshi may not lose. Let's wait and see. If Wang Qingshi loses, we will sneak away!”

“Anyway, no one is paying attention to us now. If it doesn’t work, we will never admit that we are colluding with Zhantian Fazong.”

“Do they have any evidence? Do they really dare to kill all of us?”

Su Tianshuo is ready to wait and see. Anyway, he has made two preparations!

In fact, he is also scared to death, and his legs are shaking!

It’s just that these people obey him. If he shows fear at this moment, then the others will really be finished! If

people’s hearts are scattered, Su Tianshuo knows that he has no bargaining chips at all!

“You, the giant, look tall and mighty, but you have no strength at all. It turns out to be a straw bag!”

Chen Ping said to Wang Qingshi with a sneer on his face!

Wang Qingshi was angry and angry, gritting his teeth and said, “Don’t be complacent, I haven’t lost yet...”

Buzz!

Suddenly, the giant sword began to be covered with blood runes, and a violent force broke out!

Chen Ping looked at the blood-red runes that kept flashing on the giant sword, and smiled even more brightly, saying, “You are still a little naive to play runes with me...”

After Chen Ping finished speaking, he actually used his fingers to draw a few strokes on the giant sword!

In an instant, the power that was about to explode on the giant sword was dormant, and the giant sword trembled, shaking the giant away!

Wang Qingshi was shocked and looked at the giant sword in his hand in disbelief!

“You...what did you draw on my giant sword?”

Wang Qingshi asked with a shocked face!

You know, this is his weapon, and he gave all the blood-red runes on this giant sword!

But who would have thought that after being casually scratched twice by Chen Ping, the blood-red runes were all ineffective!

[The Man Decree] A Man Like None Other Chapter 4223

[The Man Decree] A Man Like None Other Chapter 4223 – “Do you want to know?”

Chen Ping said with a smile!

“Of course!” Wang Qingshi nodded!

He really wanted to know what method Chen Ping used to suppress his blood rune. You know, this blood rune was passed down by their Zhantian Sect!

“You are not my son, I can’t tell you, but if you call me dad, I can tell you, or even teach you.”

Chen Ping said with a joking face!

Hearing Chen Ping’s words, Chen Wenliang and others couldn’t help laughing!

At this time, Chen Ping still had the mind to joke!

This is the time for life and death!

Wang Qingshi’s face was livid, and he raised his sword again to chop!

He didn’t care whether the blood rune on the giant sword was effective!

Chen Ping didn’t resist this time, but blocked it instantly with the Zhanlong Sword!

Ding!

The two swords collided, making a crisp sound!

Chen Ping's thin body was insignificant in front of this giant, but this insignificant figure blocked the attack!

Just after Chen Ping blocked the sword, a golden light suddenly shot out from the air and then hit the giant fiercely!

Boom!

With a loud bang, the giant retreated instantly, and many large and small cracks appeared on his body!

"Forget about you, a beast..."

Wang Qingshi looked at the golden dragon that rushed over and swept him with its tail, and roared loudly!

He was only concerned with fighting with Chen Ping, but forgot about Chen Ping's golden dragon!

Wang Qingshi slashed at the golden dragon with all his strength!

The golden dragon roared, twisted its huge body, and then slapped heavily on the giant sword.

Crash...

The giant sword was shattered under this fierce impact, leaving only a hilt, which remained in the giant's hand!

"Damn..."

Wang Qingshi looked at the broken giant sword in his hand, and he was completely stunned!

What the hell does this mean?

Without weapons, how can this battle be fought?

Just when Wang Qingshi was stunned, the golden dragon swept over again with its tail!

Bang!

The giant's huge body fell down with a bang!

At the moment of falling, the whole body collapsed, and Wang Qingshi also flew out of the giant's body!

"Boy, you wait for me, I will take revenge sooner or later."

After Wang Qingshi finished speaking, he suddenly took out two talismans, stuck them on his legs, and then ran away!

This kind of talisman can speed up a person's speed!

"You still want to run?"

Chen Ping smiled coldly, and flames suddenly rose under his feet, and the fire control step was performed!

Wang Qingshi's speed was so fast that he disappeared in the blink of an eye!

He thought he had escaped, so he let out a long breath!

"You run so slowly, and you still want to escape from my palm?"

Chen Ping's voice rang in Wang Qingshi's ears!

Wang Qingshi was stunned, turned his head and looked, and found that Chen Ping appeared beside him at some point!

"You...you..."

Wang Qingshi was shocked, and then gritted his teeth and sped up again!

But no matter how fast he ran, Chen Ping always followed him!

After running for an unknown amount of time, the spell on Wang Qingshi's leg lost its effect, and his speed slowed down!

Chen Ping was also not in a hurry, and his expression was calm!

“Don’t chase me, I surrender, isn’t it okay for me to surrender...”

Wang Qingshi saw this and stopped directly, breathing heavily!

Chen Ping grabbed Wang Qingshi’s collar and carried this guy back directly!

Just when Chen Ping was carrying Wang Qingshi back, Su Tianshuo had secretly led people to drive the spirit boat towards the Western Region Continent!

Chen Wenliang and the others were worried about Chen Ping’s comfort, so they all drove the spirit boat to chase Chen Ping, and forgot about Su Tianshuo and others!

When they saw Chen Ping coming back with Wang Qingshi, they breathed a sigh of relief and surrounded him one after another!

[The Man Decree] A Man Like None Other Chapter 4224

[The Man Decree] A Man Like None Other Chapter 4224 – “Ouyang Island Master, I’ll leave this guy to you to deal with.”

Chen Ping handed Wang Qingshi to Ouyang Xing!

After all, the Zhantian Sect has killed many disciples of Yaoshen Island, and Ouyang Xing just took out his anger on Wang Qingshi!

“Fellow Daoist Chen, thank you very much. My Yaoshen Island is in this state now, and I really can’t repay you!”

Ouyang Xing said with some shame!

“Ouyang Island Master, you are thinking about all the pharmacists in the Tianren Realm and you are willing to resist the Zhantian Sect alone. What I did is nothing.”

Chen Ping comforted Ouyang Xing, and then glanced at the sea and found that the spirit boat of Su Tianshuo and others had disappeared. He was shocked and said, "Where are Su Tianshuo and others?"

"It's bad, let them run away, no one noticed just now!"

Chen Wenliang saw this and hurriedly said anxiously!

"They can't run far, let's chase them quickly!"

Zhen Yuandao said!

"Yes, chase them quickly..." Zhou Qian also asked to chase them quickly!

"Ouyang Island Master, we will say goodbye here. We will meet again at the pharmacist conference next year!"

Chen Ping bowed to Ouyang Xing!

"Then I will wait for you, Fellow Daoist Chen!" Ouyang Xing also bowed his hands!

Just when Chen Ping and the others were about to leave, Wang Qingshi said, "Chen Ping, can you tell me what you drew on my giant sword at that time that suppressed my blood rune?"

"If you tell me, I will die with my eyes closed!"

"Okay, then I'll tell you, I drew the divine rune at that time..."

Chen Ping said slowly!

"Divine rune?" Wang Qingshi was shocked, his eyes widened, his face full of disbelief, and he muttered to himself for a long time: "Divine rune, it turned out to be a divine rune, it seems that I didn't lose unfairly..."

Ouyang Xing and the others didn't know what the divine rune was, but looking at Wang Qingshi's appearance, the divine rune must be very powerful!

Chen Ping and the others drove the spirit boat to chase Su Tianshuo and others, while Ouyang Xing took Wang Qingshi and the remaining disciples of Yaoshen Island back to Yaoshen Island!

“President Su, they are catching up. We have to speed up. If we escape to the Western Region, these guys probably won’t let us go.”

Bao Longxing was so scared that he trembled all over when he saw Chen Ping and his men driving the spirit boat to catch up!

Su Tianshuo certainly knew that even if they arrived in the Western Region, Chen Wenliang and Chen Ping would never let them go! The

best way now is to destroy Chen Ping and his men on the vast ocean!

But they can’t be Chen Ping’s opponents at all!

Even the Zhantian Fazong was destroyed, and Wang Qingshi was captured. How could they be opponents!

“Okay, stop talking. I know you are chattering in my ear. Are you annoying...”

Su Tianshuo glared at Bao Longxing!

He knew everything, but what could he do?

“President Su, if we don’t go to the Western Region now, maybe there is a way to destroy those people behind us.”

At this time, an old man in white walked up to Su Tianshuo and Bao Longxing!

Su Tianshuo and Bao Longxing both looked at the old pharmacist, and all frowned slightly!

Because none of them knew this person!

Although the Western Region Pharmacist Association, the Bao family, and the Diao family were the leaders this time, there were other pharmacists who joined them!

It’s just that the power of these pharmacists is relatively weak, so they don’t have much say!

This old pharmacist is just a casual cultivator. He also joined Su Tianshuo and wanted to get some benefits, but he didn’t expect this result!

“Who are you?” Su Tianshuo frowned slightly!

“President Su, my name is Feng Xing, and I am from the Feng family in the Central Region. I learned to be a pharmacist because I love to refine pills since I was a child.”

“I have always been on this sea in the Western Region, so I am more familiar with this sea.”

Feng Xing said!

[The Man Decree] A Man Like None Other Chapter 4225

[The Man Decree] A Man Like None Other Chapter 4225 – “You are from the Central Region, why did you come to the Western Region to mess around?”

Bao Longxing asked!

“For the entire Tianren Realm, the Western Region has the most pharmacists and the most pharmacist families.”

“And the Western Region Yongle City is the location of the Western Region Pharmacist Association, and it will also hold a pharmacist conference, so I don’t have a master, I can only learn here secretly.”

“Yongle City is close to the sea, so I am very familiar with this sea, and I have been to Yaoshen Island many times!”

Feng Xing explained!

Su Tianshuo nodded when he heard it. For someone like Feng Xing, whose family is not a pharmacist family, it is indeed very difficult for him to become a pharmacist and learn alchemy alone! He

can only rely on self-study and stealing skills, and in Yongle City, he can communicate with many pharmacists and grow the fastest!

“Just now you said that you can destroy those people behind, what’s going on?”

Su Tianshuo asked!

“President Su doesn’t know that we should not go back to the Western Continent now, but turn south. In about an hour, we will enter a storm sea area, where storms will blow regularly!”

“I heard that the storm comes from the giant beast deep in the seabed. There will be a fixed date every year. As long as we lead those people behind us to the storm area, we can use the storm to destroy them and let them go to the bottom of the sea to feed the monsters.”

Feng Xing said !

“Then won’t we also encounter storms and feed monsters?”

Bao Longxing asked puzzled!

“Master Bao can rest assured. I am familiar with the path of the storm. I will avoid the storm before the storm comes.”

“Now we only have this way to go. If we continue to go to the Western Continent, we probably won’t see the continent and will be caught up by them.”

Feng Xing explained!

Bao Longxing was silent because he didn’t know whether to believe this Feng Xing!

After thinking for a moment, Su Tianshuo immediately said loudly: “Turn the rudder and head south...”

Su Tianshuo decided to believe this Feng Xing once, after all, what he said was true!

In addition to this method, Su Tianshuo couldn’t think of a better way to save his life!

The spiritual boat changed its course, and under the urging of the spiritual power of many pharmacists, it sailed rapidly towards the distance!

In this way, they will be farther and farther away from the land!

Seeing that Su Tianshuo and others suddenly changed their course, Chen Ping and others were all a little confused!

“What’s the situation? Why did Su Tianshuo and others change their course? Don’t they want to go back to the Western Region?”

Chen Wenliang said very puzzled!

“This guy, did he see that we are about to catch up, and knew that even if he escaped to the Western Region, we would not let him go, so he planned to escape to another place?”

Zhen Yuandao said!

“Where is he escaping? This direction seems to be heading south, where there is a vast sea and no land. I’m afraid there is not even an island?”

Zhou Qian said very puzzled!

Chen Ping frowned and kept looking, because he didn’t know what Su Tianshuo and these guys were going to do.

“Maybe, I know what they want to do!”

At this time, Zhong Qing spoke!

“Senior Zhong, do you know?” Chen Ping looked at Zhong Qing!

“They should be heading for the Storm Sea. There must be someone who has been here for many years on their spirit boat.”

Zhong Qing said!

“Storm Sea?” Everyone was stunned!

“Why haven’t I heard of such a sea in all these years?”

Zhen Yuandao asked!

“This Storm Sea is not a place where the wind blows every day, but it has a certain time. I don’t know the specific time.”

“But I heard from others that this storm is too scary, and there are very scary monsters in that area.”

“I think Su Tianshuo must have led us to the Storm Sea, and then let us encounter the storm and all perish.”

“This guy is too vicious...”

Zhong Qing explained!

[The Man Decree] A Man Like None Other Chapter 4226

[The Man Decree] A Man Like None Other Chapter 4226 – Zhong Qing is also a casual cultivator, and has been in Yongle City, so he still knows something about this sea area!

Hearing Zhong Qing’s words, everyone was silent!

Chen Wenliang frowned: “What should we do? Are we going to watch Su Tianshuo and the others escape and not chase them?”

“I think it’s okay, so let’s go back first. These guys will return to the Western Continent sooner or later.”

Zhen Yuandao had the intention of retreating.

“I think it’s okay. Many of our Zhou family members are injured. We really don’t have the energy to chase them.”

Zhou Qian also backed down!

His son was injured, and many people in the Zhou family were also seriously injured. They had to go back to recuperate!

If they go to chase at this time and encounter a storm, others have the ability to escape the storm, and all the people in their Zhou family are injured, but they can't escape!

"How can we let it go? Su Tianshuo and these guys almost killed us all. We must not let them go, otherwise it would be like letting the tiger go back to the mountain. We must kill them."

Some pharmacists disagreed to go back and must chase!

"Who knows what dangers there are in the storm sea area? It's reckless to chase blindly like this."

Some pharmacists opposed the pursuit!

For a while, many pharmacists quarreled fiercely, some wanted to chase, and some didn't want to chase!

The whole spirit boat was in chaos!

"Okay, everyone stop arguing and listen to the opinions of Chen Daoyou!"

At this time, Chen Wenliang shouted loudly!

Everyone shut up and looked at Chen Ping!

Along the way, everyone knew Chen Ping's strength, and many people were saved by Chen Ping, so everyone would definitely listen to Chen Ping's words!

"Our spirit boats can act separately. If anyone wants to go back to the Western Region, they can go back." "If

you want to chase, you can also chase. Everyone chooses voluntarily, and no one will force it."

"Even if you go back, you have your own difficulties. No one will look down on you, and everyone doesn't have to worry about it!"

Chen Ping knew that going to the so-called storm sea area had many unknown risks, and more people were not necessarily a good thing! It's

okay to let some people go back. People like the Zhou family have no combat power at all, and they still need to be taken care of, which will reduce the overall strength invisibly!

Everyone listened to Chen Ping's words, and then silently began to line up, and soon they were divided into two teams!

Zhou Qian and Zhen Yuandao took some people back to the Western Continent!

Chen Ping and Chen Wenliang continued to pursue with the remaining people. With the people from Liangyi Gate, even if half of the people left, Chen Ping and his people would be more than enough to deal with Su Tianshuo and his people!

Zhong Qing and Zhen Po Po chose to stay. After all, Zhong Qing knew more about this sea area than others!

Chen Ping and his people continued to move forward and began to chase Su Tianshuo and his people!

The spirit boat moved forward at a high speed, stirring up waves!

After chasing for an hour, it was getting closer and closer to Su Tianshuo and his spirit boat!

Moreover, the whole sky was clear, and there were ripples on the sea. Where was the shadow of the storm!

“Zhong Yaozun, the storm sea you mentioned should be this one. It looks calm, where is the shadow of the storm?”

Chen Wenliang asked very puzzled!

“I have only heard about it, I have not seen the storm, but we can't take it lightly, I heard that the storm is extremely fierce.”

“Once there was a spirit boat carrying hundreds of monks in the Tribulation Realm, it was torn apart in an instant by the storm. All the monks died, and not even their bodies were found.”

“Since there are such rumors, plus Su Tianshuo and others are constantly coming in this direction, this storm sea area must exist.”

Zhong Qing was not as relaxed as the others, but said with a serious face!

When everyone heard Zhong Qing say this, their expressions became much more tense!

[The Man Decree] A Man Like None Other Chapter 4227

[The Man Decree] A Man Like None Other Chapter 4227 – Hundreds of Tribulation Realm cultivators were instantly reduced to scum. It was too scary!

Most of the people on their spiritual boat were also Tribulation Realm cultivators!

If they really encountered a storm, they would not be able to run away!

It was not easy to cultivate to such a state. If they were killed by a storm, wouldn't it be too unfair!

At this moment, many people regretted following them. It would be better to go back to the Western Region!

Chen Ping also saw the worries in everyone's hearts, so he said, “You don't have to worry too much. With the Liangyi Sect, as long as we set up a defensive formation around the spiritual boat, the storm will not hurt you.”

“Yes, with the Taoist friends from the Liangyi Sect following us, they are all famous magic sects in the Central Region. We don't have to be afraid at all!”

Chen Wenliang also comforted everyone!

When everyone heard this, they felt relieved. After all, with so many formation masters here, the formation they jointly laid must be very strong, and the storm should not be able to break it!

At this time, Su Tianshuo and others who were constantly running away saw Chen Ping and others chasing them closely. Not only were they not afraid, but they also showed excitement on their faces!

“President Su, these guys were fooled, but it seems that several spirit boats did not follow, they should have returned to the Western Region.”

Bao Longxing said!

“It doesn’t matter, as long as Chen Ping follows, we can use this storm sea area to kill Chen Ping, and we can get the hundred-year offering of the Demon Sealing League.”

“With these resources, we can annex others sooner or later...”

Su Tianshuo said with a slight smile!

“That’s true, but it’s sunny here, calm and peaceful, where is the sign of a storm?”

“I don’t know if what Feng Xing said is true, don’t frame us again.”

Bao Longxing looked up at the clear sky and said!

“Master Bao, why should I deceive you?”

“Didn’t I say that this storm sea area is not stormy at any time and anywhere, it needs a specific time.”

“If you don’t believe me, you can change course at any time.”

Feng Xing didn’t know when he had already occupied Bao Longxing’s back!

Bao Longxing was suddenly embarrassed!

Su Tianshuo hurriedly said, “Mr. Feng, the head of the Bao family is also straightforward. Don’t mind it. Of course we believe you, otherwise we wouldn’t drive the spiritual boat here.”

Su Tianshuo knew that at this time, the only one they could count on was Feng Xing, so he was very polite!

Seeing this, Bao Longxing also hurriedly apologized, “Mr. Feng, I am outspoken and dare not question Mr. Feng. I hope you will not bear the fault of a villain.”

If it were normal times, Bao Longxing and Su Tianshuo would probably not even look at Feng Xing, but now, they can only swallow their anger!

Seeing that Su Tianshuo and Bao Longxing were so polite to him, Feng Xing was immediately full of pride. He looked at the sky and said, “Change course and head southeast.”

“It will take less than a quarter of an hour. It is estimated that the storm will come...”

“Head southeast...”

Su Tianshuo hurriedly gave an order!

“Mr. Chen, Su Tianshuo and the others have changed direction again.” Seeing this, Nie Heng hurriedly said to Chen Ping!

“Follow him closely...”

Chen Ping said!

Just when Chen Ping and his spirit boat were chasing Su Tianshuo and the others, the spirit boat suddenly shook!

Even the spirit formation that made the spirit boat move forward disappeared in an instant after flickering a few times!

The spirit boat has no way to move forward without the spirit formation!

“What’s going on? What’s going on?”

Chen Wenliang and the others also rushed to the bow!

Everyone was startled, and their expressions were very nervous!

The sky, which was originally clear, began to turn dark!

The dark clouds fell from the sky like rolling waves and gathered together!

[The Man Decree] A Man Like None Other Chapter 4228

[The Man Decree] A Man Like None Other Chapter 4228 – The sharp light kept flashing in the dark clouds, like a group of dancing snakes. The calm sea seemed to be attracted, and suddenly huge waves rolled up!

The huge waves rolled like a tsunami, and the impacted spirit boat swayed everywhere. Everyone was shaking and it was difficult to stand!

In the waves of the sea, dense monsters appeared. These monsters seemed to be frightened, jumped out of the water from the bottom of the sea, and then desperately broke through the waves!

The flying monsters also cried and flew away, but they were struck by lightning and fell on the sea in an instant!

The entire sea surface was covered with the corpses of monsters in a short time, and the scene was extremely terrifying!

Everyone was shocked when they saw this scene!

These thunders were comparable to the thunder tribulations of the cultivators when they were crossing the tribulation. Each one was extremely terrifying, and even caused turmoil in the world!

“Gu Tianchao, take people to set up the defense array immediately, and repair the spirit array of the spirit boat immediately!”

Chen Ping looked at the terrifying storm and frowned slightly.

Gu Tianchao received the order and immediately led the disciples of Liangyi Sect to chant in a low voice, with light radiating from their palms.

These lights gathered together and formed a shield, wrapping up the entire spirit boat!

The spirit boat, which was originally tottering, calmed down instantly, and everyone’s hearts were also settled a lot!

The spirit formation of the spirit boat was also repaired, and with the spiritual power urging, the spirit boat started to sail again!

Because of the protection of the formation, the spirit boat ran very smoothly.

Many pharmacists gradually stopped being afraid, and all ran to the bow, looking at the horrible scene outside!

Many monsters fled in panic, but were killed by lightning!

“President Su, those guys don’t seem to be afraid of this storm. Their spirit boat is protected by the formation.”

Bao Longxing saw Chen Ping and their spirit boat, which was flashing with light and moving forward without any hindrance, and hurriedly said!

Su Tianshuo also discovered it, so he frowned and said, “Damn, I forgot that they are followed by people from Liangyi Sect. These guys are all masters of formations.”

“This time, we are in trouble. This storm may not be able to stop them at all, let alone strangle them.”

“President Su, Master Bao, don’t worry, it’s just an appetizer now, the real storm has not come yet.”

Feng Xing said confidently!

“There are more powerful storms? That’s great...”

Su Tianshuo was immediately happy when he heard it!

Their spirit boat was on the edge of the storm and was not affected at all. They looked at Chen Ping and others struggling in the storm with pride!

Rumble...

Suddenly, there was a huge sound, and the whole sea seemed to be shaking!

Above the sky, thunders fell like raindrops, and the waves on the sea formed a huge vortex, stirring constantly.

Tornadoes swept the sea water and connected with the dark clouds in the sky!

In the strong wind, wind blades kept hitting the spirit boat's defensive formation!

The void was torn apart by the storm, and the cracks exuded a cold and strange breath. Countless wind blades, combined with the cracks in the void, devoured everything!

Chen Ping's spiritual boat was like a small leaf, shuttling through the surging wind and waves.

Feeling the strong winds and huge waves, as well as the countless thunders hitting the defensive formation, all the pharmacists became solemn, their faces pale, and cold sweat on their foreheads!

Because they felt that this spiritual boat could be overturned at any time, and they were torn apart by the storm!

Chen Ping's face had no expression at this time, and his eyes were fixed on the largest storm!

The defensive formation that Gu Tianchao and his team laid together could still withstand these small storms, but among these storms, a storm with a diameter of dozens of miles was slowly forming, which was the most deadly.

[The Man Decree] A Man Like None Other Chapter 4229

[The Man Decree] A Man Like None Other Chapter 4229 – Chen Ping took out the Wind-Fixing Bead from his storage ring. This was the old turtle that surrendered to him in the Ink Sea and brought it to him!

However, Chen Ping was not sure whether the Wind-Fixing Bead could withstand the storm of dozens of miles!

Everyone was dumbfounded when they saw the huge storm in front of them!

The breath of death was hanging over everyone's head!

On the spirit boat, there was even more chaos. Even the timid ones began to tremble and their tears were about to flow out!

“Master, this storm is too huge. I’m afraid our formation can’t bear it.”

Gu Tianchao looked at the huge storm that was gradually forming in front of him and said worriedly!

Hearing Gu Tianchao say this, Chen Wenliang and Zhong Qing hurried over!

“Fellow Daoist Chen, this...what should we do? Are all of us going to die here?”

Chen Wenliang asked!

“Don’t worry, as long as we pass through this storm and enter the center of the storm, we will be safe. This huge storm, the central area must be quiet.”

Chen Ping looked at the storm with a diameter of dozens of miles. He knew that for a storm of this scale, the central area was the safest!

We must find a way to let the spirit boat quickly pass through the edge of the storm, because the destructive power of the edge of the storm is the greatest!

Listening to Chen Ping’s words, everyone was very worried!

“Master, I’m afraid that if we go into the center of the storm, this formation can’t stand it.”

Gu Tianchao reminded again!

Everyone also felt that this shaky spirit boat could not withstand such a big storm!

“Don’t worry, if the formation is broken, I still have treasures in my hands, and I should be able to withstand this storm.”

Chen Ping said slowly!

Seeing Chen Ping say this, Gu Tianchao didn’t say anything!

Everyone else was silent and prayed silently!

The spirit boat soon reached the edge of the huge storm. At this time, the wind blades generated by the storm crackled and hit the spirit boat's defensive formation!

Cracks appeared in the defensive formation in an instant, and it was about to break.

Gu Tianchao glanced at Chen Ping, and then led people to desperately activate spiritual power to repair the broken formation!

The people of Liangyi Gate gritted their teeth and forced the spirit boat into the storm, but as soon as they entered the storm, the defensive formation shattered!

Everyone was shocked and hurriedly mobilized the greatest potential of their bodies to resist this terrifying storm!

But after preparing for a long time, they found that although the defensive formation was broken, the wind blades generated by the storm did not come towards them!

The raging storm seemed to be dodging the spirit boat!

"This...what is going on?"

Chen Wenliang was shocked and didn't understand why the storm was circling the spirit boat!

"Mr. Chen, what is in your hand?"

At this time, Nie Heng discovered the Dingfeng Pearl in Chen Ping's hand, so he asked curiously!

"This is the Dingfeng Pearl, which can avoid the threat of the storm."

Chen Ping smiled faintly!

The Dingfeng Pearl exuded a soft light, and there was a whistling sound inside the bead!

"Dingfeng Pearl? Fellow Daoist Chen actually has such a treasure, no wonder you are so confident."

Chen Wenliang heard it and hurried over to take a good look at the Dingfeng Pearl!

Others also gathered around. This was the first time they had seen a treasure like Chen Ping's!

With the Wind-Fixing Pearl, the Spirit Boat continued to move forward and soon penetrated the edge of the storm!

When it reached the center of the storm, the strange phenomena of heaven and earth disappeared, and there were only endless storms roaring around!

Sure enough, the center of this huge storm was safe and very calm!

However, on this sea surface, there were densely packed corpses of monsters. These monsters should have been strangled by the storm!

“We are safe for the time being. There are so many corpses of monsters. If anyone wants a beast pill, you can take it yourself...”

Chen Ping said to everyone!

When everyone heard this, they jumped into the sea and dug up the beast pills of those dead monsters!

[The Man Decree] A Man Like None Other Chapter 4230

[The Man Decree] A Man Like None Other Chapter 4230 – Chen Ping, Liu Ruyan and Nie Heng also jumped off the spiritual boat, looking at the dense corpses of monsters on the sea. In the hurricane of the storm around, the spiritual energy was chaotic, and there were many stars shining!

“Mr. Chen, what are the stars in your hurricane?”

Nie Heng asked!

Logically speaking, there should be no light in the hurricane!

“It should be the light emitted by some spiritual stones or treasures.”

“In this vast ocean, anything can exist.”

“Let’s go and have a look, maybe we can get something!”

Chen Ping had the Dingfeng Pearl in his hand, so it was not a problem to enter the hurricane!

An entire spiritual boat can be protected, so it is still very easy for the Dingfeng Pearl to protect the three of them!

“Daoyou Chen, can you take me with you?”

At this time, Chen Wenliang approached and asked!

He had long seen that Chen Ping wanted to enter the hurricane, and other cultivators could not enter, but Chen Ping had no problem, because Chen Ping had the Dingfeng Pearl!

“President Chen, of course...”

Chen Ping agreed very happily.

The group slowly approached the hurricane at the edge of the storm. When they entered the hurricane, they found that there were many spirit stones flying in the air!

“What kind of spirit stone is this, which emits such a dazzling light?”

Nie Heng asked curiously!

“Golden Replenishing Stone, this is a gold-replenishing stone. This kind of crystal stone is priceless.”

Chen Wenliang looked at the spirit stones and shouted excitedly!

“What is a gold-replenishing stone?”

Chen Ping asked!

“Daoyou Chen, this gold-replenishing stone is a very rare spirit stone. It can not only improve cultivation, but also has great help to the cultivators who cultivate the gold source.”

“However, in the five major regions of the Tianren Realm, this kind of spirit stone is extremely rare, but I didn’t expect that there are so many in this sea area. It turns out that this kind of gold-replenishing stone is in the sea.”

Chen Wenliang said!

When Chen Ping heard it, it was actually very helpful to the gold source, so he waved his hand and a gold-replenishing stone was in his hand! Chen

Ping just happened to have realized the gold source. With this gold-replenishing stone, he could make his own source power stronger!

“Let’s do it together, but don’t be too far away from me, otherwise the wind-fixing beads will have no effect.”

Chen Ping said!

Liu Ruyan and the others nodded, and then began to collect the gold-replenishing stones in the hurricane!

The other pharmacists were excitedly harvesting the beast pills of the monsters, and there were also some scattered spirit stones and treasures on the sea!

Outside the storm, Su Tianshuo and others looked at Chen Ping’s spirit boat being involved in the huge storm, and they all smiled!

“That’s good. Entering such a big storm will definitely die.”

“When the storm stops, we will take Chen Ping’s body and go to the Demon Sealing League to claim the reward.”

Bao Longxing breathed a sigh of relief!

“This storm will not stop for ten days or half a month.”

Feng Xing said!

Bao Longxing frowned when he heard it: “What should we do? Do we have to wait on the spirit boat here for half a month? Wouldn’t that be annoying?”

Su Tianshuo also frowned. It took a long time. If he couldn't find Chen Ping's body and couldn't get the hundred-year offering of the Demon Sealing League, wouldn't it be a waste!

If you drift on this vast sea for half a month, you will be suffocated to death!

“President Su, Master Bao, after passing through this stormy sea, there is a small island ahead. The scenery on the island is nice, and there are also many spiritual stones and fairy herbs. We can rest on the island temporarily and wait for the storm to stop before looking for Chen Ping's body.”

Feng Xing said!

“There is an island here?”

Su Tianshuo was surprised!

You know, this place is thousands of miles away from the Western Region Continent. In the vast sea, you haven't seen anything along the way!

Now Feng Xing said there is an island here, of course Su Tianshuo is surprised!
