

the mans Decree: Kai Ping / Chen Ping

Chapter 5161

The roar of the sword's shattering was still echoing in my ears, and in the hall another golden sword beam shot up into the sky, cutting through the gloomy sky.

The sword light suddenly exploded in the air, turning into thousands of dense sword lights, sweeping towards Kai and Yun Wuya like a downpour.

Kai's eyes flashed, and he drew out the Dragon-Slaying Sword without hesitation, with the sword flashing with cold light.

He shouted loudly, and the spiritual power in his body circulated wildly. When he waved his arms, thousands of sword beams shot out.

The two sword light storms collided with a loud bang, and in an instant, the whole world seemed to be shrouded in dazzling light, and powerful energy fluctuations spread wildly around with the collision point as the center.

The gravel on the ground was picked up by the powerful air wave, circling in the air, and then fell heavily to the ground.

After a brief and fierce collision, all the sword beams disappeared, leaving only a mess.

Kai didn't hesitate at all and rushed into the hall pulling Yun Wuya.

However, the moment they stepped into the hall, they found it was empty. Apart from the broken walls, there was no one in sight.

“How is this possible? The Ten Thousand Swords Formation was so powerful, how could there be no one there?”

Yun Wuya’s face was filled with shock, and his voice was filled with confusion and fear that were difficult to conceal.

Kai frowned, his eyes full of vigilance, and said slowly: “There must be someone secretly controlling it, but we haven’t discovered it yet.”

As he spoke, he spread his spiritual sense to the fullest, trying to find the trace of the mysterious man.

Just as Kai’s spiritual consciousness was wandering around, he suddenly discovered a stone man deep in the hall.

The stone man held an ancient sword and stood there quietly, as if he had been standing here for countless years.

The stone man’s body was covered with traces of time, his surface was uneven and covered with crisscross cracks, but the sword in his hand emitted a faint light, as if it contained infinite power.

Kai’s mind moved, and he directed his spiritual consciousness towards the stone man.

At this moment, something strange happened! The stone man, which had been motionless, suddenly came to life, its eyes flashed with a sharp light, and the sword in its hand stabbed towards Kai like lightning.

Kai reacted very quickly and immediately blocked with his sword.

“when!”

There was a loud bang and sparks flew everywhere.

Kai only felt a huge force coming from the sword, which made his arm numb. He was shocked, because the power of this stone man was far beyond his imagination.

The stone man continued to attack, his sword skills were unpredictable, and every sword was filled with fierce sword intent, as if he wanted to kill Kai completely.

Kai responded with all his might, the Dragon Slaying Sword flying up and down in his hand, and he displayed all kinds of exquisite sword techniques.

However, the stone man was too powerful, and Kai gradually fell into a disadvantage.

The stone man suddenly increased his attack speed, and the sword shadows were so numerous that it was dazzling.

Kai was not careful and the stone man left several tiny wounds on his body.

Blood oozed out, staining his clothes red.

Kai was deeply shocked. His body had been tempered countless times and was extremely strong, but he did not expect that he could be easily injured by this stone man.

Yun Wuya was extremely anxious watching from the side and wanted to go forward to help, but he was afraid that he was too weak and would cause trouble for Kai instead.

He could only cheer anxiously from the sidelines, while vigilantly observing the situation around him to prevent any other dangers from arising.

Kai took a deep breath and forced himself to calm down.

He knew that if he continued like this he would surely die, so he had to come up with a plan to deal with it.

While dodging the stone man's attacks, he carefully observed the stone man's sword techniques.

After some observation, he found that although the stone man's swordsmanship was exquisite, it had some minor flaws.

Kai was delighted and seized the opportunity. The light on the Dragon-Slaying Sword became brighter and a huge sword shadow slashed towards the stone man.

Chapter 5162

But when the Dragon-Slaying Sword pierced the stone man, Kai's face changed immediately, because he found that the sword could not pierce the stone man.

You have to know that the Dragon Slaying Sword is a spiritual sword that can cut through iron like mud, let alone stone. But now, the Dragon Slaying Sword could not even hurt the stone man.

Just when Kai was shocked, suddenly the sword in the stone man's hand stabbed towards Kai's abdomen!

Kai tapped the ground with his toes and quickly retreated, trying to avoid the sword.

But the stone man's speed suddenly increased.

puff!

When Kai retreated dozens of feet, he discovered that he had a wound on his chest. Although it was not fatal, blood was still oozing out.

“What the hell is this?”

Kai couldn't help but curse!

I was clearly invincible in the third heaven, so why can't I even deal with a stone man now?

Is this stone man controlled by someone, or does he have his own consciousness?

Kai's face was full of solemnity. He didn't dare to be careless. The stone man was very fast. If Kai was slower, he would have been pierced by the sword.

“Nine Shadow Sword Technique...”

Kai could only use the Nine Shadow Sword Technique.

When fighting with the opponent, the Nine Shadow Sword Technique is the most useful. After all, it is like having more helpers!

Accompanied by the appearance of one clone after another, eight identical Kais surrounded the stone man!

Faced with all this, the stone man remained calm. After all, he was just a stone man, without any emotions, let alone fear.

Just as Kai's eight figures launched the attack, the stone man suddenly changed his attack method.

Its sword skills became more bizarre and its sword intent became more fierce.

Kai only felt as if he was in a sea of swords, with the sword shadows of the stone men everywhere, and there was nowhere to hide.

Kai only has eight people at the moment, and the stone men seem to cover the entire hall. Every moment, every second, and every place, the stone men's swords will stab out!

At this moment, Kai was a little confused. Although he had clones, each clone was overwhelmed!

“Why is this guy always able to restrain me?”

Kai was very puzzled. Even if he used the Nine Shadow Sword Technique, this stone man could still find a way to crack it!

Kai had no choice but to take back his clone, otherwise his strength would not last long. After all, the power used by the clone came from Kai's original body!

"I'm going to fight you..."

After retracting his clone, Kai shouted loudly, and a huge sword energy swept towards the stone man. Wherever it passed, the air was torn apart, making a sharp whistling sound.

The stone man felt the powerful sword energy and immediately swung his sword to meet it.

"boom!"

With a loud bang, a powerful energy wave exploded in the hall.

Kai was shaken by the energy wave and flew backwards, falling heavily to the ground.

Kai struggled to stand up, wiped the blood from the corner of his mouth, his eyes full of determination.

He rushed towards the stone man again, swinging the Dragon-Slaying Sword in his hand faster and faster, with sword energy running rampant.

Not willing to be outdone, the man swung his sword just as fiercely, engaging in a fierce fight with Kai.

Hundreds of moves happened in the blink of an eye, and Kai retreated breathlessly!

"No more fighting, can we take a break first?"

Kai said while panting!

After all, the strength and energy in Kai's body could not support him to keep fighting!

But the stone man was not afraid. After all, the stone man was not a living creature and did not know how to get tired!

Just as Kai finished speaking, the stone man actually stopped and stood aside motionless.

Upon seeing this, Kai was immediately delighted, and hurriedly took out a large number of pills and stuffed them into his mouth desperately. Only in this way could he recover as quickly as possible!

"Mr. Chen, are you okay?" Yun Wuya walked around the stone man and came to Kai!

"I'm fine, this stone man is fucking evil!"

Kai took a deep breath and cursed!

Chapter 5163

Kai stared at the sword in the stone man's hand, his heart filled with reluctance and confusion.

In that earth-shattering battle just now, he was beaten by a lifeless stone man without any chance to fight back. This was undoubtedly a great shame and humiliation for him who was known as invincible in the Three Heavens.

But when the stone man suddenly stopped, he felt that this might be a turning point.

Yun Wuya looked at Kai worriedly: "Mr. Chen, how about we withdraw first and make a long-term plan?"

Kai wiped the blood from the corner of his mouth, but his eyes were fixed on the stone man. “No, although this stone man is weird, I always feel that it hides some secrets.”

As he spoke, he stuffed the last pill into his mouth, feeling the medicinal power rushing through his body and restoring his depleted strength.

After a moment, Kai took a deep breath, gripped the Dragon-Slaying Sword again, and rushed towards the stone man.

This time, he was no longer in a hurry to attack, but focused on defense first, carefully observing the stone man’s swordsmanship.

The sword in the stone man’s hand was still sharp, and every move and every style carried an indescribable rhythm, as if it contained the great way between heaven and earth.

As time went by, Kai gradually discovered that the stone man’s swordsmanship seemed to be irregular, but in fact it contained a certain trajectory.

Every time he swung the sword, it seemed as if he was performing a unique sword intent.

A flash of enlightenment suddenly flashed through his mind. Could it be that this stone man was used to test those who entered this place? Or was it to guide them to comprehend a higher level of sword intent?

Thinking of this, Kai’s desire to fight became stronger.

He no longer regarded the stone man as an enemy, but as a rare “teacher”.

He began to try to imitate the stone man’s swordsmanship and feel the changes.

At first, his movements were very stiff, and he was often flustered by the stone man's sword. But as he kept trying, he gradually found some feeling.

During a defensive move, Kai instinctively swung his sword following the stone man's sword technique.

This sword unexpectedly dissolved the stone man's attack and even had the potential to counterattack.

This discovery made Kai ecstatic, he knew he had found the right direction.

From then on, he devoted himself wholeheartedly to the "competition" with the stone man. In every confrontation, he constantly adjusted his sword skills and comprehended the sword meaning.

As time passed, Kai's swordsmanship became more and more sophisticated.

His sword began to have a unique charm. It was no longer a simple combination of strength and skill as before, but it also had an understanding and perception of the sword's purpose.

His eight clones appeared again, and this time, their swordsmanship became even more bizarre and unpredictable, echoing the stone man's swordsmanship.

During the battle, Kai discovered that the stone man's swordsmanship seemed to have many variations.

Sometimes it is like a storm, extremely fierce; sometimes it is like a trickle, moistening everything silently.

Each change gave Kai new insights. He began to try to incorporate these changes into his Nine Shadow Sword Technique to make it more perfect.

Once, the stone man suddenly displayed a completely new sword technique, and sword shadows filled the sky, as if sealing off the entire space.

Kai was struggling to hold on in the sword shadow, and just when he thought he was going to be defeated, a sudden idea flashed in his mind.

He recalled the sword intent he had learned in his previous battle with the stone man, integrated it all together, and performed an unprecedented sword technique.

This move, like a dazzling ray of light, broke through the stone man's sword shadow blockade and attacked the stone man directly.

The stone man seemed to be aware of the power of this move and immediately swung his sword to block it.

The two powerful forces collided again, and the energy fluctuations produced were stronger than any previous times.

However, this time Kai was not blown away.

Chapter 5164

He stood there, feeling the surging power in his body, his heart filled with joy.

He knew that he had made a huge breakthrough in his battle with the stone man.

His sword intent has reached a new height.

As the battle continued, Kai's understanding of the sword's meaning became deeper and deeper.

He discovered that sword intent was not just a kind of power, but also a kind of perception of the world, nature, and life.

The stone man's swordsmanship demonstrates this kind of perception through different sword moves.

During a fierce confrontation, Kai's Dragon-Slaying Sword suddenly made a clear sound, and the sword body shone brightly.

This is the first time such a strange phenomenon has occurred since the Dragon-Slaying Sword recognized its master.

Kai knew that this was because his sword intent had increased, and the power of the Dragon Slaying Sword had also increased.

At this time, Kai no longer regarded the battle with the stone man as a life-and-death contest, but as a rare opportunity for cultivation.

He constantly broke through his own limits in battle and comprehended a higher level of sword intent.

His swordsmanship also underwent earth-shaking changes in this constant understanding.

Yun Wuya stood aside, watching the fierce battle between Kai and the stone man, his heart filled with shock.

He had never seen anyone who could constantly break through himself and comprehend the meaning of sword in such a dangerous battle.

He knew that Kai in front of him would become a remarkable figure in the future.

As time went by, Kai's sword intent had reached a terrifying level.

His sword seemed to have merged with the heaven and earth, and every time he swung it, it caused the space to vibrate.

Although the stone man's swordsmanship was still powerful, it was no longer as difficult to resist as before in front of Kai.

In a battle, Kai performed a sword technique that integrated all his insights.

This move, like a brilliant galaxy, swept towards the stone man. The stone man waved his sword and tried his best to resist, but was eventually hit by Kai's swordsmanship.

Under this blow, cracks appeared on the stone man's body.

However, just when Kai thought that the stone man was about to be destroyed, a dazzling light suddenly emanated from the stone man.

After the light dissipated, the sword in the stone man's hand flew towards Kai and stabbed in front of him.

Kai looked at the sword in front of him, his heart full of doubts.

He stretched out his hand and grasped the sword, and suddenly a huge sword intent surged into his mind.

He understood that this stone man was actually a sword spirit guarding this place. Its existence was to test those who entered this place and to guide them to comprehend a higher level of sword intent.

At this moment, Kai's heart was filled with gratitude.

He bowed deeply to the stone man and said, "Thank you for your guidance, Senior. Kai has benefited a lot from it."

After saying this, he picked up the stone man's sword and compared it with his own dragon-slaying sword.

The stone light in the hall gradually faded away, and the stone man turned into fireflies and merged into the ancient sword in front of Kai.

The Dragon Slaying Sword trembled slightly, and an ancient sword pattern appeared faintly on the sword body, glowing like a living thing.

Kai grasped the two swords, and felt a powerful sword intent running through his limbs and bones. The fatigue from the previous fight with the stone man was completely washed away by this new strength.

“Mr. Chen, your sword intention...”

Yun Wuya stood aside, his eyes full of horror.

He could clearly feel that Kai in front of him seemed to be integrated with the sword principles between heaven and earth, and his every move carried a mysterious rhythm.

“This stone man turned out to be the sword spirit that guards the sword. I stumbled upon a great fortune by accident.”

Kai gently stroked the Dragon Slaying Sword, and the sword rang out with a long and clear sound. “Let’s go. We have been delayed for so long. I don’t know how Hu Mazi and the others are doing.”

Just as Kai and his companions were about to leave, they suddenly discovered that the stone wall was engraved with ancient sword moves diagrams.

Chapter 5165

Kai walked slowly in the hall. With every step, new insights flashed through his mind. The Nine Shadow Sword Technique continued to subliminate in his understanding, and it already had some of the charm of the Stone Man’s sword moves.

The cold moonlight sprinkled on the mountains and forests, and the sky had darkened.

“Damn it, why hasn’t Kai come out yet? Is he in any danger?”

Hu Mazi paced back and forth, rubbing his goatee, and the talisman bag on his waist jingled with his movements.

“Master Hu, please be patient. Kai is a lucky man and will be fine.”

Mo Qingyun was dressed in a green shirt, with a hint of worry between his brows, but he remained calm.

Huo Jingjing tightly grasped the sword in her hand. The sword reflected the moonlight and her tense face. “Wait another half an hour. If you still don’t see him, I will go in and look for him!”

Before he finished speaking, two figures slowly appeared. Kai and Yun Wuya walked out side by side, with the Dragon Slaying Sword shining brightly in his hands.

“Kai!”

Huo Jingjing’s eyes lit up, and she rushed forward with her sword in hand, looking him up and down, “Are you okay? Why does the sword power in your body... feel different?”

Hu Mazi narrowed his eyes, counted with his fingers, and then exclaimed: “My goodness! Did you have a breakthrough in there? This sword power is much stronger than before!”

Mo Qingyun also stepped forward and looked at Kai carefully, then nodded and said, “Indeed, Kai’s sword intent has reached perfection, and there is a faint tendency to resonate with the heaven and earth. It seems that he is not in danger, but an opportunity.”

Kai smiled and briefly explained that the stone man was a sword spirit and that it was guiding him to comprehend a higher level of sword intent.

After hearing this, everyone was amazed.

“So, the ancient sword in your hand is the sword spirit?”

Hu Mazi pointed at the ancient sword in Kai’s hand. The sword was pitch black with a vague totem engraved on the hilt, emitting a faint chill.

“Exactly.”

Kai picked up the ancient sword. It was cold in his hand, but it faintly echoed the Dragon Slaying Sword. “Although this sword has no name, its sword spirit is majestic and complements the Dragon Slaying Sword.”

“Jingjing, I’ll give this sword to you...” Kai handed the ancient sword to Huo Jingjing!

Huo Jingjing looked at the dark ancient sword that Kai handed to her. Before her fingertips touched the sword, she could already feel the sword intent that was the same as that of the Dragon Slaying Sword but more condensed.

She subconsciously took a half step back, her eyebrows slightly frowned: “Kai, this sword is transformed by the sword spirit, it will be of great help to your practice, I...”

“My woman, using my sword, is only natural.”

Kai’s tone did not allow for argument, and he directly stuffed the ancient sword into Huo Jingjing’s hands.

The sword felt slightly heavy in her hand, and a cool current flowed along her meridians, resonating faintly with the sword energy in her body.

Huo Jingjing was startled and looked down at the ancient sword. She saw that the blurry totem seemed to have a faint glow, which was vaguely connected to the sword technique she was practicing.

“But this sword...”

“No buts.”

Kai held her hand and asked her to hold the hilt of the sword tightly. His eyes were burning, reflecting the moonlight outside the palace, with an unmistakable seriousness.

Huo Jingjing's cheeks felt slightly hot. She caught a glimpse of Yun Wuya's half-smile, Hu Mazi twirling his beard and laughing, and Mo Qingyun nodded indifferently. The thought of refusing in her mind immediately disappeared.

She took a deep breath, gripped the ancient sword tightly, felt the majestic sword intent coming from the sword, and nodded heavily: "Okay, then I will accept it. If one day I am no longer worthy of it, I will return it to you."

"Silly." Kai rubbed her hair.

"Kai, you can't be partial to one and ignore the other. You have to give Miss Mo something too. She is your woman too."

"You can't just play tricks on someone and then deny them!" Hu Mazi said with a smile!

"Of course, if there are any more good things, I will give them to Qingyun." Kai smiled faintly: "Let's go to the Seventh Palace and see if there are any good things in the Seventh Palace."

A group of people rushed towards the Seventh Palace!

Chapter 5166

The setting sun was like blood, splashing on the mountain gate of the Seventh Palace.

Kai arrived with everyone. At this time, Kai stood with his hands behind his back. Hu Mazi and others followed him from a distance. They watched his thin figure casting a long shadow in the sunset, revealing an unparalleled pressure.

There was a gleam of fanaticism and awe in the eyes of the Qingyun Sect monks. They knew that a fierce fight was about to begin and they would be able to witness another miracle!

At this moment, Kai was walking step by step towards the Seventh Palace Master's lair.

“Mr. Chen, are you really going to break into the Seventh Palace alone?” Yun Wuya swallowed his saliva and looked at the misty peak of the Seventh Palace in front of him. His voice trembled, “The Seventh Palace Master is at the peak of the ninth rank of the Loose Immortal Realm, and we don't know how many ninth rank cultivators of the Loose Immortal Realm there are in the Seventh Palace...”

Kai did not even turn his head. His voice came with the wind, with a hint of teasing: “Ninth-grade peak? In my eyes, it's just a slightly larger ant.”

With the experience of killing the five Ghost-faced men and having learned so much sword skills from the Sword Sect, Kai now feels that he is incredibly strong!

After Kai finished speaking, his figure flashed and he turned into a stream of light and rushed straight to the main peak of the Seventh Palace.

The mountain protection formation in front of the mountain gate suddenly lit up, and countless runes intertwined into a web, trying to block it.

Kai curled up the corner of his mouth into a sneer, and with a flick of his finger, a barely detectable aura of chaos shot out, like an invisible pair of scissors, instantly tearing the mountain protection formation into pieces!

“boom!”

The roar of the formation being shattered resounded throughout the Seventh Palace. Countless disciples who were practicing looked up in horror, only to see a figure rushing into the Seventh Palace Master's palace as if there was no one around!

At this moment, the Seventh Palace Master was sitting cross-legged in the center of the hall, thinking about how to report to the Fourth Palace Master.

After returning from the Eighth Palace, the Seventh Palace Master has been staying indoors. The shock Kai gave him was really too great.

But now, he still knew too little about Kai, so he didn't know how to explain to the Fourth Palace Master!

Suddenly, the glazed dome of the hall exploded with a loud bang. Amid the flying rubble, Kai descended like a god, stood firmly in the center of the hall, and glanced at him indifferently.

"Seventh Palace Master, are you all right?"

Kai's voice was not loud, but it sounded like a thunderclap in the ears of the Seventh Palace Master.

He suddenly opened his eyes and saw Kai's young face full of murderous intent. His heart suddenly shrank and he almost fell off the mat.

"Chen... Kai! What are you doing in my Seventh Palace?" asked the Lord of the Seventh Palace!

"What do you think?" Kai smiled coldly!

"I have no grudge against you. I don't want to be your enemy, and I also hope you won't cause me trouble."

"I don't know anything about your feud with the temple."

The Seventh Palace Master doesn't want to be Kai's enemy!

He was afraid that he could not defeat Kai.

"If you don't want to be my enemy, then why did you go to the Eighth Palace? Why did you attack the Eighth Palace?" Kai asked!

“I went to the Eighth Palace just to see you, not to do anything to you.”

“I also received an order from the Fourth Palace Master to investigate your identity and background. I have no other intentions!”

The Seventh Palace Master said!

Kai’s eyes narrowed, he didn’t expect that even the Fourth Palace Master had noticed him. Now the Seventh Palace Master was at the peak of the ninth level of the Loose Immortal Realm. Kai didn’t dare to imagine what the Fourth Palace Master’s strength was like!

“I don’t care whether you want to be my enemy or not. I am here to destroy you today unless you voluntarily withdraw from the temple.”

“The Savage Ancient Clan, the Tianyan Sect, and the Blood Shadow Palace have all been destroyed by me. I will not let anyone who offends me go!”

Kai looked at the Seventh Palace Master coldly and said!

“Kai, you’re going too far. Do you think I’m afraid of you?”

The Seventh Palace Master frowned and said!

How could he be asked to leave the temple? If he left today, he would probably be killed tomorrow.

“If you are not afraid of me, then go ahead!” Kai said with a smile!

Chapter 5167

The Seventh Palace Master gritted his teeth and shouted fiercely, quickly forming seals with his hands, “Palace Guards, capture him for me!”

Before he finished speaking, eight powerful auras suddenly burst out from the four corners of the hall. Eight eighth-grade palace guards from

the realm of scattered immortals, holding magical weapons, formed a Bagua formation and surrounded Kai in the center.

Their eyes were cold, and it was obvious that they had received orders to kill any intruders.

“Eight grasshoppers, you want to stop me?”

Kai chuckled and was too lazy to even draw his sword.

His figure shuttled through the formation like a ghost, and every time he raised his hand, a divine guard would fly backwards with a scream, his weapon shattered, his spiritual veins severed, and he would fall heavily to the ground, his life or death unknown.

But within a few breaths, the eight immortal realm divine guards were all disabled and lay on the ground in a mess.

The Seventh Palace Master’s pupils suddenly shrank and all the color disappeared from his face.

He never expected that Kai’s strength would be so terrifying!

The eighth-rank divine guards of the Sanxian Realm were like chickens and dogs in his hands!

“You... who are you?”

The Seventh Palace Master’s voice trembled, and he took a step back involuntarily, his hand quietly reaching for the storage ring on his waist, “Do you know the consequences of offending the temple?”

“as a result of?”

Kai approached step by step, his eyes flashing coldly, “Since I offended the Ten Palaces, I already knew the consequences?”

“Don’t say you are just a small Seventh Palace. Even if it is the entire temple, or even the entire God Clan, who provokes me, I will destroy him!”

“What a big mouth!”

The Seventh Palace Master suddenly took out a small golden flag, with countless stars embroidered on it, exuding the aura of the stars in the world.

“Kai, don’t think you are so great! Look, I, the Star Flag, will take you away!”

He waved the small flag violently, and suddenly countless golden lights and shadows flew out from the flag, roaring, and rushed towards Kai like a tide.

Wherever it passed, the air seemed to solidify and the sky and the earth changed color in an instant.

This is one of his most valuable magic weapons, and he once used this flag to kill a powerful person of the same level!

However, Kai just glanced at it indifferently and snapped his fingers casually.

“Zheng!”

A clear sword sound echoed throughout the hall, and a golden sword energy condensed to the extreme shot out from his fingertips. It looked slender, but it contained great power like the creation of the world.

Those golden lights and shadows were like ice and snow meeting the sun in front of the sword energy, and they melted away instantly. Even the “Star Flag” let out a wail under the heavy burden, and the flag shattered into pieces and turned into ashes!

The Seventh Palace Master: “.....”

His hands holding the flagpole were shaking violently, and his eyes were filled with incredible fear.

This was the magic weapon that he had spent thousands of years to refine, but it was destroyed by just one finger of Kai? !

“No... Impossible!”

The Seventh Palace Master roared angrily, opened his mouth suddenly and sucked, and a spinning golden relic flew out from between his eyebrows.

The relic shone brightly, and instantly formed a huge golden light shield in front of him. The light shield was engraved with ancient Sanskrit, exuding a sacred and vast aura.

“This is the ‘Vajra Indestructible Relic’ that I took from the Western Paradise. Even a ninth-grade peak of the Sanxian Realm cannot break it! Kai, what can you use to break my defense?!”

The Seventh Palace Master roared like crazy, as if he had grabbed the last straw.

Kai looked at the golden shield, with a playful smile on his face.

He did not use any magic weapon, but just stretched out his right hand, palm facing up, and slowly pressed towards the light shield.

“boom!”

The moment the palm touched the light shield, there was no earth-shaking roar, only a dull “click” sound.

The “Vajra Indestructible Relic” that was said to be indestructible even by the ninth-grade peak of the Scattered Immortal Realm was actually like glass. Countless spider-web-like cracks began to spread from the contact point. After just a moment, it exploded completely with a “bang”!

The golden relic wailed, and its light flew dimly back to the Seventh Palace Master's brow, almost disintegrating.

Chapter 5168

The Seventh Palace Master stared blankly at his own life-saving magic weapon being destroyed. His whole body felt as if he had been struck by lightning and he could not even stand steadily.

He looked at Kai's eyes that seemed to be able to see through everything, and for the first time, a feeling of despair surged in his heart.

What kind of monster is this guy?

"Seventh Palace Master, what other methods do you have?"

Kai's voice was a little lazy, as if he was watching a boring play. "Don't hide it, use it all, so that I can see how strong the peak combat power of the Seventh Palace is."

"You...you are going too far!"

The Seventh Palace Master was forced into a desperate situation, and a hint of ruthlessness flashed in his eyes, "Since you are looking for death, don't blame me for using the forbidden secret technique!"

He bit his tongue hard, and a mouthful of blood spurted onto his chest. His hands quickly formed an extremely mysterious seal.

In an instant, his aura surged, and his cultivation, which was originally at the peak of the Immortal Realm, showed signs of a breakthrough. Golden flames surrounded his body, and strange lines appeared on his face.

"This is... 'Sacrifice to the Gods'!" Huo Jingjing said in horror.

Huo Jingjing is also a member of the temple, so of course she knows the power of the sacrifice to the gods!

Hu Mazi's eyes narrowed, and he was about to step forward to help, but was stopped by Kai with a look.

Kai looked at the Seventh Palace Master whose momentum was rising rapidly. Instead of being afraid, he showed a hint of interest: "Oh? Sacrifice from the gods? Interesting."

The Seventh Palace Master was like a god at this moment, with golden flames surrounding him.

He roared and punched Kai.

This punch contained all the power of his burning life source. The space was distorted by the wind of the fist. There was a faint shadow of a god condensing on the fist, emitting a destructive pressure.

"Kai, prepare to die!"

However, facing this punch that was enough to terrify any powerful immortal realm expert, Kai simply raised his left hand lightly, spread out his five fingers, and seemingly slowly reached towards the fist wind.

"puff!"

There was no earth-shattering sound as imagined, just a slight sound.

Kai's palm easily grasped the Seventh Palace Master's fist, and the earth-shattering fist wind instantly dissipated in his palm, like a drop of water in the ocean.

The Seventh Palace Master: "..."

He stared with wide eyes at his fist that was easily caught.

Feeling the vitality draining away from his body like a tide, and the boundless power coming from his palms that seemed to be able to devour everything, the despair in his heart overwhelmed him like a tsunami.

How is that possible?

He burned up his life force and used his most powerful killer move, but... he didn't even touch the corner of his opponent's clothes?

Kai looked at his horrified expression, and a cold arc appeared on the corner of his mouth: "Seventh Palace Master, is this all your strength?"

He gave his wrist a slight jolt.

"Crack!"

The Seventh Palace Master only felt a sharp pain in his arm, and the bones of his entire arm broke instantly. With a scream, he was thrown out by Kai and hit heavily on the stone pillar of the hall.

"puff....."

The Seventh Palace Master spat out a large mouthful of blood, and the life source burning in his body became disordered. The state of sacrifice of the gods was instantly lifted, and his breath became weak.

He struggled to get up from the rubble and looked at Kai who was approaching step by step, his eyes filled with extreme fear and despair.

He now finally understood that the gap between himself and the man in front of him was not a gap in realm at all, but a huge difference like that between an ant and a dragon!

"You...what do you want?"

The Seventh Palace Master's voice was hoarse and filled with tears, and he no longer had any of his dignity as a Palace Master. "I...I apologize! I apologize to the Eighth Palace! I apologize to Huo Zhao! Please forgive me..."

When the other people in the Seventh Palace saw their Palace Master begging for mercy, they all lowered their heads and remained silent!

Originally they were thinking of rushing forward, but after seeing Kai's true strength, they all backed down!

Chapter 5169

Kai, a cultivator who seemed to be only at the fifth level of the Loose Immortal Realm, had definitely reached the Earthly Immortal Realm with his explosive strength.

Kai walked up to him and looked down at this once invincible strong man at the top of the Sanxian realm. But now he was begging for mercy like a stray dog, and there was no emotion in his eyes.

“Apologize?”

Kai squatted down, raised the Seventh Palace Master's chin with his finger, and said with a hint of mockery, “If an apology is useful, what's the point of strength?”

The Seventh Palace Master was trembling all over, his face as pale as paper. He knew that he would probably die today.

“I... I am from the temple... If you kill me... the temple will not let you go...” He was still making his last struggle.

“Temple?”

Kai chuckled, stood up, and brushed off the non-existent dust. “In my eyes, the temple is nothing more than a larger ant nest.”

“Kai, in fact, you have offended the temple, but not everyone in the temple. The Fourth Palace Master told me to only investigate you and not to conflict with you.”

“If you hadn't forced me again and again, I would never have taken action against you.”

The Seventh Palace Master looked at Kai and said helplessly!

After hearing this, Kai suddenly remembered what the Eighth Palace Master Huo Zhao had told him, that there were two factions within the Palace of the God King in the temple, the conservatives and the reformists!

“What is the power of the four hall masters you mentioned in the temple? I heard that the temple is not a monolithic entity now, and there are two factions.”

Kai asked!

Upon hearing this, the Seventh Palace Master couldn't help but let out a bitter smile and said, “For people like us who are below the Third Heaven, no matter which force in the Temple issues the order, we must obey.”

“However, the Fourth Palace Master is a kind person, and has always wanted to abandon the old law and allow the tribe members to marry with outsiders.”

“She herself is a female cultivator, so she probably knows the pain that female cultivators go through. In the God Clan, female cultivators are there to serve male cultivators, and they are not allowed to marry outside the tribe.”

“Because of this rule, I don't know how many lovers have been separated, and how many female cultivators have suffered punishment from the gods!”

The Seventh Palace Master said helplessly!

After saying this, the Seventh Palace Master's expression became extremely lonely, as if he had a lot on his mind!

Kai didn't expect that the Fourth Palace Master was actually a female cultivator, but it seemed that the other party didn't really want to kill him!

After all, when the Seventh Palace Master was in the Eighth Palace, he could have easily destroyed the Eighth Palace, but Kai was not there at that time!

However, the Seventh Palace Master did not kill him. He must have received instructions from the Fourth Palace Master to just investigate himself and avoid conflict!

"It seems that your Fourth Palace Master is a reformist." After Kai finished speaking, he looked at the Seventh Palace Master and asked, "Could it be that this clan rule also hurts you?"

After hearing this, the Seventh Palace Master actually burst into tears and sobbed, "Actually, a few hundred years ago, I also fell in love with a female cultivator from the human race. We were in love, but the rules of our race did not allow us to be together."

"We are all human, but they want to label us as gods, making it impossible for us to find the person we like."

"That female cultivator left in the end, and I still haven't found a woman..."

After the Seventh Palace Master finished speaking, Kai was quite confused. In fact, the gods are also human beings, but they just pretend to be cool and give themselves the title of gods.

They are all very arrogant and think they are very awesome.

However, there are still some people among the gods who can face reality.

If you don't have the ability, it's useless to give yourself many titles!

“Today, I will not kill you.” Kai said!

The Seventh Palace Master suddenly raised his head, a glimmer of hope flashing in his eyes.

“But.” Kai changed the subject, a cold light flashing in his eyes, “If you dare to plot against the Eighth Palace, I will definitely destroy your Seventh Palace.”

“No, absolutely not...” The Seventh Palace Master shook his head repeatedly!

Chapter 5170

“I hope you can keep your word!” Kai said coldly!

As soon as he finished speaking, Kai suddenly felt a dangerous aura.

He looked up suddenly and saw that the northwest skyline was swallowed up by thick ink. The surging black clouds were filled with tens of millions of soul fires, which looked like the pupils of some living creatures, locking onto his position from dozens of miles away.

Above the ruins of the Seventh Palace, the air of the underworld surged like ink.

The Ghost Claw Lady hovered in the air, the red light of the soul beads between her ten fingers surged, turning the entire sky into an eerie blood-red color.

Her eyes were as sharp as knives, sweeping across the crowd below and finally stopping on Kai.

“Hand over the token and you can keep your body intact.”

The ghost claw woman’s voice was like a rusty piece of iron scraping across a stone wall, and every word carried a cold and murderous aura.

Kai stood on the scorched earth, with a faint aura surrounding him.

“Who are you?” Kai asked!

“We are the two elders of the Netherworld. You killed Ghost Face and took the token. Now hand over the token and we can let you die comfortably!”

The Drowned Soul Man opened his mouth full of yellow teeth and said in a sinister voice!

“What kind of organization are you? What is Tianlin Cave Mansion?”

Kai asked!

When they heard the words “Tianlin Cave Mansion”, the two Xuanming elders’ bodies trembled noticeably.

“Boy, this is not your place to ask. Hand over the token immediately, or don’t blame us for being rude!”

The ghost claw lady threatened Kai coldly!

Kai held the Dragon Slaying Sword in his hand, and a cold smile appeared on his lips: “The token is with me, come and get it if you have the guts.”

Before he could finish his words, the Drowned Soul Lord’s chain sickle came flying through the air.

The netherworld flames wrapped around the sickle drew charred tracks in the air, and even ripples appeared in the space wherever they passed.

The whistling sound of the chain sickle tearing through the air had not yet died down, but Kai had already moved three feet across like an arrow.

The charred ground exploded with spider-web-like cracks at the tip of his feet, and the Dragon-Slaying Sword, wrapped in a sharp sword intent,

rushed towards the attack of the Drowned Soul Lord – the moment the blade and the sickle collided, the netherworld flames rushed up the sword body like a living thing, making a “sizzling” sound that corroded the bones.

“A trifle!”

Kai turned his wrist, and the sword intent suddenly surged. The green light was like an angry dragon breaking through the sea, and it pushed the Drowned Soul Duke back several steps.

However, before he could take advantage of the victory, ten blood-colored soul beads popped out from the Ghost Claw Lady’s ten fingers, each of which was wrapped with a shrill soul cry. They intertwined in the air to form a large blood-colored net, covering his head.

“Be careful! This is the Netherworld Soul Devouring Pearl!”

Yun Wuya’s horrified roar cut through the battlefield.

Kai’s pupils suddenly shrank, and his indestructible golden body instantly activated.

The moment the soul orb hit Jin, a blood-red light suddenly exploded, and countless illusory ghost faces emerged from the light, opening their mouths to gnaw at his defenses.

Ripples appeared on the surface of the golden body, and it became thinner at a speed visible to the naked eye.

“Boy, taste the resentment of these thousands of dead souls!”

The Drowned Soul Lord pounced on him again with a grim smile, and the chain wrapped around Kai’s ankles like a snake.

At the same time, a dark ghost claw shadow condensed from the Ghost Claw Lady’s fingertips, grabbing towards his back with the power to tear through space.

Two fists are no match for four hands, not to mention that these two old men cooperate well with each other and their every move hits the vital points.

Kai used his body skills to dodge, and his Dragon Slaying Sword danced so hard that no water could penetrate it, but the Netherworld Flame still grazed his shoulder. His Taoist robe was instantly charred black, and a cold and sinister air penetrated his meridians through the wound, causing his movements to slow down slightly.

“Now!”

A cold light flashed in the Ghost Claw Lady’s eyes, and the ten soul beads suddenly merged into one, turning into a blood-red soul spear, which pierced towards Kai’s heart with the momentum of destroying the world.

“break!”

Kai roared angrily and poured all his spiritual power into the sword. The Dragon Slaying Sword burst out with an unprecedented bright green light and headed towards the Soul Spear.

“boom—!”

The violent energy explosion raised a cloud of dust and smoke. Kai flew backwards like a kite with a broken string, hit the broken wall and vomited blood.

Chapter 5171

He covered his chest which was constantly oozing blood, and was horrified to find that the flesh and blood at the wound was turning black and rotting at an odd speed. The power of the underworld was extremely corrosive!

Kai couldn't believe that his body was so strong, even with the indestructible golden body, he was still corroded by the opponent's netherworld power!

“Kai!”

Anxious shouts were heard, and Hu Mazi, Huo Jingjing, Yun Wuya, Mo Qingyun and others were followed by hundreds of Qingyun Sect disciples.

They protected Kai, looking at the two Netherworld elders floating in the sky and the Netherworld energy all over the ground, their faces all looked very ugly.

Unexpectedly, these two old guys were so powerful that Kai was injured just after the fight.

“Protect Kai!”

Hu Mazi roared, and hundreds of talismans flew out of his sleeves. With a flash of golden light, they turned into a shield wall blocking Kai.

Huo Jingjing held the ancient sword and swung out sword energy, attacking the soul bead of the ghost claw lady.

“Humph, here comes another group of people seeking death!”

The Drowned Soul Lord swung out his chains, and his sickle drew an arc in the air. The netherworld flames turned into a rain of fire and smashed towards the disciples of the Qingyun Sect.

“Don't be afraid...”

Yun Wuya roared, trying to calm his disciples!

However, dozens of black shadows suddenly appeared behind the two elders of the Netherworld. They were the Yinsi Shadow Guards they brought with them.

These shadow guards were dressed in black, with ghost masks on their faces. Their movements were as mysterious as ghosts, and the short blades in their hands glowed with a dark blue poisonous light. As soon as they appeared, they split into several groups and rushed towards the Qingyun Sect disciples like a tide.

“Be careful of the poison blade!”

Just as an elder of Qingyun Sect finished giving the reminder, he saw a disciple’s arm cut by the shadow guard. In an instant, black energy spread and he fell down with a scream.

The battlefield instantly fell into chaos.

The golden light of Hu Mazi’s talisman and the cold light of the shadow guard’s poisonous blade intertwined, Huo Jingjing’s ancient sword collided with the Netherworld Fire of the Drowned Soul Lord, Yun Wuya’s sword light and the soul claws of the Ghost Claw Lady bombarded each other, Mo Qingyun’s breath and the soul cries that filled the air rose and fell.

“puff.....”

A core disciple of Qingyun Sect was attacked from the front and back by two shadow guards. His long sword was cut off by the short blade and a deep wound was left on his chest that could be seen to the bone.

Another disciple tried to rescue him, but was shot in the throat by a poison needle thrown by the shadow guard. He fell in a pool of blood with his eyes wide open.

“kill!”

Huo Jingjing’s eyes were bloodshot, and the sword energy around her surged. With the blessing of the ancient sword, Huo Jingjing rushed to the place where the shadow guards were most concentrated, but she also attracted a heavy blow from the soul bead of the ghost claw woman. She was hit hard and spurted out blood.

Yun Wuya's sword was moving faster and faster, the sword net covered several shadow guards, but the sword was entangled by the chains of the Drowned Soul Lord. The Ghost Claw Lady took the opportunity to slap him on the back, causing him to stagger and spurt blood.

Hu Mazi took out the last "Five Thunders Talisman" from the bottom of his box. A golden light flashed, and five lightning pillars as thick as buckets struck towards the two elders of the Netherworld, but were blocked by the Netherworld shield they jointly held up.

The Ghost Claw Lady sneered and snapped her ten fingers. Dozens of soul beads shot towards the area where Qingyun Sect's disciples were most concentrated. Explosions rang out one after another, blood and flesh splattered everywhere, and screams echoed throughout the ruins.

Kai struggled to stand up and looked at the tragic scene in front of him, his eyes bloodshot.

He suppressed the surging breath in his body, took a deep breath, and was about to speak when the Scarlet Cloud Demon Lord said, "Use me?"

Kai nodded: "Not bad!"

"Hey, I like..."

Demon Lord Chiyun chuckled and started to control Kai's body directly.

Seeing this, the two old men of the Netherworld flashed a sinister smile in their eyes as they looked at the young man with anger burning in his eyes.

The inky black clouds in the sky were getting lower and lower, and the soul fire was like millions of resentful eyes, watching the bloody fight, dyeing the ruins a desperate blood color.

The moment the Red Cloud Demon Lord's consciousness swept through Kai's limbs and bones like a prairie fire, the atmosphere between heaven and earth suddenly became violent.

Chapter 5172

The aura around Kai suddenly reversed. It was no longer the clear sword intent, but turned into a demonic flame that burned the sky and destroyed the earth. The dark demonic energy was mixed with a strange red light, which instantly turned him into a demon god bathed in fire.

His originally pale face flushed strangely, his pupils were devoured by the red devil flames, and the hideous smile on the corner of his mouth was filled with madness.

“What...what is this aura?”

The Ghost Claw Lady’s pupils suddenly shrank. The overwhelming demonic power made her subconsciously take a half step back, and the light of the soul beads between her ten fingers dimmed a little.

The Drowned Soul Lord’s hands that were tightly gripping the chains also trembled violently. The Netherworld Flame seemed as fragile as a candle flame in front of the Demonic Flame.

“Hehehe... You little Netherworld bastard, dare you act so presumptuous in front of me?”

At this time, Kai’s voice was no longer cold and clear, but a mixture of the devilish sounds of the roars of thousands of resentful souls, shaking the air of the entire ruins.

He slowly raised his hand, and a magic ball as black as ink but burning with red flames rose from his palm. Its mere existence caused distorted ripples in the space.

“court death!”

The Drowned Soul Lord roared, and slashed towards Kai with a chain sickle carrying a netherworld flame that was ten times more powerful

than before, trying to make a comeback under this strange demonic power.

However, Kai was too lazy to even swing his sword and just pointed it out casually.

“puff!”

The magic ball on the fingertips expanded instantly and turned into a red and black magic flame beam. The moment it collided with the sickle, the netherworld flame melted away like ice and snow meeting the sun.

The Drowned Soul Man only felt an overwhelming force coming along the chains, and his arm broke with a “crack”. He was struck by lightning and flew backwards, smashing half of a mountain. He vomited black blood, his eyes full of unbelievable horror.

“It’s your turn, old hag.”

Kai licked the corner of his lips, and his figure appeared in front of the Ghost Claw Lady like a ghost.

The Ghost Claw Lady was filled with shock and anger. She stabbed out again with the blood-red soul spear formed by the ten soul beads, but was caught by Kai with his bare hands!

“Ugh!”

The power of thousands of dead souls on the soul spear gnawed at his palm frantically, but could not hurt even a trace of skin. Instead, it was burned by the devil flame in his palm, causing it to scream miserably, and the blood-colored soul spear melted at a speed visible to the naked eye.

The ghost claw lady was so frightened that she wanted to escape, but she saw that Kai’s other hand had already grabbed her neck.

“No! Let me go! I am...”

“Noisy.”

Kai’s eyes were filled with murderous intent, and he squeezed his five fingers hard.

“Bang!”

The Ghost Claw Lady’s head exploded like a watermelon, and dark green brain matter mixed with black blood splattered out. The remaining soul beads lost control and exploded into a ball of blood mist in the air.

Her body drooped limply, her life gone, only her eyes, still filled with extreme fear.

It only took a moment to deal with the Ghost Claw Lady. Kai turned around and looked at the Drowned Soul Man who had just climbed out of the rubble. The grim smile on his face became even wider: “You just said that you wanted me to die comfortably?”

The Drowned Soul Lord had already lost all his fierceness at this moment, his whole body was shaking like a sieve, how could he dare to respond?

He suddenly summoned the strongest Netherworld Shield in his life, and the dark energy shield protected his entire body tightly. At the same time, he turned around and wanted to escape into the Netherworld rift.

“Want to run?”

Kai snorted coldly, waved his hand, and the Dragon Slaying Sword automatically flew into his hand. At this moment, the Dragon Slaying Sword was blessed by the magic flame, and the sword body was covered with red and black lines, emitting a frightening murderous aura.

He shook his wrist lightly, and a stream of devilish flame sword energy shot out from the air.

“Puff!”

The Netherworld Shield, which was said to be indestructible, was torn apart like thin paper. The remaining power of the sword was still there, and it split the Drowned Soul Lord in half from shoulder to hip.

Before the two halves of the body hit the ground, they were completely burned to ashes by the devil flames that followed. Only a faint remnant soul remained, which let out a final wail in the devil flames before disappearing into thin air.

Chapter 5173

It took only a few breaths to deal with the two elders of the Netherworld. Kai turned his bloodshot eyes to the Yinsi Shadow Guards who were still fighting with the Qingyun Sect disciples.

These shadow guards were originally being held back by the Qingyun Sect's men, and now seeing the tragic deaths of the two elders, their morale had already been thrown into chaos, and their movements had become stiff.

“Go to hell, you bastards!”

Kai leaped into the air, and the Dragon-Slaying Sword in his hand danced wildly, transforming into a rain of devilish swords that covered the entire battlefield like plowing a field.

The poisonous blades and body movements of those shadow guards were meaningless in the face of absolute power. Wherever the rain of devilish flames and swords passed, black shadows fell down in groups, and were burned to charcoal before they could even utter a scream.

Occasionally, there would be a few fish that slipped through the net and tried to launch a sneak attack, but they would be smashed to pieces by a magic bullet fired by Kai.

Hu Mazi, Huo Jingjing and others stood there in shock, looking at the figure wrapped in scarlet devil flames moving freely among the enemy

group, leaving corpses everywhere where it passed. An indescribable shock rose in their hearts.

The powerful enemy that had left them helpless just now was now as weak as a chicken or a dog under this demonic power.

Especially the Seventh Palace Master, who looked at Kai with horror. If Kai was like this just now, he was afraid that he would not be able to take even one move!

“Cough... cough cough...”

After a moment, the last shadow guard was swallowed by the demonic flame. Kai’s body suddenly began to cough violently, and what flowed from the corners of his mouth was no longer black blood, but red juice with demonic energy.

The demonic flame on his body began to flicker unsteadily, and a trace of clarity emerged with difficulty in his red pupils.

“Senior, you’re going too far. I can’t handle your outburst of strength!”

Kai said to Demon Lord Chiyun speechlessly!

“I was a little too pretentious just now, sorry!”

As soon as he finished speaking, the red devilish flame in Kai’s eyes quickly faded away. His body swayed and he almost fell down. Fortunately, he was supported by Huo Jingjing who rushed over in time.

His face was as pale as paper, and although the wound on his chest was no longer rotten, it faintly emitted a black aura. It was obvious that the power of the Red Cloud Demon Lord had also taken a toll on his body.

“Kai! How are you?”

Huo Jingjing asked anxiously.

Kai waved his hand, looked at the charred corpses on the ground and the gradually dissipating Netherworld aura, and felt the demonic energy and spiritual power surging in his body. A complex light flashed in his eyes.

He looked up at the dark clouds in the northwest that had not yet completely dispersed, and whispered, “No matter what organization the other party is, this account has just begun.”

On the ruins, the smell of blood and burnt food mixed together. The Qingyun Sect disciples who survived the disaster looked at Kai with eyes full of awe and fear.

The Seventh Palace Master also staggered over at this time, looking at the injured Kai, and said in shock: “Kai, you...were you possessed just now?”

Kai nodded honestly: “It’s the soul of a friend of mine. Let him borrow my body for a while.”

“Your friend...”

“Ninth Heaven...”

“Hiss...” The Seventh Palace Master instantly took a breath of cold air!

It’s the Ninth Heaven. No wonder a mere soul can be so powerful by borrowing a body.

“I will report your information to the Fourth Palace Master truthfully. I will also try my best to persuade the Temple to stop being your enemy.”

“But my words carry little weight. Whether it will be effective or not depends on the decision-makers in the Palace of the Divine King.”

“But I will tell you the truth and tell you that you have friends in the Ninth Heaven.”

The Seventh Palace Master is trying to please Kai at this moment!

Friends in the Ninth Heaven, just for this one thing, you will be invincible in the Third Heaven!

“Thank you!” Kai nodded to the Seventh Palace Master!

“No, no, we don’t know each other without fighting. I still have some resources here, you can rest assured and recover here!”

The Seventh Palace Master was very attentive. At this moment, he only wanted to make friends with Kai and didn’t want to offend him!

Chapter 5174

The bloody smell of the ruins of the Seventh Palace has not yet dissipated, and the Lord of the Seventh Palace has ordered people to clear out a secluded stone chamber.

The inner wall of the stone chamber is inlaid with rare meditation jade, which can slightly suppress the fluctuation of spiritual power and is most suitable for healing.

“Kai, these are the only three ‘Spirit Concentrating Pills’ left in my Seventh Palace. They are very effective in stabilizing the soul. You can use them first.”

The Seventh Palace Master held the jade box in both hands, his attitude respectful to the point of being humble.

He had witnessed the horror of the Ninth Heaven Spirit with his own eyes, and now facing Kai, he no longer had any of his previous hostility.

Huo Jingjing helped Kai sit down, frowning as she looked at the black energy spreading from his chest: “This evil energy is very overbearing, will it hurt the foundation?”

Kai waved his hand and put the Concentration Pill into his storage ring: “It’s okay. Although Senior Chi Yun’s power is fierce, there is still room for improvement. It’s just that my body can’t bear it for the time being.”

He stroked his fingertips across his brow, and a barely perceptible golden light flashed by. The shadow of the Demon-Suppressing Tower slowly rotated within his body.

“I need to be in seclusion for a few days, so I’ll trouble the Seventh Palace Master to take care of this place.”

Before he finished speaking, a faint golden halo appeared around Kai, and he slowly sank into the ground.

The stone wall inlaid with Jingxin Jade trembled violently, and an ancient tower shadow rose from the ground, completely engulfing his figure.

“Is this... an independent space within the magic weapon?”

The Seventh Palace Master took a deep breath and looked at the stone slabs on the ground that had returned to being flat, his eyes filled with horror.

Being able to connect the magic weapon space with the earth veins is far beyond the cognition of the cultivators in the third heaven.

Inside the Demon-Suppressing Tower, however, the scene was quite different.

There are countless immortal stones and spiritual veins in the Demon-Suppressing Tower, as well as immortal herbs and various spiritual treasures. These were all looted by Kai after he destroyed those sects!

“Damn old devil, using such overbearing power, are you trying to tear down my body and rebuild it?”

Kai gritted his teeth and practiced his mental skills, trying to repair his body.

As the Concentration Heart Technique was put into practice, countless spiritual energy surged into Kai's body!

Three days and three nights passed quietly.

Outside the stone chamber, Huo Jingjing, Mo Qingyun and Hu Mazi followed closely.

The Seventh Palace Master came to visit every day, and the healing elixirs he brought filled half the room. He even gave away the "Xuanbing Jade Marrow" that he had treasured for many years.

"Sister Jingjing, do you think anything will happen to Kai?"

Mo Qingyun rubbed his palms, his face full of worry.

She still could not forget the terrifying look of Kai when he transformed into a demon god. The world-destroying pressure made him unable to sleep well at night.

Huo Jingjing looked at the tightly closed stone door with a firm look in her eyes: "He is not the kind of person who falls down easily."

Even so, cold sweat broke out on her clenched fists.

At this time in the Demon-Suppressing Tower, Kai was undergoing a complete transformation.

"Crack..."

It was as if an invisible shackle was broken, and the purple-gold energy in Kai's body surged three times, and the air waves around his body rushed straight to the top of the tower!

The barrier of the fifth level of the Scattered Immortal Realm was broken with a sound, and the surging spiritual power rushed through the meridians and finally settled in the depths of the Qi Sea. Kai's strength had a qualitative leap.

The sixth level of scattered fairyland!

Kai slowly opened his eyes, and a flash of purple-gold light flashed in his eyes.

He spread out his palms, and a ray of purple-gold energy jumped on his fingertips. The moment it touched the air, it caused tiny ripples in the space.

"Is this the power of the sixth rank of the Loose Immortal Realm?"

He muttered to himself, feeling an unprecedented sense of fullness in his body.

The wound that was previously corroded by the evil spirit had scabbed over and fallen off, leaving only a shallow scar, which was wrapped in purple-gold energy and faintly emitting warmth.

Most of the immortal stones in the Demon-Suppressing Tower gradually dimmed, as if they had completed their mission.

Kai stood up and stretched his muscles. His bones made a series of crisp popping sounds and every inch of his muscle was filled with explosive power.

Kai is a sixth-grade Loose Immortal Realm cultivator. The power he unleashed is enough to deal with cultivators in the Earthly Immortal Realm.

Chapter 5175

"Senior Chi Yun, thank you very much this time." Kai said softly.

After a moment of silence, the lazy voice of the Scarlet Cloud Demon Lord rang in his mind: “Boy, don’t be too happy too soon. Those two old guys are just minions. An organization that can send out such characters must have more powerful old monsters behind them. With your limited cultivation, you’ll have to run away if you meet them.”

Kai’s lips curled up into a smile: “Run? There is no word ‘escape’ in my Kai’s dictionary.”

“Damn it, you only know how to brag. If I hadn’t taken action these few times, you would have died a long time ago if you hadn’t escaped!”

Demon Lord Scarlet Cloud reveals the truth without any hesitation!

Kai felt embarrassed for a moment, then he moved and turned into a ray of golden light, rushed out of the Demon-Suppressing Tower and landed in the stone chamber.

“Kai!” Huo Jingjing rushed up immediately after seeing the stone door open. Seeing his spirited look, her heart finally settled down, but her eyes turned red involuntarily. “You scared me to death!”

Mo Qingyun also rushed forward, and the two girls hugged Kai tightly, not caring about other people’s eyes at all!

These days, they were really worried about Kai’s injuries!

The Seventh Palace Master followed closely behind, and when he sensed the aura of the sixth rank of the Immortal Realm from Kai, his eyes almost popped out of his head: “It’s only been a few days? You... you’ve already broken through?”

It is extremely difficult to advance one level in the realm of scattered immortals. An ordinary cultivator may not be able to reach the threshold even after spending ten or eight years. However, Kai broke through two levels while being seriously injured. This speed of cultivation completely overturned his cognition.

Kai smiled and did not explain: “Thank you for your concern, Seventh Palace Master.”

In the Demon-Suppressing Tower, one year in the outside world is equivalent to a hundred years inside the tower. Even though Kai only stayed there for three days, almost a year passed inside the tower.

Kai felt the surging power in his body, and when his eyes fell on Huo Jingjing and Mo Qingyun, they softened instantly.

He had noticed it when he had just made the breakthrough. Although the two girls did not say it explicitly, they could not conceal their fatigue between their brows, and the circulation of spiritual energy in their bodies was also a little sluggish.

It was obvious that he had been injured in the previous battle with the Shadow Guard, but he was just holding on so as not to make him worry.

“You two, come here.” Kai waved his hand, his tone full of unquestionable concern.

Huo Jingjing and Mo Qingyun looked at each other and walked up to him obediently.

Mo Qingyun subconsciously tried to hide the bruise on his wrist, but was grabbed by Kai.

“You want to hide this minor injury from me?”

Kai’s fingertips brushed across the purple on her wrist, where the cold aura of the Shadow Guard’s poisonous blade remained. “And Jingjing, your spiritual energy is stagnant in your dantian. Do you think I can’t see it?”

Huo Jingjing’s cheeks flushed slightly, and she whispered, “It’s okay, just rest for a few days.”

“no.”

Kai shook his head, a faint golden light appeared in his palm, and a warm breath enveloped the two of them, “The evil energy in your body has invaded your meridians, and ordinary pills are difficult to eradicate.

I will use the Golden Dragon bloodline to help you clear the channels, and by the way...”

He paused, looked at their instantly blushing cheeks, and said with a smile, “By the way, I’ll use the dual cultivation method to help you stabilize your realm.”

“Dual cultivation?!” Mo Qingyun pulled back his hand as if he had been burned, his ears reddened to the point of bleeding, “Kai, this, this is too...”

Huo Jingjing also lowered her eyes, her long eyelashes trembling slightly, and twisted the corner of her clothes with her fingertips, but she did not refuse directly.

After all, it was too embarrassing for Kai to talk about dual cultivation directly in front of so many people.

Hu Mazi, who was standing by, suddenly laughed out loud, crossed his arms and teased, “Kai, if you want to be intimate with the girls, just say so directly. Why are you still talking about healing? We are all men, who don’t understand who?”

“You know nothing.”

Kai laughed and scolded, “The cold energy in their bodies conflicts with my golden dragon bloodline. Only by guiding them through dual cultivation can it be completely eliminated. Besides, they have accompanied me through life and death, so shouldn’t I help them improve their cultivation?”

Hu Mazi laughed: “You deserve it! You deserve it! Then you guys hurry up, I’ll be guarding outside and make sure no one disturbs you!”

Chapter 5176

Mo Qingyun felt even more ashamed by what he said, and he wished he could find a hole to crawl into.

Huo Jingjing took a deep breath and looked up at Kai. Although there was shyness in her eyes, she was determined: “As long as I can help everyone... I am willing.”

Seeing Huo Jingjing’s response, Mo Qingyun also bit her lip and nodded, but she buried her head even lower.

Kai said no more. He stroked his fingertips across his forehead, and the golden light of the Demon-Suppressing Tower lit up again, covering the three of them.

When Hu Mazi’s laughter disappeared from their ears, the three of them were already standing in the inner hall of the Demon-Suppressing Tower.

The spiritual energy here is a hundred times richer than that of the outside world. The fairy stones all over the ground emit a soft halo. The jade bed in the center is covered with thousand-year-old warm jade that can automatically warm the soul.

“Don’t be afraid.”

Kai held their hands, and the warmth of the golden dragon blood came through his palms. “Relax your mind and follow my spiritual power.”

Huo Jingjing and Mo Qingyun closed their eyes, feeling the warm golden air slowly flowing into their bodies.

They were a little tense at first, but when the golden current touched the hidden cold injuries in the meridians, they felt a comfortable numbing sensation and gradually relaxed.

Kai sat cross-legged and asked the two to sit on his left and right, with his palms resting on their dantian.

He practiced the Heart Concentration Technique, drawing upon the original power of the golden dragon bloodline in his body, which transformed into two golden threads that slowly penetrated into the bodies of the two people.

Wherever the golden blood passed, the cold and gloomy air melted away like ice and snow meeting the sun, making a slight “sizzling” sound.

Huo Jingjing and Mo Qingyun groaned, and felt a warm current coming from their dantian. The spiritual energy that had been pent up began to circulate wildly, rushing along their meridians.

“Now!” Kai shouted in a low voice, guiding the aura of the two people to blend with his golden dragon bloodline.

In an instant, three figures were wrapped in golden cocoons of light, in which dragon shadows sometimes hovered and green lotuses bloomed.

Dual cultivation is not simply about taking, but about the complementation and resonance of energy.

Kai’s golden dragon bloodline was overbearing and fierce, just enough to neutralize the coldness in the two men’s bodies;

Their spiritual power also fed back to Kai, allowing his slightly impetuous state of mind to gradually stabilize after his breakthrough.

The speed of time in the Demon-Suppressing Tower changed quietly. What seemed like a moment in the outside world would be like many days inside the tower.

Kai stood up and put on his clothes. With his current strength, it was too easy for him to fight against two women alone.

When the golden cocoon of light dissipated, Huo Jingjing and Mo Qingyun slowly opened their eyes. Spiritual light flowed in their eyes, and the powerful aura of the sixth level of the scattered fairyland emanated from their bodies.

The bruises on Mo Qingyun's wrists had long since disappeared, and her skin was as smooth as jade;

The fatigue between Huo Jingjing's brows disappeared, and her temperament became more and more cold and elegant, yet with a hint of gentleness after being nourished.

"I... have made a breakthrough?" Mo Qingyun looked at his palms, feeling the unprecedented power in his body, his face full of surprise.

Huo Jingjing also clenched her fists. She could clearly feel that the bottleneck that had troubled her before was completely broken, and the circulation of her spiritual power was more than ten times smoother than before.

Kai smiled and took his hand back. Although the golden dragon blood in his body had been consumed a lot, it became more condensed: "Now you know, you are not just thinking about taking advantage, right?"

Mo Qingyun's cheeks turned red and she glared at him in reproach, but she didn't know that this look was full of charm.

Huo Jingjing stepped forward and gently hugged Kai's arm, her voice trembling slightly: "You almost killed both of us. It's all swollen."

Kai patted the back of her hand, his eyes gentle: "It's okay, just take care of it."

The three of them smiled at each other, and their previous shyness had long since turned into tacit understanding.

When they walked out of the Demon-Suppressing Tower again, Hu Mazi's eyes widened when he saw the aura of Huo Jingjing and Mo Qingyun.

“Holy crap! Sixth level of Sanxian realm?!”

Hu Mazi wiped his eyes, rushed over and circled around the two of them, “Kai, your healing method is too powerful, isn't it? Not only does it cure the disease, but it also helps to accelerate growth?” He winked at Kai, “Tell me the truth, you haven't been drained dry in there these few days, have you?”

Chapter 5177

Mo Qingyun's face turned red again after hearing what he said, and he hid behind Huo Jingjing.

Huo Jingjing said angrily: “Master Hu! Stop talking nonsense!”

Kai laughed loudly and put his arms around their shoulders: “Want to know? Why don't you find a girl and try it yourself and you will know?”

Hu Mazi stroked his chin, looking longing: “This is a good idea...”

Seeing the three people talking and laughing, the Seventh Palace Master who was standing in the distance was a little puzzled and said, “What a pity! Kai's strength is not bad, but he is still a little lacking in dual cultivation. He is already unable to do it in just one hour!”

When Kai heard this, he was speechless!

Hu Mazi laughed and said, “Seventh Palace Master, you don't understand. The time that passes in the Demon Suppression Tower is one year outside the tower, and one hundred years inside the tower. Even though it was only an hour outside, Kai worked for several days inside.”

“If I’m not mistaken, these two little girls are swollen...”

“Ah? So powerful?” The Seventh Palace Master was immediately shocked!

Huo Jingjing and Mo Qingyun both blushed and lowered their heads. Only they knew whether their faces were swollen or not!

.....

The mysterious place of the triple heaven!

There is no sunlight here all year round, and the thick black fog is like a substance that not even the sunlight can penetrate.

Deep inside, a palace built of thousands of dead bones was suspended in the air. On the palace plaque were three large characters “Evil Way Palace” written in solidified blood plasma, emitting a disgusting odor.

On the main seat, a figure shrouded in a black robe sat quietly.

He was surrounded by nine gray-black soul flags, on which countless distorted human faces were screaming in pain. Every time the flags waved, the temperature of the entire palace dropped by three points.

This person is the grand elder of the Evil Way Hall, You Wuxie.

The soul lamps of the two elders in the underworld were extinguished, and even the shadow guards of the underworld were all destroyed!

This blow was a huge one for You Wuxie!

As the grand elder and the person in charge of the Evil Dao Palace, he had no way of following the organization’s instructions.

The most important thing is that they lost the token, which is the most precious thing in their Evil Palace!

As long as a few tokens absorb enough undead souls and are activated, they can open the coordinate map of Tianlin Cave Mansion, and they will be able to find the legendary Tianling Cave Mansion!

In order to absorb enough undead souls, the Evil Dao Temple sent him to lead the Two Netherworld Elders, Ghost Face and others to the Third Heaven, opened up a space, and absorbed undead souls everywhere!

But who knew that the token was lost, and the two elders, Ghost Face and Netherworld, were also killed. If this news gets to the ears of the higher-ups in the Evil Way Palace, he would not be able to die even if he had a hundred lives!

“Waste! All of you waste!”

An angry roar sounded like thunder, and the stone pillars in the council hall were instantly covered with spider-web-like cracks.

The twelve shadow guards knelt on one knee with their heads on the ground, their bodies shaking like sieves, not daring to even breathe.

On the white jade table in front of You Wuxie, there were two dull soul beads – they were the natal soul beads of the two Nether Elders, which had now been completely shattered, leaving only a faint fluctuation of spiritual power.

“The two Netherworld Elders have followed me for three hundred years. Their cultivation has already reached the peak of the Loose Immortal Realm. They can hold out for a while even against an Earthly Immortal Realm opponent. How could they be killed by a hairy boy from the Third Heaven?”

You Wuxie’s voice was as sharp as fingernails scraping against glass, “Investigate! Investigate for me! What is the origin of Kai?”

An old man with a hunched body walked out tremblingly: “Reporting to the Great Elder, I have found out that this boy is called Kai. He suddenly appeared in the territory of Qingyun Sect a few days ago. His cultivation

has progressed rapidly. He once killed a cultivator of the fifth level of the Loose Immortal Realm with the third level of the Loose Immortal Realm.”

“We were able to kill the two Xuanming Elders this time. According to the information sent back by the two Youming Elders before their death... Kai seems to be possessed by an extremely powerful spirit.”

Chapter 5178

“Possessed by a spirit?” You Wu Xie’s pupils suddenly shrank under his black robe, and his nine spirit banners began to tremble violently. “Could it be the descendant of some old monster?”

“According to the news, the spirit claimed to be from the Ninth Heaven.”

“Ninth Heaven?”

You Wuxie stood up suddenly, black mist surged around him, and the blood pool in the entire palace was stirred up by huge waves: “No wonder! No wonder the two elders of the Netherworld died so miserably! It turns out that the people of the Ninth Heaven intervened!”

The shadow guards in the meeting hall were so frightened that they fell to the ground.

They had never seen the Great Elder lose his composure like this. The three words “Ninth Heaven” seemed to contain some kind of terrifying magical power.

You Wuxie took a deep breath and forced himself to suppress the shock in his heart.

He sat down slowly, tapping his fingers on the table, making a dull sound: “Ninth Heaven... Humph, even if it is the soul of the Ninth Heaven, so what? If you dare to kill someone from our Evil Dao Palace, you must pay the price!”

“Let alone a soul from the Ninth Heaven, even if it is a cultivator from the Ninth Heaven, my Evil Dao Palace is not afraid!”

This sentence directly shows the strength of the Evil Dao Palace, and it is not even afraid of the cultivators of the Ninth Heaven!

An organization that can find the token, secretly collect the undead, and plan to look for Tianlin Cave Mansion must be very powerful!

Otherwise, even if they found the coordinates of Tianlin Cave Mansion, they would not be able to protect it.

“Great Elder, Kai is now recuperating in the Seventh Palace, and the Seventh Palace Master seems to be trying to protect him...”

“Seventh Palace?” You Wuxie sneered, and the human face on the soul flag let out a shrill scream, “A self-proclaimed god clan, a declining temple branch, dares to interfere in my affairs? Pass the order down, mobilize the eight great priests and twelve blood guards of the Shadow Pagoda, and follow me to the Seventh Palace!”

This You Wuxie actually doesn’t even take the temple or even the entire God Clan seriously.

“What?” The old man was shocked. “Great Elder, are you going to do it yourself?”

Each of the eight great priests is a top-notch warrior who has stepped half a foot into the Earthly Immortal Realm; the twelve blood guards have tempered their bodies with their essence and blood, and their combat power is comparable to that of the peak of the Loose Immortal Realm.

With such a lineup, it is more than enough to wipe out the entire three heavens, but now the Great Elder is going to take them to deal with Kai.

There was a glimmer of ruthlessness in You Wuxie's eyes: "This boy can allow the Nine Heavens Spirit to possess him, he is definitely not an ordinary creature."

"If we don't kill him before he grows up, he will become a big trouble in the future! What's more..."

He stroked the Broken Soul Orb on the table, his voice icy and piercing, "Someone has to settle the accounts with the two Nether Elders and Ghost Face."

"But Great Elder, the temple..."

"The Temple?" You Wuxie sneered, "The Temple is now in pieces, and the several Temple Masters are not on good terms with each other. How dare they meddle in the affairs of our Evil Dao Temple?"

"Tell the Seventh Palace Master to either hand the man over, or... turn into ashes along with that brat!"

"Yes!" The old man dared not persuade him anymore and bowed and left.

You Wuxie slowly stood up, his black robe fluttering without wind, nine soul flags surrounding his body, emitting a suffocating pressure: "Kai... the soul of the ninth heaven... I want to see how much you are worth."

As soon as he finished speaking, his figure turned into a puff of black smoke and disappeared in the meeting hall.

The eight great priests and the twelve blood guards followed closely behind, and the dense black shadows rushed towards the direction of the Seventh Palace like a swarm of locusts.

Above the Black Wind Abyss, the already gloomy sky became even darker, as if foreshadowing an impending bloody storm.

In the stone chamber of the Seventh Palace, the atmosphere was so solemn that water could almost drip out.

The Seventh Palace Master held the jade slip of the Evil Dao Palace's message, his hands trembling slightly, his face as pale as paper: "Evil Dao Palace...Evil Dao Palace has gone crazy!"

"I didn't expect that the people Kai killed were actually from the Evil Dao Hall..."

Chapter 5179

"What is the Palace of Evil?" Kai asked with some confusion!

"An organization that specializes in collecting the dead. I didn't expect these people to come to the Third Heaven!"

The Seventh Palace Master said with a look of shock!

Hearing this, Kai knew that the mysterious organization Yun Wuya was talking about was the Evil Dao Hall!

"Is this Evil Temple very powerful?" Kai asked!

"Very powerful. I heard that this Evil Temple has been established for thousands of years and has been collecting undead souls everywhere. Wherever there is a large-scale death of monks or a battlefield, people from the Evil Temple will appear."

"I heard that during a sect fight in the Ninth Heaven, more than ten thousand people died, and people from the Evil Path Hall also showed up."

The Seventh Palace Master said!

"Oh?" Kai frowned. "In that case, wouldn't the strength of the Evil Dao Palace be at least higher than the Ninth Heaven?"

“Of course, the Evil Temple is a very mysterious organization. They can be seen almost everywhere, but they never fight. They just collect undead souls everywhere, and no one knows what they are used for!”

“I had a conflict with you this time, and I don’t know why!”

The Seventh Palace Master said in confusion!

Of course Kai himself knew that if the Red Cloud Demon Lord didn’t give his soul to him, he would start fighting!

At this moment, Kai suddenly thought of the token. It seemed that the Evil Temple was collecting undead souls everywhere, which might be related to the token!

Kai wanted to ask the Seventh Palace Master, but the Seventh Palace Master might not know the answer. Besides, it would not be easy for too many people to know that he had the token on him, so Kai did not speak!

“What did the Evil Dao Palace send you?” Hu Mazi asked in a deep voice.

“You Wuxie... the great elder of the Evil Dao Palace is going to personally bring people to the Seventh Palace!” The voice of the Seventh Palace Master trembled, “He also said that either we hand you over, or we will flatten the entire Seventh Palace!”

The Seventh Palace Master took a deep breath, his eyes filled with despair, “There are also eight great priests and twelve blood guards accompanying them! With this lineup, even if all the sects of the Three Heavens take action, they may not be able to stop them!”

Kai stroked the hilt of the Dragon Slaying Sword with his fingertips, his eyes frighteningly calm: “It seems that they are really anxious.”

“Kai, why don’t you go first!” Huo Jingjing said anxiously, “The Third Heaven is so vast, if you hide, they may not be able to find you!”

The Seventh Palace Master also nodded quickly: “Kai, if you have a green mountain, you will never worry about a lack of firewood! The Evil Dao Palace is powerful, there is no need to confront it head-on!”

“As long as you’re not here, the Evil Dao Temple won’t do anything to me. After all, I have the Temple and the entire God Clan behind me.”

Kai shook his head and looked towards the northwest.

The sky there had been covered with inky black clouds at some point, with faint flashes of lightning, and a heart-pounding pressure was approaching rapidly.

“I can’t leave.” He said softly, “Since You Wuxie dared to come here in person, he must have laid a net of heaven and earth, not to mention...”

He paused, a hint of cold murderous intent flashed in his eyes: “I, Kai, will never leave my troubles to others. They are looking for me, and I will wait for them here.”

Outside the Seventh Palace, the dark wind from the Black Wind Abyss grew increasingly violent, carrying gravel and sand that hit the bluestone tiles of the palace, making a crisp “crackling” sound, like the drumbeat of the god of death.

In the stone chamber, the voice of the Seventh Palace Master was trembling uncontrollably. The jade slip of communication in his hand had already been crushed into pieces by him, and powder fell from between his fingers.

Huo Jingjing tightly grasped Mo Qingyun’s hand, their knuckles turned white and the blood drained from their faces. Only Hu Mazi tried to remain calm, but he couldn’t help looking outside the cave frequently, his Adam’s apple rolling.

Kai stood with his hands behind his back in front of the stone gate, his eyes penetrating the thick rock wall and looking at the rolling black clouds in the sky.

The spiritual power around him is like a dormant ferocious beast. It seems calm, but in fact it is ready to strike.

The Dragon Slaying Sword hummed softly in its scabbard, as if sensing the impending bloody battle, and the sword body emitted a faint golden glow.

Chapter 5180

“Here I come.”

Kai’s voice was not loud, but it sounded like a thunderclap in everyone’s ears.

Before he finished speaking, the entire Seventh Palace suddenly shook violently, as if thousands of troops were marching towards him.

A sharp sound of breaking air was heard outside the cave, and countless black shadows fell on the square of the Seventh Palace like a torrential rain. The densely packed figures covered the sky and blocked out the sun, surrounding the entire Seventh Palace.

The black-robed figure at the head was suspended in the air, with nine soul flags fluttering behind him.

The human face on the banner screamed more and more frantically, and the strong smell of corpse and blood mixed together, forming a gray air wave visible to the naked eye, sweeping towards the Seventh Palace.

“Kai, come out and die!”

You Wuxie’s voice was like a cold wind blowing through the Netherworld, carrying with it a bone-chilling malice. A thick layer of white frost instantly formed on the bluestone ground in the square, and the few tenaciously growing spiritual herbs turned withered in an instant.

The Seventh Palace's mountain protection formation flickered violently under this pressure, and countless cracks appeared on the light curtain, as if it would collapse in the next moment.

The low-level disciples in the hall had already collapsed on the ground with fear, not even having the courage to raise their heads.

The Seventh Palace Master's face turned pale, and he subconsciously leaned towards Kai, his voice tearful: "Chen... Kai, this... this is You Wuxie, the cultivation level of the Earthly Immortal Realm, we..."

Kai raised his hand to interrupt him, his eyes sharp as a sword: "Stay away, leave this to me."

After saying that, he took a step forward, and the stone door closed behind him with a bang.

On the square, You Wuxie looked down at the figure below, and a cruel smile appeared on the corner of his mouth under his black robe: "Just you? A sixth-rank ant in the Loose Immortal Realm, dare to kill someone from my Evil Dao Palace?"

The eight great priests and the twelve blood guards spread out in a fan shape and surrounded Kai.

The eight great priests had a heavy aura, and their bodies exuded an aura of pressure as if they had stepped half a foot into the Earthly Immortal Realm. The twelve blood guards had blood boiling in their bodies, and their eyes were bloodshot, like bloodthirsty beasts.

"You Wuxie, right?"

Kai was too lazy to talk nonsense with him. He moved his fingertips slightly, and the Dragon Slaying Sword hummed out of its sheath. A brilliant golden sword energy rushed up into the sky, tearing a hole in the dark clouds above his head. "I killed the two elders of the Netherworld and Ghost Face. If you want revenge, come on."

“Arrogant!”

A tall priest shouted angrily, and a huge bone hammer appeared in his hand. The hammer was covered with barbs and exuded a strong aura of death. “Boy, let me send you to the west!”

Before he finished speaking, he leaped up and smashed the bone hammer towards Kai with tremendous force, creating a vacuum zone in the air and making a sharp explosion.

Kai’s eyes focused, and instead of retreating, he advanced. The Dragon-Slaying Sword drew a sword flower, and the golden sword energy surged out like a tide, colliding with the bone hammer.

“clang—!”

With a deafening bang, a dazzling light burst out from the place where the golden sword energy collided with the bone hammer. The powerful shock wave blew away the surrounding shadow guards. The bluestone ground of the square shattered in an instant, forming a large pit with a diameter of dozens of feet.

The priest groaned and was shocked to retreat repeatedly. His palms were broken and blood was flowing. His face was full of disbelief: “You...how can your power be...”

Before he could finish his words, Kai appeared in front of him like a ghost, and the Dragon-Slaying Sword pierced his throat with lightning speed.

“Puff!”

Blood spurted out, and the light in the priest’s eyes quickly dimmed. His body fell limply, and he still had a shocked expression before he died.

One move!

With just one move, he killed a priest who had one foot halfway into the Earthly Immortal Realm!

The square fell into deathly silence in an instant; even the sound of the wind seemed to have stopped.

The smile on You Wuxie's face froze, and his pupils under the black robe suddenly shrank.

The twelve blood guards and the remaining seven priests were struck by lightning, with fear written all over their faces.
