

the mans Decree: Kai Ping / Chen Ping

Chapter 5206

With a crisp “clang” sound, a bloody mark was left on the demon general’s arm, and black blood gushed out.

“court death!”

The demon general let out an angry roar, then swung his axe towards Kai at a speed several times faster than before.

Kai dodged quickly, but was still hit on the shoulder by the axe. His golden indestructible body was instantly shattered, leaving a wound on his shoulder deep enough to see the bone. The black evil energy quickly spread along the wound.

“Kai!”

Hu Mazi cried out in surprise and wanted to go forward to help, but he was locked by the demon general’s breath and could not move.

Kai gritted his teeth and activated the Concentration Technique in his body to absorb the spreading evil energy.

He knew that he could not delay any longer and had to find the demon general’s weakness as soon as possible.

He scanned the demon’s body and found a white scale on its chest, which was completely different from the black scales elsewhere. “That’s its weak spot!”

Kai no longer dodged and rushed towards the demon general’s giant axe. At the same time, he concentrated all his spiritual power on the Dragon-

Slaying Sword. The golden sword energy burst out with unprecedented light.

“act recklessly!”

The demon general roared, and swung his giant axe towards Kai’s head with tremendous force.

Just when the giant axe was about to fall on Kai’s head, he suddenly turned sideways and narrowly avoided the giant axe. At the same time, the Dragon-Slaying Sword stabbed out like a poisonous snake, accurately piercing into the white scales on the demon general’s chest.

“Ah——”

The demon general let out a shrill scream, his huge body trembled violently, and black blood gushed out like a fountain.

“Now!”

Kai shouted, and at the same time threw the inner elixir of the magic dragon to Hu Mazi, “Use the power of the inner elixir to activate the sealing array!”

Hu Mazi took the inner elixir and placed it in the groove in the center of the altar according to Kai’s instructions. At the same time, he pasted the drawn talismans on the runes around the altar.

The power of the inner elixir resonated with the talisman, and the runes around the altar lit up again, emitting a dazzling light, forming a huge sealing shield that enveloped the demon general.

The demon struggled frantically, trying to break through the seal, but the power of the seal became stronger and stronger, trapping it firmly inside.

“No! I won’t accept this!” The demon general let out a desperate roar, and his huge body gradually dissipated in the sealing shield, turning into countless black mists and being absorbed by the sealing shield.

As the demon general disappeared, the shaking of the underground palace gradually stopped and the demonic energy began to slowly dissipate.

The two of them finally breathed a sigh of relief and sat on the ground gasping for breath.

“Finally...successful.”

Hu Mazi wiped the sweat from his face and looked at the altar which had returned to peace. “We did it.”

Kai nodded and looked down at the wound on his shoulder. Although the black evil energy had been absorbed, he still felt a stinging pain in the wound.

“Youyue’s move is really vicious. She doesn’t want us to take any treasure at all. Instead, she wants to use us to open the seal and release this demon general.”

“So what do we do now?”

Hu Mazi looked at the magic core on the altar and asked, “Do you still want this magic core?”

“Take it! Why not take it?”

Kai stood up, walked to the altar, and took down the magic core. “This magic core contains a huge amount of demonic energy. Although it cannot be used directly, it may be used to deal with Youyue. Besides, we can’t come here for nothing.”

He put away the magic core and looked at the black sword on the altar: “This sword is also a treasure. Although it is a magic sword, it is extremely powerful. It may be useful to keep it.”

Hu Mazi also stood up and walked to Kai’s side. He looked at the wound on his shoulder and frowned: “Your wound...”

“It’s okay, just a minor injury.”

Kai smiled and used his spiritual power to repair his wounds. “Let’s leave here first. We shouldn’t stay here for long.”

The two returned along the same route and encountered no danger along the way.

Three days passed when they walked out of the rift and returned to the ground of Jiupan Mountain.

Chapter 5207

When they returned to the Black Demon Palace, Youyue was already waiting in the main hall.

When she saw kai and Hu Mazi returning safely, a hint of surprise flashed across her eyes, but then she regained her composure.

“You two really lived up to our expectations and successfully retrieved the treasure.”

Youyue smiled and said, “What reward do you two want?”

kai threw the magic core to Youyue and said calmly, “No need for rewards. We just hope that you can keep your promise and help investigate the truth behind the extermination of the Hu family.”

Youyue took the magic core, a trace of greed flashed in her eyes, but she quickly concealed it: “Don’t worry, I will do what I promised.

However, it will take time to investigate the truth, so you should stay in the Demon Palace first and wait for my news.”

kai and Hu Mazi looked at each other and nodded.

They knew that although Youyue agreed to help, she would definitely not tell the truth so easily, and they still needed to wait patiently.

After settling down in the Black Demon Palace, kai began to concentrate on his cultivation. While repairing his injuries, he was also digesting what he had gained in the Demon Burial Abyss.

He benefited a lot from the inheritance of the art of talismans from the Hu ancestors, and his understanding of it became deeper, and his strength also improved significantly.

Hu Mazi spent all day studying the clan's ancient books and the clan leader's tokens, hoping to find more secrets about the Hu family.

Just like that, the two of them stayed in the Black Demon Palace, waiting for news from Youyue.

What they don't know is that a bigger crisis is quietly approaching.

The days in the Black Demon Palace were eerily peaceful.

Youyue seemed to be really fulfilling her promise. Not only did she not make any more demands, but she also sent people to deliver a lot of healing pills and cultivation resources. Her attitude was so respectful that it made people wary.

kai's injuries had long been healed with the nourishment of the Concentration Heart Technique. He even took the opportunity of this injury to refine the spiritual power in his body to be even purer. He was only one step away from reaching the seventh level of the Scattered Immortal Realm.

Apart from practicing every day, he would wander around the Demon Palace. Although he seemed nonchalant, he was actually secretly investigating the Demon Palace's strengths and weaknesses.

That day, he walked to a rockery in the back garden of the Demon Palace and suddenly heard a suppressed conversation coming from behind the rockery.

“...Witch, are you really going to let those two humans go? That magic core is the key to helping you break through the bottleneck!” said a hoarse voice.

“What’s the hurry?”

This was Youyue’s voice, with a hint of cold smile, “Since those two humans were able to come back alive from the Demon Burial Abyss, they must have something extraordinary.

Especially that kai, whose strength is unfathomable. Instead of making an enemy of him, it is better to win him over for the time being.

When I refine the magic core and break through to the fourth level of the Earthly Immortal Realm, it won’t be too late to deal with them then.”

“But... that kid from the Hu family has already started investigating the truth behind the extermination of the family. What if he finds out...”

“So what if they find out?”

Youyue snorted coldly, “What happened back then was done extremely secretly, even if he found any clues, there would be no evidence.

Besides, he is still under our control and can’t cause any big trouble.”

“Then I’m relieved. By the way, several forces around Jiupan Mountain have begun to stir and seem to want to get their hands on the treasures of the Demon Burial Abyss. Do you want me to send someone to deal with them?”

“No need.”

Youyue said calmly, “Let them make trouble, it’s a good opportunity to test the strength of those two humans.

If they can deal with those forces, that would be the best; if they can’t, then we don’t have to do anything if they die.”

The sound from behind the rockery gradually faded away. kai quietly walked out from behind the rockery with a hint of coldness in his eyes.

Sure enough, Youyue had no intention of letting them go from the beginning. The so-called help in investigating the truth was just a delaying tactic.

He returned to his residence and told Hu Mazi what he had heard.

Chapter 5208

After hearing this, Hu Mazi was furious: “This Youyue is so vicious! We must find a way to expose her true face!”

“Don’t worry.”

kai held his shoulder and said, “We don’t know the details of the Black Demon Palace yet. Any rash action will only alert the enemy.

The most urgent task is to improve our strength as quickly as possible and find evidence of the truth behind the genocide.”

“But...where should we start now?”

Hu Mazi frowned, “We have already read the ancient books of the Demon Palace, and there is no detailed record of the truth behind the genocide.”

“Perhaps, we can start with the forces around Jiupan Mountain.”

kai pondered and said, “Youyue just mentioned that several forces around Jiupan Mountain have begun to stir, perhaps they know something about what happened back then.

Besides, Youyue wants them to test us, so we can use this opportunity to investigate.”

Hu Mazi’s eyes lit up: “Good idea! We can pretend to deal with those forces and take the opportunity to get information.”

“Without further delay, we’ll set off now.”

kai stood up and said, “Before we leave, let’s do one thing first.”

The two of them quietly came to the ancient book library of the Demon Palace, where the ancient books and records of the Black Evil Demon Palace from past dynasties were stored.

kai used his spiritual power to open the door of the ancient book library, and the two of them quickly entered.

The ancient books library is filled with bookshelves filled with various ancient books and files.

kai and Hu Mazi divided the work and cooperated to carefully search for records about the extermination of the Hu family.

After an unknown amount of time, Hu Mazi suddenly exclaimed, “Found it! Come and see!”

kai hurried over and saw Hu Mazi holding a yellowed file in his hand, which recorded a war that happened two thousand eight hundred years ago.

The two sides in the war were the Black Evil Palace and the Hu clan, and the cause of the war was that the Hu clan discovered the secret that the Black Evil Palace wanted to release the demon generals in the Demon Burial Abyss!

“I see!”

Hu Mazi looked at the records in the file, his eyes filled with anger and sadness, “It was the Black Demon Palace that wiped out my Hu family! They killed my Hu family in order to cover up the secret of releasing the demon general!”

kai’s expression also turned extremely ugly: “Youyue has really been lying to us. Not only does she know the truth about the genocide, she may even be a participant in the war back then!”

“Let’s go and settle the score with her now!”

Hu Mazi was so angry that he was about to rush out.

“etc!”

kai held him back and said, “We don’t have any concrete evidence right now. Even if we go find her and rely on a file, she won’t admit it.

Besides, this is the Black Demon Palace, and her people are everywhere. We are no match for her at all.”

“Then what should we do? Should we just let it go?”

Hu Mazi said unwillingly.

“Of course it doesn’t count.”

kai’s eyes were cold. “Let’s leave the Black Demon Palace first, and then find a way to take revenge. This file is evidence, and we must keep it safe.”

The two men put away the files, quietly left the ancient book library, and left the Black Demon Palace under the cover of night.

After leaving the Black Demon Palace, the two headed eastward towards the location of the forces around Jiupan Mountain.

They knew that a new challenge was about to begin, and this time, they would not only have to face the forces around Jiupan Mountain, but also have to be on guard against the pursuit of the Black Evil Palace at all times.

It has been three days since kai and Hu Mazi left the Black Demon Palace. They headed eastwards, avoiding several waves of demon patrols along the way.

Although the demonic energy outside Jiupan Mountain is not as strong as that in the deeper parts, it is filled with an eerie silence, and even the traces of birds and beasts are extremely rare.

“kai, the Misty Forest is ahead.”

Hu Mazi pointed to the area ahead that was shrouded in white fog. The animal skin map marked this as the territory of the Black Wind Village.

Chapter 5209

Black Wind Village is a mountain village on the outskirts of Jiupan Mountain. It is said that the owner of the village is a demon cultivator in the Earthly Immortal Realm. He usually makes a living by robbing passing cultivators and behaves in an extremely domineering manner.

kai looked at the thick fog, frowning slightly, “This fog is unusual, it contains evil spirits, I’m afraid there is an illusion.”

“Demon cultivators are best at these unorthodox methods.”

Hu Mazi tightly grasped the short knife at his waist. Since he inherited the legacy from his ancestors, his perception of demonic energy has become much sharper. “Should we avoid this place?”

“Avoiding it would only arouse suspicion.”

kai shook his head and took out two Qingshen Pills from the package. “Take this to resist the erosion of the illusion. Let’s pretend to be monks passing by and go to explore the details of Black Wind Village first.”

The two of them took the spirit-clearing pill and walked into the misty forest.

The fog wrapped around me like cold silk, and visibility was less than three feet. Faint whispers came to my ears, as if countless pairs of eyes were watching me in the dark.

Hu Mazi held the clan leader’s token tightly. The white light emitted by the token could dispel the surrounding fog, making him feel a lot more at ease.

“The demonic energy in this forest is very diverse, with more than one kind of demon cultivator. It seems that the Black Wind Village has collected a lot of demons.”

kai’s spiritual sense spread out quietly, but was disturbed by the evil spirit in the fog, and could only explore an area of ten feet in radius.

“Be careful, the illusion here can affect your consciousness, don’t be fooled.”

After walking for about half an hour, a fork in the road suddenly appeared in front of them. At the intersection stood a stone tablet with the three words “Black Wind Village” engraved on it. The handwriting was crooked, revealing a murderous aura.

“This way.”

kai pointed to the road on the left, where the evil spirit was stronger and it was obviously the direction leading to the mountain village.

Just as the two turned to the left, the sound of horse hooves suddenly came from the fog, and a dozen demon cultivators riding black wolves appeared in front of them, blocking their way.

These demon cultivators all had ferocious faces, holding knives and axes, with greed flashing in their eyes.

“I built this road, I planted this tree, if you want to pass through here, you have to leave money for passage!”

The leading demon cultivator was a burly man with a wolf's head. He held a huge axe in his hand and stared at kai and Hu Mazi viciously.

Hu Mazi was about to take action when he was held back by kai.

kai took out a small piece of immortal stone from his arms and threw it to the wolf-headed man: “We are just monks passing by, and we would like to borrow your place to rest for a night. This little gift is not a respect.”

The wolf-headed burly man took the immortal stone, weighed it, and showed a trace of disdain on his face: “Just this little immortal stone? Are you sending away a beggar? Hand over all the treasures on you, otherwise don't blame me for being rude!”

The demon cultivators behind him also started to make a fuss and waved their weapons, and the atmosphere suddenly became tense.

kai's eyes flashed with a hint of coldness, but he still suppressed the urge to attack: “We are just casual cultivators, we don't have any treasures on us, please be lenient.”

“Self-cultivator?”

The wolf-headed burly man looked the two up and down, his eyes fell on the clan leader token in Hu Mazi's hand, a trace of greed flashed in his eyes, “The jade pendant in that kid's hand looks good, hand it over, and grandpa will let you go!”

Hu Mazi's face darkened and he clenched the token tightly: “This is my heirloom, I will never hand it over!”

“If you don’t accept my toast, I’ll punish you!”

The wolf-headed man roared and swung his axe at Hu Mazi, “Grab it for me!”

More than a dozen demon cultivators immediately surrounded them, wielding swords and axes, and hacked at the two men.

kai no longer hesitated. He activated the spiritual power in his body and a light golden shield enveloped the two of them.

At the same time, he summoned the Dragon-Slaying Sword, and the golden sword energy swept out, instantly knocking away several demon cultivators who were rushing in the front.

The wolf-headed sturdy man didn’t expect kai to be such a tough guy. He was shocked, but he quickly reacted. He roared, and the mountain axe came towards kai’s shield with a sharp sound of wind.

Chapter 5210

With a crisp “clang” sound, the shield vibrated violently, but remained intact.

“With just this little ability, you dare to rob people on the road?”

kai snorted coldly, and the Dragon-Slaying Sword shot out like a stream of light, instantly piercing the shoulder of the wolf-headed man.

“Ah——”

The wolf-headed man screamed, covered his bleeding shoulder and stepped back repeatedly, his eyes full of fear, “You... who are you?”

“Passing monk.” kai said calmly, “If you don’t want to die, get out of the way!”

The wolf-headed burly man looked at his men wailing on the ground, then looked at the Dragon-Slaying Sword in kai's hand that exuded a sharp aura. He knew that he was no match for them, so he quickly fled in embarrassment with his men.

"These demon cultivators are too vulnerable to attack."

Hu Mazi said with some surprise as he looked at the wolf-headed burly man's fleeing back.

"They are just minions. The real masters should be in Black Wind Village."

kai put away the Dragon Slaying Sword and said, "Let's continue moving forward and be careful."

The two continued to go deeper into the misty forest. After walking for about an incense stick of time, the fog in front of them gradually thinned, and a huge mountain village appeared before them.

The walls of the mountain village were built with huge black stones, with a black flag on it and a ferocious wolf head pattern painted on it.

At the entrance of the village stood two three-meter-tall bear monsters, holding huge hammers and staring at the passers-by with vigilant eyes.

"This is the Black Wind Village."

kai looked at the bear monsters at the entrance of the mountain village and said, "The strength of these two bear monsters is not weak, equivalent to the second-grade cultivators in the Earthly Immortal Realm."

"How do we get in?" asked Hu Mazi.

"Go in directly." kai said, "We will pretend to be monks who come to seek refuge in Black Wind Village and take the opportunity to get information."

When the two men reached the gate of the village, the bear demon immediately stopped them: “Stop! Who are you? What are you doing in Black Wind Village?”

“We are monks passing by and would like to take refuge in Black Wind Village. Please inform us.”

kai said as he took out a few fairy stones from his arms and stuffed them into the bear monster’s hands.

The bear demon weighed the immortal stone in his hand, and a satisfied smile appeared on his face: “Wait, I will go and inform the village chief.”

Soon, the bear monster came back and said to the two of them, “The village leader lets you in.”

The two followed the bear demon into the mountain village. The village was more lively than they had imagined. There were demon cultivators everywhere, including wolf demons, tiger demons, snake demons, etc., in various shapes and exuding a strong demonic aura.

There is a huge meeting hall in the center of the village. At the door of the hall stand two fox demons holding long swords. They have beautiful faces but extremely cold eyes.

The bear demon brought the two to the door of the meeting hall and said, “The village chief is inside, you can go in by yourselves.”

The two walked into the meeting room, only to see a middle-aged man in a black robe sitting in the middle of the room. He had a sinister face and a sneer on his lips. He was the leader of the Black Wind Village, the Black Wind Old Demon.

On both sides of the old Black Wind Demon stood a dozen demon cultivators, all of them had a powerful aura and were obviously the core members of the Black Wind Village.

“Are you the monks who have come to seek refuge with me?”

The old demon Black Wind looked at kai and Hu Mazi, with a gleam of scrutiny in his eyes.

“Yes, village chief.”

kai said, “We heard that the Black Wind Village is very powerful, and we want to join the village leader and work for him.”

“Oh? What are you capable of?”

The old Black Wind Demon asked.

“We know some basic magic spells and can fight for the village chief.” kai said.

“Hahaha.....”

The old Black Wind Demon laughed loudly, “Just the two of you, you think you can work for me? I don’t accept trash in Black Wind Village!”

“If the village chief doesn’t believe it, you can try our skills,” said kai.

“Okay! Then I’ll give you a chance.”

The old demon Black Wind said, “My Black Wind Village has had some grievances with the Green Snake Valley in the east recently. Go and kill the Valley Master of the Green Snake Valley for me, and bring his head back to see me, and I will take you in.

Chapter 5211

kai’s heart moved. The Green Snake Valley was also a force outside Jiupan Mountain. The master of the valley was a snake demon of the third level in the Earthly Immortal Realm.

The old demon Black Wind asked them to kill the Lord of Green Snake Valley, obviously wanting to kill someone with a borrowed knife.

“no problem.”

kai said, “Let’s do it right away.”

“etc.”

The old demon Black Wind said, “I will send two people to go with you, so that we can see your abilities.”

He pointed at the two wolf demons next to him and said, “You two go with them. If they dare to play tricks, kill them!”

The two wolf demons immediately stepped forward and bowed to the old black wind demon: “Yes, village chief!”

kai and Hu Mazi looked at each other, nodded, and followed the two wolf demons out of the conference room.

Walking out of the meeting room, Hu Mazi whispered, “This old Black Wind demon really has bad intentions. He wants us and the Green Snake Valley to suffer losses together.”

“I know.”

kai said, “We also want to find out the news about Green Snake Valley. This is an opportunity. Let’s go to Green Snake Valley first and act accordingly.”

The two followed the two wolf demons out of the Black Wind Village and headed towards the Green Snake Valley in the east.

Along the way, the two wolf demons kept provoking kai and Hu Mazi, obviously not taking them seriously.

kai was too lazy to argue with them and just continued on his way in silence.

After walking for about half a day, a dense bamboo forest appeared in front of us. The bamboo forest was filled with a light green mist and emitted a strong smell of snakes.

“The Green Snake Valley is ahead.”

A wolf demon pointed at the bamboo forest and said, “The Green Snake Valley Master is inside. You can go in by yourselves. We will wait outside.”

kai knew that the two wolf demons wanted to reap the benefits, so he didn't care and said to Hu Mazi, “Let's go in.”

The two walked into the bamboo forest. The fog in the forest became thicker and thicker, and the smell of snakes became stronger and stronger.

After walking for about an incense stick of time, a huge valley appeared in front of them. The valley was full of caves, and the cave entrances were crawling with poisonous snakes, emitting a dangerous smell.

“This is the Green Snake Valley.”

Hu Mazi looked at the poisonous snakes in the valley, frowning, “I'm afraid there are quite a few snake monsters here.”

“Be careful, the Green Snake Valley Master is quite powerful, we must be prepared.” kai said.

As soon as the two men walked into the valley, they heard a hissing sound, and countless poisonous snakes crawled out of the cave and besieged them.

“Leave these poisonous snakes to me!”

Hu Mazi said, taking out a few pieces of talisman paper from his arms, quickly drawing a few fireball talismans, and throwing them at the poisonous snake.

The fireball symbol burst out with dazzling light in the air, instantly burning a large number of poisonous snakes to ashes.

But there were too many poisonous snakes. They kept crawling out of the cave in wave after wave, making the two men overwhelmed.

At this moment, a cold voice came from the depths of the valley: “Who dares to break into my Green Snake Valley?”

As the voice rang out, a middle-aged man in a green robe walked out from the depths of the valley.

The man had a handsome face, sinister eyes and a sneer on his lips. He was the master of the Green Snake Valley.

The Green Snake Valley Master looked at the burning snake corpse on the ground, a trace of anger flashed in his eyes: “Did the Black Wind Demon send you here?”

“So what?” kai said, “Today is the day you die!”

The Green Snake Valley Master sneered: “Just the two of you? You are overestimating your abilities!”

His body flashed, and he turned into a giant green snake several dozen feet long. He opened his huge mouth and bit towards the two of them.

The giant green snake was extremely fast, and with a sharp sound of wind, it instantly appeared in front of the two people.

The giant snake’s mouth exudes a strong fishy smell that makes people dizzy.

“Be careful!” kai shouted and at the same time summoned the Dragon-Slaying Sword. The golden sword energy was like a barrier, blocking the two of them.

Chapter 5212

With a crisp “clang” sound, the head of the green giant snake hit the sword energy barrier, making a loud noise, and the giant snake was shocked and took a few steps back.

“Interesting.”

The voice of the Green Snake Valley Master came out from the giant snake’s mouth, with a hint of surprise, “I didn’t expect that you two little human cultivators would have such strength.”

He opened his huge mouth again and spewed out a stream of green venom towards the two of them.

The venom turned into countless tiny sharp arrows in the air, emitting a pungent smell, and was obviously highly toxic.

kai’s eyes flashed, and the spiritual power in his body circulated, and a light golden shield enveloped the two of them.

The venom fell on the shield, making a “sizzling” sound, but could not penetrate the shield.

“Your venom has no effect on us!”

kai said, and at the same time, the Dragon Slaying Sword turned into a stream of light and stabbed towards the green giant snake’s seven inches.

The Lord of the Green Snake Valley did not expect kai’s attack to be so fierce, and he quickly twisted his body to avoid the attack of the Dragon-Slaying Sword.

But his tail was still cut by the sword energy, leaving a wound deep enough to see the bone, and green blood gushed out.

“court death!”

The Lord of the Green Snake Valley roared, and his huge body rolled in the valley, knocking down countless trees and splashing gravel.

Hu Mazi took the opportunity to take out some talisman papers, quickly drew a few lightning talismans, and threw them at the giant green snake.

The lightning symbol burst out with dazzling light in the air, and countless lightning bolts struck the giant green snake.

The giant green snake was struck by lightning, and it let out a painful scream, its huge body shaking violently.

kai seized the opportunity and thrust out the Dragon-Slaying Sword again, accurately piercing the vital point of the green giant snake.

“Ah——”

The Lord of the Green Snake Valley let out a shrill scream, and his huge body twitched a few times on the ground before finally stopping moving.

The two of them finally breathed a sigh of relief and sat on the ground gasping for breath.

“Finally...solved it.”

Hu Mazi wiped the sweat off his face and said, “I didn’t expect the Green Snake Valley Master to be so powerful.”

kai said, “This is normal. When the demon race and the human race are at the same level, the demon race is stronger than the human race. The same is true for the demon race. This is why the human race is the most despised among the three races.”

At this moment, cheers from two wolf demons came from outside the valley: “Great! They really killed the Green Snake Valley Master!”

The two wolf demons walked into the valley and looked at the corpse of the Green Snake Valley Master on the ground, with greedy smiles on their faces.

“I didn’t expect you two to be so capable.” A wolf demon said, “However, the Green Snake Valley Master’s corpse and treasures all belong to our Black Wind Village.”

“What do you want to do?” Hu Mazi asked, looking at the two wolf demons warily.

“What?” Another wolf demon sneered, “Of course I’m going to kill you and take the credit!”

The two wolf demons attacked at the same time, heading towards kai and Hu Mazi.

kai’s eyes turned cold. He didn’t expect that these two wolf demons would dare to betray their promise. He summoned the Dragon Slaying Sword and killed one of the wolf demons in an instant.

The other wolf demon was so frightened when he saw this that he turned and tried to run away. Hu Mazi immediately took out a piece of talisman paper, drew a talisman, and threw it at the wolf demon.

The immobilization talisman fell on the wolf demon, and the wolf demon was instantly fixed in place, unable to move.

“Mercy! Mercy!” The wolf demon was so scared that he begged for mercy repeatedly.

“You are still useful to me.” kai said, “Tell me, is the Black Wind Demon related to the genocide of the Hu family?”

The wolf demon was stunned for a moment, obviously not expecting kai to ask this question. He hesitated for a moment and said, “I don’t know about the genocide of the Hu family. I’m just a small follower.”

“You’re not going to tell the truth, are you?” Hu Mazi said, taking out a fireball talisman and threatening, “If you don’t tell me, I’ll burn you to ashes!”

Chapter 5213

The wolf demon looked at the flames burning on the fireball talisman, his face turned pale with fear, and he said quickly: "I'll tell you! I'll tell you! I heard that the Black Wind Demon participated in the siege of the Hu family back then, but I don't know the details."

"Are you sure?" kai asked.

"I'm sure!" the wolf demon said quickly, "I learned this by overhearing the conversation between the village chief and the deputy village chief."

kai and Hu Mazi looked at each other, and a hint of anger flashed in their eyes.

I didn't expect that the old demon Black Wind also participated in the genocide that year. It seems that the forces around Jiupan Mountain are all related to the genocide of the Hu family.

"You can die now." kai said, and at the same time swung the Dragon-Slaying Sword and killed the wolf demon.

"What should we do now?" asked Hu Mazi.

"First, dispose of the body of the Green Snake Valley Master, and then go back to report to the Black Wind Old Demon."

kai said, "We should pretend that we know nothing and take the opportunity to find out more information in Black Wind Village."

The two men disposed of the bodies of the Green Snake Valley Master and the wolf demon, and then returned to the Black Wind Village with the head of the Green Snake Valley Master.

After returning to Black Wind Village, the two handed over the head of the Green Snake Valley Master to the Black Wind Old Demon.

The old Black Wind Demon looked at the head of the Green Snake Valley Master and showed a satisfied smile on his face: “Good! Good! Good! I didn’t expect that you two would actually kill the Green Snake Valley Master. You are really capable! From today on, you are my Black Wind Village’s people.”

“Thank you, village chief, for taking us in.” kai said.

“You’re welcome.” The old Black Wind Demon said, “I’ll arrange a place for you to stay. You can take a rest first. I’ll assign you tasks tomorrow.”

The old demon Black Wind asked his men to take kai and Hu Mazi downstairs to rest, while he took the head of the Green Snake Valley Master and walked into the secret room behind the conference hall.

In the secret room, an old man in a gray robe was sitting on a chair with his eyes closed.

The old man had a haggard face and gray hair, and looked extremely old, but he exuded a powerful aura, no less than that of the Black Wind Demon.

“Master, the Lord of the Green Snake Valley has been killed by me.” The Black Wind Demon bowed to the old man and said.

The old man slowly opened his eyes, a gleam of light flashed in his eyes: “Well done, how about those two human monks? Are they reliable?”

“It looks like there’s nothing wrong with them, but I don’t know their background.”

The Black Wind Demon said, “I plan to observe them for a while. If they are reliable, I will use them; if they are unreliable, I will kill them.”

“Yes.” The old man nodded, “Jiupan Mountain has been unstable recently, and there has been some movement in the Black Demon Palace, so you have to be more careful.

In addition, the events of the Hu family must be kept secret and not be known to anyone.”

“Disciple understands.” said the old Black Wind Demon.

The old man closed his eyes again, and the Black Wind Demon bowed and left the secret room.

On the other side, kai and Hu Mazi were taken to a guest room.

The rooms are simple but clean.

“Who was that old man just now?”

Hu Mazi asked, “I feel his aura is very strong, stronger than that of the Black Wind Demon.”

“I don’t know.” kai said, “But what is certain is that his identity is not simple. He is likely the mastermind behind the Black Wind Village.”

“What should we do now?” asked Hu Mazi.

“Take a rest first, and then go find out the news in the evening.”

kai said, “The defense of Black Wind Village is very tight, we must act carefully.”

The two of them rested for a while, and when night fell, they quietly left the guest room and headed towards the secret room behind the conference room.

They knew that the Black Wind Demon and the old man were probably discussing important matters in the secret room, and perhaps they could hear some clues about the genocide that happened that year.

The two carefully avoided the patrolling demon cultivators and came to the door of the secret room.

Chapter 5214

The door of the secret room was made of black stone with complex runes engraved on it. It emitted a faint light and was obviously guarded by a restriction.

“This door is restricted. How can we get in?” asked Hu Mazi.

“Let me try.” kai said, and at the same time took out a talisman from his arms and stuck it on the door of the secret room.

The runes on the ban-breaking talisman flashed a few times, and the runes on the secret room door gradually dimmed, and the ban was broken.

The two of them quietly opened the door and walked into the secret room.

In the secret room, the Black Wind Demon and the old man were talking.

“Master, do you think the Black Demon Palace will know that we participated in the siege of the Hu family?” asked the old Black Wind Demon.

“Probably not.”

The old man said, “What happened back then was done extremely secretly, and the people from the Black Demon Palace were also involved. They will not expose themselves.”

“That’s good.” The Black Wind Demon heaved a sigh of relief and said, “I was afraid that they would use this as an excuse to attack our Black Wind Village.”

“Don’t worry, the Black Demon Palace is currently busy with its own affairs and will not easily attack us.” The old man said, “However, we must also be prepared just in case.”

“Yes, Master.” said the old Black Wind Demon.

kai and Hu Mazi were hiding at the door of the secret room. They heard the conversation between the two and a hint of anger flashed in their eyes.

I didn’t expect that both the Black Demon Palace and the Black Wind Village were involved in the genocide that year, and they even colluded with each other. They really deserve to be put to death!

At this moment, the old man suddenly opened his eyes, looked towards the door, and shouted: “Who’s outside?”

kai and Hu Mazi knew they had been discovered, so they stopped hiding and rushed out immediately.

“It’s you two!”

The Black Wind Demon looked at kai and Hu Mazi with surprise and anger on his face, “How dare you eavesdrop on our conversation!”

“Old Black Wind Demon, you are such a despicable and shameless villain!” Hu Mazi shouted angrily, “I didn’t expect that you were also involved in the siege of my Hu family. I must avenge my people today!”

“Revenge? Just the two of you?”

The Black Wind Demon sneered, “Since you heard something you shouldn’t have heard, don’t blame me for being cruel and ruthless!”

The Black Wind Demon and the old man attacked at the same time, heading towards kai and Hu Mazi.

kai and Hu Mazi were well prepared and immediately counterattacked.

kai took out the Dragon-Slaying Sword and fought with the Black Wind Demon; Hu Mazi took out the talisman paper and fought with the old man.

The battle in the secret room was extremely fierce. The shock waves generated by the collision of spiritual power shattered the tables, chairs and benches in the secret room.

The Black Wind Demon is extremely powerful, equivalent to a peak third-grade cultivator in the Earthly Immortal Realm. Although kai is also quite powerful, it is difficult for him to win for the time being.

The old man's strength was even more unfathomable. Hu Mazi was no match for him at all. He soon fell into a disadvantage and was in danger.

“Master Hu, be careful!”

When kai saw Hu Mazi in danger, he became anxious and wanted to step forward to help, but he was entangled by the Black Wind Demon and could not escape.

At this critical moment, Hu Mazi suddenly remembered a kind of talisman technique inherited from his ancestors. He quickly took out some talisman papers and quickly drew a powerful talisman.

“The power of our ancestors, help me defeat the enemy!”

Hu Mazi shouted and threw the talisman at the old man.

The talisman burst out with dazzling light in the air, forming a huge golden palm, which slapped towards the old man.

The old man didn't expect Hu Mazi could draw such a powerful talisman. He was shocked and quickly circulated his spiritual power to form a black protective shield to block himself.

With a loud “bang”, the golden palm collided with the black shield, making an earth-shaking sound.

The black shield shattered instantly, and the old man was hit by the golden palm, flying backwards and spitting blood.

Chapter 5215

Hu Mazi also turned pale because he had consumed a lot of spiritual energy, and he staggered back a few steps.

Kai seized the opportunity, swung the Dragon-Slaying Sword, and stabbed towards the chest of the Black Wind Demon.

The Black Wind Demon was distracted by the old man's miserable condition and failed to dodge in time. He was stabbed by the Dragon Slaying Sword, spitting blood and flying backwards.

"Let's go!"

Kai shouted, pulled Hu Mazi up, and rushed out of the secret room.

The Black Wind Demon and the old man wanted to chase after them, but because of their severe injuries, they were unable to move and could only watch Kai and Hu Mazi escape.

Kai and Hu Mazi rushed out of Heifeng Village and fled westward towards Jiupan Mountain.

They knew that the people from Black Wind Village would catch up with them soon, and they had to leave here as soon as possible.

After escaping from Black Wind Village for dozens of miles, the two stopped to rest in a hidden cave.

Hu Mazi's face was pale. He had consumed too much spiritual energy from forcibly activating the talisman just now, and now it was difficult for him to even raise his hand.

"You take a rest first, I'll be on guard."

Kai handed a Qi-replenishing pill to Hu Mazi, and walked to the cave entrance, spreading out his spiritual sense and alert to the movements around him.

The strength of the Black Wind Demon and the mysterious old man was far beyond expectations, especially the latter, whose aura was almost close to the fifth level of the Earth Transformation Fairyland. If Hu Mazi had not used the ancestral talisman to catch them by surprise, it would have been difficult for them to escape unscathed.

“Kai, that old man was really powerful. If I didn’t have the talisman from my ancestors and my own strength slowly recovering, I would have been killed just now.”

Hu Mazi swallowed the pill and circulated his spiritual energy to recover, his voice sounding a little weak.

“He should be the master of the Black Wind Demon. His cultivation is unfathomable.”

Kai frowned, “There is such a strong man in a mountain village outside Jiupan Mountain. It seems that the water in Jiupan Mountain is deeper than we thought.”

He remembered what the wolf demon said. The old Black Wind demon had participated in the siege of the Hu family, and the old man, as his master, was probably also involved.

What concerned him even more was that the old man mentioned that the Black Demon Palace was also involved, which meant that the genocide of the Hu family was most likely caused by the joint efforts of multiple forces.

“Once I have recovered some strength, we will go explore the next force.”

A gleam of determination flashed in Hu Mazi’s eyes, “No matter how many people are involved, I will find out the truth.”

Kai nodded and was about to speak when his expression suddenly changed: “Someone is coming!”

Just as he finished speaking, there was a sound of breaking air outside the cave entrance, and three black shadows fell at the entrance like ghosts, blocking the way.

The leader was wearing a black robe, his face was covered by a hood, revealing only a pair of eyes flashing red. He was none other than the Black Demon Palace’s people!

“Mr. Chen, Master Hu, how are you?”

The man in black robe laughed hoarsely, the sound was as harsh as the friction of sandpaper, “Her Highness the Witch invites you to come back with us.”

“Youyue finally couldn’t bear it anymore.” Kai tightly grasped the Dragon Slaying Sword, and the spiritual power in his body quietly circulated, “How many people did she send?”

“The three of us are enough to deal with the two of you.”

Two people behind the man in black robe took a step forward. The aura they exuded was comparable to Youyue’s. They were obviously the top masters of the Demon Palace.

Hu Mazi struggled to stand up and held the clan leader’s token in his hand. The white light on the token resonated with the spiritual power in his body, which made him feel a little refreshed: “Want us to go back? First ask the talisman in my hand if it agrees!”

“act recklessly.”

The black-robed man on the left snorted coldly, and moved closer with a flash of his body. His five fingers formed into claws, and he grabbed Hu Mazi’s throat with a strong demonic aura.

The claw was extremely fast. Before the wind from the claw arrived, the foul-smelling demonic energy had already made the air in the cave sticky.

Hu Mazi did not dare to delay and injected his remaining spiritual power into the clan leader's token. The token burst out with dazzling white light and formed a light curtain blocking in front of him.

Chapter 5216

With a crisp “clang” sound, the black-robed man's claws landed on the light curtain, causing ripples.

Hu Mazi only felt a huge force coming, his blood boiling, and he couldn't help but take a half step back.

“How dare a grain of rice shine so brightly?”

The man in black robe sneered and increased the strength of his claws by another three points. Spider-web-like cracks suddenly appeared on the light curtain.

At this moment, a golden sword energy came like a fairy from the sky, forcing the man in black robe to retract his attack and dodge sideways.

Kai followed closely behind, stabbing out with the Dragon-Slaying Sword continuously, dragging the other two into the battle.

“Your opponent is me!”

The leading black-robed man finally made a move, with a long black whip in his hand. The whip twisted like a living snake and lashed towards Kai's face with a sound of breaking through the air.

The long whip was covered with tiny barbs, flashing a faint green light, and was obviously poisoned.

Kai did not dare to take it head-on, and his footwork changed as if he was strolling in the garden.

Kai's figure shuttled through the woods like a ghost, holding the weak sesame seed in his left hand and tightly grasping the Dragon-Slaying Sword in his right hand. From time to time, he turned around and swung out a golden sword energy to force back the black-robed man who was chasing him relentlessly.

The black-robed man at the head controlled a black whip, and the whip seemed to have life in his hands.

Sometimes it turned into a poisonous snake spitting out its tongue, and sometimes it turned into a giant python that wrapped around him. Every attack brought a bone-chilling chill, forcing Kai to distract himself to deal with it.

"Kai, don't worry about me for now, just go!"

Hu Mazi struggled to break free. He knew that he was a burden at the moment, and if he continued like this, both of them would be caught up.

"Shut up and focus on recovering!"

Kai shouted, changing his footwork and skillfully avoiding the entanglement of the long whip through the dense woods. "Since we came out together, there is no reason to abandon our companions!"

As soon as he finished speaking, two dark shadows caught up with him and attacked him from both sides.

The black-robed man on the left brought out a bone blade, which was covered with tiny holes and emitted a rancid odor.

The black-robed man on the right made seals with his hands and muttered something. Suddenly, countless black vines emerged from the ground and wrapped around the ankles of the two men like chains.

With blockades in front and pursuers behind, the situation is precarious.

Kai's eyes focused, and the spiritual power in his body burst out without reservation. The Dragon-Slaying Sword made a clear sword sound, and the golden sword energy surged out like a tide, instantly shaking off the attacks from both sides.

“Now!”

He seized this fleeting opportunity, exerted his strength suddenly, and soared into the sky with Hu Mazi, landing on the crown of a towering ancient tree.

The man in black robe followed closely and landed on the surrounding branches, forming a siege.

The black-robed leader slowly raised his head, with a red light flickering under his hood: “Kai, you can't escape. Follow us back to see Her Majesty the Witch, and maybe we can spare your life.”

“Youyue sent you here just to kill people and silence them, right?”

Kai sneered and glanced at the three people, “She is afraid that we will find out the truth about the extermination of the clan, so she wants to cut the grass and wipe it out completely.”

The man in black robe paused slightly when he heard the words, obviously he had been reminded of what he was thinking.

The leader's eyes glowed redder: “Since you know everything, I can't let you go!”

He swung the whip violently, and the black whip rushed towards the treetops like a spirit snake. The tip of the whip made a sharp sound of breaking through the air and went straight to Kai's front door.

At the same time, the other two also launched an attack. The bone blades and vines intertwined into a large net of death, covering the tree canopy.

Kai took a deep breath, and his Indestructible Golden Body was activated, with golden scales covering his entire body.

He protected Hu Mazi behind him, and swung the Dragon-Slaying Sword in his hand to form a dazzling sword flower, and slashed towards the long whip.

“clang!”

The sound of metal clashing resounded through the forest as the golden sword energy and the black whip collided with each other, sparking sparks all over the sky.

Chapter 5217

The barbs on the whip were broken by the sword energy, making a crackling sound. The black-robed man in the lead felt a huge force coming, his arm went numb, and the whip almost slipped out of his hand.

“What kind of power is this?”

A trace of horror flashed in the black-robed man’s eyes. He could feel that there was a pure and domineering aura contained in Kai’s spiritual power, which could actually restrain his evil spirit.

At the moment when he was distracted, Kai had already seized the opportunity, and his figure shot out like an arrow from a bow. The Dragon-Slaying Sword, with an indomitable momentum, went straight for the black-robed man on the right.

The black-robed man on the right was caught off guard and hurriedly controlled the vines to resist, but they were instantly cut off by the sword energy. The sword’s force did not decrease and went straight to his throat.

“careful!”

The black-robed leader cried out in surprise and quickly retracted his whip to rescue.

Seeing this, Kai curled up the corner of his mouth into a sneer. This was exactly the effect he wanted.

He suddenly changed his tactics and swept out with the Dragon-Slaying Sword, not attacking the black-robed man on the right, but slashing at the vines on the ground.

The golden sword energy was like thunder out of nowhere, instantly cutting off all the vines on the ground and stirring up dust all over the sky.

Taking advantage of the cover of dust, Kai grabbed Hu Mazi, jumped off the ancient tree, and fled into the depths of the dense forest.

“Want to run?”

The leading black-robed man shouted angrily and chased after him with the other two.

The three of them, one chasing and one fleeing, unfolded a thrilling chase in the dense forest.

Kai kept taking detours and changing directions, trying to get rid of the pursuers, but the man in black robe was extremely fast and kept chasing him.

Under Kai’s protection, Hu Mazi finally recovered some of his spiritual power. He took out a few pieces of talisman paper from his arms and quickly drew a few wind talismans: “Kai, I’ll help you!”

He stuck the wind talisman on the two people, and the talisman paper turned into a breeze, blessing the two people, instantly increasing their speed.

“Good job!”

Kai's spirits lifted, and he increased his speed a bit, gradually widening the distance between him and the man in black robe.

However, at this moment, there was a sudden movement in the dense forest ahead, and the ground began to shake violently, as if some huge monster was approaching.

“not good!”

Kai's face changed. He could feel a powerful demonic aura approaching rapidly. Its strength was no less than that of the Black Wind Demon's master whom he had met before!

He quickly changed direction, trying to avoid the evil spirit, but it was too late.

A giant bear, ten feet tall and completely black, walked out of the dense forest and blocked their way.

The giant bear's eyes were red and it was roaring, obviously startled by the fight just now.

“It's the Black Demon Bear!”

Hu Mazi's face turned pale as he recognized the monster. “According to ancient records, the Black Demon Bear is one of the overlords of the outer area of Jiupan Mountain. Its strength is comparable to that of a cultivator in the Spiritualization Stage, and its personality is extremely violent!”

Kai's heart sank. With the black evil bear in front of him and the black-robed men chasing him from behind, he was really in a desperate situation.

When the Black Demon Bear saw Kai and Hu Mazi, a fierce light flashed in its eyes. It rushed towards them with a roar, and its huge bear paw slapped the two of them with the momentum of destroying the world.

Kai didn't dare to take it head-on, and quickly dodged with Hu Mazi.

The bear's paw fell to the ground with a loud bang, creating a huge deep hole in the ground and splashing gravel.

"This is trouble."

Kai looked at the furious Black Demon Bear, then looked at the black-robed man chasing after him, frowning, "We must find a way to get rid of them."

Hu Mazi's eyes suddenly lit up: "I have an idea! Kai, help me hold them back, I'll try to use the talisman to lure away the Black Demon Bear!"

"Are you sure?" Kai asked.

"It should be possible!"

Hu Mazi nodded. "It is recorded in my ancestors' heritage that the Black Demon Bear is afraid of a herb called 'Qingxin Grass'. I can use talismans to simulate the scent of Qingxin Grass and lure it away."

Chapter 5218

"Okay!" Kai said, "Get ready as soon as possible, I'll hold them back!"

Holding the Dragon-Slaying Sword, Kai took the initiative to rush towards the Black Demon Bear, while not forgetting to pay attention to the man in black robe behind him.

He knew that he had to buy enough time for Hu Mazi.

When the Black Demon Bear saw that Kai dared to attack, he became even more angry. He roared and waved his huge paw towards Kai.

Kai dodged nimbly and constantly harassed the Black Demon Bear with sword energy to attract its attention.

The man in black robe also caught up. When he saw the Black Demon Bear, a trace of fear flashed in his eyes, but he still joined the battle without hesitation and attacked Kai.

For a moment, Kai was caught in a situation where he was attacked from both sides. He had to deal with the violent attacks of the Black Demon Bear, and guard against the sneak attacks of the black-robed man. His situation was extremely dangerous.

But he was not at all panicked. With his superb swordsmanship and agile body movements, he maneuvered between the giant bear and the man in black robes, and never let them get close to Hu Mazi.

Hu Mazi seized the time and quickly drew the talisman.

He concentrated his attention and poured all his spiritual energy into the talisman, with beads of sweat appearing on his forehead.

As time went by, Kai's spiritual energy was consumed more and more, and he gradually became unable to cope with it.

The Black Demon Bear's attacks became more and more violent, and the black-robed man's cooperation became more and more tacit. He already had several wounds on his body. Although they were not serious, they also affected his movements.

"Are you almost ready?"

Kai shouted loudly and narrowly avoided the palm of the Black Demon Bear. At the same time, he used his sword to force back the black-robed man behind him.

"Almost there!"

Hu Mazi responded, the talisman in his hand had already taken shape and was emitting a faint fragrance.

Finally, Hu Mazi completed the last stroke, the talisman in his hand burst into dazzling light, and a fresh fragrance spread.

“It’s done!”

Hu Mazi shouted and threw the talisman into the depths of the forest.

The talisman turned into a green stream of light in the air and flew towards the depths of the dense forest, with a fresh fragrance wafting away with it.

When the Black Demon Bear smelled the fragrance, its movements paused noticeably, and the redness in its eyes gradually faded a little, as if it was attracted by the fragrance.

It hesitated for a moment, and finally gave up attacking Kai, turned around and chased in the direction the talisman was flying.

“Very good!”

Kai breathed a sigh of relief, finally getting rid of the big trouble of the Black Demon Bear.

But he did not let his guard down, because the man in black robe was still chasing him closely.

“Let’s go!”

Kai grabbed Hu Mazi and fled into the depths of the forest again.

The man in black robe looked at the receding back of the Black Demon Bear, then looked at Kai and Hu Mazi who were fleeing far away, and a hint of hesitation flashed in his eyes.

Finally, the leading black-robed man decided to continue the pursuit:
“Chase! We can’t let them get away!”

The three of them chased after it again, but this time, their speed was significantly slower, as they were obviously a little afraid of the direction of the Black Demon Bear.

Taking advantage of this opportunity, Kai and Hu Mazi quickly distanced themselves from each other and disappeared into the depths of the dense forest.

They didn't know how long they ran, until they could no longer sense any breath behind them, and then Kai and Hu Mazi stopped beside a hidden mountain stream.

The two men collapsed on the ground, gasping for breath, their bodies soaked in sweat, and the wounds on their bodies felt stinging from the cold water.

“Finally... got rid of them.”

Hu Mazi took a few gulps of mountain stream water. The cool water refreshed him. “The people from the Black Demon Palace are really haunting us.”

Kai leaned against a rock, circulating his spiritual energy to recover his consumed Qi, and frowned slightly when he heard this: “Since they dared to chase us out, it means Youyue has completely torn off their face.

Our situation will become even more dangerous from now on. We must not only be wary of the people from the Black Demon Palace and the Black Wind Village, but also be careful of other forces that participated in the genocide that year.”

Chapter 5219

“Kai, where is the demon in your sea of consciousness? Why doesn't this guy care about you anymore?”

Hu Mazi asked very curiously!

Kai is the carrier. If Kai dies, the soul of the Red Cloud Demon Lord will be destroyed!

However, Kai encountered dangers one after another, but the Red Cloud Demon Lord did not move at all!

“I don’t know either...” Kai frowned and tried to call Scarlet Cloud Demon Lord again: “Senior, Senior...”

But after shouting several times, there was no response!

“I guess this guy is pretending to be dead. We can’t count on him.” Kai said!

“Where’s your Fire Qilin? You can summon it!”

Hu Mazi knew that Kai had a backup plan.

“Fire Qilin and the God King Bow are both killer weapons. They should not be used unless it is absolutely necessary.”

“But if those guys from the Black Demon Palace dare to persist, I will try to use the Devil Whip. I don’t know if the Devil Whip can deal with these demon cultivators from the heaven.”

Kai said!

After all, the Demon Whip is a magical weapon obtained from the heavenly world. Kai is not sure whether it can be used to deal with the demon cultivators in the heavenly world.

After all, the demon cultivators in heaven are all very powerful. If the magic whip is not powerful enough, then it will be meaningless!

Hu Mazi clenched his fists, a trace of unwillingness flashed in his eyes: “Are we just going to keep running away like this?”

“Of course not.”

Kai opened his eyes, his gaze firm, “Escape will not solve the problem, we must take the initiative to attack.

The words of the Black Wind Demon and the black-robed man have proven that there was more than one force involved in the extermination of the clan. What we need to do is to find these forces, collect evidence, and then defeat them one by one.”

“But we don’t even know our next target right now.” Hu Mazi sighed, “There are many forces around Jiupan Mountain. We can’t investigate them one by one, right?”

“Need not.”

Kai took out the animal skin map from his arms and spread it on the ground. “The old demon Black Wind mentioned that there was a grudge between the Green Snake Valley and the Black Demon Palace, and the Green Snake Valley Master is dead. Perhaps we can start with the remaining forces of the Green Snake Valley and find out the news of other forces.”

He pointed to a mark next to the Green Snake Valley on the map and said, “There is a Chilian Sect here, which is said to be from the same lineage of snake demons as the Green Snake Valley and has a close relationship with them.

The Green Snake Valley Master was killed, and the Red Snake Sect can’t just sit there and watch. We can go there and take a look, maybe we can find some clues.”

Hu Mazi looked at the mark on the map, a hint of hesitation flashed in his eyes: “How strong is the Chilian Sect? Our current state...”

“It is said that the leader of the Red Snake Sect is also a third-grade cultivator in the Earthly Immortal Realm, but he should not be as good as the master of the Black Wind Demon.” Kai said, “We don’t need to force our way in. Let’s get information from the outside first. If the situation is not right, we will retreat immediately.”

Hu Mazi nodded. He knew that now was not the time to hesitate. Only by finding clues as soon as possible could he avenge his tribe.

The two rested by the mountain stream for half a day. After their physical and spiritual strength were almost recovered, they set off in the direction of Chilian Gate according to the instructions on the map.

Chilianmen is located on a mountain called “Shepan Mountain”. The mountain is winding and shaped like a giant python, hence the name.

The mountain is covered with dense jungles, and all kinds of poisonous snakes can be seen everywhere, exuding a dangerous atmosphere.

Kai and Hu Mazi carefully sneaked into Shepan Mountain and avoided several waves of Chilian Sect patrols along the way.

The members of these patrol teams are all snake monsters with various shapes. Most of them are about the first level of the Earthly Immortal Realm in strength and are extremely vigilant.

“The defense of the Chilian Sect is even tighter than that of the Black Wind Village.” Hu Mazi lowered his voice and said to Kai, “It seems that the news of the murder of the Green Snake Valley Master has spread here, and they have stepped up their vigilance.”

“This is perfect. It means they are paying close attention to the actions of Black Wind Village. It will be easier for us to get information.”

Kai said, “Let’s find a lone snake demon and capture it to interrogate him.”

Chapter 5220

The two men hid in the dense forest, waiting patiently for their opportunity.

Not long after, a female snake demon in a green dress came over alone. She was holding a basket in her hand and seemed to be picking herbs.

The female snake demon's strength was at the early first level of the Earthly Immortal Realm, and she was not too wary of her surroundings.

"That's her."

Kai winked at Hu Mazi, and the two of them attacked at the same time.

Kai flashed and appeared behind the female snake demon, slashing her on the back of the neck with a knife.

The female snake demon was caught off guard, groaned, and fainted.

Hu Mazi quickly stepped forward and dragged the female snake demon to a hidden corner deep in the jungle.

"Wake up." Hu Mazi patted the female snake demon's cheek and said.

The female snake demon slowly opened her eyes and saw Kai and Hu Mazi. A trace of fear flashed in her eyes. Just as she was about to call for help, Hu Mazi covered her mouth.

"Don't make a sound, or I'll rape and kill you!"

Hu Mazi said sternly, unbuckling his belt and pretending to take off his pants to threaten him.

The female snake demon looked at Hu Mazi trying to take off his pants and nodded repeatedly in fear.

Kai rolled his eyes at Hu Mazi. He thought this guy could change a little, but he still used the same trick to threaten a woman.

Hu Mazi let go of his hand, but still looked at the snake demon warily: "I will ask you a few questions. If you answer honestly, I will let you go."

“Otherwise I will use my treasure to poke you and make you scream!”

“You... who are you? What do you want to do?” asked the female snake demon in a trembling voice.

“It doesn’t matter who we are.” Kai said, “I’m asking you, was the Green Snake Valley Master killed by the people from the Black Wind Village?”

The female snake demon hesitated for a moment, then nodded: “Yes... yes. The Valley Master... he died tragically.”

“What does the Chilian Sect plan to do?” Kai asked.

“The leader has gathered all the masters in the sect and is preparing to seek revenge on Black Wind Village.” The female snake demon said, “We, the Chilian Sect and the Green Snake Valley, are from the same lineage of snake demons. We will never sit idly by when the valley leader is killed.”

“Besides the Chilian Sect, are there any other forces willing to help you?” Kai asked. This was the issue he was most concerned about.

The female snake demon shook her head: “No. Other forces are either closely related to Black Wind Village or are afraid of getting into trouble, so they are unwilling to intervene.”

Kai frowned slightly. This was not what he expected.

Could it be that the only forces that participated in the genocide were the Black Demon Palace and the Black Wind Village?

“Then do you know that the Hu family was exterminated 2,800 years ago?” Hu Mazi couldn’t help but ask.

The female snake demon was stunned for a moment and shook her head: “I don’t know what the Hu family is. I haven’t been a member for long, so I don’t know many old things.”

Kai and Hu Mazi looked at each other, and a hint of disappointment flashed in their eyes.

It seems that we can't get much useful information from this female snake demon.

"One last question." Kai asked, "Where is the leader of the Chi Lian Sect now?"

"The sect leader is in seclusion, preparing to break through to the third level of the Earthly Immortal Realm. He will probably come out in a few days." said the female snake demon.

Kai nodded and said to Hu Mazi, "Let's go."

Hu Mazi hesitated: "Just let her go like this?"

Looking at the woman's posture, Hu Mazi hadn't played with a woman for a long time. All his women were left in the third heaven. After reaching the fourth heaven, Hu Mazi has not found a woman!

"What? What else do you want?" Kai asked!

"How about I poke you twice?" Hu Mazi said!

"Let her go." Kai said, "Killing her will only alert the enemy, which will be detrimental to our efforts to gather information."

"What if I'm gentler?" Hu Mazi refused to give up.

"Let him go, or I will stop caring about you!"

Kai pretended to leave.

Hu Mazi nodded helplessly, knocked the female snake demon unconscious, and left with Kai.
