

the mans Decree: Kai Ping / Chen Ping

Chapter 5241

“Palace Master, the Seventh Palace Master has sent news that Kai has left the Third Heaven. Kai’s strength is unfathomable, and the Seventh Palace Master is no match for him. Moreover, Kai also had a conflict with the Evil Way Palace and killed people from the Evil Way Palace.” A maid reported softly.

The Fourth Palace Master turned around, playing with a jade pendant in his hand, with a hint of surprise in his eyes: “A fifth-grade scattered immortal can defeat the Seventh Palace Master? This Kai is an interesting variable.”

The maid bowed and said, “The Seventh Palace Master also said that he had followed the Palace Master’s instructions and did not completely break up with Kai. He just tested him a little.”

“well done.”

The Fourth Hall Master nodded. “The Temple has been plagued by problems for a long time. The conservatives are a bunch of stubborn people who only know how to stick to the old ways. If we can get help from people like this, the road to reform may be smoother.”

She pondered for a moment, then said to the maid, “Yunxiu, go to the Fourth Heaven in person. If the Evil Dao Palace embarrasses Kai, you can help him appropriately, but don’t offend the Evil Dao Palace too much.”

“Our temple and even the entire God Clan have made too many enemies. It is not easy to provoke a force like the Evil Path Temple. In the future, we must also learn to be low-key. When we don’t have absolute strength, we always act superior and are easily beaten.”

“Yes, Palace Master.” The maid named Yunxiu responded.

The Fourth Palace Master instructed: “Find Kai and tell him that the past is forgiven. The Temple is willing to make peace with him. If he needs anything, the Fourth Palace will help him.”

Yun Xiu’s eyes moved slightly: “Palace Master, the Third Palace Master...”

“Never mind.”

The Fourth Palace Master’s tone turned cold, “If he wants to die, I won’t stop him, but don’t try to drag the entire temple down with him.”

At the same time, there was a completely different scene inside the Third Palace Master’s palace.

The Third Palace Master was wearing a golden robe and had a sinister look on his face. After listening to his subordinates’ report, he slammed the table and roared, “Waste! He can’t even get a fifth-grade Loose Immortal Realm. I think he should not be the Seventh Palace Master anymore!”

The messenger monk below trembled and whispered, “Palace Master, the Seventh Palace Master is the Fourth Palace Master’s man. The Fourth Palace Master only asked him to test him. I guess this guy is not really working hard. Now that Kai has left the Third Heaven, what should we do?”

The Third Hall Master took a deep breath, his eyes flashed fiercely: “Kai? He is just a clown, and he dares to challenge the majesty of the temple!”

“Pass on my order, have the Sixth Palace Master of the Sixth Heaven immediately lead people to find Kai. Kill Kai at all costs!”

“If Kai is allowed to leave the Sixth Heaven alive, then the position of the Sixth Palace Master will be passed on to someone else!”

“Yes!” The messenger monk nodded and quickly retreated.

The Third Palace Master looked at the empty hall, and a sneer appeared on his lips: “Fourth Palace Master, you want to win over Kai? How naive! Such a variable must be eliminated as soon as possible!”

“We are the elite of the God Clan, and we are superior to those human cultivators. But you chose to lower your status. Don’t blame me for being rude!”

The Third Palace Master and the Fourth Palace Master are at loggerheads with each other, each representing a different power in the temple.

However, the Fourth Palace Master has the Divine King Order in her hand, so the Third Palace Master doesn’t dare to do anything to her!

.....

Fifth heaven.

Outside a huge city called Sword Saint City, three figures were slowly approaching.

It was Kai, Hu Mazi and Nan Batian.

“This Sword Saint City is truly magnificent!”

Hu Mazi looked at the city wall in front of him that was a hundred feet high. There were countless sword-shaped runes engraved on the wall, and the sword energy was everywhere. He couldn’t help but admire it.

Nan Batian nodded and said, “Sword Saint City is a famous sword cultivation holy land in the Fifth Heaven. All the cultivators here are proficient in swordsmanship. There are many masters in the city, and there are even many seventh-grade sword cultivators in the Earthly Immortal Realm.”

Kai's eyes swept across the city wall, feeling the sword force rising into the sky, and a hint of interest flashed in his eyes: "Oh? All of them are sword cultivators? Interesting."

Chapter 5242

He himself was skilled in using swords, and the Dragon-Slaying Sword was a divine weapon. Naturally, he was curious about such a city of sword cultivators.

"Let's go in and take a look." Kai suggested.

Nan Batian looked at the towering walls of Jian Sheng City, frowned slightly, and shook his head: "I won't go in. I'll wait for you outside the city?"

"Hmm?" Kai paused and turned to look at him, "Why? Is there something wrong with this Sword Saint City?"

Nan Batian's eyes flickered, avoiding Kai's gaze, and he said vaguely: "Nothing, it's just... I'm not used to the rules in the city. You can go in and get the news, it's safer for me to meet you outside the city."

The aura around him seemed a little tense, and it was obviously not just because he was not used to the rules.

Seeing that he was unwilling to say more, Kai did not ask any further questions.

After being together for such a long time, he knew that although Nan Batian looked rough, he was actually meticulous. Since he chose to stay outside the city, he must have his reasons.

Perhaps there was some dispute in the past in Sword Saint City, or perhaps there was someone in this city he didn't want to see.

"Okay."

Kai nodded and said, “We’ll get out as soon as possible. Be careful outside the city.”

“rest assured.”

Nan Batian grinned, revealing his snow-white teeth, “Even if an eighth-grade Earthly Immortal comes, I can’t beat him, so I won’t run away.”

Kai said no more and walked towards the city gate with Hu Mazi.

As soon as he arrived at the city gate, Hu Mazi was attracted by the scene on the city wall.

I saw a figure standing on each arrow tower on both sides of the city gate.

On the left is a swordsman in green with a stern face, a long sword on his back, and his eyes slightly closed, as if he was in meditation.

On the right is a woman in white with a slim figure, a long sword in her hand pointing diagonally at the ground, and a ethereal look in her eyes, like a fairy who is not of this world.

The two of them stood facing each other from a distance, motionless, like two sculptures.

“What are these two doing? Standing here as punishment?”

Hu Mazi scratched his head and muttered, “The posture is quite standard, but it’s motionless. Aren’t you tired?”

Kai narrowed his eyes and looked between the two of them.

He could feel an invisible edge interweaving and colliding between the two of them.

The blue-shirted swordsman was surrounded by a domineering and fierce sword intent, like a sharp sword drawn from its sheath, ready to cut off everything in the world;

The sword intent of the woman in white is as gentle as water, yet extremely flexible. It seems gentle, but it can dissolve all attacks.

“They are fighting with swords.” Kai said slowly.

“Fencing?” Hu Mazi was even more confused. “I didn’t see them fighting?”

“This is a competition of sword intent.”

Kai explained, “It’s a competition of understanding the way of the sword and control of strength, which is more dangerous than fighting with real swords and guns.

Once one party’s sword intent is broken, at best their Dao heart will be damaged, at worst their cultivation will be completely wasted.”

Hu Mazi suddenly realized what was going on and exclaimed, “Wow, they can duel without fighting? The people in Sword Saint City are really different.”

Kai no longer paid attention to the two of them and was about to take Hu Mazi into the city when a shrill roar of an animal was suddenly heard.

“Get out of the way! Get out of my way!”

I saw a young man in brocade clothes, riding a beast that looked like a lion but had three eyes, rushing towards the city gate.

The beast was huge, and its four hooves stomped the ground, splashing clouds of dust. It was moving very fast. Pedestrians on the road screamed and dodged for fear of being hit.

Seeing that the beast was about to rush towards Kai, Hu Mazi subconsciously wanted to pull Kai away, but Kai held his hand.

Kai stood where he was, his face calm. He neither dodged nor retreated. He just quietly watched the beast and the man in brocade clothes rushing towards him.

“court death!”

Seeing Kai dare to block his way, the man in brocade clothes had a flash of anger in his eyes. Instead of slowing down, he patted the beast’s head and said, “Hit him!”

The beast seemed to understand the command. It opened its bloody mouth, revealing its sharp fangs, and rushed towards Kai.

Chapter 5243

At this critical moment, a figure appeared in front of Kai like a ghost.

He was a middle-aged man wearing coarse linen clothes, with an average build and plain appearance, like an ordinary blacksmith.

But he moved as fast as lightning, and simply punched the beast in the head.

There was no earth-shaking momentum, nor brilliant brilliance, and even the fluctuation of spiritual energy in that fist was very weak.

But the extremely ferocious three-headed lion, under this punch, seemed to be hit by a mountain. It let out a shrill wail, and its huge body stopped abruptly. It staggered back a few steps, its eyes full of fear.

The man in brocade clothes staggered due to this sudden change and almost fell off the beast’s back.

He steadied himself, looked at the middle-aged man, and shouted angrily, “Who the hell are you? How dare you interfere in my business? Do you know who I am?”

The middle-aged man glanced at him calmly and said, “Jiansheng City has its own rules. Here, no matter who you are, you have to abide by the rules. Dominating by relying on your family’s power? No one will tolerate you.”

After saying this, he turned around and left without even looking at the man in brocade clothes, and soon disappeared into the crowd, as if he had never appeared.

The man in brocade clothes looked at the middle-aged man’s back, then looked at the strange looks from the people around him, and his face turned pale and blue.

He snorted coldly, a disdainful smile appeared on the corner of his mouth, and said to his followers: “A bunch of bumpkins, you know nothing.”

He patted the three-headed lion’s head, rode the beast, and walked towards the city in a proud manner.

When passing by Kai, he deliberately stopped and looked Kai up and down.

Seeing that Kai was just a cultivator from the Immortal Realm, the man in brocade clothes was a little surprised!

He just got down from the beast, waved his hand, and the beast disappeared!

“How can a wandering immortal like you get here?” the man in brocade clothes asked curiously!

“Is there a rule that Sanxian Realm can’t come here?”

Kai asked without showing any weakness!

The man in brocade clothes was stunned for a moment, then he laughed: “You have guts. Although your realm is not high, you are quite courageous. Why didn’t you hide just now?”

“I’m scared, my legs are weak, I can’t move...”

Kaidao!

The man in brocade clothes was stunned for a moment, then he laughed and said, “What an interesting fellow. You are new to Sword Saint City, right? My name is Zhao Tianyi. Be my little brother from now on. Follow me.”

“Do you know the origin of my name? Tianyi, Tianyi, in this heaven, I am number one...”

benne:”

“You are bragging...” Kai said calmly!

“You don’t believe it?” Zhao Tianyi asked!

Kai shook his head: “No, unless you can show me your ability, I can’t recognize a boastful person as my big brother.”

“Everyone knows my name, Zhao Tianyi, but you don’t believe it.”

“I have a million immortal stones here, you can use them. If it’s not enough, tell your brother.”

Zhao Tianyi directly took out a storage bag, which contained millions of immortal stones!

Kai took a look and found that this guy was not bragging, he really had a million fairy stones!

This guy who casually gives someone a million immortal stones, is either an idiot or a pure second-generation brother.

“Brother...” Kai put away the storage bag!

It’s worth it to exchange a big brother for a million immortal stones!

“Hahaha, in this Sword Saint City, if anyone dares to bully you, just say my name and it will work for you!”

After Zhao Tianyi finished speaking, he turned and entered the Sword Saint City.

“Kai, is this guy an idiot?” Hu Mazi couldn’t help but say as he looked at Zhao Tianyi’s back!

Just casually accepting someone as your younger brother and giving him millions of immortal stones, this is crazy.

“I don’t know if you’re stupid or not, but at least our trip wasn’t in vain!”

Kai raised the corner of his mouth slightly, and then followed Hu Mazi into the Sword Saint City!

After entering the city, Kai looked back at the man and woman on the city gate. The two people were still motionless. The sword intent of both sides had burst out to the extreme. It wouldn’t take long before both sides would suffer losses!

A golden light flashed in Kai’s eyes, and an invisible sword intent emerged in an instant!

The man and woman on the city gate suddenly shook their bodies, and then they both showed expressions of horror, and looked towards Kai!

However, Kai followed Hu Mazi and walked forward, and only Kai’s back was seen!

Chapter 5244

Kai and Hu Mazi followed the crowd into Sword Saint City. The scene inside the city was even more shocking than outside the city.

The wide streets were paved with dark blue rocks, with rows of buildings on both sides, most of which had sword-related signs hanging on them, such as “Sword Quenching Workshop” and “Sword Sutra Pavilion”.

Among the pedestrians, nine out of ten have swords on their waists or backs. Even if they are wearing ordinary clothes, they exude a sharp and fierce aura.

“Wow, this place is really fun. I feel tight all over just walking on the road.”

Hu Mazi shrank his neck and subconsciously touched the talisman bag on his waist. Compared with the sword practitioners around him, his outfit seemed a little out of place.

Kai looked around and said in a deep voice, “First find a place to stay, and then slowly find out the news.”

The two walked on the street for about an incense stick’s time and finally chose an inn called “Yingkelou”.

This inn is quite large, with models of two crossed giant swords hanging at the door, exuding a heroic spirit.

As soon as we entered the inn, a waiter came up to us warmly and said, “Please come in, gentlemen. Do you want to stay overnight or have a meal?”

“We need two upper rooms for the hotel,” Kai said.

“Okay!” The waiter quickly registered the information and led the two people upstairs.

The room is clean and tidy, and the window faces the street, so you can clearly see the scenery outside.

After settling down, Hu Mazi sat down on a chair and took a big sip of tea: “Kai, there are so many sword cultivators in Sword Saint City, do you think there are people from the Evil Dao Palace?”

“It’s hard to say.” Kai walked to the window and looked at the bustling crowd on the street. “The Evil Dao Temple acts in secret. Since this is a holy land for sword cultivators, even if they have branch temples, they may not do it in a big way. We have to act carefully and find a local to ask about the situation first.”

At this moment, Kai frowned slightly. He felt a faint presence following them secretly, which had never stopped since they entered the city.

“What’s wrong?” Hu Mazi noticed that something was wrong with Kai and asked.

“We’re being followed.” Kai whispered, “They’re following us from the city gate.”

Hu Mazi suddenly became nervous: “Is it the man in brocade clothes, Zhao Tianyi? Or is it someone from the Evil Dao Palace?”

“Neither.” Kai shook his head. “It’s a female cultivator. The aura is very familiar. It should be the woman in white at the city gate.”

Hu Mazi was stunned for a moment: “Why is she following us? Is it because you just ruined her sword competition?”

“It’s possible.”

Kai’s eyes flickered. “Her sword intent is very pure and her strength is not weak. Let’s not alert her first and see what she wants to do.”

The two stayed in the room for about half an hour, and Kai stood up and said, “Let’s go out and look for a place to get information.”

Hu Mazi nodded and followed Kai out of the inn.

As soon as they turned a corner, a figure in white suddenly appeared in front of them and blocked their way.

It was the female cultivator who was competing with the male cultivator in sword skills on the city gate. At this moment, the previous ethereal look on her face was gone, and instead there was a scrutinizing look, staring at Kai closely.

“Who are you? Why are you interfering with my sword competition with Qin Feng from the Divine Sword Villa?”

The female cultivator went straight to the point, her voice cold and with a hint of questioning.

Kai looked at the female cultivator in front of him. She was tall, with a beautiful face, dressed in spotless white, and the long sword in her hand emitted a faint cold light.

“I was just passing by, it was unintentional.” Kai said calmly.

“Unintentional?”

The female cultivator obviously didn’t believe it. “Although your sword intent is obscure, I can feel that it contains a very special charm. It is definitely not accidental. Who are you? Why do you have such a pure sword intent?”

“My name is Kai. As for the sword spirit, I am just practicing blindly.”

Kai responded neither humbly nor arrogantly.

The female cultivator looked Kai up and down. Seeing that he was only at the level of a scattered immortal, a trace of doubt flashed in her eyes: “Can a scattered immortal have such sword intent? Do you think I’m a three-year-old child?”

Before she finished her words, the female cultivator suddenly moved. The long sword in her hand turned into a white rainbow, and with a sharp sword energy, she stabbed towards Kai!

Chapter 5245

The sword came fast and sharply, carrying with it an overwhelming momentum, as if it was going to pierce through Kai.

Hu Mazi's face changed drastically and he exclaimed, "Be careful!"

Kai's eyes focused, not daring to be careless. The spiritual power in his body instantly circulated, and the Dragon-Slaying Sword appeared in his hand, and he went to block the female cultivator's sword.

"clang!"

The two swords collided with each other, making a crisp sound of metal clashing. A powerful air wave spread out in all directions, making the shop signs nearby buzz.

Kai only felt a huge force coming, his arms became slightly numb, and he involuntarily took two steps back.

The female cultivator was also shocked and took a step back, with a hint of surprise in her eyes.

"Your swordsmanship..."

The female cultivator looked at the Dragon Slaying Sword in Kai's hand and the sword moves he had just made, with an expression of disbelief on her face, "Is this... the sword technique of the Sword Sect?"

Kai's heart moved. He didn't expect that this female cultivator could actually recognize the Sword Sect's swordsmanship.

He remembered that when he was in the third heaven, he had indeed learned a few sword techniques in the ruins of the destroyed Sword Sect. In the moment of desperation, he subconsciously used them.

“I don’t know what sword sect it is. I figured out this sword technique by myself.” Kai denied.

The female cultivator shook her head, her eyes becoming sharper: “Impossible! The essence and charm of this sword technique is clearly the Sword Sect’s “Liuyun Sword Technique”.

Although you only used the slightest bit of your power, I will never make a mistake. Who are you? Are you a disciple of the Sword Sect?”

Kai remained silent. He did not want to admit it. After all, the Sword Sect had been destroyed, and he was not considered a formal disciple of the Sword Sect.

Seeing that Kai didn’t say anything, the female cultivator thought he had agreed, so she softened her tone a little: “My name is Ling Xue, and I’m also a disciple of the Sword Sect. If you are really a member of the Sword Sect, then we are from the same sect, and there is no need to fight.”

“I’ve already said it, I’m not a disciple of the Sword Sect.”

Kai frowned, “What do you want?”

“I want to know where you learned your sword skills.”

Ling Xue stared at Kai closely, “The Sword Sect has been destroyed in the Third Heaven. Apart from us disciples who have ascended, few people know the Sword Sect’s swordsmanship.”

Kai understood in his heart that it seemed that Ling Xue was indeed a disciple of the Sword Sect who had ascended from the third heaven.

He thought for a moment and said, “I did learn a few sword techniques in a ruin in the Third Heaven, but I didn’t know that was the Sword Sect.”

Ling Xue’s eyes flashed with sadness: “So that’s how it is, that ruins should be the mountain gate of our Sword Sect.

I didn’t expect that after the sect was destroyed, there would still be someone who could learn our swordsmanship.”

She was silent for a moment, then looked at Kai and said, “You have a high talent for swordsmanship. Although your realm is not high, your understanding of swordsmanship is very profound.

The sword you used just now seemed simple, but it contained a kind of primitive charm that even I feel inferior to.”

Kai didn’t expect Ling Xue to evaluate him in this way, and was a little surprised.

“Since you have learned the sword techniques of our Sword Sect, you can be considered to have a connection with the Sword Sect.”

Ling Xue changed the subject, “I see that you don’t seem to be familiar with Sword Saint City. I happen to be going to meet an elder who is also from the Sword Sect and is our person in charge in Sword Saint City. Do you want to come with me?”

Kai’s eyes moved slightly. He was just about to get some information. If he followed Ling Xue to meet the person in charge of the Sword Sect, he might be able to get some useful information, or even know the whereabouts of the Evil Dao Hall.

“good.”

Kai nodded and agreed, “We just arrived at Jiansheng City, and we want to find someone to ask about the situation.”

Hu Mazi was confused as he listened to what was said nearby. When he saw that Kai agreed, he did not say much and followed the two men.

Walking on the streets of Sword Saint City, Kai glanced at Ling Xue beside him and asked, “You just said that the male cultivator who competed with you in sword skills was called Qin Feng, and he was from the Divine Sword Villa? Is there any grudge between you two?”

Chapter 5246

When Ling Xue heard Qin Feng’s name, she frowned slightly and said with a bit of displeasure: “The Divine Sword Villa is quite powerful in the Fifth Heaven, and they have always regarded themselves as orthodox sword cultivators. They always think that our Sword Sect’s swordsmanship is unorthodox, and they look down on us from the bottom of their hearts.”

She paused and continued, “Especially Qin Feng, who relies on his good talent and is somewhat famous among the younger generation of Sword Saint City, and he always targets us, the Sword Sect disciples who have ascended from the Third Heaven.

This time when we were competing in sword skills at the city gate, he was the one who provoked me first, saying that he wanted to show me what real sword skills are. I was so angry that I started competing with him.”

Kai understood. No wonder the collision of their swords was so intense just now. It turned out that they had a long-standing grudge.

“Which one has greater power in Sword Saint City, the Divine Sword Villa or your Sword Sect?” Kai asked again.

“It’s hard to say.”

Ling Xue shook her head, “The Divine Sword Villa has a deep foundation and many disciples; although our Sword Sect has few people, we have

many masters of the older generation. If we really come to a conclusion, no one can do anything to anyone.

But among the younger generation, they are more active than us.”

As they were talking, they passed by a sword shop and heard the sound of blacksmithing.

Ling Xue pointed to the shop and said, “Most of the sword cultivators in Sword Saint City refine their own weapons. The blacksmiths here have good skills, and many people are willing to come here to customize their swords.”

Kai looked in the direction she pointed, and saw that the shop was filled with all kinds of swords, shining with cold light, and it was obvious that they were not ordinary items.

“In addition to these, Sword Saint City also has a sword arena specifically for people to compete. Many people go there every day to compete. They can exchange sword skills and gain knowledge.”

Ling Xue introduced, “By the way, in a while, Sword Saint City will hold a sword competition. Many famous sword cultivators from the fifth level will come to participate. Maybe you can go and take a look.”

Kai nodded, and he had a better understanding of the Sword Saint City.

Ling Xue took Kai and Hu Mazi through several streets and came to a relatively secluded area.

There is no bustling city center here, but there are more quaint buildings, and the air is filled with the faint fragrance of grass and trees.

When they reached a courtyard that looked ordinary, Ling Xue stopped and said to Kai and Hu Mazi, “This is where my master lives. He has a strange temper. Don’t talk nonsense when you go in.”

After saying that, she walked up and knocked on the door.

“Who is it?”

An old voice came from the yard.

“Master, it’s me, Ling Xue.” Ling Xue replied.

“Come in.”

Ling Xue pushed open the door and walked in with Kai and Hu Mazi.

The yard was full of various vegetables. An old man in coarse linen clothes was busy working in the vegetable field with a hoe in his hand. He looked like an ordinary farmer, without any aura of a monk.

“Master, I brought two friends to see you.” Ling Xue said respectfully.

The old man turned around and glanced at Kai and Hu Mazi. His eyes were cloudy, but he seemed to be able to see through people’s hearts.

He smiled and said, “Lingxue, you are a girl. You usually do nothing but practice swordplay. When did you bring your friends back?”

Ling Xue’s cheeks flushed slightly: “Master, this is Kai, he also knows our Sword Sect’s swordsmanship.”

Upon hearing this, the old man’s eyes flashed with a gleam of light, and he looked at Kai carefully: “Oh? You know our Sword Sect’s swordsmanship? Young man, show me your skills.”

Kai hesitated for a moment. He didn’t want to be too conspicuous, but looking at the old man’s appearance, he didn’t seem to be an ordinary person. Perhaps he could really get some useful information from him.

He took a deep breath, and the spiritual power in his body circulated, and the Dragon Slaying Sword appeared in his hand again.

There were no extra fancy moves, just a simple swing of the sword.

Chapter 5247

This sword was ordinary, but it contained a unique charm, like flowing clouds and water, natural and spontaneous. It was exactly a move from the “Liuyun Sword Technique” he learned from the Sword Sect’s ruins.

The old man’s originally cloudy eyes suddenly became bright. He stared at Kai’s movements closely, with a look of surprise on his face.

“Great! What a great Liuyun sword technique!”

The old man couldn’t help but admire, “Although you only used the basics, you grasped the charm just right. You are much better than Ling Xue.”

Ling Xue curled her lips in dissatisfaction, but did not refute. It was obvious that she agreed with the old man’s evaluation.

The old man put down the hoe in his hand, walked up to Kai, and looked at him carefully: “Young man, where did you learn your sword skills? Tell me honestly.”

Kai knew that he couldn’t hide it, so he said truthfully: “I learned it in a relic in the Third Heaven. I didn’t know that it was the Sword Sect.”

The old man heard this and a sad look appeared on his face: “Alas, that is indeed the mountain gate of our Sword Sect. Back then, our Sword Sect was one of the most powerful sects in the Third Heaven. I didn’t expect it to end up like this.”

He sighed and said to Kai and Hu Mazi, “Let’s talk inside.”

Several people walked into the room. The room was simply furnished with only a table and a few chairs.

The old man poured them a cup of tea and said, “My name is Mo Chen, and I used to be the leader of the Sword Sect.

When the sect encountered a disaster, I led some disciples to escape from the Third Heaven, and only then was my bloodline preserved.”

Kai and Hu Mazi were both a little surprised. They didn’t expect that this seemingly ordinary old man was actually the former leader of the Sword Sect.

“Senior Mo Chen, do you know the Evil Dao Palace?” Kai asked straight to the point.

Mo Chen’s expression changed slightly when he heard this: “Evil Dao Hall? Why are you asking them?”

“I have a grudge against them and want to seek revenge on them.”

Kai said in a deep voice, “They participated in the extermination of my friend Hu’s clan and took away the souls of the clan members.”

Hu Mazi also said excitedly: “Senior Mo Chen, you must help us. We must rescue the souls of our people and avenge them!”

Mo Chen was silent for a moment, then said, “The Evil Dao Palace is very powerful in the Fifth Heaven, and they act ruthlessly. They specialize in collecting spirits and practicing evil skills, so many forces are unwilling to provoke them.

If you want to seek revenge on them, I’m afraid it won’t be that easy.”

“No matter how difficult it is, we have to give it a try!”

Kai’s eyes were firm. “As long as I can find their branch temple, I will save the souls of the Hu family even if it costs me my life.”

Mo Chen looked at Kai’s determined eyes and nodded: “Good boy, you have guts! However, the branch hall of the Evil Dao Hall is hidden very deep and heavily guarded. It is impossible for the two of you to get in.”

“Then do you know where their branch temple is?” Kai asked.

Mo Chen shook his head: “I don’t know the exact location either. The Evil Dao Hall acts in a secretive way. Few people know about their branch halls. Only some high-ranking officials know the situation.”

Kai was a little disappointed, but he didn’t give up. “Do you know anyone who might know the location of the Evil Dao Temple branch?”

Mo Chen thought for a moment and said, “There is a place in Sword Saint City called ‘News Building’, which specializes in selling all kinds of news. As long as you can afford the price, you may be able to buy news about the Evil Dao Temple branch from there.

However, the power behind the News Building is very mysterious, and it is difficult to tell whether the news is true or false, so you must be careful.”

“Thank you for the information, senior.” Kai stood up and said, “Let’s go to the news building and take a look.”

“etc.”

Mo Chen called him, “Young man, you have a great talent for swordsmanship. Why don’t you join our Sword Sect? Although we don’t have many people now, we can still provide you with some training resources.

Moreover, with us here, at least in Sword Saint City, no one dares to bully you easily.”

Chapter 5248

Kai was stunned for a moment. He didn’t expect Mo Chen to invite him to join the Sword Sect.

He thought for a moment and said, “I appreciate your kindness, but I only want revenge now, so I’m afraid I don’t have time to stay in the Sword Sect to practice.”

Hearing this, Mo Chen stroked his gray beard, his smile remained, but his eyes were more serious: “Young man, I know you have concerns and are afraid of being involved in the dispute between our Sword Sect and Divine Sword Villa.

But you are proficient in the swordsmanship of the Sword Sect, and you have a close relationship with our Sword Sect. How can I watch you bury this great talent?”

He stepped aside to make way for the open space in the middle of the yard, and in his hand, he found an ordinary wooden sword. The blade was mottled, and it was obvious that it had been used for many years.

“Come on, let’s just spar for a bit, and stop when you’re done. If you can last a hundred moves under my hand, or beat me by one or two moves, I will never again mention letting you join the Sword Sect, and I will let you go immediately.”

Kai frowned. He didn’t want to be an enemy of the former Sword Sect leader, but the other party was determined and obviously didn’t intend to let them go easily.

He glanced at Hu Mazi beside him and saw that he was also helpless. He could only bite the bullet and said, “Senior, my strength is low and I am afraid I cannot be in your eyes.”

“It’s okay, just do your best.”

Mo Chen waved his hand, pointing the wooden sword casually at the ground, “Go ahead.”

Kai took a deep breath, and the spiritual power in his body circulated. The Dragon Slaying Sword hummed and golden light flowed.

He knew that this battle was unavoidable and he had to fight with all his strength.

His body moved, and his sword skills were unleashed. The sword light was like a gurgling stream, sweeping towards Mo Chen with an endless attack.

Mo Chen's eyes lit up and he praised, "Good."

The wooden sword in his hand was swung lightly, seemingly slowly, but he was always able to block the Dragon-Slaying Sword at the critical moment.

The sound of "ding ding dang dang" continued to ring out. Although Kai's sword moves were fast, he was still unable to break through Mo Chen's defense.

That ordinary wooden sword seemed to have life in his hands. Sometimes it was like the roots of an old tree, steady as Mount Tai; sometimes it was like a snake emerging from a cave, incredibly swift.

After dozens of moves, Kai's forehead was covered with sweat and he was shocked.

He could feel that Mo Chen was not using his full strength at all. Every block he made was just right, which not only neutralized his attacks but also did not hurt him at all, as if he was instructing him on his swordsmanship.

"Senior, if you don't try your best, I will admit defeat."

Kai put away his sword and stepped back, saying in a deep voice.

Mo Chen smiled and said, "Okay, then I will show you the true essence of the Sword Sect's swordsmanship."

As soon as he finished speaking, his body shook and the wooden sword attacked with a powerful momentum.

This sword seemed ordinary, but it made Kai feel that there was no way to avoid it, and he could only hold his sword horizontally to block it.

“clang!”

With a loud bang, Kai felt a huge force coming, and the Dragon Slaying Sword almost slipped out of his hand. He was shocked and retreated repeatedly, with his blood surging.

At this moment, Mo Chen suddenly put away his left hand, holding the sword with only his right hand, and said lightly: “I will use one hand, you try again.”

A hint of stubbornness and unwillingness to admit defeat flashed in Kai’s eyes, and he raised his sword and stepped forward again.

He combined the “Liuyun Sword Technique” with the sword intent he had comprehended, and his sword moves became more fierce and the golden light was more dazzling.

However, even though Mo Chen only used one hand, his sword was still as strong as a copper wall and no matter how Kai attacked, he could not shake it at all. Instead, he was repeatedly in danger during Mo Chen’s seemingly random counterattacks.

After dozens of moves, Mo Chen raised his wooden sword and it landed accurately on the spine of the Dragon Slaying Sword.

Kai felt his wrist go numb and he could no longer hold the Dragon Slaying Sword. It flew out of his hand and stuck into a vegetable field not far away with a clang.

Kai stood there in a daze, looking at his empty hands, feeling mixed emotions.

He tried his best, even at the cost of burning some of his spiritual energy, but he couldn’t even defeat one hand of the opponent. Is this the strength of a top swordsman?

Chapter 5249

“Are you convinced?” Mo Chen put away the wooden sword and asked with a smile.

Kai took a deep breath, bowed and said, “Senior, your swordsmanship is divine. I am ashamed to be inferior to you.”

“Since you’ve given in, then let’s talk about joining the Sword Sect...”

“Senior, I...” Kai wanted to say something else, but Mo Chen suddenly stepped forward and slapped him on the shoulder with lightning speed.

Kai only felt a gentle but irresistible force surging into his body, and a burning sensation instantly came from his shoulder, as if something was branded there.

He looked down and saw a pale golden sword-shaped mark appearing on his shoulder, emitting a faint spiritual light.

“This is the mark of my Sword Sect’s disciple. From now on, you are a member of my Sword Sect.”

Mo Chen patted his shoulder and said in an unquestionable tone, “With your talent, you deserve the position of senior brother. Ling Xue is too impatient. You should take more responsibility for the sect’s affairs in the future.”

Ling Xue was stunned listening to this, then a look of joy appeared on her face. She bowed to Kai and said, “Greetings, Senior Brother!”

Kai opened his mouth, looked at the indelible mark on his shoulder, then looked at Mo Chen’s expectant eyes, and finally could only sigh helplessly.

He knew that he was being forcibly “recruited”.

However, although Mo Chen was strong, he had no ill intentions. He even showed his appreciation and cultivation for him everywhere. He could still feel this kindness.

“Oh, that’s all.”

Kai smiled bitterly and said, “Since Senior is so insistent, I can only obey your orders.”

Mo Chen laughed and said, “Hahaha, with you joining our Sword Sect, the Sword Sect will surely flourish. Let Ling Xue take you to the Information Building. She is familiar with the route.”

“Thank you, senior.”

Kai thanked her and followed Ling Xue out of the yard.

After leaving Mo Chen’s yard, Ling Xue took Kai and Hu Mazi to the Xinwen Building in the east of the city.

As soon as he turned a corner, he ran into several young disciples dressed in the uniforms of the Sword Sect. The leader was a handsome young man with a sword inlaid with gems on his waist. It was obvious that he was of high status.

When the young man saw Ling Xue, his eyes lit up instantly. He quickly stepped forward with a warm smile on his face: “Junior Sister Ling, what a coincidence? I was just about to look for you. I just got a piece of cold iron, and I want to invite you to go to the sword quenching workshop to see if you can forge a handy sword.”

As he spoke, he glanced at Kai and Hu Mazi, his brows unconsciously furrowed, and his tone was a bit scrutinizing: “Who are these two?”

Ling Xue pointed at Kai, her tone calm but with unquestionable seriousness: “This is Brother Kai. From today on, you will be the eldest senior brother of our Sword Sect.

This is Senior Hu Mazi, a friend of Senior Brother Chen.”

“Senior Brother?” Several Sword Sect disciples were stunned for a moment. They looked at each other with disbelief on their faces.

The attentive young man laughed out loud, looking Kai up and down, with undisguised contempt in his eyes: “Junior Sister Ling, you are not kidding, are you?”

Just him? A cultivator in the realm of scattered immortals, is he worthy of being our Sword Sect’s senior brother?

Although our Sword Sect is not as strong as it used to be, we wouldn’t let a person from the Loose Immortal Realm become our Senior Brother, right?”

He took a step forward, deliberately releasing the aura of the third level of the Earthly Immortal Realm, and looked at Kai with a sense of oppression: “Boy, I don’t care what path you took. If you want to be the eldest senior brother, you have to ask us old men if we agree.

Do you dare to fight me? If you can withstand three of my moves, I will recognize you as my senior brother! ”

Several other disciples also joined in the commotion: “Exactly, Senior Brother Li is the best of our generation, and even he’s not qualified to be the senior brother, so why should we let an outsider take the position?”

Hu Mazi was getting impatient watching from the side and was about to speak when Kai raised his hand to stop him.

Chapter 5250

Kai’s face was expressionless, and he didn’t even raise his eyelids. He just glanced at the young man surnamed Li, and the disdain in his tone almost overflowed: “Compared with me? Are you worthy?”

The young man surnamed Li suddenly became angry: “Arrogant! You are looking for death!” and was about to draw his sword.

But as soon as his hand touched the hilt of the sword, a cold light flashed before his eyes, so fast that he couldn’t react at all.

“laugh—”

With a slight sound, a strand of black hair slowly fell and landed right in the palm of the young man’s open hand.

Everyone was stunned.

The young man froze in place, still holding the sword. The anger on his face had not faded, but his eyes were wide open with horror.

The disciples behind him also opened their mouths wide. No one saw how Kai drew his sword. They just saw a flash before their eyes and the matter was over.

Kai even stood there without moving, as if nothing had happened just now, and just brushed off the non-existent dust on his sleeves.

Ling Xue watched this scene, a barely perceptible smile curling up at the corner of her mouth. She took a step forward and said to the disciples who were still in a daze, “The eldest brother chosen by Master himself must have some extraordinary qualities. Senior Brother Li, you must learn from Senior Brother Chen in the future.”

After she finished speaking, she didn’t care about the disciples’ reactions. She turned to Kai and Hu Mazi and said, “Let’s go. Don’t delay our business.”

Kai nodded and followed with Hu Mazi.

After the three of them walked away, the Sword Sect disciples finally woke up from their dream.

The young man surnamed Li looked at the strand of hair in his palm, and a layer of cold sweat instantly broke out on his back.

At that moment, he truly felt the threat of death. If Kai’s target had not been his hair, but his neck...

He swallowed his saliva and looked at the receding backs of Kai and the others. He no longer dared to look down on them. He was left with only shock and confusion in his heart.

“Senior Brother Li...he...what did he do just now...” a disciple next to him asked stutteringly.

The young man surnamed Li took a deep breath, his voice still trembling slightly, “I don’t know, but with that kind of speed and accuracy... I’m afraid even if we put all of us together, we might not be his match.”

Several disciples looked at each other, speechless for a moment, feeling that what happened today was really weird.

On the way, Hu Mazi couldn’t help but ask, “Miss Ling, do you think that news outlet is reliable? Could it be a scam?”

“It’s hard to say.”

Ling Xue shook her head. “I haven’t been to the news building, so I don’t know whether the news is true or not. I can only give it a try.”

Under Ling Xue’s leadership, they found the News Building.

This is a tall attic, completely black and looking a bit eerie. Two guards in black clothes stood at the door with sharp eyes, constantly scanning the passers-by.

Kai took a deep breath and walked in with Hu Mazi.

As you enter the Xinwen Building, a faint scent of sandalwood hits you in the face. The furnishings inside are completely different from the gloomy outside and appear very luxurious.

A huge jade table was placed in the center of the hall, and several maids in cheongsams stood around it, all of them beautiful and well-mannered.

A maid stepped forward and asked with a smile, “Sirs, what information do you need?”

“We want to know the location of the branch of the Evil Way Hall.” Kai said directly.

The maid’s smile froze slightly, obviously she didn’t expect them to ask this.

She looked Kai and Hu Mazi up and down and said, “The information about the Evil Dao Palace is not cheap, and it is very risky. Are you sure you want to find out?”

“Sure.” Kai nodded. “How much?”

The maid thought for a moment and said, “The specific location of the branch hall of the Evil Path Hall will cost one million immortal stones.”

“One million immortal stones?” Hu Mazi exclaimed, “Why don’t you just go and rob them?”

Chapter 5251

The maid still maintained her smile: “Sir, this is already the lowest price. It is difficult to get information about the Evil Dao Palace, and we have to bear a great risk. This price is very reasonable.”

Kai frowned. Although he had obtained one million immortal stones from Zhao Tianyi, it was not a small amount after all, and he didn’t know whether the news was true or not.

“What if the news is false?” Kai asked.

“We at News House value credibility and will never sell fake news,” the maid assured. “If the news is inaccurate, we will refund the full amount.”

Kai thought about it and said, “Okay, I’ll buy it.”

He took out one million immortal stones from his storage bag and handed them to the maid.

“Wait a minute...” Ling Xue stopped Kai, then looked at the maid and said, “We are from the Sword Sect, can you give us a discount?”

In Ling Xue’s opinion, one million immortal stones is simply an astronomical figure.

You have to know that ordinary cultivators rely on immortal stones for their practice. After all, they have no other channels to obtain other resources.

If these one million were shown to the Sword Sect, the strength of the Sword Sect’s disciples would generally increase greatly.

So Ling Xue wanted the other party to give her a discount and make it cheaper.

“Sorry, the city lord is here, we won’t give you a discount!”

The maid said with a proud attitude!

“You...” Ling Xue was immediately furious when she saw the maid’s attitude!

“Okay, let’s take inventory!”

Kai stopped Ling Xue!

The maid took the immortal stone, counted it, and handed Kai a note: “The branch of the Evil Path Hall is in the Black Wind Valley west of the city. It is heavily guarded there, so you must be careful.”

Hu Mazi was stunned: “I bought this information for one million, and that’s it?”

In Hu Mazi's opinion, the information purchased for the one million yuan must have been obtained with great difficulty after being summoned to the top management of the information building and then checked in the secret room.

Just a small note and one million fairy stones?

"What else do you want? Do I need to sleep with you? You want information, I'll just give it to you!"

The maid rolled her eyes and said!

"Fuck..." Hu Mazi was a little angry!

If he had not met such a woman in this Sword Saint City, but in the wilderness, Hu Mazi would have let her have a good taste of his steel gun.

Kai took the note, opened it and saw that it indeed contained the location of the Black Wind Valley.

He put the note away and said to the maid, "Thank you."

After saying that, he left the News Building with Hu Mazi and Ling Xue.

"Kai, are we going to Black Wind Valley now?" Hu Mazi asked.

"No rush." Kai shook his head. "The Black Wind Valley is heavily guarded. We'd be dead if we went there now. Let's go back and prepare first, and then investigate the situation tomorrow."

"It really feels like it's not worth spending one million immortal stones!" Ling Xue still felt sorry for the one million immortal stones!

"There's no such thing as worth it or not. The other party clearly stated the price, and we're willing to buy. It's not a forced sale."

Kai smiled slightly, seeming to be very open-minded.

“You guys are going to Black Wind Valley. Do you want me to bring some Sword Sect disciples to accompany you?”

Ling Xue asked!

“No need, we just want to find out. It would be inconvenient if there are too many people.” Kai shook his head!

“Okay then, contact me if you have anything!” Ling Xue said, and left.

Kai and Hu Mazi returned to the inn. Kai took out the note and carefully studied the location of Black Wind Valley.

Hu Mazi kept drawing talismans on the side, preparing for battle.

The next morning, Kai and Hu Mazi changed into inconspicuous clothes, quietly left the inn, and headed towards the Black Wind Valley in the west of the city.

The Black Wind Valley is located five hundred miles west of Sword Saint City. There are black gales blowing there all year round. The valley is eerie and scary, and few people dare to approach it.

After the two left the city, they planned to find Nan Batian. With Nan Batian around, they had nothing to fear!

Chapter 5252

But after looking around, the two of them couldn't find any sign of Nan Batian!

“Is this guy going to leave?” Hu Mazi said!

“No, he must have encountered something. Leave him alone for now, we will go by ourselves!”

Kai knew that Nan Batian would never leave on his own, and he still trusted Nan Batian's loyalty.

Kai and Hu Mazi headed towards the Black Wind Mouth.

The Black Wind Valley seemed to be a corner abandoned by heaven and earth, swept by dark winds all year round.

The wind carried fine black sand, which hit the rocks with a crackling sound. From a distance, it sounded like countless wronged souls sobbing softly.

The black stone statues on both sides of the valley entrance were ten feet tall and looked like ferocious Yakshas with faint green fire in their eye sockets, as if they were staring at every living creature that tried to approach.

The statue was covered with dark red mottled marks. If you got close, you could smell a mixture of rust and rotten blood, a smell that only came from being stained with the blood of monks for many years.

At the entrance of the valley, there are steep black rock walls covered with bottomless cracks. The wind blows through the cracks, making a shrill whistle, sometimes like a woman's shrieking, sometimes like the roar of a wild beast.

Looking up, the sky was pressed very low by thick gray-black clouds, and even the sunlight could not penetrate. All I could see under the dim sky were countless twisted rocks like outstretched ghost claws, looming in the wind.

As soon as Kai's spiritual sense entered the valley, he felt a sticky bloody smell coming towards him. The smell was so thick that it almost solidified into substance, mixed with demonic energy to form a light red mist, which slowly flowed in the valley.

There were no ordinary valley plants on the ground, only dark brown soil. It was soft to step on, like a sponge soaked in blood. Occasionally,

you would step on a sharp hard object, and when you looked down, you would find it was a half-broken bone.

Deep in the valley, a group of buildings can be vaguely seen. They are all made of black stone, and the roofs are covered with dark purple tiles, which emit a strange luster in the strong wind.

In the open space between the buildings, there were many rusty weapons and some unrecognizable tattered clothes scattered around.

When the wind blew, the clothes were lifted up like ghosts, revealing the dark brown ground underneath. It was not soil at all, but a thick layer of blood scab that solidified into a hard shell.

What makes people's scalps tingle the most is that in addition to the friction sound of sand and gravel in the wind, there is also a faint chewing sound.

Occasionally, a vague scream could be heard coming from deep in a stone house, but it was cut off by the strong wind as soon as it sounded, leaving only a faint whimper that dissipated in the wind.

The demonic energy here is no longer purely cold and gloomy, but carries a boiling bloodthirsty feeling. Every strand seems to have been fished out of a pool of blood, clinging stickily to people's skin, making people shiver uncontrollably.

Kai and Hu Mazi hid in a distant valley, and looked towards the valley entrance under the cover of rocks.

More than ten demon cultivators wearing black armor, holding sharp blades, glanced around vigilantly. The aura on them was at least at the peak of the fourth level of the Earth Immortal Realm. Among them, there were two cultivators of the fifth level of the Earth Immortal Realm. Their auras were heavy and condensed, and it was obvious that they were not easy to deal with.

“My goodness, this situation is more serious than we imagined.”

Hu Mazi lowered his voice and smacked his lips, “With just the two of us, let alone going in to investigate, we’d probably be discovered as soon as we get close to the valley entrance.”

Kai did not speak, but frowned slightly. He released his spiritual thoughts quietly, like an invisible net, slowly extending into the Black Wind Valley.

The demonic energy in the valley was indeed strong, but it was completely different from the cold and gloomy aura of the demon cultivators in the Evil Dao Hall who specialized in refining the soul in his impression.

The demonic energy here is more violent and bloodthirsty, with a primitive sense of plunder, as if it is always craving for fresh blood.

His spiritual sense carefully avoided the patrolling demon cultivators and tried to explore deeper to see if there were any iconic arrangements of the Evil Dao Hall.

Chapter 5253

However, just as his spiritual sense touched the edge of a black palace in the valley, a fierce murderous intent suddenly locked onto him!

“Someone is spying!” A loud shout came from the valley, and then several powerful auras rose into the sky at an astonishing speed and headed straight for their hiding place!

“Oh no, we’ve been discovered!”

Kai’s face changed, and he suddenly retracted his mind, pulling Hu Mazi and running, “Retreat quickly!”

Almost at the moment they set off, several dark demonic lights struck the valley where they had just been hiding, causing huge rocks to collapse and smoke and dust to fill the air.

“Catch them!”

“Dare to spy outside the Black Wind Valley, you are seeking death!”

Dozens of demon cultivators swarmed out of the valley, led by a fifth-grade demon cultivator in the Earthly Immortal Realm. He had a ferocious face and moved extremely fast, closing the distance between him and them in the blink of an eye.

Kai and Hu Mazi did not dare to stop for a moment. They increased their speed to the extreme and rushed towards the direction of Sword Saint City.

The demon cultivators behind them were chasing them relentlessly, attacking them with all kinds of vicious spells and hidden weapons, forcing them into danger.

“These sons of bitches are so fast!”

Hu Mazi dodged and cursed, then turned around and threw out a few talismans, which exploded into a burst of fire and slightly stopped the pursuers.

Kai was concentrating on sensing the breath behind him, constantly adjusting his direction and using the terrain to avoid attacks.

He secretly felt lucky that he had not rushed in rashly, otherwise he would have been surrounded and unable to escape.

The two of them ran wildly all the way. Relying on their familiarity with the direction of Sword Saint City and Kai’s several exquisite dodges at critical moments, they finally rushed into the gate of Sword Saint City in a panic after paying the price of some minor injuries.

Those demon cultivators chased to the vicinity of the city gate, but seemed to be afraid and did not dare to step into the territory of Sword Saint City. They could only curse a few times outside the city and leave in anger.

Kai and Hu Mazi leaned against the city wall, breathing heavily, their bodies soaked in sweat, and their faces still showing a bit of fear.

“Damn, I almost fell there.”

Hu Mazi wiped the dust off his face and said with lingering fear.

Just then, a familiar figure walked over quickly. It was Ling Xue.

Seeing the two men’s miserable appearance, she couldn’t help but be shocked: “Brother Chen, Master Hu, how did you get into this state?”

Kai took a deep breath and briefly recounted what had happened.

After hearing this, Ling Xue’s expression changed slightly: “I’m glad you’re all okay. Come with me quickly. Master wants to see you.”

The two followed Ling Xue and came to Mo Chen’s yard again.

Mo Chen was sitting at the stone table, sipping tea. Seeing them come in, he put down his teacup, glanced at them, and said lightly, “It seems you went to Black Wind Valley?”

“Yes, Senior.”

Kai bowed and said, “It’s just that something is wrong with the situation in Black Wind Valley.”

He told Mo Chen about his discoveries, including that the aura of the demon cultivators was different from that of the Evil Dao Palace, and that he was hunted down after being discovered.

After listening to this, Mo Chen nodded and said, “As expected, Black Wind Valley cannot possibly be a branch of the Evil Path Palace.”

“Why?” Kai asked.

“The demon cultivators in the Black Wind Valley are from the Blood Demon lineage. Their cultivation method relies on sucking the blood of other cultivators to improve their cultivation. Their methods are cruel, but they are completely different from the Evil Dao Hall’s approach of focusing on refining the soul.”

Mo Chen explained, “Moreover, the Blood Demon lineage is violent and vindictive. You were lucky to escape from them. If you really broke in, you might never get out.”

Kai and Hu Mazi looked at each other, both of them were startled and filled with anger.

“So, we were deceived by that information building?”

Hu Mazi said angrily, “That one million immortal stones was exchanged for fake news?”

Chapter 5254

Mo Chen glanced at them and sighed, “I’ve warned you before that the information from the Information Building may not be reliable, so you need to figure it out for yourself.

I think because I see you’re unfamiliar and I’m anxious to get information, I’m deliberately using Black Wind Valley news to trick you and make some dirty money.”

“How can this be possible!”

Hu Mazi slammed the table and said, “Let’s go and settle the score with them right now and ask them to return the money!”

Kai’s face was also cold. One million immortal stones was a small matter, but being played tricks on like this was really unbearable for him.

“Senior, we’ll be back soon.”

After saying that, he and Hu Mazi turned around and rushed towards the Information Building.

“Master, should I go and stop Senior Brother Chen?” Ling Xue looked at Mo Chen and asked!

“No need, let them go. Every failure makes you wiser.” Mo Chen said.

Soon, Kai and Hu Mazi stepped into the information building again. The maid who had received them before was still standing in the hall. Seeing Kai and Hu Mazi coming back, a hint of surprise flashed across her face.

Then he resumed his professional smile and said, “My two guests, is there anything else you need?”

“Refund the money.”

Kai got straight to the point, his tone icy, “The information you gave me is false. Black Wind Valley is not a branch of the Evil Dao Palace at all.”

The maid’s smile faded and she shook her head: “Sir, according to the rules of our information building, once the information is sold, it cannot be refunded.”

“What a bullshit rule!”

Hu Mazi angrily shouted, “You’re selling fake news and cheating people, and you still don’t want to return the money? Believe it or not, I’ll tear down your shabby building!”

The maid seemed to be unafraid of the cadres and said in a firm tone: “Sir, please respect yourself! Our Information Building has been established in Jiansheng City for many years and has its own rules.

We are only responsible for providing information. The information itself is neither right nor wrong. It was your own misjudgment. How can you blame us?

There is no possibility of refunding the money!”

“You!” Hu Mazi was so angry that he was about to attack, but was held back by Kai.

Kai looked at the maid, his eyes as cold as ice. He knew that if he took action here, he would get no good results. The Information Building must have some backing behind it to dare to act like this.

“Didn’t you say that if the message was wrong, a full refund would be given?” Kai asked.

“Did I say that? I don’t remember. Ask around and find out when our Information Building has ever refunded any money!”

The maid said arrogantly!

“Fuck, you deny it even though you said it?” Hu Mazi was furious!

Kai’s eyes narrowed slightly, and he was very angry at the maid in front of him.

“Are you going to retreat or not?” Kai asked coldly!

“Don’t retreat!” said the maid!

“Master Hu, kill her...” Kai said to Hu Mazi!

When Hu Mazi heard this, he pounced on the maid like a hungry tiger!

The maid tried to resist, but was restrained by Kai.

This maid was only at the fourth level of the Earthly Immortal Realm. Kai and Hu Mazi caught her off guard and made it impossible for the maid to move!

Hu Mazi fucked the maid like crazy!

People passing by stopped and could only hear the maid's screams, but could not see anything!

In just over ten minutes, the maid fell silent!

He was killed by Hu Mazi!

Inside the information building, the maid's body fell limply to the ground, blood slowly seeping out from under her, staining the smooth floor red.

The monks who were originally standing by to watch were instantly in an uproar, and the sound of people gasping for breath could be heard one after another.

"This is crazy! How dare they kill people here!"

"Those are people from the Information Building. Do these two guys want to die?"

"Look, the guards from the Information Building are here!"

Following a few angry shouts, a group of people quickly walked out from the depths of the information building.

The leader was a middle-aged man in a brocade robe with a square face, but at this moment his face was ashen and his eyes were as cold as ice. He stared at the corpse on the ground, then suddenly turned to Kai and Hu Mazi. A strong aura emanated from him, pressing the air around him so hard that it seemed to solidify.

Chapter 5255

Behind him were more than ten guards with calm auras, all with unfriendly looks and holding various weapons in their hands. They instantly surrounded Kai and Hu Mazi, forming an airtight encirclement.

“What a courage!”

The middle-aged man gnashed his teeth, his voice filled with suppressed anger. “How dare you commit murder in broad daylight in my information building? Do you think my information building is just for show?”

Hu Mazi had been blinded by rage just now, but now that he had calmed down, he looked at the guards around him, who were watching him intently, and the middle-aged man with an imposing manner. He felt a little frightened, but he remained firm in his words: “She deserves to die! Who told you, the Information Building, to sell fake news? How dare you deny it!”

“Selling fake news?”

The middle-aged man sneered, his eyes swept over the maid’s body on the ground, and then looked at Kai, “The rules of our Information Building have always been to clearly mark prices and be fair to everyone.

You are the ones who kill people without even saying a word. If you don’t give me an explanation today, you will never leave this information building!”

Kai stepped forward, standing in front of Hu Mazi. He met the middle-aged man’s gaze calmly and spoke slowly, “An explanation? We can indeed give you one.

We spent one million immortal stones from you to buy information about the branch of the Evil Path Hall, but your people pointed to the Black Wind Valley and claimed that it was the branch of the Evil Path Hall.

But the truth is, Black Wind Valley is the territory of the Blood Demon lineage and has nothing to do with the Evil Path Palace. We went to investigate and nearly lost our lives at the hands of the Blood Demon.

We came back to argue and demand the return of the immortal stones, but your maid not only refused to acknowledge it, but was arrogant and made all kinds of excuses. Is this our fault?

His voice was not loud, but it was clearly heard throughout the entire hall, and the monks watching around could hear it clearly. Many of them looked at the middle-aged man with a bit of strangeness in their eyes.

The middle-aged man's face changed slightly. He obviously didn't expect the reason to be like this, but he still insisted: "What nonsense! The information provided by my information building has been verified. How could it be false?

You must have made a mistake in judgment, mistakenly targeting Black Wind Valley. Now you want to shift the blame onto us, even going so far as to commit murder. This is simply outrageous!"

"Misjudgment?"

Kai's eyes turned cold. "Your people swore at the time that the information was absolutely reliable and that if there was any mistake, a full refund would be given. Now that something has gone wrong, not only are they not refunding the money, they're even denying it. Is this the rule of your Information Building?"

"Stop confusing the public here!"

The middle-aged man sternly said, "Killing someone means paying with your life. This is only natural! No matter what your reasons are, if you killed someone from my Information Building, you must pay the price! Tell me, who are you? How dare you cause trouble in my Information Building? Don't you have any senior disciples behind you to discipline you?"

He obviously wanted to know the origins of Kai and the other two. If they were easy targets, he would definitely give them a good try today. If they had any background, he would also consider it carefully.

Kai said calmly: “I am a disciple of the Sword Sect, Kai.”

“Sword Sect?”

The middle-aged man frowned slightly. The Sword Sect was somewhat famous in Sword Saint City, but it didn’t seem to be enough to make him fearful. He snorted coldly, “So what if they are disciples of the Sword Sect? In Sword Saint City, it’s not the Sword Sect’s turn to run wild!”

Hu Mazi couldn’t help but say, “You know shit! Kai is not an ordinary Sword Sect disciple!”

The middle-aged man ignored Hu Mazi and just stared at Kai: “How dare a disciple of the Sword Sect be so presumptuous? It seems that if I don’t teach you a lesson today, you will not know your place!”

A hint of helplessness flashed across Kai’s eyes. He didn’t expect that the title of Sword Sect would not be very useful.

But when he saw that the other party was about to take action, Kai didn’t want to become an enemy of the Information Building, but soon, Kai thought of someone in his mind!

Chapter 5256

That was Zhao Tianyi whom I met at the city gate!

This guy said that if I have any problems, I can come to him and he will be my big brother.

Isn’t now the perfect time to use Zhao Tian’s name?

Then, Kai slowly uttered a name: “Zhao Tianyi, do you know him?”

“Zhao Tianyi?”

When the middle-aged man heard the name, his expression suddenly changed, and a trace of fear flashed in his eyes.

Zhao Tianyi is a notorious troublemaker in Jiansheng City and its surrounding areas. Relying on the fact that his father is the lord of Yucheng, he acts arrogantly and domineeringly. His strength is also quite impressive, and ordinary forces dare not provoke him.

Seeing the change in the middle-aged man's expression, Kai understood and continued, "Zhao Tianyi and I are brothers. What do you think he would do if he knew that I was wronged by you?"

The middle-aged man's face was gloomy and uncertain. He was indeed a little afraid of Zhao Tianyi, but the Information Building had been operating in Jiansheng City for many years and had backers. If he let Kai and the others go like this, wouldn't he be laughed at if the news got out?

He gritted his teeth and said stubbornly, "Even if you know Zhao Tianyi, so what? This is Sword Saint City, not his father's territory!"

Killing someone means paying with your life, and owing money means paying back your debt. You killed someone, so you must stay! Either you keep your life, or you pay enough immortal stones as compensation, otherwise, don't even think about leaving! "

He obviously wanted to neither offend Zhao Tianyi too much nor save face, so he asked for compensation.

Kai looked at him and said slowly, "I repeat, I am Zhao Tianyi's younger brother. If you are sensible today, return the one million immortal stones and apologize, then perhaps this matter can be dropped."

Otherwise, when my eldest brother comes, let alone compensation, I'm afraid you won't be able to save this information building. He has a bad temper and might really tear down your broken building."

"You dare to threaten me?"

The middle-aged man was angered by Kai's words. He felt that Kai was using Zhao Tianyi to scare him. If he was really scared, wouldn't he appear too cowardly?

He laughed in anger: "Zhao Tianyi? He's nothing! Do you really think that my Information Building was scared into submission? Not to mention that he didn't come, even if he did, you won't have an easy time today!"

As soon as he finished speaking, an arrogant voice came from outside the information building: "Who said I'm nothing? Stand up for me!"

Before he finished speaking, a figure rushed in like a hurricane. It was Zhao Tianyi.

He was followed by several followers, all of whom looked aggressive.

Zhao Tianyi immediately saw the surrounded Kai and Hu Mazi, and then saw the bodies on the ground. He smiled coldly, "What big deal did I have back then? It was just killing a little maid of yours. How dare you, from the Information Building, mess with my brothers?"

Zhao Tianyi walked straight to Kai and patted him on the shoulder: "Little brother, are you okay? If anyone dares to bully you, I will destroy him!"

When the middle-aged man saw Zhao Tianyi really coming, his face turned pale instantly. His previous arrogance disappeared and he stammered, "Zhao... Young Master Zhao, why... why are you here?"

Zhao Tianyi glanced at him sideways: "If I don't come, my little brother will be bullied to death by you, a bastard. Didn't you just say that I'm nothing?"

The middle-aged man quickly shook his head and waved his hands: "No...I didn't say that, Mr. Zhao, you heard it wrong, how dare I say that to you..."

“Bullshit!” a henchman behind Zhao Tianyi yelled, “We heard it clearly outside just now. It was you, old man, who said it!”

Zhao Tianyi took a step forward and stared at the middle-aged man fiercely: “Dare to do it but not take responsibility? I don’t think you can survive this information building!”

Before he finished speaking, he suddenly took action with lightning speed and slapped the middle-aged man’s chest with one palm.

The middle-aged man had no time to react. There was a dull thud, and he flew backwards like a kite with a broken string, hitting the wall heavily and spitting blood. It was obvious that he was dead.

Chapter 5257

The guards in the information building around were so frightened that their faces changed drastically. They wanted to step forward, but they were intimidated by Zhao Tianyi’s aura and dared not move.

Zhao Tianyi clapped his hands and said arrogantly, “Who else is not convinced? Dare to touch my little brother, this is the end! Today I will tear down this broken building and see who dares to be blind!”

Kai was shocked to see Zhao Tianyi being so arrogant. This guy was even more pretentious than himself.

“Get started!”

Zhao Tianyi waved his hands and was about to call on his followers to start demolishing the building.

At this moment, a sinister voice rang out from deep within the Information Building: “How arrogant! You dare to act so wildly in my Information Building? Do you really think I don’t exist?”

As the voice rang out, a fat woman slowly walked out.

She was obese, with a face full of fat and her facial features squeezed together, making her look extremely ugly. One glance at her made people want to look away.

But the aura emanating from her was extremely powerful, and it was obvious that she was at the seventh level of the Earthly Immortal Realm.

Zhao Tianyi raised his eyebrows when he saw this woman: “Who are you? How dare you meddle in your Grandpa Zhao’s business?”

The obese woman sneered, “I’m the owner of this information building, known as the Fat Lady. Zhao Tianyi, your father is the mayor of Yucheng, yet you dare to act so presumptuously in my Sword Saint City? Do you really think no one can stop you?”

Zhao Tianyi said disdainfully, “You ugly bastard, you dare to shout here? My father is the city lord, dare you touch me? Believe it or not, my father will lead the troops to flatten this shabby building of yours!”

“City Lord?”

A hint of sarcasm flashed in the fat woman’s eyes. “In my eyes, no city lord is any good! Even if your father comes, I will beat him up!”

As soon as she finished speaking, the fat woman moved.

Although she was fat, her speed was not slow at all. She rushed towards Zhao Tianyi like a ball of meat.

Zhao Tianyi’s face changed, and he quickly used his spiritual power to resist, but his cultivation was only at the fifth level of the Earthly Immortal Realm, which was far inferior to the fat woman, and he was no match at all.

There were only a few muffled “bang bang bang” sounds, and Zhao Tianyi retreated again and again, being hit continuously and screaming in pain.

After a few moves, he was kicked in the chest by the fat woman, flew backwards, and fell heavily to the ground, spitting blood and dying. It was obvious that he was beaten half to death.

The fat woman walked over to him, picked him up like a chicken, and threw him out of the information building. She said coldly, “Go back and tell your father that if you dare to make trouble next time, it won’t be so easy!”

After dealing with Zhao Tianyi, the fat woman turned around and fixed her eyes on Kai and Hu Mazi like a venomous snake. She said sinisterly, “We’ve dealt with one ignorant person, now it’s your turn. You killed someone from my Information Building, and you still want others to help you? How naive!”

Hu Mazi was so scared that his legs went weak. The fat woman was too strong. Even Zhao Tianyi was easily seriously injured. The two of them were probably no match for her.

Kai, however, remained calm, tightly gripping the sword in his hand, ready to respond to the fat woman’s attack at any time.

He knew that he couldn’t avoid today’s battle.

The fat woman looked at Kai, a cruel smile on her lips: “Weren’t you very talkative just now? Why are you silent now? A disciple of the Sword Sect? Zhao Tianyi’s brother? In front of me, these are useless! Are you ready to pay with your life?”

She walked towards Kai step by step, the aura on her body became stronger and stronger, and the air in the entire hall seemed to be solidified, making it hard to breathe.

The monks around held their breath, watching this tense scene, wondering whether Kai and the other two could escape this disaster.

The fat woman’s figure approached like a ghost, carrying with her the overwhelming pressure of the seventh level of the Earthly Immortal

Realm. The air seemed to be squeezed by her pounce, making a whimpering sound.

Chapter 5258

Her fat palm turned into the size of a palm-leaf fan, and she slapped Kai's door directly with a fishy wind. The move was simple and direct, but it contained a huge force that was enough to crush gold and stone.

“court death!”

Kai's eyes flashed with cold light, and the spiritual power in his body began to circulate without reservation, and the aura of the seventh level of the Scattered Immortal Realm suddenly rose.

He knew that the gap between the two sides' realms was as huge as a chasm, but at this moment there was no way to retreat and he could only fight to the death!

The Dragon Slaying Sword was swung, and a dazzling sword light flashed like a meteor that cut through the darkness, slashing towards the fat woman's giant palm.

This sword condensed all his energy and spirit. The sword was sharp and carried an unstoppable determination.

“An ant trying to shake a tree!” The fat woman raised a trace of disdain at the corner of her mouth, and her palm as big as a palm fan did not dodge or evade, but slapped directly towards the sword light.

“Bang!”

The sword and palm collided, making a deafening sound.

A violent gust of air spread out from the two of them. The monks watching around them all changed color and hurriedly used their

spiritual power to resist. Some monks with lower cultivation were even shocked and retreated repeatedly, with horror written on their faces.

Kai only felt a huge force like a tidal wave coming from the sword. His arm instantly became numb, his knuckles cracked, and blood flowed out.

He felt like he was hit by a high-speed monster. He retreated dozens of steps before he could barely steady himself. There was a fishy and sweet taste in his throat, and he almost vomited blood, but he forced himself to swallow it back.

“Is that all you can do?”

The fat woman sneered and continued her attack. With a flash of her figure, she approached Kai again. Her other palm swept across with a whistling sound, intending to kill Kai with one blow.

The monks around exclaimed:

“It’s over, this young man is in trouble!”

“How can the power of the seventh rank of the Earthly Immortal Realm be resisted by the Scattered Immortal Realm?”

“What a pity. His bones are tough, but his strength is far behind.”

Hu Mazi was so anxious that his eyes turned red. He wanted to go forward to help, but was stopped by several guards from the information building. He could only watch the fat woman’s huge palm about to fall on Kai, and roared in anxiety.

At this critical moment, a hint of madness flashed in Kai’s eyes. Instead of retreating, he advanced and twisted his body forcibly to avoid the vital points. At the same time, the Dragon Slaying Sword in his hand stabbed at the fat woman’s armpit at an incredible angle like a snake coming out of a cave.

This sword is extremely tricky, and he is willing to take a hit from the opponent in order to hurt the enemy!

The fat woman obviously didn't expect Kai to be so ferocious. A hint of surprise flashed in her eyes. She wanted to block with her palm but it was too late, so she could only twist her body forcibly.

“laugh!”

The sword flashed, and although it failed to hit the vital point, it still cut a deep gash on the fat woman's arm, and blood gushed out instantly.

“court death!”

The fat woman was enraged. A small cultivator of the seventh rank in the realm of scattered immortals not only took two of her attacks but also injured her. This was a great shame and humiliation!

She roared angrily, and her attack became more violent. Her palms flew, blocking all of Kai's escape routes. Each blow carried the power to destroy the world.

Kai gritted his teeth and, relying on his exquisite body movements and tenacious will, struggled to hold on against the fat woman's violent attacks.

New wounds continued to appear on his body, blood soaked his clothes, and he looked miserable, but his eyes became brighter and brighter, with a light of indomitable spirit and never giving up.

“Ding! Ding! Ding!”

The sound of weapons clashing was endless. With every collision, Kai's blood would surge and his injuries would worsen, but he could always find a glimmer of hope in desperate situations and endure it.

One, two, three... ten moves!

Kai actually managed to hold out for ten moves from the fat woman!

This result shocked everyone, including the guards in the information building.

None of them had expected that a cultivator of the seventh rank in the realm of scattered immortals could hold out for so long against a building owner of the seventh rank in the realm of earthly immortals. This was beyond their comprehension!

Chapter 5259

“This...how is this possible?”

“A seventh-grade Scattered Immortal Realm warrior can fight against a seventh-grade Earthly Immortal Realm warrior for ten moves without being defeated? This kid is a monster!”

“It’s terrifying! With such resilience and combat power, his future is limitless!”

The discussions around were getting louder and louder, and the eyes looking at Kai were full of shock and admiration.

The eleventh move!

The fat woman’s giant palm finally broke through Kai’s defense and hit his chest heavily.

“puff!”

Kai was hit hard and a mouthful of blood spurted out. His body flew backwards like a kite with a broken string, hit the wall heavily, and slid down. It was unknown whether he was alive or dead.

“Brother Chen!” Hu Mazi’s eyes were bloodshot and he let out a cry of grief. He struggled desperately to rush over, but was held down by the guards.

The fat woman was panting and looking at Kai lying on the ground, a complicated look flashed in her eyes.

She hadn’t expected that it would take so much effort to capture a seventh-grade Loose Immortal Realm cultivator, and that she had even been injured by him. This made her look even uglier. She walked towards Kai step by step, clearly intending to kill him completely.

At this moment, a majestic voice came from outside the information building: “Stop!”

Everyone looked in the direction of the sound and saw a group of monks dressed in Sword Sect uniforms walking in quickly, led by Mo Chen.

Ling Xue also followed him. When she saw Kai lying on the ground, her face turned pale instantly.

Mo Chen glanced around and saw the injured fat woman, Kai lying on the ground, his life or death unknown, and the mess around him. His eyes instantly turned cold.

“Fat Lady OP, what a majestic presence!”

Mo Chen’s voice was calm, yet it carried an undeniable pressure. “How could a disciple of the Sword Sect be treated like this in your information building?”

When the fat woman saw Mo Chen, her expression changed slightly.

Of course she had heard of Mo Chen’s reputation. He was one of the top masters of the Sword Sect and his strength was unfathomable. Although they were both in the Earth Immortal Realm, she was not completely sure that she could defeat him.

However, she had the upper hand at the moment and naturally would not show weakness.

“Fellow Daoist Mo Chen, your disciple committed murder in my information building. Is there anything wrong with me teaching him a lesson?” The fat woman said coldly.

“Murder?”

Mo Chen snorted coldly, “I think there must be a reason. Although my disciple is young, he is not the kind of person who would kill innocent people. I think it is better to let this matter go. My Sword Sect is willing to compensate you for the loss of your Information Building. How about 10,000 immortal stones?”

He didn’t want to make a big deal out of it. After all, this was the Information Building, not the Sword Sect’s territory.

Upon hearing this, the fat woman raised her lips in a mocking tone, “Fellow Daoist Mo Chen, are you treating beggars like this? What my Information Building has lost is not just a maid, but also our reputation! Ten thousand immortal stones? Not enough!”

“How much does the host want?” Mo Chen asked patiently.

“One million immortal stones!” the fat woman lion demanded. “Also, if this kid kowtows and admits his fault, I’ll consider sparing his life!”

“You are going too far!” Ling Xue couldn’t help but shout angrily.

Kai was beaten like this, but the fat woman still made such excessive demands.

Mo Chen’s expression darkened. “Is the OP determined to become an enemy of the Sword Sect?”

“So what if we’re enemies?”

The fat woman was fearless, “Fellow Daoist Mo Chen, don’t think that just because your Sword Sect is famous, my Information Building is afraid of you.

Today, either do as I say, or don’t blame me for being rude!”

“Okay, very good!” Mo Chen nodded, a fierce look flashing in his eyes. “Since the host won’t give me this face, then I can only ask for your advice!”

Before he finished speaking, Mo Chen moved. His figure flashed, and an aura even more powerful than that of the fat woman spread out. In his hand, an ancient long sword appeared. With a flash of sword light, it pierced the fat woman with a fierce momentum.

Chapter 5260

“Come on!” Seeing this, the fat woman stopped talking nonsense and waved her huge palm to meet him.

“clang!”

The sword and palm collided, making an even harsher collision sound, and the violent air wave spread again. This time, many monks with weaker cultivation were directly blown away, and cracks appeared on the walls of the information building.

The two masters fought in an instant!

Mo Chen’s swordsmanship was exquisite, sometimes nimble and graceful, like an antelope hanging its horns, leaving no trace;

Sometimes he was fierce and domineering, like thunder and lightning, unstoppable. Each sword move contained a profound understanding of the sword way, which made the surrounding sword sect disciples’ blood boil.

The fat woman's fighting style was vigorous and powerful. Relying on her cultivation in the Earthly Immortal Realm and her strong body, she was able to counter Mo Chen's sword moves.

Each of her attacks was packed with tremendous force, causing the air to tremble.

The two men fought back and forth until the sky was dark and the sun and moon lost their light.

The sword light and palm shadows intertwined, the roar was endless, the tables, chairs and benches in the information building were smashed to pieces, the walls collapsed, and the entire information building was crumbling.

The monks around had already retreated outside and were watching this duel between top masters from afar, with shock written all over their faces.

"Oh my god! Is this a showdown between top Earthly Immortal Realm masters? Too terrifying!"

"Senior Mo Chen is indeed worthy of his reputation. His swordsmanship is amazing!"

"That fat woman is no ordinary person either. Her physical strength is simply abnormal. She was able to withstand Senior Mo Chen's sword moves without any problem!"

The battle lasted for a long time. Just as the outside world had rumored, the two fought for three hundred rounds!

After three hundred rounds, both of them were out of breath and had injuries on their bodies.

Mo Chen's clothes were torn in several places by the fat woman's palm wind, and there was a trace of blood at the corner of his mouth.

The fat woman was not in a much better condition. The sword had cut several wounds on her body that were deep enough to see the bone. She was bleeding profusely and her breathing was a little disordered.

Obviously, both of them consumed a lot of energy in this battle.

“Mo Chen, your strength is just this much!”

The fat woman was panting, but her eyes were shining with excitement, “Today, let me experience the true strength of your sword sect!”

After saying this, her aura surged again, and it was obvious that she was about to use her most powerful skill.

Mo Chen’s face was solemn, he knew that he was about to reach his limit.

The fat woman’s body was too strong. Although his swordsmanship was exquisite, it was almost impossible for him to completely defeat her.

“Take my last move! Blood Demon Dance!” The fat woman roared, and the blood flowing from the wounds on her body began to boil, swirling around her body, forming streams of blood-colored air.

Her body seemed to have expanded as well, becoming even more terrifying.

“Not good!” Mo Chen was horrified. He could feel the terrifying power contained in this move and didn’t dare to be careless. He concentrated all his spiritual power on the long sword and shouted in a low voice: “Sword Sect’s secret method, all swords return to the sect!”

In an instant, countless sharp sword energies burst out from his body and gathered in the air to form a huge sword shadow, which slashed towards the fat woman with the power to destroy the world.

The blood-colored airflow collided with the huge sword shadow!

“Boom——!”

A deafening roar was heard, and the entire Sword Saint City seemed to shake.

The violent energy storm spread out, razing the information building to the ground. The surrounding buildings were also affected, and many collapsed.

The air was thick with smoke and dust, obscuring everyone's vision.

The monks around held their breath and stared closely at the center of the smoke, wanting to know the outcome of this shocking duel.

After a long time, the smoke and dust gradually dissipated.

In the field, Mo Chen and Fatty appeared in front of everyone again.

Mo Chen was leaning on a long sword, his face was as pale as paper, blood was constantly flowing from the corner of his mouth, and his breath was extremely weak. It was obvious that he was seriously injured and had lost his combat effectiveness.
