Chapter 5441

Kai gritted his teeth and launched more than ten consecutive attacks, his clothes soaked with sweat.

He knew that the difference in strength between the two was as huge as a chasm, and Ling Xi was clearly playing tricks on him.

In a hurry, he suddenly remembered the origin of space and time hidden in his body, which was his most secret trump card.

“Space folding!”

Kai let out a low roar, and the space around him distorted slightly. Ling Xi’s figure became blurred for a moment in his eyes.

He seized this fleeting opportunity, and the Dragon Slaying Sword drew a golden arc, piercing Ling Xi’s heart.

But Lingxi simply flicked the branch with her fingertips, and a ray of green spiritual light flew out, instantly shattering the distorted space. “The origin of space is quite good, but unfortunately my control is too shallow.”

Immediately afterwards, Kai activated the origin of time, trying to slow down Ling Xi’s movements.

The air around them became noticeably stagnant, but Lingxi’s figure remained light and graceful. The branch seemed to have come alive, accurately blocking the Dragon Slaying Sword. “The power of time must be operated by the laws of nature. Forcing it will only backfire on you.”

Continuously using the power of origin made Kai's blood surge. He knew that it was impossible to touch Ling Xi with conventional means.

Looking at Lingxi's calm appearance, a crazy idea arose in his mind – he wanted to take a gamble.

Kai stepped back suddenly, pouring all his dragon blood, spiritual power, and the only trace of original power he could control into the Dragon Slaying Sword. The sword body emitted a sharp buzzing sound, and the golden sword energy condensed into a condensed dragon shape, blasting towards Lingxi with the power to destroy the world.

This attack almost exhausted all his strength. If it had failed to work, he would probably have fallen to the ground exhausted and even damaged his origin.

A hint of surprise flashed in Lingxi's eyes, and then she shook her head slightly, swung the branch, and green spiritual light poured down like a waterfall, instantly defeating the dragon-shaped sword energy.

At the moment when the sword energy dissipated, Kai used the recoil force and pounced towards Ling Xi like a kite with a broken string. The remaining sword energy on the Dragon Slaying Sword slashed towards her clothes.

This was a completely random attempt, a pure gamble for life.

Lingxi obviously didn't expect him to fight so desperately. She was slightly stunned. By the time she reacted, the golden sword energy had already brushed past her sleeve.

"Sizzle"

With a slight sound, a tiny mark was scratched on the light blue palace dress, and the silk thread fell in the wind.

Ling Xi looked down at the marks on her sleeve, then looked up at Kai, who was exhausted and gasping for breath. The amusement in her eyes

faded, and a little more recognition appeared: “You are quite brave, so you win.”

Kai lay on the ground, looking at the mark on Ling Xi’s sleeve, revealing a weak but satisfied smile.

He made the right bet.

“Yunxiu, go gather three hundred golden-armored guards and prepare the flying warship.”

Ling Xi instructed Yun Xiu behind her, then walked up to Kai and injected a cyan spiritual light from her fingertips into his body, “Recover your strength first, we will go to the Sixth Heaven now.”

Half an hour later, in the square of the God King Palace, three hundred golden armored guards, wearing armor and holding spears, stood in neat rows in front of a huge golden warship.

Lingxi stood at the bow of the boat in a green shirt. Kai stood beside her, looking at the scene in front of him, his heart filled with excitement.

Ling Xi raised her hand and waved towards the void, and green spiritual power surged out like a tide. The space in front was easily torn open like thin paper, and a spacious and bright passage appeared in front of everyone. At the other end of the passage, the scene of the sixth heaven could be vaguely seen.

There was no purple lightning of laws, no terrifying backlash force, everything seemed so easy and carefree.

“Let’s go.”

Lingxi spoke softly and stepped into the passage first.

Kai followed closely behind. The moment he stepped into the passage, he looked back in the direction of the eighth heaven with mixed feelings.

When he came here, he tried his best and narrowly escaped death to pass through the boundary barrier, and endured the heart-wrenching backlash of heaven; now Lingxi can open up a safe passage with just a wave of his hand.

Chapter 5442

“As expected… strength is everything.”

Kai muttered to himself.

The warship slowly entered the passage, followed closely by three hundred golden-armored guards, and marched towards the sixth heaven in a mighty force.

The golden warship sped steadily through the void channel. The chaotic air currents on both sides of the channel were isolated by the divine light emitted by the warship, and there was no sense of turbulence at all.

Kai stood by the railing, his eyes sweeping across the golden-armored guards standing in neat rows on the deck, and finally fell on the four people beside Ling Xi at the bow.

The four men were all wearing dark golden armor, with golden helmets covering most of their faces, revealing only a pair of calm and sharp eyes.

Different from the sacred aura emanating from the other golden armored guards, the aura of these four was as restrained as the abyss. Standing there they were like four silent mountains. Although they were clearly very close, they gave people a sense of oppression as if they were thousands of miles away.

Kai used his spiritual sense to investigate several times, but he always felt that the other party’s aura was unfathomable, as if it would cause a huge wave at the slightest touch.

“Miss Yunxiu, the four guards beside the Fourth Palace Master seem different from the other golden armored guards?”

Kai finally couldn’t contain his curiosity and asked Yunxiu who was standing beside him.

Yunxiu followed his gaze, her tone filled with awe, “Those are the Fourth Palace Master’s personal guards, known as the ‘Four Direction Divine Guards.’ They are no ordinary golden-armored guards; they were personally selected by the Divine King for the Fourth Palace Master. Each of them has reached the fifth rank of the Human Immortal Realm and is proficient in combined attack techniques. Together, the four of them can rival even a sixth rank Human Immortal Realm warrior.”

Kai was shocked. The fifth level of human immortal realm?

This kind of strength is already at the legendary level in the sixth heaven. You should know that Wu Hao is only at the second level of the human fairyland now. Unexpectedly, he is just Lingxi’s personal bodyguard.

He increasingly understood Ling Xi’s sincerity in sending troops this time, and he also became more aware of the gap in strength between the Eighth Heaven and the Sixth Heaven.

At this moment, a strong demonic aura suddenly emanated from the passageway in front of the warship, accompanied by a rough, angry roar: “How dare you, you bastard, trespass into the Sixth Heaven! By order of the Lord, anyone entering this place will be killed without mercy!”

A black figure broke through the dim light at the exit of the passage, holding a huge axe in his hand, with demonic energy surrounding him. He was one of the demon generals under the Soul Devourer.

He had just broken through the seal and was ordered to guard the void passage. When he saw the golden warship approaching, he launched an indiscriminate attack.

Kai was about to draw his sword, but he saw Ling Xi didn't even raise her eyelids, still looking at the scenery at the bow, as if the demon general in front of her was just an ant.

"presumptuous."

A cold voice came from the mouth of one of the Four Divine Guards. Before he finished speaking, the Divine Guard disappeared from the spot.

Everyone only felt a flash of golden light, and the next second, before the demon general's axe fell, his head had already soared into the sky, and black blood splattered in the void, and was instantly purified by the spiritual light of the passage.

The whole process took only a moment, and the first-grade demon general in the human fairyland didn't even have the strength to fight back.

The golden-armored guards on the deck remained calm, as if they had just crushed a mosquito. Only Kai's pupils shrank slightly, and he truly felt the shock brought by the absolute strength.

The divine guard flashed back to his original position and stood still, as if he had never made a move.

Ling Xi then said lightly: "Noisy."

The warship passed through the exit of the passage, and the dim sky of the Sixth Heaven came into view. A strong demonic aura came towards them, forming a sharp contrast with the divine light of the warship.

Under Lingxi's guidance, the warship sped towards the snow-capped mountains and soon arrived at the hidden cave.

Outside the cave, Wu Hao, Ling Yue, Zi Yuan and others were waiting anxiously. They saw the golden warship cutting through the sky from afar, and all of them looked surprised and puzzled.

When they saw Kai standing at the bow waving to them, everyone was delighted at first, but then they were shocked by the power of the warship and the golden-armored guards on the deck and were speechless.

Chapter 5443

After the warship landed, Kai helped Ling Xi down from the deck. Wu Hao was the first to come forward. When he saw the divine aura surrounding Ling Xi and the four divine guards with terrifying auras, he quickly bowed and saluted: “Wu Hao of the Divine Kingdom greets the Fourth Palace Master! Thank you for your righteous action and saving the Sixth Heaven from disaster!”

“Fourth Palace Master!”

Taoist Wuji, Ziyuan, Lingyue and others also came forward to pay their respects, their eyes full of excitement and awe.

They didn’t expect that Kai could really invite the Palace Master of the God King Palace, and they didn’t expect that the other party would bring such a powerful team.

Zi Yuan quickly walked to Kai’s side, looked him up and down, her eyes slightly red: “I’m glad you’re okay, we were almost worried to death.”

Kai smiled and patted her hands: “With the help of the Fourth Palace Master, what can happen to me?”

Ling Xi raised her hand to signal everyone to stand up, and said calmly: “Enough of the small talk, where is Soul Devourer now?”

Wu Hao quickly replied, “Palace Master, the Soul Devourer has occupied the Divine Capital City and is plundering resources in an attempt to restore his peak strength.”

“Since that’s the case, let’s go straight to Huanglong.”

As soon as Ling Xi finished speaking, she turned around and stepped onto the warship, “Wu Hao, gather all the surviving monks and follow me to the Divine Capital City.”

“yes!”

Wu Hao was overjoyed and immediately sent a message to the survivors scattered around.

Within just one day, the remaining cultivators from the Sixth Heaven arrived one after another.

Although the tens of thousands of surviving monks were few in number, each of them had a rage for revenge burning in their eyes.

When tens of thousands of monks boarded the warship, the warship actually began to grow automatically.

As they marched towards the Divine Capital City under the protection of three hundred golden-armored guards, a ray of hope seemed to rise in the dim sky.

The warship broke through layers of demonic energy, and all the demonic cultivation teams encountered along the way were killed by the four divine guards, allowing them to travel smoothly all the way.

Standing at the bow of the ship, Kai looked at the outline of the Divine Capital City below which was becoming increasingly clear. Black air rose into the sky from the city, and he could faintly hear shrill wails.

He gripped the Dragon Slaying Sword tightly in his hand, his eyes filled with murderous intent.

Ling Xi walked up to him and said calmly, “When the battle begins, the Golden Armor Guards will hold back the demon cultivator army, and the Four Directions Divine Guards will follow me to deal with the Soul Devourer. You can just take your men and clean out the remaining demon cultivators.”

Kai nodded in agreement, knowing in his heart that Ling Xi was protecting them.

He turned to look at Zi Yuan, Ling Yue and the others beside him and said in a deep voice: “Everyone, today is the day for us to recapture the Sixth Heaven and avenge those who died!”

“Revenge! Revenge! Revenge!”

On the warships, tens of thousands of monks shouted in unison, their voices breaking through the clouds, drowning out the wailing in the city, and echoing for a long time between the heaven and earth of the Sixth Heaven.

The golden warship cut through the demonic energy like a sharp sword and rushed towards the divine capital city occupied by the demonic cultivators.

At this moment, black air was swirling above the city walls of the Divine Capital, like a gigantic black dragon circling in the sky.

The monks’ heads that were originally hung on the city wall had long disappeared, replaced by black runes. The runes flashed with strange light, shrouding the entire city in a gloomy and terrifying atmosphere.

Inside the city, the once bustling streets were now deserted, with only the occasional screams and the wild laughter of the demon cultivators.

The buildings on both sides of the street have long been eroded by evil spirits and have become dilapidated. The walls are covered with black cracks, as if they will collapse at any time.

Inside the palace, there was an even more bizarre scene.

In the center of the hall, the Soul Devourer was suspended in mid-air, surrounded by countless black soul threads. These soul threads were connected to thousands of black soul urns placed around the hall.

In the soul jar, countless white soul lights kept flashing and emitting shrill wails. They were the souls of the monks captured by the evil cultivators.

The Soul Devourer's originally illusory and transparent soul body has now become much more solid. Although it is still in the soul body state, his face can be clearly seen.

Chapter 5444

His face was as pale as paper, his eyes were sunken, but his lips were as red as blood, and his whole body exuded a suffocating evil aura.

Around him, the four demon generals were also absorbing the power of the dead souls.

The body of Demon General Mo Yuan has solidified by nearly 60%, and the originally blurry figure has become clearly visible. He is wearing black armor and holding a huge black spear with strange runes carved on the spear, emitting a terrifying aura.

The situation of the other three demon generals was similar. Their bodies were solidifying at a speed visible to the naked eye, and their strength was constantly improving.

In the corner of the hall, the elder of the Evil Dao Hall, Xue Wuying, watched this scene with his heart aching.

He had painstakingly collected these souls, and had originally intended to use them to practice evil skills and improve his own strength, but he had not expected that they would be forcibly requisitioned by the Soul Devourer.

He watched as the soul light in those soul jars became dimmer and dimmer. Although he was extremely angry, he dared not speak out.

The Soul Devourer was too powerful, and he was simply unable to contend with him. He could only stand aside silently and watch his hard work being plundered by others.

“Hahaha……”

Soul Devourer suddenly burst into wild laughter, his voice filled with excitement and satisfaction. “The power of these dead souls is indeed formidable. It won’t be long before I can fully solidify my physical body and restore my peak strength! By then, I’ll be able to reach not only the Sixth Heaven, but even the Ninth Heaven!”

Demon General Mo Yuan and others also stopped absorbing the souls of the dead, feeling the growing power in their bodies, with smug smiles on their faces.

“Your Majesty is wise!”

Mo Yuan said respectfully, “As long as the Lord recovers his peak strength, no one in the Sixth Heaven will be able to stop us!”

The other three demon generals also echoed, and the hall was filled with their arrogant laughter.

At this moment, a huge roar suddenly came from the sky, and then a golden light broke through the black air covering the sky above the Divine Capital City, illuminating the entire city.

The Soul Devourer and the demon generals’ expressions changed, and they all looked up at the sky.

I saw a huge golden warship slowly emerging from the clouds. On the warship, three hundred golden-armored guards were lined up in an orderly manner, holding spears in their hands, and surrounded by a sacred aura.

At the bow of the warship, Lingxi was dressed in a green shirt, like a fairy from the Ninth Heaven descending to earth. Her eyes were as cold as ice as she stared quietly at the Divine Capital City below.

Beside her, Kai, Wu Hao, Ling Yue, Zi Yuan and others were also looking down with serious eyes.

When they saw that the bodies of Soul Devourer and the Demon Generals had become so much more solid, their faces turned very ugly.

“I didn’t expect this Soul Devourer’s recovery speed to be so fast!”

Wu Hao said in a deep voice, his eyes full of worry, “If this continues, it won’t be long before he can fully recover to his peak strength!”

Ling Yue also frowned. “These demon souls have absorbed a large number of dead souls, and their strength has increased significantly. It seems that this battle will not be so easy.”

Zi Yuan tightly gripped the sword in her hand, her eyes full of tension: “Kai, you must be careful!”

Kai nodded and tightened his grip on the Dragon Slaying Sword in his hand. Golden spiritual power surrounded him, ready to fight at any time.

The warship slowly landed on the square outside the Divine Capital. Ling Xi led everyone off the warship and faced Soul Devourer and others from a distance.

Ling Xi looked at Soul Devourer, her brows furrowed slightly, and a hint of solemnity lingered in her cold voice: “Soul Devourer, I didn’t expect you to be able to absorb the souls of the dead to restore your strength. It seems I still underestimated you.”

Soul Devourer sneered, his eyes full of disdain: “Lingxi, don’t think that you can do anything to me just because you brought so many people! When I fully recover my strength, not to mention you, even if the God King comes, he will not be my opponent!

Chapter 5445

“Arrogant!”

A Four-Directional Divine Guard beside Ling Xi shouted coldly, a powerful aura erupting from his body, “Fourth Palace Master, let me meet this ignorant demon cultivator!”

Ling Xi nodded slightly: “Alright, let him see the power of our temple.”

The divine guard flashed and instantly appeared in front of Soul Devourer, pointing the spear in his hand directly at Soul Devourer’s chest. Divine spiritual power surged out like a tide, carrying the power to destroy the world.

Soul Devourer’s expression changed. He hadn’t expected the opponent to be so fast. He didn’t dare to be careless and quickly released the demonic energy in his body, forming a black shield to resist the attack of the divine guard.

“boom!”

With a loud bang, the sacred spiritual power collided with the black demonic energy, generating a huge shock wave, and the surrounding ground collapsed.

The Divine Guard’s spear was deflected, and he took a few steps back, his face slightly pale. Soul Devourer was also in pain, his body trembling violently, and a trace of black blood flowed from the corner of his mouth.

“I didn’t expect a mere Divine Guard to be so powerful!” Soul Devourer looked at the Divine Guard in shock, his eyes filled with disbelief. “It seems I really underestimated your Divine Temple!”

The Soul Devourer’s body was not completely solidified, and his strength had not reached its peak. He could easily kill cultivators from the sixth heaven, but facing the divine guards from the eighth heaven, the Soul

Devourer felt a bit exhausted. After all, the opponent was a fifth-grade human immortal.

He now has to delay time until his body is completely solid, then he will be fearless.

At that time, even if a cultivator from the Ninth Heaven came, he would not take it seriously.

The divine guard snorted coldly and rushed towards the Soul Devourer again. The spear in his hand danced out golden spear shadows, each of which carried great power.

The Soul Devourer didn't dare to take it head-on and could only keep dodging while releasing demonic energy to counterattack.

The battle between the two grew increasingly intense. Golden spiritual energy and black demonic energy continuously collided in the sky, emitting bursts of loud noises. The surrounding buildings were destroyed by the shockwaves, and deep cracks appeared on the ground.

At this moment, Mo Yuan suddenly rushed towards another divine guard, and the black spear in his hand, carrying a strange demonic energy, pierced straight into the divine guard's chest.

"court death!"

The divine guard shouted coldly and charged forward with the spear in his hand.

"clang!"

With a crisp sound, the two spears collided with each other, and the golden spiritual power and black demonic energy intertwined to form a gorgeous band of light.

Demon General Mo Yuan only felt a powerful force coming from the spear. His arms trembled violently and his body involuntarily took a few steps back.

The Divine Guard sneered, “Humph, with your limited strength, you dare to act so arrogantly in front of us!”

After saying that, the divine guard rushed towards Mo Yuan again, and the battle between the two began.

Seeing this, the other two demon generals also rushed towards the other two divine guards, and four fierce battles suddenly broke out in the sky.

The golden spiritual power and the black demonic energy continued to collide in the sky, making loud noises. The entire Divine Capital City was shaking violently, as if it would collapse at any time.

On the ground, Kai, Wu Hao, Ling Yue and others also started fighting with other demon cultivators.

Kai held the Dragon-Slaying Sword in his hand, and golden sword energy surrounded him. Every time he swung it, he could take the life of a demon cultivator.

He was as fast as lightning, moving freely among the group of demon cultivators like a killing god.

Wu Hao was not to be outdone. He held a golden sword in his hand and was surrounded by powerful spiritual power. Every attack he made carried the power to destroy the world.

His sword skills were powerful and open, and the demon cultivators were unable to resist them at all.

Ling Yue and the disciples of Yaowang Sect released healing and attacking spells. White spiritual power fell on the demon cultivators like raindrops, and each spell could cause huge damage to the demon cultivators.

Chapter 5446

Hu Mazi also showed his powerful strength at this moment. He kept throwing out runes in his hands, and the runes kept releasing purple lightning. Each lightning could kill a demon cultivator in an instant.

The battle became more and more intense, and both sides were blood-thirsty.

In the sky, the battle between the divine guards and the demon generals entered a white-hot stage. The golden spiritual power and the black demonic energy intertwined together to form a gorgeous band of light.

On the ground, the corpses of the demon cultivators piled up like a mountain, and their blood dyed the earth red, forming dark red streams that flowed towards the low-lying areas.

Soul Devourer looked at the scene in front of him, his heart filled with anger.

He didn't expect that the people Lingxi brought were so powerful. Not only were the divine guards able to compete with his demon generals, but even those golden-armored guards were terrifying.

Lingxi's blue shirt rustled in the strong wind, and she finally moved.

It was an indescribable move, as if everything in the world stopped the moment she moved.

The light blue sleeves waved gently, without any earth-shaking sound or dazzling light, but with a heart-pounding pressure.

Soul Devourer's expression changed drastically, he felt an unprecedented fear.

This power has surpassed his cognition and even his understanding of power.

He wanted to escape, but found that his body could not move, as if it was locked tightly by invisible shackles.

“Impossible! How can you be so strong!” Soul Devourer roared in horror, his voice full of disbelief.

Lingxi’s eyes were still cold, as if she was looking at an ant.

She slowly raised her right hand, and a point of green spiritual light condensed at her fingertips. The light seemed weak, but it contained the power to destroy the world.

“Soul Devourer, your time of death has come.” Ling Xi’s voice was calm, yet filled with unquestionable majesty.

At this moment, Soul Devourer suddenly burst into a crazy laugh: “Hahaha… Lingxi, do you think you can kill me like this? You are too naive!”

He turned his head abruptly and shouted to the demon cultivators behind him, “All demon souls, listen up! All demon cultivators, listen up! Stop them! Use your lives to stop them! I want to go deep into the palace and completely solidify my body!”

Before he finished speaking, a dense swarm of black demonic spirits suddenly emerged from the sky, and their number reached as many as 200,000!

These evil spirits let out shrill howls and rushed towards Lingxi and the others like a dark cloud covering a city.

At the same time, tens of thousands of demon cultivators on the ground also rushed up with roars, with crazy lights flashing in their eyes, and they were obviously prepared to die.

Lingxi frowned slightly. She didn’t expect that Soul Devourer would be so crazy.

Two hundred thousand demon souls plus tens of thousands of demon cultivators, although this force is not enough to threaten her, it will take a lot of time to break through these obstacles.

This period of time was enough for the Soul Devourer to escape into the depths of the imperial palace and continue to absorb the souls of the dead to strengthen his body.

“No! We can’t let him get away!”

Kai shouted anxiously, and the dragon-slaying sword in his hand made a buzzing sound.

Ling Xi’s eyes flashed with determination, and she said to the Golden Armor Guards and the Four Divine Guards behind her, “You guys hold back these demon souls and demon cultivators. I’ll take Kai and the others to chase after the Soul Devourer!”

“Yes! Fourth Palace Master!”

The Golden Armored Guards and the Four Divine Guards responded in unison, releasing powerful auras in preparation for this brutal battle.

Ling Xi turned around and said to Kai, Wu Hao, Ling Yue, and Zi Yuan, “Follow me! We must stop Soul Devourer before he completely solidifies his body!”

After saying that, Lingxi took the lead and flew towards the depths of the imperial palace, followed closely by Kai and others.

However, they had not flown far when they were blocked by dense swarms of demonic spirits.

Chapter 5447

These evil spirits pounced on them like mad dogs. They were not afraid of death or pain, they only knew how to attack madly.

“kill!”

Kai roared, and the dragon-slaying sword in his hand drew a golden arc, instantly killing dozens of demon souls.

The golden sword energy swept past like autumn wind sweeping away fallen leaves, and the demon souls screamed and turned into ashes.

However, more demon souls surged up, and their number was simply too great.

Wu Hao also released powerful spiritual power, and the golden sword danced in his hand. Every swing could take away the lives of a large number of demon souls.

However, the number of demon souls was simply too great. Two hundred thousand demon souls surged like a tide, and they could not be killed or destroyed.

Lingxi’s brows furrowed more and more. She didn’t expect that Soul Devourer would use such despicable means.

Although these demon souls are not strong, they have the advantage of large numbers, and their delaying tactics are obviously successful.

“This is not a solution! We must break through as soon as possible!” Ling Xi said in a deep voice, with a hint of determination in her eyes.

She suddenly stopped, turned around and said to everyone, “Follow me, I’ll lead the way!”

Before he finished speaking, a powerful aura suddenly burst out from Lingxi’s body, and light blue spiritual power surged out like a tide, forming a huge blue light curtain.

Wherever the light curtain passed, the demon souls screamed and turned into ashes. Even the stronger demon generals could not withstand this powerful force.

Ling Xi led the charge towards the depths of the palace, followed closely by Kai and the others. Protected by the cyan light curtain, they broke through the demonic spirit's obstruction like a sharp sword.

However, the evil spirits did not give up. They still rushed forward frantically, trying to stop Lingxi and others from advancing.

The battle became more and more brutal. The corpses of the demon souls piled up like mountains. The black blood dyed the earth red and formed dark red streams, flowing towards the low-lying areas.

The air was filled with a strong smell of blood and evil spirits, which made people want to vomit.

Ling Xi and others finally rushed into the depths of the palace, but they did not see the figure of Soul Devourer.

Deep in the palace, black air was swirling like a huge black vortex.

The air was filled with a strong smell of blood and decay, and every breath made people feel nauseous.

On the walls of the palace, the originally exquisite murals had long been eroded by the evil spirit and became blurred, leaving only black cracks, like hideous faces, watching every intruder in the darkness.

"roar–!"

A shrill roar came from the depths of the palace, and then countless black soul threads attacked from all directions. Each soul thread carried a biting chill and a powerful suction force, as if to draw out people's souls.

"careful!"

Ling Xi shouted, and a dazzling green spiritual light immediately burst out from her body, forming a solid barrier to keep the soul threads out.

Kai, Wu Hao, and the others also unleashed their spiritual powers to resist the attacks of the soul threads. Golden dragon might, white immortal energy, and purple lightning intertwined within the palace, forming a stark contrast to the black soul threads.

“Hahaha… Lingxi, do you think you can stop me like this?”

Soul Devourer’s arrogant voice echoed from the depths of the palace, tinged with a hint of sarcasm, “When I fully solidify my body and recover my peak strength, all of you will die!”

Lingxi’s heart tightened. She could sense that Soul Devourer’s voice was clearer and more powerful than before. This meant that his body was solidifying at an extremely fast speed.

“Speed up!”

Ling Xi said in a deep voice, and then increased the output of spiritual power. The green spiritual light became more dazzling, dispelling the surrounding soul threads one by one.

Chapter 5448

Everyone followed Ling Xi and moved cautiously towards the depths of the palace.

Every step they take has to endure the attacks of soul threads and the erosion of demonic energy, and the road ahead is extremely difficult.

Countless corpses of monks were scattered on the ground of the palace. Their faces were as pale as paper, their eyes were wide open, and expressions of fear still remained on their faces.

Obviously, they all died after their souls were extracted by the Soul Devourer.

Ling Yue looked at the corpses, her eyes filled with pity and anger.

She used to be the royal physician of the Divine Kingdom and had spent her life saving lives. But now she could only watch helplessly as so many cultivators died tragically at the hands of the evil cultivators.

“These are all monks from our kingdom of God…”

Wu Hao’s voice trembled slightly. He recognized the attire of some of them. “They are all heroes who sacrificed their lives to protect the Divine Capital…”

Kai clenched the Dragon Slaying Sword in his hand, golden spiritual power surrounded him, and his eyes were full of murderous intent.

He remembered the sacrifice of Commander Ao Lie and the monks who were killed by the evil cultivators in the small town, and the anger in his heart grew stronger and stronger.

“Soul Devourer, I must kill you!”

Kai muttered to himself, and his steps became more determined.

At this moment, a huge roar suddenly came from the depths of the palace, followed by a powerful aura emanating from inside. The entire palace was shaking violently, as if it would collapse at any time.

“not good!”

Lingxi’s expression changed, “His body solidification speed has accelerated!”

Everyone’s heart tightened and they quickly quickened their pace, running towards the direction where the breath came from.

After turning a corner, the scene before them made everyone gasp.

In the deepest part of the palace, the Soul Devourer was floating in the air, surrounded by countless black soul threads, which connected to thousands of black soul urns around him.

In the soul jar, countless white soul lights were disappearing rapidly, obviously absorbed by the Soul Devourer.

The Soul Devourer's body has become nearly 80% solid, and the originally illusory and transparent soul body has now become clearly visible.

He was wearing a black robe, his face was as pale as paper, his eyes were sunken, but his lips were as red as blood, and he exuded a suffocating evil aura.

"Hahaha... I'm finally going to succeed!" Soul Devourer laughed wildly, his voice filled with excitement and satisfaction. "It won't be long before I can completely solidify my body and regain my peak strength!"

Lingxi looked at Soul Devourer with a solemn look in her eyes. She could sense that Soul Devourer's strength was several times greater than before.

"Everyone be careful, his strength has increased several times!" Ling Xi said in a deep voice, the green spiritual light around him became more dazzling, and he was ready to fight at any time.

Kai, Wu Hao and others also released their spiritual power and looked at the Soul Devourer with serious expressions.

They knew that the next battle would be extremely difficult.

"Lingxi, you've arrived just in time!" Soul Devourer slowly turned around, his gaze settling on Lingxi and the others, his eyes filled with disdain and murderous intent. "Since you're so determined to die, I'll grant your wish!"

Before he finished speaking, Soul Devourer flashed and instantly appeared in front of Lingxi. A black magic light condensed in his hand and blasted towards Lingxi.

"careful!"

Ling Xi shouted and quickly released green spiritual power to resist.

“boom!”

With a loud bang, the blue spiritual power and the black magic light collided with each other, generating a huge shock wave.

Lingxi only felt a powerful force coming from the magic light. Her body involuntarily took a few steps back, and a trace of blood flowed from the corner of her mouth.

“What?” Ling Xi looked at Soul Devourer in shock, her eyes filled with disbelief. “Your strength has actually become this strong?”

Ling Xi frowned, her expression extremely solemn. In just such a short time, she was injured by the Soul Devourer.

The Soul Devourer is not yet fully solidified. If he fully solidifies his body, she will probably be defeated in one move.

Chapter 5449

“Hahaha…are you scared now?”

Soul Devourer laughed wildly, “It’s too late!”

After saying that, Soul Devourer rushed towards Lingxi again, and the magic light in his hand became even more intense.

Seeing this, Wu Hao, Kai and others hurried forward to help.

Golden spiritual power, white immortal power, and purple lightning intertwined in the palace and blasted towards the Soul Devourer.

“With your limited strength, you think you can deal with me?” Soul Devourer sneered and released powerful demonic energy from his body, blocking all attacks.

“boom!”

With a loud bang, all the attacks were dispersed by the demonic energy. Their bodies involuntarily took a few steps back and their faces turned pale.

“puff–!”

Ling Xi spat out a mouthful of blood and her body was shaking.

She didn’t expect that the Soul Devourer’s strength would become so strong. Even if they joined forces, they were no match for him.

“Hahaha… now you know how powerful I am, right?” Soul Devourer laughed wildly, his eyes filled with pride and cruelty. “Lingxi, weren’t you very powerful? How come you don’t even have the strength to fight back now?”

Ling Xi gritted her teeth, endured the pain in her body, released the green spiritual power again, and rushed towards the Soul Devourer.

“You don’t know what death is!” Soul Devourer snorted coldly, and condensed an even more powerful magic light in his hand, blasting towards Lingxi.

“boom!”

There was another loud bang, and Lingxi’s body was hit by the magic light. She flew backwards like a kite with a broken string, fell heavily to the ground, and spurted out a mouthful of blood.

“Fourth Palace Master!” Kai shouted and wanted to go forward to help, but was blocked by the demonic energy released by the Soul Devourer.

“Hahaha… Now it’s your turn!” Soul Devourer laughed wildly, his eyes falling on Kai, Wu Hao and others, his eyes full of murderous intent.

Everyone looked at Soul Devourer, their hearts filled with fear and helplessness.

They didn't expect that when they were about to win, they were thrown into a desperate situation because of the sudden surge in Soul Devourer's strength.

"What should we do? We are no match for him!" Wu Hao's voice trembled slightly. He could feel that Soul Devourer was stronger than all of them combined.

Ling Yue looked at Ling Xi lying on the ground seriously injured, her eyes full of worry and helplessness.

She is the leader of the Yaowang Sect and is proficient in medicine, but she is powerless to deal with the current situation.

Zi Yuan tightly gripped the sword in her hand, her eyes full of fear, but she still endured it and refused to retreat.

She knew that now was not the time to be afraid, she had to fight with everyone until the last moment.

Kai looked at the Soul Eater, his heart filled with resentment and anger.

He remembered the tragic situation in the Sixth Heaven, the dead monks and civilians, and the sacrifice of Commander Ao Lie.

"I can't give up!"

Kai muttered in his heart, he clenched the dragon-slaying sword in his hand, golden spiritual power surrounded him, and the power of the dragon bloodline began to awaken.

"Even if I die, I will fight him!" Kai shouted and rushed towards the Soul Devourer. The Dragon Slaying Sword in his hand slashed towards the Soul Devourer with the power to destroy the world.

“You’re asking for your own death!” Soul Eater snorted coldly, waved his hand, and a black demonic light blasted towards Kai.

“boom!”

With a loud bang, Kai’s body was hit by the magic light and flew backwards like a kite with a broken string. He fell heavily to the ground and spurted out a mouthful of blood.

The gap in strength between Kai and Soul Devourer is too huge, so there is no way he can be a match for Soul Devourer.

Even if Kai unleashed his dragon bloodline, he still couldn’t hurt the Soul Devourer.

The gap between them is almost two major realms. Even if Kai is very talented, it will be useless against such a monster!

“Kai!” Zi Yuan shouted and wanted to go forward to check Kai’s injuries, but was instantly knocked away by the demonic energy released by the Soul Devourer.

Chapter 5450

“Hahaha…” Soul Devourer laughed wildly, his eyes filled with pride and cruelty. “All of you will die! No one can stop me!”

Outside the palace, the shouts and cries of the demon army were getting closer and closer. Two hundred thousand demon souls and tens of thousands of demon cultivators came like a tide, surrounding the entire palace.

Black demonic energy rose into the sky and merged with the dark clouds in the sky. The entire Divine Capital City was shrouded in a gloomy and terrifying atmosphere.

“This is your fate!” Soul Devourer sneered, “Today, not only will you die, but everyone in the entire Sixth Heaven will die! No one can stop me!”

Everyone looked at Soul Devourer, their hearts filled with despair.

They knew that they might really die here today, and the Sixth Heaven might really be over.

At this moment, Lingxi suddenly struggled to stand up. She wiped the blood from the corner of her mouth and looked at Soul Devourer with a firm gaze: “Soul Devourer, even if we die here today, you can’t do whatever you want! One day, someone will come to deal with you!”

Soul Devourer’s face was full of disdain: “It’s a pity that you won’t see that day!”

After saying this, Soul Devourer released powerful demonic energy from his body and blasted towards Lingxi and the others.

Everyone looked at the incoming evil energy, their hearts filled with despair.

The walls of the palace began to crack under the impact of the demonic energy, the tiles on the roof fell off one after another, and the entire palace was shaking violently, as if it would collapse at any time.

The demon army outside cheered, they knew that victory was just around the corner.

Inside the palace, Lingxi, Kai, Wu Hao, Lingyue, Ziyuan and others stood back to back, their faces full of despair, but their eyes still flashed with an unyielding light.

No one could have imagined that things would develop to this point.

“Boy, you are no match for that Soul Devourer. Let me do it. I might be able to hold out for a while. You tell the others to flee quickly…”

At this time, the Red Cloud Demon Lord, who had disappeared long ago, actually spoke.

Hearing the voice of Scarlet Cloud Demon Lord, Kai was pleasantly surprised. “Senior, why haven’t you given me any information lately? You haven’t spoken a word yet. I can’t find your presence in my sea of consciousness. What on earth has happened?”

“Don’t say anything. If I’m still alive, I’ll explain it to you. Just give me control of your body.”

The Red Cloud Demon Lord said anxiously!

Kai nodded and quickly spread out his spiritual sense, allowing the Red Cloud Demon Lord in his sea of consciousness to control his body.

As a black mist enveloped Kai, Kai’s entire temperament changed.

His eyes turned blood red and a terrifying demonic aura erupted from his body.

Seeing Kai’s sudden change, everyone was shocked. Only Hu Mazi knew that Kai was controlled by the Red Cloud Demon Lord again.

Looking at the evil energy coming from the Soul Devourer, Kai swung the Dragon Slaying Sword in his hand, and the evil energy was directly cut off, and then disappeared without a trace.

Soul Devourer was stunned for a moment, then asked with surprise in his eyes: “Chi Yun? You old fellow are still alive?”

“You are not dead yet, why should I die?” Kai smiled coldly.

“Hahaha… Even if you’re not dead, you’re just a soul that can only inhabit another person’s body. You still want to go against me?”

“Even if your body was intact, you were no match for me back then. Now that you’re just a wisp of soul left, you’re even less of a match for me.”

Soul Devourer laughed loudly.

They were all demon cultivators from the Ninth Heaven and knew each other, so when Demon Lord Chiyun just took control of Kai's body, Soul Devouring Lord recognized him.

"I don't need to be your opponent, I just need to entangle you..."

After saying that, Kai rushed forward instantly with the Dragon Slaying Sword in hand. While rushing forward, he shouted to Ling Xi and the others, "Hurry up and leave...

Chapter 5451

"Kai..."

Ziyuan didn't want to leave and wanted to help Kai.

However, Hu Mazi grabbed him and said, "He's not Kai anymore. Don't mess with him. Once we run away, he'll find a way to escape."

Wu Hao, Taoist Wuji, Ling Yue and others also knew that Kai was possessed. Although they didn't know who possessed him, he was definitely helping them.

So these people began to rush out of the palace desperately.

"None of you can escape..."

Seeing this, Soul Devourer was about to chase after him, but was stopped by Kai!

Kai, who was possessed by the Red Cloud Demon Lord, held the Dragon Slaying Sword in his hand. Black mist shrouded his body, his eyes were as red as blood, and his whole body exuded a terrifying aura that was completely different from before.

It was a kind of demonic power that had been precipitated after countless killings. It was deeper and more frightening than the demonic energy on the Soul Devourer.

“Chi Yun, you are seeking death!”

Soul Devourer looked at Kai who was blocking his way, and a trace of solemnity flashed in his eyes.

Although only a wisp of soul remains of the Red Cloud Demon Lord, he is, after all, a powerful demon cultivator who once dominated the Ninth Heaven. Even if his strength is not as great as before, he is by no means an easy opponent.

“court death?”

Kai’s lips curled up into a cold smile, and his voice became low and hoarse, completely imitating the tone of the Scarlet Cloud Demon Lord, “Soul Devourer, it’s time to settle the score between you and me!”

Before he finished speaking, Kai’s figure flashed and disappeared from the spot in an instant.

The next second, he appeared behind Soul Devourer, and the Dragon Slaying Sword stabbed towards Soul Devourer’s back with a sound of breaking through the air.

On the sword, black demonic energy and golden spiritual power intertwined together, forming a strange and powerful force.

Soul Devourer’s expression changed. He hadn’t expected Scarlet Cloud Demon Lord to be so fast. He quickly turned around, releasing powerful demonic energy from his body, forming a black shield to block Kai’s attack.

“clang!”

With a loud bang, the Dragon Slaying Sword pierced the black shield, making a harsh metal collision sound.

The black shield trembled violently and cracks appeared, but it finally blocked the attack.

Soul Devourer was shocked and took a few steps back, his expression becoming even more solemn: “I didn’t expect that even though you only have a trace of soul left, you still retain so much strength!”

“Huh, do you think I stayed in this boy’s body for nothing?”

Kai snorted coldly and rushed towards Soul Devourer again. “Not only have I recovered some of my strength, I’ve also learned a lot from this kid!”

The battle between the two broke out instantly, and the black demonic energy and golden spiritual power intertwined in the palace, forming gorgeous and dangerous light bands.

Every collision caused a deafening noise, and the entire palace was shaking violently, as if it would collapse at any time.

On the other side, Wu Hao and others began to rush towards the outside of the capital.

Let Kai sacrifice his life to create an opportunity for them to escape, and they must seize it.

“Go!”

Ling Xi shouted loudly, wiped the blood from the corner of her mouth, and burst out with green spiritual power again, “The golden armored guards will lead the way, and the four divine guards will cover the rear!”

“yes!”

The three hundred golden-armored guards responded in unison, raising their spears. Golden spiritual light surged out like a tide, tearing a hole in the group of demon souls.

“Want to escape? Not that easy!”

A demon general roared and rushed forward, holding a black sword with a strange demonic aura, slashing straight at Lingxi.

“court death!”

The divine guard on the left flashed, and his spear shot out like a poisonous snake from a hole, instantly piercing the chest of the demon general.

“Go!” Lingxi shouted, “Don’t fight!”

Wu Hao supported the injured Ling Yue, Zi Yuan followed closely behind, and Hu Mazi was the last one to leave. Under the cover of the golden armored guards, everyone rushed towards the outside of the city of Shendu.

“Stop them!”

The demon cultivators roared and pounced, and the black demonic energy enveloped them like a dark cloud.

Chapter 5452

“Holy Judgment!”

The leader of the Golden Armor Guard raised his spear high, and golden light burst out from the tip of the spear, forming a huge beam of light that knocked away all the demon cultivators in front of him.

“ah–!”

The demon cultivators let out shrill screams, and their bodies turned to ashes in the golden light.

However, more demonic souls and demonic cultivators surged forward, pouncing on the crowd like mad dogs, trying to prevent them from escaping at all costs.

“Fourth Palace Master, this isn’t going to work!” Wu Hao shouted anxiously, “There are too many demon cultivators!”

Lingxi’s face was solemn. She could feel the spiritual energy in her body being rapidly depleted: “Hold on! As long as we can break out of the city gate, there is hope!”

“The city gate is just ahead!”

Zi Yuan pointed to the city gate not far away, a glimmer of hope in her eyes.

However, at this moment, dense black demonic spirits suddenly emerged from the sky. They gathered together to form a huge black barrier, blocking everyone’s way.

“Hahaha…you can’t escape!”

Soul Devourer’s arrogant voice came from the direction of the palace, “Today, all of you will die!”

“What should we do?” Ling Yue asked worriedly. Her injuries made it difficult for her to move.

Ling Xi took a deep breath, a look of determination flashed in her eyes: “Golden Armor Guards, listen up! Attack with all your strength!”

“yes!”

The three hundred golden-armored guards responded in unison, releasing all the spiritual power in their bodies. The golden light

gathered together to form a huge golden spear, which stabbed towards the black barrier.

“boom!”

With a loud bang, the golden spear collided with the black barrier, generating a huge shock wave.

The black barrier trembled violently and cracks appeared on it, but it was not broken after all.

“it’s useless!”

Soul Devourer’s voice was tinged with sarcasm, “Do you think you can break through my defenses like this?”

Ling Xi gritted her teeth. She knew that if they couldn’t break through this barrier as soon as possible, they would all die here.

“Four Divine Guards, follow me!” Ling Xi shouted.

“yes!”

The four divine guards responded in unison, releasing the powerful spiritual power in their bodies and merging it with Lingxi’s blue spiritual power.

“Holy Light!”

Ling Xi shouted, and the green spiritual light and golden spiritual power intertwined together to form an even more dazzling light, which blasted towards the black barrier.

“boom!”

There was another loud noise, and the black barrier finally couldn’t bear the weight, leaving a huge gap.

“Charge!”

Lingxi shouted and rushed towards the gap first.

Wu Hao, Zi Yuan, Ling Yue, Hu Mazi, Taoist Wuji and others followed closely behind, and under the cover of the golden armored guards, they rushed towards the outside of the Divine Capital.

“Stop them!”

The demon cultivators roared and rushed forward, trying to fill the gap.

“Don’t even think about it!” The leader of the Golden Armor Guards shouted, waving the spear in his hand. The golden spear shadows flew like pear blossoms, killing all the demon cultivators who rushed up.

Everyone finally rushed out of the Divine Capital City, but the demon cultivators did not give up and continued to chase them closely.

“We must leave here as soon as possible!” Ling Xi shouted.

No one dared to stay and fled desperately into the distance.

Behind him, loud noises came from the direction of the Divine Capital City. Obviously, Kai, who was possessed by the Red Cloud Demon Lord, was still fighting fiercely with the Soul Devourer.

“Kai he…” Zi Yuan looked back worriedly.

“Don’t worry,” Hu Mazi comforted him, “The Scarlet Cloud Demon Lord won’t be defeated so easily. He will definitely find a way to escape.”

Lingxi looked at the Divine Capital City in the distance, a complicated look flashing in her eyes: “We owe him a life.”

Everyone was silent. They all knew that if it weren’t for the Red Cloud Demon Lord possessing Kai to stop the Soul Devourer, they would probably all die in the Divine Capital City today.

“Let’s find a safe place to heal our wounds first. After we recover our strength, we’ll find a way to go back and save him.” Ling Xi said.

Everyone nodded and continued to flee into the distance.

Chapter 5453

Their figures gradually disappeared on the horizon, leaving behind only the Divine Capital City occupied by the demonic cultivators and the figures still engaged in a fierce battle in the city.

Kai in the palace held the Dragon Slaying Sword, and his sword skills were powerful and open, retaining the original domineering power of the Dragon Slaying Sword while incorporating the weirdness of the demon clan.

Each of his swords carries the power to destroy the world, yet is unpredictable and impossible to defend against.

The Soul Devourer was not to be outdone. Countless black soul threads surrounded his body. These soul threads seemed to have life and kept attacking Kai.

Each soul thread carried a powerful suction force, as if it wanted to pull out Kai’s soul.

“Soul-devouring Silk!”

A trace of fear flashed across Kai’s eyes. “I didn’t expect you to have cultivated this evil skill to such a level!”

The Soul-Eating Silk is the Soul-Eating Lord’s famous skill. It can directly attack the enemy’s soul and is extremely vicious and domineering.

Back then in the Ninth Heaven, countless cultivators died at the hands of this soul-devouring silk.

“Huh, do you think you’re the only one making progress?”

Soul Devourer sneered, “Although I have been trapped in this sixth heaven for these years, I have not been idle!”

Countless soul-devouring threads attacked Kai, each carrying a deadly threat.

Kai did not dare to be careless, and quickly circulated the demonic energy and spiritual power in his body to form a protective shield around him.

“Ding ding ding!”

The soul-devouring silk kept hitting the protective shield, making crisp sounds.

The protective shield was shaking violently and was in danger of being breached at any time.

Kai gritted his teeth and continuously injected the strength in his body into the protective shield.

He knew that once the protective shield was breached, these soul-devouring threads would instantly extract his soul. Not only would he die, but the body he was parasitizing would also suffer.

“Chi Yun, you are offering a pointless resistance!”

Soul Devourer sneered, “You are no match for me. Just surrender! I might consider sparing a wisp of your soul!”

“surrender?”

Kai said disdainfully, “Do you think I, Chi Yun, am the kind of person who is afraid of death? Even if I die, I will drag you down with me!”

After saying that, Kai suddenly increased the output of demonic energy, and the protective shield instantly became more solid.

Then, he rushed towards the Soul Devourer with the Dragon Slaying Sword in hand. The black demonic energy on the sword surged, forming a huge black sword energy.

“court death!”

The Soul Devourer snorted coldly, formed seals with his hands, and countless soul-devouring threads gathered together to form a huge black ghost claw, grabbing towards Kai.

“boom!”

The black sword energy and the black ghost claw collided with each other, producing a huge shock wave.

The entire palace was shaking violently, tiles on the roof were falling off, and bottomless cracks appeared on the walls.

Kai was shocked and took a few steps back, with a trace of blood flowing from the corner of his mouth.

He could feel his strength rapidly depleting. After all, he was only a wisp of soul, and his ability to exert strength was limited. Long-term, high-intensity combat was a huge burden for him.

Soul Devourer was not feeling well either. Although his body had become nearly 80% stronger, it had not yet fully recovered.

Fighting against an opponent like the Scarlet Cloud Demon Lord was also a considerable drain on him.

“Chi Yun, do you think you can stop me like this?”

Soul Devourer sneered, “You are too naive!”

After saying this, Soul Devourer suddenly opened his mouth and spat out a mouthful of black devil blood.

The devil's blood turned into a blood mist in the air, instantly covering the entire palace.

In the blood mist, countless shrill screams were heard, as if countless wronged souls were struggling in it.

"Blood Soul Curse!"

Kai's expression changed, and a trace of fear flashed in his eyes, "You actually even practiced this kind of forbidden technique!"

The Blood Soul Curse is an extremely sinister forbidden technique that requires one's own blood and the souls of countless dead souls to cast.

Chapter 5454

Performing this technique not only consumes a large amount of cultivation, but also causes great damage to oneself. However, its power is also extremely terrifying, and can instantly increase strength several times.

Soul Devourer was obviously forced into a corner, and actually used this forbidden technique at all costs.

"Hahahaha...this is nothing compared to the price I pay to kill you!"

Soul Devourer laughed wildly. His body became more solid under the blood mist, and his aura became more terrifying. "Today, you will definitely die!"

After saying that, Soul Devourer flashed and instantly appeared in front of Kai. He formed his hands into claws and grabbed Kai's chest.

Above his hands, black demonic energy and blood-colored mist intertwined together, forming a strange and powerful force.

Kai didn't dare to take the attack head on and quickly retreated. However, Soul Devourer's speed was too fast and he had no time to dodge.

"puff!"

Soul Devourer's hands grabbed Kai's chest directly, and black demonic energy and blood-colored mist instantly poured into Kai's body.

"ah!"

Kai let out a scream. He could feel that his soul was being constantly eroded by this evil force.

Countless shrill screams rang out in his sea of consciousness, as if countless wronged souls were tearing his soul apart.

"Chiyun, feel this endless pain!"

Soul Devourer laughed wildly, "This is what happened to you when you attacked me!"

It turns out that when Demon Lord Scarlet Cloud and Lord Soul Devourer were in the Ninth Heaven, they were brothers from the same sect.

But later, due to some grudges, the Scarlet Cloud Demon Lord launched a surprise attack on the Soul Devourer, causing the Soul Devourer who was almost invincible in the Ninth Heaven to be injured.

It was for this reason that the Soul Devourer was hunted down and then suppressed to the Sixth Heaven.

For so many years, Soul Devourer has always hated Scarlet Cloud Demon Lord to the core. Now that he finally has the chance to take revenge, he naturally will not show mercy.

“Soul Devourer, you…you will not die a good death!”

Kai said gritting his teeth. He could feel that his soul was rapidly dissipating.

“Not a good death?”

Soul Devourer sneered, “At least I’m still alive, but you’re about to be torn to pieces!”

After saying this, Soul Devourer increased his power output, and more black demonic energy and blood-colored mist poured into Kai’s body.

Kai’s body began to become transparent, and the black mist on his body became lighter and lighter.

He knew that he didn’t have much time left.

“Boy, it seems I can’t help you…”

The voice of the Scarlet Cloud Demon Lord echoed in Kai’s mind, with a hint of helplessness and unwillingness, “I have done everything I can. Now it’s up to you…”

After saying this, the voice of Demon Lord Chiyun gradually disappeared, and Kai’s body stopped struggling.

Soul Devourer looked at Kai, who had stopped struggling, and a smug smile appeared on his face: “Hahaha… Chi Yun, you are finally dead! I have finally avenged my past!”

However, at this moment, Kai suddenly opened his eyes.

His eyes were no longer as scarlet as before, but had returned to their original clarity.

“What?”

Soul Devourer’s face changed. He could feel that the evil energy in Kai’s body was rapidly dissipating, and was replaced by a pure spiritual power.

It turned out that at the last moment when the soul of the Red Cloud Demon Lord was about to dissipate, he injected all of his remaining strength into Kai’s body, helping Kai regain control of his body.

“Soul Devourer, do you think this is the end?”

Kai said coldly. He could feel that although his body had been severely injured, a strange power had appeared in his body.

Although this power is weak, it is extremely pure, and it is the last gift that Demon Lord Scarlet Cloud left for her.

“Boy, do you think you can escape?”

Soul Devourer sneered, “Even if that old fellow Chi Yun gave you some strength, you are still no match for me!”

After saying that, Soul Devourer reached out to grab Kai again.

Chapter 5455

Kai knew that he was no match for the Soul Devourer.

The only thing he could do now was to run away.

“Fire Control Step!”

Kai let out a low roar, and the spiritual power in his body instantly burst out, and a ball of golden flame appeared under his feet.

Kai's figure instantly turned into a golden stream of light and rushed out of the palace.

Soul Eater did not expect that Kai would suddenly display such fast skills. By the time he reacted, Kai had already rushed out of the palace.

"Want to run? No way!"

Soul Devourer snorted coldly, his figure flashed, and he chased after Kai.

The two of them, one in front and one behind, quickly shuttled through the streets of the Divine Capital. Golden light and black demonic shadows intertwined on the streets, forming an eerie and beautiful landscape.

Kai tried his best to perform the Fire Control Step, and his speed had reached the limit.

But the Soul Devourer's speed was too fast, and the distance between them was shrinking.

"Boy, you can't get away!"

Soul Devourer sneered, his hands already gathering powerful strength, ready to deal a fatal blow to Kai.

Kai looked back at the Soul Devourer who was getting closer and closer, his heart filled with anxiety.

He knew that if he continued like this, he would be caught up by the Soul Devourer sooner or later.

"Boy, it seems I'm really going to disappear..."

The voice of the Scarlet Cloud Demon Lord resounded in Kai's sea of consciousness once again, but it had become extremely weak. "This is the last thing I can do to help you..."

After saying this, the faint soul in Kai's sea of consciousness suddenly burst out with a strong light, and then a powerful force burst out from Kai's body.

"What?"

Soul Devourer's face changed. He could feel that Kai's speed suddenly became faster, even faster than his.

It turned out that at the last moment before disappearing, Demon Lord Chiyun injected all his remaining strength into Kai's body, helping Kai to increase his speed instantly.

Kai's figure turned into a golden lightning and disappeared at the end of the street in an instant.

Soul Devourer looked at the disappearing Kai with an unwilling look on his face: "Damn it! He got away again!"

He knew it was too late to catch up now.

Although the last burst of power from the Scarlet Cloud Demon Lord was powerful, it could not last long.

Once that force dissipates, Kai's speed will return to normal.

But by then, Kai had disappeared without a trace.

"Boy, just wait for me!"

Soul Devourer roared, "If I meet you again next time, I will make sure your soul flies away!"

After saying this, Soul Devourer turned and walked towards the palace.

He needs to restore his body as soon as possible and then seek revenge on Kai.

At this moment, Kai had already run out of the capital city and came to a wilderness outside the city.

He stopped and gasped for breath. The escape had almost exhausted all his strength.

“Senior Chi Yun, are you still there?”

Kai called out in his sea of consciousness, his heart full of worry.

However, there was silence in the sea of consciousness, and there was no response.

That faint soul has disappeared, leaving only a faint trace to prove that it once existed.

Kai knew that the Red Cloud Demon Lord had completely disappeared.

In order to save him, the Red Cloud Demon Lord paid the price of his soul being torn apart.

“Senior, senior…”

Kai continued to shout and tried hard to search in his sea of consciousness, but there was no trace of Chi Yun at all.

Kai suddenly fell to the ground. The disappearance of Demon Lord Chiyun was a huge blow to him.

He had promised Demon Lord Scarlet Cloud that he would help him recover his physical body.

For such a long time, Demon Lord Chiyun helped him time and time again, but in the end, Kai did not fulfill his promise.

“Senior, how could you disappear completely like this? I haven’t restored your body yet.”

“I, Kai, have lived an upright life and have never let anyone down, but I feel sorry for you…”

Kai burst into tears, he was really sad.

Chapter 5456

“Damn, a grown man, why are you crying so hard? I haven’t completely disappeared, but I’m almost gone. With the power of my soul, even if I reach the ninth heaven, it will be difficult to restore my body.”

At this time, the voice of Demon Lord Chiyun sounded.

Upon hearing that the Scarlet Cloud Demon Lord was not dead, Chen Ping quickly wiped away his tears and said, “Senior, even if you cannot recover your physical body, you can stay in my sea of consciousness for the rest of your life.”

“Forget it, I don’t want to stay in your sea of consciousness forever. You play with women every day, and I watch you every day. I can’t stand it…”

The Red Cloud Demon Lord said!

Chen Ping blushed immediately upon hearing this, his face filled with embarrassment. He quickly changed the subject and said, “Senior, why have you been quiet for so long? I thought something had happened to you.”

“It’s all because of the Evil Dao Palace. These guys are extremely sensitive to souls. If I show up, they’ll hunt you down every day. Maybe even my soul will be used to make pills.”

“Don’t underestimate the Evil Path Palace. No one knows where these guys’ headquarters is. Ten thousand years ago, it seemed that the Evil Path Palace was present in every world in this heaven.”

Demon Lord Chiyun instructed Chen Ping.

“Damn, is the Evil Palace so awesome?” Chen Ping frowned slightly.

“Okay, I need to rest now. I’m afraid if I say a few more words, this little bit of my soul will really disappear.”

After saying this, Demon Lord Scarlet Cloud fell silent.

Chen Ping collected his thoughts and began to look for Lingxi and the others.

At this moment in the Divine Capital, Soul Devourer was standing at the highest point of the palace, overlooking the entire city.

His body has become completely solid, and his strength has recovered to 80% of its peak period. It won’t take long for him to fully recover.

By then, not to mention the sixth heaven, he would be able to even break into the ninth heaven.

“The Sixth Heaven will soon be mine…”

Soul Devourer sneered, a trace of greed and cruelty flashing in his eyes, “As for that brat, and those monks who escaped, I won’t let any of them go!”

After saying this, Soul Devourer turned and walked towards the depths of the palace.

He needs to recover to his peak strength as soon as possible, then unify the entire Sixth Heaven, and even challenge higher worlds.

After escaping, Chen Ping took a short rest in the wilderness and then began to look for the whereabouts of Ling Xi and others.

He knew the situation was critical and he had to find them as soon as possible.

After some searching, Chen Ping finally found Ling Xi and others in a hidden valley.

“Chen Ping!”

Seeing Chen Ping return safely, Zi Yuan was the first to rush up, her eyes filled with tears of excitement.

“I’m so glad you’re okay!”

Wu Hao, Ling Yue, Hu Mazi and others also gathered around, with happy smiles on their faces.

“I’m fine, sorry for making everyone worried.”

Chen Ping smiled and said, “Senior Chi Yun helped me block the Soul Devourer, so I was able to escape successfully.”

“Senior Chi Yun…” Hu Mazi asked worriedly.

“He…he paid a huge price to save me.”

Chen Ping’s voice was a little low. “But he hasn’t completely disappeared. It just takes a long time to recover.”

After hearing this, everyone felt heavy in their hearts.

They all knew that if it weren’t for the Red Cloud Demon Lord who risked his life to help them, they would probably have died in the Divine Capital City today.

“By the way, how are everyone’s injuries?” Chen Ping asked with concern.

When the injuries were mentioned, everyone’s faces turned a little ugly.

“We all suffered serious injuries and it will take a long time to recover.”

Wu Hao smiled bitterly and said, “Especially the Fourth Palace Master. She was seriously injured while trying to cover our retreat.”

Chen Ping looked at Ling Xi and saw that her face was pale and her breathing was a little unstable. It was obvious that she was seriously injured.

“Fourth Palace Master, are you okay?” Chen Ping asked worriedly.

Chapter 5457

Lingxi shook her head: “I’m fine, I just need to rest for a while.”

“But now the Divine Capital City has been occupied by the Soul Devourer. It is too dangerous for us to stay here.”

Ling Yue said worriedly, “Soul Devourer will soon send people to hunt us down.”

Everyone’s expressions grew even more solemn after hearing this. They knew Ling Yue was right. Given Soul Devourer’s personality, he would definitely not let them go.

“I have a suggestion.”

Ling Xi suddenly said, “I can take everyone to the Eighth Heaven. That is the territory of the Divine King Palace. Even if the Soul Devourer is so powerful, he wouldn’t dare to act recklessly there.”

When everyone heard this, a glimmer of hope flashed in their eyes.

The Eighth Heaven is the place that everyone looks out to, and everyone hopes to climb to a higher world.

Moreover, the Eighth Heaven Divine Palace is very powerful. Even if the Soul Devourer has recovered his peak strength, he may not dare to act recklessly there.

“But Fourth Palace Master, your injuries…” Wu Hao said worriedly.

Ling Xi shook her head: “Although my injuries are serious, I can still force open the space channel. However…”

Lingxi paused, a look of embarrassment on her face. “But with my current strength, I can only open a small space channel at best, and I can only transport a few people at a time. It will take a long time to send everyone to the Eighth Heaven.”

After hearing this, the hope on everyone’s faces dimmed again.

There are hundreds of them now, and if they can only teleport a few at a time, it will take many teleportations.

During this period of time, Soul Devourer may have sent people to hunt them down.

“What should I do?”

Zi Yuan said worriedly, “We can’t just stay here and wait for Soul Devourer to kill us, right?”

Everyone was silent, and for a moment, the valley was filled with an atmosphere of despair.

At this moment, Chen Ping suddenly thought of something.

“I have a solution!”

Chen Ping suddenly said.

Everyone looked at Chen Ping, their eyes full of confusion.

Chen Ping smiled slightly and took out a small black tower-shaped magic weapon from his storage ring.

“This is…” Ling Xi looked at the small black tower, a hint of surprise flashing in her eyes, “Could this be the legendary Demon Suppression Tower?”

“Yes, this is the Demon Suppression Tower.” Chen Ping said with a smile, “This tower can not only be used to suppress monsters, but also has a special function.”

“What function?” everyone asked curiously.

“The flow of time inside this tower is different from that outside.”

Chen Ping explained, “One day outside is equivalent to a hundred days inside the tower. Everyone can enter the tower to practice, and this way they will recover quickly.”

When everyone heard this, there was a flash of shock in their eyes.

One day outside is equivalent to a hundred days inside the tower. This is simply incredible! If they enter the tower to practice, it will only take a few days to recover from their injuries and even improve their strength.

“This… is this true?” Ling Xi asked in disbelief.

Chen Ping nodded: “Of course it’s true. The flow of time inside this tower is indeed different from that outside.”

“Very good!”

Ling Yue said excitedly, “This way we won’t have to be afraid of Soul Devourer! Once we recover from our injuries, even if Soul Devourer comes, we won’t be afraid of him!”

After hearing this, everyone smiled excitedly. They finally saw hope.

“Everyone, please enter the tower.”

Chen Ping smiled and said, “I will protect you all outside.”

Everyone nodded, and under Lingxi's leadership, they entered the Demon-Suppressing Tower one by one.

Seeing everyone enter the tower, Chen Ping breathed a sigh of relief.

He knew that what he needed to do now was to protect everyone outside and wait for everyone to recover from their injuries.

Time passed day by day, and in the blink of an eye, three days had passed.

Chapter 5458

During these three days, Chen Ping stayed by the Demon-Suppressing Tower, not daring to slack off in the slightest.

He knew that Soul Devourer might send people to hunt them down at any time.

Finally, on the evening of the third day, the Demon-Suppressing Tower suddenly emitted a dazzling light.

Immediately afterwards, Lingxi, Wu Hao, Lingyue, Ziyuan and others walked out of the tower one by one.

All of them looked powerful and energetic, and it was obvious that they had fully recovered from their injuries, and even their strength had improved.

"We're back!"

Zi Yuan said excitedly, "And my strength has improved a lot!"

Wu Hao also smiled and said: "That's right, I am now a third-level human immortal!"

After hearing this, everyone excitedly discussed their gains.

After practicing in the Demon-Suppressing Tower for three hundred days, their strength has greatly improved.

Lingxi also checked her injuries and showed a satisfied smile on her face: “My injuries have fully recovered, and my strength has also returned to 90% of its peak.”

Just when everyone was getting excited, a huge roar suddenly came from the sky.

Immediately afterwards, a powerful aura came from afar, and the entire valley was shaking violently.

Everyone’s expression changed and they all looked up at the sky.

The sky was covered with dark clouds, and countless black demon souls and demon cultivators emerged from the clouds, densely packed like locusts, surrounding the entire valley.

At the forefront of these demonic souls and demonic cultivators, a figure in a black robe was floating in the air. It was none other than the Soul Devourer who had fully recovered to his peak strength!

“Hahaha… Did you think I couldn’t find you by hiding here?”

Soul Devourer laughed wildly, his voice filled with disdain, “Today, I’ll see where you can escape!”

Everyone looked at the densely packed demon souls and demon cultivators in the sky, and a look of despair appeared on their faces.

Although they have recovered from their injuries and their strength has increased, they have no chance of winning against the Soul Devourer and hundreds of thousands of Demon Soul Demon Cultivators.

“It seems like we are really going to die here today.” Wu Hao said with a wry smile.

Ling Yue also nodded, a calm look on her face: “I have no regrets at all for being able to fight with everyone until the very end.”

Zi Yuan tightly gripped the sword in her hand, her eyes full of determination: “Even if I die, I will fight them!”

Ling Xi looked at the Soul Devourer in the sky with a solemn expression on her face: “Everyone, don’t give up, we still have hope!”

However, everyone knew that Lingxi was just comforting everyone.

Facing such a powerful enemy, they had no hope at all.

Everyone stood back to back, holding their weapons tightly, ready to fight to the last moment.

The atmosphere in the valley was extremely solemn.

“We’re all going to die anyway, so let’s just fight him…”

Taoist Wuji is ready to fight to the death with Soul Devourer.

But he suddenly found that he could not move and was suppressed by an invisible force.

Everyone felt that a terrifying aura was suppressing them. They couldn’t move at all, let alone fight to the death with Soul Devourer.

The Soul Devourer was suspended in mid-air, his black robe fluttering in the wind, and a suffocating and terrifying aura emanated from his entire body.

He looked at the people who were unable to move below, and a cruel smile appeared on his lips: “Ants are ants after all. Even if I give you a chance to practice, you are no match for me.”

Everyone struggled hard, but they seemed to be locked tightly by invisible shackles. Not to mention fighting, they couldn't even move a finger.

The spiritual power in the body seemed to be frozen and could not be mobilized at all.

"Hahaha... Do you feel the despair?"

Soul Devourer laughed wildly, "This is the absolute difference in strength! In front of me, you don't even have the qualifications to resist!"

Chapter 5459

He slowly landed in front of everyone, his eyes sweeping over everyone, finally stopping at Chen Ping. "Boy, I see you have quite a talent, and you also have dragon blood. Why don't you submit to me? Follow me, and I guarantee you'll have access to better resources than you'd get in the Divine King Palace. You might even have the chance to reach the Ninth Heaven and above in the future!"

Chen Ping glared at Soul Devourer, his eyes filled with disdain. "Submit to you? You don't deserve it! Evil demons like you will be struck by lightning sooner or later! Even if I, Chen Ping, die, I will never go along with you!"

"presumptuous!"

Soul Devourer's face darkened, a murderous look flashing in his eyes. "If you don't accept my offer, I'll punish you! Since you want to die so badly, I'll grant your wish!"

After saying this, Soul Devourer raised his hand and condensed a ball of black magic light, ready to completely destroy Chen Ping and others.

At this critical moment, strange changes suddenly occurred in the sky.

The originally dark sky was instantly covered in a fiery red, as if the whole world was on fire.

An indescribable heat wave swept in from the horizon, and even the demonic energy released by the Soul Devourer began to fluctuate violently.

“Um?”

Soul Devourer frowned, stopped what he was doing, and looked up at the sky.

Everyone looked up and saw a bright flame rushing from the horizon. The flame streaked across the sky like a meteor, carrying the power to destroy the world, and instantly arrived above the valley.

A figure could be vaguely seen in the flames.

As the flames gradually dissipated, a white-haired old man in a fiery red robe slowly appeared.

The old man has white hair and a youthful face, a simple expression, and his eyes are like two burning fireballs, emitting a majestic and kind light.

He was surrounded by a faint flame, and under his feet was a lotus formed by flames. His whole body exuded an indescribable sacred aura.

Everyone was stunned when they saw the white-haired old man who suddenly appeared.

They had never seen such a strange person, and they had no idea where this old man came from.

But judging from the aura emanating from the old man, he is definitely an extremely powerful being.

After seeing the old man, Chen Ping’s eyes widened and he was shocked beyond words.

Because he recognized that this old man was the Fire Spirit Star Lord who taught him the Fire Control Step, the old man who turned around and left after a disagreement.

Chen Ping didn't expect that the Fire Spirit Star Lord would come to the Sixth Heaven.

Soul Devourer's expression grew solemn. He could sense that this white-haired old man's strength was definitely not inferior to his, and might even be stronger than him!

"Who are you?"

Soul Devourer asked in a deep voice, the demonic energy in his body began to circulate wildly, ready to fight at any time.

The white-haired old man slowly opened his eyes, and his gaze swept across the entire venue like two flames, finally stopping on the Soul Devourer.

"I am the Fire Spirit Star Lord,"

The old man's voice rang out like a bell, carrying an unquestionable majesty. "Young man, you have caused chaos here and killed lives. Do you know your crime?"

Fire Spirit Star Lord?

Everyone was confused, as they had never heard of this name.

But judging from the aura of fire on the old man, he was obviously a powerful being related to fire.

Soul Devourer's expression changed. He seemed to have thought of something, and his eyes narrowed slightly. "Fire Spirit Star Lord? Could it be that you are... someone from the Ninth Heaven Flame Mountain?"

“Didn’t you disappear tens of thousands of years ago and go to a higher heaven?”

The Fire Spirit Star Lord smiled faintly: “I didn’t expect that a junior like you has heard of my name. Now that you know, why don’t you surrender?”

“Hahaha… So what if you’re the Fire Spirit Star Lord of the Ninth Heaven?” Soul Devourer suddenly laughed wildly, “This is the Sixth Heaven, not the Ninth Heaven. It’s not your place!”

“Even if it’s the Ninth Heaven, you are just a legend before the Ninth Heaven. When I return to the Ninth Heaven, what will you be?”

“How dare you call me a junior? Do you really think I’m afraid of you?”

Chapter 5460

“It seems that you are very confident. It is true that when there is no tiger in the mountain, the monkey becomes king. I also heard that you were very powerful in the Ninth Heaven and could cover the sky with one hand. But that does not mean that you are very strong. It only means that the cultivators in the Ninth Heaven are getting worse and worse.” The Fire Spirit Star Lord said with a smile!

“Since you know me, then prepare to die!” After saying this, the Soul Devourer attacked the Fire Spirit Star Lord.

He formed seals with his hands, and demonic energy surged around him. In an instant, a huge black demonic claw condensed and grabbed towards the Fire Spirit Star Lord with the power to tear apart the heaven and earth.

Wherever the devil’s claws passed, the air was torn apart, making a series of sharp sounds of breaking through the air.

Chen Ping and the others turned pale upon seeing this. They could sense the terrifying power of this attack. If it were them, they probably wouldn't even be able to fight back.

However, facing such a terrifying attack, the Fire Spirit Star Lord still had a smile on his face, as if the attack in front of him was just a child's play.

"It's just a trifle." Fire Spirit Star Lord said lightly.

He gently raised his right hand, and a golden flame condensed at his fingertips.

The flame seemed weak, but it contained an indescribable terrifying power.

"boom!"

The golden flames collided with the black devil's claws, making a loud noise that shook the earth.

What was shocking was that the seemingly terrifying black devil's claws melted as quickly as ice and snow in front of the golden flames.

"What?"

Soul Devourer's expression changed, his eyes filled with disbelief.

He didn't expect that his full-strength attack would be so easily resolved by the opponent!

"Impossible! This is impossible!"

Soul Devourer yelled madly.

He refused to believe in evil, and once again gathered stronger strength, forming more complex seals with his hands.

“The devil’s flames are raging!”

The Soul Devourer roared, and the demonic energy around him gushed out like a volcano, transforming into a black sea of fire, sweeping towards the Fire Spirit Star Lord.

This sea of fire contained terrifying corrosiveness, and even space began to distort wherever it passed.

Chen Ping and others were stunned. They had never seen such a horrific attack.

However, the Fire Spirit Star Lord remained unmoved.

He sighed softly: “Alas, I really don’t know how high the heavens are and how deep the earth is.”

The Fire Spirit Star Lord waved his right hand lightly, and the golden flames around him instantly exploded, turning into a huge wall of fire, completely blocking the black sea of fire.

What was even more shocking was that the terrifying black sea of fire began to evaporate rapidly in front of the golden wall of fire, as if it had met its nemesis.

“This…how is this possible?”

Soul Devourer was completely dumbfounded.

His raging demonic flames were one of his famous skills, extremely powerful, but he didn’t expect that they could be resolved so easily by the opponent.

“Your demonic flame is nothing but child’s play in front of me.”

Fire Spirit Star Lord said lightly.

“Impossible! I don’t believe it!”

Soul Devourer yelled madly, “I am Soul Devourer! I am the strongest of the Ninth Heaven! There is no way I can lose to you!”

After saying that, Soul Devourer attacked again.

He formed seals with his hands and muttered something, and the demonic energy around him began to condense crazily, transforming into a huge black demonic sword.

“Soul Devouring Demon Sword!”

The Soul Devourer roared and slashed towards the Fire Spirit Lord with the magic sword in his hand.

This sword contained all his strength, and countless mournful soul threads were wrapped around the sword, emitting a terrifying aura that made people’s hearts palpitate.

Chen Ping and others were terrified as they watched. They could feel the terrifying power of this sword. If they were hit, their souls would probably be completely devoured.

However, facing such a terrifying sword, the Fire Spirit Star Lord still had a smile on his face.

He just stretched out his right hand calmly and lightly tapped with his index finger.

“puff!”

With a slight sound, the seemingly terrifying Soul-Devouring Demon Sword was unable to move an inch in front of the fingertips of the Fire Spirit Star Lord.
