Chapter 5581

Chapter 5581 Group Fight

“Does the absence of a branch hall mean we can’t gather people?”

The Grand Elder gave a cold laugh. (New #a(Complete,′God?÷a Stationμ ^¤+Free^??Reading·)

Soon, figures appeared in the circle, and without exception, they were all demonic cultivators.

The first to appear was a tall man, wielding a huge battle axe, with black mist swirling around him.

“Isn’t this someone from the Evil Path Hall?” Kai frowned slightly when he saw the man who appeared.

“This is the Eighth Heaven, from the Giant Demon Sect. This guy is the sect leader; we’ve even dealt with each other before.”

The Fourth Palace Master, Lingxi, explained to Kai.

“Before their men arrive, let’s do it…”

Kai knew that things would get more difficult once the other side had more people.

Kai took the Dragon Slayer Sword first and slashed out. The terrifying sword light swept across the void, and several cultivators from the Three Halls were instantly beheaded and killed beyond any doubt!

“kill……”

Seeing this, Lingxi immediately led the divine guards of the Divine King Palace and charged forward!

The melee began instantly!

After Kai had killed several cultivators in succession, the elder directly struck him with a palm, shattering Kai's sword light!

"Kai..."

Lingxi quickly stood next to Kai!

She knew that Kai alone was no match for that elder!

Kai and Ling Xi stood side by side, their expressions extremely solemn as they faced the terrifying aura emanating from the Grand Elder of the Evil Path Hall.

The elder moved swiftly, appearing before them like a ghost, and struck them with a palm that carried the force of an overwhelming wave.

Wherever the palm strike passed, the air was compressed, producing a sharp whistling sound.

Kai shouted, and the Dragon Slayer Sword in his hand shone brightly. The sword intent flowing on the blade was like a tangible flame. He swung the Dragon Slayer Sword with all his might to meet the Grand Elder's palm.

At the same time, Lingxi quickly formed hand seals, and streams of spiritual energy flew out from her hands, forming a transparent shield that protected the two of them.

"Bang!"

The Dragon-Slaying Sword collided with the Grand Elder's palm, producing a deafening roar.

Kai felt a tremendous force travel along the sword, making his arm numb and causing cuts to appear on his tiger's mouth, from which blood gushed out.

The shield was instantly covered with cracks under the impact of the elder's palm strike, and then shattered with a "crack".

The elder sneered, his figure flashed again, appearing beside Kai, and struck out with another palm.

Kai was unable to dodge in time and was struck on the shoulder by the palm. He was struck as if by lightning, and his body flew backward uncontrollably, spitting out a mouthful of blood.

"Kai!"

Lingxi gasped and rushed over to catch Kai. Looking at Kai's pale face and the blood at the corner of his mouth, her eyes were filled with worry and anger.

"I'm fine, but watch out for that old guy!"

Kai gritted his teeth and said, enduring the excruciating pain in his shoulder, as he gripped the Dragon Slayer Sword tightly once more.

The Grand Elder gave them no chance to catch their breath. He moved like lightning, quickly weaving around the two of them, his hands constantly waving out, unleashing a series of sharp attacks.

Kai and Ling Xi could only desperately resist, their figures flashing in the void as they engaged in a thrilling battle with the Grand Elder.

However, as time went on, fewer and fewer people remained in the God King's Palace.

The demonic cultivators surged forward like a tide, their attacks fierce and brutal. Although the divine guards of the Divine King Palace fought

bravely, they gradually became overwhelmed by the double disadvantage of numbers and strength.

“ah!”

One of the divine guards was struck by a demonic cultivator’s giant axe, letting out a scream as his body was cleaved in two, blood splattering everywhere.

Seeing this, the other guards felt even more grief and anger. They roared and fought even more desperately, but the casualties continued to rise.

Chapter 5582 Destroying the Formation

Kai and Ling Xi watched as the divine guards fell one after another around them, their hearts filled with helplessness and pain.

They knew that if things continued like this, the God King’s Palace would be breached sooner or later.

“That circle must be destroyed!”

Kai gritted his teeth and said, his eyes fixed on the circle in the distance from which demonic cultivators were constantly emerging.

That was the source of the endless stream of demonic cultivators; destroying it would cut off their support.

“Okay, let’s give it a try together!”

Lingxi nodded, and she formed a hand seal again, sending streams of spiritual energy towards the circle.

Kai took a deep breath, channeling all his spiritual power into the Dragon-Slaying Sword, and then slashed fiercely at the circle.

“boom!”

The Dragon-Slaying Sword and Lingxi’s spiritual power struck the circle simultaneously, producing a loud bang.

However, the circle only trembled slightly and was not destroyed.

Upon seeing this, the Grand Elder sneered, “You think you can destroy my teleportation array? You’re just delusional!”

After speaking, the elder flashed and appeared in front of the circle. He waved his hands, and beams of black light flew out from his hands, forming a huge shield that protected the circle.

“Continue the attack!”

Kai shouted, and he and Ling Xi launched another attack.

But no matter how hard they tried, they couldn’t break through the Elder’s shield.

As time went by, the people of the Divine King Palace were forced to retreat in defeat, and in the end they could only hold out in front of the palace gates.

They leaned against the palace gate, their eyes filled with determination and sorrow.

Meanwhile, more and more demonic cultivators were arriving from within the circle.

Seeing that the people of the God King’s Palace had been driven to a dead end, they all revealed smug smiles.

One by one, the demonic cultivators began to curry favor with the Evil Path Hall’s Crown Prince and Grand Elder, all wanting to cooperate with the Evil Path Hall in hopes of gaining benefits from this battle.

“Young Master Wu, from now on our Troll Sect will follow the Evil Path Hall. We hope you will take good care of us!” the Troll Sect Master said with a fawning expression.

“Haha, no problem, no problem! As long as you perform well, you’ll be rewarded!” Prince Wu laughed triumphantly.

Looking at the tens of thousands of cultivators before him, the Third Palace Master felt a surge of pride.

He stood at the front of the crowd, hands on his hips, and shouted, “Lingxi, Kai, it’s not too late for you to surrender now, otherwise, once we break through the Divine King’s Palace, you will all die without a burial place!”

Lingxi was filled with anger as she looked at the Third Palace Master’s arrogant demeanor. She shouted back, “Third Palace Master, as a member of the Divine Palace, you have colluded with the Evil Path Palace, leading demonic cultivators into the Eighth Heaven. Aren’t you afraid of the Divine Palace’s punishment?”

The Third Palace Master sneered, “The Divine Palace? Can the Divine Palace still control me now? Once we destroy the Divine King Palace and take control of the Eighth Heaven, what can the Divine Palace do to me?”

Seeing the Third Palace Master’s arrogant demeanor, Kai secretly vowed to find a way to turn the situation around.

He carefully observed his surroundings and suddenly realized that although the Grand Elder was powerful, his attention was mainly focused on the circle and attacking the two of them, and his defenses in other areas were relatively weak.

“Fourth Palace Master, I’ve thought of a plan!”

Kai whispered to Ling Xi, “Later, I’ll distract the Grand Elder. You find an opportunity to disrupt the energy supply to that circle. Once the energy is cut off, the circle might be destroyed!”

Lingxi nodded: “Okay, be careful!”

After saying that, Kai took a deep breath, moved, and rushed towards the Grand Elder.

The Dragon-Slaying Sword in his hand gleamed, and sharp sword intents surged toward the Grand Elder.

Upon seeing this, the Grand Elder sneered. He quickly formed hand seals, and streaks of black light flew out from his hands, colliding with Kai’s sword intent.

Chapter 5583

Chapter 5583 Keeping Your Word

“With your meager skills, you think you can fight me?” the Grand Elder said disdainfully.

While the Grand Elder was fully engaged in dealing with Kai’s attack, Ling Xi took the opportunity to quietly circle around to the back of the circle.

She carefully observed the area around the circle and discovered that its energy source came from a huge spirit crystal underground.

Lingxi was overjoyed. She quickly formed hand seals and shot streams of spiritual energy toward the spirit crystal.

However, just as her spiritual power was about to strike the spirit crystal, a demonic cultivator suddenly noticed her actions and shouted, “Someone is trying to destroy the teleportation array!”

The Grand Elder, startled by the shout, immediately focused his attention on Ling Xi’s location. When he saw Ling Xi attempting to destroy the spirit crystal, he flew into a rage: “You’re courting death!”

He flashed forward and rushed towards Lingxi.

Seeing this, Kai knew he was in trouble and quickly increased his attack to try to stop the Grand Elder.

However, the Grand Elder was too powerful. He easily broke free from Kai's entanglement and continued rushing towards Ling Xi.

Lingxi felt a little flustered as she watched the Grand Elder charge towards her, but she gritted her teeth and continued to launch her attack.

Just as the Grand Elder was about to rush in front of her, Kai suddenly appeared from the side, his Dragon-Slaying Sword carrying an indomitable momentum as he slashed towards the Grand Elder.

The Grand Elder had to stop again to deal with Kai's attack.

Taking advantage of the opportunity, Lingxi launched another attack. This time, her spiritual power finally struck the spirit crystal.

The spirit crystal emitted a loud bang and began to tremble violently.

"Oh no, the teleportation array is going to be destroyed!" a demonic cultivator cried out in terror.

Upon seeing this, the Grand Elder became extremely anxious and launched a full-scale attack, attempting to eliminate Kai and Ling Xi as quickly as possible.

But Kai and Ling Xi worked together and resisted stubbornly.

Just as the spirit crystal was about to shatter, a mysterious force suddenly came from afar, stabilizing the spirit crystal's energy.

Kai and Ling Xi felt a chill in their hearts; they knew that the situation in this battle was still very unfavorable to them.

At this moment, the Third Palace Master was eager to launch the final attack. He shouted, “Break through the God King’s Palace and kill everyone inside!”

Just as everyone was about to launch a final attack on Kai and his group, the Grand Elder waved his hand and said, “Wait…”

The Third Palace Master was taken aback and looked at the First Elder, saying, “First Elder, now is the best time to attack the Divine King Palace. We can’t hesitate!”

“What? Are you teaching me how to do things?”

The First Elder gave the Third Palace Master a cold look.

The Third Palace Master immediately cowered and hurriedly shook his head, “How dare I instruct the Grand Elder on what to do? Grand Elder, please do as you please.”

The Third Palace Master knew that everyone here was recruited by the Evil Path Palace. With his limited manpower, if he were to clash with the Grand Elder, he would be instantly killed.

The elder looked at Kai, then said with greed in his eyes, “Boy, the sword in your hand is not bad, it should be a good thing. Give me the sword, and I can spare your life and let you leave directly.”

Upon hearing this, a barely perceptible glint of cold light flashed in Kai’s eyes. He feigned hesitation as he gripped the Dragon Slayer Sword, his knuckles turning white from the force.

“Does the Grand Elder keep his word?” Kai’s voice trembled deliberately.

“Hmph, my word is my bond.” The Grand Elder stood with his hands behind his back, his tone arrogant.

Seeing this, Lingxi said urgently, “Kai! How can you give in? The Evil Path Hall’s word is definitely not reliable!”

Yunxiu quickly added, “Young Master Chen, you can’t believe the words of the Evil Path Hall!”

Kai seemed oblivious to the crowd’s rebukes, slowly raising the Dragon-Slaying Sword horizontally as if to hand it over.

Seeing this, the elder’s greed intensified, and he couldn’t help but take a step forward.

In that split second—

“for you!”

Kai roared, and the Dragon Slayer Sword suddenly burst forth with dazzling golden light. The dragon patterns on the sword seemed to come alive, emitting bursts of dragon roars.

Chapter 5584

Chapter 5584 Your Dad Can Have Babies

“Good! A wise person knows when to yield!” The First Elder laughed and reached out to take it.

Just as his fingertips were about to touch the hilt of the sword, Kai suddenly flipped his wrist, and the sword blade drew a strange arc, aiming straight for the Grand Elder’s dantian!

The Grand Elder’s expression changed drastically, and he hastily gathered demonic energy to block the attack.

But this sword came too fast and too fiercely. The golden sword light pierced through the defense like a venomous snake and went straight for the vital point in the sea of qi!

“You!” The Grand Elder was shocked and furious. He hurriedly retreated, but the sword had already cut a deep wound on his abdomen, exposing the bone, and demonic energy leaked out like a burst dam.

“How dare you trick me!” The Grand Elder’s eyes were bloodshot, and his demonic energy surged violently.

Lingxi and the others were taken aback at first, then suddenly realized what was happening, and hope rekindled in their eyes.

Having landed a successful blow, Kai immediately withdrew and sneered, “Old bastard, you dare to use the Dragon-Slaying Sword?”

The elder clutched his wound, blood seeping from between his fingers. He stared intently at Kai, then suddenly let out a sinister, eerie laugh:

“Very good… It’s been a long time since anyone has been able to hurt me.”

An even more terrifying pressure suddenly erupted from his body, and his wounds began to heal at a speed visible to the naked eye!

“Unfortunately, you’ve missed your only chance.” The Grand Elder slowly raised his hand, a ball of jet-black energy condensing in his palm:

“Today, all of you will die here!”

“Elder, this brat is toying with you. Why do it yourself? I’ll kill him for you…”

The leader of the Troll Clan stepped forward and began to fawn over the Grand Elder.

At this point, whoever pleases the Grand Elder first will get more when it comes to dividing the spoils later.

The Grand Elder glanced at the burly Troll Sect Master and nodded.

The Troll Sect Master stepped forward, coldly staring at Kai: “Boy, you toyed with the Grand Elder, you deserve to be torn to pieces. Now, if you commit suicide, at least you’ll have a whole corpse…”

“You’ll only make me commit suicide if your dad can have children.”

Kai smiled faintly.

“Alright, then don’t blame me for being impolite!” The Troll Sect Master’s eyes narrowed, and he was about to make a move.

Seeing this, Lingxi and the others also prepared to help Kai. Now they had no choice but to fight to the death. Although they knew the hope was slim, they would not wait to die.

Just as the Troll Sect Master was about to make a move against Kai, a figure suddenly solidified in front of Kai.

This figure didn’t fly in from anywhere else; it solidified little by little right before everyone’s eyes!

Everyone was shocked to see this.

“Mr. Chen, are you alright?”

Once the figure solidified, it turned out to be a middle-aged man, who then asked Kai in a very polite manner.

“You… how did you get here?”

Kai’s eyes were filled with shock.

Because the person before them was none other than Wan Jianxing, who was in the void passage.

Kai once asked Wan Jianxing why he couldn’t leave that place, so how did he suddenly appear now?

Wan Jianxing simply smiled and did not answer Kai. Instead, he looked at Kai with great satisfaction and said, “Mr. Chen, your sword intent has become even purer after this battle!”

Kai gave a wry smile: “It’s far from enough. We need to keep working hard. We’re still being bullied.”

“Leave the rest to me. Anyone who dares to bully Mr. Chen will never be able to come back to life.”

After Wan Jianxing finished speaking, he turned his gaze to the Grand Elder and the others.

The Troll Sect Master was initially taken aback when he saw Wan Jianxing suddenly appear. However, he didn’t sense any aura or pressure from Wan Jianxing, so he shouted, “Who are you? Get lost if you don’t want to die…”

“Are you talking to me?” Wan Jianxing asked unhurriedly.

“Nonsense, of course I’m talking to you. If you don’t want to die, get out of here right now, or I’ll let you taste the power of my mountain-splitting axe.”

The troll sect leader stabbed his axe into the ground, and the entire earth shook.

Chapter 5585

Chapter 5585 The Evil Path Hall is nothing!

“You’re not worthy of my attention. Let the strongest one among you come out!”

Wan Jianxing gave a cold laugh.

“What did you say? You’re asking for it!”

After saying this, the Troll Sect Master gripped the Heaven-Opening Axe tightly, and in an instant, a terrifying aura began to emanate from his body.

Immediately afterwards, the body of the Troll Sect Master seemed to explode, and streams of black mist solidified around his body into a suit of armor.

That terrifying aura caused the world to change color instantly.

Even Lingxi and the others couldn't help but frown when they felt the terrifying aura of the Giant Demon Sect Master.

"Is that all? It's not even as good as a child's!"

Even if the Troll Sect Master unleashed his full power, in Wan Jianxing's eyes, he was not even as good as a child!

Wan Jianxing's words immediately drew ridicule from the crowd.

The Third Palace Master was even laughing so hard he was about to cry.

"Are you blind? The strength of the Giant Demon Sect Master is among the top in the entire Eighth Heaven, and you actually say he's inferior to a child?"

The Third Palace Master laughed loudly.

Wan Jianxing glanced at the Third Palace Master and said coldly, "Are you from the Temple?"

"That's right, I am the Third Temple Master of the Temple. Are you afraid?" the Third Temple Master asked.

"Sigh, when did the temple's strength decline to such a level?"

"Even this kind of trash can become the Third Palace Master. How tragic, how tragic..."

Wan Jianxing's eyes were filled with helplessness and disappointment.

The Third Temple Master was taken aback, then flew into a rage and said, "Damn it, who exactly are you? How dare you speak to me like that, and to our temple?"

"You'll find out who I am in a moment."

After Wan Jianxing finished speaking, he looked at the Giant Demon Sect Master and said, "You only have one chance, so perform well."

"What do you mean?" The Troll Sect Master was taken aback.

"The literal meaning!" Wan Jianxing said!

Kai watched Wan Jianxing showing off from behind, feeling extremely envious. He resolved to increase his strength as soon as possible, because only with greater strength would he have more opportunities to show off.

"Hmph, I'll give you three moves, and I'm telling you, you only have three moves to play."

The troll sect leader snorted coldly and put down the mountain-splitting axe he had just raised.

"Idiot..." Kai muttered under his breath.

"Alas, in that case, you won't even have a chance to make a single move."

Wan Jianxing sighed softly, and then drew his sword!

Whoosh!

No one saw how Wan Jianxing drew his sword, and at that moment, the burly sect leader of the Giant Demon Sect collapsed with a thud.

As he fell, his entire body shattered into countless pieces.

That is to say, Wan Jianxing's casual sword strike just now was not just one sword strike, but many, many sword strikes, which directly dismembered the Giant Demon Sect Master.

Everyone stared in disbelief at the shattered remains of the Troll Sect Master!

The scene fell silent instantly; you could hear a pin drop!

The Third Palace Master, in particular, had cold sweat pouring down his forehead.

Wan Jianxing shook his head slightly, looking quite helpless.

They gave him a chance, but he didn't take it.

The Grand Elder was stunned when he saw the Troll Sect Master being killed instantly, and his expression became solemn.

However, the Grand Elder was not afraid, after all, he had the entire Evil Path Hall behind him.

"Kai, no wonder you have the strength to dare to oppose our Evil Path Hall. It turns out you have someone backing you. But do you think just this one person can stand against our entire Evil Path Hall?"

The Grand Elder sneered.

Kai merely glanced at the Grand Elder and ignored him. This idiot didn't even know who he was facing.

Wan Jianxing glanced at the Grand Elder and said with a faint smile, "The Evil Path Hall is nothing..."

Although the current temple is not as strong as the Evil Path Temple, Wan Jianxing was the progenitor of the temple. The temple was very powerful back then, but after so many years of changes, its strength has declined.

The Grand Elder frowned slightly; he hadn't expected the other party to dare to humiliate the Evil Path Hall like this.

Chapter 5586

Chapter 5586 They've Called Someone

"Who do you think you are, daring to insult our Evil Path Hall?" Prince Wu roared in fury.

Whoosh!

No sooner had Prince Wu finished speaking than his head snapped open, and blood gushed from his neck!

This scene completely terrified everyone.

Because they did not notice Wan Jianxing making a move; the other party did not make a move, yet Wu Shizi's head was chopped off.

"Your Highness..."

The Grand Elder was utterly shocked!

Everyone else was dumbfounded, completely baffled as to how Prince Wu's head had fallen off!

"You dare kill the heir of our Evil Path Palace?"

The Grand Elder glared angrily at Wan Jianxing, but he was now extremely cautious.

"I'm not just going to kill the young master of your Evil Path Palace."

"None of those present can survive!"

After Wan Jianxing finished speaking, he suddenly drew his sword!

Whoosh!

In an instant, the heads of the tens of thousands of demonic cultivators summoned by the Grand Elder all flew towards the sky.

Countless pillars of blood shot into the sky.

The Third Palace Master and his men were dumbfounded.

Everyone's heads were cut off, leaving only the cultivators from the three halls.

Kai was also shocked at this moment. He had never experienced such power and shock as killing tens of thousands of cultivators with a single sword.

But that feeling must be really great.

At this moment, Kai could already feel the exhilaration Wan Jianxing was experiencing—the exhilaration of showing off.

The elder looked behind him at the dark mass of corpses and began to tremble slightly.

It's obvious that the opponent is very strong, extremely strong.

Even though the opponent was strong, the Grand Elder wasn't too afraid, but the opponent's bloodthirsty killing intent made him feel a little apprehensive.

Slaughtering tens of thousands of cultivators with a single sword strike? That's outrageous!

Moreover, this sword strike was a complete annihilation, leaving not a single soul to escape, meaning that these tens of thousands of cultivators would never be able to be resurrected!

These people are no ordinary individuals who can survive in the Eighth Heaven, so the person in front of us is definitely not from the Eighth Heaven, but a cultivator from a higher world.

“Fellow Daoist, which level of cultivation are you? Our Evil Path Palace is not only in the Eighth Heaven, we also have people in the Twelfth Heaven.”

At this point, the Grand Elder could only resort to invoking the Evil Path Hall to scare Wan Jianxing.

“So what if it’s the twelfth level of heaven?” Wan Jianxing said expressionlessly.

The Grand Elder was taken aback, his brows furrowing. “You look down on cultivators at the twelfth level of the Heavenly Realm?”

“Trash…” Wan Jianxing only managed to utter two words.

“Fine, since you put it that way, then I have no choice but to fight you to the death.”

After speaking, the elder took out a black token, activated it, and caused the token to transform into a beam of black light that shot into the sky.

“Stop him, he’s definitely calling for help…”

Lingxi knew that the Grand Elder was calling for reinforcements. If he really summoned cultivators from the twelfth heaven, none of them would survive.

Facing a cultivator at the twelfth level of the Heavenly Realm, they probably wouldn’t even have the ability to glance at him; a single breath from him could take their lives.

Upon hearing this, Kai couldn’t help but look at Wan Jianxing.

Wan Jianxing remained motionless and expressionless, which told Kai that everything was fine. Even if the Grand Elder summoned people from the Twelfth Heaven, there was nothing to fear.

Since Wan Jianxing isn't afraid of even cultivators at the twelfth level of the Heavenly Realm, Kai can now roam freely below the twelfth level of the Heavenly Realm.

After all, Wan Jianxing was one of Kai's hall masters and had to obey Kai's orders.

At this moment, the token activated by the Grand Elder began to burn, and the burning flames transformed into flame runes, which then formed a huge teleportation array in mid-air.

The moment the teleportation array was formed, a terrifying aura surged out from within it!

Just as the black token was completely burned out, the teleportation array in mid-air, composed of flame runes, suddenly expanded, like a black sun that devoured light!

The spatial laws of the entire Eighth Heaven groaned in despair, crumbling inch by inch.

Chapter 5587

Chapter 5587 Is there more?

A terrifying pressure, far exceeding the limits of what this realm could withstand, poured out from the formation like a tangible tsunami.

The sky instantly darkened, the sun and moon lost their light, and only the teleportation array emitted a destructive glow.

“boom–!”

A loud bang seemed to come from the ancient times. First, a foot stepped out from the teleportation array. The boot was made of some kind of ancient beast hide, with natural Dao patterns flowing on it.

With just this one step, the ground below collapsed several feet, and if it weren’t for the protection of Wan Jianxing’s aura, Kai and the others would have already turned to ashes.

A giant clad in black dragon-patterned armor slowly descended.

He was not particularly tall, but he seemed to be the center of the entire universe, surrounded by a strange phenomenon composed of countless images of stars being destroyed.

He didn’t deliberately exude an aura, but his very existence caused all things to wither and all paths to submit. (The latest chapter has been published on [website name – likely a website name]).

“Welcome, Dharma Protector!”

Led by the Grand Elder, all the surviving cultivators trembled with excitement and knelt down in unison, as if paying homage to a deity.

The guardian deity’s gaze was indifferent, sweeping over the area below as if looking at a group of ants.

His voice was deep, yet it resonated deep within the soul of every living being:

“Who dares to defy the might of my Evil Path Palace?”

The voice was devoid of any emotion, yet it sent shockwaves through Lingxi, Chenping, and the others, causing them to spit out a mouthful of blood. The sound alone had already severely injured them!

The Grand Elder, suppressing both fear and excitement, pointed at Wan Jianxing and shouted sternly, “Heavenly Venerable! This is the man who slaughtered my disciples and defied the Upper Realm; he deserves to die a thousand deaths!”

The Guardian Celestial Venerable’s gaze fell upon Wan Jianxing, a gaze powerful enough to plunge an entire world into chaos.

However, Wan Jianxing remained expressionless. He didn’t even look at the Celestial Venerable, and simply said:

“Quarrel.”

Before he finished speaking, his sword was drawn again.

This sword strike had no earth-shattering light, no sound of tearing through the void, and was so fast that it was impossible to detect its existence.

Time and space seemed to be erased at this moment.

Everyone felt a blur before their eyes, and their minds went blank for a brief moment.

When they came to their senses, they saw the guardian deity who had just descended into the sky, whose aura was overwhelming, frozen in place.

For the first time, emotion appeared in his indifferent eyes—an extreme sense of bewilderment and disbelief.

The next moment, under the gaze of countless horrified eyes, the seemingly immortal body of the Guardian Heavenly Venerable, along with the star-shattering phenomenon surrounding him, was like a sand sculpture scattered by the wind.

Starting from the head, it gradually transforms into the finest dust, dissipating into nothingness.

The massive teleportation array behind him vanished silently, like a candle flickering in the wind.

silence.

A deathly silence.

The wind stopped, the clouds dispersed, and even the lingering smell of blood seemed to have been completely purified.

The elder's ecstatic expression froze completely, turning into endless fear and a sense of absurdity.

His guardian deity, the supreme being from the Evil Path Palace, whom he relied on, was instantly killed?

Wan Jianxing slowly sheathed his sword, his gaze falling formally on the Grand Elder for the first time.

Is there anything else?

The elder opened his mouth, but couldn't utter a single word.

The Third Palace Master's pants were already wet; he had wet himself in fear.

He originally thought the Grand Elder could find a powerful expert from a higher world, but now, he was still instantly defeated.

The person before me is simply too strong, far too strong...

"Spare me, senior, spare me! I was forced by the Evil Path Hall and had no other choice but to attack Kai."

The Third Palace Master knelt down and crawled to Wan Jianxing's front!

Although the Third Palace Master did not know Wan Jianxing's identity, he knew that Wan Jianxing was in Kai's group.

Wan Jianxing looked at the Third Palace Master with disgust and gave a bitter smile: "You shouldn't call me senior, you should call me ancestor..."

"Ancestor?" The Third Palace Master was taken aback, his face full of doubt.

The Fourth Palace Master, Lingxi, was also puzzled, not understanding why Wan Jianxing said such a thing.

"This is the creator of your temple, the first temple master!"

Kai began to introduce himself.

Chapter 5588

Chapter 5588 The Price

The moment the first temple master uttered those words, everyone was utterly shocked!

Especially the Third Temple Master, who couldn't believe that their temple's ancestor, the first Temple Master, was actually this middle-aged man before him.

The Grand Elder of the Evil Path Hall also stared wide-eyed, his face filled with disbelief.

He never expected that the one who would deal with him would be the first temple master.

It should be noted that the temple has existed for tens of thousands of years, which means that the first temple master has also lived for tens of thousands of years.

The elder swallowed hard, his body trembling instinctively as he retreated backward.

Faced with an ancient monster that was tens of thousands of years old, he had long lost all will to fight and his only thought was to escape as quickly as possible.

Swish...

In an instant, the Grand Elder turned and ran, his speed astonishing, like a bolt of lightning.

“He ran away...”

Seeing this, Lingxi quickly shouted loudly.

Kai was also startled and instinctively wanted to chase after them!

But Wan Jianxing remained motionless, not even glancing at the Grand Elder.

“ah.....”

Soon, a scream came from the void; it was the voice of the Grand Elder.

What happened to the Grand Elder is unknown to everyone; perhaps only Wan Jianxing himself knows.

Hearing the First Elder’s screams, the Third Palace Master was so frightened that he soiled himself.

“Grandmaster, spare me! Grandmaster, spare me!”

The Third Palace Master kowtowed desperately, but Wan Jianxing had long since stopped looking at him.

Wan Jianxing’s face turned visibly pale, and his body began to slowly become transparent.

“Ancestor?” Lingxi exclaimed in shock upon seeing this.

What’s wrong with you?

Seeing Wan Jianxing’s body becoming increasingly ethereal, Kai hurriedly asked.

“Mr. Chen, this is the price I paid for forcibly leaving that void passage. I knew you were in danger, how could I not save you…”

Wan Jianxing smiled slightly, and his body began to dissipate.

“If you leave that void passage, will your soul be scattered and destroyed?”

Kai tried hard to grab Wan Jianxing, but he missed!

“No, I left a remnant soul in that void passage. Perhaps one day, when the patriarch of the gods releases me, I can rebuild my physical body.”

Wan Jianxing’s voice came, but his body had already completely disappeared.

“Kai, what exactly is going on? Where is the Ancestor?”

Lingxi asked, puzzled.

“Your ancestor offended the patriarch of the gods by making a mistake back then, so he was imprisoned in the void passage.”

“If I hadn’t come to the Eighth Heaven this time, the void passage wouldn’t have been tampered with, and I wouldn’t have been able to see him.”

“Now that he has forcibly left the void passage, his body has completely dissipated.”

Kai’s eyes flashed with intense resentment and anger.

Wan Jianxing is indeed a member of the Divine Race, but he is also a hall master of the Heavenly Dragon Palace and a subordinate of Kai.

No matter the cost, Kai was determined to find the patriarch of the God Clan and have him release Wan Jianxing so that Wan Jianxing could regain his physical body.

“Old Wan, don’t worry, I will personally bring the God Clan Chief to you and have him release you.”

Kai gritted his teeth and made a silent vow.

At this moment, the Third Palace Master was filled with excitement as he looked at the vanished Wan Jianxing.

When he saw that Kai, Ling Xi and the others were not paying attention to him, he suddenly leaped up and tried to escape.

“You still want to escape?”

Kai was furious. Seeing that the Third Palace Master was still trying to escape, he swung the Dragon-Slaying Sword with all his might.

In an instant, countless sword beams filled the heavens and earth, and the entire void was divided into segments by the sword beams.

The Third Palace Master, who had just escaped, hadn’t even had time to react before his body had already turned into blood and gore.

Countless sword beams have reduced the Third Palace Master to dust!

Upon seeing the Third Palace Master’s tragic death, all the members of the Third Palace knelt down in unison, begging for their lives.

Looking at those people, Kai knew they were just following orders.

Chapter 5589

Chapter 5589 Departure

“Today, I will spare your lives, but you must atone for your sins by protecting the Divine King’s Palace!”

Kai shouted loudly!

The cultivators from the three halls all nodded in agreement. (25′[?4?}?Read·?Book?* §)Updated?The most)??complete ¢)

The Divine King Palace has suffered heavy casualties, and the remaining guards are all injured, so someone must be sent to protect the Divine King Palace.

Kai glanced at the countless corpses on the ground, then slowly opened his palm, and countless storage bags flew towards him from the heavens and earth.

There were tens of thousands of them, all storage bags from the bodies of the demonic cultivators who had been killed.

Seeing these storage bags, Kai’s lips curled up slightly; these resources were enough for him to cultivate for a while.

Immediately afterward, Kai unleashed a powerful burst of fire, instantly reducing tens of thousands of corpses to ashes and vanishing without a trace.

Kai took out ten thousand storage bags and handed them to Ling Xi, saying, “Fourth Palace Master, the Divine King Palace has suffered heavy damage and you need to recover. Please accept these storage bags and seize the time to recover and improve your strength.”

Lingxi didn’t stand on ceremony and accepted it directly. Then she looked at Kai and asked, “So what do you plan to do?”

“Increase your strength…”

Kai gave a wry smile.

After this incident, Kai realized that although he was improving rapidly, the enemies he faced were becoming increasingly powerful. If Wan Jianxing hadn't risked his life to protect him, he would probably be dead by now.

Without real ability, it's really hard to survive, let alone show off; you need genuine skill to do so.

Originally, Kai wanted to find out about the Hu clan's soul in the Eighth Heaven since he couldn't find out anything there, so he tried to go to the Ninth Heaven.

But now, Kai has changed his mind; he needs to improve his own strength first.

Besides dealing with the Evil Path Palace, Kai also needs to have enough strength to contend with the patriarch of the God Clan in order to make the patriarch of the God Clan obediently release Wan Jianxing.

Wan Jianxing was already so powerful, yet he was imprisoned by the God Clan Chief. This shows just how terrifying the God Clan Chief's strength must be.

The difference in strength between Kai and his opponent was simply worlds apart.

"If only Mr. Shi were here…" Kai couldn't help but think of Mr. Shi.

If Mr. Shi were here, even if he were the chieftain of the gods, he could make him kneel down and beg for mercy, right?

However, after arriving in the Heavenly Realm, Mr. Shi never appeared again.

Kai cannot rely on Mr. Shi to protect his life forever.

“I’ll arrange a quiet place for you so you can properly cultivate in seclusion!”

Lingxi said.

“No need, I plan to go back and take a look. Besides, Master Hu is still in the Seventh Heaven.”

Kai shook his head.

He didn’t plan to cultivate in the Eighth Heaven; he intended to go back and cultivate properly.

He wanted to go back to the Fifth Heaven, where at least he wouldn’t be in any danger, and he also wanted to know how the Sword Sect was doing.

Incidentally, he was going to the Sixth Heaven to find Wu Hao, the ruler of the Divine Kingdom, to inquire about the matter of the Divine Clan Chief.

After all, Wu Hao is also a member of the God Clan, so he should know something about the God Clan.

“Alright, since you’re planning to go back, I won’t force you to stay. I also need to seal off the God King Palace and recover properly.”

Lingxi nodded and said.

With a gentle wave of his hand, Kai opened a void passage.

Although it’s not easy for Kai to open a void passage to go to the Ninth Heaven, it’s much simpler for him to go to the world below.

Kai entered the void passage, which quickly closed.

He needed to go to the Seventh Heaven to pick up Hu Mazi first, and also tell Hu Mazi that the matter of the Hu clan's soul needed to be temporarily put on hold.

They must improve their strength as soon as possible, otherwise they won't even be able to touch the edge of the Evil Path Hall, let alone save the souls of the Hu clan.

From the moment the Grand Elder spoke of the Twelve Heavens and summoned the Guardian Heavenly Venerable, Kai knew that he couldn't fight against the Evil Path Palace with his own strength unless Mr. Shi appeared.

Kai emerged from the void passage and arrived in Dongxiang County.

Chapter 5590

Chapter 5590 Kai is arrested

At this time, Dongxiang County was already under the control of the Lin family. [The latest chapters are updated quickly.]

Hu Mazi was treated as an honored guest by the Lin family. The head of the Lin family would change women for Hu Mazi to play with every day, making Hu Mazi so happy that he forgot about home.

Yoona, on the other hand, has been feeling down for a while.

Kai went to the Eighth Heaven. She didn't know how Kai was doing now, or whether she would ever see him again.

When Kai appeared at the Lin family home, Lin Yoona was immediately overjoyed!

He pestered Kai and played with him for three whole days.

However, Kai did not forget to practice his skills while cultivating with Lin Yoona.

As the saying goes, sharpening your axe won't delay your woodcutting...

Kai did not stay in Dongxiang County for long before taking Hu Mazi to the Sixth Heaven!

Although Lin Yoona was very reluctant to part with him, she knew Kai had important matters to attend to and did not stop him.

Kai and Hu Mazi opened a void passage and went directly to the Sixth Heaven, then headed to the Divine Kingdom.

At this time, the divine kingdom had not yet fully recovered to its peak, but its strength was already among the top in the sixth heaven.

Kai and Hu Mazi arrived at the capital of the divine kingdom, weary from their journey.

Although this once glorious city has not yet fully recovered to its heyday, the bustling crowds on the streets and the rows of buildings still demonstrate its important status as a place in the Sixth Heaven.

The two had just reached the city gate when they were stopped by a guard general.

This general was burly, with a face full of scars, and a pair of small eyes that darted around, revealing a greedy and cunning look.

He looked Kai and Hu Mazi up and down, and seeing that they were dressed plainly, he assumed they were easy targets.

"Halt! You two, you need to pay a toll to enter the city!"

The general put his hands on his hips and shouted loudly.

Kai frowned, secretly displeased.

He never expected to encounter such difficulties at the gates of this divine kingdom.

Moreover, this general clearly did not recognize him, otherwise he would never have dared to be so presumptuous.

“Toll? I’d like to ask, when did this divine kingdom come to have a rule of paying a toll to enter a city?”

Kai asked coldly, his voice carrying a hint of authority.

The general sneered and said disdainfully, “Enough nonsense! My rules are the rules. If you don’t want to pay, get lost and stop getting in my way!”

Hu Mazi, who was listening from the side, was furious. He had a short temper and could not stand such an insult.

He stepped forward, pointed at the general’s nose, and cursed, “Who do you think you are? Daring to act like a bully here! Believe me or not, I’ll slap you to death!”

Enraged by Hu Mazi’s words, the general waved his hand and shouted, “Men! Tie these two reckless fools up!”

Instantly, a group of guards rushed over and surrounded Kai and Hu Mazi.

Kai shook his head helplessly. He didn’t want to cause trouble, but this general was really ungrateful.

With a gentle wave of his hand, a powerful spiritual energy instantly emanated, and before the soldiers could react, they were shaken and fell to the ground.

Upon seeing this, the general’s face turned extremely ugly.

He never expected that these two seemingly ordinary people would possess such formidable strength.

But he remained defiant, shouting, “How dare you cause trouble in front of the capital’s gates! You have no respect for the law! Guards, take them to the palace and let His Majesty deal with them!”

So, Kai and Hu Mazi were tied up by a group of soldiers and taken to the palace.

Along the way, Hu Mazi kept complaining, while Kai remained calm. He wanted to see how King Wu Hao would handle the matter once they entered the palace.

When they were taken to the palace, Zi Yuan happened to see them.

Zi Yuan is now the Prime Minister of the Divine Kingdom. She is dressed in a gorgeous purple dress and wears exquisite hair ornaments, making her look noble and elegant.

When she saw Kai and Hu Mazi tied up, she was first stunned, then furious.

Chapter 5591 Spend quality time with me

When the general saw Zi Yuan arrive, he hurriedly ran over, bowing and scraping, and said, “Lady Zi Yuan, these two fellows broke through the city gate and injured our men. I have already brought them here by force. Please deal with them as you see fit!”

Upon hearing this, Zi Yuan’s face instantly turned extremely gloomy.

Without saying a word, she stepped forward and slapped the general hard across the face twice.

The general was beaten senseless, covering his face and looking at Zi Yuan with a look of terror.

“You reckless wretch! Do you know who you’ve kidnapped? It’s Mr. Kai! How dare you treat him like this? I think you have a death wish!”

Zi Yuan angrily rebuked.

Upon hearing this, the general turned deathly pale, his legs went weak, and he collapsed to his knees with a thud, wetting his pants.

He kowtowed and begged for mercy, saying, “Mr. Chen, Lady Ziyuan, I was blind and did not know that you were gracing us with your presence. Please forgive me this time!”

Kai’s reputation had already spread throughout the Sixth Heaven, especially in the Divine Kingdom, where King Wu Hao made sure everyone remembered the name Kai.

If it weren’t for Kai, the Divine Kingdom might have already been destroyed.

Kai felt a pang of pity seeing the general’s disheveled state.

He waved his hand and said, “Alright, ignorance is no excuse. Get up. But don’t be so arrogant and domineering in the future, or I won’t let you off easily!”

The general, feeling as if he had been granted a pardon, hurriedly kowtowed in gratitude, and then slunk away.

Zi Yuan turned around and looked at Kai, her eyes filled with excitement and anticipation.

She stepped forward, took Kai’s hand, and said, “Kai, you’ve finally come! I’ve been looking forward to your arrival.”

Kai smiled and said, “Zi Yuan, I’ve come to ask you something. I’d like to inquire about the patriarch of the God Clan.”

Zi Yuan nodded and said, “This isn’t the place to talk. Let’s go inside and talk.”

As she spoke, she took Kai’s hand and headed towards her room. Seeing this, Hu Mazi wisely stood outside the door.

After entering the room, Zi Yuan closed the door.

She turned to look at Kai, her eyes gleaming with intense light.

Before Kai could even speak, she threw herself into his arms.

“Kai, I miss you so much,” Zi Yuan said softly, her voice tinged with a hint of coquettishness.

Kai was somewhat taken aback by Zi Yuan’s actions, but he quickly came to his senses.

He gently embraced Zi Yuan and said, “Zi Yuan, I missed you too. But I have important matters to attend to right now, concerning the patriarch of the God Clan…”

Zi Yuan looked up at Kai and said, “Kai, don’t say these things. Don’t think about those worries today, just spend some time with me.” As she spoke, she kissed Kai’s lips.

Kai was initially hesitant, but he was quickly won over by Zi Yuan’s enthusiasm.

The two embraced tightly and kissed passionately. Afterwards, Zi Yuan pulled Kai to the bedside, and the two began a fervent dual cultivation session.

During the dual cultivation, Kai felt a powerful spiritual energy flowing between the two of them.

This spiritual energy not only greatly nourished his body, but also slightly improved his cultivation level.

Zi Yuan also gained a lot from this dual cultivation; her complexion became rosier and her eyes became brighter.

After the dual cultivation ended, the two lay down in each other's arms.

Zi Yuan leaned against Kai's chest and whispered, "Kai, did you run into some trouble when you inquired about the God Clan Chief?"

Kai nodded and told Zi Yuan everything that had happened in the Eighth Heaven.

This includes Wan Jianxing's soul being scattered in order to save him, and his desire to settle scores with the patriarch of the God Clan.

Upon hearing this, Zi Yuan felt a pang of worry.

She said, "Kai, the patriarch of the God Clan is a legend to us. I don't know much about him. If you want to know, I'll take you to ask the King."

"However, the king probably doesn't know much either. After all, people of our status have no way of contacting the patriarch of the gods, and we don't even know who the patriarch of the gods is."

Chapter 5592

Chapter 5592 I'm Here

Zi Yuan led Kai to the palace of King Wu Hao.

Wu Hao was sitting on that magnificent yet somewhat ancient throne, handling some affairs of the divine kingdom.

When he saw Kai enter the main hall, a look of surprise flashed in his eyes. He quickly stood up, stepped down from the throne, and warmly greeted him.

“Mr. Chen, what brings you here?” Wu Hao smiled, grasping Kai’s hands tightly, his sincerity evident in his expression.

Kai has been gone from the Sixth Heaven for some time now, and Wu Hao thought that Kai would not come back. After all, people strive for higher positions and water flows downhill; who wouldn’t want to go to a higher world?

Kai smiled and returned the greeting: “Your Majesty has come to inquire about something.”

Wu Hao quickly led Kai to sit down on a chair to the side, then ordered someone to serve tea before asking with concern, “May I ask what brings you here, Mr. Chen? Please speak freely. I, Wu Hao, will share everything I know without reservation.”

Kai, with a solemn expression, recounted in detail his experiences in the Eighth Heaven and his desire to learn about the patriarch of the Divine Clan.

Upon hearing this, Wu Hao frowned deeply, a hint of helplessness on his face.

“Mr. Chen, to be honest, I know very little about the patriarch of the divine race.”

Although our divine race is a large group, it has a strict internal hierarchy. Someone of my status has no access to the clan leader’s core information.

Even the clan leader’s appearance and supernatural powers were only vague legends. Wu Hao shook his head with a wry smile.

Although Kai was somewhat disappointed, he knew that this was beyond Wu Hao's control.

He nodded and said, "It's alright, Your Majesty, there's no need to blame yourself. In that case, I won't linger here any longer."

Wu Hao quickly urged him to stay, saying, "Mr. Chen, why not stay a few more days in my divine kingdom? That way, I can do my part as a host."

Kai politely declined, saying, "I appreciate Your Majesty's kindness, but I have many important matters to attend to and it is truly inappropriate for me to stay any longer."

Seeing that Kai was determined to leave, Wu Hao did not try to persuade him to stay. Instead, he instructed people to prepare some precious gifts for Kai as a token of his appreciation.

As she left the palace, Zi Yuan looked dejected, her eyes filled with tears.

I just saw Kai, and now he's leaving.

Seeing Zi Yuan's expression, Kai felt a little reluctant and could only stay in the Sixth Heaven for a few more days.

During these few days, Kai and Zi Yuan were inseparable every day. Each time, Zi Yuan had a special request: that Kai lick her.

Kai was speechless; it seemed that Zi Yuan had fallen for him.

However, Kai was always preoccupied with finding the patriarch of the God Clan, rescuing Wan Jianxing, and improving his own strength to fight against the Evil Path Palace.

So, after staying in the divine kingdom for a few days, he took Hu Mazi and went to the Fifth Heaven through the void passage.

Sword Saint City!

The Sword Saint City's power has now spread throughout the Five Heavens.

Kai and Hu Mazi entered the city, and the entire Sword Saint City had more than doubled in size.

As soon as Hu Mazi entered the city, he stopped staying with Kai and went to find other women.

During this time, Kai had women accompanying him every day in the Seventh Heaven and the Sixth Heaven, and they were all screaming and groaning. How could Hu Mazi stand it?

Kai ignored Hu Mazi. In any case, in this Fifth Heaven, Hu Mazi's strength was enough to make him easy to deal with. No one was his match, and he wouldn't encounter any danger.

Moreover, Li Chunfeng, the city lord of Sword Saint City, would never allow Hu Mazi to be in danger.

"Ling Xue, I'm here..."

Kai thought of Ling Xue. So much time had passed, and he wondered how Ling Xue was doing!

Just as Kai was walking down the street, preparing to go and take a look at the Sword Sect's headquarters, he suddenly saw a group of people dressed in Sword Sect attire, each holding a sword, walking towards him in perfect unison.

Seeing this, Kai was very curious.

When did the Sword Sect have so many disciples, and why are they so ostentatious in Sword Saint City?

Just as Kai was about to step forward to ask some questions, he was suddenly pulled aside by someone.

“Fellow Daoist, what are you going to do?”

A man asked Kai!

Chapter 5593

Kai glanced at the man, who was dressed in a blue robe and carried a sword on his back—a very common sight in Sword Saint City.

“I see these Sword Sect disciples swaggering around the city, so I’m thinking of going over and saying something to them!”

“Why is this fellow Daoist trying to stop me?”

Kai asked, utterly puzzled!

These Sword Sect disciples are not behaving in a good way.

After all, this is Sword Saint City, Li Chunfeng’s territory. Although Li Chunfeng treats the Sword Sect very well because of him, he cannot turn the tables and become the host.

“These are sword guards, maintaining order in Sword Saint City. If you get too close, they might just give you a sword strike.”

The man said. 2?%zero%{1 point?*}read=?booko[? μfirst-_release-

“Sword Guards?” Kai looked puzzled. “Isn’t this Sword Saint City? Isn’t the city lord Li Chunfeng? Since when do we need Sword Sect disciples to maintain order?”

After hearing Kai’s words, the man looked Kai up and down and said with a faint smile, “How long has it been since you last came to Sword Saint City?”

“It’s been a while!” Kai said truthfully.

“Sword Saint City is now the territory of the Sword Sect. City Lord Li is traveling around, focusing on cultivation.”

“The Sword Sect is now very powerful, and many people are coming to join it.”

“Are you also thinking of adding the Sword Sect?”

The man asked!

Kai was somewhat surprised; he hadn’t expected Li Chunfeng to give the entire Sword Saint City to the Sword Sect.

Although he was also a disciple of the Sword Sect, Li Chunfeng’s gesture was far too extravagant.

Seeing that Kai did not speak, the man continued, “To become a disciple of the Sword Sect, strength alone is not enough; you also need connections.”

“Do you see these sword guards? To become a sword guard who maintains order, it’s impossible without 100,000 immortal stones.”

“And you also need someone above you to help you make arrangements.”

“Adding the Sword Sect requires bribes?” Kai was completely dumbfounded.

You should know that when he saw the Sword Sect in Sword Saint City, the Sword Sect was almost wiped out. It had few disciples, even fewer resources, and no one wanted to join it.

But it’s only been a short time, and so many people want to join the Sword Sect, and they need connections and to make favors?

“Of course we have to make arrangements. Let me tell you, in the Five Heavens, Sword Saint City is the most powerful, and within Sword Saint City, the Sword Sect is the most powerful.”

“A disciple named Kai from the Sword Sect led a group to destroy the Divine Sword Manor. Since then, no one in the Fifth Heaven has been able to surpass the strength of the Sword Sect.”

“That’s why so many people are rushing to join the Sword Sect and trying to find connections everywhere.”

The man became more and more excited as he spoke, as if he too had experienced the annihilation of the Divine Sword Manor.

“Fellow Daoist, do you know Kai?” Kai asked with a slight smile.

“Of course I know him, but Kai is elusive and has never appeared since he destroyed the Divine Sword Manor.”

“I was fortunate enough to meet him once, and he was indeed different from other ordinary people.”

“Kai was nearly three zhang tall, and the sword in his hand was more than one zhang long and weighed 36,000 jin.”

“At that time, with a single sword strike, he wiped out all the experts of the Divine Sword Manor, and even cleaved a gap in the void.”

The man described it vividly, as if he had really seen it with his own eyes.

Hearing the man’s words, Kai laughed, a very happy laugh.

Although he knew the man was bragging, Kai felt secretly pleased with himself for being praised like that.

“Fellow Daoist, I never expected you to have met Kai before. Does that mean you are also a disciple of the Sword Sect?”

Kai asked!

The man was taken aback, then said somewhat awkwardly, “No, it’s not that. Joining the Sword Sect requires 10,000 immortal stones. Although

I have enough, I don't have any connections and can't find anyone to introduce me, so I can't join at all."

"Does everyone have to pay immortal stones and rely on connections to join the Sword Sect?" Kai asked in surprise.

Chapter 5594

"No, that's not how it used to be. It was based on talent and ability; you could be added by passing an assessment."

"However, later on, some people started to use back channels and pull strings, and gradually they started charging for immortal stones, so you still needed to pull strings."

"Basically, those who can be added to the Sword Sect, especially those who directly enter the Sword Guard through the examination, have all gone to great lengths to find connections and have been pre-selected."

"I can tell you've only been in the Fifth Heaven for a short time, so you don't have many connections. Don't waste your time."

"That's what the man said."

"I've only been in the Fifth Heaven for a short time, it seems I need to build up my connections."

Kai said, feigning some disappointment.

"Fellow Daoist, don't be too disappointed. Since you've come to Sword Saint City, even if you can't join the Sword Sect, you can still learn something by participating in the assessments and sparring with others."

The man patted Kai on the shoulder and said.

"Hmm!" Kai nodded. "May I ask your honorable name, fellow Daoist?"

“My name is Fang Xiang, what’s yours?” Fang Xiang asked.

“Oh, my name is Chen Chen Dali!”

Kai almost let it slip.

“Judging from your name, your strength can’t be that high!” Fang Xiang said with a smile!

Just then, a middle-aged man dressed in a coarse cloth shirt walked over. The man was not tall and his eyes were squinted.

“Fellow Daoists, I’ve been listening to you talk for a while now. Are you thinking of adding the Sword Sect?”

The man in the short shirt asked. (The rest of the text appears to be a list of search terms or keywords, possibly related to a website or online forum. A direct translation wouldn’t be meaningful without further context.)

Fang Xiang nodded: “That’s right, but we don’t have anyone to introduce us, so we can’t add anyone.”

“I can help you find a referrer. You only need to spend some immortal stones to find one.”

The man in the short-sleeved shirt said in a low voice.

“How many immortal stones are needed?” Fang Xiang immediately became interested upon hearing this.

The man in the short shirt looked around, then waved his hand: “Come with me, this isn’t the place to talk!”

Fang Xiang and Kai followed the man in the short-sleeved shirt into a house on the side of the street!

The man in the short shirt led Kai and Fang Xiang into the room, which was dimly lit and filled with a musty, rotten smell.

He closed the door, turned around, a mysterious smile on his face, and said in a low voice, “Finding an introducer is both difficult and easy, but you have to spend some immortal stones to grease the wheels, no more, no less, exactly 30,000 immortal stones.”

Upon hearing the man in the short shirt’s words, Kai immediately realized that this was a scalper.

Upon hearing this, Fang Xiang’s face turned deathly pale, like a wilted eggplant, and he completely wilted.

He sighed helplessly, “Where would I get 30,000 immortal stones? I can only scrape together a little over 10,000. The difference is too big.”

As he spoke, he sat down dejectedly, his eyes filled with disappointment and helplessness.

Kai felt a pang of pity seeing Fang Xiang’s state. He gently patted Fang Xiang’s shoulder, then looked at the man in the short shirt and said firmly, “I’ll help Fang Xiang get his immortal stones.”

Fang Xiang suddenly raised his head, his eyes filled with surprise and gratitude. His lips moved, but he didn’t say anything. He just stared at Kai with his grateful eyes.

The man in the short shirt’s eyes lit up, and the corners of his mouth curved into a wider smile. He nodded hurriedly and said, “Okay, that’s great! Let’s get started right away.”

With that, he led Kai and Fang Xiang out of the room, and after several twists and turns, they arrived at a secluded courtyard.

Upon entering the courtyard, one sees a disciple dressed in the robes of the Sword Sect sitting arrogantly on a stone bench, legs crossed, looking utterly conceited.

The man in the short shirt approached with a beaming smile, bowing and scraping as he said, “Sir, these two fellow Daoists wish to join the Sword Sect. They have prepared all the immortal stones. We would be grateful if you would take good care of them.”

The Sword Sect disciple glanced at Kai and Fang Xiang, slowly stood up, crossed his arms, and said arrogantly, “Whether you can join the Sword Sect depends entirely on my word. I have noted down your information. Tomorrow is the day of the assessment. Whether you pass or not depends on your tribute.”

Chapter 5595

“This is 60,000 immortal stones, for the two of us.”

Kai casually took out a storage bag and tossed it to the Sword Sect disciple.

The other party was slightly taken aback. Seeing Kai take out 60,000 immortal stones so easily, they assumed that the other party must be from a wealthy family.

“Haha, that’s great, but adding the Sword Sect disciple would just make him a menial disciple.”

“If you want to add sword guards, I can help you with introductions.” Clearly, this was an attempt to get Kai and the others to continue extracting immortal stones.

“No need. It’s already an honor to be able to join the Sword Sect and become a disciple of the Sword Sect.”

Fang Xiang quickly waved his hand in refusal.

He only had 30,000 immortal stones with Kai’s help. To become a sword guard, just registering would cost 100,000 immortal stones, not to

mention finding connections and bribing officials. Where was he supposed to find so many immortal stones?

Don't let it end up so that even the Sword Sect can't be added anymore.

"Alright, whatever you want. After you join the Sword Sect, you can still take the exam and become Sword Guards."

After saying that, he ignored the three of them and turned to walk into the house.

The man in the short shirt quickly winked at Kai and Fang Xiang and whispered, "Don't worry, you two. This gentleman is the examiner. With his help, you'll definitely be fine."

Kai and Fang Xiang nodded helplessly, then followed the man in the short shirt out of the courtyard.

The following day, the assessment site was bustling with activity. Cultivators from all over gathered there, hoping to join the Sword Sect and rise rapidly in their careers.

Kai spotted the person he had met yesterday at a glance among the examiners and sneered inwardly.

The assessment began, with various events conducted in sequence, including swordsmanship competitions and spiritual power tests.

Kai and Fang Xiang, relying on their own abilities, overcame all obstacles and successfully passed all the assessments.

Finally, the examiners announced the list of those who passed, and Kai and Fang Xiang's names were prominently featured, drawing envious glances from those around them.

Fang Xiang was so excited that his face turned red, and he clenched his fists tightly, shouting excitedly, "I did it! I've finally joined the Sword Sect!"

He turned around and hugged Kai tightly, his voice choked with emotion, and said, “Brother Chen, thanks to you, I wouldn’t have had this opportunity at all if it weren’t for you.”

Kai forced a smile, patted Fang Xiang on the back, and said, “Congratulations, we’re now fellow disciples.”

However, his expression was somewhat stern, and his eyes revealed deep worry.

During the initial assessment, many people, even those with limited talent and ability, and some who were even dull-witted, were able to join the Sword Sect.

However, some people who were clearly very talented and had excellent swordsmanship were ultimately eliminated.

This is clearly the result of using connections.

If this continues, the Sword Sect may truly be destroyed.

Fang Xiang and Kai officially became disciples of the Sword Sect, and these new disciples were all brought into a large courtyard.

At this moment, a group of senior disciples swaggered over, led by a guy with an arrogant face and greedy eyes named Wang Hu.

Wang Hu crossed his arms, glanced sideways at Kai and Fang Xiang, the newly recruited disciples, and said in a sarcastic tone, “Oh, newcomers, don’t you know the rules? In this Sword Sect, new disciples have to show respect to the senior disciples. Take out your immortal stones.”

Fang Xiang frowned, and although he was dissatisfied, he still suppressed his anger and said, “We have just joined the Sword Sect and don’t have many immortal stones. We hope that you can do us a favor, senior brother.”

Wang Hu sneered, “Make things convenient for you? That won’t do. If you don’t produce some immortal stones today, don’t even think about cultivating here properly.”

Kai frowned, his anger rising. He could accept that Hua Xianshi had become a disciple, but he hadn’t expected that the Sword Sect would engage in such bullying and oppression.

It seems the Sword Sect really needs a serious overhaul, otherwise it’s utterly rotten.

Kai couldn’t understand how his master, Mo Chen, managed the Sword Sect.

Chapter 5596

Kai looked coldly at Wang Hu and said, “Want immortal stones? No way. If you’re so capable, then take them with your strength.”

Upon hearing this, Wang Hu flew into a rage and roared, “You ignorant newbie, today I’ll show you who’s in charge here in the Sword Sect!”

As he spoke, he waved his hand, and several of his senior disciples rushed forward.

Kai didn’t move an inch, but with a slight tremor of his aura, those Sword Sect disciples were instantly blasted away.

Seeing this, Wang Hu’s face turned extremely ugly. He knew that Kai was too strong and that he was no match for him, so he ordered someone to call for reinforcements.

Soon, a Sword Sect deacon rushed over.

This steward, named Zhao De, usually colluded with Wang Hu and others, and had done his fair share of bullying new disciples.

As soon as he arrived, he shouted, “What are you all doing here? What kind of behavior is this!”

Wang Hu rushed over and pointed at Kai, saying, “Sir, this newcomer not only doesn’t respect us, but he also dares to hit us. You must stand up for us!”

Zhao De glanced at Kai, a sly glint in his eyes, then said with a stern face, “A new disciple is so arrogant and disrespectful to his elders. According to the rules of the Sword Sect, he should be fined three thousand immortal stones and confined for three days.”

Kai sneered: “You’re really biased. They were the ones who started the trouble, but you punished me without even asking what happened, and even implied that I should pay a fine to avoid punishment. You people have ruined the rules of the Sword Sect.”

Zhao De’s expression changed, and he said angrily, “You arrogant fool, how dare you openly defy a steward! If you are not severely punished today, how can the rules of the Sword Sect be upheld?”

As he spoke, he waved his hand, and several guards behind him rushed towards Kai.

A cold glint flashed in Kai’s eyes. He no longer held back and swung his longsword fiercely, unleashing a sharp sword aura that swept out like a whirlwind.

Before the guards could even get close to Kai, they were sent flying by the powerful sword energy, crashing to the ground and spitting out blood.

Upon seeing this, Zhao De turned pale with fright. He had not expected Kai to be so powerful.

Fang Xiang was shocked to see this. He rushed over and grabbed Kai’s arm, saying, “Brother Chen, you should leave now. If this continues, they won’t let you go.”

Kai remained calm and composed. He looked at Zhao De, Wang Hu, and the others, and said coldly, “I’ll wait here today and see what kind of people are in the higher-ups of the Sword Sect.”

Soon, the higher-ups of the Sword Sect were alarmed.

Ling Xue, as one of the important figures of the Sword Sect, also rushed over.

When she saw Kai, she was instantly thrilled, her eyes shining with excitement.

“Kai, is it really you?” Ling Xue walked quickly to Kai and said in a trembling voice.

Kai smiled slightly and said, “Senior Sister, it’s me.”

Only then did everyone realize that the seemingly ordinary new disciple in front of them was actually Kai, the legendary leader who brought the Sword Sect to its glory.

Those Sword Sect disciples who had clashed with Kai, as well as the steward Zhao De, were all terrified, their faces turned pale, their legs went weak, and they almost wet their pants.

Ling Xue turned her head and looked coldly at Zhao De, Wang Hu and the others, and said, “How dare you bully new disciples like this and ruin the reputation of the Sword Sect.”

Zhao De, Wang Hu, and the others immediately knelt down and begged for mercy: “Elder, we know we were wrong, please forgive us this time.”

Ling Xue ignored them and turned to Kai, saying, “Kai, tell me what’s going on with this Sword Sect.”

Kai nodded and then recounted the current corruption within the Sword Sect, from the various injustices faced by new disciples entering the sect,

to the underhanded practices during assessments, and the bullying of new disciples by senior disciples, in detail.

Chapter 5597 Not Belonging to Himself

Upon hearing Kai's words, Ling Xue was enraged. Her usually cool eyes now burned with fierce anger, and she exuded a chilling aura.

She coldly surveyed Zhao De, Wang Hu, and their group, her voice as icy as a winter's chill: "You scoundrels, how dare you act so recklessly, turning the Sword Sect into a chaotic mess! You will not be spared today!"

As soon as she finished speaking, Ling Xue drew her long sword, its light flashing like a shooting star streaking across the night sky.

With a swift movement, she darted among the crowd like a ghost, her sword flashing, each strike carrying a sharp killing intent.

Zhao De, Wang Hu, and the others stared wide-eyed in terror, trying to dodge, but found their bodies bound by an invisible force, unable to move.

In a short while, Zhao De, Wang Hu, and the other scoundrels of the Sword Sect who had participated in bullying new disciples and engaging in underhanded dealings all fell to the ground, their blood staining the ground red.

The surrounding disciples were stunned by this sudden turn of events and dared not utter a sound.

Kai looked at Ling Xue's swift and decisive methods and secretly admired her.

After Ling Xue sheathed her sword and stood still, he stepped forward and asked, “Senior Sister, why has the Sword Sect become like this? When I left, although the Sword Sect had experienced many ups and downs, the disciples were still united. Now it is in such a chaotic state.”

Ling Xue’s face was full of shame. She sighed softly and said, “Junior brother, since Master went into seclusion, I have been in charge of all affairs of the Sword Sect.”

At first, I was able to maintain order in the Sword Sect, but as time went on, things became more and more complicated, and I gradually found myself unable to keep up.

Some unscrupulous individuals took advantage of the situation, forming cliques and factions, turning the Sword Sect into a chaotic mess.

Although I have tried to rectify the situation many times, I have always been hampered by various forces, leading to the current predicament.

After hearing this, Kai nodded and said, “Senior Sister, don’t blame yourself. Now that I’ve returned, I will definitely lend you a hand to rebuild the Sword Sect.”

A hint of gratitude and relief flashed in Ling Xue’s eyes as she said, “With my junior brother’s help, I am sure I can get the Sword Sect back on track.”

In the days that followed, Kai and Ling Xue used an iron fist to manage the Sword Sect.

They first revised the strict sect rules and clarified the reward and punishment system. Anyone who violated the rules, regardless of their status, would be severely punished.

At the same time, they vigorously rectified the assessment system to ensure fairness and impartiality in the assessment and to select truly talented and capable disciples to enter the Sword Sect.

To address the issue of senior disciples bullying junior disciples, Kai and Ling Xue established a special supervisory body, encouraging disciples to monitor each other and report any instances of bullying immediately.

For senior disciples who bully others, the punishment ranges from fines like being fined immortal stones or confined to solitary confinement to being expelled from the Sword Sect for serious offenses.

Thanks to their efforts, the atmosphere within the Sword Sect gradually improved.

The new disciples felt the fairness and justice and worked even harder in their cultivation; the older disciples also curbed their former arrogance and focused on improving their strength.

However, Kai knew that in this dog-eat-dog world of cultivation, good order alone was far from enough; one's own strength was the foundation for survival.

After doing what he wanted with Ling Xue, Kai said to her, "Senior Sister, I've come back this time to cultivate in peace. Once my strength has improved, I'm going to the Ninth Heaven."

"Nine Heavens?" Ling Xue was shocked.

You must understand that in the eyes of these fifth-level cultivators, the ninth level of heaven is an unattainable world.

"Junior brother, I know you have lofty ambitions. Now that you're at the fifth level, our Sword Sect is the strongest. Just focus on your cultivation."

"Go to the valley behind Sword Saint City, I'll send someone to protect you..."

Ling Xue knew that Kai did not belong to the Fifth Heaven, nor did he belong to her.

Chapter 5598

Chapter 5598 Cherish It

Kai nodded, then went to the valley behind the tower. After setting up some simple protective measures, he entered the Demon Suppression Tower to begin his cultivation.

With tens of thousands of storage bags, Kai currently has ample resources.

He didn't know how much time had passed, but Kai felt that the resources in the tens of thousands of storage bags in front of him were almost exhausted, and his realm had only broken through the Earth Immortal Realm and reached the Human Immortal Realm.

With so many resources, Kai had just reached the first rank of the Human Immortal Realm.

"Hopefully, the remaining resources will allow me to reach the second rank of the Human Immortal Realm..."

Kai closed his eyes slightly and continued his cultivation.

Meanwhile, in Sword Saint City, Ling Xue was busy managing the Sword Sect every day, and would occasionally come to the valley to check on Kai to see if he had emerged from the Demon Suppression Tower.

On this day, Ling Xue managed the affairs of Sword Saint City as usual.

Suddenly, the void above Sword Saint City trembled, and a void passage slowly appeared.

More than a dozen terrifying auras emanated from the void passage.

The cultivators of Sword Saint City, and indeed the entire Fifth Heaven, were all terrified.

Because those auras were incredibly powerful, they were definitely cultivators from a higher world.

They didn't know why such a powerful cultivator would come to the Fifth Heaven.

Ling Xue gathered all the disciples of the Sword Sect and looked at the void passage with a solemn expression.

Sensing the aura, Hu Mazi scrambled off the female cultivator, threw on his clothes, and hurriedly ran out of the room.

Hu Mazi approached Ling Xue and, gazing at the void passage, said, "Miss Ling, don't be too nervous. Perhaps these people mean no harm."

Although Hu Mazi comforted Ling Xue in this way, he himself was just as nervous.

Because he knew that Kai had offended many people, and they were all people from very high-ranking positions.

If these people really did know Kai's whereabouts and came here, then it would be troublesome. I'm afraid no one could stop them.

Soon, the dozen or so auras drew closer and slowly emerged from the void passage.

It was a woman, accompanied by ten divine guards clad in golden armor.

Upon seeing the woman, Hu Mazi immediately breathed a sigh of relief.

"Miss Ling, don't be nervous. This is one of our own, the Fourth Temple Master of the Temple."

Hu Mazi said!

It turned out that the person who came was Ling Xi, the fourth master of the temple, who came with her divine guards.

Lingxi and her people slowly landed in Sword Saint City. The aura that Lingxi and her people inadvertently exuded was enough to make the cultivators of the Fifth Heaven not dare to raise their heads.

In front of Lingxi and the others, these cultivators at the fifth level of the Heavenly Realm were like ants.

“The fourth master of the temple?”

Ling Xue couldn’t help but swallow.

You should know that the sixth temple master was an invincible existence in the fifth heaven back then, but now the fourth temple master has come.

“Master Hu, is Mr. Chen here?”

Lingxi saw Hu Mazi and asked!

“Fourth Palace Master, Kai is currently cultivating in the Demon Suppression Tower. He has been in seclusion for some time and has not yet emerged from seclusion.”

“That’s what Hu Mazi said.”

“Is he in seclusion?” Lingxi frowned slightly.

“Fourth Palace Master, has something happened?” Hu Mazi asked.

“If Mr. Chen has emerged from seclusion, tell him to go to the Eighth Heaven God King Palace to find me as soon as possible.”

Lingxi said.

“Okay, I’ll tell him when he comes out of the pass.” Hu Mazi nodded.

Lingxi then turned her gaze to Lingxue, who gritted her teeth and tried to lift her head to meet Lingxi’s eyes.

“Are you Mr. Chen’s woman?” Lingxi asked Lingxue.

Ling Xue nodded, but then shook her head.

She didn’t know what she meant to Kai. Was she his senior sister? His lover? Or his wife?

“You are very lucky and happy, cherish it…”

Lingxi said with great envy.

Chapter 5599

Chapter 5599 Departure

Being Kai’s woman is truly a blessing.

In the past, Lingxi looked down on Kai. Even when Kai had needs, she would have her personal maid Yunxiu help him.

But now, Lingxi’s heart is filled with Kai. How she wishes that Kai could pamper her just like he pampered other women.

However, Lingxi wouldn’t bring it up herself; she was too shy. She would wait for Kai to make the first move, since Kai didn’t lack women. So Lingxi envied Lingxue.

Hearing Lingxi’s words, Lingxue smiled slightly: “You also want to become Kai’s woman, don’t you?”

“If so, I can pass on your message. I know you really want to, but you’re too embarrassed to mention it to Kai.”

Women understand women best.

When Lingxi mentioned Kai, the female hormones emanating from her body could be felt by Ling Xue even from 800 miles away.

We're all women, so no one should laugh at anyone else. When Ling Xue saw Kai, she also felt aroused and itchy.

Lingxi looked at Lingxue without saying a word, her face flushed with embarrassment. Suddenly, she waved her hand, opened a void passage, and left.

Hu Mazi stood to the side, his face full of envy.

He couldn't understand why Kai's women were all so understanding.

She even went out of her way to find women for Kai, without getting jealous at all.

A few days later, Kai emerged from the Demon Suppression Tower.

At this point, Kai had reached the second rank of the Human Immortal Realm, but he had exhausted all his resources.

Seeing that Kai had broken through to the second rank of the Human Immortal Realm, Ling Xue and Hu Mazi were very happy.

"Kai, when you were in seclusion, the Fourth Palace Master came to see you and said that she had something to tell you. She asked you to go to the Eighth Heaven God King Palace to find her as soon as you came out of seclusion."

Hu Mazi said to Kai.

Upon hearing this, Kai frowned instantly. He knew that Ling Xi must have encountered something important to come directly from the Eighth Heaven to the Fifth Heaven to find him.

"Master Hu, you should stay in the Fifth Heaven for now and help Senior Sister manage the Sword Sect. We will notify you once we find out the whereabouts of your clansmen's souls."

Kai said.

Kai is going to the Ninth Heaven, so someone of Hu Mazi's strength is no longer suitable to accompany him, otherwise it could easily lead to danger.

"Alright, take good care of yourself. It would be best if you could find the souls of your clansmen, but if you can't, don't force yourself."

"The Evil Path Hall is too powerful; you should try to avoid its sharp edge."

Hu Mazi didn't want Kai to take too much risk for the sake of his clan.

"I know that even if I don't investigate the matter of your clansmen's souls now, the Evil Path Hall will not let me go."

Kai smiled slightly.

After saying that, Kai looked at Ling Xue and said, "Senior Sister, take care. If anything happens, please contact Master Hu."

Hu Mazi's strength is now unmatched in the Fifth Heaven.

"Junior brother, take good care of yourself. When you go to the Eighth Heaven, treat the Fourth Palace Master well. I can tell that she likes you very much."

"If possible, spend some quality time with her. She's a woman, and she's lonely and needs a man."

Ling Xue knew that once Kai left, no one knew when he would return.

Moreover, Kai is gone, but he can't be without women by his side, which is why he said that.

Kai was slightly taken aback, then smiled and said, "Senior Sister is joking. I'm leaving now..."

As soon as Kai finished speaking, he vanished instantly, turning into a golden light and disappearing without a trace!

Kai did not open a void passage, but instead traversed the starry sky to reach the Eighth Heaven.

He feared that if he were trapped in the void passage again, he would truly have no way to get out.

Kai left the Fifth Heaven and arrived in a starry sky.

“Kid, are you really planning to risk going to the Eighth Heaven like this?”

“Although void passages can be dangerous at times, they are still much safer than tearing through spacetime like this.”

The voice of the Crimson Cloud Demon Lord echoed in Kai’s mind.

“It’s a bit dangerous, but better than being trapped in that void passage.” (White Horse Academy >=° ?o Updated~?New+) Most Complete?-(”

Holding the Dragon-Slaying Sword, Kai constantly traversed through time and space. This forced tearing of time was much slower.

“Hey kid, someone’s coming!”

“Red Cloud Demon Lord reminded me.”

Just as the Crimson Cloud Demon Lord finished his warning, a loud bang suddenly rang out!

The moment Kai stood before him, it shattered without warning.

A dark figure slowly appeared in front of Kai.

Although Kai didn't know who the dark figure was or what it wanted to do, he had already taken up the Dragon Slayer Sword and slashed out with it.

Kai understood the principle of striking first to gain the upper hand, and striking later to suffer the consequences.

puff!

Kai's Dragon-Slaying Sword pierced the dark figure, but the figure suddenly disappeared after being stabbed.

The next moment, the time around Kai began to become illusory and blurry, as if a mysterious force was enveloping Kai and causing him to escape from this space-time.

Kai was shocked. He never expected that there would be such a powerful person in this time and space who could control him without showing his face.

"Go to hell..."

With a swing of Kai's Dragon-Slaying Sword, the entire space-time began to shatter.

Countless sword beams tore apart the entire space-time continuum, and that mysterious power slowly disappeared along with the countless sword beams.

Kai's heartstrings were taut to the limit at that moment, like a fully drawn bowstring. *o$??o-Novel¤:Net e¯~ t#Already t& `Published?~Latest*?-Chapter 3<Section?.

Although he didn't know who this suddenly appearing black shadow was, its ability to accurately locate him in this chaotic spacetime turbulence

and silently shatter the spacetime barrier showed that its strength was absolutely terrifying.

The eerie force that surrounded him, attempting to drag him out of his current timeline, carried a chilling, undeniable aura of law.

“You cowardly coward, show yourself!”

Kai shouted sharply, his voice echoing through the shattered fragments of time and space, but he received no response.

Only that invisible pulling force continued to increase, and the surrounding spacetime began to distort and rotate, and the colorful light bands became chaotic, as if he was being thrown into a huge, invisible vortex.

He dared not be negligent in the slightest, and the immortal essence of the second rank of the Human Immortal Realm within his body surged and roared like a boiling river.

Sensing its master’s fighting spirit, the Dragon Slayer Sword emitted a clear and resounding sword cry. Dark golden runes lit up one by one on the blade, exuding a destructive aura.

Kai suddenly flicked his wrist, no longer a simple straight thrust, but instead poured his boundless immortal energy into the sword, unleashing a more exquisite and domineering sword technique.

“cut!”

With a sharp shout, the Dragon Slayer Sword erupted with a dazzling light, and thousands upon thousands of condensed, tangible sword energies swept outwards in all directions from Kai like a raging tornado.

This was not a random slash; each sword aura contained Kai’s preliminary understanding of the laws of space. They precisely cut and tore apart the spacetime nodes where the mysterious force that bound him was located.

“Sizzle sizzle sizzle—!”

The sound of tearing cloth seemed to rang out repeatedly, and the distorted and blurred spacetime around us was like a shattered mirror, with countless clear cracks appearing.

The chilling, pulling sensation suddenly froze, becoming less stable.

With a firm resolve, Kai intensified his attacks.

The sword light was like a rainbow, crisscrossing and turning the space-time region where he was located into a deathly domain of sword energy.

The shattered fragments of space were enveloped by the sword energy, forming a small-scale spacetime storm that seemed to pulverize anything that entered it.

Just as the sword energy storm reached its peak, the vanished black shadow finally reappeared.

It did not appear from a specific location, but rather, like a drop of ink falling into water, it re-condensed from the surrounding turbulent shadows of time and space.

Its face was still indistinct, and even its specific shape was unclear. It was like a constantly twisting and changing humanoid darkness, with only two scarlet lights shining where it should be the head, filled with indifference and death, locking onto Kai.
