Chapter 141: Secret domain's main dao, fire dao

"And even more, you are saying you feel the same regarding Feng Xue too...?"

"This is completely unlike the way you would usually act."

"Tell me, what is it that you are hiding from me? For you to say what you had just said, you must know something that I don't."

Right after Ning Zhi finished speaking, Ning Zhi began staring keenly into Veronica's eyes as she waited for Veronica's answer.

Meanwhile, faced with Ning Zhi's question, Veronica merely rolled her eyes at Ning Zhi, then picked up her wine glass and took a sip of her wine, then said leisurely while twirling onto her wine glass, "Can't a mother be worried for her daughter's safety, and by proxy, the safety of her daughter's friend?"

"In any case, if there's risks that come with exploring the secret domain, I'm not going to allow my daughter to risk her life, even if it's true that there may be some sort of heaven-sent opportunities awaiting for her within the secret domain if she were to explore the secret domain."

"Naturally, since Feng Xue is my daughter's friend, I highly recommend that you don't send Feng Xue over to the secret domain to explore the secret domain."

"And even if you are hell-bent on sending Feng Xue over to the secret domain, at the least, wait for other cultivators to have been done exploring a relative amount of the secret domain first and confirmed the areas that are truly dangerous, and the areas that are relatively safe, before sending Feng Xue over to the secret domain."

"I mean, what's the harm of waiting a few months first? Especially since the secret domain is a secret domain that belongs to an immortal realm cultivator, and it's not like anyone would be able to successfully claim the secret domain's inheritance even if they were given a year to explore the secret domain."

Initially, when Ning Zhi heard what Veronica said, the corner of Ning Zhi's mouth immediately began twitching, evidently that Ning Zhi was aware that Veronica was bullshitting with her.

However, as Ning Zhi continued on listening to what Veronica said, a slight frown appeared on Ning Zhi's face as Ning Zhi continued on looking closely into Veronica eyes, trying to catch if Veronica was being serious or just spouting nonsense to throw her off.

And as Veronica finished speaking, Ning Zhi could be seen having a deep frown on her face.

After all, Ning Zhi was able to tell that Veronica was actually serious.

"For Veronica to be serious about not allowing her daughter to explore the secret domain, even though she was made aware that the secret domain was the domain of an immortal realm cultivator..."

"And even go so far as to try to convince me not to send Feng Xue over to the secret domain..."

"There is definitely something that she knows of that I do not know of."

"Otherwise, with the way Veronica is as a person, there is no way she would stop her daughter from exploring the secret domain just because the secret domain is "dangerous"."

"I mean, is there an immortal realm cultivator's secret domain in this world that is opened to everyone to explore, while being safe to explore at the same time?!"

"However, from the looks of things, it doesn't seem that Veronica is intending on sharing what she knows with me..."

Upon thinking up to here, Ning Zhi decided to listen to Veronica's advice of not letting her direct disciples explore the secret domain.

However, even if that was the case, Ning Zhi still intended on bringing both Vanessa and Feng Xue over to the west.

"Alright, I don't know what it is that you know, but I will bite, I won't let Vanessa and Feng Xue explore the secret domain."

"Though, I still intend to bring Feng Xue and Vanessa over to the west and let them enter into the secret domain. Of course, the both of them will be staying near the portal even after they had entered the secret domain, thus, they won't be in any danger."

"You should be fine with this, right?"

With a slightly confused look, Veronica asked, "If they aren't going to be exploring the secret domain, what's the point of heading over to the west?"

"Unlike the Dragons' Grave where the flow of spiritual energy is extremely chaotic, this secret domain is a manifestation of the immortal realm cultivator's daos.

And from the looks of things, the immortal realm cultivator's main dao seems to be the fire dao.

Thus, this is a good chance for both Feng Xue and Vanessa to try and comprehend the fire dao while they are still both in the energy refining realm.

The chance of being able to try and comprehend a fire dao, and more importantly, a high-level type of fire dao isn't easy to come by, don't you agree?"

Upon hearing what Ning Zhi had said, Veronica finally hesitated for the first time on whether she should allow Vanessa to head over to the secret domain or not.

After all, Veronica was initially intending to make Vanessa stay at Bright Moon City so that Vanessa could marry Sebastian as soon as possible.

However, at the same time, as someone who was cultivating the fire dao, Veronica strongly agreed with Ning Zhi on the point that the chance to be able to comprehend the fire dao was extremely hard to come by.

Even more, within the Lower Realm, especially the North, South, East, and West Continents, chances to comprehend any of the heavenly daos were extremely hard to come by, so let alone the chance to comprehend the primarily dao that one was cultivating.

After hesitating for a moment, Veronica asked, "Are you sure that it is going to be safe for them so long as they were to stay near the portal right after they had entered the secret domain?"

With a confident look on her face, Ning Zhi immediately answered Veronica's question without any hesitation.

"Of course..."

Chapter 142: First ally

"With the talismans, armors, and formations that I have prepared for them to use..."

"Along with the enchanted weapons that you will be making for them, they will definitely be completely safe."

Upon hearing Ning Zhi's answer, Veronica began pondering for a moment, then finally agreed.

"Fine! I will allow Vanessa to go with you to the west then."

Upon speaking up to here, Veronica looked over to Vanessa, then said as she stood up from her seat, "Vanessa, come with me for a second, I have something important I have to talk to you about."

However, faced with what her mother had said, instead of standing up immediately and following along with her mother, Vanessa actually looked over to her master, evidently to be seeking for her master's permission.

Upon seeing that, the corner of Veronica's mouth immediately began to twitch.

"Go on, don't keep your mother waiting."

Upon hearing her master's approval, Vanessa stood up from her seat, then cupped her hands at her master and said respectfully, albeit still with a cold and aloof expression on her face, "Master, excuse me for a moment."

On the other hand, upon seeing how Vanessa acted, Feng Xue couldn't help but let out a sigh in her own mind.

"Sigh... With such an up-tight master and senior sister, it's so difficult for me to have the chance to be able to relax."

"Whoever that Sebastian guy is that they were talking about... I wish that master would have taken him as her direct disciple. That way, some attention will finally be moved away from me..."

Meanwhile, right as Vanessa began following behind her mother, Vanessa realized that her mother was actually heading toward the table that Ancestor Coril and the others were currently sitting at.

And when Vanessa saw that her mother actually nodded her head at everyone when she arrived at the table, followed by speaking normally to Ancestor Coril, an extremely surprised look could be seen appearing on Vanessa's face as if she had seen something unimaginable happening before her.

"Ancestor Coril, didn't you say that you have something that you want to talk to Vanessa about? Now that Vanessa's here, how about we head over to the conference hall and get it over with?"

Upon hearing what Veronica said, Coril immediately stood up from his seat, then looked over to Henry and Damien, "The two of you, come along with me."

Right upon speaking up to here, Coril looked over to Dave, "As for you, you stay right here and look out for Sebastian."

...

Not long after, within the conference building that was situated right by the wedding venue, Veronica, Vanessa, Coril, Damien, and Henry could be seen seated down at a round table that was located within a rather spacious conference room...

And at the middle of the round table, a 3d looking holographic screen could be seen being emitted out by a jade that had an intricately looking formation carved on it.

On the frontal side of the 3d looking holographic screen...

Luneth Mooncrown could be seen sitting down in what seemed to be a tent, and more importantly, Luneth Mooncrown currently had an extremely stunned look on her face, as if she had just found out something extremely shocking.

Interesting enough, amongst everyone else within the conference room, Luneth wasn't the only one who had an extremely stunned look on her face as Vanessa could be seen to also currently have an extremely stunned look on her face.

After a long moment of silence...

Luneth finally managed to come back to her senses.

After taking in and letting out a few deep breaths, while with a deep frown on her face, Luneth put on a serious look on her face and said with a grave tone to Veronica.

"So... initially, you and the Lisandris Family were intending on keeping Sebastian's sperm strengthening body a secret from me for a month or two, and a few years from Ning Zhi, so that you and the Lisandris Family could have a head start against the both of us in regard to using Sebastian's sperm strengthening body."

"However, because of the appearance of this immortal realm cultivator's secret domain, which made you feel that the North Continent would become extremely chaotic, and you are afraid that I would bring over too much of Bright Moon City and Bright Moon City's forces over to the west, in thus weakening both Bright Moon City and Bright Moon Sect's defenses..."

"You decided to change your plans and choose to reveal Sebastian's sperm strengthening body to me right now."

"Am I correct with everything that I have said?"

Judging from what Luneth had just said, it was evident, just a while ago, Veronica had not only revealed Sebastian's sperm strengthening body, but also all of her and the Lisandris Family's plans to both Vanessa and Luneth.

Faced with Luneth's serious glare, Veronica merely shrugged her shoulders, then said leisurely, "More or less."

"And before you say anything, let me first ask you this, if you were in my situation, whereby you had no choice but to share Sebastian's sperm strengthening body with other parties, would you have chosen to share it as soon as possible, or kept it a secret for as long as you possibly could?"

Upon hearing what Veronica had said, Luneth could be seen opening her mouth and trying to say something, but in the end, nothing came out from Luneth's mouth as Luneth was aware that Veronica was actually right.

Meanwhile, upon seeing Luneth's reaction, Veronica didn't bother continuing to put Luneth in a tight spot.

"Alright, there's no point in discussing about that."

"What's important right now is for us to discuss on what we should do from now on as we go forward as allies."

Right as Veronica finished speaking, Coril nodded his head in agreement.

"Veronica's right. We have to plan ahead right now while we still can, especially for things like strengthening Bright Moon City's defenses and securities, and so on other things, in preparation for the huge number of cultivators that will be flooding into the North Continent soon."

Chapter 143: Vanessa giving in

With her right index finger tapping onto the chair's armrest, Luneth said leisurely.

"Sure, let's start discussing on our future plans. But before we do that..."

After pausing for a moment, Luneth looked over to Vanessa, then continued speaking.

"Just to be clear, are you all sure that Vanessa won't end up revealing Sebastian's sperm strengthening body to Ning Zhi much earlier than you all are intending to?"

"After all, isn't Vanessa a direct disciple of Ning Zhi's?"

Right as Luneth finished speaking, everyone turned their gaze over to Vanessa, and from the looks of things, Luneth's question made sense, as currently, Vanessa had a contemplated look on her face, seemingly as if she were put in a tight spot.

On one side, it was her master who had been present in her life for most of her life, but on the other hand, it was her birth mother and the Lisandris Family.

Upon seeing the contemplated look that Vanessa had on her face, Veronica opened her mouth to break the silence.

"Vanessa, isn't this what you had always hoped for? Me getting along with the Lisandris Family?"

"Look, it's not like we are trying to hide Sebastian's sperm strengthening body from your master forever."

"After listening to everything that I had said just a while ago, you should be aware that I'm intending to get your master to join as allies with the Lisandris Family and Mooncrown Family, right?"

"Therefore, you don't have to feel as if you are betraying your master by keeping Sebastian's sperm strengthening body a secret from her."

"After a year or two, and perhaps, if the chaos within North Continent is much more chaotic than we imagined, we will reveal to your master about Sebastian's sperm strengthening body in just a few months' time."

"So, all you have to do, is to not reveal Sebastian's sperm strengthening body to your master, until we feel that it is time for us to do so."

"Can you do this, Vanessa? Not only for my sake, but also for the Lisandris Family's sake."

Right as Veronica finished speaking, Vanessa could be seen still having a contemplated look on her face.

And upon seeing that, Veronica looked over to Coril and made a gesture with her face by frowning her brows at Coril, then moving her brows in Vanessa's direction, evidently to be gesturing for Coril to give a final push to Vanessa.

Upon seeing the look that Veronica gave to him, Coril immediately understood what Veronica was trying to say to him.

And thus, Coril immediately put on an amicable look on his face, then opened his mouth and said with a gentle tone to Vanessa, "Vanessa, both the Lisandris Family and I have treated you well, didn't we?"

"And even when you were staying in the Bright Moon Sect, didn't I always look out for you as much as I possibly could?"

"Vanessa, do you remember, back then when you were still 10 years old, I..."

From the looks of things, Veronica was trying to tackle Vanessa's mind with logic, while Coril was trying to do it by guilt-tripping Vanessa.

And looking at the way Vanessa looked over Coril, Henry, and Damien, who were all Lisandris Family's members, followed by lowering her head down and staring at the table before her, it would seem that Coril's guilt-tripping was working.

"Do you also remember, when you break through and become an official talisman crafter, I..."

While Coril was speaking, seemingly to have come to a decision, Vanessa raised her head and looked over to Coril, then said speechlessly while with a helpless look on her face, "Fine, fine, I get it already, you don't have to keep going on about it, Ancestor Coril."

In actuality, Vanessa was one of the great grandchildren that Coril allowed to let address him as Great Grandpa Coril, but because of the personality that Vanessa possessed, whereby she was always serious...

Vanessa chose to strictly follow along the typical cultivation family's rules and thus would only allow herself to address Coril as Great Grandpa Coril only when she had broke through to becoming a golden core realm cultivator.

Right after Vanessa was done speaking to Coril, Vanessa glanced her eyes over everyone within the conference room, then said helplessly after letting out a sigh.

"Sigh..."

"I will give all of you my word that I won't reveal Sebastian's sperm strengthening body to my master."

"However...!"

"I'm also not going to lie to my master."

"Thus, if my master asked me any questions about Sebastian, I will just tell my master that I had promised all of you that I won't reveal any information regarding Sebastian to her."

"This should be enough, right?"

Right as Vanessa finished speaking, Veronica and Coril could be seen nodding their heads at each other while with a satisfied look on their faces, and right after...

Veronica opened her mouth and said with a smile on her face, "That will be more than enough."

Right after, Veronica looked over to Luneth and asked, "So, Luneth, what do you think? Is this enough for you?"

After giving a light nod with her head, Luneth answered, "So long as you all are fine with it, I have no qualms about it."

Upon speaking up to here, after pausing for a second, Luneth continued on speaking.

"Back on topic..."

"As of things are right now, if I were to suddenly head back to the sect, I would make myself seem too suspicious."

"Therefore, I will have to stay here at the west for at least a month's time, so that I can be done with setting up the initial base and giving out various orders."

"However, I will get my daughter, Euna, to return to the sect in two weeks' time."

"When Euna has returned to Bright Moon Sect..."

...

While Veronica and the others were discussing about their future plans within the conference room...

Sebastian had finally arrived at the wedding venue, and right as Sebastian had arrived, Feng Xue could be seen turning her head toward Sebastian's direction while with an extremely confused look on her face.

Chapter 144: Urge to "devour"

A short moment before Sebastian had arrived at the wedding venue...

While sitting upright and with a fork and knife in her hands, Feng Xue could be seen focused on cutting up steaks, drumsticks, and wings into various chunks and slices.

Looking at the front of Feng Xue, there were 2 plates, where 1 of the plates was used by her to cut the food that she had took, and the other plate was used to pile up the chunks and slices of meat that she had cut up.

Because Feng Xue felt that it wasn't satisfying to eat so slowly, whereby she had to cut up a chunk or slice of meat every time she took a bite...

She decided to pile up everything that she had cut up onto another plate, and once she felt that she had piled up enough meat chunks and slices onto the plate, she will finally begin eating!

At the start, when Ning Zhi saw what her direct disciple was doing, the corner of Ning Zhi's couldn't help but twitch a few times, however, in the end, Ning Zhi didn't say anything toward Feng Xue's action as Feng Xue was doing what she was doing while still maintaining her table manners.

However, as time passed by...

When Ning Zhi saw that the pile of meat chunks and meat slices was getting higher and higher, Ning Zhi finally couldn't hold back her temper as she smacked her left palm onto Feng Xue's head, then said coldly yet sternly, "Feng Xue. Are you purposely trying to piss me off or something?"

Meanwhile, right as Ning Zhi smacked onto Feng Xue's head, Feng Xue immediately let go of her fork and knife, then cried out in pain as she held onto her head with both of her hands.

"Ow! What did I do wrong this time?! Also, master, can you not always smack me on my head?"

Upon speaking up to here, Feng Xue began rubbing her head with her left palm as she grumbled while looking at her master with a look of grievance.

"I'm already short enough, do you know that! If you keep on smacking me on my head, I won't be able to grow taller!"

"Also, now that I think about it! The reason that I stopped growing taller is all because of you! Ever since you became my master, my height had been stuck at 162 cm!"

Upon speaking up to here and seeing that her master wasn't saying anything and was just remaining silent while staring at her...

Feng Xue decided to push her luck and get her master to buy her something that she had her eyes on for months already.

After crossing her arms, Feng Xue began speaking with a smug look on her face.

"I don't care! You have to make it up to me!"

"I heard that, a few months ago, Fairness Trade had obtained a tier 4 magical fruit, and that this tier 4 magical fruit is able to help increase one's figure, complexion, and height!"

"And because of how costly this tier 4 magical fruit is... Up till now, this tier 4 magical fruit still hasn't been sold yet!"

"Master, if you are willing to buy this fruit for me, I won't mind forgiving you for causing my height to..."

Before Feng Xue was able to finish speaking...

Ning Zhi already had enough of listening to the nonsense that was coming out from her disciple's mouth, and thus, without any hesitation, Ning Zhi covered her left fist with spiritual energy, then began giving a hard knock onto Feng Xue's head.

"Ow! You are hitting..."

And when Ning Zhi saw that Feng Xue still wasn't intending on remaining quiet after she had given Feng Xue a knock onto her head, Ning Zhi gave a few more knocks onto Feng Xue's head.

"Ow, ow, ow!"

"Alright, alright! I was just kidding with you, master!"

With the corner of her mouth twitching... Ning Zhi remained silent for a few seconds, then said sternly while glaring at Feng Xue, "Start eating the food that you have been piling up on another plate and stop cutting up anymore meat!"

"If that's what you wanted me to do, you could have just said so from the start, what need was there in using violence..."

With her lips pouted, Feng Xue grumbled in a low voice as protest against her master, seemingly as if she had already forgotten the knocks that she had just received from her master.

"Calm down, Ning Zhi... Calm down... This brat is after all your disciple... No point in getting angry..."

"It's all because she's still young... When she gets older and becomes mature, she will definitely become sensible like her senior sisters..."

While staring coldly at her disciple, Ning Zhi began muttering to herself in her own mind, so that she would be able to hold herself back from chiding loudly at her disciple and in thus making a scene at the wedding venue.

However, just a short moment after Feng Xue had began eating the chunks and slices of meat that she had cut up...

Feng Xue suddenly felt that the spiritual energy within her body was beginning to surge frantically throughout her entire body, followed by an extremely strange feeling that she has never felt before emerging from her body.

This extremely strange feeling...

If Feng Xue herself had to explain it...

It was as if her entire body was burning with a kind of strong emotion which was in turn causing her to have the urge to "devour" onto the "certain thing" that was responsible for causing this strong emotion to appear within her body.

As the urge to "devour" appeared within her body, Feng Xue ended up choking onto her food for a moment due to being absentminded for a moment while she was chewing onto the meat chunks and meat slice that she had stuffed into her mouth.

"Cough, cough..."

Chapter 145: Source of the urge

Upon seeing that Feng Xue had choked onto her food, Ning Zhi couldn't but let out a helpless sigh, then rubbed onto her forehead with her right hand as she said speechlessly.

"Sigh... No one is trying to snatch your food away from you, so why are you even trying to devour your food as if you are in a huge rush..."

Right as Ning Zhi had finished speaking...

Upon seeing that Feng Xue was still choking onto her food and was having difficulty swallowing her food...

Ning Zhi let out another sigh as she moved her left hand over to Feng Xue's back, intending to help Feng Xue by patting onto Feng Xue's back.

However, right as Ning Zhi's left hand came into contact with Feng Xue's back, a deep frown immediately appeared on Ning Zhi's face.

Upon sensing how erratically Feng Xue's spiritual energy was currently surging throughout Feng Xue's body...

Without any hesitation, Ning Zhi quickly used her spiritual energy to first help Feng Xue smoothly swallow all of the food that was stuck in Feng Xue's throat down into Feng Xue's stomach, followed by using her spiritual energy to try and suppress Feng Xue's spiritual energy.

However, to Ning Zhi's surprise, she wasn't able to even attempt at suppressing Feng Xue's spiritual energy.

Before her spiritual energy was even able to cover onto Feng Xue's spiritual energy, which was the first step she had to do before she would be able to start trying to suppress Feng Xue's spiritual energy...

The moment that her spiritual energy had come into contact with Feng Xue's spiritual energy, her spiritual energy was immediately repelled by Feng Xue's spiritual energy.

For an energy refining realm cultivator's spiritual energy to actually be able to repel a golden core realm cultivator's spiritual energy...

It was not unreasonable for Ning Zhi to come to the conclusion that something worrisome was happening to Feng Xue's body.

Furthermore, such a case whereas her spiritual energy wasn't even able to come into contact with Feng Xue's spiritual energy has never happened before.

"Feng Xue, what's the matter? How are you feeling right now?"

Upon realizing that she wasn't able to do anything with her spiritual energy to help suppress her disciple's frantic spiritual energy, Ning Zhi immediately asked with a worried tone and deep frown on her face.

Listening to Ning Zhi's worried tone, it was evident that despite how Feng Xue had constantly made her blood pressure rise, she still cared for Feng Xue.

On the other hand, when Talisman Crafter Wu heard what Ning Zhi had said, it wasn't hard for Talisman Crafter Wu to come to the conclusion that Feng Xue was currently in an unwell state, and thus...

Talisman Crafter Wu stood up from his seat, then said to Ning Zhi, "What's wrong with Feng Xue? Is there anything we can do to help? My daughter cultivates the nature energy and specializes in healing techniques, so, how about letting my daughter take a look at Feng Xue?"

Upon speaking up to here, Talisman Crafter Wu looked over to his daughter and hurried her daughter, "Yue, what are you still being in a daze for? Go and do a check on Feng Xue already!"

However, before Talisman Crafter Wu's daughter had the time to stand up from her seat...

Feng Xue, who had come back to her senses, raised her left hand and shook her left hand at everyone, making a gesture to everyone that she was fine.

"No, no, I'm completely fine."

Right as Feng Xue had finished speaking...

With an extremely confused look on her face, Feng Xue turned her head around...

Toward the source that caused her spiritual energy to begin surging frantically throughout her body, and furthermore, cause this inexplicable urge to "devour" to appear within her body.

The moment Feng Xue turned her head around...

Her eyes were immediately locked onto a robust-looking guy who possessed a height of 175 cm and a decent-looking appearance.

Right as this guy's figure entered Feng Xue's eyes, Feng Xue immediately knew that this guy was precisely the guy that her body was urging to "devour".

Furthermore, as the guy walked closer over to her, Feng Xue could feel her body becoming hotter and hotter, and the urge to "devour" the guy was also getting even stronger.

Meanwhile, right as this guy that Feng Xue had her eyes locked on had walked over to the middle of the wedding venue...

Dave, who was leisurely enjoying onto the few dishes that was at his table, finally caught the figure of the person that he was ordered by Coril to stay and look out for with the side of his left eye...

And thus, Dave immediately stood up from his seat, then raised his right hand to wave at the figure as he walked over to the figure.

"Sebastian, you are finally here!"

Evidently, the figure that both Feng Xue and Dave were currently looking at was Sebastian.

Meanwhile, upon seeing Dave called out to him, Sebastian raised his right hand and waved back to Dave, then hurriedly walked over to Dave.

And right as Sebastian arrived in front of Dave, a slightly awkward look appeared on Sebastian's face as he took a glance at everyone who was currently present at the wedding venue, then asked in a low voice.

"Uncle Dave, I didn't arrive too late, did I...? I thought that the wedding was supposed to be held at..."

Before Sebastian was able to finish speaking, Dave placed his right arm over Sebastian's shoulders, then said leisurely, "It's fine, it's fine, you aren't late at all!"

"Come with me, let me introduce a few important people to you first before you head to the building by the side and start changing into your wedding clothes."

While speaking, Dave could be seen leading Sebastian to the table that Veronica was sitting at, and because the tables were all situated not too far away from each other...

Right as Dave had finished speaking, they had already arrived at Veronica's table.

Chapter 146: Misinterpretation

"What's the matter? Is there something wrong with that guy?"

Upon seeing that her disciple turned her head around and began staring closely onto a random guy that had just arrived at the wedding venue, Ning Zhi asked with a slight frown on her face.

"I... I don't know... But my body seems to be yearning to... eat him up...?"

"...? Do you mean that figuratively or literally?"

With an extremely confused look on her face, Feng Xue said with an unsure tone while scratching onto her head with her right hand, "Figuratively... I think...? After all, I am not a cannibal who likes to eat human meat..."

Upon speaking up to here, Feng Xue suddenly had a light-bulb moment as she clapped her hands together, then turned her head over to her master and began speaking excitedly while with an excited look on her face.

"Ah! Master, I suddenly recalled the last time that I had a similar feeling to this current feeling that I'm feeling within my body!"

"It was back when you gave me that tier 5 magical treasure to refine!"

"That's right, that's right!"

"Back then when you first passed that tier 5 magical treasure over to me, my body had this urge of wanting to "devour" the magical treasure!"

"Or to be more precise, the urge of wanting to "devour" the fire spiritual energy and fire dao that were contained within the magical treasure!"

Right as Feng Xue finished speaking, she turned her eyes back over to Sebastian.

As of right now, Feng Xue felt that the reason she currently had this urge to "devour" Sebastian was most likely because Sebastian was carrying a high tier fire-elemental type magical treasure.

Thus, to be exact, her urge to "devour" wasn't targeted at Sebastian, but the magical treasure that Sebastian was carrying with him.

Meanwhile, upon hearing what Feng Xue had said, Ning Zhi also immediately thought the same thing as Feng Xue, and thus, without hesitation, Ning Zhi began using her spiritual sense to sweep over Sebastian's body.

Upon sensing that Sebastian didn't seem to be carrying anything on his body, Ning Zhi looked over to the tier 2 spatial ring that Sebastian was wearing on his right middle finger, then began muttering to herself in her own mind while with a slight frown on her face.

"I don't sense any sort of high energy output item on this guy's body. So... the magical treasure is most likely stored within his spatial ring?"

"However... isn't that a mere tier 2 spatial ring?"

"Furthermore, it's a normal tier 2 spatial ring that doesn't have any kind of energy concealment formation carved onto it."

"If he does indeed possess a high tier magical treasure, and he is storing it in such a garbage spatial ring, shouldn't I be able to sense the magical treasure's spiritual energy leaking out from the spatial ring...?"

"Hmm, this is weird..."

"In any case, Feng Xue's institution is most likely right. After all, her phoenix rebirth body is very sensitive toward fire spiritual energy and fire dao."

"And from the looks of things, the magical treasure that is stored within this guy's ring is most likely very beneficial toward Feng Xue, or else, her body wouldn't be reacting the way it is reacting right now."

"Thus, I have to get my hands onto this magical treasure no matter what."

"Though... why do an energy refining realm cultivator possess such a high tier magical treasure, and even more, what is he doing carrying such a high tier magical treasure with him? Is he naïve or just dumb?"

"It is fortunate that he ran into such a benevolent golden core realm cultivator such as me, who is willing to buy his magical treasure. Or else, any other golden core realm cultivator would have just robbed him blind by using pure force."

Upon muttering to herself in her own mind up to here...

Right when Ning Zhi was about to stand up and stop Sebastian in his footsteps...

Ning Zhi heard Dave calling out to Sebastian, followed by Sebastian responding to Dave.

Upon realizing that the guy she was looking at was actually Sebastian, various thoughts began racing through Ning Zhi's mind.

"...?"

"Wait... This guy is Sebastian? The guy who Veronica had recommended for me to take in as a direct disciple of mine?"

"If that's the case, it may actually explain why Veronica actually recommended me to take in Sebastian as a direct disciple..."

"I was thinking that it was very weird for Veronica to actually do such a thing like recommending a person who she possesses hardly any ties with for me to take in as a direct disciple..."

"From the looks of it, it is most likely that this guy used the magical treasure that he possesses to make a deal with Veronica."

...

Upon arriving at Veronica's table, Dave first cupped his hands at Ning Zhi, followed by cupping his hands at Talisman Crafter Wu, then finally began introducing Sebastian to everyone that was at the table before them.

"Everyone, this person over here is Sebastian, the groom of today's wedding!"

"Sebastian, this is Elder Zhi, a golden core realm cultivator and also the great elder of Bright Moon Sect's talisman crafting department!"

Upon hearing that the woman who Dave had just introduced to him was actually a golden core realm cultivator, and even more, was one of Bright Moon Sect's great elders...

Without any hesitation, Sebastian hurriedly lowered his head and cupped his hands at Ning Zhi, then greeted respectfully, "Nice to meet you, Elder Zhi!"

Since Ning Zhi was intending to obtain Sebastian's magical treasure, Ning Zhi decided to be friendly toward Sebastian.

Thus, instead of the usual where she would ignore low-realm cultivators' greetings toward her, and especially a greeting from a lowly energy refining realm cultivator, she actually responded to Sebastian's greeting.

"Hmm." With an indifferent look on her face, Ning Zhi let out a groan as she nodded her head.

Chapter 147: Feng Xue's odd behavior

Although Ning Zhi thought that she was being friendly by actually being willing to respond to Sebastian's greeting...

Since this was Sebastian's first-time meeting with Ning Zhi and he didn't understand much about Ning Zhi, Sebastian merely thought...

"As expected of a golden core realm cultivator, this is exactly how I would expect a golden core realm cultivator to act when they are interacting with a lowly energy refining realm cultivator like me, aloof and indifferent!"

"The way in which Coril was being so friendly when interacting with me is merely because of my sperm strengthening body."

"If not for my sperm strengthening body, I can imagine that Coril would have acted no different from the way in which Elder Zhi is currently acting when interacting with me."

That's right, Sebastian actually thought that Ning Zhi was being aloof and indifferent toward him.

Thoughts such as that Ning Zhi was being friendly toward him had never crossed his mind.

In truth, Ning Zhi was not to be blamed for thinking that her willingness to respond to Sebastian's greeting was counted as her being friendly toward Sebastian.

After all, if any disciples that were from the talisman crafting department had greeted Ning Zhi and saw that Ning Zhi actually responded to them instead of ignoring them, they would have immediately become ecstatic as it meant to them that Ning Zhi possesses a favorable impression toward them!

Otherwise, why would Ning Zhi have even bothered responding to their greeting?!

On the other hand, unlike Sebastian, who was unaware of Ning Zhi's personality...

When Dave saw that Ning Zhi actually responded to Sebastian, a slightly surprised look immediately appeared on Dave's face as he thought to himself.

"Did Sebastian do something to impress Elder Zhi...? Nonetheless, as expected of a special body bearer. It would seem that Elder Zhi is most likely going to accept Sebastian as her direct disciple."

Evidently, Dave was completely unaware of the conversation that had previously happened between Veronica and Ning Zhi.

Thus, he still had no idea that Ning Zhi wasn't intending on accepting Sebastian as her direct disciple.

Shortly after Ning Zhi had responded to Sebastian's greeting, Dave began leading Sebastian over to Feng Xue, who was sitting right beside Ning Zhi, then began introducing Feng Xue to Sebastian.

"This young lady over here is Feng Xue. You can address her as Senior Sister Feng Xue."

Upon speaking up to here, Dave gave a meaningful glance at Sebastian before continuing speaking, "Feng Xue is not only Elder Zhi's direct disciple, but she is also a cultivator who actually possesses a special body, and that special body is known as the phoenix rebirth body!"

Right as Dave introduced Feng Xue over to Sebastian, Sebastian immediately thought to himself in his own mind, "So, this is Feng Xue, huh..."

"The female cultivator who possesses the phoenix rebirth body and managed to come in as 3rd place within the energy refining realm martial tournament despite only possessing the cultivation level of level 7 and having to compete against cultivators who possessed the cultivation level of level 10!"

When Sebastian had transmigrated over to the Cultivation World and was reading through the previous host's memories, Feng Xue was one of the few people that had left a strong impression in his mind.

Thus, it was only natural that Sebastian would be aware of Feng Xue's special body and accomplishment.

Although Sebastian didn't lower his head as he did when greeting Ning Zhi, Sebastian still greeted respectfully to Feng Xue by cupping his hands at Feng Xue and speaking with a respectful tone.

"Nice to meet you, Senior Sister Feng Xue!"

"..."

However, faced with Sebastian's greeting, Feng Xue actually didn't respond at all, and instead, Feng Xue could be seen sizing up Sebastian's body up and down while with an extremely confused look on her face, seemingly as if there was something regarding Sebastian that was making her feel extremely puzzled.

Meanwhile...

Upon seeing that Feng Xue was just remaining silent while constantly sizing him up and down with an extremely confused look on her face...

After what seemed like 10 seconds of silence had passed since he had greeted Feng Xue and Feng Xue had been silently sizing him up and down, Sebastian decided to open his mouth and ask if there was anything wrong.

"Senior Sister Feng Xue, is there something wrong...?"

While opening his mouth to speak, Sebastian waved his right hand in front of Feng Xue.

"Ah! Cough, cough, nice to meet you too Junior Brother Sebastian."

Seemingly to have been woken up from her deep thought, Feng Xue let out a cry of surprise, followed by a few coughs to hide her awkwardness, then finally stood up from her seat and cupped her hands at Sebastian as she greeted at Sebastian.

Although Dave felt that Feng Xue was acting rather strange, Dave didn't think too much of it as he pat onto Sebastian's back, gesturing for Sebastian to follow with him over to the opposite side of the table, where Talisman Crafter Wu and her daughter were seated at.

However, right before as Sebastian had turn his body to the side and was about to begin walking over to Talisman Crafter Wu and his daughter...

Feng Xue suddenly grabbed onto Sebastian's sleeve, stopping Sebastian from moving.

"Wait a moment!"

"Hmm...?"

With a confused look on his face, Sebastian turned his head over to Feng Xue and let out a confused groan.

"Sorry but... can you remain still for a bit... I want to confirm something..."

While speaking, Feng Xue could be seen moving closer to Sebastian's body, then began inspecting closely onto Sebastian's body from up to down.

And from time to time, while Feng Xue was inspecting closely onto Sebastian's body from up to down, Feng Xue would actually take a sniff onto Sebastian's body, seemingly to be trying to confirm something.

Meanwhile, while Feng Xue was doing whatever she was doing, everyone at the table, especially Dave, Sebastian, and Ning Zhi who were situated close to Feng Xue could see that Feng Xue's complexion was turning flushed red at an extraordinary speed.

"Erm...? Senior Sister Feng Xue...?"

Chapter 148: Lecherous pervert

Initially, Sebastian didn't think too much when he heard Feng Xue asked him if he could remain still as she wanted to confirm something.

While remaining still, Sebastian watched as Feng Xue began inspecting closely onto his body from up to down, then from down to up, followed by repeating the same thing for a few times.

At first, although Sebastian did feel that Feng Xue was standing a bit too close to him while she was inspecting onto his body, Sebastian just kept quiet about it as he felt that someone like Feng Xue wasn't going to do any harm to him.

However, as time passed by, Sebastian could see that Feng Xue's complexion was actually turning flushed red at an extraordinary speed...

And furthermore, the look that Feng Xue had on her face, which was originally an extremely confused look, was now replaced by what seemed like an unusual fervent look.

If Sebastian had to describe what it felt like to be inspected closely by Feng Xue while Feng Xue had that unusual fervent look on her face...

It would be that it felt as if he was being sized up and down by a lecherous pervert, and this lecherous gaze that Feng Xue had in her eyes seemed as if she was able to see through his clothes.

To tell the truth, despite how beautiful Feng Xue's face was, Feng Xue was currently actually making him feel a bit uncomfortable.

Thus, right upon sensing that Feng Xue actually placed her right hand onto his chest, Sebastian's expression immediately came to a froze for a moment, and right after realizing what was actually happening...

With an awkward yet uncomfortable look on his face, Sebastian asked with a slightly apprehensive tone in his voice.

"Erm...? Senior Sister Feng Xue...? What are you doing...?"

Upon hearing Sebastian's voice rang out, Feng Xue subconsciously raised her head to take a look at Sebastian's face...

And when she saw the awkward yet uncomfortable look that Sebastian currently had on his face...

Feng Xue immediately realized that what she was currently doing was indeed a bit out of line, especially when taking into account that this was the first time that they had officially met with each other and greeted each other.

As for why this time was counted as officially the first time...

It was because both Feng Xue and Sebastian belonged to the same batch of cultivators that had joined Bright Moon Sect.

Thus, it was only natural that the both of them had seen each other before when they were taking part in Bright Moon Sect's disciple recruitment test.

Of course, although they had both seen each other during Bright Moon Sect's disciple recruitment test, they had never greeted each other nor spoken to each other.

And to tell the truth, if not for the fact that Feng Xue possesses a good memory, she would have completely forgotten about the fact that she had seen Sebastian's face before back when she was taking part in Bright Moon Sect's disciple recruitment test.

Although Feng Xue realized that what she was currently doing was indeed a bit out of line...

The burning heat that was currently circulating throughout her entire body and causing her to feel an extremely intense inexplicable feeling that she had never felt before made her tossed her misgivings away.

All so that she could reassure Sebastian and make Sebastian become relaxed...

With her face already turned extremely red and her breathing slightly hurried...

Feng Xue tried her best to put on a reassuring look on her face, then said with a gentle tone.

"Hah... Don't worry, Junior Brother Sebastian, your Senior Sister Feng Xue doesn't mean any harm to you..."

Upon speaking up to here, seemingly to not be able to hold back her urge to start feeling her right hand around Sebastian's chest, mainly due to the extremely comfortable feeling that she could sense being transferred from Sebastian's body over to her right hand...

Feng Xue lowered her head and looked toward Sebastian's chest, then began rubbing her right hand onto Sebastian's chest as she continued reassuring Sebastian.

"There's nothing to worry about... So... stay still for a bit longer, I'm close to confirming what I want to confirm."

Unbeknownst to Feng Xue, her reassurance was completely useless in Sebastian's point of view.

In Sebastian's point of view, Feng Xue looked no different from a lecherous pervert that was trying her best to convince a random stranger that she wasn't a pervert, despite the fact that she evidently currently had a lecherous look on her face, and furthermore, was currently feeling up the random stranger's body with her right hand.

"..."

With the corner of his mouth's twitching...

Sebastian watched as Feng Xue began rubbing her right hand around his chest.

However... shortly after just what seemed like 10 seconds had passed...

Seemingly to be unsatisfied with just feeling Sebastian's chest with her right hand, Feng Xue actually decided to place her left hand onto Sebastian's chest too, and right as Feng Xue left hand came into contact with Sebastian's chest...

"Ah..."

Everyone at the table could hear Feng Xue let out what seemed to be a satisfied groan.

Upon hearing the groan that was leaning close to being a moan come out from Feng Xue's mouth, Sebastian immediately felt extremely uncomfortable as a grimace look appeared on his face.

"What the hell is going on right now... Is no one going to stop her from doing whatever she is doing right now...?"

"There's definitely something wrong in the head with this Feng Xue, is this how one should be acting toward someone they had just met with?!"

Upon thinking up to here, Sebastian looked over to Dave, hoping that Dave could do something to help him get out of this situation.

However, faced with Sebastian's plea of help...

Instead of helping without hesitation, Dave first looked over to Ning Zhi.

Upon seeing Dave's reaction, Sebastian followed along Dave's gaze and looked over to Ning Zhi.

Unfortunately...

Chapter 149: What are you even doing?!

Unfortunately for Sebastian, it would seem that he was just going to have to continue enduring the uncomfortable situation that he was currently in, all the way until Feng Xue was satisfied, or be done with whatever she wanted to confirm.

When Ning Zhi sensed that both Dave and Sebastian had looked over to her, she subconsciously turned her gaze away from Feng Xue, then looked over to Dave, followed by Sebastian.

Immediately after seeing the expressions that were on Dave and Sebastian's faces, whereby Dave had a look on his face that seemed to be asking for her permission to stop Feng Xue with whatever she was currently doing...

And Sebastian had a look on his face that was evidently asking for help to get out of the situation he was currently in...

The corner of Ning Zhi's mouth immediately began twitching for a few times as she thought to herself.

"This damned disciple of mine! What the hell is she even doing?!"

"Isn't the magical treasure stored within Sebastian's spatial ring?"

"What is she even doing acting like a lecherous pervert by feeling her hands all over Sebastian's chest?!"

"Does she not know that she is a lady?! Where are her reservedness and modesty as a lady?!"

"Urgh... my head... it hurts..."

"I can't imagine what everyone at the table is currently thinking of this disciple of mine right now..."

"And if I were to not stop what she is doing right now... What are these people going to end up thinking of me?!"

"Urgh!!! This unfilial disciple, she better has an extremely good reason for whatever she is doing right now!"

In the end, Ning Zhi decided to allow her disciple to continue doing with whatever she was doing to Sebastian right now.

Thus, faced with both Dave and Sebastian's gazes...

With an indifferent expression on her face, Ning Zhi lightly shook her head, then turned her gaze back over to Feng Xue.

Upon seeing Ning Zhi's reaction...

Both Sebastian and Dave turned their heads around and looked into each other's eyes.

Upon coming into contact with Sebastian's expression that was still filled with slight hope that he would do something to help him get out of the situation he was currently in...

Dave put on an apologetic look on his face and shrugged his shoulders at Sebastian, evidently to be telling Sebastian that there was nothing he could do to help him.

Upon seeing Dave's reaction, Sebastian let out a helpless sigh in his own mind as he thought helplessly to himself.

"Sigh... Hopefully this Feng Xue is able to be done with whatever she is trying to confirm soon..."

However, to everyone's surprise, and to Sebastian's horror...

After what seemed like close to a minute had passed since Feng Xue had began rubbing both her hands around Sebastian's chest...

Feng Xue actually began moving her hands downward Sebastian's chest, all the way until her hands had arrived at Sebastian's stomach.

To Ning Zhi's relief, her disciple hands didn't go further down Sebastian's stomach.

Then again... It's not like the current situation was much better too...

Looking at Feng Xue who was currently rubbing both of her hands onto Sebastian's stomach while with a usual fervent look on her face...

And Sebastian who had an obvious uncomfortable look on his face...

If one didn't know better, they would think that Feng Xue was actually a lecherous pervert that was currently taking liberties of Sebastian.

In truth, although Ning Zhi had an indifferent expression on her face during this whole time, her mind was not calm at all, especially when she saw that her disciple actually began moving her hands downward Sebastian's chest.

If Feng Xue's hands didn't stop moving downward when her hands had arrived at Sebastian's stomach, Ning Zhi was already prepared to stop whatever Feng Xue was doing, even if Feng Xue possessed a good reason for doing whatever she was currently doing.

After all, even if Feng Xue didn't care about her own face, Ning Zhi do care about Feng Xue's face, and especially her own face!

And to put it bluntly, since Feng Xue was Ning Zhi's direct disciple...

If Feng Xue were to lose face...

Ning Zhi felt that it was the same as she herself losing face!

However, it didn't take too long for Ning Zhi's relief to disappear completely.

After only what seemed like 30 seconds had passed since Feng Xue had began rubbing her hands onto Sebastian's stomach...

Feng Xue suddenly began moving her hands downward from Sebastian's stomach, while at the same time, bending her body slightly downward and moving her head closer toward Sebastian's lower abdomen area.

In truth, Feng Xue was only intending on moving her hands and head downward to Sebastian's lower abdomen, which was where one's dantian was located at.

After all...

After rubbing her hands around Sebastian's chest and stomach, Feng Xue was able to confirm that the unknown thing that was making her body react the way that it currently did was more than likely located within Sebastian's dantian.

However, to everyone who was not aware of what Feng Xue was intending to do, in their eyes, it seemed as if Feng Xue was actually shamelessly trying to move her hands downward to Sebastian's crotch...

And furthermore, the way in which Feng Xue was lowering her head, it seemed as if she was even trying to plant her face into Sebastian's crotch too!

Thus, right as Feng Xue had only moved her hands slightly downward from Sebastian's stomach...

With the corner of her mouth twitching and her veins slightly bulging out from forehead, evidently to be filled with anger toward her disciple's action...

Ning Zhi stood up from her seat and grabbed onto Feng Xue's neck with her right hand, then pulled Feng Xue away from Sebastian.

"Alright! That's more than enough, Feng Xue!"

"Wait a moment, master! I'm close to confirming..."

Right before Feng Xue was able to finish speaking, a loud bang suddenly rang out from one of the two tables that was situated at the back area of the wedding venue, followed by a male cultivator standing up from his seat and shouting out angrily.

"Bang!"

"Feng Xue, what the hell are you even doing?!"

Chapter 150: Ye Wei, strongest cultivator within Ye Family's young generations

Right as the male cultivator had banged his fist onto the table that he was sitting at, everyone that was within the wedding venue immediately turned their head over to the male cultivator's direction.

And as the male cultivator who had stood up from his seat came into everyone's eyes, they could see that the male cultivator was a handsome young-looking man who possessed black long hair and had the sect's martial attire worn on him.

Furthermore, quite a number of people within the wedding venue actually recognized the male cultivator, especially the youngsters that were sitting at the table that was situated beside the male cultivator's table.

Then again, how could they not, when the male cultivator was the cultivator who had came in at 2nd place in the energy refining realm martial tournament that was held by Bright Moon Sect not too long ago.

"Ye Wei...? What is he doing causing such a scene? Does he think he can do whatever he wants just because he is from one of the top 3 families within Bright Moon City's Inner District?!"

One of the Lisandris Family's foundation establishment realm cultivators thought to himself while with a deep frown on his face.

However, despite what this Lisandris Family's foundation establishment realm cultivator had thought to himself, he didn't say or do anything in response to Ye Wei's action and merely just watched silently.

From the looks of things, although this Lisandris Family's cultivator didn't want to admit it...

At the end of the day, he was still aware that Ye Wei wasn't someone that he nor the Lisandris Family could afford to offend.

"Haha! This is great! Just as I was feeling bored out of my mind... It seems like there's going to be a show to watch!"

I knew that Senior Brother Ye Wei wouldn't be able to control his temper when I saw him trying to hold back his anger while staring intensively at how intimately and shamelessly Junior Sister Feng Xue was acting toward that guy!"

"Sigh, I really don't know what it is that Senior Brother Ye Wei likes about this Feng Xue..."

She doesn't have an attractive figure, nor does she seem bright at all. The only good thing about her is that she possesses the phoenix rebirth body.

Meanwhile, I possess both figure and brains, and yet... Senior Brother Ye Wei wouldn't even look my way at all..."

"Urgh... I still haven't had my fill with the foundation establishment realm wild beast meat that the Lisandris Family is serving to us in this wedding..."

The Lisandris Family won't kick the rest of us out from the wedding venue just because of one person, right...?

Whatever! I should focus on eating as much as I can right now while I still can!"

The cultivators that were sitting at the same table as Ye Wei and were evidently just like Ye Wei, who were disciples of the talisman crafting department, thought to themselves right after Ye Wei had slammed his fist onto the table and shouted out in Feng Xue's direction.

Ye Wei, a level 10 energy refining realm cultivator who was not only a cultivator that belonged to the Ye Family, which was one of the top 3 families within Bright Moon City's Inner District, but he was also a cultivator who possesses a fire elemental-type spiritual root!

Elemental-type spiritual root was basically a kind of spiritual root that was a grade above the peak-quality spiritual root.

And it was consensus amongst everyone within the North Continent that so long as a cultivator possesses an elemental-type spiritual root, being able to reach golden core realm was a definite thing for the cultivator.

Thus, so long as Ye Wei doesn't die an early death, it was but a matter of time that Ye Wei would become a golden core realm cultivator.

...

From the start since Ye Wei had sat down at his table, although he was stuffing himself with the foundation establishment realm wild beast meat dishes that the Lisandris Family was constantly serving onto his table...

Most of his attention was still fixed onto Feng Xue.

Thus, he was aware of how Feng Xue had been acting weirdly ever since Sebastian had arrived at the wedding venue.

And when he saw that Feng Xue had stood so close to Sebastian while she was inspecting onto Sebastian's body, jealousy and anger immediately began filling his heart, but seemingly to have some misgivings about causing a scene due to Ning Zhi's presence, he held back his anger.

However, shortly after, when he saw Feng Xue began rubbing her hands onto Sebastian's chest, followed by rubbing onto Sebastian's stomach...

His anger and jealousy immediately reached their peak, but then again, because of Ning Zhi's presence, he somehow managed to hold back his anger and stopped himself from causing a scene.

However, when he saw that Feng Xue was actually intending to move both her head and hands toward Sebastian's crotch area, he couldn't hold himself back anymore.

Thus, a few seconds after Ning Zhi had grabbed onto Feng Xue's neck and pulled Feng Xue away from Sebastian...

Ye Wei slammed his fist onto the table, then stood up from his seat and shouted out angrily at Feng Xue.

"Bang!"

"Feng Xue, what the hell are you even doing?!"

Right after shouting, Ye Wei's boots could be seen being covered with flames as he jumped up into the air, then tilt his body forward and kicked his feet onto the air, shooting himself into Feng Xue's direction.

Evidently, Ye Wei used a kind of martial movement technique. Otherwise, when he had kicked his feet onto the air, his feet would have just gone through the air, instead of actually being able to land onto the air.

Right after arriving in front of both Feng Xue and Sebastian...

With his eyes filled with bloodshot and his hands tightly clenched into fists, Ye Wei stared silently at Feng Xue, evidently to be waiting for a good explanation from Feng Xue as to why she had acted so shamelessly toward a man she had just met.
