

## Path to Immortality Begins With Marriage #Chapter 151: Sebastian's first conflict - Read Path to Immortality Begins With Marriage Chapter 151: Sebastian's first conflict

*Chapter 151: Sebastian's first conflict*

Currently within the wedding venue...

The wedding venue was completely silent, and everyone's attention was fixed onto the Ye Wei and Feng Xue.

Meanwhile, upon having her words that she was trying to tell her master cut off by Ye Wei, followed by seeing that Ye Wei actually dared to shout at her, and even more, seemed to be seeking for an explanation from her for her prior actions right as he had arrived in front of her...

A deep frown immediately appeared on Feng Xue's forehead as she thought to himself.

"What is wrong with this guy? He is so annoying, always acting like I'm already his dao companion."

"Didn't I tell him so many times already that I'm not interested in him, nor am I interested in looking for a dao companion?"

"All I want to do is to cultivate and get stronger! Who even cares about something so childish like a romantic relationship!"

"Tsk! Once I break through from level 9 of energy refining realm to level 10 of energy refining realm, I should be able to finally defeat him with ease."

"When that time arrives, if he dares to continue annoy me, I will give him a beating he won't forget without giving a care about the fact that his master is friends with my master!"

Upon thinking up to here and seeing that Ye Wei was still remaining silent while glaring at her...

Feng Xue finally opened her mouth and said with an annoyed tone to her voice, "What do you want now? Can you go away? I'm currently busy with other matters and don't have any time to deal with you right now."

Upon speaking up to here, Feng Xue moved her gaze away from Ye Wei's face, and over to her master, then said hurriedly, "Master, let go of me! I'm close to confirming what I wanted to confirm!"

However, to Feng Xue's annoyance, faced with what she had said, her master merely looked silently at her while with a displeased expression on her face.

Thus, Feng Xue began wriggling her body, trying to break herself free from her master's grasp,

"Let go of me! Let go of me! Let go of me..."

Meanwhile, as Ning Zhi watched her disciple trying to break free from her grasp, the corner of Ning Zhi's mouth couldn't help but twitch a few times.

In Ning Zhi's eyes, Feng Xue currently seemed no different from a female beast that was in heat.

"What is it that is actually causing this disciple of mine to act this way?"

Upon thinking up to here, Ning Zhi moved her gaze over to Sebastian and began sizing Sebastian up and down, while at the same time, using her spiritual sense to inspect onto the inside of Sebastian's body.

However, to Ning Zhi's surprise, aside from the fact that Sebastian's spiritual energy seemed to be extremely refined, Sebastian was basically just a normal level 6 energy refining realm cultivator who possesses a middle-quality spiritual root.

Also, it was fortunate that Sebastian's yin and yang cores weren't able to be detected easily, or else, Ning Zhi would have come to realize that Sebastian actually possessed 3 energy cores when her spiritual sense had arrived at Sebastian's dantian.

However, a few seconds after she had retracted her spiritual sense away from Sebastian, seemingly to recall something, a slight frown appeared on Ning Zhi's face as she muttered to herself in her own mind.

"Wait a minute... Middle-quality spiritual root and level 6 of energy refining realm...?"

"Didn't the information jade that Veronica handed over to me specified that this guy possesses a lower-quality spiritual root and was at level 5 of energy refining realm?"

"Was it a mistake made in the information jade, or..."

On the other hand...

When Ye Wei saw Feng Xue's attitude toward him, and that Feng Xue even seemed to be intending on continuing with whatever she was doing with Sebastian's body just a while ago once she had broke free from her master's grasp...

Ye Wei looked over to Ning Zhi, hoping that Ning Zhi would say or do something about this situation.

However, from start till end, Ning Zhi didn't even bother turning her gaze over to him, seemingly as if he didn't exist.

And furthermore, to his utter surprise, despite how shameless her disciple was acting, Ning Zhi actually didn't say anything, and instead, was just merely sizing Sebastian up and down while with a slight frown on her face.

Aware that he wasn't able to do anything to both Feng Xue and Ning Zhi, Ye Wei decided to point his anger toward Sebastian.

After moving his gaze over to Sebastian's face, Ye Wei shouted out angrily as he glared at Sebastian.

"You! Answer me! What did you do to my Feng Xue to cause her to act this way!"

"..."

Upon hearing what Ye Wei shouted out at him, the corner of Sebastian's mouth couldn't help but twitch as he let out a sigh in his mind and thought to himself.

"Sigh... What are you even shouting at me for? Can't you see that I am the victim here?"

"Furthermore, if she's your woman, you should be hashing things out with her, not with me. After all, from the way she's acting toward you, the two of you don't seem to be in a healthy relationship with each other."

Evidently, due to hearing Ye Wei claiming that Feng Xue was his, Sebastian subconsciously thought that Feng Xue and Ye Wei were a couple.

With a helpless look on his face, Sebastian said helplessly, "Look, I didn't do anything to Feng Xue. Rather than questioning me, you should be..."

However, before Sebastian was able to finish speaking, Ye Wei's right hand could be seen suddenly being covered with flames, followed by him shouting out angrily as he launched his right hand forward in Sebastian's direction, intending to grab onto Sebastian's throat with his right hand.

"Lowly insect, you actually dare to lie to me?!"

*Chapter 152: Complete darkness and silence*

Before Ye Wei had even launched his right hand into Sebastian's direction, intending to grab onto Sebastian's with his right hand...

The moment Ye Wei's right hand had been covered with flames...

Perhaps due to his yin and yang cores, or perhaps due to the beast-like instincts that he possesses because of the tiny dragon bloodline he possesses, Sebastian immediately sensed that he was going to be attacked by Ye Wei...

And instinctively, without even thinking, Sebastian subconsciously used his yin core's ability, darkness envelopment, onto Ye Wei.

"Darkness envelopment!"

The moment Sebastian decided to use darkness envelopment and subconsciously shouted out the words "darkness envelopment" in his own mind as he began revolving his yin core, Sebastian could sense that 1/10 of the yin energy that was contained within his yin core immediately began surging toward his left eye...

As the yin energy arrived at Sebastian's left eye, Sebastian's entire left pupil turned into a yin and yang symbol for a moment, followed by the yin part of the yin and yang symbol overwhelming and enveloping the yang symbol, causing the yin and yang symbol to turn completely black.

And right as the yin and yang symbol turned completely black, Sebastian could feel that something was being shot out from his left eye.

As for what was being shot out from his left eye...

Sebastian was aware it was precisely the yin core's ability, darkness envelopment!

And as how for Sebastian knew that?

After all, right as Sebastian sensed that something was shot out from his left eye, Ye Wei's body suddenly went completely limp, as if Ye Wei had fainted and lost consciousness.

Though, looking at Ye Wei's eyes that were still opened, it didn't really seem that he had really fainted and lost consciousness, but instead, seemed as if his soul had completely left his body.

Right as Ye Wei's body was about to land onto Sebastian's body, Sebastian subconsciously kicked his right foot onto Ye Wei's stomach, causing Ye Wei's body to get send flying and landing a few meters away from Sebastian's body.

"..."

From the start to finish, where Ye Wei's right hand was covered in flames, to Ye Wei suddenly being send flying by Sebastian's right feet...

It all happened within just a few seconds.

Thus, when everyone in the wedding venue saw what happened before their eyes...

Seemingly to be shocked speechless, all of them remained completely silent for quite a while.

"What the hell just happened...? Ye Wei, the second strongest energy refining realm cultivator within Bright Moon Sect, actually lost to a random no name cultivator...?"

"I was thinking that it was strange for Ancestor Coril to allow a married-in son-in-law to marry another Lisandris Family's female member, despite the fact that this married-in son-in-law had already married a Lisandris Family's female member a day or two ago... Seems like there is something that Ancestor Coril knows and is keeping a secret from us..."

"Senior Brother Ye Wei lost?! What even happened during these few seconds?! More importantly, just who is this person that managed to overpower Senior Brother Ye Wei and defeat Senior Brother Ye Wei with just a kick?!"

After what seemed like 10 seconds of silence had passed, then did everyone slowly start coming back to their senses as they thought to themselves while staring at Sebastian, and Ye Wei, who was currently lying down on the ground with his eyes still opened, yet with a soulless expression on his face, seemingly as if he was in a vegetable state.

From the table that the talisman crafting department's disciples were sitting at, there could be seen to be 3 male disciples and 2 female disciples sitting at the table...

And the wedding venue's complete silence was broken by one of the two female disciples sitting at the table.

"Senior Brother Ye Wei!"

At the table of the talisman crafting department's disciples...

A female disciple who possessed a rather attractive figure, a figure that was on-par with Miuna Lisandris's sexy and alluring figure...

Yet an appearance that was elegant and gentle, similar to the kind of elegant and gentle appearance that Julia Lisandris possesses...

Could be seen standing from up her seat, then shouting out with a worried look on her face as she ran over to Ye Wei's side to check up on Ye Wei.

"Senior Brother Ye Wei! It's me, Nerissa! Don't scare me, wake up, please!"

Upon arriving by Ye Wei's side, Nerissa kneeled down by Ye Wei's side, then began shaking onto Ye Wei's body as she called out to Ye Wei while with a worried look and voice that seemed to be on the edge of sobbing.

"That's... that's right! Recovery pills!"

Suddenly, seemingly to finally recall something important, Nerissa mumbled to herself as she began looking into her spatial ring for recovery pills or medicinal herbs that would be able to be of help to Ye Wei's current situation.

But, right when she had just taken out a recovery pill from her spatial ring...

Ye Wei, who was lying on the floor as if he was in a vegetative state, suddenly propped his body up from the floor, then began breathing hurriedly while with an extremely frightened look on his face, seemingly as if he had just witnessed something extremely horrifying.

"What... what the fuck was that..."

"I... I... I thought I had died or something when I sensed an overwhelming feeling of fright appearing throughout my entire body, followed by my entire vision and senses being swallowed by complete darkness and silence..."

"What... what was I doing before that happened..."

"That's right... I was about to grab onto a guy's neck..."

"A guy..."

Upon thinking to himself up to here, Ye Wei subconsciously raised his head upward, and right as Sebastian's cold expression came into his eyes...

Seemingly to have been traumatized badly by what he had just experienced...

The feeling of fright immediately began enveloping his body, and without hesitation, he quickly began crawling backward while shouting out with obvious fear in his voice.

"You... you... don't you dare do anything stupid!"
