

Chapter 121 Who Is That Woman?

Coco went back to her room, feeling that something was wrong.

Why was Leo targeting her?

He seemed to like attacking her but be extraordinarily attentive to Caroline.

But Coco felt that the politeness between Caroline and Leo was that those who just met each other.

Coco was ready to go to bed. He went to try the water temperature, but there was no hot water at all. She had to call the receptionist.

Coco called for a long time but no one answered. It was about twelve o'clock p.m. at night, so the people on duty might fall asleep!

But Coco had to use hot water. She needed to remove her makeup before going to bed, so she had to go out and go to the receptionist by herself.

As soon as she walked out of the door, Coco immediately stepped back because she saw a man standing at Caroline's door.

Caroline was with a man! Could she be that man's mistress? Coco thought.

Caroline quietly poked her head out and saw that man entering Caroline's room. She just caught his side face.

Wait a minute! How is this side face so similar to Leo's?

Did they know each other?

Coco was once again immersed in her thoughts again. If it is true that Caroline had an affair with Leo, then the clothes in Caroline's clothes would be explainable. It might could even explain why Caroline would be the scriptwriter here.

Leo was a famous actor, and it was said that his family was very wealthy, so getting a few S.R.G. clothes would not be difficult for him.

Coco raised her eyebrows. She didn't expect Caroline to be with Leo after leaving Richard.

It seemed that Coco underestimated his sister Caroline.

Caroline looked at Richard, somewhat at a loss for words.

"Hurry up and leave. If others see you here with me, they would gossip!" Caroline turned her face away.

"But you are not afraid of others seeing you being with Leo?" Richard

raised his eyebrows, and said with jealousy!

Why did Caroline treat Leo and him differently?

He repeated asking in his mind why Leo could be with her.

Richard took a step forward, with his shoes touching hers, and lifted Caroline's chin, "What did you do in the room just now?"

"We didn't do anything!" Caroline got rid of Richard's hand in anger and went to the restroom. With foaming in her mouth, she looked embarrassed.

Richard followed Caroline into the restroom. She bent over, rinsed her mouth, then looked up and saw Richard standing behind her.

She was bent over and he was standing behind her.

Looking in the mirror, Caroline felt this picture was so dirty.

Her face instantly flushed!

"What are you thinking about? Your face is red," Richard raised his eyebrows with a bad smile.

"I didn't think of anything," Caroline quickly washed her face to stop her rambling thoughts!

Richard was about to say something when his cell phone rang. He looked at the number displayed on the screen of his cell phone, then looked at Caroline, and walked out of the restroom.

Standing in front of the window, Richard answered the phone.

The call was from Alice, the woman from the Wilson family.

Recently because of his mother Katherine's arrangement, Richard had a few dinners with Alice. Though he repeatedly refused, Katherine forced him to meet Alice.

The phone call was endless.

Richard understood that Alice was the future wife that his mother chose for him. Alice Wilson will be the future hostess of the Preston family. Richard himself knew that only when he married Alice, could Hints Group become more prosperous.

"Yes?"

"Richard, I am sorry to bother you this late," Alice asked.

"It's okay," Richard could only deal with Alice carefully and couldn't say things too harshly.

Caroline was in the restroom and had already perked up her ears. After she washed her face, she walked out of the restroom and sat down

in front of the dresser, pretending to apply cream.

Both her ears were itching to fly to Richard's side.

From Richard's tone, she could feel that the caller was definitely important.

"I've been very busy lately, and I'm a bit tired," Richard said.

He was lying! Caroline listened while applying her skin care products.

"You should pay attention to your health."

Is this gentle tone really from Richard?

He even said 'good night'!

Caroline couldn't wait to expose Richard's lie, rushed to the phone and shouted, but unfortunately, he hung up the phone.

Richard chose to turn off the phone.

When he turned back, Caroline had already left the dresser to go to the bedroom.

He walked to the bedroom, and when he pushed the door, he surprisingly couldn't push it open!

"Open the door, Caroline," Richard had a commanding tone.

"You are not allowed to come in," Caroline's smug voice came from inside.

"If I go in, you will know what the consequences are," Richard threatened.

"What consequences?" Caroline asked.

"You won't get up early tomorrow," he said.

Caroline gulped a bit. She was clear about Richard's ability in bed.

However, now she locked the bedroom door, and he could not come in!

"It depends on whether you can come in," Caroline laid down and started playing video games.

"Well, let's see," he said.

Caroline was lying on her bed and was getting complacent when she heard the door open.

She looked at the door in shock, and Richard was already standing there.

"How did you..." Caroline hurriedly sat up, pointing at Richard.

Richard threw the room card in front of Caroline, then took off his jacket, undid his tie, and started unbuttoning his shirt.

"Don't come to me! How did you get the room card?!"

Caroline stared at the card in front of her and felt that this man was a terror!

"It is quite easy for me," Richard began to undo his belt, and when he went down to his bottoms, he lifted the covers and got on the bed, pressing Caroline under him.

Caroline pressed her hands against Richard's face, "No way! You can do this to me!"

"You said it depended on whether I could come in. Now I am here. Didn't you promise me that I can sleep with you whenever I want?"

Richard hung his head down to kiss Caroline, but Caroline turned her head away. "Who were you calling just now?"

"Are you jealous?" Richard raised his eyebrows.

"Just ask I don't care!" said Caroline.

"Then I don't have to answer," he said.

"I am asking you seriously!" Caroline changed her mind.

"I didn't say that if you ask seriously, I will answer you."

"You are such a bad man!" Caroline shouted.

Chapter 122 Did It And Left.

Caroline was almost driven crazy by Richard.

Seeing her face turning red because of anger, Richard touched her cheeks lovingly and said, "If we had great sex, then I will tell you the answer."

"You are a bitch!" Caroline shouted in anger.

Richard automatically ignored what Caroline said because he couldn't control his desire anymore.

Since Caroline left him, it had been almost a week. During that week, he was busy with his work, but he would think of Caroline from time to time.

Soon, Caroline fell into Richard's tight hug.

She was holding him tightly and nerved herself to ask, "Did you do it with her?"

Richard froze for a while and then realized his baby was still thinking about his call just now. Did I say something which made her suspicious of my love for her? Richard thought.

He kissed her hard and made her focus her attention on him, not other things.

The sex made Caroline lose her energy to think.

He did it with her consecutively three times and Caroline was too tired to open her eyes.

Richard looked at the sweat on the tip of Caroline's nose and kissed her lips lovingly again.

"I didn't," Richard said abruptly.

"What?" Caroline was drowsy and didn't know what Richard said because she was too tired.

"I didn't do it with her. I did it with you, only you, Caroline," Richard pinched Caroline's cheeks with love and held her tightly in his arms.

That night, Caroline was too exhausted to have a dream.

The next day, she was woken up by the ringing sound of her phone. She picked it up and checked.

She got sober immediately in fear!

She now was at home! She had to work today!

The call was from Gina. Caroline and Gina were together every day so Gina found it strange when she didn't see Caroline on the set today.

"Carol, are you alright?" Gina asked.

"I am good. I just overslept!" Caroline said.

"Good. I thought you had been sick," Gina said with care.

"Did the director call me? Please tell the director that I will be coming soon!" Caroline said.

"I think you don't have to worry about this. The director didn't call you at all," said Gina.

After hanging up the phone, Caroline got up immediately. Thinking of what happened last night, she subconsciously looked around. He had already left.

The sheet was already cold.

It turned out that he left earlier.

Richard was totally a jerk. Did it with her and just left!

Caroline cursed in her mind and didn't know where this relationship was going.

After getting everything done, Caroline immediately went to the airport.

No one was putting on make-up, changing clothes, or reading lines.

Someone was yawning, someone was playing with the phone and someone was chatting.

Caroline was quite surprised.

She asked one of the actresses, "What happened?"

"It was all because of Coco..." one of the actors complained.

"What did she do?" Caroline asked.

"She made mistakes many times in a row, and the director is going to burst into a rage. All of us have to thank her for having such a leisurely time now!" the actress sneered.

"No one was sure what was the matter with her. She just kept making mistakes," another one said.

"Did she do this on purpose? Could it be possible that she wanted to stay longer with Leo?"

"But she's married. My guess is that Leo is so handsome that Coco forgot all her lines!"

Everyone was talking about Coco at that moment.

Caroline walked over to take a look.

Coco was kneeling on the ground while Leo was sitting on the sofa

with his legs crossed.

He looked noble and honorable.

To Caroline's surprise, when Leo was wearing the suit, he did look like an able businessman.

His tone of voice, and his expression, were very much in place!

No wonder Leo could reach such a high status in the industry. The character he was playing now was far from his personality but he still knew how to play it well.

In the script, the female leading role was kneeling on the ground to plead with the male leading role Robert to let herself go. She had to show her gentleness and toughness at the same time.

It was indeed not easy to act.

However, Coco had great acting skills.

But Coco forgot her words again!

"Cut! Coco, what's wrong with you? You were fine yesterday but you made like thirteen mistakes today! Take a break, and I don't want to see any mistakes after five minutes!"

The director Bob tried to suppress his anger and looked at Leo, "You did a great job!"

Facing so many people, Coco actually made thirteen mistakes in a row!

The other actors, as well as the staff, were glaring Coco!

Leo walked over and greeted Caroline, "Good morning, Carol."

Caroline smiled, "I am so impressed by your performance, Mr. Leo."

"Thank you for the compliments, Miss. Caroline," said Leo.

When he felt there was no one around them, Leo and Caroline walked to the back.

Caroline muttered in a low voice, "What's the matter with Coco?"

"I will teach her some lessons about acting skills!" Leo's face was full of smugness.

"But her acting skills are great too. Why did she keep making mistakes today?"

"Do you want to know about this? Then I will tell you, cooperation is one of the most important things between actors. She is great but I know how to make her make mistakes!" Leo said proudly.

Leo crossed his arm, and then said, "I call this pressure strategy. I

deliberately acted so well to put pressure on her, so that she even forgot the lines. But there is nothing she can say."

"I don't know you are actually a bad mam!" Caroline said and rolled her eyes at Leo.

Then she took a glance at Coco not far away who was reading a script, with sweat on her face.

She lost face in front of so many people this time.

One of Coco's assistant was touching up her makeup, and the other was fanning her.

"Don't go too far. This drama is important to me," Caroline said to Leo.

"Don't worry. I know when to stop," Leo blinked his eyes towards Caroline.

Five minutes later, Coco did not make mistakes anymore, and the shooting went smoothly.

It was a tough day for Coco and as soon as the shooting ended, she immediately went back to her room. She rolled her pants up and her two knees were all bruised.

She had been kneeling on the ground for a long time, so those bruises were not avoidable.

Her assistant hurriedly brought ointment to medicate Coco.

Coco clenched her teeth tightly.

"Coco, it is normal for people to make mistakes. No one is perfect," the assistant comforted her.

"What did you know? Leo was obviously putting pressure on me!" Coco roared at her.

The assistant bit her lips in aggravation. She was just trying to comfort Coco with good intentions. Did I do something wrong? She thought.

"That's because of Leo!" Coco's eyes became sharp.

Suddenly, she turned her gaze to the assistant, "You go live in the room opposite Caroline's!"

Chapter 123 Coco's Plan

"Why, Miss. Coco?"

Her assistant panicked and said, "Caroline's opposite room is a presidential suite, and I don't think I can afford to live there for just a few days. We'd better forget about this."

Coco humphed and took her bag on the bed, taking out a bank card from inside.

"You do this for me and of course, I will not let you pay it by yourself," Coco said.

"Thank you so much, Miss. Coco!" The assistant's hands were ready to pick up the bank card.

Coco put the card in her assistant's hands and then took it back.

"But, I have one condition. You should do something for me," said Coco.

"Miss. Coco, if you have any orders, just say them! I will try my best to do it!" The assistant was beaming with joy. She had never lived in a presidential suite in her life!

"Keep an eye on Caroline. Write down the person's name whoever goes to her room, especially pay attention to..." Coco signaled the assistant to come closer.

The assistant immediately came to Coco, and Coco whispered. The assistant kept nodding.

It is a quiet night.

The originally noisy actors were quiet all of a sudden.

Caroline finished her bath and was ready to go to sleep when she heard a knock on the door. She walked over and looked through the peephole.

It was Leo out there.

Caroline immediately opened the door and closed it behind her, "What are you doing here? It is in the middle of the night!"

"This is for you!" Leo shook the snacks and the gaming handle in his hand.

"Do you know what time it is now? I am too tired for this!" Caroline said.

"Just one round of the game! I'm so bored. Fortunately, you are here

with me. Why don't we take this chance to have a quality time with each other? Come on, just one round!" Leo begged like a baby.

"Alright, but only a round of game!" Caroline finally gave in.

Caroline had to play video games with Leo, one round after another.

After playing for more than two hours in a row, Caroline was sleepy and drove Leo away.

All of this was caught in the eyes of Petty Johns, the assistant who lived in the opposite room.

The next day, during a break on the set, Petty quietly reported what she saw to Coco.

"Are you sure? The man with Caroline is Leo?" Coco asked in surprise.

"I am sure pretty sure he was Leo," Petty said with confidence.

Then, she continued, "They stayed together for two hours."

Coco humphed and quickly had an idea. She said to her assistant, "How about doing this tonight?"

... ..

Today's shooting went well and so Coco finished her work quickly. She invited Selena and Clair to come to her suite.

Coco also invited some masseurs over and the three of them had a massage. Then Coco shared her expensive facial mask with the other two.

It was Selena's first time to use such an expensive facial mask and she immediately said, "Coco. You are really nice to me. I've never used this kind of mask before."

"It's okay. I have a box of these masks, and you can take all of them," Coco said.

"Really? That's great!" Selena smiled as she massaged her face with the mask on.

Coco looked at Clair and said, "I'll give you a box as well. Take it with you."

"Thank you, Coco."

The three of them were doing the mask together, talking and laughing.

Coco's cell phone suddenly rang, and she picked it up, smiling.

"It has been fifteen minutes now," Coco said, "This mask cannot be left on your face for too long, otherwise, it will clog your pores. Let's go wash it off."

"Good!" Selena and Clair spoke in unison.

Coco took two mirrors and handed them to Clair and Selena, "Don't you guys feel that your skin is much more delicate?"

"Yes. Thank you, Coco. I'm going to work hard to make money and take good care of my skin in the future as well," Selena pinched her cheeks and felt good.

"Yes, as women, we should know how to make ourselves better."

The three people were talking when there was a sharp knock on the door.

Coco hurriedly went to open the door, and Petty stood at the door, panting.

"I just now went to look for Caroline, but after knocking for a long time, her door didn't open, so I leaned on the door and listened. I heard someone shouting for help in Caroline's room."

Selena and Clair looked at each other.

"Would she have any illnesses?" Clair asked.

"My sister hasn't been in good health since she was little, and she fainted easily," said Coco.

"We should go to save her right now!" Selena said.

"But I can't open the door!" Petty said.

"Go to the receptionist and get a spare room card. After all, it is an emergency," Selena said.

Coco made a call to the receptionist, and the clerk said she would be right there.

Coco walked out of her room with Selena and Clair and arrived at Caroline's room.

The receptionist had also arrived with the room card.

She swiped the card and they entered.

The room was quiet, without a single sound.

Coco looked at the bedroom door, and Petty immediately walked to the bedroom and pushed open the door.

A scream appeared immediately.

The three people, along with the receptionist walked to the bedroom.

They saw Caroline clutching the quilt and looking at them in horror,

"How did you get in here?!"

Several people looked at each other.

Selena pointed at Caroline and said, "Weren't you shouting for help?"

"Why would I shout for help? I'm sleeping! How did you guys get in here?!" Caroline said.

Selena and Clair looked at each other and then looked at Coco, who glared at Petty.

Petty knew she messed it up, but she did not know why Leo was not there. She indeed saw him in person walking into Caroline's room and how did he disappear in such a short time?

"Caroline, can I use your restroom!" Saying that, Petty rushed into the restroom.

But no one was in the restroom.

Petty walked out in disappointment.

Coco's gaze was fixed on the closet, and Petty immediately understood.

"Caroline, I heard you have a lot of beautiful clothes. Can I take a look?" Then Petty walked to the closet and opened it! But there was still no one inside except her clothes!

Caroline kind of knew what was going on here and sneered, "Coco, are you looking for someone in my room? Are you afraid that I will hide your husband in this room?"

Coco smiled awkwardly, "Caroline, you misunderstood me. My assistant Petty looked for you just now and she heard you shouting for help at the door, so she ran to tell me. I thought you had felt not well, so I came to have a look."

"Is that so? Then I'd like to hear why your assistant came to look for me?"

Petty's eyes widened in horror. She hadn't found an excuse for herself now!

Chapter 124 Be Tough to Her

Petty took a look at Coco for help.

Neither Coco nor Petty prepared for this question. In their plan, when they arrived, they would see Leo in Caroline's room, which would cause a big stir. Then no one would wonder why Petty went to Caroline's room.

Neither of them had expected that Leo was not here!

Selena and Clair now realized why Coco purposely asked the two of them over today.

These two felt that this matter was very interesting.

"I...I came to borrow something from you," Petty was only twenty years old and wasn't good at lying.

"Borrow something from me? That's really funny. What thing do you want to borrow? Isn't Coco closer to you?" Caroline asked.

Petty was embarrassed and then continued, "Actually I want to use your bathroom..."

"Oh? That's even funnier. May I ask where you live? Why didn't you go to others' rooms who live on the same floor as you? What's more, why don't you go to Coco's room?" Caroline asked.

Caroline turned her eyes to Coco, "If you came to use my bathroom, it does make sense but why does your assistant live in the presidential suite as well?"

Petty was like a mute, unable to say anything anymore.

"Well, don't be hard on her. Petty just happened to pass by and heard your shouting, so she came to take a look. She was just worried about you and why couldn't you let her go?"

Coco finally stepped up to help Petty, who breathed a sigh of relief.

"Then do you think I am wrong? I slept in the middle of the night, but you broke into my room and looked for someone who didn't even exist. Now you are talking about me being too tough!" Caroline asked.

"Then it is our fault and we will go. Is it okay for you?" Coco said in anger.

Coco then headed out the door.

"Wait a minute!" Caroline shouted, "Coco, I'm warning you. If you are thinking that your husband is cheating on you, it has nothing to do with me, because he doesn't deserve me."

Coco squinted at Caroline, but could not argue.

"In addition, if you want to have a divorce with your husband, what you are doing now can't be used as evidence. Remember this and don't bother me anymore," said Caroline.

Coco was so angry that she stomped her foot and left the room.

Selena and Clair followed behind Coco.

"Coco, are you in the middle of a divorce with your husband? Is your husband having an affair with Caroline?" Selena, who always loved gossip, immediately asked.

Clair touched Selena's arm, signaling her not to ask, but Selena blinked.

Both Selena and Clair have sensed this from Caroline's words. Would this be true?

Coco bit her lip and thought Caroline had said this on purpose. Selena was very gossipy.

It was said that once, Selena had a live broadcast and said a lot of news about her fellow actors, causing those involved to have to cut the relationship with her.

If Coco didn't explain it clearly, tomorrow everyone in the crew would know that Coco and her husband had a divorce because of Caroline!

Coco called down and said, "Selena, You are too easily swayed by other people's words."

Selena smiled lightly, "Coco, I'm just asking. I didn't mean to pry into your privacy."

"To tell you the truth, I am thinking there is a man in Caroline's room," Coco said.

"What?" Selena and Clair looked at each other.

"But it has nothing to do with my husband. I have a happy marriage and my husband would never cheat on me. I believe this for sure. The man is actually..."

Coco lengthened her tone, intentionally setting a suspense, and walked into the bedroom.

Selena and Clair followed closely behind her and asked, "Come on, Coco, we really want to know about this!"

"The man is Leo," Coco finally said.

"What? Is that true?" Clair and Selena were quite surprised.

The best way to get someone to keep quiet is to give her bigger news.

"How could it be? Caroline is just a screenwriter and how could she know Leo?"

Selena couldn't believe this.

"Actually, I didn't believe it either when I heard this at first. But to see is to believe, right? I saw with my eyes that Leo went into Caroline's room and stayed there for two hours before he left. My assistant is also the witness."

"I saw that too!" Petty nodded her head like a chicken pecking at rice, "I saw it with my eyes!"

"You guys can see that Leo aimed at me on the set, but the weird thing is that it is my first time to work with him and we just met. There was no reason for him to bully me at all. It wasn't until I saw him enter Caroline's room that I realized why. Because of my history with Caroline."

Coco said seriously and Selena's eyes were wide open.

"However, it doesn't matter if you guys don't believe me now. At around twelve o'clock in the evening, you can come to this floor and turn around. Then you might be able to see Leo entering Caroline's room. On the set, you can pay attention to what happened between Caroline and Leo."

Coco yawned, "Alright. It gets late, you can go back to sleep now."

Selena and Clair said goodnight to Coco and left.

As soon as Selena and Clair left, Coco threw a slap at Petty's face.

"What's the matter with you? Are your eyes blind?!"

Petty covered her face and sobbed, "Miss Coco, I did see Leo walk into her room before I came to tell you this. I didn't know why I couldn't find him in Caroline's room."

"You are just a failure! Go back now!" Coco glared at her assistant fiercely.

Petty covered her face and had to leave.

Coco was so furious that her lungs were about to explode!

Coco believed that what Petty said was true and Leo must have entered Caroline's room.

So why wasn't he there then?

How could this happen? What is going on?

After Coco and those gossipy girls left, Caroline finally breathed a sigh of relief as she walked to the living room and shouted, "They left!"

Leo and Gina walked from behind the balcony curtains.

The two of them had been hiding here. There was only one drawback of this hotel's presidential suite, that is, the balcony in the living room was too small.

"Coco is so crazy! She wants to destroy me once again with rumors!" Caroline said.

Leo patted Caroline's shoulder and said, "Never show mercy to a bad person."

Gina looked at them, staying silent.

Chapter 125 Headline News

Until now Caroline and Leo realized that Gina was still here.

Caroline said with an embarrassed smile, "Thank you so much for telling me Coco would come to me tonight, Tina."

"No problem. I overheard this from Coco and her assistant and I am afraid they will do something to ruin your career so I came," Gina said with a gentle smile.

"Anyway, you helped me a lot today and I'd like to invite you to dinner someday," Caroline said.

"Thank you. Then I am leaving. It seems that you two have something to talk about," Gina walked outside because she didn't want to play gooseberry here.

Caroline immediately pulled Gina back and asked, "Can you stay here for a while? I want to talk to you."

Then Caroline took a look at Leo and said, "Why don't you leave?"

Leo took a glance back at Caroline and said, "Are you forcing me to leave? But I want to stay here to continue."

Hearing this, Gina's ear turned red. She misunderstood that Caroline had an affair with Leo.

"I have been busy all day and I don't want to continue to play video games with you!" Caroline soon explained and stressed the word 'game'.

"You'd better leave now. If it weren't for you, Coco wouldn't have come. You are not allowed to come in the future," Caroline kicked Leo's butt and signaled him to leave.

"Alright. I will come to you the other day. Good Night!" Leo then walked toward the door.

"Be careful! Don't let anyone see you!" Caroline reminded Leo.

Leo waved his hands at Caroline; he is a careful person.

After Leo left, Caroline looked at Gina and said, "You might misunderstand us."

Gina smiled with embarrassment and asked, "Misunderstand what?"

"Anyway, Leo and I are good friends and we often play video games with each other," she said.

"Caroline, you don't have to explain to me," Gina said gently.

"But I don't want you to misunderstand us. I did not hide it from you on purpose. That is because Leo's identity is so special that I did not want

people to know about us."

Gina was Caroline's first friend. What's more, with these days' communication, Caroline knew clearly that Gina liked Leo very much. So she didn't want to lose Gina because of this matter.

"Well, Caroline. I understand and you don't have to explain. It's late. Good night."

Caroline nodded and watched Gina leave.

As Gina left Caroline's room, she had mixed feelings.

Though Caroline stressed Leo and she were just friends, Gina could see from Leo's eyes that he liked her. Women are sensitive and Gina believed that Leo liked Caroline.

After three days, Leo and Caroline became a trending topic.

It was because Selena often did live streams. One day, she implied in a live stream that Leo had an affair with Caroline while filming. Selena also mentioned that Leo would stay in Caroline's room for about two hours.

People didn't believe Selena at first because many fans of Leos asked Selena to provide evidence.

Selena wanted to prove what she said was true so uploaded a post on her social media with a picture of Leo and Caroline standing closely.

But after a while, Selena felt it was not the right thing to do so she deleted the picture then.

Though she quickly deleted the picture, some internet users had already saved it.

By this, the news about Leo and Caroline started spreading.

Leo's Girlfriend is a Screenwriter

Leo Spent Two Hours in His Scriptwriter's Room

Leo Has a Secret Relationship with Caroline Fowler

All kinds of news dominated the headlines of major news sites, and it was out of control.

The staff in the crew of course saw it as well, and when they saw Leo or Caroline, they couldn't help but amuse them.

Coco looked through this news and smiled quietly. She knew Selena wouldn't let her down.

Coco deliberately said that because she knew Selena was interested in the relationship between Leo and Caroline.

Such news lasted for two days, and in an instant, the news media's reports turned the tide.

Caroline uses the convenience of being on the same crew to seduce Leo.

Leo is actually a playboy and has an affair with a scriptwriter.

.....

Some news reported that Caroline was a slut and used her position to seduce Leo.

While some reported that Leo was actually a playboy, seducing young women in the crew every time he filmed a movie. This time he fooled around with a scriptwriter.

As a result, both Leo's and Caroline's reputations were ruined by that news!

It wasn't hard to make this kind of news circulate, as long as one spent some money and asked someone to go to comment bad things. Reporters would do the statistics and subsequently release the news.

Just when Caroline and Leo did not know how to respond to the news, they had several days off.

In order not to make things worse, Leo went back to Z City with his manager, and Caroline went back to Z City alone.

Caroline really had no place to go, so she could only wait until the middle of the night to go to Leo's apartment.

Leo had to go back to Richard's place because he was worried about being photographed.

Coco went back home. When she called Wendell, he told her that he was on a business trip.

In addition to the maids at home, there was only herself, and it was weirdly boring.

While soaking in the bath and looking through the news about Leo and Caroline, Coco felt good.

She got a phone call from Chole at this moment.

"Coco, are you involved in the news about Leo?" Chole asked.

"Why do you ask me about this?" Coco could feel that Chole seemed to be in a hurry.

"Just answer me yes or no!" Chole said.

"It's not me! I just provided a little clue, the news was spread by

Selena. Later I asked someone to promote it," Coco said with smugness.

"I'm telling you, you're in big trouble!" Chole shouted.

"Is this so serious?" Coco asked.

"You can mess with Caroline but never Leo, absolutely not!"

"Why? Leo and I aren't in the same company, and why couldn't I?"

Coco still didn't figure out.
