

Chapter 144

She gasped when she saw the length of his member. She was afraid, but at the same time, she was fascinated by the body of the naked man in front of her.

Women were dying to get a glimpse of his attractive body. And here, all of his muscles were visible to her eyes.

She covered her face with her palms, only to hear a chuckle from him.

She felt his body leaning down on hers once again. His warm breath fell on her neck as he planted a kiss there.

She could feel his hand grasping her waist, and then, in a few seconds, he removed the last piece of the lingerie from her body.

She let out a loud gasp when his finger touched her core. She immediately held his arms to stop him.

He bit her earlobe lightly, then moved back to sit between her legs.

He looked at her face and sucked his finger. She had no idea what he was going to do to her now.

Ahhh!"

He pushed his finger inside her.

It was painful for her, and she attempted to close her legs. He held her thighs and moved them apart.

"Just take it easy and feel it."

After a few pushes, she started to experience some strange sensations. At first, she was experiencing discomfort, but after some time, she began to feel pleasure.

She continued to moan in delight until she reached a point where she let out a loud moan. She came into his hand.

The feeling that this was the end caused her to let out a huff. Just when she had no energy to take any more pleasure, her member brushed against her entrance.

Bryan gazed at her body while rubbing his member against her core. His one hand kneaded her breast as he muttered,

"You don't know how many times I fucked you in my mind."

She was at a loss for words and bit her lips, unsure of how to respond. The pleasure and his dirty words combined, hunting her.

He approached her face and kissed her lips. "It will ease soon."

She could not understand why he said that but then she let out a piercing scream.

"AAAAHH!"

She felt that something big was tearing her skin apart inside.

Bryan gave her time to adjust and began to kiss her neck. Her nails pierced his back, as the pain was unbearable.

After some time had passed, he started to move. His thrust caused Sophia's body to move on the bed.

Though he started with slow thrusts, they ended up being rough.

The pain eased and she started to feel incredible pleasure.

"Ummm! MATE!"

She moaned and screamed as he hit her tender spot.

She finally understood what he was saying. The pain turned into pleasure. The pain with pleasure was really blissful.

She hugged his neck and tried to pull him as close to her as she could.

His groans were implying that he was feeling satisfied.

"Fuck! You are so tight!"

Her eyes grew teary. It was not because of any sadness, but rather because of the pleasure that he was giving her.

She believed that there was no one in the world who could make her feel this way.

Only her man was capable of making her feel this way. His every touch was magical. He grabbed her waist tightly and kept thrusting inside her for so long.

She clenched around him again and again. She wondered how he had the strength to keep going like that.

Once more, she experienced a sensation within her lower abdomen .

"Mate, I—"

"Release."

Just one word with a deep voice was enough for her to come. He thrust inside her for the last time and they came together.

Sophia's body felt numb when he came inside her. The warmth inside her jolted her body.

Bryan embraced her and remained in that position for a while. It was as though he was calming her down.

However, his member was still inside her. So when he moved from her and put his member out of her, she felt empty inside.

As he lay down next to her, she turned her head to look at him. He was not huffing like her. But his breath was heavy.

He turned his head and looked at her. She averted her gaze from him in shyness.

It was hard for her to swallow the fact that she was no longer a virgin. On the other hand, she did not have any regrets because she had given it to the person she loved the most—her mate and life partner chosen by the Moon Goddess.

She blushed and turned her face away from him.

Bryan reached out and grabbed her waist, bringing her closer to him. When he was still holding her, he moved to the other side. He rested his head on the pillow and pulled her close to his chest.

He covered themselves with the blanket and said,

"Sleep."

She rested her head on his bare chest after placing her hand on it.

It was a place where she felt safe.

She hugged him with a smile.

"Happy Birthday, Mate."

He closed his eyes and stroked her hair with his hand. She tilted her head to glance at him.

She could not remove her gaze from him for a long time. When his fingers stopped moving in her hair, she realized he had fallen asleep.

She raised her hand and touched his lips. She caressed his sharp jawline and chuckled.

'I always fantasize about caressing your jawline. Now, you are fully mine. I can do that whenever I want,' she thought.

She planted a kiss on his chest and then let out a long, deep breath. Her mind began to relax.

With a smile on her face, she closed her eyes and thought in her mind,

'I love you, Mate. I believe you are also in love with me. I hope you will never let anyone come between us.'
