

Chapter 298

When he heard her, Bryan paused. Sophia pushed him away from herself. She sat up and gazed at him.

"I-I..."

She could not let out a word from her mouth, as she was feeling embarrassed to say anything.

He leaned in her direction after sitting up. He placed his hand on her cheek and asked,

"Did you mean you want to suck me?"

She gulped as she glanced at him. He had a smirk on his face. She nodded her head without saying anything.

She could see his smirk deepening with her response. She took a deep breath and decided to take control of him.

She pushed his chest, pressing him against the mattress. She got on his lap in a strangling position and leaned down on him.

He was stunned by her sudden strength. He almost forgot that she was also a powerful wolf.

She shifted her gaze away from his face and began running her fingers over his abs. She leaned on his chest and began to kiss, slowly moving down.

He groaned as her soft lips moved against his skin. Just as her lips approached his navel, he grabbed her neck and drew her back to his face.

He kissed her roughly, and she returned the kiss with equal passion.

She could feel his member bulging under her bottom. She moaned at the sudden urge to fill herself in. But she realized that Bryan did not want to do that. It was because of her life.

She recalled how many cold showers he had to take to avoid having sex with her. He always tried to control himself, even though they made out almost every day and slept in the same bed while hugging.

So today, she only wanted to thank this man for sacrificing his desire for the love he had for her.

As she broke off the kiss, he inquired,

"Are you sure?"

She smiled at him, nodding her head, which caused their lips to brush again.

"Yes, Alpha. I want to suck you,," she whispered against his lips.

"Fuck! Why are you hot, baby girl?" He groaned and spanked her back.

She moaned when he ran his palm on her skin after spanking.

She did not waste any more time and moved down. Her hands reached the waistband of his pants. He helped her take off his pants and underwear.

She let out a shaky breath when his member emerged and broke free from his underwear.

She bit her bottom lip, glancing at Bryan.

His eyes were on hers.

While she slowly grabbed his member, which was standing tall in front of her eyes, she moved her hand up and down in a circular motion.

Bryan let out a groan and closed his eyes.

She felt good when she noticed his reaction. As if it were motivating her, she began to move her hand faster. Her fingers wrapped around it, neither too tightly nor too loosely, causing his breath to quicken.

It was impossible for him to lie down once he started to experience the pleasure of her touch. He rested his elbows on the bed and gazed at her.

"Suck it, baby girl."

She nodded at him, as if she were trying to obey his command. She lowered her head and pressed her lips around his member. She swept her tongue across the tip of his member before repeatedly running her tongue over it.

"Ummnnnn"

Bryan groaned and grabbed the back of her neck, pushing his whole member into her mouth.

He began to move her head by grasping her hair. She obeyed him, trying to do what he wanted.

She looked at him and saw his pleased expression.

"Keep your eyes on me while sucking," he instructed, staring into her eyes.

His member was so big that she felt it reach her throat. She almost coughed but adjusted herself to it.

She began to suck him harder, making him moan with pleasure.

"Sophia, ummmnn!"

While he was pressing her head against his member, Bryan let out a loud groan. He came into her mouth, feeling the thick liquid in her throat.

Her eyes were fixed on him, and she felt satisfied by his reaction.

His grip on her hair loosened. She tried to move her head, but his grip tightened once again.

"Swallow it."

She rolled her tongue around his member, licking it all. Her lips were swollen when she moved her head.

He could see her eyes which were teary. She felt tired as she went back to his chest and rested her head on it.

She hugged him and then closed her eyes.

"You did well, babygirl," he said, kissing her head.

Just as she was about to fall asleep from exhaustion, his body turned her around and pressed her back against the mattress.

She gasped when he began to unbutton the shirt she was wearing.

"It's my time," he said, winking at her.

Her lips parted when he did not wait to open all of the buttons and pull the shirt off her head.

She was in peace colored lingerie. She looked hot in that.

He clenched his jaw and muttered, "You are so fuckable. I'm afraid very soon I will lose myself. But I know I will never hurt you."

After saying that, he took off her lingering, leaving her naked on the bed.

She felt shy when his eyes roamed around her body. He attacked her breasts, sucking them like there was no tomorrow.

His hand played with one of her breasts while his mouth sucked harder on the other one. Slowly, his other hand made its way down to hers.

She pressed her head back in pleasure when his thumb began to rub her core.

After kneading and sucking both of the breasts, his mouth moved down to her entrance.

She tried to close her legs, but he parted them with his hands.

He spread the folds with his two fingers before moving his mouth over them.

She immediately grasped his shoulder to prevent him from continuing. But when his lips touched her core, she moaned loudly.

"Ahhh!"

He began to run his tongue, offering her the pleasure she had been missing in her life.

With her lips open, rolling eyes, and curling her toes on the bed, she was giving him a reaction that he wanted to see.

With slow movement, he pushed a finger inside her while licking her. Her eyes rolled back as she started to move her hips.

"I-I can't take it," she mumbled.

Her entire body jolted, as if it were on fire—the fire of pleasure.

His tongue and his finger were like magic doing her lower part. It drove her absolutely insane.

She had turned into the wildest beast, moving his whole body while trying to push his head away from her core.

It was too much for her.

Bryan's eyes were fixed on her as he smirked while enjoying the taste of her moonflower.

He knew he was not going to push himself inside her, so why not give her pleasure with his tongue and fingers?

He pushed another finger inside and started to thrust it roughly.

"L-Leave, I-I can't—"

She begged because the pleasure was making her mind go crazy.

She wanted to keep feeling it, but at the same time, it was hard for her to handle it.

The rush of adrenaline that she felt made her feel as if she were going to pass out in the next second. While she was feeling the wetness coming, she hissed and bit her bottom lip, almost putting a stop to her breathing.

"Aaahhhh!"

She moaned loudly and came into his mouth. As if the world around her had come to a halt, she felt as if all of her strength had left her body.

She closed her eyes. Her body was shaking, causing it to thrust his mouth again and again.

Bryan moved his head. His smirk did not leave his lips, demonstrating that he enjoyed tasting her.

He kissed her navel, moving up to reach her head. When she found him closer to her face, she immediately wrapped her hands around his neck, embracing him.

"I am so sorry, Bryan. For me, you are stopping yourself. You also have some desires. I... I can't give you that," she said, holding him tightly.

Tears began to fall from his eyes, and he felt them on his neck. He broke the embrace and wiped her cheeks. He kissed her forehead and said, with a soft tone,

"Love and sex are not the same thing same. I am not a lover who is after your body. I love your soul. You are with me, and I will do anything for you as long as I can see you every day."
