

Chapter 425

Ryan stared at Allison with a pair of calm eyes. He did not care about what his father had just announced. He waited to see Allison's reaction.

However, his father's declaration was not able to do what Allison's response did. The things that she did astonished him.

She was being very quiet as she held Ethan's hand. She did not appear to be denying it in any way. Her behavior communicated to him that she was content with whatever was taking place in the situation.

Ryan's fists tightened.

Everyone was congratulating the future Alpha and Luna by clapping their hands and wished them the best of luck.

Both Ethan and Allison's parents appeared to be filled with joy, as though they had been looking forward to today for a very long time.

Ryan began to clap his hands.

Everyone's head turned to him. He caught all the guests' attention.

Wade looked at the guests and said,

"The party is over. Thanks for coming. You all can leave now. There will be a family discussion."

Guests were all stunned by the declaration of the future Beta of the pack.

One by one everyone made their way out of the pack house. Ethan let Allison's hand go and smirked at Ryan when his eyes met his.

Allison walked to the main door of the pack house. Her mother inquired as to where she was going, and she responded that she was going to get some fresh air so that she could feel some fresh breath.

Ryan's eyes were fixed on her until she stepped out of the pack house. Owen did not leave. He was there with him.

Only Allison's parents, Alpha Neil, Luna Ella, Ethan, Wade, Ryan, and Owen stayed in the hall.

When all the guests finally left the pack house, Ryan walked to Alpha Neil and said,

"I thought it was my birthday party, but you gave your present to your lovely son. Not bad, Alpha Neil."

Alpha Neil gave him a thoughtful look and then remarked, "I thought we could celebrate both."

"That's the fact. You can't take a breath for a second without thinking about your son Ethan."

"It's not like that. He is the future Alpha."

"Alpha, Alpha, Alpha. Is rank very important to you? So what if he is going to be the head Alpha? This other son of yours is also an Alpha. Have you ever noticed him?"

Ryan's eyes were dark. His voice was emotionless. It caught both of his parents off guard.

"Ryan, why are you saying this?" Luna Ella said to Ryan.

Ryan turned his head toward her. The sight of his fierce eyes caused her to retreat a little bit. She had never seen Ryan behave in such a rage before.

"You called yourself a mother? You are only his mother, not mine. Have you ever asked me what I want?"

Luna Ella's eyes turned glossy after hearing her son's words.

"Stop talking like this to your mother." Alpha Neil scolded him.

He scoffed at him. "Sometimes I feel doubtful about him." He remarked while pointing his head in the direction of Ethan.

"Is he, by any chance, your real son?"

Everyone's eyes widened. Alpha Neil was shocked by his statement. He became so furious that he raised his hand to slap Ryan.

Ryan grabbed his hand and shook his head. "Don't you dare, Alpha Neil."

As Beta Glen watched Ryan's behavior, he became increasingly enraged. Before he could go to Ryan, Ethan grabbed Ryan by the hand and pushed him.

Ryan stepped back. Owen rushed to him.

"Ryan" He said and held his hand.

Ethan walked to Ryan and grabbed his neck tightly.

"ETHAN, DON'T." Luna Ella shouted.

"Ethan, please don't do anything." Joey also said to Ethan.

But Ethan's hands just became more clenched. Owen did not make an effort to break free Ryan. He only glared at Ethan.

Meanwhile, Ryan let Ethan grab his neck. He chuckled while smirking at him.

His laugh was mocking Ethan.

Ethan thought Ryan knew that he would never kill him, so he was taking advantage of that.

So he released Ryan's neck and said,

"It will take me only a minute to shift and kill you. But you know I will never do that. Therefore, never dare to behave with my parents in that manner again."

Ryan twisted his neck left and right. The sounds of bones cracking reached everyone's ears.

Ryan shrugged his shoulders and said to Ethan,

"Don't be so arrogant about your wolf, Alpha Ethan."

He leaned close to him and whispered,

"Because if I shift, no one here will be able to stay on their feet, you will have to bow to me, and I will destroy everything in front of your eyes."

Before Ethan could process what he was saying, he took a few steps back.

He moved his eyes to Alpha Neil.

"Goodbye, Alpha Neil. I am leaving your pack. I will never come back here as your son."

"Ryan, please don't leave." Luna Ella rushed to him. But he lifted his hand to prevent her from approaching him. Her steps halted in the middle of the way.

"You all are no one to me. Since I am the thorn in your eyes, I should leave. But..."

He turned to gaze at Ethan and added,

"I will always remember who did what. After all, I don't like to owe anyone anything."

After saying this, he turned around and headed to the main door of the pack house with Owen.

He heard his mother's voice coming from behind him.

"Tell him not to leave, Neil. I really don't want him to go anywhere. After what seemed like an eternity, he finally returned. How can you let your son leave like that?"

"You are still supporting your son? Have you forgotten who you are? Didn't you see how he behaved with you? He said you are no longer his mother, but at the same time he forgot you are the Luna of this pack. I don't care if he leaves. How dare he talk about Ethan like that?"

Ryan left the pack house and looked around. Owen knew who he was looking for.

Ryan started to walk but stopped when his eyes fell on a girl standing on the street.

He reached her. She gasped when he grabbed her hand and dragged her into the woods.

"Leave my hand, Ryan."

He stopped somewhere and turned to her. He released her hand and grabbed her arms then pulled her closer to him.

"Tell me. Who is blackmailing you, Allison?"
