

Chapter 431

Each and everyone was shocked. They could not believe their eyes. At first, they thought Ryan had come back instead of the guest they were waiting for.

However, there was a scent emanating from him that almost seized their hearts and declared that he was a powerful wolf.

"How can it even be possible?" Alpha Neil mumbled under his breath as he gazed at his younger son with a different look.

Three men came out of their cars. Each of them had a well-built body and a firm attitude.

If Allison only took a glance at them, she would be able to recognize two of them. However, her gaze was intently directed toward the person dressed in black.

One of his men opened his car's other door.

A gorgeous woman in a black dress stepped out of the car.

She walked around the car and stood next to the Alpha, and held his arm. He turned his head to her. She smiled at him. He did not smile back at her, but he did not refuse her either.

Allison's eyes shifted to the woman. She looked one or two years older than she was. She had the most perfect body that every man wanted in a woman.

The most striking feature of her appearance was undoubtedly the emerald hue of her eyes. Her smile toward the man next to her, saying how comfortable she was with him.

The pack fighters who were standing around them bowed at Ryan.

"Alpha"

Ryan did not reply to them. He turned his head to Alpha Neil.

Alpha Neil walked a few steps forward and said,

"You are back, Ryan."

Ryan removed his glasses and looked at him.

His eyes were cold. It was so icy that just looking at someone would be enough to make anyone's heart stop beating.

"Alpha Ryan"

A young man spoke out as he walked to Ryan and stood next to him.

"You?" Alpha Neil turned his attention to the other person and asked.

"I am the Gamma of the Black Moon Pack, Gamma Colin. And you are not allowed to address our Alpha by his name."

Alpha Neil was taken aback. His mind was messed up. He could not believe what was happening.

"It looks like Alpha Neil is so excited to meet me that he forgot all the manners that he used to teach others." Ryan let out as his eyes were fixed on him.

Before Alpha Neil could say anything, Ethan broke the silence and greeted Alpha Ryan, saying,

"Welcome to the Moonlight Crown Pack, Alpha Ryan."

The focus of Ryan's eyes shifted to him, and he gave him a professional nod.

"Please, come inside." Wade said as he gestured his hand to the pack house. As the Night Crown Pack's beta, he made an effort to maintain order in the chaotic situation. It was impossible for him to deny the fact that the situation left him in a state of shock.

Allison experienced a rush of the agony that she had worked so hard to block out returning to her heart. Ryan's face was enough to change her heart. The cold attitude she had been maintaining disappeared in an instant.

For once, she had the urge to rush over to him and ask him how that everything had happened.

But she controlled herself and brought herself back to the present moment by reminding herself of who she was.

Her attention was drawn to the hand of the woman who was holding onto his arm. She turned her head to look next to him and noticed the Gamma of his pack. He was unfamiliar to her. But the other two men were not.

She was surprised that it was Owen and Vernon. She was curious as to whether or not they were also officials.

She saw Ryan entering the pack house with the woman. Others followed him behind.

Ethan controlled himself and walked behind them.

Allison could see a different look on everyone's face as they stared at Ryan. Everyone was flabbergasted by the reality.

Allison did not immediately follow everyone else into the pack house after they had all entered.

She leaned against a wall for support and started breathing deeply.

She did not know why her past had returned in front of her.

As she worked hard to keep her emotions under control, she bit her lips.

"Don't lose sight of who you are. Just try to remain calm. You are not the same Allison that you were." She reminded her a few times.

She slowly entered the pack house. Due to the fact that she would soon become their Luna, the guards were bowing to her.

As soon as she entered the pack house, the attention of everyone except Ryan was drawn to her. She ignored everyone's gaze and walked to the couches where everyone was sitting.

Ethan gestured for her with his head to sit beside him. Everyone noticed that. She went to sit next to him.

"Ryan, can we please tal-" Ella attempted to communicate with her son. But Ryan looked at her and she shut her mouth.

"I am here for business, Ella Iversen. I am not interested in your family since I had already broken all the relationships with you two years ago. I hope I don't have to remind you all again."

The tears begin to form in Ella's eyes. Her head was down as she tried to control the tears from others.

"How dare you speak to your mother in such a disrespectful manner?" Alpha Neil yelled at Ryan.

Immediately, all of the pack fighters from the Black Moon Pack, who were standing around the couches, pulled out their guns and pointed them in Alpha Neil's direction.

The actions left everyone in shock. Ryan motioned for them to put their weapons down with a hand gesture.

They nodded their heads at him and put down their guns.

"You people are too unprofessional. Should I kill you all for your disrespectful behavior?" Ryan commented while he crossed one leg over the other. His hands were resting on the couch's headrest.

He was sitting there like a king.

If he had said that two years ago, everyone would have warned him, mocked him, or scolded him.

But they were now aware of who he was. They had learned about him for the past four years and now they were finally able to meet him in person.

Their gaze had changed for him. There was fear in their eyes, which made Ryan amazed. He was satisfied with their reactions.

"I can't take it if you come to my pack and talk to my family like that." Ethan said it with a calm voice.

"Coming here was the last thing on my mind. You are the one who begged me for the past one and a half years." Ryan replied.

Ethan turned silent. Meanwhile, Allison listened to the conversation quietly.

From the moment Ryan came here, he did not give her a single glance, as if she were invisible to him.

"Alpha Ryan, I apologize for my inconvenient behavior." Alpha Neil said, and he looked away from him. Because he was not his son anymore, in front of him was Alpha Ryan, who was the leader of the Black Moon Pack. He could not give him a chance to do anything destructive to his pack. He could not let Ethan's hard work go in vain.

Ryan smirked when his father apologized to him. He turned to the woman beside him and said,

"See? Power can make anyone apologize to you. I was talking about this. But you never learn to apologize."

The woman rolled her eyes and replied,

"Why would I learn to apologize to anyone? I don't need to. After all, I am Alpha Ryan's Luna."
