

Chapter 525

When Allison heard Ryan, her eyes immediately widened.

He bent over to her and kissed her cheeks. "Will you let me?"

She felt shy about it. She tried to bring her legs close together, but he pressed his hands against her thighs and pulled them apart.

"Won't you?" He asked once again.

It appeared as though he had first inquired about her approval before hovering over her.

When his lips moved closer to her neck, she immediately shut her eyes. He started to bite her neck, leaving love bites.

She moaned when he bite and then licked her skin. She felt his hands lifting her camisole. She grabbed his hand to stop him.

He looked at her and said,

"I won't take you. I just want to give you some pleasure that you have never felt before. Trust me. You will like it."

She slowly let go of his hands and closed her eyes. She took a deep breath and nodded her head.

While he was removing her camisole, he wore a grin on his face and kept his eyes on her face.

When his eyes fell on her body, he uttered under his breath,

"Fu*k!"

The lingerie she wore was all black. It highlighted her beautiful skin.

Her ravishing body drove him completely insane. His eyes became lustful as they wandered over her alluring curves.

As he swallowed in his breath, his Adam's apple made a moving motion. In his eyes, she was the most beautiful woman in the world.

"Allison"

He called her names with a deep voice.

Allison was too shy to face him in that state.

"Baby, open your eyes and look at me."

She heard his soft tone and slowly opened her eyes. Her eyes met his.

"You are beautiful. You are the most captivating woman in the world. I love you, your body, and most mightily, your soul. Everything in you is mine, and you will have to remember it always."

She smiled at him. "R-Really?"

"Yes." He replied and kissed her.

His hands moved to her back and unhooked the upper piece of her lingerie. He removed it from her body and leaned into her breasts.

He kissed one slowly and grabbed another softly.

"Ryan!"

She moaned his name as her fingers ran through his hair. He kissed, sucked, and nipped her breasts. He played with her nipples while looking at her. He was teasing her to see her best reaction.

His mouth moved to kiss her belly as he lowered his face. She let out another moan when he inserted his tongue into her belly button.

When his hands reached the final scrap of clothing on her body, they stopped there. He pulled it down and threw it to the floor.

When she realized that she was lying naked in front of him, she let out an audible gasp.

She closed her legs tightly in shame. Her blushing face showed how embarrassed she was.

He parted her legs and grabbed her thighs. He pulled her closer to him and looked at what she was hiding between her legs.

"Beautiful"

He murmured as his breath became heavy.

Allison heard him and blushed hard. She could see how he was looking at her lower part. She placed her palms on her face to hide her shyness.

"Don't hide yourself. Look at me. Look at what I am going to do. Take a look at what I have in store for you. Just experience what it is that I am going to make you feel, baby."

She slowly removed her hands from her face and looked at him.

He placed his fingers over it, and she flinched.

"Take it easy and trust me." He assured her.

He came to her face and kissed her lips. Meanwhile, his fingers rubbed her down there. She moaned in the kiss. She began to feel strange in a good way.

He was trying to make her comfortable with it, and that was why he came to kiss her. He wanted her to feel each and every moment.

He made his way down carefully, pausing for a moment with his face on her lower part.

When his face leaned close to it, she spoke out,

"Ryan"

"Don't break eye contact. I want to see what I make you feel."

Saying that his lips touched her core.

"Ryan!"

She moaned with a gasp. She felt like something kept turning her on inside.

His fingers delicately parted her folds, and he licked between them. She did not know what to feel. He was causing her an incredible amount of pleasure by doing this to her.

He started to lick her as if it were something he had been eager to do for a very long time. She kept moaning his name, and she felt it messed up her mind.

She rolled her eyes, and her toes curled in the bed. As the sensations of pleasure became more intense, she began to take shallow breaths.

She glanced at him and found him looking into her eyes directly.

It was hot. He was observing her while pleasing her. It was a different kind of desire for him to see his woman like this.

Only he could do that to her.

His tongue did really well, and at one point, she started to push his head from her lower body.

"Ryan, please, I can't."

It was so much pleasure that her whole mind and body were getting wilder. She believed she would not take it anymore.

However, he did not stop. In fact, in order to make her remain still, he drew her closer to him and wrapped his arms around her thighs.

Allison felt something scrambling inside her lower abdomen. She bit her lower lip to stop herself from moaning more.

"Aaahhhh!!"

She could not control herself and let out a loud moan as she released herself.

When he saw her lying motionless while staring at the ceiling, he licked it all up and smirked at her.

She looked as if she had lost all of her energy.

He slowly moved upward while kissing her body the entire time. His hands grabbed hold of her breasts, and his mouth attacked her neck.

"Did you like it?" He asked with a soft tone as his hands stroked her body gently.

His touches were infused with love and devotion at every point.

She hugged him and nodded shyly. "Y-Yes." She replied honestly.

He made her feel something that she had never felt before. She could not believe he had seen all of her and behaved so gently with her.

She felt him embracing her. His bare chest touched hers as he lay on her body. It made her blush.

Her hands slowly caressed over his Black Moon tattoo on his back.

He nuzzled his nose against her neck and muttered,

"I will never hurt you again."
