Chapter 159 Sure enough , it was awful Sticking to her principle of not wasting food , Paisley ate the remaining snack .

At that Stillie waved at a nearby waiter , and soon the waiter arrived with a bottle of wine , carefully placing it on the table .

It was as if the bottle wasnt just wine , but some rare treasure , The men who knew their wines immediately recognized the bottle and gasped , Is that Cloud Crest Reserve ? Sure enough , it was the premium Cloud Crest brew .

Its really Cloud Crest Reserve .

This is a rare wine , Just one bottle is worth more than several years of our average life expenses Paisley looked at the familiar bottle , secretly rolling her eyes .

As expected from Vivian Weve really struck, gold today ! said Parent A Yeah , being able to taste Cloud Crest Reserve in this lifetime , I have no regrets said Parent IL .

At this moment , Vivians vanity was fully satisfied .

She felt it was worth begging her husband for a month just to bring out this bottle of wine today .

Only Vivian could get it .

After all , her husband isnt ordinary , hes- said Isabella Tabella , dont say anymore .

Vivian laughed , covering her mouth .

On the surface , she stopped Isabella from talking , keeping up her humble image .

but in reality , everyone in the room , except for Paisley and Serena , knew exactly who her husband was .

She picked up the wine bottle and personally poured a glass for each person , making sure each one was just enough for a single sip .

After all , the wine was expensive , and even one sip cost quite a lot In her heart , she was feeling the sting , but she still maintained her generous image .

Everyone , please feel free to try it .

We often drink Cloud Crest wine at home thanks to my humble usband .

Her words seemed modest , but every line subtly hinted that her husband was the general manager of the Cloud Crest Winery in Brightmoor .

Its Millies birthday , but isnt Mr.

Morgan too busy ? Why hasnt he returned to celebrate ? Isabella asked , trying to flatter Vivian and show how close they were .

At the mention of her husband , Vivian smiled shyly .

People who were more considerate wouldnt ask for a second glass Mirim .

I dont really drink , Paisley replied .

Cloud Crest Reserve wasnt the best wine from her own winery , and it couldnt compare to the craft brews she made herself .

Of course , due to her limited time each year , she couldnt make much wine , and it wasnt available every year .

Seeing Kevin still staring at her wine glass , Paisley pushed the glass toward him .
