

The billionaire and his son want me back novel

Chapter 204

Chapter 204 Oh thats my ex husband , Paisley stated the connection between her and Dominick without hesitation .

There was no reason to hide it .

I see .

A hint of apology flashed across Maxs face .

I may have said something that could have caused a misunderstanding .

I hope that doesnt cause you any trouble .

Dont worry about it .

He and I have been over for a long time .

Max nodded in understanding .

After chatting briefly , he finally got into his car and drove away .

Inside the car , on the passenger seat .

Leo turned his head , feigning casual curiosity .

Max , if you were that curious about the guy , why didnt you just ask Maria during the day ? Maria was the housekeeper Paisley trusted the most she definitely knew who that man was .

Max wasnt pleased that Leo had just exposed a secret thought he had been trying to suppress .

He kicked the back of the passenger seat .

You got too much free time , huh ? Have you finished all the tasks I assigned you ? Faced with his bosses rapid re interrogation , Leo immediately turned back around , sitting straight like a disciplined soldier .

Just then his phone rang .

He stole a glance at Max before cautiously answering it After a brief conversation , he hung up , his previous playfulness vanishing as he turned serious .

Max , someone was investigating us this afternoon .

Maxs gaze turned sharp .

Who ? Could it be the people from Montera coming after him again ? They messed with his medicine , and now they wanted to try something different ? Its the Vanderbilt family from Harrowfell .

Leos answer was unexpected .

The Vanderbilt family ? Maxs expression grew complicated .

Max was well aware of the Vanderbilt family in Harrowfell .

Their business dealings were rare , as one family was based in Harrowfell and the other in Montera , separated by a great distance .

More importantly , Max himself had never crossed paths with anyone from the Vanderbilt family .

Yes , the heir to the Vanderbilt family , Dominick , the current CEO of the Vanderbilt Group , Leo said , his tone equally complex .

And whats more , hes investigating us openly , not even trying to hide it .

It feels like hes- Sending a warning .

Maxs gaze deepened as a suspicion began to form in his mind .

He took out his phone and searched for Dominick .

Seeing Dominicks photo on the screen confirmed his hunch .

Yes , exactly ! Like hes trying to send a warning ! Leos eyes lit up as he slipped into attack mode .

Damn , boss .

You gured it out so fast ! Max didnt enjoy the compliment at all .

If you dont know how to compliment someone , just shut up .

Leo chuckled awkwardly before regaining his serious demeanor How should we respond ? Looking out the car window , Max replied lazily , Ignore him .

In the study at Vanderbilt Manor , Dominick stared at the tablet in front of him , where Julian had compiled information about Max based on his cars license plate, Dominicks brows furrowed tightly .

Max Godard .

Yes .

Monteras Godard family .

Hes the adopted son of Tyson Godard , the current head of the family .

Is he married ? Dominick asked .

Julian hesitated , puzzled by the question , but answered truthfully , No , hes always been single .

Its rumored that hes not in good health .

Not in good health , Dominick muttered , his thoughts turning over .

Could someone like that even father a child ? After he heard that Max was single .

Dominicks tightly furrowed brows noticeably relaxed .

Whether or not Serena was Maxs , the fact that he was unmarried suggested that Paisley hadnt granted him any official status .

Seeing his bosses evident change in demeanor , Julian grew increasingly puzzled .

He struggled to piece his thoughts back together before continuing .

Yes , his health is poor .

He suffered severe injuries years ago and almost died .

Why didnt he just die ? Dominick murmured under his breath , nearly stabbing his finger through the tablet screen in frustration .

Julian froze , staring in disbelief .

Did his boss just say that ?
