

## MEDICAL GOD CHAPTER 721

Su Wenqi was a very famous name and everyone was familiar with her.

She appeared during the Spring Festival Gala, various major television programs, advertisements and reality shows as well.

These programs covered nearly all age groups so everyone knew who Su Wenqi was.

However, they did not expect Qin Jun's girlfriend to be a famous celebrity like Su Wenqi.

It felt as though they were still watching her from their television screens. Although she was standing in front of them in person, everyone felt like they were dreaming.

Tang Min hurriedly stood up. "Oh, so you are Jun's girlfriend. You are so pretty. Come, please take a seat."

Qin Jun quickly introduced, "This is my aunt, my uncle and my cousin, Lin Yueyao."

Only this family of three were Qin Jun's immediate family members and the rest were distant relatives so he did not bother to introduce them to her.

"Hello uncle, auntie and Jun's cousin."

Lin Yueyao widened her eyes with a shock expression hanging from her face.

"Hello..."

Although she was not one to keep up with the news from the entertainment industry, she knew who Su Wenqi was and also liked her songs very much.

To see Su Wenqi in person was simply too much a shock and she was even prettier in person.

Wang Dandan was dumbfounded and she stared at Su Wenqi with her mouth open.

“Ms. Su?”

Su Wenqi glanced at her and smiled politely, “Hello.”

Wang Dandan could tell that Su Wenqi did not recognize her so she quickly added, “Ms. Su, I am Wang Dandan and I am from the same company as you. I am also working under Tian!”

Su Wenqi acknowledged, “Oh hello, so we must be colleagues.”

There were many artists who were working under Tian, so Su Wenqi had no idea who this unknown singer was.

Wang Dandan’s face grew burning hot, as though she had been slapped in the face.

Just earlier, she mocked Qin Jun for only dating a social media influencer. She had never expected his girlfriend to turn out to be Ms. Su.

In comparison to Ms. Su, Wang Dandan seemed like an influencer instead.

Tang Jianqiang also had a dark expression on his face. He did not expect Qin Jun to have the capability to woo someone like Su Wenqi.

This could not be true. That was Su Wenqi, a diva in Asia. What could she possibly see in Qin Jun?

“Haha, Qin Jun is really lucky.”

After Su Wenqi sat down, she maintained the distant and mighty image that she had since the time she entered but she appeared shy when she spoke to Qin Jun’s aunt and uncle. It was as though she was having a meeting with her boyfriend’s parents and she looked very sincere.

Tang Jianqiang was extremely embarrassed. He wanted to come for the meal so he can show off, yet he was completely outshone by others.

When they talked about work, Tang Jianqiang was a director at the age of thirty, yet Qin Jun was already a special consultant in his mid-twenties.

When they talked about their partners, Tang Jianqiang’s girlfriend was a small-time singer but Qin Jun’s girlfriend was a diva.

Tang Jianqiang’s pride was bruised and he was almost embarrassed to the point where he got really annoyed.

“Haha, Qin Jun. How did you manage to win over such an amazing girlfriend? Are you bluffing to us?”

Wang Dandan seized the opportunity and rubbed in, “Exactly, Ms. Su, were you conned into this relationship? He is not a young master of a wealthy family. His family’s reputation has declined and he is not from a rich family either.”

Su Wenqi frowned upon hearing what Wang Dandan said.

“Do you think everyone worships money the same way as you do?”
