Medical Master

Chapter 781: Sold Out in Ten Seconds, Without Any Tricks Behind the Scenes!

It was easy to say, but it was not easy to break through to the Guru Realm.

Throughout history, many heroes who had shaken the world had been stuck at this last hurdle.

That chasm was so hard to overcome and was an obstacle to many martial arts masters!

Fang Qiu let out a soft sigh.

He shook his head and cleared his thoughts.

Then, he narrowed his eyes, clenched his fist gently and threw a fierce punch in the air.

“Whoosh!”

In the air, there was a burst of sound.

With this punch, the surging internal Qi in his body rushed out like a raging torrent, destroying a sand dune in front of him in an instant and breaking it into the dirt!

As the yellow sand scattered all over the ground, Fang Qiu looked around and found that the surrounding terrain had completely changed.

Originally, he had chosen the highest sand dune in this area, but now it had become the lowest. It was now surrounded by six huge sand dunes, which looked like six huge mountains.

“Whew...”

Fang Qiu heaved a long sigh of relief.

He was aware that the strange phenomenon in front of him must have been caused by the anomaly of heaven and earth during the breakthrough.

However, he did not expect that the anomaly of heaven and earth would be so great this time. With six sand dunes in the desert appearing out of thin air, one could only imagine how strong the anomaly was to be able to reach such a level.

“With my current strength, I’m strong enough to fight against a ninth-class Martial Superior with one opened meridian.”

As a guru, Fang Qiu was very clear about the combat capability of a ninth-class Martial Superior with one opened meridian.

Fang Qiu did not think of Yun Yangzi as an ordinary ninth-class Martial Superior with one opened meridian, but directly regarded him as a master reaching the peak of the ninth-class Martial Superior.

After all, Yun Yangzi’s strength was unquestionable in order for him to be ranked at the top of the Wulin Genius List.

“With the strength of a seventh-class Martial Superior with one opened meridian before reaching the peak, I am able to fight against a ninth-class Martial Superior with one opened meridian. The combat capability is really powerful after I reopened the meridians.”

Fang Qiu could not help sighing from the bottom of his heart.

The strength of a ninth-class Martial Superior with one opened meridian was several times higher than that of an eighth-class Martial Superior. It was a huge gap. Even ten people reaching the peak of the eighth class were definitely no match for a ninth-class Martial Superior with one opened meridian, not to mention only one of them. However, Fang Qiu was able to fight against a ninth-class Martial Superior

with the strength of a seventh-class Martial Superior with one opened meridian, which was not at the peak of the seventh class yet.

In such a comparison, it was easy to know that the strength after the re-opening of meridians was extraordinary!

As Fang Qiu sighed with emotion, he took out his phone and looked at it.

“Hmm?”

When he saw the date on his phone, Fang Qiu could not help being stunned and murmured, “Two days have passed by without my knowledge. In three more days, it will be the day of the full-moon night of the battle on Luo Yin Mountain.”

With that thought in mind, Fang Qiu moved his feet and leaped about a hundred meters. Like a dragonfly skimming the water, he stepped on the sand dune under his feet and rushed toward the cultivation base.

Back at the cultivation base, accompanied by Zhao Shanlin, Fang Qiu walked around and found that the second batch of Desert Cistanche had been planted and the terrain was becoming more and more mature. After making sure that everything was fine, Fang Qiu returned to Jiangjing.

At dawn, in Dormitory 501, Fang Qiu laid on the bed and logged into the official website of Hua Yuan Pharmaceutical Corporation on his laptop. He was going to try personally to see if he could succeed in placing an order in the preselling of the second batch.

The official Weibo of Hua Yuan Pharmaceutical Corporation also released a notice half an hour in advance.

“The preselling of the second batch will begin at 12 o’clock tonight. The number of pills this time will be the same as that of the first batch, which is 37,500. Although the factory is rushing to meet this demand, in order to ensure the quality of the pills, 37,500 packs are the biggest number we can achieve. Therefore, we seek your understanding. Meanwhile, we also wish that all the people who participated in the preselling will be able to get one pack each!”

This Weibo immediately attracted a large number of people's attention and they flocked to the official website.

Meanwhile, a large number of scalpers were attracted to this post.

Soon, it was 12 o'clock.

The preselling for the second batch of Trillium Root-Securing Pill officially started!

In the dormitory, Fang Qiu refreshed the website on time and clicked the purchase button.

Click!

With a light sound, the picture changed.

"Is it that easy?"

Fang Qiu froze, thinking that he was going to get it.

But in the end, the picture simply froze on the screen.

The words "Please wait" flashed continuously on the screen—

One second, five seconds, ten seconds...

He had been waiting for 30 seconds, but his screen still could not be refreshed. Even if he refreshed it by himself, he was still on the waiting page.

It actually made Fang Qiu a little anxious.

It had to be said that once people were involved in this kind of flash sale, very few people could remain calm.

Although he was anxious, Fang Qiu came back to his senses in a moment.

At this time, “Ding!” A WeChat notification sounded.

On the screen of his phone, a WeChat message popped up.

It was from Yang Ningyuan.

The content was—Sold out in ten seconds, without any tricks behind the scene!

When he saw the contents of the message, Fang Qiu clicked to refresh the official website of Hua Yuan Pharmaceutical Corporation again. This time, it was refreshed very quickly. In the blink of an eye, the page shifted.

The remaining quantity of the drug had been reduced to zero!

The button which indicated “Purchase” now turned into “Sold Out”.

Fang Qiu could not help shaking his head, as he smiled wryly.

Then, he immediately picked up his phone and sent Yang Ningyuan a WeChat message.
“Congratulations!”

After replying to the message, “Whew...” Fang Qiu heaved a long sigh of relief and said to himself, “This is the power of marketing. Incredible!”

On the Internet, those netizens who did not know the truth began to show off on the Internet. The scalpers, who had obtained the qualifications, also went to the major post-bar forums and started hawking their wares.

Some people offered to buy them at a high price.

This market, which did not appear real and even made people feel that it was only virtual, had already taken shape.

It was obvious that the reason why this market could take shape was because of Yang Ningyuan, who was behind the scenes. He had pulled so many gimmicks in the preselling of the first batch. This time, it went smoothly. There was no need to promote it at all.

The preselling of the second batch ended. The official Weibo of Hua Yuan Pharmaceutical Corporation sent another timely post when the customers were whining that they failed to get the spot for the two batches.

“Thank you for your support and trust. The preselling of the Trillium Root-Securing Pill is more popular than the last time, so it was sold out in ten seconds. Our company is really grateful, but at the same time, we apologize to our vast pool of customers. Therefore, our company decided to work overtime. While ensuring that the efficacy of the pill will not be reduced, we will produce more Trillium Root-Securing Pills. The next batch of Trillium Root-Securing Pill will be arranged in four days and it will still be at 12 o’clock in the evening!”

Soon, Fang Qiu saw this post.

He knew that the reason why Yang Ningyuan did this was because he wanted to seize the opportunity to maintain the popularity of the Trillium Root-Securing Pill.

After all, he had received three tons of Desert Cistanche and it would take ten days for him to get the next batch the next time. Once he released it all at once, it would inevitably create a long vacuum period. In this way, the rising popularity driven by marketing would continue to decline, due to this vacuum period.

Therefore, Yang Ningyuan chose to release three tons of goods in stages. In this way, he would not only ensure the continuing popularity of the Trillium Root-Securing Pill, but also improve its status in the hearts of all the netizens. Why not?

The preselling was over.

He closed the web page, put away his laptop and began to meditate in bed.

Fang Qiu knew that the best sales period for the Trillium Root-Securing Pill had not started yet. It was only the early stage because the medicine had just been produced. After more and more people reaped the benefits of the Trillium Root-Securing Pill, its reputation would rise to the extreme. At that time, it would be the real explosion period of the sale of the pill.

The current marketing was only a good scheme to let the netizens see the benefits of Trillium Root-Securing Pill.

If he really wanted to sell it well, its reputation was better than anything else!

He did a careful calculation.

Tomorrow, it would probably be the time when people who ordered the first batch received their orders. Only then would the effects be revealed.

As for how the reputation of Trillium Root-Securing Pill would be established, they would just need to wait and see.

As expected, the next day, the first batch of Trillium Root-Securing Pill was delivered to the customers who had ordered it. Everyone began to try them out.

Even though they only received it in the morning, the pills started to get good ratings by the afternoon!

“Trillium Root-Securing Pill is really awesome. This is the most amazing drug I’ve ever taken.”

“I really got myself the right drug. I’ve had a problem with my waist and legs for several years. I recovered as soon as I took it. Although it feels like it is only temporary, I believe that if I take it for a long time, it’ll definitely be better. Besides, I take one pill per day. Even if it doesn’t get better, I’ll never suffer!”

“I’ve been staying up late for several nights. I feel refreshed after taking one pill. It seems as if I have not stayed up late at all. It’s amazing.”

“Awesome. This is the best health product I’ve ever taken. I can personally vouch that Trillium Root-Securing Pill will really be a health product that will surprise you.”

“1,000 for one bottle, 2,000 for one pack. I’m looking for Trillium Root-Securing Pill. Come and look for me if you’ve bought it but you don’t like it. I’ll take as much as I can. It’s really useful.”

“Hua Yuan Pharmaceutical Corporation is a company with good conscience. I have suffered from a chronic disease for so many years, but I can’t cure it. I wanted to buy Trillium Root-Securing Pill and try to improve my physical condition. As a result, my condition improved tremendously after taking it. It has helped in the healing process of my disease. According to the doctor, this pill is really amazing. If I take it for a long time, my illness will definitely be cured. Thank you, Hua Yuan Pharmaceutical Corporation, for giving me hope!”

For a moment, all kinds of positive comments about the pills on the Internet could be seen.

Trillium Root-Securing Pill also quickly went viral all over the Internet. People who did not pay attention to it before also started to follow it, one after another. There were also many celebrities in the entertainment circle who volunteered to advertise it. For example, if they could not sleep for a few days due to the filming of TV series, a Trillium Root-Securing Pill could help them get back on track and so on. Weibo was filled with all kinds of praises about the pill!

Meanwhile, many people also associated it with Fang Qiu.

They particularly suspected that this Desert Cistanche was one of the ten magic herbs that Fang Qiu had claimed to cultivate before.

If that was the case, it would be extraordinary if Fang Qiu was involved!

Medical Master

Chapter 782: The Battle for the First Place!

With the spread of its good reputation, many people in society also began to pay attention to the Trillium Root-Securing Pill.

It was spread from the Internet to the real world. The more it spread, the more magical it became. It also made people feel that it was exceptional.

Under these circumstances, many elders asked their sons and daughters to buy the pills for them. The big shots and leaders in the business circles asked their subordinates to purchase for them. They wanted to give the pills as birthday gifts.

In the blink of an eye, almost all the people in the country were asking for the Trillium Root-Securing Pill. In this case, the pills actually became a priceless health product. The scalpers selling the pills on the Internet, as well as those who saw business opportunities, sold it at much higher prices.

In the department office of the director, "Huang." The director of the department sat in front of the desk, looked at a nurse who was busy doing her work and said, "I want to ask you a favor."

"What's the matter?"

The nurse named Huang was stunned for a moment and then her eyes lit up as if she sensed an opportunity. She immediately said, "Director Li, if you have anything you want me to do, just tell me. I will do my best to help you. Even if I can't do it, I will definitely find a way for you."

"I'll take your word for it!"

The director smiled slightly and said, "I've heard that this Trillium Root-Securing Pill from the Hua Yuan Pharmaceutical Corporation is a very popular item. I've been wanting to buy some, but I don't have time to snap up any of their pills. I heard there's a flash sale, so it's very difficult to buy them. If you have time, please take a look for me. It will be good if you can buy them. If you can't buy them, there's no problem. Just look out for them for me."

"Don't worry, director."

Huang immediately nodded and said, "I will definitely buy it for you."

"Oh?"

The director beamed and asked, "Why are you so confident? I heard that each batch only has 37500 packs and it was sold out in 10 seconds. If you don't have the luck, it won't be easy to get them."

"Director, is this Trillium Root-Securing Pill really that good?" Huang asked curiously.

"The Trillium Root-Securing Pill does exist in traditional Chinese Medicine, but this Trillium Root-Securing Pill is different from that in traditional Chinese Medicine. This one uses a special Desert Cistanche and its efficacy may be stronger than that of an ordinary pill. Now everyone only has good things to say about it. I also want to buy a box. If it's good, I'll send it as a gift to others," the director said.

"I see."

Huang chuckled and said, "Director, don't worry. I'll definitely buy it for you."

"You haven't answered me yet. How can you be so confident?"

The director asked again.

“Actually, my boyfriend has been keeping an eye on this Trillium Root-Securing Pill. He even got a spot and gave it to me.”

Huang said with a smile, “Someone on the Internet offered three times the price to buy it from him, but he didn’t sell it.”

“I see.”

The director nodded with understanding and said, “I can’t do that. I can’t just take it away from you.”

“It’s okay, it’s okay.”

Huang immediately shook her head and said, “I don’t like it at all. Since you are interested in it and I don’t want it, I might as well give it to you.”

“That’s fine.”

The director nodded and said, “Well, I’ll buy it from you according to the market price, which is three times the original price. What do you think?”

“Of course not!”

Huang quickly shook her head and waved her hands, saying, “We’re colleagues. How can I accept your money? If it’s convenient, sir, I’ll be satisfied if you can make me a permanent staff.”

“You’ve been in the hospital for two months, haven’t you? You can become a regular worker from the beginning of next month!”

The director immediately nodded with a grin.

“Thank you, thank you, director!”

Whether it was in the hospital, the business world, or the officialdom, the same thing was happening all over the city.

There was no doubt that the limited edition was the most valuable thing in this world. Once it was attained, the price of this thing would far exceed its own value.

Moreover, if it possessed a high value, it would naturally be affected by the high-level figures.

Once it was accepted by the higher-ups, the value of this kind of product would be even greater!

At this moment, the Trillium Root-Securing Pill was just like this!

The reputation of the Trillium Root-Securing Pill continued to rise.

On the other side, it was no longer peaceful in Wulin.

As time went by, everyone paid more attention to the battle between John Doe and Yun Yangzi. Almost everyone in Wulin was looking forward to the battle that was about to start the day after tomorrow.

This would be a great battle!

It was the highest-level battle in Wulin in recent years.

Yun Yangzi was ranked first on the Wulin Genius List with the powerful strength of a ninth-class Martial Superior with one opened meridian. Although John Doe seemed to be only a sixth-class Martial Superior, his combat capability was extraordinary and he had an extremely mysterious background.

There was no need to say much about Yun Yangzi.

With his incomparably powerful strength, no one in the entire Wulin dared to doubt him.

After all, he was a super master who ranked first on the Wulin Genius List!

Even though John Doe had appeared in Wulin for less than two years, during this period, he had done so many earth-shattering things, especially his combat capability. He was able to defeat the strong even with his weaker capability. From the day he officially showed it, he was out of control. Along the way, he was invincible. He wiped out a family, rose in the List of Martial Superiors, destroyed a sect and then ranked in the Wulin Genius List.

Now, he was about to compete for first place with Yun Yangzi!

Would John Doe's invincible run continue, or would he eventually be defeated by Yun Yangzi?

Would Yun Yangzi, with his immense strength, continue to be ranked first on the Wulin Genius List? Or would he be dragged down by the dark horse—John Doe who was on the rise?

There were numerous unpredictable factors in this battle. It was also because of these factors that everyone was looking forward to it!

On the Wulin forum, "Let's take a bet!" As soon as a post was sent, the one who initiated the post directly started a bet.

"In the big battle of competing for the first place in Wulin, will Yun Yangzi maintain his ranking in the end, or will the dark horse—John Doe, reach the peak?"

With the appearance of this post, most of the people on the forum immediately flooded in.

Everyone placed their bets, one after another.

In this society, gambling was not a good habit. It was forbidden in many cities, but in Wulin, it was an essential interest.

It was also because of this that the Wulin forum did not prohibit people from gambling.

As soon it started, everyone placed their bets, one after another.

Below the post, there were also countless comments.

“It’s really hard to predict the outcome of this battle.”

“I think Yun Yangzi will definitely win. Although John Doe is very strong, he is still weaker than Yun Yangzi.”

“I also think the final winner will be Yun Yangzi!”

“I think it’s very likely that John Doe will defeat Yun Yangzi!”

“Whether in terms of strength or other aspects, John Doe is no match for Yun Yangzi.”

“Yes, although John Doe’s background is mysterious, don’t forget that it was the Pear Garden that supported Yun Yangzi!”

“Yes, Yun Yangzi’s strength has reached the ninth class, but John Doe’s current strength is only at the sixth class. No matter how strong his combat capability is, it’s impossible for him to reach this level, isn’t it?”

“Anyway, I’ll put my bet on Yun Yangzi!”

“John Doe is still a little too soft. Betting on Yun Yangzi is the right choice!”

“Yun Yangzi has been famous for so long and he has been so prominent since he was born. His whole family came from Pear Garden. He has never been ranked second since he appeared in Wulin. This time, it must be the same!”

“John Doe is too mysterious, but his mysterious identity and background are not good enough in the face of absolute powerful strength!”

“At present, it seems that Yun Yangzi has a better chance of winning!”

In the midst of all kinds of discussions, everyone also placed their bets.

Soon, tens of thousands of people took part in the betting.

It turned out that most people still chose Yun Yangzi.

There were some who chose John Doe, but only about 30% of them.

A lot of John Doe’s fans began to appeal to people to bet on John Doe, in the post. They even showed his battle records to people.

Yun Yangzi’s followers immediately retaliated and also showed off Yun Yangzi’s battle achievements.

This gave rise to a heated discussion among people about the two’s battle performances.

However, the more they discussed, the more they felt that John Doe’s background was too mysterious. In terms of background and other aspects, Yun Yangzi seemed to be better than John Doe.

Due to this, everyone still thought that Yun Yangzi had a better chance of winning.

During this period, many newcomers to Wulin asked about their identities, backgrounds and strength. The more they knew about them, the more they felt that they were powerful. They also felt that it was so unreal. Soon, each of them had their own supporters.

Many seniors and big shots in Wulin also said that they were going to watch and see how powerful the younger generation of Wulin was.

After all, such a battle had not happened for a long time, which could be regarded as a rare event in Wulin. The influence of this battle had been completely exaggerated and the young martial arts practitioners would definitely attend it.

This was also a great opportunity for those big shots to take a closer look at the strength and level of the younger generation in Wulin!

It was almost time.

Numerous people went out, one after another, thinking of rushing to Luo Yin Mountain.

Those who had booked tickets also took various means of transportation to Luo City as soon as they got their tickets.

There were still two days left.

Almost all the major hotels in Luo Cheng were packed with people.

In a small wooden house somewhere in the Pear Garden, Yun Yangzi, who was sitting cross-legged and cultivating, slowly opened his eyes.

He looked out of the window, stood up lightly and stepped out!

“Young Master.”

Outside the door, a maid bowed.

“Emm.”

Yun Yangzi nodded with a smile and asked, “It’s almost time, isn’t it?”

“There are 30 hours left.”

The maid answered.

“Okay.”

Yun Yangzi nodded with understanding. Then, he gently took a breath, looked at the snow-white pear blossoms in the garden and muttered, “This time, I have made progress in seclusion. I hope John Doe will not let me down.”

Although Yun Yangzi felt that John Doe’s strength was inferior to his after the last fight, he could sense John Doe’s confidence.

He had been looking forward to it, for this would be the most important battle on his way to becoming a guru!

Medical Master

Chapter 783: Were Here to Watch The Battle

At the University of Jiangjing Chinese Medicine, while people were talking about it in Wulin, Fang Qiu was holding hands with Miaoyu, strolling and chatting at Central Lake.

That was why he returned to school.

The great battle was imminent.

Fang Qiu needed to relax and remain in his calmest state of mind.

Remaining calm was the most difficult thing for a martial arts practitioner to do.

Once he achieved it, then the improvement and enlightenment would follow closely behind. Even if he did not improve, he would always be able to maintain his strength at the peak.

Fang Qiu was being exceptionally serene, so Jiang Miaoyu knew nothing about his forthcoming great battle.

“I remember that before school started, someone seemed to have promised me that he would not run around all the time, which would make me worried.”

Jiang Miaoyu took Fang Qiu’s hand as she said this, whether intentionally or unintentionally.

“There’s nothing I can do about it. I was busy!”

Fang Qiu gave a wry smile and said, “I’m really busy. I’m going to start a company. You know, it’s not so easy to set up a company. I’m now making plans for our future. If I don’t work hard to earn money, how can I support you in the future? Even if you don’t care about material wealth, I can’t bear to see you suffer. You’re mine. I’m going to give you the whole world!”

Jiang Miaoyu’s face instantly flushed and turned as red as a ripe apple.

“What did you learn when you were away from school? How did you suddenly become such a sweet talker?”

Even though she was blushing, Jiang Miaoyu summoned up the courage to ask.

“It could be because I miss you so much?”

Fang Qiu pretended to be aggrieved.

“Really?”

Jiang Miaoyu blushed again. She stopped and stared straight at Fang Qiu.

“It couldn’t be more real!”

Fang Qiu nodded instantly.

“Well, I believe in you.”

Jiang Miaoyu turned around merrily, jumped forward a few steps and then asked, “Will you be leaving the school soon?”

“I’m leaving tomorrow morning.” Fang Qiu answered with a nod.

“Oh.”

Jiang Miaoyu nodded and bit her lips again as if she had something on her mind.

“What’s the matter?” Fang Qiu asked.

“I’ll tell you when you come back.”

Jiang Miaoyu seemed to have something on her mind. She then replied, “Go and deal with your business first. I know that your business is important.”

“Okay.” Fang Qiu nodded.

Indeed, he also felt that it was best not to talk about it now.

After all, a great battle was about to occur. He was in the best mental state now. If he truly found out something from her, his emotions would be stirred and his body’s state would definitely not be at ease.

In this way, it would not be good for him or his opponent!

“Yeah.”

Jiang Miaoyu nodded obediently and said, “The Trillium Root-Securing Pill is quite popular recently. Have you heard of it?”

“Yeah.”

Fang Qiu nodded instantly.

“By the way, the guys in your dormitory are really secretive. I heard that you worked together to build a factory that specializes in cultivating one of the 10 ancient magic herbs.”

Jiang Miaoyu seemed to recall the rumors on the Internet and took the opportunity to ask him, “Does the special Desert Cistanche which is being used to produce the Trillium Root-Securing Pill have anything to do with you guys? Is that the magic herb you cultivated?”

“You’re so smart.”

Fang Qiu laughed and said, “You are truly my girlfriend. You managed to figure it out.”

“Did you really do it?”

Jiang Miaoyu was amazed.

“Yeah!”

Fang Qiu nodded and said, “In fact, we started a long time ago. At that time, Zhao Shanlin, the keeper of Yaowang Mountain, was forced to leave the school and went to work at a company. Later, there was something wrong with his daughter-in-law’s health, so he came to ask me for help. After the treatment, we had a discussion and planned to cultivate a kind of magic herb, which is the Desert Cistanche.”

“From then on, I gave Mr. Zhao a sum of money to set up a cultivation warehouse at the foot of a mountain in the suburbs. Mr. Zhao took Zhu Benzhen and the others to cultivate Desert Cistanche in the warehouse. It was not until nearly two months ago that the cultivation was accomplished.”

Jiang Miaoyu was stunned when she heard that.

“You guys have done so many things?”

She was rather shocked because Fang Qiu had been by her side all the time. She had not been aware that Fang Qiu had done so many things.

At this moment, she finally understood why Fang Qiu had taken the exit exam in advance and why he kept leaving the school. It turned out that he was busy cultivating Desert Cistanche.

Fang Qiu continued, “When we finished the cultivation, there were a few companies on the Internet that slandered me, which were the five pharmaceutical companies led by Siqi Pharmaceutical Company and Taikang Pharmaceutical Company. However, at that time, I was in contact with the drill master of our military training. The drill master was angry when he found out that I was being defamed, so he helped me check it out. He found that there was something wrong with the products from these five pharmaceutical companies and then I made a report about the five companies online!”

Jiang Miaoyu nodded in understanding.

“Later, I don’t know how the matter of Siqi and Taikang was exposed. I happened to make a video on meridians and donated the money, so everyone regarded these two companies as evil companies. At last, these two companies went bankrupt and were acquired. And the one who acquired them happened to be Yang Ningyuan, whom I saved before.”

“Actually, I have always been in touch with Yang Ningyuan because I have to learn from him if I want to start a company. After all, he is a big shot in the business world. I can learn a lot from him.”

“After he found out that I was cultivating Desert Cistanche, he bought these two companies and established a brand new company, Hua Yuan Pharmaceutical Corporation, after much persuasion from me.”

“Then, everything went smoothly. The Desert Cistanche I planted and cultivated matured, so I sold them to Hua Yuan Pharmaceutical Corporation and gave them two prescriptions found in ancient medical skills. One of them is the Trillium Root-Securing Pill. The Desert Cistanche we cultivate is very special, plus the powerful prescription and Yang Ningyuan’s outstanding marketing schemes. That’s why Trillium Root-Securing Pill went viral!”

It was obvious that Jiang Miaoyu was in a state of shock.

She did not know anything about this and did not notice that there was anything amiss. But Fang Qiu was right in front of her and he had accomplished all of this.

Now that she thought about it, other than being shocked, what else could she do?

“I didn’t expect you to hide it so well!”

Jiang Miaoyu said in great shock, “It turns out that you’re really the one who made Trillium Root-Securing Pill.”

“You didn’t see that coming, did you?”

Fang Qiu asked with a proud grin, "Isn't your boyfriend awesome?"

"Yeah."

Surprisingly, Jiang Miaoyu did not show much excitement. She just nodded slightly and the hidden worry in her eyes became more evident.

"The reason why I didn't tell you is because I wanted to accomplish all these things before telling you. Otherwise, if I said it in advance but failed in the end, how embarrassing would that be?"

Fang Qiu added hurriedly.

"If there are 100 points for this answer, I'll give you 60 points!"

Jiang Miaoyu smiled and said, "You just passed!"

Fang Qiu smiled awkwardly.

The two of them continued to chat randomly.

Under the afterglow of the setting sun, the scene was particularly beautiful.

The next day, early in the morning, Fang Qiu got up early and changed into John Doe's outfit. After practicing around Central Lake, he quietly left the school and got on the high-speed train to Luo Cheng.

In Luo Cheng, Luo Yin Mountain was actually a small tourist attraction, but because there were only mountains without much attractive scenery, there were not many tourists in the nearby hotels and inns.

But the strange thing was that since the day before yesterday, these inns had suddenly become full, which made all the owners extremely surprised because these people did not look like tourists at all.

Were they here for treasure hunting?

These people who appeared out of nowhere not only surprised the owners of the hotels, but even amazed the locals. Under normal circumstances, there were usually not so many tourists in this place.

While everyone was baffled, the owner of an inn could not stand it anymore. He asked a guest who was having breakfast in the inn, "What are you doing here? Why are there so many people coming here all of a sudden? We have never had so many people in such a small place before."

"Haha."

The guest laughed and said, "We just came to watch the fight."

"Ah?"

The owner was stunned and asked, "What's so good about a fight?"

"Hehe."

The guest smiled mysteriously and did not say anything more.

"I'm wondering."

The owner turned his head and glanced at all the guests who were eating at the inn. He asked, "Are you all here to watch the fight?"

"Yeah!"

Everyone nodded with a smile.

“No way!”

The owner shook his head with a smile and said, “Even if the boxing champion of the world came, there would not be so many people. Besides, all of you seem to have remarkable temperaments.”

“Haha, the boxing champion of the world means nothing to me.”

A guest laughed and said, “The people we came to watch are much more powerful than the boxing champion of the world.”

“How is this possible?”

The owner immediately shook his head to indicate that he did not believe it.

“Sir.”

Another guest intervened, “If anything should happen on the mountain tonight, you’d better not go there. Just wait for one night. Remember not to go up the mountain!”

The owner sneered and said, “So secretive. Is it a fight between immortals?”

“Haha.”

A guest laughed and said, “In the eyes of ordinary people, there are immortals!”

After that, everyone continued eating their breakfast.

Only the owner was still pondering.

He certainly did not believe these words, but there were numerous people who suddenly came to this place, but he could not find an explanation for it.

“It’s a good thing to have so many guests. I should just take the opportunity to make some money first!”

As time went on, more and more people came to Luo Yin Mountain, which led to the local owners witnessing a strange phenomenon. When these guests saw each other, they all made fist salutes.

What kind of etiquette was this?

They couldn’t figure it out at all!

Were these people here to shoot a TV drama?

Did they come here to shoot an ancient costume drama?

The owners discussed with each other. The more they thought about it, the more likely it seemed to be!

Meanwhile, they also hoped that the shoot for the TV series would take a long time. In this way, they could make more money.

In the evening, Diwu Qian appeared at the foot of Luo Yin Mountain.

Undoubtedly, her appearance caused a commotion. Then, under everyone’s gazes, Diwu Qian went up Luo Yin Mountain alone.

Then, the others also went up the mountain, one after another.

More and more people came to the top of the mountain, which made the top of the Luo Yin Mountain increasingly popular.

On the other side, on another mountain peak facing the sun next to the Luo Yin Mountain, there was a stone table and stone chairs and it was obvious that they were newly made.

There was wine on the stone table and four people sitting around it. One of them was none other than Diwu Qian's father!

Medical Master

Chapter 784: The Person Coming up the Mountain

Diwu Qian's father wore a pair of vintage round-framed glasses with gold rims and a pure black Chinese tunic suit and looked particularly energetic.

He was sitting in front of a stone table several kilometers away from the peak of Luo Yin mountain.

Although the moonlight was bright, this group of people was almost invisible to ordinary people.

The four people sitting at the stone table were obviously not ordinary human beings.

"The scenery is so beautiful in the moonlight. It's a pity that there are no dishes but only wine!"

At the table, an old man with a long white beard was dressed in a Kung Fu practice suit. He smiled and said, while gazing at the peak of Luo Yin Mountain.

"That's because the dishes for the wine are not here yet!"

Diwu Qian's father smiled leisurely and said, "This battle is a great dish."

The old man looked at the wine jar on the stone table, which was stained with mud and said, "This is good wine. Since the dishes have not been served yet, let's not drink it for now. Only when the dishes are served can we drink with pleasure!"

“Haha.”

Diwu Qian’s father nodded.

The other two also smiled and nodded in agreement. The four of them once again shifted their gazes to the top of Luo Yin Mountain, waiting for the big dish to be served.

On the peak of Luo Yin Mountain, as it was getting closer to the appointed time, more and more people from Wulin made their way up the mountain to wait.

Since the Luo Yin Sect was destroyed, their base had become an ownerless place. Even if there were people from the Luo Yin Sect guarding it, under such circumstances, they did not dare to come out and disturb them. They could only hide and watch from the side.

At this moment, the railings of the pavilions surrounding the Luo Yin Sect’s square were already packed with people and there were still numerous people standing there. It was the same on the second floor, as well as the top of the pavilions.

The originally cold and quiet base of Luo Yin Sect suddenly became lively.

Meanwhile, at the foot of Luo Yin Mountain, in those hotels and inns, all the guests who had filled the rooms were out. Each inn was empty. Except for the boss and the employees, there was no one else.

In such a situation, many of the owners could not help but gather in front of a nearby roadside stall and they began to talk about it with much curiosity and confusion.

“Is there really a treasure on this mountain?”

“Who knows? There are so many people coming all of a sudden. Maybe they’re really here to hunt for treasures!”

"I heard from my guests that they are here to watch the fight. They said that some big shots will be fighting here and they are even more powerful than the boxing champion of the world!"

"Humph, do you even believe that?"

"In my opinion, these people are working together to lie to you. Who would be stupid to come to fight in the mountain?"

"It's really strange. These people did not make any moves a few days ago, but they went up the mountain, one by one, this evening. If they came to hunt for treasures, shouldn't they have started when they first arrived? Why would they wait until tonight to leave together?"

"Could it be that they're really here to watch the fight?"

"My guest also reminded me that if there is any movement on the mountain in the evening, we must not enter the mountain or even go up the mountain!"

"It's so mysterious. What the hell is going on?"

"I don't care what they are doing. We just need to make money. There are not many opportunities to earn money like this."

It was ten o'clock in the evening.

The bright moon hung in the sky.

The Luo Yin Sect was already bustling with people.

On the edge of the square, there was a circle of chairs outside the pavilion.

The person sitting in front of the main entrance of the Luo Yin Sect's main hall was none other than Diwu Qian!

Perhaps it was really because she really paid a lot of attention to this battle. Diwu Qian came early, closed her eyes to have a rest and waited quietly.

There were still many empty seats beside her.

Obviously, these empty seats were prepared for the masters in Wulin.

Soon, in the midst of everyone's discussion, the top ten masters on the Wulin Genius List appeared. From Zhang Jiu in the tenth place to Mu Rufeng in the third place, they arrived one by one. Of course, there were also a few people who came together.

After they arrived, several people ranked on the Wulin Genius List naturally sat on the empty seats next to Diwu Qian. Then, the masters of Wulin came. Only those who were qualified to be called masters dared to sit in the seats placed around the square.

Of course, no one would be so blind to snatch it.

Some people who took the seats in advance also hurriedly got up to give up their seats to show their respect when they saw the masters appear.

In the blink of an eye, another hour passed. It was already eleven o'clock in the evening.

At this moment, the peak of the Luo Yin Mountain, which was originally against the sun, was surprisingly bright with the moonlight.

As they looked up, the bright moon hung in the middle of the sky, illuminating the whole square.

"It's already eleven o'clock. Why haven't they shown up yet?"

“That’s right. They said they would fight tonight, but there is no exact time. Don’t tell me that they want us to wait until 12 o’clock?”

“Even if it starts at 12 o’clock, they should be here by now, right?”

“These two are important figures. Of course, they have to put on airs. Even Diwu Qian did not say a word. Instead, she just sat there quietly, waiting. What are you complaining about here?”

“That’s right. Eight of the top ten talents in Wulin are also waiting like us!”

Around the square, the sounds of the discussions gradually became louder.

There were people complaining, chatting, discussing and bragging about the two masters that were about to fight.

At a distant peak of another mountain, “He’s coming.” The white-bearded old man stared into the darkness in the distance, narrowed his eyes slightly and said with a smile, “The guys coming out of Pear Garden are really imposing!”

“After all, it’s the unique Pear Garden.”

Diwu Qian’s father also nodded.

“Yun Yangzi?”

At the side, a middle-aged man raised his eyebrows and said, “Is he really the young man who plays with guns? It seems that he has his own style.”

On the peak of Luo Yin Mountain, “Whoosh whoosh...” On the top of the mountain, there were gusts of cold wind!

But because there were a large number of people, it did not make people feel gloomy although it was a little cold.

While the crowd was discussing heatedly, the sound of footsteps could be heard!

That kind of footsteps seemed to be that of someone stepping on glass, giving off slight echoes.

Once it sounded, it immediately attracted everyone's attention.

Hearing the sound, people turned around to take a look.

In the dark night sky, a figure appeared out of nowhere.

He was about 100 meters away from the square at the top of Luo Yin Mountain.

What was shocking was that the man did not land on the ground, but flew high in the sky. He was stepping on the air and flying!

"It's Yun Yangzi!"

"The Cloud-walking Step of Pear Garden?"

"Amazing. He is able to walk in the air. Isn't it only possible for a super expert who has reached the guru realm?"

"So handsome!"

"I'll be satisfied when I can do this."

“Fortunately, he is on the top of the mountain. If he were seen at the foot of the mountain, wouldn’t he be regarded as superman?”

Everyone was talking about it.

While they were discussing, almost everyone gazed at Yun Yangzi with reverent looks.

At the edge of the field, Diwu Qian, who had been resting with her eyes closed, quietly opened her beautiful eyes. As she looked at Yun Yangzi, a faint smile appeared on her face.

Mu Rufeng’s voice sounded in her ear. “This boy is so good at showing off!”

“No matter how I look at it, you’re younger than him, right?”

Chen Yunzhu said with a smile.

“If you have that kind of strength, you can also show off.”

Feng Yiming said with disdain.

“Humph.”

With a slight blush on his face, Mu Rufeng stole a glance at Diwu Qian and said, “If I had his strength, I would not have acted like this. Besides, I will definitely reach his level in terms of strength. If you don’t believe me, let’s wait and see. I will definitely catch up with him in a few years.”

High in the sky, “As expected, he hasn’t arrived yet.” Yun Yangzi strode over in the air. He was dressed in a long white robe. With the bright moon as his backdrop, he looked like an immortal who had descended to the mortal world, which really gave people an ethereal feeling.

Although he had made a breakthrough in seclusion, Yun Yangzi's real strength had only reached the peak of the ninth class with one opened meridian. There was still a long way to go before he reached the Guru Realm.

The reason why he was able to walk in the air before he reached the level of a guru was very simple. With his strength at the peak of the ninth class with one opened meridian, he could easily float in the air. In addition, with the unique Cloud-walking Steps of the Pear Garden, he was able to make it. Even so, he could only hold on for 100 meters. If the distance was too long, no matter how much internal Qi he had, he would not be able to withstand it!

The distance of 100 meters was neither long nor short.

In order to preserve his energy, Yun Yangzi quickly crossed the distance of a hundred meters and slowly descended from the sky. His footsteps were extremely light and he did not even make a sound.

As soon as he landed, Yun Yangzi turned toward the east. Facing a mountaintop 1,000 meters away, he cupped his hands and made a courteous fist salute.

The onlookers were baffled.

What was Yun Yangzi doing?

Diwu Qian and the others also turned their heads to look toward the east.

On the top of the mountain in the east, "This kid is not bad. He's much better than those arrogant folks in the Pear Garden." The white-bearded old man nodded with satisfaction.

"Yeah, not bad."

Diwu Qian's father also nodded in agreement.

"Yun Yangzi is indeed not bad."

Around the stone table, the middle-aged man said with a smile, "However, I think the person who is coming up the mountain now seems to be better."

The other three nodded with a smile.

"Pitter-patter..."

When everyone's attention was attracted by Yun Yangzi, there was another sound of footsteps.

The footsteps were neither fast nor slow.

It sounded like an ordinary person taking a walk.

Everyone turned to look in the direction of the sound.

The footsteps came from outside the mountain gate of the Luo Yin Sect. Even though the sound of the footsteps could be heard clearly, it seemed as if it was coming from a distance.

For a moment, many people standing at the top of the pavilion stood up to check.

As expected, they saw a figure halfway up the mountain.

The man was illuminated by the moonlight, as he strolled over leisurely. He looked like a tourist who was enjoying the scenery.

But unlike the tourists, this person was emitting a unique aura as if he was surrounded by a layer of mist.

"It's John Doe!"

“John Doe is here.”

“It’s so mysterious. I can’t seem to see clearly at all. It seems that I can only see a cloud of fog.”

“Not just mysterious. He is only halfway up the mountain, but his footsteps are so light. How can we possibly hear such loud footsteps here?”

“What a strong internal Qi!”

Medical Master

Chapter 785: Lotus Stride!

On the summit of Luo Yin Mountain, everyone was in a state of shock.

Even those who were not standing on the pavilion had heard from others that John Doe was walking over leisurely. At this moment, he was only halfway up the mountain.

But what they heard was not the sound of ordinary footsteps at all. The sound was as shocking as the steps of a giant marching over, which shook the earth.

Halfway up the mountain, Fang Qiu was completely unaware of the situation on the summit.

Having remained in a peaceful state of mind for a few days, Fang Qiu now felt that his mind was as settled as still water. Especially after he broke through to the seventh class with one opened meridian, he felt particularly relaxed. The world in front of him seemed to be completely different from the world he had seen before. If the universe was an endless world for him in the past, then now it was more like a place for amusement, which made him take to it like a duck to water.

It was also because of this state that Fang Qiu noticed many trivial details that he had not paid attention to before, such as how the flowers and plants looked when they were still, or blown by the wind, or caught in the mist, or wet with dew.

From this angle, there were still so many wonderful things hidden in this world that had never been discovered.

Under the moonlight, Fang Qiu walked on leisurely while immersed in the wonderful state. He was completely overwhelmed as if he had entered an extraordinarily strange realm.

In the distance, on the top of the east side, around the stone table, the eyes of the four people shifted from Yun Yangzi to the young man who was walking briskly halfway up the mountain.

“As I expected.”

A middle-aged man nodded. There was a faint trace of surprise in his eyes when he looked at Fang Qiu.

“This is...”

Diwu Qian’s father had a startled look on his face.

“Lotus Stride!”

The white-bearded old man narrowed his eyes and exclaimed, “Only when an ancient warrior has reached a certain level can he enter this realm. Every step he takes will create a resonance between heaven and earth. If he is on the sea, there will be great waves!”

“I did not expect that there would be someone among the younger generation who can reach such a realm.”

Besides the three people, a haggard woman with furrowed brows said, “This young man has a promising future!”

At the peak of Luo Yin Mountain, led by Diwu Qian, eight of the top ten talents in Wulin sitting around the square stood up in unison and looked out over the mountain gate.

In the center of the field, Yun Yangzi turned to gaze at the outside of the mountain gate as if he sensed something. With a faint smile on his face, he said to himself, "John Doe, don't let me down!"

"This Internal Qi is so strong!"

Mu Rufeng raised his eyebrows and said as if he were facing a formidable opponent, "He can actually use the internal Qi to such an extent. It goes through the mountain like a shock wave, but it doesn't hurt any of the vegetation on the mountain."

"Yeah."

Feng Yiming also took a deep breath and said with emotion, "It seems that John Doe's strength has improved again! Such terrifying progress!"

"Although he seems brisk, it's obvious that his strength is more threatening than before."

Chen Yunzhu nodded in agreement.

"The seventh class."

Diwu Qian frowned slightly and there was a hint of surprise on her stunningly beautiful face. She uttered, "With one opened meridian!"

"He made another breakthrough again, didn't he?"

Chen Yunxiu was surprised at first, but then he couldn't help but exclaim, "And he is so powerful at this level. How did he cultivate? He is really a monster!"

"Why do I feel that John Doe seems to be reserving his strength like food. When he needs it, he can take it out. If he wants to breakthrough, he can do it right away. He doesn't look like a normal Wulin practitioner at all. No matter how talented he is, he can't just pull it off, right?"

Feng Yiming gave a wry smile.

Diwu Qian's beautiful eyes glowed as she fell into deep thought.

As the masters on the Wulin Genius List rose to their feet, the others also got up and waited.

While waiting, everyone found that every time John Doe took a step closer to the top of the mountain, the intimidating sounds of his footfalls that they could hear would weaken a little.

When Fang Qiu came to the mountain gate, the sound of his footsteps that could make one's heart race, eventually died down.

It was as if it had never appeared before.

As the footsteps dissipated, Fang Qiu walked through the gate. His aura changed quietly and he was no longer as relaxed and leisurely as before. Instead, he was shrouded with an intense fighting spirit as if he had turned into another person in an instant.

His gentleness which seemed to be able to embrace everything in the world now turned into determination.

As he came to his senses, Fang Qiu was slightly stunned and forgot what he had just experienced. He turned his head and glanced around the square. At last, he fixed his eyes on a dark mountain peak in the east.

He did not refrain from executing his fist salute.

While looking to the east, Fang Qiu smiled faintly, bowed respectfully and then turned to Yun Yangzi in the center of the square.

In the eyes of all the onlookers, it made everyone even more confused.

“When Yun Yangzi arrived earlier, he also saluted toward that direction. Now that John Doe is here, why did he also salute in that direction?”

“Is someone over there?”

“Could it be that there are people watching this great battle from that mountain peak?”

“It’s impossible. It’s so far away. How can they see it?”

“Yeah. It’s at least three kilometers away. If someone can see it, how powerful can he or she be?”

In the east, “He’s finally awakened?” the white-bearded old man said, “if this kid doesn’t wake up, the mountain will collapse. What else can we watch?”

The middle-aged man asked, “If I remember correctly, this kid has been in this realm for nearly five minutes, right?”

“To be precise, it was 4 minutes and 37 seconds.”

Diwu Qian’s father frowned and said, “In this realm, he will get great benefits if he can just hold on for one minute. It’s really unexpected that this guy can hold on for nearly five minutes. If he can do this below the guru level, his path toward being a guru is bound to be smooth!”

“It’s strange.”

The haggard woman frowned and said, “Why do I feel that I can’t see through him?”

Hearing that, everyone was stunned.

None of them could see through John Doe.

How could they fail to see through a young master? The four of them were astounded.

At this moment, “Mr. John Doe.” Yun Yangzi made a fist salute to Fang Qiu.

“Mr. Yun.”

Fang Qiu also smiled and cupped his fists.

“Mr. John Doe seems to have made a big breakthrough, right?” Yun Yangzi asked.

“Aren’t you the same, Mr. Yun?”

Fang Qiu replied.

The two of them looked at each other and grinned.

Everything was clear without them having to say anything else!

No sooner had the spectators heard this when they exclaimed, one after another!

“What the f*ck, John Doe has broken through and Yun Yangzi has broken through again.”

“It’s so terrifying. No wonder they’re two geniuses. It’s only been half a month since the last battle at Luo Yin Mountain, yet they’ve broken through again?”

“It seems that this battle is going to be even more spectacular than we thought!”

Not only the onlookers, even the eight talents, including Diwu Qian, were very astonished.

They had already seen John Doe's breakthrough when he approached the mountain, but they could not detect Yun Yangzi's breakthrough. After all, Yun Yangzi's strength was much greater than theirs.

Now, when they heard that Yun Yangzi had broken through again, they were naturally shocked.

Of course, among them, Mu Rufeng was the most surprised.

He had always regarded Yun Yangzi as his objective, but now he found that the gap between him and Yun Yangzi seemed to be getting wider and wider.

"It's almost time."

Yun Yangzi raised his head, looked at the bright moon in the sky and said, "Let's fight!"

As soon as he finished speaking, an incomparably sharp aura, like a sharp sword drawn out of its sheath, suddenly erupted from this seemingly ethereal person. This aura instantly spread out in all directions, like a gust of wind, making the corners of the onlookers' clothes rustle.

"Such a strong momentum."

"Is this a super expert of the ninth class?"

"It's so powerful. Even though I'm standing in the distance, I can still feel a chill at the back of my head!"

"If I encounter such an intimidating aura, I will not even have the courage to make a move."

Cries of surprise sounded.

As everyone exclaimed, they also turned to look at Fang Qiu.

In the field, in the face of Yun Yangzi's horrible momentum, Fang Qiu looked indifferent.

"Fight!"

He uttered a word.

The raging fighting spirit was instantly stimulated.

If Yun Yangzi was like a sharp sword out of its sheath, then Fang Qiu was a war saber that could destroy the world!

"Boom..."

Like a monstrous flame, an extremely powerful momentum erupted from Fang Qiu's body and instantly forced Yun Yangzi's power to retreat, which made him equal to Yun Yangzi!

At the next moment, "As expected, you did not let me down," Yun Yangzi said as he stared at Fang Qiu.

"No."

Fang Qiu shook his head and said, "I just did not let myself down!"

"Good."

Hardly had Yun Yangzi heard this when he immediately laughed and cheered. After that, he moved and shouted, "I'm coming!"

Before he could finish his words, his whole person flew like a gust of wind. His feet rubbed against the ground. With a swoosh, he dashed toward Fang Qiu. His hands formed a kind of arc that ordinary people could not make. Just like an ancient man who made Huishou Zhemei, he waved his right hand, combined his index finger and middle finger and pointed at Fang Qiu's chest with strong energy Qi!

"Hmm?"

Fang Qiu frowned.

He immediately dodged.

He found that Yun Yangzi's strike which seemed to target acupoints was really like a sharp sword. With an incomparably strong force, this move seemed to be able to pierce through his body as soon as he was touched.

"What kind of cultivation method is this?"

Fang Qiu was shocked.

After following the old master for so many years, he had learned countless kinds of cultivation methods. He had also heard the old master talk about various cultivation methods in the world. But he had never heard of the cultivation methods that Yun Yangzi used.

Using the body as a blade?

How did he do that?

Meanwhile, Fang Qiu immediately focused all his attention on Yun Yangzi, trying to imitate and learn his opponent's skills as he did before.

But in the end...

As soon as he focused, Yun Yangzi moved again and charged at him. He lifted his right foot and made a circle with his hands. Then, at an extremely rapid speed, his palm slashed downward.

It was obviously an ordinary palm move.

But when the palm fell, Fang Qiu clearly saw that outside of Yun Yangzi's palm, there was a long knife formed by internal Qi. It seemed that it was about to cut the mountain. It came down from above with an extremely powerful force. With a loud bang, it slashed downward!

Medical Master

Chapter 786: Get the Wine, The Show Begins!

"This move is so familiar!"

Meanwhile, an image suddenly flashed across Fang Qiu's mind.

It was on a stage.

A man wearing a Chinese opera costume was holding a huge saber in his hand. He was posing as a pheasant standing on one foot, holding the saber high above his head.

"It's Chinese opera!"

Fang Qiu was struck by the thought.

At this moment, Yun Yangzi attacked again. His fists were like sticks, smashing down at the same time.

Wasn't this the scene when Wu Song fought the tiger in the opera?

In the blink of an eye, Fang Qiu understood.

No wonder when everyone introduced Yun Yangzi, they would say that he was from the Pear Garden!

It turned out that the Pear Garden was really the Pear Garden which people referred to as an ancient theatre troupe!

Fang Qiu was intrigued and no longer dodged the moves. Instead, he took the initiative to confront Yun Yangzi.

“Bang, bang, bang!”

The two collided with each other and the horrible loud noises echoed between heaven and earth.

It could be seen with the naked eye.

Waves of energy Qi would spread in all directions wherever their fists and feet collided. It was just like a piercing cold wind, causing the surrounding people to face the freezing cold.

“It’s terrifying.”

“With this kind of fist momentum, I’m afraid that we will be destroyed in one punch, right?”

“They are super masters. These are just normal moves.”

“This can only be considered normal?”

“Both of them are super masters and now they are just testing each other. After a few more moves, it will be time for the real confrontation.”

At the edge of the field, “Both of them should know their real strength now.” Diwu Qian narrowed her eyes and murmured in a low voice, “Yun Yangzi seems to be deliberately displaying the tricks and moves of the Pear Garden. It seems that he is telling John Doe not to learn them secretly. Ordinary people can’t steal the skills of the Pear Garden. Those who steal them will either join them or be destroyed by the Pear Garden!”

“That’s right.”

Somehow, Mu Rufeng approached Diwu Qian and said, “John Doe has also revealed a lot of skills. The test between the two should be over. The real battle is about to begin.”

Diwu Qian turned to glance at Mu Rufeng, but did not say anything.

When she saw Mu Rufeng’s flushed face, she smiled softly and turned her head to continue watching the battle.

On the top of the mountain in the east, “The strength of the two young men is very strong. With the support of the Pear Garden, it’s not difficult for Yun Yangzi to become a guru. After all, it will not be a big problem for him to cross the chasm with his great talent.”

The middle-aged man said.

“Yes.”

The haggard woman nodded and added, “Compared with Yun Yangzi, this John Doe’s background is unknown for now. But from his performance, it seems that he is very righteous. In addition, he managed to enter the realm of ‘Lotus Stride’ at such a young age. It is certain that he will become a guru in the future.”

“It seems that Yun Yangzi’s challenge to John Doe this time was also ordered by the Pear Garden. They wanted to use John Doe to train Yun Yangzi so that he could be stimulated and gradually get closer to the chasm in the battle,” Diwu Qian’s father said.

“Get the wine. The show is about to begin!”

The white-bearded old man laughed out loud. When he looked at the people in the field, a bright light flickered in his eyes. Then, he casually waved his right hand and several wine cups on the stone table scattered and dropped in front of the four people. The mud stained wine jar suddenly moved and the jar cork quietly rose up. Then, the wine in the jar flew out like a stream. One stream turned into four and poured wine into the wine cups in front of the four people.

In the field, “Come on, let’s have a real big fight!” It seemed that he was stimulated by Fang Qiu’s fighting intent. Yun Yangzi’s aura was completely different. He was more aggressive than before and his Qi power was stronger.

“That’s exactly what I want!”

Fang Qiu laughed out loud.

The expressions of all the onlookers became serious!

At the next moment, “Boom!” In the field, two kinds of Qi Power, which were completely different from before, rushed up to the sky with a loud bang.

The loud booming sound was like thunder crashing in the sky.

As people took a closer look, around the bodies of the two figures in the middle of the field, a layer of energy that was like flowing water appeared, which blurred their eyes.

“Internal Qi fluctuation!”

“I did not expect both their strengths to be so powerful.”

“The fluctuation of internal Qi is the materialized form of the Qi Power, which can only be achieved by possessing a great amount of internal Qi and also reaching the top level of controlling it.”

“To be able to do this, that is to say, the two of them no longer need to compete with their fists and feet. What they really need to compete with is their internal Qi!”

The faces of Mu Rufeng, Feng Yiming, Chen Yunzhu, Wu Yuzhu, Wang Yu, Ma Jincheng, and Zhang Jiu, changed in an instant.

Others might not know what the Qi power the two of them showed represented, but the seven of them knew very well that this was already another peak.

They were not simply ordinary martial arts practitioners anymore. Therefore, their strength was not only reflected in their physical moves.

“That is to say, he didn’t exert his full strength when he fought with me.”

Then, Diwu Qian fixed her eyes on Fang Qiu.

A trace of bitterness flashed across her eyes.

On the battlefield, Fang Qiu and Yun Yangzi looked into each other’s eyes. Both their Qi power had reached their peak!

The terrifying Qi power was just like a tidal wave. With their bodies as the center, it surged out wildly in all directions. Even the green stone ground under their feet cracked in the face of the wild and violent Qi power that burst from the two of them.

“Crack, crack...”

Under the moonlight, cracks on the green stone ground kept spreading in all directions like a giant spider web.

This scene shocked all the people around.

But at the next moment, both of them moved.

Fang Qiu clenched his fists, while Yun Yangzi formed his fingers into the shape of a sword!

At this moment, the violent internal Qi of them channeled and gathered on their fists and fingers.

“Whoosh!”

A shower of sparks flew up.

At the moment when the internal Qi was condensed, the two of them swayed at the same time.

The impact was so fierce that they collided with each other immediately.

As their fist and fingers collided with each other, a dazzling white light suddenly burst forth from the collision.

The light was so glaring that it caused all the onlookers to close their eyes tightly.

Even Diwu Qian did the same.

Except for the four people at the top of the eastern mountain.

In the blink of an eye, the white light dissipated.

“Boom...”

Instead, it was replaced by a deafening sound. It was like the roar of a mountain torrent, shattering heaven and earth.

When people looked over, the two had already separated.

After they retreated for several meters, Fang Qiu's fists and Yun Yangzi's sword-shaped fingers were still full of strong energy Qi.

"Swish."

All of a sudden, the two of them moved again.

This time, it was even faster!

Yun Yangzi tiptoed and turned into an indestructible sharp sword, shooting toward Fang Qiu as sudden as a bolt of lightning.

Fang Qiu was not afraid at all.

His right hand clenched into a fist, carrying an exceptionally violent Qi power. As he flew forward, his right hand formed a big wave of a punch and slammed into Yun Yangzi, who was charging toward him.

"Boom!"

As they collided, a loud noise sounded again.

The two of them moved again and crashed into each other fiercely in another way.

This kind of power made everyone terrified!

Ordinary martial arts practitioners could also fight like this, but the fight between ordinary ones would only affect them and their opponents.

But this kind of confrontation was pure destruction!

Every time the two of them collided, an extremely terrifying energy wave would burst forth. The moment it exploded, everything around it would be destroyed!

Beneath their feet, the green stone ground was severely broken. As the two crashed crazily into each other, numerous pits constantly appeared on the flat ground.

It was to the extent where a portion of the incomparably solid green stones shattered into powder.

Under the moonlight, the originally bright peak of the mountain was covered with a layer of gray fog, completely enveloping the two of them.

Hundreds of moves were exchanged rapidly.

Both of them fought with great contentment.

However, the situation at the original location of the Luo Yin Sect was a bit tragic.

Not only was the ground broken, but even the pavilions around the square were shattered by the terrible energy Qi. Many people who were standing on the pavilion to watch the battle were scared and ran into the pavilion to hide behind Diwu Qian and others to ensure their safety.

But in the field, the fierce battle between them kept going on.

The more they fought, the more intense it became. Terrifying explosions could be heard incessantly. It seemed as if the entire Luo Yin Mountain was trembling in their fierce battle.

At the foot of the mountain, “What happened?” “What’s going on?” “Is there an earthquake?” All the owners and customers of the hotels and night food stalls rushed out one after another, as well as the locals of the mountain. All of them raised their heads to look at the peak of the mountain in horror.

At this moment, the peak of Luo Yin Mountain was actually covered by something grey and misty, making it impossible for anyone to see the full moon in the sky clearly.

What was most terrifying was when there was a loud explosion.

“Boom! Boom! Boom!”

With the earth-shaking sound, the ordinary people at the foot of the mountain could clearly feel that the earth was shaking and even the whole mountain was shaking.

“Rustle...”

Large amounts of sand and stones located at some spots that had loose soil and stones even started falling down, as if a mountain torrent was about to happen.

“Look!”

All of a sudden, a scream sounded.

The person shouting was pointing at the peak of the Luo Yin Mountain. Every time an earth-shattering sound was heard, a dazzling white light would appear there.

That kind of light was so blinding that it caused one’s eyes to ache!

Just when everyone panicked because of the strange phenomenon, a ball of light that had not been extinguished for a long time suddenly exploded at the top of the mountain.

All the people at the foot of the mountain distinctly caught sight of two astonishing things in the light, which was a giant dragon roaring toward the sky and a terrifyingly sharp sword!

On the top of the mountain, "Howl..." The roar of the giant beast sounded. After hundreds of moves, the great battle finally came to the final collision, accompanied by the swinging of Fang Qiu's right fist.

"Great Hand of Destruction."

Fang Qiu shouted in his heart. The internal Qi in his body and the surrounding internal Qi instantly rushed over and condensed into a huge dragon growling at the sky.

Yun Yangzi stepped on the clouds and ascended into the sky. As the internal Qi erupted, the skills of the Pear Garden were activated, and the Qi of Heaven and Earth also gathered. He was like the immortal of a sword. With a wave of his right hand, a giant sword formed by internal Qi rushed toward the roaring dragon.

Medical Master

Chapter 787: Slash!

"Rumble, rumble, rumble..."

An earth-shattering explosion sounded from the top of Luo Yin Mountain.

At the foot of the mountain, "Run, everyone run."

"The mountain is about to collapse!"

"Is the end of the world coming?"

"Is that dragon real?"

“Stop looking. Hurry and run!”

All the people who stood watching on the street of the scenic spot were scared by the scene in front of them. Their faces turned pale.

Just now, they really saw a huge roaring dragon and a sharp sword that was about to slash the sky, appear in the gray fog on the top of the mountain!

However, in the blink of an eye, both the giant dragon and the huge sword disappeared.

Instead, thunder and lightning rumbled and flashed all over the sky.

The entire peak of Luo Yin Mountain was covered with thunder and lightning, which was a horrifying sight.

The high mountain shook violently.

The earth rocked!

“Rustle...”

Sand and stones flowed down in a continuous stream, scattering debris from the mountain.

It looked like the mountain was about to collapse.

Under these circumstances, the people at the foot of the mountain of the small town did not dare to stay any longer. They turned around and fled far away. Then they stopped and looked into the distance.

“Swish, swish, swish...” On the top of the mountain, the ear-piercing sound of the wind howling sounded like pattering raindrops, ringing in everyone’s ears.

After the devastating strikes from John Doe and Yun Yangzi, the powerful energy Qi that erupted with each collision between the two was like actual sword Qi, completely enveloping the entire peak of the mountain.

Looking from afar, it was like a power grid.

In fact, it was an extremely horrible flow of energy Qi. This kind of horrible airflow was not weaker than the thunder and lightning at all. If an ordinary person entered it by mistake, he or she would surely die instantly!

Not only the ordinary people, but even the Martial Superiors below the third class did not dare to come into contact with it at all.

Within the entire Luo Yin Sect, almost all the Martial Superiors below the third class had retreated behind the surrounding masters. They stared at the two figures in the center of the field with horror.

As they looked closer, in the middle of the square, two figures were facing each other. Their hands were colliding with each other.

A dazzling light burst from Fang Qiu's fist, which was like a small sun. Yun Yangzi's pair of sword-shaped fingers shone with a clear light, like that of a cold moon.

It was the transformation of internal Qi.

Fang Qiu had already mastered this step.

After all, he was a guru, but now he was only using the power of a seventh-class Martial Superior with one opened meridian, not the power of a guru!

Ordinary martial arts practitioners had to reach at least the ninth class in order to transform their internal Qi. However, John Doe had already achieved this when he was in the seventh class with one opened meridian.

This shocked all the masters who were watching the battle.

The most terrifying thing was that not only did John Doe manage this feat, but he was also equally matched with Yun Yangzi.

What did this mean?

It meant that Fang Qiu, who reached the seventh class with one opened meridian, possessed massive internal Qi, which completely exceeded everyone's expectations and was comparable to that of a ninth class martial superior.

How could a seventh-class Martial Superior obtain such powerful internal Qi?

"What kind of cultivation method is this?"

In the distance, on the peak of the mountain in the east, the white-bearded old man looked at Fang Qiu thoughtfully and said, "It seems that this boy is practicing an ancient martial arts method!"

"That's right."

Wu Qian's father nodded in agreement and said, "In addition to the ancient martial arts, there is no other cultivation method that can produce such vigorous internal Qi and power."

"This boy must have an extraordinary background."

The haggard woman also nodded in agreement.

"It's hard to tell who will win this battle."

The middle-aged man narrowed his eyes and said, "However, it's time to settle the fight."

The four of them nodded in unison.

Meanwhile, they focused on the battlefield several kilometers away.

"What a strong force."

On the battlefield, looking at Yun Yangzi, Fang Qiu could not hide the excitement in his eyes.

It had been a long time since he encountered such a battle. This was also the first time he had released the full power of his recultivation.

Usually, when fighting with others, he did not dare to exert his full strength. After all, there was too much internal Qi stored in his body after his recultivation.

Fang Qiu did not know how powerful he would be if he were to go all out.

And now he finally understood.

Such a battle that caused mountains to collapse and the earth to crack filled him with incomparable delight!

Yun Yangzi was also filled with excitement.

He was so excited that his whole body was shaking!

Because since his birth, all the people he met in the Pear Garden were beyond his reach. No matter how hard he tried, he could not catch up with them. In the face of those people, he did not even have the desire to resist. After leaving Pear Garden, none of his opponents could be compared with him. Even Diwu Qian could not drive him to use all his strength.

This kind of mediocre feeling made him suffer for a long time.

Because of this, when he heard of John Doe's appearance in Wulin, he decided to have a good fight with him and see if there was really no one in Wulin who could be his match.

In Fang Qiu's body, he actually felt an inexplicable great pressure. It was a feeling that he could not overcome easily, but it was not invincible.

This feeling kindled his desire to fight.

The fierce battle was raging!

The fighting desire in his heart soared!

"Haha, John Doe, you didn't let me down!"

Yun Yangzi was extremely excited and could not help saying as he laughed aloud.

"Haha."

Fang Qiu also laughed and said, "It's time to settle the fight!"

"Fight!"

A huge roar that was filled with passion shook heaven and earth!

"Fight!"

Fang Qiu growled at the same time.

As the roar spread, the two people who were confronting each other retreated at the same time!

After retreating for five meters separately, they stopped at the same time as they looked at each other from ten meters away.

“Watch out.”

Yun Yangzi said to Fang Qiu.

“You too.”

Fang Qiu replied with a smile.

“Haha.”

Yun Yangzi laughed heartily.

While laughing, he raised his hands in front of his chest and shaped his fingers into swords. After he swiftly formed several handprints, a surge of incomparably bright sword Qi burst from his whole body!

It was not energy Qi, but pure sword Qi!

Looking from afar, one could clearly see a dazzling beam of light shooting into the sky from the peak of Luo Yin Mountain!

“Sharp” was not enough to describe Yun Yangzi’s current state.

Fang Qiu also took a deep breath.

He muttered to himself, "I didn't expect that I still have to use this move in the end."

Great Hand of Destruction!

Since he mastered it, he had not actually used it.

In the fierce collision just now, he had only borrowed the power of the Great Hand of Destruction to attract the Qi of Heaven and Earth.

It was time for the real Great Hand of Destruction to appear!

"Swoosh..."

With a flip of his hand, the surrounding Qi of Heaven and Earth seemed to be strongly attracted as it wildly surged over, which was several times stronger than before.

It was to the extent where the thick Qi of Heaven and Earth formed a huge vortex in the sky.

Under normal circumstances, the Qi of Heaven and Earth could not be seen.

However, when any kind of substance reached a certain state, it would certainly show up.

As more and more Qi of Heaven and Earth gathered, the energy above Fang Qiu gradually condensed into a crystal clear sky-blue vortex in the sky.

Yun Yangzi did not lag behind either.

His hands forming sword-shaped fingers stretched out to both sides!

“Boom!”

An incomparably powerful energy Qi suddenly erupted from his body. It was just like a sword glow that appeared in the red sky.

It looked like a long sword that completely enveloped him!

All the onlookers stared at the occurrence taking place in front of them with wide-open eyes.

They knew that the battle was about to end.

This would be the final strike!

The horrible energy Qi and the transformation of internal Qi astounded everyone.

“Buzz, buzz...”

However, just as their attention was diverted to Yun Yangzi, a low buzzing sound was heard all of a sudden.

They turned to have a look.

As John Doe waved his arms, the crystal blue energy vortex above John Doe’s head suddenly poured down and quickly condensed into a ball in front of him.

Then, it turned into a palm!

Shortly afterward, a huge energy palm was formed suddenly.

When this energy palm was formed, the entire place began to tremble faintly.

It was not over yet.

After the giant energy palm was condensed, Fang Qiu's right hand suddenly clenched into a fist.

The huge energy palm immediately began to shrink rapidly. In the blink of an eye, it had shrunk to the size of an ordinary palm.

At this moment, the scene looked a little strange.

What John Doe faced was a huge sharp sword that reached up to the sky, while what he used to resist this sharp sword was only a simple palm-sized energy palm.

Judging from the size, the two were not an equal match at all!

All the onlookers shook their heads.

"As expected, Yun Yangzi is the best."

"Will the legend of John Doe come to an end just like that?"

"Don't give up, John Doe! You have the ability to fight with him!"

The shouts from the surroundings caused Diwu Qian and the others to shake their heads.

Those onlookers did not understand how powerful that energy palm of John Doe was!

In front of the stone table, the four people's eyes were wide- open, as if they had seen something incredible and their eyes were fixed on Fang Qiu.

“Slash!”

Right at this moment, a cold roar rang out from Yun Yangzi.

With an extremely horrible and destructive aura, the towering giant sword which seemed to cut through the earth slashed downward with a loud bang.

“Fight!”

Fang Qiu shouted in a low voice filled with strong battle intent.

Then, he thrust his right hand forward.

The energy palm flew out with a swoosh.

The next moment, everyone could not help exclaiming.

The energy palm instantly shattered the giant sword that had fallen from the sky into countless pieces.

After the small energy palm broke the sword, under Fang Qiu’s control, it dashed all the way with an unstoppable force of destruction.

At the moment when the entire energy sword was shattered, the palm hit Yun Yangzi hard in the chest.

Blood spurted out while the man flew away!

The whole place went deadly silent!

Medical Master

Chapter 788: John Doe Wins!!!

“Woo...”

On the peak of Luoyin Mountain, under the full moon, there was a deafening silence.

When the long sword shattered into pieces like glass high in the sky, the scary unusual phenomenon which made people at the foot of the mountain flee a thousand meters away, also dissipated.

“Was there really a fight on the mountain?”

“Is, is, is it an immortal?”

“Oh my God, how could there be such a big sword in the world?”

“It seems to be over, right?”

“Tomorrow, I must go up the mountain to have a look. If the giant sword is broken, there must be something left, right? Maybe I can find several pieces of fairy iron.”

The people who were hiding a kilometer away were discussing as they walked back.

On the top of the mountain, the breeze was still whistling.

Everyone looked dazedly at the scene.

The onlookers, who were standing on the pavilion, hiding behind the masters, were even more amazed. They were not expecting this outcome. A minute ago, they were so sure that John Doe was about to lose!

They clearly saw Yun Yangzi's domineering momentum, while John Doe merely conjured up an ordinary palm!

Everyone felt that the person who should have been sent flying was John Doe.

However, what happened was completely different from what they had imagined.

This scene made them unable to react for a while. They were all dumbfounded as they remained frozen on the spot.

Compared to these people, those who were ranked on the top ten Wulin Genius List were even more amazed!

Although they could feel that John Doe's move contained an irresistible power, they were more surprised because they knew it already from the beginning.

They did not imagine that John Doe's palm was as exceptionally powerful as that!

John Doe's opponent was Yun Yangzi.

He was Yun Yangzi, the one who ranked first on the Wulin Genius List, whose strength had reached the peak of the ninth-class Martial Superior with one opened meridian. He was a super expert from the Pear Garden!

How could John Doe's move simply shatter Yun Yangzi's giant sword which had gathered both Qi of Heaven and Earth and his own internal Qi?

The strike of the sword that Yun Yangzi had condensed with all his might could almost slash the entire Luo Yin Mountain!

But how could such a sharp and powerful strike be devastated by such an ordinary and normal-sized energy palm?

The whole place fell silent, which indicated that no one had expected this outcome!

“What is that energy palm?”

“It’s just a palm print. How could it be so strong?”

“What kind of move did John Doe use? How could it produce such a horrible destructive power?”

“It’s terrifying. How could there be such a move in Wulin?”

“According to the outcome of the big fight just now, does it mean that John Doe can completely use that energy palm to kill people thousands of miles away?”

The more they thought about it, the more astonished they grew.

“What kind of move is this?”

On the top of the mountain in the east, the white-bearded old man’s eyes widened as if he had seen something incredible. He looked at the three people beside him in shock.

“So powerful!”

Diwu Qian’s father’s eyes narrowed. There was a hint of seriousness on his face.

“It seems that the surrounding Qi of Heaven and Earth has changed a lot and became much thinner. The palm print that John Doe just struck seems to have absorbed the surrounding Qi of Heaven and Earth.”

The middle-aged man raised his eyebrows.

“A move can also absorb the Qi of Heaven and Earth?”

The haggard woman pondered for a moment and said, “Except for people in the Pear Garden, there seems to be no one else who can do this. But Yun Yangzi has just shown the move of the Pear Garden. Even if he can absorb the Qi of Heaven and Earth, it is just a supplement and can’t be greatly improved. But the move that John Doe used is completely different.”

“Not only did it absorb the Qi of Heaven and Earth, but it also compressed the massive internal Qi to the size of an ordinary palm. Is it because John Doe’s control of internal Qi has reached such an extreme, or is it because of this move itself?”

The more the white-bearded old man thought about it, the more shocked he became.

“I’ve never seen such a move before...”

Diwu Qian’s father started to ponder on this with a solemn expression on his face. No one knew what he was thinking about.

“Pa da!”

At the peak of the Luo Yin mountain, the sound of footsteps could be heard.

Everyone turned to look in the direction of the sound.

The figure that had been sent flying was finally able to stand up from the rubble, which was all over the place.

“Whew...”

He gasped, opened his mouth and spat out a mouthful of blood.

When the people took a closer look, there was a palm print on his chest. It went through his clothes and left a blood mark on his chest.

It looked like it was full of blood stasis!

“Thank you, John Doe, for showing mercy.”

Yun Yangzi raised his head, cupped his hands at Fang Qiu, and said, “You win!”

After long moments of being stunned, the onlookers suddenly realized that John Doe had won.

John Doe defeated Yun Yangzi.

In their presence, John Doe defeated Yun Yangzi and was now No. 1 on the Wulin Genius List!

“What the f*ck. John Doe actually won!”

“This battle is really... amazing and unexpected.”

“I’ve lived a full life after I witnessed this battle!”

“I didn’t expect that John Doe would actually defeat Yun Yangzi and become the top genius among the young generation in Wulin!”

“This time, it’s even harder for me to see John Doe’s real strength.”

“If we think about it carefully, John Doe’s strength seems to have improved a year ago. The revealing of his actual strength seems to be a few months ago.”

“I’m getting scared even as I think about it. It took him such a short time to reach such a terrifying level. This John Doe is so intimidating.”

“You tell me. He is now the real No.1 among the young generation in Wulin!”

There were exclamations and discussions all around.

Everyone’s eyes were still moving back and forth between Yun Yangzi and Fang Qiu.

It seemed that Yun Yangzi was seriously injured.

“Did John Doe hold back his strength a little?”

“According to Yun Yangzi, if John Doe had not shown mercy, he would have been directly beaten to death?”

“No way.”

“Whoosh!”

Right at this moment, Fang Qiu moved and rushed instantly over to Yun Yangzi at an extremely terrifying speed.

All the people present were shocked when they saw that!

“What does John Doe want to do?”

“Yun Yangzi has admitted defeat. Does he still want to attack Yun Yangzi?”

“No way!”

“John Doe shouldn’t be such a man, right?”

Yun Yangzi was also very surprised. He didn’t expect that John Doe would rush toward him again.

However, he did not dodge because he believed in John Doe’s character.

If John Doe really wanted to kill him, why would he have waited for him to stand up? Why did he hold back his strength in the battle just now?

“Pa da!”

As expected, after dashing to Yun Yangzi, John Doe immediately stopped. Then, he stretched out his right hand and gently pressed his palm on the bloody handprint on Yun Yangzi’s chest.

Then, his internal Qi moved.

In an instant, all the blood stasis in Yun Yangzi’s body dissipated.

“Thank you.”

Yun Yangzi immediately cupped his fists to thank him.

“Good fight.”

Hearing that, Fang Qiu also cupped his hands in return.

“Congratulations, John Doe. You’re close to becoming a guru.”

Yun Yangzi smiled. After Fang Qiu used his internal Qi to remove the blood stasis, he had obviously recovered a lot. At least, he did not cough up blood or feel too much pain. With his own strength, it would not be too big of a problem for him to treat such an injury.

“You too.”

Fang Qiu nodded in response.

“I have a question. Would you like to answer it for me?”

Yun Yangzi asked.

Fang Qiu asked, “What?”

Yun Yangzi asked directly, “What’s the last move you used just now?”

Hearing this question, all the people present immediately pricked up their ears and waited for Fang Qiu’s answer.

“Great Hand of Destruction.”

Fang Qiu did not conceal anything and answered directly.

“Great Destruction... it’s indeed great destruction.”

Yun Yangzi shook his head with a smile and said, “That’s a good move. I don’t know who can take this!”

“This is a wide world.”

As he spoke, Fang Qiu turned to look at the mountain in the east.

The four people on the top of the mountain were stunned!

Although both Fang Qiu and Yun Yangzi made fist salutes toward the east when they first went up the mountain, the four people on the eastern mountain never thought that these two young men knew about their presence.

After all, the four of them were all in the Guru Realm.

Fang Qiu's glance shocked them all!

"Did he find us?"

"What the f*ck. Is this kid's strength that great?"

The four of them were very surprised.

They knew that in the beginning, the reason why Fang Qiu and Yun Yangzi nodded toward the east was to show their respect for Luo Yin Mountain. After all, the Luo Yin Sect had been destroyed, and the two of them were about to fight with each other in their territory. Moreover, they were so powerful. Obviously, they were going to destroy the entire place.

If they didn't show some respect, it would be too inhuman.

"This kid is so powerful?"

The white-bearded old man was stunned and said with emotion, "It seems that we have underestimated him!"

Diwu Qian was also shocked because she knew that her father was in the direction where John Doe was looking at.

At first, when John Doe made a fist salute to the east, he was not facing the direction where her father was.

“I’m honored to be able to fight with you this time, John Doe. I’ve learned a lot.”

Yun Yangzi made his fist salute and said, “Thank you.”

Fang Qiu returned his fist salute.

Then, Fang Qiu cupped his hands and glanced around at all the onlookers. Then he asked loudly, “I wonder if you still remember the cause of this battle.”

Everyone was stunned.

“Wasn’t it because of Diwu Qian?”

“That’s right. Diwu Qian failed in her challenge, which is why Yun Yangzi took the initiative to challenge him.”

“Why did he bring up Diwu Qian again?”

“Does John Doe want to do something to Diwu Qian?”

“You are not looking for someone to blame, right?”

The crowd began to ask questions.

In the field, Fang Qiu said, “It was because someone from the Luo Yin Sect kidnapped my friend.”

Only then did everyone come to a sudden realization.

As they thought about it carefully, the sinister moves made by the Luo Yin Sect were indeed the cause of this whole thing.

Speaking of this, Fang Qiu continued, repeating what he had said in front of everyone on Yangshan Mountain before. Finally, he added, "Anyone who wants to find me can contact me directly on the forum. Don't threaten my family and friends, otherwise... I won't let go until I die!"

Hardly had he finished when all the people present were awed!

Medical Master

Chapter 789: Investigate John Doe!

Before this, what John Doe said on Yangshan Mountain might have been engraved in everyone's heart, but they would not habitually recall that they could not threaten his relatives and friends as soon as the name of John Doe was mentioned.

Simply put, although John Doe defeated Luo Qingcheng and Yu Yuanhao at that time, he was still not powerful enough in the eyes of the Wulin people.

Even if John Doe had destroyed the Luo Yin Sect and defeated Diwu Qian, the status of John Doe in Wulin was far from enough to make the people fear him.

But it was different now.

After defeating Yun Yangzi, John Doe's combat strength surpassed that of a ninth-class Martial Superior with one opened meridian, which meant that he was close to being a guru!

He was such a genius with his terrifying strength. It was impossible for people in Wulin not to remember him.

What was even more terrifying was that John Doe's growth speed was remarkably fast.

How long had it been since he defeated a Martial Superior while he was at the peak of the martial arts practitioner?

In the blink of an eye, he was close to the Guru Realm!

Being powerful would make people feel intimidated. But having great potential was the key factor to achieve this.

This kind of genius was either killed directly or never provoked!

With the victory of this battle, not only the onlookers, but all the people of Wulin, sects and major forces clearly knew that when they encountered John Doe in the future, they had to weigh the consequences carefully.

In the center of the field, Fang Qiu had finished what he wanted to say, so once again he cupped his fists at everyone and said, "So long!"

After that, he walked down the mountain leisurely like an ordinary man.

Everyone's eyes were fixed on him.

Looking at his determined, straight, leisurely and debonair back, people could not help but let out a sigh of relief.

In front of this person, they felt great pressure.

It was not about strength, but his exceptional talent.

"It's time for me to leave as well."

After John Doe left, Yun Yangzi turned his head and smiled at the eight geniuses led by Diwu Qian. He raised his hand to make a fist salute to everyone and stated, "From now on, I'm no longer No.1. I can finally leave this title to others, haha."

He gave a bright smile and then strode forward, leaving the place.

Even if he lost, people were still gazing at him.

Yun Yangzi had made extraordinary achievements in this life. Even if he lost one match, no one would consider him weak, nor would they despise him.

Every time they thought of him, their first impression of him would still be that of a genius from the Pear Garden, a remarkable master at the peak of the ninth-class Martial Superior with one opened meridian and a leading figure of the younger generation!

Admittedly, this battle was the highest-level competition in Wulin in the past hundred years, which indeed astonished everyone.

These two geniuses were both peerlessly exceptional!

"The wine has been drunk and all the dishes are finished."

On the peak of the mountain in the east, after drinking the last cup of wine, the white-bearded old man who was a bit tipsy, stood up and said leisurely, "This dish is good, which is worth savoring."

"Haha."

Diwu Qian's father also got up, drank the last cup of wine, and said, "I haven't had such a good time in a long while."

"They're gone. It's time for us to leave."

The middle-aged man beamed.

While they were talking, the four people glanced at each other, and then the three of them floated away.

In front of the stone table, there was only a middle-aged haggard woman. She still had a beautiful face.

“They are really two wonderful people.”

The middle-aged woman slowly lifted the wine cup on the table in front of her. She sighed softly and gently took a sip. Then she rose to her feet and muttered, “I don’t know who can match them in the future.”

As she murmured, with a lift of her toes, she drifted away like a fallen leaf.

At the peak of Luo Yin Mountain, the people who were recalling the amazing battle also left, one after another.

Meanwhile, the outcome of the battle soon spread to the Wulin forum.

“In the battle for the No.1 place, Yun Yangzi was defeated!”

“The top genius of Wulin Genius List has changed. John Doe is the victor!”

“The battle has come to an end. The winner is John Doe!”

There were several posts released in a row on the Wulin forum.

The appearance of each post would attract massive attention.

Even if the content of each post was the same and people already knew the result, they still attempted to find the details they were expecting in every post.

All kinds of shocking comments quickly flooded the various posts.

“The winner is John Doe?”

“What the f*ck! John Doe is really a dark horse!”

“How is this possible? How could Yun Yangzi lose?”

“Isn’t John Doe only a seventh-class Martial Superior with one opened meridian? How could he defeat Yun Yangzi, a ninth-class Martial Superior with one opened meridian?”

“Did Yun Yangzi go easy on him?”

“I was there. Yun Yangzi definitely did not go easy on him. He has tried his best, but unfortunately, he lost in one move!”

“I was also at the scene. John Doe’s strength is so terrifying, especially his last move, the Great Hand of Destruction. Even Yun Yangzi himself thought that John Doe had shown mercy on him. If that’s the case, how powerful will this move be had he gone all out?”

“I can’t believe it. John Doe has only risen up more than a year ago. How could he be so powerful?”

“Oh my God, as I thought about it carefully, in over a year, John Doe became famous on the List of Martial Superiors and ranked top on the list. Apart from that, he actually shifted his attention to the Wulin Genius List. How long has it been until he got the first place on the Wulin Genius List?”

“He’s really unstoppable!”

“John Doe, who exactly is he?”

In the blink of an eye, everyone began to return to the topic that they were most curious about when they followed John Doe.

Not only the vast number of martial arts practitioners, but all the forces in Wulin began to search frantically for John Doe’s identity. In the past, after a little investigation, they gradually forgot about it. But this time, no force would stop, for John Doe’s performance this time was too horrifying.

A seventh-class Martial Superior with one opened meridian defeated a ninth-class Martial Superior with one opened meridian. This was a super battle crossing two classes!

How did John Doe manage it?

What kind of cultivation method did John Doe practice?

All the major forces in Wulin were eager to find this information.

Undoubtedly, the first thing they needed to do was to find out John Doe’s real identity before they got this information.

Who exactly was he?

Four Great Families, all the martial arts sects, and the forces began to investigate crazily. In addition to the searches on the Internet, there were also plenty of people who used their connections to look for John Doe in the public security system. There were even people who went around the country to look for him, held photos of John Doe, and asked around if anyone knew him.

On the Wulin forum, the List of Martial Superiors, which had not been updated for a long time, was finally updated again with the end of this great battle.

“List of Martial Superiors has been updated.”

“John Doe has entered the top 300!”

“I remember last time when John Doe slew Outer Mongolian, his ranking was still in the 788th place, wasn’t it?”

“Did he get promoted past 400 people in one go?”

“What the f*ck. So awesome?”

“He rose so fast.”

After someone’s reminder, people went to check the List of Martial Superiors.

As expected, they found that John Doe directly soared to the 298th place on the List of Martial Superiors, and Yun Yangzi, who ranked first on the Wulin Genius List, was now at the 29th place on this list!

As they clicked on John Doe’s ranking to have a look, they found this.

John Doe.

Strength: Seventh-class Martial Superior with one opened meridian.

Combat capability: the peak of the ninth-class Martial Superior with one opened meridian.

Record: Defeated Yun Yangzi in the Luo Yin Mountain battle!

Background: Unknown.

As expected, the information recorded on the List of Martial Superiors was almost the same as what everyone knew.

However, many people were stunned.

“I always thought that Yun Yangzi was already a top master in Wulin. John Doe who beat him also reached the peak. But when I saw the List of Martial Superiors, I then realized that there were so many people who were more powerful than John Doe.”

“Young man, you are still too young.”

“To be honest, I didn’t notice that there are so many bad*ss ranked ahead of John Doe in Wulin.”

“Yeah, I didn’t notice it either.”

“Over two hundred people stronger than John Doe? Damn it. Are they all immortals?”

“Any one of them can destroy a mountain, right?”

“I suddenly feel so safe. Who would dare to offend our country? These 297 seniors can join forces to kill them!”

“Haha, those masters don’t care about the affairs of the world. Besides, it’s not just our country that has powerful warriors. For example, there are also martial arts practitioners in Outer Mongolia, and so too with the other countries.”

“It seems that John Doe’s advancement can’t be stopped at all!”

After going down the mountain, Fang Qiu directly used the identity of Lin Yu to get on the high-speed train back to Jiangjing. Anyway, the information of the identity he used to take public transportation,

including the surveillance in the street, the station, and the airport, would be completely erased in the first place.

“Beep, beep, beep...”

In the car, just as Fang Qiu was about to close his eyes to have a rest, the phone in his trouser pocket suddenly rang.

It was He Gaoming.

Fang Qiu answered the phone, “Hello?”

“Master, you’re awesome!”

He Gaoming’s excited voice sounded and he said, “You’re freaking awesome. Even Yun Yangzi was defeated by you. You’re invincible!”

“I’m hanging up!”

Without thinking, Fang Qiu hung up as soon as he heard that.

He Gaoming was baffled.

No sooner had he hung up, when his phone rang again.

Fang Qiu thought it was He Gaoming. When he was about to hang up again impatiently, he suddenly saw the caller ID on the phone. It was Long Qiyun!

Fang Qiu answered the phone, “Hello?”

“Master.”

Long Qiyun’s agitated voice came from the other end of the line. “Congratulations, you’ve risen to the top of the Wulin Genius List and become the leader of the younger generation in Wulin. I’ll have to rely on you in the future.”

In Wulin, all the forces’ crazy investigations about John Doe lasted for a whole day and did not end yet.

The strange thing was that not one person among the major forces could find out John Doe’s background after a whole day of investigation, let alone knowing his background.

The only thing they could find was a name—Lin Yu.

Other than that, there was no other information.

It made the people of all the major forces puzzled. How could a person’s information be hidden to such an extent? So many people participated in the investigation, but they only found a name with an utterly blank background.

This was too suspicious!

Medical Master

Chapter 790: When the Cats Away, the Mice Will Play!

In a huge manor located in Nanjiang, a woman entered the lobby of the manor.

In the main hall, a middle-aged man dressed in a black Chinese tunic suit and wearing round gold-rimmed glasses was reading a book while seated on a wooden chair at the side of the hall. Beside him was a pot of fragrant tea.

This person was none other than the Patriarch of the Diwu family in Nanjiang, Diwu Mingchuan!

“You’re back?”

Without raising his head, Diwu Mingchuan said softly when he heard the footsteps.

“Yeah.”

In front of the door, a beautiful figure nodded with a smile.

“Haha.”

Diwu Mingchuan put down the book in his hand, looked at the person in front of the door, and said, “You haven’t drunk the fragrant tea Dad makes for you for a long time, right? We don’t have many other things in Nanjiang, but we have a lot of tea.”

While they were talking, the woman in front of the door walked in and she was none other than Diwu Qian.

“Did you find anything?”

As soon as Diwu Qian was seated, Diwu Mingchuan, who was making tea for her, asked her.

“No.”

Diwu Qian shook her head and said, “As far as I know, no one from the other forces seems to be able to find out anything about him. It seems that someone deliberately concealed his identity. Except for a name, we know nothing else about him.”

“Name?”

Diwu Mingchuan asked, "What's his name?"

"Lin Yu."

Diwu Qian said, "I asked someone to carefully investigate this name and discovered that there were no less than 100,000 people in the country with this name. After making exclusions, we confirmed John Doe's identity. But when we dug deeper into his identity, we failed to find any information."

"There's no rush."

Diwu Mingchuan handed her a cup of hot tea with a grin. "Even though we can't find it now, it doesn't mean that we can't find it in the future. We can search slowly."

After returning home, Yun Yangzi also exploited the powerful intelligence system of the Pear Garden to check up on John Doe. As a result, he did not find anything, just like the Diwu family.

Apart from those powerful families, there were numerous people and forces in Wulin who were interested in John Doe. But no matter how hard they searched, they could not find any information about John Doe.

Under these circumstances, all the people in Wulin felt particularly puzzled.

They would never expect that it was the country behind John Doe that helped conceal all traces of him. Not only all the information about Lin Yu, but even the traces of John Doe related to the University of Jiangjing Chinese Medicine were completely erased.

After all, if the country made a move, no one would be able to beat it.

"Haha..."

In a deep mountain where a famous Taoist cultivation place was located, there was suddenly a burst of laughter in the mountain forest.

A young man was laying under the shade of a giant tree. He was particularly comfortable as he lay basking in the warm sunshine while playing with his mobile phone. He was also chewing a long green blade of grass.

“John Doe defeated Yun Yangzi.”

“The battle of the No.1?”

Looking at the news on the Wulin forum, the young man couldn't help but chuckle disdainfully, “When the Cat's Away, the Mice Will Play. Since when can anyone be known as the No.1 in Wulin?”

The young man snorted.

He was scornful of the title of the No. 1 young genius on the Wulin forum.

“A ninth-class Martial Superior with one opened meridian can be the best in the world. This one is even more ridiculous. A seventh-class Martial Superior with one opened meridian can defeat a ninth-class Martial Superior with one opened meridian. Although they bragged that he was so awesome, he only has such little strength. How dare he compete for the first place?”

“If it weren't for the fact that my master didn't allow me to go down the mountain after putting me here, it would be a piece of cake for me to win the first place with my current strength.”

“Whatever. I'll let you enjoy it for a few days. When I go down the mountain, I'll let you know how powerful I am!”

The young man put the phone in his trouser pocket, and then immediately got up. With a quick shift, he flew quickly toward the distant valley.

This young man turned out to be a guru!

In Jiangjing, Fang Qiu got off the high-speed train as Lin Yu, and then quietly went to the vicinity of the University of Jiangjing Chinese Medicine. After changing back to Fang Qiu's identity, he walked into the school as he called Jiang Miaoyu.

"Hello?"

Jiang Miaoyu's voice came from the other end of the phone.

"I'm back."

Fang Qiu smiled and said, "If I remember correctly, you don't have class this morning, right?"

"No, I don't."

Jiang Miaoyu replied.

Fang Qiu asked, "Have you eaten breakfast?"

Jiang Miaoyu answered, "Yeah."

"Well, can you tell me what you wanted to tell me now?"

Fang Qiu asked casually, for fear that Jiang Miaoyu would be displeased because of this matter. After all, when she wanted to say something but failed to before, she looked really upset.

"Where are you now?"

As expected, Jiang Miaoyu changed her tone and asked hesitantly.

Fang Qiu said, "I just entered the school."

Jiang Miaoyu said, "Wait for me by the Central Lake then. I'll be right there."

"Okay." Fang Qiu nodded. After hanging up, he walked straight to Central Lake.

Shortly afterward, Jiang Miaoyu arrived.

Walking to Fang Qiu's side, Jiang Miaoyu bit her lip gently and was still hesitating.

Fang Qiu did not hasten to ask her.

Instead, he held Jiang Miaoyu's hand and started to walk around Central Lake with her. He didn't say anything, giving Jiang Miaoyu enough time to think.

In this case, Jiang Miaoyu pondered for a long time before she opened her mouth, "I, I have something to tell you."

"Well, go ahead." Fang Qiu nodded with a smile.

"I..."

Jiang Miaoyu lowered her head and did not dare to meet Fang Qiu's eyes. She said, "I signed up for the Africa Medical Aid Team of the University of Jiangjing Chinese Medicine."

"What?"

Fang Qiu was stunned and said, "You're only a sophomore now. This medical aid team can be regarded as an internship, right?"

"I've also passed this semester's final exam."

Jiang Miaoyu explained, "So, I can go to Africa. If things go well, I will stay there for a year. I only need to come back next year to take the exit exam for the next semester."

"You."

Fang Qiu stopped and gazed at Jiang Miaoyu seriously. He hesitated for a moment before asking, "Do you have to go?"

"Yeah."

Jiang Miaoyu nodded heavily.

"Whew..."

Seeing this, Fang Qiu heaved a long sigh. After a period of silence, he said with a wry smile, "Although I don't want to let you go, since this is your choice, I will definitely support you!"

As Fang Qiu spoke, he spread out his arms and pulled Jiang Miaoyu into his arms. As he held her tightly, he whispered in her ear, "I'm going to sign up now. Is it too late?"

"You missed the deadline and there are enough people. Everything is ready."

Jiang Miaoyu shook her head with a smile.

"All right then."

Fang Qiu gave a wry smile and asked, "When are you leaving? I'll see you off."

"In the morning, the day after tomorrow."

Fang Qiu nodded knowingly. "When the time comes, I'll see you off."

Then, the two of them held each other's hands and wandered around Central Lake for a long time before they returned to their own dormitories.

Back in the dormitory, Fang Qiu immediately turned on his laptop, searched for information on the school forum, and also searched on the Internet. Only then did he know that there were really such medical aid teams in Africa because malaria was prevalent there. These medical aid teams were going to treat malaria there.

"I didn't expect that malaria in Africa would be so serious. There are medical aid teams all over the world going over to help."

After reading the information on the Internet, Fang Qiu couldn't help but exclaim.

"Beep, beep, beep..."

At this time, his phone suddenly rang.

He took it out and found that it was a call from Zhao Shanlin.

"Hello, Mr. Zhao?"

Fang Qiu answered the phone.

"Fang Qiu."

On the other end of the phone came Zhao Shanlin's joyful voice. He said, "Let me tell you a piece of good news. I've successfully cultivated the Tianshan Snow Lotus that you've asked me to cultivate!"

“Really?”

Fang Qiu was surprised the moment he heard the news.

He didn't expect that Mr. Zhao would be able to successfully cultivate the Tianshan Snow Lotus in such a short time. It was really amazing.

“Yeah!”

Zhao Shanlin nodded with certainty and said, “Come and have a look when you are available.”

When Fang Qiu heard that, he thought that since Jiang Miaoyu was about to leave the day after tomorrow, he had to see her off in person, so he still had two days left.

He counted with his fingers.

It was still early in the morning, and it was not even time for breakfast.

That was to say, he could go to Beijiang right now and come back tomorrow. Then he would be able to see Jiang Miaoyu off just in time the day after tomorrow.

“I'm coming right now.”

After saying that to Mr. Zhao, Fang Qiu hung up. He booked his ticket online, called a car and rushed to the airport.

He waited at the airport for an hour.

It was almost lunchtime when Fang Qiu boarded the plane.

At about two o'clock in the afternoon, the plane landed at Beijiang Airport.

Zhao Shanlin had already arranged for someone to pick him up. Therefore, as soon as he arrived at the airport, Fang Qiu got in the car and rushed all the way to the cultivation base.

When he arrived at the cultivation base, Zhao Shanlin was already waiting in front of the gate.

"Mr. Zhao."

Fang Qiu got out of the car and greeted him.

Zhao Shanlin asked, "You came so fast. You didn't delay anything in school, did you?"

"It's ok. It didn't affect anything."

Fang Qiu smiled and asked, "Where is the Tianshan Snow Lotus?"

"Come with me."

Knowing that Fang Qiu came here especially for the Tianshan Snow Lotus that he had cultivated, Zhao Shanlin did not delay and instantly took Fang Qiu to the storage warehouse of the cultivation base.

When they entered the warehouse, Fang Qiu swept around and found that the warehouse was empty. There was nothing in it.

"In the ice house below."

As if sensing Fang Qiu's doubt, Mr. Zhao said with a smile, "Most of the Tianshan Snow Lotuses grow in low-temperature conditions. They can only be cultivated in such a condition. We don't have any other equipment here. So we can only temporarily get a small ice house underground."

“Yeah.”

Fang Qiu nodded.

He followed Zhao Shanlin to the innermost part of the warehouse. As expected, he saw a thick piece of black iron on the ground.

Zhao Shanlin pulled the switch.

This piece of black iron was immediately lifted up.

The heavy cold air that flowed out could be seen with the naked eye.

“Let’s go.”

Zhao Shanlin shouted and took the lead in walking down.

Fang Qiu went forward, and what came into sight was a staircase leading to the bottom. It might have been deliberately made when they were digging the underground ice house.

Walking into the ice house, Fang Qiu was taken back by the scene in front of him!
