

Medicine 513

"Flying fairy thirteen needles, this lost unique skill really exists, and a fool right next to me, he even knows this unique skill?" Zhong Linyi shook his head with a bitter smile and said, "I also said that people are nothing. Who is nothing?"

At this time.

Staff Wang is already feeding Master Wang with water.

Seeing that Master Wang looked much better, Xiao Chen nodded and said, "Master Wang eats some liquid food these days and will recover in three days."

"Is this the one who saved me?"

Master Wang smiled at Xiao Chen and said, "it's really young and promising. Son, you must thank this miracle doctor Xiao."

Staff Wang nodded and said, "father, don't worry, I won't treat doctor Xiao badly."

Xiao Chen smiled, waved his hand and said, "don't be polite, old gentleman. This is what I should do."

Zhong Linyi saw that Xiao Chen was not only good at medical skills, but also had no medical ethics. He came forward and said, "doctor Xiao, can I have an unkind request?"

When Xiao Chen saw him, he nodded and said, "does Dr. Zhong still have to question my acupuncture?"

"I dare not. In my life, Zhong Linyi has seen too many people who call themselves divine doctors, but those people are some ignorant liars. Unexpectedly, when I was half a hundred, I met a real divine doctor."

When he finished, he knelt down in front of Xiao Chen.

This move surprised everyone in the house.

"Dr. Zhong, what are you doing?"

"Doctor Xiao, Zhong Linyi wants to worship you as a teacher. I wonder if the doctor can accept my stupid apprentice"

Xiao Chen was stunned and hurriedly picked up Zhong Linyi from the ground and said, "that's not good. I Xiao Chen is a busboy in the medical school. How can I be qualified to accept disciples?"

When Zhong Linyi saw that he would not, he would worship again.

Xiao Chen held him with one hand.

Although Zhong Linyi is nearly half a hundred years old, he is burly and has the ability to practice martial arts for many years. His strength can dance a hundred Jin stone lock.

But now, Xiao Chen was just a hand, so he easily held him.

Zhong Linyi made a secret effort, but saw Xiao Chen unmoved.

"Yes!"

Zhong Linyi has great respect on his face. He clasps his head on his hand.

"Please accept me"

Xiao Chen was bewildered by him. He was only in his early twenties. How could he accept a man in his fifties as an apprentice?

If Xia yunshang knew about it, he would be served by vines.

It hurts to think of Xiao Chen.

"No, no, I can't promise it."

Zhong Linyi sees that Xiao Chen is determined not to accept it.

He looked at Aunt Chen and said, "miracle doctor. In fact, I only know that I offended first, in order to make up for my fault..."

"You, what do you think I'm doing?" Aunt Chen was a little flustered by Zhong Linyi. She pointed to Zhong Linyi and said, "you, don't talk nonsense, I..."

Zhong Linyi smiled coldly and said, "Aunt Chen, you know what I'm going to say. Why are you so nervous?"

"I, I was seen by you. What's the matter?"

Zhong Linyi looks at Xiao Chen. "It was her who gave me 1000 silver dollars and told me to use acupuncture and medicine stones. In fact, I couldn't treat Master Wang's disease at all. She said she didn't need me to cure it, as long as she pretended to be able to cure it."

When staff Wang heard this, he stood up and said, "OK, Aunt Chen, are you going to kill my father?"

"No, no, I didn't say that. Zhong Linyi is a quack. What does it have to do with me?"

"Didn't you find Dr. Zhong?" Staff Wang asked.

"Yes, no, no, where do I know he can't cure it?"

"At this time, you are still here to argue, okay!"

Staff Wang looked at Master Wang and said, "father, let me take her to the patrol room. I'm not afraid she doesn't tell the truth."

Seeing that staff member Wang wanted to be serious, Aunt Chen was so frightened that she knelt down and cried, "Sir, I'm wrong. I dare not. You have to help me!"

Lord Wang was angry and pointed to Aunt Chen. He didn't say anything for a long time.

"Father, don't be angry. It's not worth it for such a person."

Staff member Wang said and came forward. He picked up Aunt Chen and said, "go and see the official with me."

When Aunt Chen saw staff member Wang coming, she was serious. Like a pig to be killed, she rolled on the ground and screamed, "no, sir, please save me. Your son will really kill me."

Master Wang was relieved at this time.

"All right, let her go."

"Father?"

"Alas, after all, she has been with me for more than ten years. Forget it. Let her go."

Staff Wang stared at Aunt Chen and said, "I heard that. My father is reading old love. Get out of the Wang family now."

When Aunt Chen saw that she had made such a noise and picked up her life, she was so frightened that she ran to the door.

But when she left, she glared at Xiao Chen and Zhong Linyi.

Here, Aunt Chen's business was handled. Zhong Linyi said to Xiao Chen, "miracle doctor, can you accept me now?"

Xiao Chen smiled bitterly.

"Doctor Xiao, Dr. Zhong just made up for his mistakes. In that case, it can be seen that Dr. Zhong is not a black hearted person like Aunt Chen. Why don't you promise?" Staff Wang advised on one side.

Xiao Chen looked at Wang's staff in some embarrassment and said, "it's not impossible to accept it, but you know. My home..."

Staff member Wang understood. He smiled at Zhong Linyi and said, "doctor Zhong, it seems that you need to find your teacher's mother. As long as doctor Xia agrees, I think it will be done."

Zhong Linyi realized that Xiao Chen was afraid of the inside. However, I learned the thirteen needles of Feixian. As for Xiao Chen, who is afraid of his wife, it has nothing to do with this matter.

Here, Xiao Chen asked Master Wang a few words.

Staff Wang wants to see Xiao Chen off, but Zhong Linyi offers to drive Xiao Chen off.

He wanted to show the master on the way.

Staff officer Wang asked someone to bring five thousand silver dollars.

Xiao Chen saw so much money for the first time.

I wanted to refuse, but staff Wang insisted on giving it to him. Finally, Xiao Chen reluctantly accepted it.

Zhong Linyi helped hold the box full of money and left the Wang family with Xiao Chen.

Along the way, Zhong Linyi asked for advice.

Xiao Chen gave answers one by one.

As a result, Zhong Linyi was convinced by Xiao Chen's medical skills.

When they returned to the Xia family medical center, Zhong Linyi still begged Xiao Chen to accept him.

Xiao Chen could only look at him awkwardly and said, "I really dare not."

This sentence almost made Zhong Linyi laugh.

Watching Xiao Chen close the wooden door of the medical school.

Zhong Linyi shook his head and said, "my little master is interesting. It seems that I really want to come to the door and beg my little Shiniang tomorrow."

Xiao Chen heard the sound of Zhong Linyi's car going away outside.

He frowned.

It seems that there will be another beating tomorrow.

Xiao Chen thought of this and couldn't help looking at the black vines on several cases.

The corner of the mouth drew slightly.
