

Medicine 514

"Fool, did you oversleep again?" Aunt Wang came in scolding the street.

But Xiao Chen went to the door, looked outside and asked, "where are the clouds?"

"Hum, I don't know where to buy it for you. "

Xiao Chen also felt that his wife seemed much better for herself these days.

With a smile on his lips, he was going to clean up in the inner hall.

"Is Xiao Chen there?"

Xia Ziyuan came in from the outside.

"Looking for me?"

Xiao Chen looked at Xia Ziyuan and saw that he didn't look right. It seems that I will find my bad luck again today.

Sure enough.

Xia Ziyuan sat directly in the counter.

"Bring the accounts of your hospital."

"Uncle, what are you doing?"

"I was ordered by my grandmother to check the accounts of your hospital today."

"Yunshang hasn't come back yet. You'd better wait until she comes back."

"Xiao Chen, didn't you hear me? I was ordered by my grandmother to wait for Xia yunshang. Hurry up. Do you want me to get it myself?"

Aunt Wang came out of the inner hall and saw that it was Xia Ziyuan and listened to the old lady's orders. He came forward with a smile and said, "my young master, wait a minute. I'll let the fool take it for you."

She then turned back and pointed to Xiao Chen and said, "go quickly and bring the accounts for the young master to check."

Xiao Chen looked cold and said, "the Xia family medical school is what yunshang says. You and I can't decide."

"Why, didn't you hear the old lady's orders?" Aunt Wang said unhappily.

"The old lady should also abide by the rules of the Xia family. Only yunshang can make the decision in this medical school." Xiao Chen said and looked. He sat in a chair and put Xia Ziyuan on the shelf of the young master.

"You!"

Xia Zi jumped up from the chair with vigour.

At the last family dinner, Xia Ziyuan held a fire against Xiao Chen.

He had heard about Xia Ziliang long ago that the children of the Xia family were bullied by a fool's son-in-law. He had long wanted to clean up Xiao Chen.

Last night, Xia Ziyuan found a reason and played a book for the Xia family medical school in front of the Qin family.

Now he came to the medical school in good faith, and the audit was false. It's true for Xiao Chen.

"Xiao Chen, how dare you disobey grandma." He looked at Aunt Wang and said, "go and get the family law."

Aunt Wang was unhappy with Xiao Chen. Seeing Xia Ziyuan say so, she trotted to the inner hall and brought the cane.

Xia Ziyuan took the cane in his hand, pointed to Xiao Chen and said, "kneel down for me!"

This law is a symbol of the supreme power of the Xia family.

Xiao Chen frowned. He bit his teeth.

I've been bullied by these people since I came to Xia's house. Today Xia Ziyuan made it clear that he was against himself.

He can't bear it.

When Xia Ziyuan saw that he didn't kneel, he threw the cane at one fell swoop and said fiercely: "what are you doing to disobey the family law"

Then the cane hit Xiao Chen's head.

Just when the cane fell, Xiao Chen's hand also grabbed the cane in his hand.

"You, are you really going to rebel?"

Xiao Chen made a little effort. How could Xia Ziyuan carry his strength? Ah. The cane was robbed by Xiao Chen.

"Xiao Chen, what are you doing?"

"Brother-in-law, only cloud clothes can move in this family. What qualifications do you have?"

"I, I represent grandma."

"Grandma? Then let Grandma enforce the family law herself"

Seeing that his abacus failed, Xia Ziyuan sneered and said, "wait for me. Xiao Chen, I'll go back now and open an ancestral temple."

He said and ran out.

Xiao Chen put the cane back again.

At this time, Aunt Wang said coldly, "you fool, dare to fight with the eldest young master. Just wait to be opened."

Xiao Chen knew that opening ancestral halls was mostly to punish some disobedient Xia family children.

Although Xia Ziyuan knows that he came for himself today, when he goes back now, he will be made a big fuss by Xia Ziyuan.

Is it really impulsive?

He looked out the door. Why doesn't Xia yunshang come back?

Right now.

Three or five men carrying an old man came in from the outside.

"Yunshang, is yunshang there?"

Xiao Chen, the first one to know, is another member of the Xia family. It's Xia Guohao's cousin.

His name is Xia Hongtao.

"Fool, where's your wife?"

"She hasn't come yet. What's the matter?"

"Tell you, can you see it? Go find your wife and go!"

Xiao Chen looked at the old man, who was actually Xia Hongtao's father and an old Xia Jiuzhou of the Xia family with the same identity as the Qin family.

"Second Grandpa, this is poisoned, isn't it?"

Xia Hongtao was also stunned by Xiao Chen's words. He looked at Xiao Chen in surprise and said, "you, how do you know?"

"Was grandpa two bitten by a snake?"

Xia Hongtao was more and more surprised and said, "yes, yes, my father just went to the yard and was accidentally bitten by a small snake with three colors."

"May I have a look?"

"You?"

"Don't worry, I learned some medical skills with yunshang."

Xia Hongtao just saw him and could see that it was snake bite poisoning. When she was about to agree, Aunt Wang came forward and said, "I said, sir, why do you believe him? I'll go and find you a young lady right now. Wait a minute."

Xiao Chen frowned and said, "I'm afraid if you go to find the cloud clothes, the second grandpa's life will be gone."

"What are you talking about? Can you watch it as a fool?"

"I think doctor Xiao can."

Outside the door, Zhong Linyi came in.

Xia Hongtao knew Zhong Linyi and said, "doctor Zhong, please show it to my father. "

Zhong Linyi waved his hand and said, "my uncle Xia, you don't need to put doctor Xiao, but you came to me."

"Doctor Xiao?"

Zhong Linyi looks at Xiao Chen.

"You said he was a miracle doctor?"

"Yes."

Xiao Chen hurried to Xia Jiuzhou.

He found a snake bite on his leg and put his palm on the wound.

The diseased pulse slowly sucked the toxin in Xia Jiuzhou's body into the wound, and then sucked it into his diseased pulse.

Zhong Linyi looked silly.

What kind of means is this?

I've seen it all my life.

God!

Xiao Chen sucked the toxin into the diseased pulse and felt bursts of pain coming from his lower abdomen. His face was ugly.

Seeing this, Zhong Linyi hurried forward and said, "miracle doctor, are you okay?"

Xiao Chen waved his hand and pointed to the inner hall.

Zhong Linyi understood and helped him into the inner hall. Xiao Chen had just entered here. He only heard a long chant from Xia Jiuzhou lying on the ground.

"It hurts me."

"Dad, are you awake"

Xia Jiuzhou slowly opened his eyes. Seeing that it was his son, he asked, "where am I?"

"We're in the Xia family medical center."

"Did the girl in yunshang save me?"

Xia Hongtao shook his head and said, "it's Xiao Chen."

"What, which fool is it"

Xia Jiuzhou looked at his son with an incredulous expression on his face and said, "this, how is this possible?"
