"Xiao Chen, look at you. Now you dare to talk back in front of Yunshang. Yunshang, I remember when this fool dared to talk to you like this before?"

As soon as Xia Ziyuan's voice fell, Aunt Wang also came in from the outside and pointed to Xiao Chen and said, "Miss, the young master is right. I think he has taken care of several patients these days. He really takes himself seriously and doesn't see what you are?"

"Yes, yes."

"Miss. Just now we all saw that when the young master came, Xiao Chen not only didn't take the account, but also beat the young master."

Those guys who worked in the hospital also testified for Xia Ziyuan.

Xia Yunshang's face sank and went to Xiao Chen. Pop! A slap hit Xiao Chen in the face.

Xiao Chen was stunned.

Does this woman turn her face when she says she turns her face?

I helped her so much before.

I helped to solve the matter just now. Why did Xia Ziyuan beat me in public?

"Hahaha, is this what the eldest lady of the Xia family should look like? Such a fool should beat him and obey him, or he will take himself seriously."

Xia Ziyuan sneered.

Aunt Wang and those guys also looked at Xiao Chen with a sneer on their face.

"You fool, have you been beaten silly by Miss? Why don't you move?"

Xiao Chen is really angry with Xia Yunshang.

But on second thought, forget it, I'm just a redundant son-in-law of others. In this Xia family, I'm not even as good as a dog.

fool?

That's your name.

Xiao Chen is a name that Xia Yunshang seldom calls himself.

"Brother, why are you here today?"

Xia Yunshang looked at Xia Ziyuan and asked.

"Oh, Yunshang, I just went back and told my grandma about it. Grandma was very angry. Xiao Chen was disrespectful. He was a little redundant son-in-law and dared to beat me. Grandma said she would open an ancestral temple."

"What?!" Xia yunshang's face was startled. "Is it so serious? I just taught him a lesson. If you feel dissatisfied with something, you can hit him again. Don't open an ancestral temple so serious?"

Xia Ziyuan snorted coldly and said, "yunshang, you beat him for this? "

He stared at Xia yunshang and said coldly, "it's really a hundred days of kindness for a couple? Yunshang, this guy is not just beating me. Did he bring less trouble to our Xia family before? Grandma opened an ancestral temple this time. It's to let the elders of the family come forward and expel him from the Xia family!"

"What? Want to drive him out of the summer house?"

"Yes, yunshang, let's not waste time here. Someone, tie him up and take him to the ancestral temple!"

Xia Ziyuan waved his hand and several strong Xia family servants who came with him put the handy rope around Xiao Chen.

Five divided by two.

Xiao Chen was tied up.

He didn't resist at all.

Xiao Chen doesn't know what the ancestral hall represents?

It seems that the Qin family doesn't want to stay in the Xia family.

That's good.

Xia family!

Xiao Chen has long been in such a place.

No status.

I'm not as good as a dog.

however.

Xiao Chen looked at Xia yunshang. I really misunderstood her just now!

Unexpectedly

"Hum, this fool should have opened an ancestral temple long ago and expelled from the Xia family. It's great that the provincial Miss follows her and is laughed at as the fool's daughter-in-law every day."

"Isn't it? The owner will find a better man this time."

"I think the doctor surnamed Qin just now is good."

Xiao Chen was pushed to the door by the servants.

Xia yunshang suddenly shouted, "Xiao Chen!"

"Huh?" Xiao Chen stopped and looked at Xia yunshang behind him.

"I'll go with you."

"Yunshang, you'd better....." Xia Ziyuan wanted to stop it.

Xia Yunshang stood beside Xiao Chen.

"Wait a minute. You and I plead with grandma. You can admit your mistake. I think grandma will be soft hearted and let you go."

Xiao Chen smiled.

Will it?

Xia family ancestral hall.

Qin Shiduan was sitting in front of him. Beside him were the leaders of several branches of the Xia family, but their generations were not as big as Qin's.

Therefore, the ancestral hall of the Xia family is also in the charge of the Qin family.

At this time, there were nearly 100 people standing in the ancestral hall.

This is the only ancestral temple opened by Xia family in recent years.

The Qin family looked at Zhao Youzhen and said, "your good son-in-law really went too far this time, you Zhen. This time I opened the ancestral temple to expel him from the Xia family"

Zhao Youzhen's mouth was slightly raised. That's what she thought. This Xiao Chen wanted to get out of Xia's house immediately. In this way, Qin Ming, the third young master of the Qin family, can be introduced to his daughter.

That's a foreign doctor who comes back from medical school outside. If he's with Yunshang. This summer medical school will only get better and better.

Zhao Youzhen is beautiful when she thinks about it.

"Wife, why are you laughing?"

Xia Guowei looked at his wife with an ugly face.

"There's nothing to laugh about. This Xiao Chen is finally going to be kicked out of the Xia family this time. Our daughter is free. We'll find her a nice family this time."

Zhao Youzhen's words made Xia Guowei shake his head.

One side is his mother and the other is his wife, but he can't say a word.

"Grandma, I brought it."

Xia Ziyuan came in from outside the ancestral hall.

He said and waved to the door. The servants pushed Xiao Chen into the ancestral hall.

Qin Shi looked at Xiao Chen who came into the hall. She smiled secretly in her heart. Xia Guojun's wife beside her also looked at Xiao Chen with a sneer.

Xia Ziliang and other people of the same generation as Xiao Chen. None of them made friends with Xiao Chen. They all hated Xia Ziliang for what happened before.

This time, Xia Ziyuan was beaten. Naturally, these people hated Xiao Chen to the extreme.

"Grandma kicked him out of the Xia family. This man doesn't take the Xia family seriously?"

"Yes. Such people can't stay in the Xia family!"

Xia yunshang then came forward and said, "grandma, Xiao Chen really didn't mean it this time, and the eldest brother went to check the accounts. Xiao Chen said I wasn't here and asked him to wait for me to come back, but the eldest brother beat Xiao Chen..."

"Enough!" "Did you want to speak for this person?" said Qin Yunyan

Zhao Youzhen then came forward and pulled Xia yunshang aside.

"Silly daughter, what are you doing? Is this kind of person worth it?"

"Mom, Xiao Chen really didn't do anything wrong?"

Zhao Youzhen stared at Xia yunshang and said, "do you want me and your father to be expelled from this Xia family?"

Xia yunshang was stunned by Zhao Youzhen's words. She also knew that she was not qualified to speak in this ancestral temple.

"Uncles, uncles and clansmen of the same clan, today my Qin family opened an ancestral hall to expel this disrespectful Xiao Chen from the Xia family. Do you have any objection?"

Who in the following would object?

Someone even shouted.

"Yes!"

"Yes, yes."

Qin Shi nodded and was about to announce his decision to expel Xiao Chen.

At the main entrance of the ancestral hall, a man walked in.

"I object!"
