

Medicine 526

Xiao Chen's action startled several people in the same car.

"You want to die!"

The people on the bus got off the bus shouting and scolding.

Sun muyao also arrived at the scene at this time.

"Stop!"

Seeing that the servant was going to fight Xiao Chen, she came forward and stood in front of Xiao Chen.

"I said who is so bold. It turned out to be miss muyao of the sun family."

At this time, the people on those cars also walked down, and one of them, an old man with white hair, walked out of the crowd.

"Uncle Chen."

"Miss Sun, who is this?"

"He was invited by my father to treat my grandfather."

"Cure? What does he mean by holding my men?"

Uncle Chen pointed to the bald head held by Xiao Chen's men.

Sun muyao hurriedly said to Xiao Chen, "doctor Xiao, let him go first."

Xiao Chen twisted his hand.

The bald head screamed in pain. The pig generally turned around in front of Xiao Chen, rolled directly to Chen Bo's feet, covered his ears and lay on the ground screaming.

"Waste! "

Uncle Chen kicked the bald head away.

Then he went to Xiao Chen with a gloomy face and said, "miracle doctor? Miss muyao, is old sun cured?"

Sun muyao nodded calmly and said, "thanks to the superb medical skills of doctor Xiao, my grandfather is much better now."

"Oh!"

Uncle Chen looked at Xiao Chen up and down.

"I can't see that such a young man has such means."

Xiao Chen said faintly, "you hit someone. Tell me, what should I do?"

"You, what did you say?"

Chen Bo was stunned, then put his head to Xiao Chen and said, "you say it again, I just didn't hear it clearly."

"I said I hit someone. Do you just want to go?"

"Ha ha, boy, I don't know which immortal you are. However, in Dongjiang, our dragon family bumped into someone. Only others think it's bad luck. I've never heard that someone dares to ask us to take care of it."

Chen Bo said and looked at the boy on the ground.

"What do you say, boy?"

The little boy trembled slightly.

The whole person curled up and was too scared to speak. He just whispered, "yes, yes, I'm fine. Let's go."

When Xiao Chen heard the little boy say so, he frowned and looked at Chen Bo and said, "bully others with your strength. You are really overbearing."

"That's right. Our dragon family is domineering in Dongjiang. Why, you're not used to it? Well, what do you want?"

Sun muyao then went to Xiao Chen and whispered, "doctor Xiao, the boat will come soon. Aren't you in a hurry to go back? Let's go to the wharf."

Xiao Chen thought.

It's really hard to take care of this matter. If the sufferers don't say anything, what can they do?

He stared at the old man and went to the little boy.

"Here, take the money and buy some eggs."

Xiao Chen took out a few silver dollars from his pocket and put them into the little boy's hand.

He got up and was going to the dock.

"Wait a minute!"

Sun muyao saw that Chen Bo made a noise to stop it. She hurried forward and said, "Chen Bo, this is my guest, you..."

"Hum, miss muyao, I don't care. Since I'm a guest of your Sun family, how can I give your Sun family face? However, he just beat my men. How can I count?"

Sun muyao looked at it and was still on the ground, humming her bald head and said, "well, I have some silver dollars here. Even if it's a compensation for this brother."

She said and took out a dozen silver dollars.

Chen Bo pushed sun muyao's silver away.

"We have money in the dragon family. I don't have any other requirements. Let this miracle doctor bow to my brother and make an apology. This matter is over"

Uncle Chen said, looking at sun muyao and said, "isn't this too much?"

Sun muyao's face was frozen.

This is not embarrassment. What is it?

How can Xiao Chen's character promise?

"Hum!"

Xiao Chen gave them a cold hum and said, "what if I don't agree?"

"No?"

Chen Boyi waved his hand.

More than a dozen people immediately surrounded sun muyao and Xiao Chen.

"Uncle Chen, you are..."

"Hahaha, miss muyao, I dare not make a decision with you. In this way, please go with me with this miracle doctor."

Then he waved.

Xiao Chen wanted to do it, but at this time, everyone of the dragon family took out a pistol from his arms.

Sun muyao saw that she moved the gun. Although she knew that the people of the dragon family couldn't do anything to herself, Xiao Chen was hard to say.

"Doctor Xiao, let's go with them."

Xiao Chen nodded.

Although I am sure that I will subdue the people around me at the moment they pull the trigger, if they really mess up, I'm afraid there will be an accident.

Sun muyao was present after all.

And the little boy.

OK.

Xiao Chen's heart crossed.

Now that it's over, let's take care of it to the end.

Xiao Chen turned to sun muyao and said, "Miss Sun has nothing to do with this matter. Just take me away."

"Oh, good."

Uncle Chen winked, and his men took Xiao Chen to the car with a gun.

"Doctor Xiao?"

"It's all right. I'll go and have a look with them."

Uncle Chen sneered, looked at sun muyao and said, "miss muyao, this matter has nothing to do with the sun family, so don't join in."

"Uncle Chen, don't hurt him."

"Miss mu, it's up to me to decide what to do."

Chen Bo said and got into the car.

These two Toyota roared and sped away in front of sun muyao.

Sun muyao looked at the distant vehicle and turned to his car.

"Come on, go back to sun's house."

Lincoln turned the car and headed for the sun's house.

Dongjiang starlight night concert hall.

This is the territory of the dragon family.

It is also the largest red light district in Dongjiang.

Here, any activities that violate the law and discipline have become legal.

Several Fengtai tyrants stopped directly in front of the door.

Dozens of men poured out.

Chen Bo gets off the bus.

"Uncle Chen."

Dozens of people stood in front of the door and saluted Chen Bo respectfully.

"Where's the young master?"

"Inside."

Uncle Chen looked at Xiao Chen who was taken off the bus.

"Miracle doctor, let's go and meet our young master with me."

Xiao Chen walked slowly into the concert hall.

Uncle Chen said to dozens of his men, "wait for the sun family to come and stop it for me. If there is no young master, no one can come in."

"Yes!"

Chen Bo then walked into the concert hall.

ground floor.

In the huge dance floor, countless men and women twisted their bodies with the strong music under the dim light.

Xiao Chen glanced.

Someone was blatantly taking white powdered drugs.

Just after walking a few steps, a girl in her early twenties suddenly fell to the ground, twitched a few times and foamed at the mouth. Soon someone came forward and dragged the person down directly.

"Please, doctor."

Chen Bo sneered.

Then he took people to the second floor.

There are single rooms upstairs.

Xiao Chen looked through the window on the door. It was really ugly. There were gunshots in some rooms.

Chen Bo seems to have been used to it for a long time. No matter what happens, someone will then enter the room to deal with it.

It seems that there is no law and discipline here.

When Xiao Chen followed Chen Bo and others to the innermost huge metal door, Chen Bo waved his hand and asked those men to step down.

He pushed the door open.

"Please."

Xiao Chen strode into the room.

This is a huge, luxurious round room.

The surrounding walls are covered with all kinds of calligraphy and paintings.

Standing or sitting around, and lying, about a dozen men and women.

Facing the door is a huge desk.

There is a high backed swivel chair behind the table.

"Young master."

The swivel chair turned slowly.

Sitting on the chair was a man of the same age as Xiao Chen.
