

Medicine 538

"Wait!"

Xiao Chen shouted to the hooligans who wanted to carry away their own people.

He came forward and pressed the shoulder of the man whose arms had been abandoned. The man cried out in pain.

"What are you doing?"

Several hooligans thought Xiao Chen was going to do it.

But I saw that his hand was only slightly shocked.

The little rascal who was still crying in pain opened his eyes suddenly.

"I, I'm fine!"

The hooligans looked at him in surprise and said, "how's it going?"

"I, I'm really fine." The man said and moved his hands.

Now. Which two men in suits were also surprised.

They both looked at Xiao Chen with a murderous look.

"You go."

Xiao Chen waved to the hooligans.

These people know that they are not Xiao Chen's opponents, plus these two men in suits. It was not something they could provoke, so they ran out of the hospital in dismay.

"Who are you? So heavy?"

Xiao Chen stared at the two men in suits and asked in a deep voice.

"Xiao Chen, what do you mean? They were going to hurt yunshang just now?"

Chen gongqiu asked with a gloomy face.

Xiao Chen looked at the suit man. "Aren't you from North Korea?"

The two men in suits looked even more ugly when they heard him ask.

"Pa!"

Xiao Chen had asked well, but Xia yunshang suddenly hit him heavily in the back of his head.

"What are you doing? Do you still talk to people like that when they save me?"

Xia yunshang's words made Xiao Chen petrified in an instant.

North Korea is now at war with its neighbors. The origin of these two people must be different from each other according to their appearance and skills.

He meant well.

I don't want the Xia family to be accused of collaborating with the enemy.

But this time, it's hard to distinguish what he hit.

"I..."

"I'm sorry, go back and cook!"

Xia Yunshang pointed to the back hall and said in a deep voice.

Xiao Chen could only lower her head.

His wife.

Bear it!

Xiao Chen looked at the two men in suits.

Then he turned and walked into the back hall.

Aunt Wang was standing at the door watching at this time. Seeing that Xiao Chen was beaten by the young lady again, she sneered and said, "you think you are who you are and dare to take charge of the medical school. It's beyond your strength!"

Xiao Chen ignored her.

But he was curious. What is the purpose of Chen Gongqiu coming with these two obviously not North Korea?

Isn't the Chen family a famous family in Dongjiang city?

Are they collaborating with the enemy?

With a lot of suspicion.

Xiao Chen still took the dishes to the place near the door and wanted to hear what the other party came to the medical school for?

"Yunshang, this is Han Da and this is Han Er. These two gentlemen are my friends."

Xia Yunshang smiled and nodded. "Thank you very much," he said

"There, that's what we should do."

Foreign accent?

Xiao Chen more determined his guess.

Such skill.

By no means ordinary people.

"I brought two Mr. Han here to buy some medicine from Xia's family."

"Take the medicine from us?"

Xia yunshang was slightly stunned.

"Your Chen family is a medical family. What medicine doesn't exist? Why do you need our Xia family?"

"In fact, this medicine is only available to you in summer."

Xia yunshang frowned and said, "you mean hemostatic pill?"

Chen gongqiu nodded.

Xiao Chen heard this. Also surprised, these two people are likely to be military personnel of the southern Chu state.

Hemostatic pill is a recipe handed down by the Xia family.

This medicine is only available to Xia family.

It is said that hemostasis is fast.

However, this medicine is rarely prepared by Xia family now, after all. There are too many hemostatic drugs, and the cost of this hemostatic pill is very high, which is not very practical.

"What do you want this for?"

Chen gongqiu looked at two people named Han Da and Han Er beside him and said, "my two friends are engaged in escort agency business. Now there are years of war outside. Their escort will have trauma, so..."

"Can't you use other hemostatics?"

"You know. Now hemostatic drugs are listed as controlled drugs and are hard to buy. But their business still needs to be done. When they came to me today, I thought of your Xia family's ancestral hemostatic pill."

Xia yunshang pondered and said, "I can't decide this. Only my grandmother can make hemostatic pills, so I need to report to my grandmother."

"OK, please ask yunshang for instructions from your grandmother. It's easy to say the price."

Xia yunshang nodded. Said: "well, you go to Xia's house with me."

She said to send some apprentices to receive the patients.

Just as she was about to follow out.

"Yunshang, I'll go with you."

Xiao Chen came out of the back hall and said.

"What are you doing with me?"

Xiao Chen looked at Chen gongqiu. Which two men in suits are there. "I don't trust you," he said

"What are you worried about? Childe Chen is not an outsider."

Xia yunshang stared at Xiao Chen.

"Yes, you fool is really troubled."

Chen gongqiu also said coldly.

Then he said to Xia yunshang, "let's go, yunshang."

Xia yunshang is going out here.

Xiao Chen stopped in front of her again.

"What do you want?"

"Take me."

"You?"

"I promise not to say another word, just take me."

Xiao Chen promised Xia yunshang.

"All right."

Xia yunshang nodded.

Chen gongqiu frowned. He looked at two men in suits and nodded slightly.

In this way, five people walked out of the hospital.

Xia's house is only three blocks away from the hospital.

So five people walked there.

But somehow, when Chen gongqiu was halfway there, he pointed to the alley and said, "this is the house my friend rented. Where can we get some money and give it directly later."

Xia yunshang didn't think much and nodded in agreement.

But Xiao Chen was worried.

Few people walk in this alley during the day. He also went shopping several times before and knew the situation inside.

In such a secluded alley, how could these two people come to Binjiang and rent here?

But at this time, Xiao Chen promised Xia yunshang and would not say more. He could only keep his mouth shut and just stare at the three people.

See what's going on.

Into the alley.

I don't have to take a few steps.

Xiao Chen saw four men in suits suddenly appear from the opposite side.

These people are also strangers at first sight.

"Cloud clothes!"

"What's the matter with you?"

Xia yunshang stared and Xiao Chen asked.

"I, I have a stomachache."

"What?"

Xia yunshang looked at Xiao Chen covering his stomach, frowned and said, "did you just get hurt?"

Although she was angry with Xiao Chen, she still cared about him and came forward to see Xiao Chen.

But at this time.

Xiao Chen pressed her neck gently behind her.

Xia yunshang fainted in his arms.

"Xiao Chen, you?!" Chen gongqiu asked in a daze.

Xiao Chen slowly put Xia yunshang in the corner of the wall.

He looked at Chen gongqiu in front of him and said coldly, "come on, what do you want to do?"

Chen gongqiu didn't speak, but the two men in suits beside him smiled and said, "I don't see it. You fool, but you're a hidden expert."
