

Medicine 544

"Oh!"

The wristband man was directly hit by two pine towers.

A tree hit him in the hand.

One tree hit him in the mouth.

He covered his mouth with blood.

"My teeth!"

With his head down, he wanted to find his teeth.

Right now.

Xiao Chen had already arrived behind those big men in black.

Just when he was ready to fight these people.

Boom!

A square table flew out of the room just now.

Xiao Chen's body shape can only retreat backward.

This time.

Although he escaped, the dozen men in black were also prepared.

Don't drag Xia's father and daughter to the front of the house.

I saw the door open.

A man in a long white shirt came out of the house.

"Door master!"

The men in black saluted the man one after another.

"No."

When the man came to the yard, Xiao Chen saw that the man had long hair, which seemed to be scattered behind his back like a woman.

This is a somewhat strange face, like men and women. Men are not as handsome as him, and women are not as charming as him.

"Who are you?"

"Xia family."

"Binjiang Xiajia. Xu was surprised to have a character like you."

"Let them go."

The man in white gave a sneer. "This is the Disha gate, not your Xia family medical school. Why, do you want to let me go?"

"What do you want?"

"Those who beat me broke the rules of our martial arts world, don't you think?"

"Go ahead. How can I let people go?"

The man in white smiled faintly and said, "OK, then follow the rules of our martial arts world. If you win, take them away. If you lose, you and them will stay."

Xiao Chen nodded and said, "you fight with me?"

"No, no, I don't have that strength, and you don't deserve it." The man in white shirt tilted his eyes to Xiao Chen, then turned his head and looked at the house behind him and said, "Xu San."

"Here comes the door master."

I saw a short man coming out of the house. He was wearing a flat head and a short dress. At a glance, he could see that he was a trainer.

The man has a hooked nose and a knife cut face. He looks sharp and mean.

When walking towards Xiao Chen, two bright short blades were added.

It's that kind of machete. It's less than a foot long. But the appearance is really ox horn shaped, with deep blood grooves on it.

If this kind of weapon is cut on the body, it will generally make the injured people bleed more and more, and it is difficult to heal the wound.

A deadly weapon.

"He fought with you and won him. You go with them."

At this time, a man in black took a chair for the man in white, and a cup of tea came from the lower end of his other hand.

The man in white shirt leaned back on the chair and drank tea. Looking at Xiao Chen and Xu San in the hospital.

"Don't delay the night, I'm still sleepy."

Xu sanchao nodded to the man in white.

Then he shook his body and jumped directly at Xiao Chen.

But before he could cut off his knife, Xiao Chen grabbed it empty handed.

"Good!"

Seeing that Xiao Chen was only one round, the man in white shirt grabbed Xu San's knife and didn't get angry. Instead, applaud.

The wrist guard man lying on the ground covered his mouth and purred: "door master, this Xu Sanzhen waste."

"You know shit!"

The man in white kicked him away.

At this time.

Although Xiao Chen grabbed the other party's knife, Xu San turned around and went directly behind Xiao Chen. He hugged him lazily.

A huge force lifted Xiao Chen from the ground and then fell into the air.

Xiao Chen realized that Xu San didn't just attack with a knife. It turned out that his wrestling ability was also unusual.

But now he has been lifted by the whole man.

in the air.

Xiao Chen can only use his true Qi.

Xu San didn't expect it, but felt that a magical force had penetrated into Xiao Chen's body.

True Qi enters the body.

Xu San only felt black in front of him.

Then the whole person is like being sealed by people.

Life and blood stopped running.

He also lost all consciousness.

"Huh?"

When the man in white saw Xu San lying on the ground, he stood up from the ground.

"What are you?"

Xiao Chen stood up from the ground. He looked at Xu San, who was paralyzed on the ground, and said, "he's okay. Don't worry."

Then he looked at the man in white. He said, "can you let people go now?"

"OK, I'll let this man go."

The man in white waved his hand.

Xia yunshang and Xia Guowei were released.

"Daughter, are you okay?" Xia Guowei pulls Xia yunshang. She looked up and down.

"It's okay, Dad. Let's go."

When Xia yunshang ran to Xiao Chen, she nodded to Xiao Chen and said, "thank you for your help."

Xiao Chen waved his hand, lowered his voice and said, "let's go."

Xia yunshang obviously didn't recognize that it was Xiao Chen's voice. She ran out with Xia Guowei.

"Don't you want to leave a name, sir?"

Xiao Chen saw that they were far away and was about to turn around and leave.

When he heard the man in white say so, he was in a good shape. "It's not necessary," he said

"Ha ha, this is the rule of our martial arts world. If you are defeated, you don't even know your name. Isn't it a shame to humiliate our evil door?"

The man in white now looked cold.

"Then don't blame me for being rude."

"What do you mean?"

"If you look down on me, I can only leave you. Then I'll see your true face."

Xiao Chen looked at him faintly and said, "you may not be able to keep me."

"What a big breath!"

The man in white was about to shake his body.

Xiao Chen only felt that there was another man in white in front of her.

Unexpectedly, this man's body method has reached such a strange level.

Xiao Chen knows that this man's Kung Fu is not comparable to that of Xu San just now.

He turned and ran towards the corner gate of the Taoist temple.

But just before he ran a few steps, he just felt a white shadow in front of him.

The man in white is already standing in front of him.

One palm turned into a claw and grabbed at his face door.

Bang!

Xiao Chen punched directly.

This contact between the two.

Xiao Chen was surprised. There seemed to be true Qi in this person's body.

Those who can cultivate true Qi must be those who have reached the peak of the day after tomorrow.

If I didn't have a pulse.

It won't condense true Qi so soon.

You know, among doctors, only those great doctors in the real sense can cultivate true Qi, and those who can control true Qi are all experts among experts.

Ten thousand laws are inseparable from their ancestors.

Ten percent of my Qi.

Even entering a higher level.

This is true of the warrior.

So do doctors.

"So are you!"

The man in white looked at Xu San on the ground and said, "just now, Xu San lost wrongly."

"Do you want to compete with me now?"

Xiao Chen said in his heart: "it's best to let him retreat in spite of difficulties. After all, he is not better than this man. He is a martial artist and is proficient in his own martial arts. If he really goes on like this, he's only afraid of losing."

"Well, in that case, then..."

The man in white shirt thought for a moment and made a gesture of invitation towards the corner door.

"Please!"
