"Son in law, it's really thanks to you this time."

Xia Guochen looked in the mirror.

"Are you okay?"

Xia yunshang was also a little worried. He turned his head and looked and sat behind him to Xiao Chen.

"Nothing."

Xiao Chen was so afraid for the first time.

If the sect leader of the Disha sect really made a move, he was afraid that the three of them might be lying on the ground now.

"It seems that our Binjiang city is not as peaceful as before."

"Dad, who are these people?"

Xia Guowei sighed and said, "daughter, these are from the martial arts and Taoism circles. They are here to participate in the martial arts practice in the five cities. These people are invited by the Shenwu hall."

"Shenwu hall?"

Xia yunshang looked at Xiao Chen.

"Didn't you go to Shenwu hall before?"

Xiao Chen nodded.

"Ah?"

Xia Guowei was slightly surprised.

"What's the matter? Son in law, do you know Zhu Laoer?"

Xiao Chen shook his head and said, "I can't talk about knowing you. I just handed it in once."

"Oh, oh."

By this time, the car had entered Xia's house.

When they entered the villa, Zhao Youzhen really paced back and forth in the house. Seeing them coming back, Zhao Youzhen walked forward with a smile.

"I was so worried when I heard that you were taken away."

Xiao Chen knew that Wang Shen was the eye liner of the mother-in-law. This is what Aunt Wang said.

"Madam, thanks to Xiao Chen today, otherwise our husband and wife might not see each other in their whole life."

Xia Guowei said with a sad face.

But Zhao Youzhen stared at him and said, "what do you say? Just him, does he deserve it?"

Xia Guowei knows that his wife doesn't like Xiao Chen and doesn't want to talk to her much.

"What else are you looking at? Get up and prepare something to eat."

Zhao Youzhen pointed to Xiao Chen and roared.

Xiao Chen turned and walked into the kitchen. She only heard Zhao Youzhen curse behind her. Although she was a little unwilling, she still endured it on second thought.

"By the way, how did you arrange the dinner party with Zhangjia tomorrow?"

Zhao Youzhen sat next to Xia Guowei and asked.

"Oh, I've asked someone to send a post to Zhang Guodong. This person is not easy to invite. I don't know whether others will come or not?"

"What else can you do?"

Zhao Youzhen stared at him.

"This Zhang Guodong, he is the largest real estate developer in Binjiang. I, I want to curry favor with him, but he also wants to look up to me?"

"You are such a waste in the Xia family. I'm really ashamed of your ancestors."

Zhao Youzhen pointed to Xia Guowei's face and said, "I asked my brother to find his friend. It is estimated that he will call us back tomorrow morning."

"Really?!"

Xia Guowei smiled and approached Zhao Youzhen and said, "I'm still my good wife. Without you, I really don't know how to take over the project."

"All right, remember, you must entertain others. It is said that Zhang Guodong likes antiques. You'd better prepare a gift."

Xia Guowei nodded and said, "don't worry. I'm ready."

Zhao Youzhen nodded reassuringly.

"This time, if our two families can take Zhang Guodong's project next to the whole Binjiang, which is the largest project this year, our family's annual expenditure will be met."

Zhao Youzhen looked at the man beside her.

The couple smiled at each other.

"Mother in law, it's time for dinner."

Xiao Chen went to Zhao Youzhen and said.

"OK. I see. What do you say you can do? You can only cook some food. How can this family feed you for nothing?"

Zhao Youzhen stood up and pushed Xiao Chen away as she passed by.

.....

the second day.

"Guo Wei, just now my brother called and the matter was settled. At 8:30 tonight, the main hall of the moon tower."

Xia Guowei listened to her. Also slightly stunned.

"Really?"

"Is there any fake?"

Xia Guowei happily kissed Zhao Youzhen on the face.

This way, Xia yunshang came down from upstairs.

"Mom and Dad, what are you doing?"

"Go with yunshang today. We invite our Binjiang real estate tycoon Zhang Guodong's family to dinner. It is said that Zhang Guodong's daughter is a girl about your age."

"Yes. You've gone to yunshang. You can meet Miss Zhang."

Xia yunshang frowned.

"You go. I don't like this environment."

Xia Guowei and Zhao Youzhen looked at each other and could only shake their heads slightly.

"By the way, mom, let Xiao Chen go with you in the evening."

Zhao Youzhen was stunned.

"Why?"

"There are too many outsiders in Binjiang city now. Just in case, you'd better take Xiao Chen."

"Take him? He's a waste. What's the use?"

Xia Guowei knows the power of Xiao Chen.

"Wife, why does the son-in-law still take him? He's very powerful!"

"Awesome?"

Zhao Youzhen despises Xiao Chen at all, but. Both her daughter and her husband said so. She thought, if her husband drinks, Xiao Chen can be a driver.

"Xiao Chen, come with us at night."

After breakfast.

Xia Guowei sent Xia yunshang and Xiao Chen to the medical school.

When they first arrived at the hospital.

I saw a Pagani parked in front of the door.

"Xiao Chen!"

Get out of the car and think of a fashion girl.

Xia yunshang looked and said, "people call you?"

Xiao Chen nodded awkwardly and said, "I'll have a look."

"Go ahead. What does this tell me?"

Xia yunshang was a little angry and shook her hair.

He walked into the hospital with his head raised.

Xiao Chen knew that Xia yunshang was jealous, but he was secretly happy.

"Xiao Chen, I haven't seen you for days. I miss you strangely."

The real estate agent saved his daughter that day. It wasn't Miss Zhang who came to save him.

"No, I'm a married man, so..."

"Is that your wife?"

Miss Zhang smiled and looked at the direction of the eye hospital.

"Uh huh." Xiao Chen nodded again and again.

"I came today to invite you."

"Please me?"

Xiao Chen was stunned.

"My uncle was invited today. He hoped I could attend. I thought of you. It's boring to go by myself. Can you be my boyfriend?"

"What, what?"

Xiao Chen smiled bitterly.

"Miss Zhang..."

"My name is Zhang Menglu."

"Oh, Miss Zhang Menglu, is it really convenient for me?"

"You mean a married man? I'm not here!"

Xiao Chen was really speechless.

You don't care, but I care!

"I'm not free."

"Xiao Chen..."

Zhang Menglu walked forward directly, grabbed him and said, "if you don't go, I won't go today. I'll stay in your hospital and see if your wife will be jealous?"

"You!?"

"I know you don't have any feelings with her. They don't treat you as a person in the Xia family. Xiao Chen, why do you continue to stay in the Xia family?"

Xiao Chen frowned.

This is his sore spot.

"OK, I promise you."
