

Medicine 571

"What you're talking about is a hemostatic pill?"

Xiao Chen stared at director Zhao in front of him. When he said this, director Zhao's face coagulated slightly.

"You, how did you know?"

"Indeed."

Xiao Chen didn't speak, so she simply closed her eyes.

He has worked out his countermeasures.

At this time.

The Qin clan and Xia yunshang also came out of the inner room.

The mistress of the Xia family looked a little more dignified than before entering, and her eyes seemed to have a layer of worry.

"Old lady, what we just said..."

Director Zhao's words didn't wait to finish.

Qin raised his hand.

"Director Zhao. My Xia family is busy now. Why don't you come back another day?"

"This...?"

Director Zhao did not expect that Qin's attitude had changed greatly.

"I said, old lady, this matter is related to the safety of your Xia family. Don't you want to..."

"Director Zhao, I'm really sorry. Someone sent director Zhao."

Qin gave an order.

From the door into the four summer family nursing home.

Director Zhao could only stand up when he saw that Qin had ordered him to leave, but he already understood that Xia yunshang must have said something.

He stared at Xia yunshang and Xiao Chen.

"Your father Xia Guowei. I don't think he will use it for work tomorrow."

Finish.

Director Zhao took the entourage out.

Qin watched director Zhao leave.

Give a sigh.

"Yunshang, I have offended director Zhao. As you can see, your father's job may be lost. Take what you say seriously, otherwise you will be most affected."

Xia yunshang nodded.

"Grandma, director Zhao, they asked you to hand over the hemostatic pill. As long as the prescription is still in the Xia family, it will be fine at the moment, but if the prescription is not in, the Xia family will be killed."

Qin still doesn't understand.

She shook her head.

"It's the so-called crime of rare goods to live in and huaibi. Shouldn't our Xia family have nothing to do if we hand over this prescription?"

Qin was puzzled.

She looked at Xia yunshang and said, "why on earth?"

Xia yunshang then looked at Xiao Chen.

"Grandma, in fact, I also heard Xiao Chen say this. Come and tell Grandma."

"He?"

Qin snorted coldly.

"What can he say?"

After gouging out the eyes of Xiao Chen, the Qin family looked at Xia yunshang with some complaints.

"I said cloud clothes. I always thought you were a smart boy and you were so reckless. I just offended director Zhao for a fool's words. You!"

Qin pointed to Xia yunshang, and then shouted at the door, "come on, come on!"

I saw the four guards who had just sent director Zhao away come in.

"Madam."

"Go quickly and invite director Zhao and them back..."

"Grandma!"

Xia yunshang hurriedly stopped and said, "no, you go down first."

After driving those guards out.

Xia yunshang got up and knelt in front of Qin.

"Grandma, you must listen to Xiao Chen this time. Would you please make a decision after listening?"

Qin stared at Xia yunshang.

"Well, you, say it."

She turned her eyes to Xiao Chen.

Xia yunshang looked at Xiao Chen.

"Tell Grandma what you know."

Xiao Chen just got up.

"In Binjiang City, dragons and snakes gather and many forces gather in the city. I think you must know about the martial arts practice in the five cities. In fact, they come here for another purpose besides martial arts practice."

"Purpose? The five City martial arts show has been held for many years. What's the purpose? Xiao Chen, don't talk nonsense."

"Wushi martial arts is just a cover. Their real purpose is to go to our Xia family's hemostatic pill."

"What evidence do you have to say that?"

"I saw Zhu Laoer before the Shenwu hall was destroyed."

Qin Shi was stunned to hear Xiao Chen say so. "Don't you dare to say that in front of the hall," Zhu said, "you've seen the murderer, don't you dare to kill him?"

Xiao Chen sneered at herself.

After all.

He personally guided the big case.

"Listen to me. When I saw Zhu Laoer, he asked me to steal this hemostatic pill. At that time, I knew that this prescription was very important."

"You mean Zhu Laoer. Before he died, he asked you to steal this prescription to him?"

"Yes, not only does Shenwu hall want to get this prescription. Liu Xiang, the leader of poisonous dragon sect who was killed before, actually wants to get this prescription."

"According to what you said, these two people who want to get the prescription are dead now, so you think the Xia family is also in danger, don't you?"

Xiao Chen nodded.

"Grandma, you know now that what I said is true?"

Xia yunshang looked up at the Qin family.

"Yunshang, you, you get up first."

The Qin Dynasty waved to Xia yunshang.

Xia yunshang stood up from the ground.

"Grandma, you must take good care of this prescription. Once it falls into the hands of others, I'm afraid the Xia family will have no dependence. At that time, we will become gamblers without chips. We can only be slaughtered."

Xia yunshang's words made Qin fall into meditation.

a moment.

"What you said is true?"

She looked at Xiao Chen.

"Really."

Xiao Chen nodded his head.

"What should we do next?"

The Qin family was a little confused at this time.

She looked at Xiao Chen and asked.

"Can you show me the prescription?"

"Do you want to see the prescription?"

Qin looked at Xiao Chen with vigilance.

"Grandma, Xiao Chen looked at the prescription to find clues from the prescription. After all, a hemostatic pill shouldn't affect so many forces."

Qin's eyebrows wrinkled slightly.

"Yes. This prescription is really nothing. The value of the prescription itself is not big, but..."

She looked at Xiao Chen with a suspicious look.

"How do I know that you have no other purpose?"

"Grandma, if Xiao Chen really wants to harm the Xia family, does he ignore me?"

"This..."

Qin hesitated.

"I'm telling you something. Behind the poisonous dragon sect, it seems that southern Chu is involved."

"Ah!"

Hearing these two words, Qin almost jumped out of his chair.

"You say this matter has implicated the enemy country?"

Xiao Chen nodded.

"OK..."

Qin got up and was about to take them to the inner room.

Just outside the main hall.

"Grandma, grandma..."

Xia Ziliang came in from the outside.

Seeing Xia Ziliang, Qin frowned and said, "what's the matter, my good grandson? Look at you. What's the hurry? Sweat all over your head?"

Xia Ziliang was stunned when he saw Xiao Chen, then his face was gloomy and said, "Why are you here?"

Before.

Because he offended Xiao Chen, he was expelled from the army camp by the king's staff.

Has been idle at home.

In Xia Ziliang's eyes, Xiao Chen is his sworn enemy.
