"Shall I kowtow to you?"

Xiao Chen looked at director Zhao with some disapproval.

"Why, don't you want to?"

Director Zhao looked at Xiao Chen disdainfully.

"I said Lao Xia, didn't you tell your uncle about the specific situation?"

Director Zhao's words made Xia Guowei's face freeze.

"Zhao Chu, I, I..."

Xia Guowei looked at Xiao Chen.

"You, what's the matter with you? Xiao Chen, didn't I tell you? Didn't you understand?"

His face was gloomy.

"Hum, Xiao Chen, are you really stupid? If you go on like this today, I think you won't stay at Xia's house!"

Zhao Youzhen stood up angrily, and she went to Xiao Chen. He grabbed Xiao Chen's arm.

"Kneel down!"

Although her strength was not big, Xiao Chen was still shaken by her body.

"I said Youzhen, look at you. They'd better let them solve the matter between men by themselves."

Mrs. Zhao seemed to smile magnanimously at Zhao Youzhen.

"I said husband, he's just a child. Look, why do you talk like that? Don't scare the child."

Director Zhao stared at Xiao Chen coldly.

"Lao Xia, I know it's like this today, so I won't come."

When Xia Guowei saw director Zhao say so, he hurriedly came forward and pointed to Xiao Chen.

"You, you, didn't you say it before you came? What are you doing?"

He pointed to the ground.

"Kneel down, what are you waiting for? Do you want me to kneel for you?"

Xiao Chen looked at Xia Guowei and Zhao Youzhen beside him. Although he was angry, he couldn't say anything.

He looked at director Zhao sitting at the table with a contemptuous look on his face.

And Mrs. Zhao, who was full of teasing eyes.

It seems that the couple are going to humiliate themselves today.

"Sorry, I can't do it."

"What are you talking about?"

Zhao Youzhen glared at Xiao Chen angrily and asked.

"I said you, how do you..."

Xia Guowei angrily pointed to Xiao Chen and didn't know what to say for a moment.

"Well, Lao Xia, I don't think I need to stay, you tomorrow..."

Director Zhao stood up and walked to the door.

"Tomorrow, you don't have to come to work. Think about it at home. As for when to go to work, wait for notice."

Director Zhao finished. Slam the door.

"This..."

Zhao Youzhen looked at director Zhao who left. She pushed Xia Guowei in a daze.

"What are you thinking? Go after it!"

"Come on, you Zhen, don't go. I don't know Lao Zhao of our family. It's hard to go back on what he said."

Xia Guowei looked at Mrs. Zhao and his wife.

"My sister, what can we do? Our family is counting on Lao Xia. If he loses his job, what position do we have in Xia's family?"

Zhao Youzhen lowered her head and wiped her tears.

"Oh, my friend Zhen, look at you. I can understand this. However, your uncle is really not sensible and can't help it. You'd better discipline him well. All right, I won't say it and go."

Mrs. Zhao also opened the door and went out.

"Xiao Chen!"

Zhao Youzhen was angry. She pointed to Xiao Chen and raised her hand to fight.

But Xiao Chen's eyes were slightly horizontal.

"You!"

Zhao Youzhen was stunned by the sight.

"What do you think I'm doing?"

Her hand still didn't fall.

"All right. It seems that I can only get money for director Zhao."

"Take the money?"

Zhao Youzhen looked at Xia Guowei and looked embarrassed.

"Don't you know how many there are in the family? The famous greedy Zhao Chu, thirty or fifty thousand silver dollars, still calls money in front of him?"

Zhao Youzhen said here. The more she thought about it, the more angry she was. She stared at Xiao Chen beside her.

"You did it all!"

Xiao Chen didn't take care of them.

Turned and walked out of the room.

Behind him came Zhao Youzhen's scolding.

"Get out of Xia's house tomorrow!"

Xia Guowei took Zhao Youzhen.

"Come on, wife. Don't be angry. Let's go back and find a way."

"What can I think of? I'll kick this fool out of Xia's house first."

Zhao Youzhen pointed to Xiao Chen in front as she walked.

The three of them went downstairs.

Right now.

But director Zhao ran in from the outside.

The lady Zhao, with a frightened face, followed him.

After seeing Xiao Chen, the couple rolled up to him.

"You, don't go!"

Xiao Chen looked at the couple, but she knew what had happened in her heart.

Xia Guowei and Zhao Youzhen saw director Zhao go back. They looked at each other. Director Zhao's face seemed slightly red and swollen. Did someone hit you in the face just now?

"Zhao Chu, you, what are you?"

Zhao Youzhen also walked to Mrs. Zhao.

"Sister, how did you come back?"

"You Zhen. I, we were wrong just now. Don't blame your husband and wife."

?????

Zhao Youzhen was stunned.

Xia Guowei was also deceived.

What happened?

"Zhao Chu, I. I know it's my responsibility. In this way, I'll prepare a big gift for you tomorrow. When do you have time, I'll send it to you?"

In the face of Xia Guowei's hospitality, Zhao Chu seemed to be frightened and grabbed his arm.

"Lao Xia, don't be ridiculous. What do you give me? I should be the one who gives me the things."

Zhao Chu took out a pass from his arms.

"Here, this is the money for dinner tonight. Later, I'll wrap a big gift and deliver it to you personally, Lao Xia. It was all my fault before. Don't worry. After tonight, I must focus on promoting you."

Mrs. Zhao also took Zhao Youzhen's hand.

"You Zhen, don't worry. Lao Xia's business is about Lao Zhao of our family. Just wait for Lao Xia to be the deputy."

The couple suddenly seemed to have changed. It made Xia Guowei and Zhao Youzhen look foggy.

What the hell happened?

Director Zhao smiled and patted Xia Guowei on the shoulder.

"That's it. Let's go back first. About the deputy office, you come to my office tomorrow and we'll talk in detail."

Then director Zhao smiled and nodded at Zhao Youzhen.

When the couple helped each other out of the moon building.

Zhao Youzhen pulled the one beside her, and Xia Guowei looked surprised.

"I said, what's the situation?"

Xia Guowei shook his head foolishly.

"Is director Zhao crazy?"

Xiao Chen smiled.

He looked at Bai Ling who appeared opposite.

All this.

Naturally, Bai Ling did it.

"Lao Xia, do you think it's director Zhao who really found his conscience?"

Zhao Youzhen tilted her head and couldn't think of any reason.

Xia Guowei shook his head.

"It's impossible. Director Zhao is a person. I know better than you. He is greedy for small and cheap. He is still a very stingy person."

"So you said he was..."

Xia Guowei frowned.

He glanced at Xiao Chen.

"Xiao Chen, what do you say?"
