Chapter 1041: Someone Cutting In

"Master, you ... you're certain that you want me to start training from Tier 1 alchemy techniques?" Gu Yue looked at Xiao Ruyan wide-eyed as he asked with a bitter look.

Xiao Ruyan had a look of disdain as she looked at Gu Yue and said, "Me and Junior Apprentice Brother both trained like this. If you aren't willing, you don't have to train!"

Gu Yue was stunned. He even thought that Xiao Ruyan was deliberately taking revenge on his behavior back then, and designed this threshold to come and make things difficult for him.

What was there to train for Tier 1 alchemy techniques?

Who was he, Gu Yue?

He was an exalted Alchemy Venerable expert, a big shot who won 3420 matches consecutively in Cloudmarsh City. His foundation was incomparably solid. Was there still a need to practice this sort of child's plaything?

But he never expected that Xiao Ruyan they all actually trained like this!

Gu Yue could not help turning his eyes towards Martial Uncle Ren Dong. Ren Dong nodded and said, "Senior Sister didn't lie to you. Back then, our expressions were the exact same as yours right now."

Gu Yue was speechless and could not help asking, "Then ... this needs to be trained to what level?"

Xiao Ruyan said, "Train all of the Tier 1 alchemy techniques to the Legendary Realm, and you can cultivate Tier 2 alchemy techniques, so on and so forth. But before you cultivate Tier 2 alchemy techniques, I will explain the medicinal theory of Tier 1 medicinal pills for you to hear afresh."

Gu Yue blinked twice, his eyes filled with disbelief.

"Tier 1 medicinal pills and medicinal theory? This ... What's there to learn?" Gu Yue was really speechless.

What he pursued was the limits of the alchemy path, just like Lord Qingyun Zi! But the master that he currently acknowledged actually made him start learning from scratch!

This ... Was this drilling him like a newbie?

Xiao Ruyan snorted coldly and said, "Why? Looking down on Tier 1 alchemy techniques and Tier 1 medicinal pills, is it? Doesn't matter either way; you're just an in-name disciple right now. I still have many things I need to practice myself. If you're not willing to train, get lost as soon as possible!"

Done talking, Xiao Ruyan and Ren Dong turned around and left, and started cultivating the Five Elements Heavenly Word Art not far away.

But seeing this scene, Gu Yue was endlessly surprised in his heart.

He did not cultivate the Tier 1 alchemy techniques straight away but observed Master and Martial Uncle by the side.

Gu Yue was very perplexed. Xiao Ruyan and Ren Dong already cultivated the Five Elements Heavenly Word Art to the Legendary Realm. Why did they still want to carry on cultivating?

He just watched them like that. Then discovered that the two people cultivated the Five Elements Heavenly Word Art again and again just like that.

Such dreary and dull cultivation, it was still his first time seeing.

10 times, 50 times, 100 times ... 500 times!

The more Gu Yue watched, the more shocked he got. The two people did not have the intention of stopping at all. They just trained like this over and over again.

Exhausted and became tired-out, they would casually consume medicinal pills and meditate on the spot to recover. After recovering, they would continue cultivating again.

As for Gu Yue, they completely treated him like he did not exist.

Gu Yue finally knew the reason why Xiao Ruyan and Ren Dong were both younger than him, but their strength already surpassed him!

Diligence!

What they competed in was not talent, but diligence!

He also finally knew that Xiao Ruyan was not joking with him!

Master and Martial Uncle definitely both started cultivating from Tier 1 alchemy techniques.

This was also to say that the two of them already cultivated the alchemy arts before Tier 5 all to the Legendary Realm!

This ... How much time and energy did this have to expend?

Gu Yue did not dare to go and think at all!

Comparing talent, he, Gu Yue, was confident that he was not inferior to anyone! He even felt that his talent was higher than both Xiao Ruyan and Ren Dong.

But him getting defeated at their hands was an indisputable fact!

What he thought was correct. Carrying on training like this, soon enough, his disparity with Master and Martial Uncle would only become greater and greater.

Up till now, he finally knew why Ji Qingyun was able to become an existence that alchemists looked up to.

Without a doubt, Lord Qingyun Zi's alchemy Dao talent was very terrifying. However, the effort behind him was what everybody could not see!

Without repetitive tempering, even if his talent was any higher, it was also not possible to win five thousand eight hundred over matches in a row!

People more impressive than you, but was a hundred times, a thousand times more hardworking compared to you. How could you have a reason to not lose?

Gu Yue sucked in a deep breath and purged all of the distracting thoughts out of his mind. The movements of his hands slowly begun. It was precisely the starting stance of the Lesser Phaseless Art.

...

When Xiao Ruyan trio were all immersed in the middle of frenzied cultivation, Jiang Taicang was currently stomping his feet in rage.

"Milord, that bunch of fellows are seriously bullying people too far! They know that you're collecting the Ancient Spirit Center Fragrant Grass and Jadegreen Sacred Flower Stamen. No idea which bastard was it, they actually cleared these two kinds of spirit medicines all away within the city!"

These two kinds of spirit medicines concerned whether or not Jiang Taicang and Wu Luo, the two people, could recover their strength. He was naturally very nervous.

Ye Yuan was slightly surprised as he said, "Why? Are there a lot of Ancient Spirit Center Fragrant Grass and Jadegreen Sacred Flower Stamen?"

Jiang Taicang said, "To talk about prior to this, there really weren't these two kinds of spirit medicines. But this period of time, don't know why either, many precious spirit medicines appeared at the peripherals of the Immemorial Medicine Garden. Among them had these two kinds of spirit medicines. I've already inquired before, two stalks of Ancient Spirit Center Fragrant Grass and a strain of Jadegreen Sacred Flower Stamen appeared in the city for a recent period of time. But not long after milord sent the word out, they were cut off by people. This is clearly somebody wanting to oppose milord!"

Ao Qian frowned and said, "It would be best if there is, don't insist on it if there isn't either! Since milord promised you guys, he naturally won't go back on his word! Presently, the forces in Cloudmarsh City are gathering their people. Milord's identity is already exposed too. It's hard to guarantee that an enemy like Jian Wushuang wouldn't appear. Making too many enemies has no benefits for us!"

When Jiang Taicang heard that, he also knew that he was overly anxious, and said in embarrassment, "This ... It was Taicang who didn't consider thoroughly. Hope that Your Excellency doesn't blame."

Ye Yuan waved his hand and said smilingly, "Just some clowns jumping around! Since they dare to bully until on top of my head, they will have to be prepared to receive my wrath! Since my identity is already exposed, even if I avoid them, they will also think of ways to drop in. Since these two types of spirit medicines appeared, we naturally have to get it back. The Immemorial Medicine Garden is rather unusual this time. If your strength is a little stronger, we will also have some assurance in safety."

Ye Yuan's words made Jiang Taicang very agitated.

"But ... just who on earth did this? I've inquired for many days and didn't find out either," Jiang Taicang said gloomily.

These few days, Cloudmarsh City was a meeting of wind and clouds, various factions mixing together like dragons and fishes jumbling up together. Experts in the city were as many as clouds. In comparison, their party was still a little weak.

Ye Yuan said, "Calculating based on the time, it shouldn't be Jian Wushuang. Looks like there's someone stirring things up in the dark. Forget it, can't guess then can't guess. Let's go and ask, and we'll know."

As he said, Ye Yuan got up and walked out.

Jiang Taicang was stunned and chased after to ask, "Milord, Taicang has already inquired for quite a few days but didn't find any clues either! Those few sellers also seemed to be unaware of the other party's background. Who do we go look for to ask?"

Ye Yuan said with a smile, "This Cloudmarsh City, who understands the situation in the city the best?"

Jiang Taicang shook his head stiffly.

Ye Yuan chuckled and headed straight out of the door.

Chapter 1042: Old Man Han

When Ao Qian and the others all saw 'City Lord Manor,' these three big words, all of them could not help exchanging glances.

Cloudmarsh City's city lord was a very mysterious existence. The ones managing normally were all several deputy city lords acting on behalf. But barely anyone had seen before the city lord's real appearance.

Even an old monster like Ao Qian also knew very well that Cloudmarsh City's city lord was not to be provoked.

A land where wind and clouds met like Cloudmarsh City, even if it wasn't the Immemorial Medicine Garden opening, it was still a place that was extremely hard to manage.

Without some skills, how could one be able to hold down such a large city?

"Your Excellency, you wouldn't be ..."

Jiang Taicang's words had yet to finish speaking when Ye Yuan already mustered up essence energy and projected his voice out.

"Old Man Han, an old friend came to visit. Why haven't you come out to welcome me?"

The moment these words were uttered, several terrifying killing intents instantly locked onto the few people.

Even an existence like Ao Qian had cold sweat pouring profusely at this time too.

Among these killing intents, there were definitely Void Mystic powerhouses. Once they had any unusual movements, the other party would give them a deadly blow without the slightest hesitation.

If in his top condition, Ao Qian naturally did not fear. But at the moment, his strength was too weak. If they were to really do battle, there was only a road that led to death.

"Your Excellency, w-we'd better leave!" Jiang Taicang was rather scared already and could not resist going forward to urge.

But Ye Yuan was calm and collected. It was as if he did not sense any killing intent at all.

After several breaths, a faint voice transmitted out.

"Come on in."

Ye Yuan smiled slightly and passed right through the city lord manor's array formation, and entered the city lord manor's rear-hall.

"Milord!"

Jiang Taicang and the rest were about to catch up when that killing intent suddenly became much more piercingly cold.

"You all wait outside!" a voice transmitted out faintly, revealing killing intent.

Ao Qian was rather indignant as he said, "Wait until this father of yours recovers his strength. See if you dregs still dare to be cocky in front of me!"

Talking was talking, Ao Qian also knew that he did not have the capital to be arrogant at present. His only hope lay on Ye Yuan.

...

Ye Yuan followed the aura of that voice and arrived at a very covert courtyard in the rear-hall.

He did not stop and directly walked towards a corner of the courtyard.

The space around had an undulation. A massive transformation actually occurred to the scenery before Ye Yuan's eyes.

A thatched house, smoke curling up from the chimney.

Around the cottage was filled with some spirit medicines overflowing with fragrance. Looking at the grade, the lowest was also not beneath Tier 9!

If someone else came in, they would even think that they entered a treasure vault!

An old man wearing a straw hat on his head sat by the river and was actually fishing.

"There's tea in the pavilion, take it yourself. Don't startle my fish," the old man said without even turning around.

Ye Yuan smiled and was not in a rush either. He slowly came to a wooden pavilion and poured himself a cup to drink on his own.

"Not only did you not die, your formations ability actually even improved a step further, truly a freak!" the old man said calmly.

Ye Yuan sipped tea as he smiled and said, "Old Man Han, you've been fishing by the river here for 50 thousand years, have you really caught anything?"

The old man used a hoarse voice to say, "What do you think?"

Ye Yuan said smilingly, "Those who are willing, takes the bait! It's just that this bait is yourself, right?"

When the old man heard these words, he finally put down the fishing rod and slowly walked into the pavilion. He then sat down opposite Ye Yuan.

"I didn't expect that you reincarnated, and even your heart realm became much keener! Recalling when you asked me the same question back then, at that time, you couldn't figure it out," the old man said.

Ye Yuan said, "Old Man Han, pretending you don't know anything in front of me? How can the matters that happen in this Cloudmarsh City escape your eyes and ears?"

Ye Yuan used merging into heaven and earth in the city before. This Old Man Han definitely already knew that he comprehended Heaven Man Unity long ago.

Old Man Han said smilingly, "Knowing is one thing, surprise ... is another thing. Your soul force already broke through the shackles of cultivation realm. Looks like the rumors of your father obtaining a Divine Dao medicinal canon should be true."

The Medicine God's Soul Canon was an extremely hidden matter in the Medicine King Hall. Even Ye Yuan himself only knew after reincarnating too.

Ye Yuan did not think that these old geezers had long heard of it.

These old geezers were all very cunning. Every one of them was a real piece of work.

Only after reincarnating once did Ye Yuan discover that compared to this old man in front of him, there was likely still some gap!

Of course, this was just what he thought in his heart. On the surface, he was like an old well without ripples. He said coolly, "You don't need to broach the subject in a roundabout manner anymore as well. Otherwise, why do you think us Ji father and son ended up in such a plight?"

Ye Yuan's words were equivalent to covertly admitting the existence of the Medicine God's Soul Canon.

It was just that Ye Yuan being so scoundrelly made Old Man Han somewhat stunned in his heart. Did this boy really had something to rely on, or was his thinking too shallow?

Old Man Han could not help sizing up this rather unfamiliar face in front of him anew and suddenly discovered that he actually could not quite see through.

Although Ye Yuan's seniority was shallow back then, his alchemy Dao strength made the world submit. He naturally had the qualifications to be on equal footing with them, these old fellows.

But they all, these old guys, which one would appear as simple as on the surface?

Just take Ji Zhengyang as an example; he secretly cultivated the Medicine God's Soul Canon and refined a half-step divine pill. At that time, it astounded everybody.

While this Old Man Han was practically a peer of the same generation with Ji Zhengyang. His strength was unfathomable.

Ji Qingyun was actually just a piece of blank paper in front of him.

But when he looked at Ye Yuan again in this life, he actually felt as if a layer of veil was covering Ye Yuan, making him have a feeling of being amidst cloud and mist!

Finally, Old Man Han heaved a long sigh and said, "Looks like these short 20 years, many things happened!"

If say in his previous life, they all, these geezers, only brought Ye Yuan along for fun, now, it was different. Now, Ye Yuan truly had the qualifications to sit opposite of them!

Hearing Old Man Han's emotional sigh, Ye Yuan said with a smile, "You aren't moved?"

Old Man Han said, "Naturally moved!"

"Why not try to take it?"

"I have no confidence!"

Ye Yuan shrugged and said, "Fine then. Truly, the older the person, the smaller the guts. I already delivered to your mouth, didn't think that you're actually not eating! I even thought that I'd have to expend some effort today before I can make you open your mouth!"

Old Man Han could not help choking up when he heard that and huffed as he said, "You brat, still like this! You're at any rate a junior too, don't you know how to respect the elderly a little?"

Ye Yuan said, "I only respect lovable geezers. You, this geezer, are not lovable, so not respecting! However, you're a little more likable than Old Man Jing. Hence, that's why I'd sit here and talk with you."

Old Man Han said, "Speaking of Old Man Jing, you got to be a little careful. That geezer is indeed full of wickedness. He might be waiting for you somewhere!"

Ye Yuan said smilingly, "Since I have a second chance in life, this score naturally has to be settled one by one. Old Man Jing not coming to find me, I'll go and look for him anyway. Alright, meeting an old acquaintance today, emotions are rather agitated, speak less crap. You should know my intentions for coming, say it out straight."

Old Man Han nodded his head and said, "Speaking of which, it's your old friend too, Fiendblade Mountain, Yue Xinping! Remember to be more light-handed, don't stir up too big of a commotion."

Chapter 1043: Growing Dizzy with Success

Only when they saw Ye Yuan walk out of the City Lord Manor without a scratch did Ao Qian and the rest let out a sigh in relief.

"Milord, are you alright?" Jiang Taicang asked worriedly.

“What can there be? Aren’t I perfectly well? Come, let’s go and settle scores!” Ye Yuan said.

Jiang Taicang was stunned and said, “Milord, you know who’s playing tricks?”

“Of course, otherwise, what did I come here for?” Ye Yuan said.

Jiang Taicang had a look of worship as he said, “Milord, this Cloudmarsh City’s city lord is incredibly mysterious! This old man is also considered a veteran already, but I really don’t know what kind of person this Cloudmarsh City’s City Lord is!”

Wu Luo who was by the side nodded and said, “There are actually Void Mystic powerhouses guarding his gate for him; this city lord is definitely not an ordinary existence!”

Ye Yuan said smilingly, “Old Man Han just likes to pretend to be mysterious. Actually, it’s no big deal either. Have you guys heard the title of Alchemy Fanatic before?”

The moment these words were uttered, Ao Qian was still alright, but Wu Luo, Jiang Taicang, and Ruan Shuangzhou all turned pale with fright.

“Cloudmarsh City’s City Lord is the Alchemy Fanatic, Han Jing, whose name shook the Divine Realm 50 thousand years ago?” Jiang Taicang yelled out at the top of his voice.

“Rumor has it that 50 thousand years ago, after him and the present Void Divine King had a great battle, he vanished. I didn’t think that he actually became Cloudmarsh City’s city lord. Furthermore, it’s 50 thousand years in one go!” Ruan Shuangzhou exclaimed.

“Yeah! Senior Han Jing only used a thousand years to reach peak Alchemy Emperor. At that time, the Divine Realm was incomparably stirred ...”

Jiang Taicang said halfway and stopped.

He suddenly recalled that his own lord seemed to be even more freakish and only used 300 years of time to break through to peak Alchemy Emperor.

After another 200 years of accumulation, he could already debate on Dao shoulder to shoulder with Han Jing, this kind of peerless powerhouse.

Ye Yuan said with a smile, “Old Man Han is indeed an unparalleled genius. His strength is not beneath my father’s and mine! But these old fellows, when you have more contact with him, you’ll discover that they are all just a bunch of guys deliberately mystifying things. This way, it would make people feel that they are very mysterious, with a feeling of inscrutability and enigma. Actually, it’s also just that.”

Hearing these words, everyone could not help being speechless.

Wanting to uncover their mysterious veil, one at least also had to have strength on equal footing with them.

Otherwise, who would care about you!

The rankings in the martial arts words were incomparably strict. Strength falling short, one would forever not be able to integrate into that circle.

Just take the previous life's Ji Qingyun, his friends and enemies were basically all the Divine Realm's pinnacle-most existences.

Even ordinary divine king powerhouses did not have the right to speak with him either.

Ye Yuan waved his hand and looked at everyone as he said with a smile, "Come on, if that bunch of fellows is sensible, this matter is also considered over. If not sensible, then I'll have to trouble you all a bit."

Seeing Ye Yuan's eyes that harbored ill-intent, a blast of cold wind hit Jiang Taicang and the rest from behind.

These eyes felt like a wolf eyeing a sheep.

"M-Milord, w-what do you want to do?" Jiang Taicang said weakly.

"You guys will know at that time."

...

Fiendblade Mountain was not a super holy land. But in terms of strength, it was not much weaker compared to super holy lands either.

Originally, Fiendblade Mountain was just a Rank One Holy Land whose strength was quite strong. But a thousand years ago, their holy land produced a peerless genius who actually broke through to the realm of Void Mystic!

Ever since then, Fiendblade Mountain's status skyrocketed, even approaching super holy lands.

Yue Xinping's life-long wish was to let Fiendblade Mountain become a super holy land.

However, the Eight Great Super Holy Lands, each one of them was a force with extremely profound foundations and was not that easy to be replaced.

In these 100 thousand years, there were quite a few Rank One Holy Land that produced Void Mystic Realm powerhouses before. But those truly able to reach super holy land were extremely, extremely few.

Ever since Fiendblade Mountain produced a Yue Xinping, they had always been rampant and domineering when doing things. In these 1000 years, they had done quite a number of wicked deeds.

Over a hundred years ago, Yue Xinping had once requested a pill from Ji Qingyun, but he was rejected by Ji Qingyun with stern words. This matter made him brood over it.

Ever since then, their enmity towards the Medicine King Hall was very strong.

At this moment, Yue Xinping was currently being pleased with himself at Fiendblade Mountain's stronghold.

"*Hahaha!* Doesn't Ji Qingyun that punk wants Ancient Spirit Center Fragrant Grass and Jadegreen Sacred Flower Stamens? I'll collect it all for him, see how he still refine pills! You all watch closely for me, although these two kinds of spirit medicines are scarce, with the Immemorial Medicine Garden's

abnormal happenings, it might still appear again. As long as it shows up on the market, immediately bring it in for me!" Yue Xinping said with a loud laugh.

"Yes, Mountain Lord! We've already sent out the manpower. As long as we receive news of these two kinds of spirit medicines, we'll purchase them right away!"

The one talking was Yue Xinping's right-hand man, peak Divine King, Yu Rongwei.

These few years, Yue Xinping groomed a large batch of experts for Fiendblade Mountain. The inflation in strength was very impressive.

In comparison, the temperament of an upstart also became increasingly distinct. Things like exterminating entire clans would happen at the slightest provocation.

"*Heh heh*, at the thought of Ji Qingyun, that punk's hopeless look, this seat is incomparably satisfied in my heart! Jian Wushuang that punk is really dumb, to provoke Ji Qingyun without even understanding the situation. He deserved to be pummeled!" Yue Xinping said with a laugh.

Not that he was afraid of Ye Yuan. Even if Ye Yuan had a divine artifact in possession, with his Void Mystic Realm strength, he was fearless too.

Furthermore, the intel that he obtained was more comprehensive than Jian Wushuang.

Ye Yuan expended too much divine essence in the great battle the last time. Most likely, the divine artifact could not be used more than a few times already.

But he more or less still had some dread towards divine artifacts. It was just perfect; after Ye Yuan suppressed Zuo Qing and released news about wanting these two kinds of spirit medicines, Yue Xinping had a flash of inspiration and secretly purchased these two kinds of spirit medicines, not giving Ye Yuan the slightest chance.

"*Haha*, Mountain Lord is brilliant! That punk probably never would have dreamed that it's us buying the spirit medicines in secret! It's simply nothing more than wishful thinking for him to want to obtain these two kinds of spirit medicines before the Immemorial Medicine Garden opens!" Yu Rongwei said with a laugh.

Yue Xinping nodded and said, "Although that brat has a divine artifact, his strength is still too weak. If my conjectures are right, he's definitely finding these two kinds of spirit medicines to help those two subordinates of his to refine medicinal pills. This way, his assurance of entering the Immemorial Medicine Garden will also be several points greater. But now ... *hahaha!*"

The more Yue Xinping talked, the more delighted he got. He could not refrain from letting out laughter.

Back then, he was given a good scolding by enumerating his wrong-doings, saying that he committed all sorts of wicked deeds, and was unworthy to receive medicinal pills, such and such.

And even destroyed all of the spirit medicines that Yue Xinping found painstakingly to his face!

Yue Xinping immediately blew up back then and wanted to make a move against Yue Xinping, but was severely injured by the Medicine King Hall's experts and fled.

This matter was unprecedented humiliation in Yue Xinping's lifetime. Moreover, he was constantly mocked by people later on.

With his character, how could he endure it?

Just as Yue Xinping's was being pleased with himself, his expression suddenly changed.

A horrifying aura descended from the sky and directly crushed down.

"Not good, quickly dodge!"

Yue Xinping's figure instantly vanished from where he stood.

Only to hear a boom. The place Yue Xinping was at was directly crushed into a wasteland.

Ye Yuan stood in the air and looked at Yue Xinping with a smile that was not a smile and said, "Yue Xinping, after so many years of not meeting, I didn't think that you're still this filthy!"

[Unrivaled Medicine God](#)

Chapter 1044: Rampaging Ao Qian!

Ye Yuan beckoned lightly. The Vast Heaven Pagoda turned into a small pagoda and returned to his hand.

Seeing this scene, Yue Xinping's eyes revealed a look of greed.

Rumors had it that apart from a dragon clan divine artifact, Ye Yuan still had a quasi-divine artifact in his hands, likewise unbelievably powerful. It should be this small pagoda.

"Ji Qingyun, are you tired of living? To actually dare provoke your Grandpa Yue?" Yue Xinping said with a black face.

He never would have thought that Ye Yuan actually dared to drop in and taunt so blusteringly, directly wrecking his lair.

Ye Yuan said coolly, "It's you who provoked me first! Hand over the Ancient Spirit Center Fragrant Grass and Jadegreen Sacred Flower Stamen, and be spared a bout of fleshy agony."

Yue Xinping was alarmed in his heart, but he refused to admit it verbally and snorted coldly as he said, "Ji Qingyun, don't make trouble willfully! What Ancient Spirit Center Fragrant Grass, I've never seen it before at all! If you want to find trouble, Grandpa Yue will take you on! Don't think that you're impressive with a divine artifact! Just those few small fries behind you, this seat doesn't think anything of them yet!"

Ye Yuan shook his head and sighed as he said, "In that case, you want to talk again after fighting?"

Yue Xinping said with a cold smile, "Stop putting up an act there! The White Tiger battle, you were beaten by Ji Canglan like a homeless cur! Still dare to feign ignorance in front of your Grandpa Yue! Since you delivered yourself to the doorstep, let's settle the old and new grudges together!"

Done talking, a terrifying aura spread out. Yue Xinping actually directly opened up his divine king domain!

The terror of a Void Mystic powerhouse was displayed in its entirety at this moment.

“Lord Qingyun Zi was too reckless! Yue Xinping is a Void Mystic expert, with his present strength, how can he possibly be Yue Xinping’s match?”

“Although Yue Xinping’s strength didn’t increase much for so many years, he’s a Void Mystic expert in the end. Even if Lord Qingyun Zi is wielding a divine artifact in his hand, the disparity with him is also a little too big.”

“Looks like Yue Xinping has the intention of opposing Lord Qingyun Zi and took away these two kinds of spirit medicines in the dark. No wonder we couldn’t find all along. It’s just that the strengths of these subordinates brought by Lord Qingyun Zi are really lacking!”

Ao Qian, Jiang Taicang, and Wu Luo, only had the strength of ordinary divine kings at the moment. While Ruan Shuangzhou was just slightly better than them, with a first-rate divine king strength.

But the four of them simply could not withstand a single blow in front of Fiendblade Mountain’s experts!

Disregarding the rest, one Yue Xinping was sufficient to crush all of them.

Ye Yuan let out a sigh and said, “Since you’re asking for trouble yourself, don’t blame me.”

Done talking, Ye Yuan came before Ao Qian trio with a flash and fired out some things with extremely swift skill. As for what they were, everyone did not see clearly.

Ao Qian trio’s bodies trembled all over, their auras suddenly soaring!

“*Hahaha* ... Milord, what did you do just now? Why do I feel like I’ve recovered to my peak state?” Jiang Taicang was beside himself with joy as he said with a laugh.

Just earlier, he suddenly felt a wave of stinging pain at his back and head. Then, boundless strength returned to his body.

Within virtually a blink of an eye, his strength recovered to his peak state.

Wu Luo’s sensation was the same as him. Currently, his aura also rose to the boundary of peak Divine King.

As for Ao Qian ... he suddenly opened his two eyes. Rays of brilliance emitted from his eyes. A terrifying dragon pressure instantly enveloped the entire city!

“Although I didn’t recover to my prime, pummeling this brat ... is enough! Milord, how to beat up his brat?” Ao Qian looked at Yue Xinping with ill-intent as he said.

Ye Yuan shot the three of them a glance rather sympathetically and said coolly, “Only two hours, pummel at will! Pummel until they cry for their mummies!”

Ye Yuan used the Golden Needle Acupoint Piercing method just now to stimulate the trio’s potential, making them recover to their peak state temporarily.

It was just that this state could only last for two hours.

After two hours, they would be utterly drained, unable to use even a trace of essence energy. Even a normal person without any strength to tie a chicken up could easily kill them.

Although they did not know how severe the aftermath was, Ao Qian trio were also people with vast experiences and knew that it would definitely have aftereffects.

But ... this feeling of returning to the peak was truly very wonderful!

One had to know that the least among them was already suppressed for more than 3000 thousand years too.

Even if it was just a momentary recovery, it also made them have a feeling of heroism.

Seeing the Ao Qian trio whose auras suddenly became flourishing, Yue Xinping's expression could not help changing drastically.

The other two people were still alright, but that dragon race powerhouse was simply daunting to the max!

Instinctively, Yue Xinping wanted to turn tail and run.

But Ao Qian did not give him any chance at all. In a blink of an eye, he barged into his divine king domain carrying a violent impact force.

Rumble!

Ao Qian's bloodline power was fearsome to the extreme. Even Yue Xinping's divine king domain could not block it, directly being smashed underground.

"Hahaha! Little bastard, this seat will let you take a look at who's the small fry! When this seat roamed the Divine Realm, your grandfather's grandfather wasn't even born yet!"

Ao Qian laughed wildly and directly charged under the ground.

This period of time, he was really oppressed to the extreme. Any random tom, dick, and harry would dare to posture in front of him.

Who was he, Ao Qian?

In these 50 thousand years, apart from Long Teng, he was practically the dragon clan's strongest!

His strength, even Void Mystic powerhouses had to prostrate for him too! But the wheels of time turned, these junior brats were all absurdly arrogant in front of him. How could he not be furious?

Today, he finally vented the grievances in this period of time all on Yue Xinping!

Rumble!

Right when everyone was in a daze, a series of horrifying undulations came from underneath the earth. Enormous debris tossed upwards from time to time, making everyone's hearts spasm when they heard.

"Haha, Old Wu, Old Man Ao is having a great time fighting! We should make a move too!" Jiang Taicang said with a big laugh.

Wu Luo nodded his head. The two people brought along a powerful momentum and charged towards the Fiendblade Mountain's divine kings.

Yu Rongwei's expression changed, and he cried out, "Don't be afraid, our numbers are many! The two of them are merely peak divine kings! Want to gain any advantages from us, dream on!"

Jiang Taicang chortled with laughter and said, "*Haha*, Old Wu, looks like we're being looked down upon! What to do?"

Wu Luo said expressionlessly, "Then let's help them to loosen up their bones and ligaments well! Let them know what's called respecting one's elders!"

"*Haha*, I have this very intention!"

Wu Luo's bloodline released fully and directly smashed a fist at Yu Rongwei!

Rumble!

Without any surprise, Yu Rongwei was smashed flying with one punch, while Wu Luo chased after like he was completely fine.

Jiang Taicang also displayed his invincible might, facing off with four first-rate divine kings alone, but fought until they did not have the slightest strength to retaliate.

Originally, everybody thought that Ye Yuan was sending himself to the tiger's mouth.

No one expected that in a blink of an eye, it was Ye Yuan's side that was akin to tigers entering a flock of sheep.

The three mighty divine king experts under Ye Yuan bashed the Fiendblade Mountain's experts up with an absolute overwhelming stance.

Chapter 1045: Do Come Again

After an hour, the Fiendblade Mountain's group of experts had utterly fallen into the enemy's hands.

"I ... I admit defeat! Don't fight anymore!" Yue Xinping who was currently being pummeled shouted at the top of his voice.

Ao Qian who was at full strength was seriously too terrifying, beating him until he did not have strength remaining to counterattack.

In just an hour, he already could not hold on anymore.

Ye Yuan said it very clearly earlier. It was in two hours. But continue fighting at this rate, Yue Xinping was probably going to be finished off by Ao Qian in less than two hours.

Except, he shouted as much as he can, but Ao Qian's attacks did not slack off at all.

He had pent-up for close to 20 thousand year's time. This time, he finally managed to return to his peak state. How would Yue Xinping be treated fairly if he did not grasp it well?

And Ye Yuan also did not seem to have the intention of letting him stop.

“You say fight, and we fight; you stop, and we stop? Then wouldn’t I have no face? Ao Qian, carry on beating for me! Isn’t he Void Mystic Realm? Pummel him until his insides are void for me!” Ye Yuan said coolly ¹.

The moment Ao Qian heard, his entire person seemed to be injected with stimulants, his offensive power instantly becoming several times fiercer.

Although he opened up his divine king domain, his divine king domain could not block in the least bit under Ao Qian’s bloodline power.

The area affected by the great battle of Void Mystic Realm powerhouses was extremely vast. This large stretch of region already became a wasteland.

In the depths of the City Lord Manor, Old Man Han let out a slight sigh and said, “This brat, asked him to go easy, but he just doesn’t listen! But his Golden Needle Acupoint Piercing’s power seems to be greater than in the past! This brat is exuding bizarreness everywhere after returning this time. Even I actually can’t figure him out too! It seems like the Immemorial Medicine Garden’s opening this time is somewhat worth watching.”

Done talking, he suddenly lifted the fishing rod. A frolicking little fish was actually hauled up by him.

The moment Old Man Han saw, he could not help saying emotionally, “You got pulled up, looks like another thousand years passed ...”

Finished talking, he freed the little fish from the fish hook and casually tossed, and actually tossed it back into that large river again.

While at this time, Yue Xinping was covered in blood all over, his breathing extremely chaotic, looking like he almost could not endure anymore.

“I ... I have something to say!” Yue Xinping seized a breather and shouted at the top of his voice.

Only then did Ye Yuan waved his hand, signaling for the three people to stop.

Ao Qian stopped. Only then did everyone saw Yue Xinping’s appearance currently.

His clothing was ragged, his face, arms, body, bloodstains were everywhere; he was in an extremely sorry plight. How was there still any hint of a mountain lord’s dignity?

Just as Ye Yuan said, he did not seem like a Void Mystic expert at all right now, but like an expert with his insides void instead.

As for the rest, they were not much better than him either.

Yu Rongwei’s situation was even more tragic than Yue Xinping’s. His entire person was already almost pummeled into a heap of minced meat.

While the other divine king experts were similarly pummeled by Jiang Taicang until they were searching for their teeth.

These three peerless powerhouses making a move, the spectacle was not an ordinary kind of shocking.

Putting aside Ao Qian, for Wu Luo and Jiang Taicang to be able to become the White Tiger Clan's number two and number three prisoners, how could their strength be what ordinary peak divine kings could compete with?

Although they did not reach the realm of Void Mystic, they were also not too far off already.

Ye Yuan slowly walked in front of Yue Xinping and said coolly, "What do you have, say it quickly. There's still some time from two hours, enough to beat you up until your teeth all fall out."

Yue Xinping was incredibly aggrieved. But facing such a powerful adversary, he really did not have any temper at all.

Ao Qian's strength completely overpowered him. Furthermore, no idea what kind of stimulant this guy was injected with, his combat power was off the charts! Yue Xinping could not resist at all!

If he knew that Ao Qian had already been pent-up for 20 thousand years in a dungeon, he would probably have long laid down arms and surrendered.

Yue Xinping gritted his teeth and said, "The Ancient Spirit Center Fragrant Grass and Jade-green Sacred Flower Stamen matter was indeed done by me! That day, I heard that you wanted these two kinds of spirit medicines, so I sent people to collect in-advance. Those two people were even unwilling to sell to me, insisting on giving to you. Then, I made people kill them and forcefully snatched these two kinds of spirit medicines."

The moment these words came out, this area instantly seethed with excitement.

Fiendblade Mountain's methods were truly a little too vicious. In order to take revenge on Ji Qingyun, Yue Xinping actually indiscriminately slaughtered the innocent!

Yue Xinping did not wish to tell the truth either, but he knew that Ye Yuan was very astute. Not telling the truth, he would not be able to pass this hurdle today.

In any case, Fiendblade Mountain's reputation was not any good in the first place. Being a bit lousier did not matter either.

There was no need to fear an itch when there were many lice!

This martial arts world ultimately still depended on strength to speak.

Even if these people were any more displeased, what could they do to him?

Ye Yuan nodded his head and said, "At least you're sensible! Where are the spirit medicines?"

The corners of Yue Xinping's mouth twitched, but he still toughened his scalp and said, "The spirit medicines ... were already swallowed by me!"

Hearing this, the public sentiment was even more stirred; each and every one of them pointed at Yue Xinping and cursed bitterly.

Especially Jiang Taicang, he wished that he could go forward and twist his head off.

But this outcome did not surpass Ye Yuan's expectations. He said nonchalantly, "What needs to be done, don't need me to teach you, right?"

Yue Xinping's expression was incomparably ugly. He fished out a storage ring and threw it to Ye Yuan, saying, "In here are spirit medicines that my Fiendblade Mountain gathered in this period of time. There are even 50 thousand heaven essence crystals. It should be enough to compensate you, right?"

This trip to the Immemorial Medicine Garden, Fiendblade Mountain was one of the earliest batches of factions to come. This period of time, they gathered quite a number of high-rank spirit medicines.

Yue Xinping never would have thought that the consequences of provoking Ye Yuan were actually to this extent.

What he was even more puzzled about was that he clearly did this thing very covertly, how on earth did Ye Yuan discover?

Ye Yuan received the storage ring and said coolly, "Yue Xinping, if you feel that provoking this young master is very fun, you're welcome to come and provoke again next time! But you have to remember to prepare a bit more spirit medicines next time. Otherwise, it probably won't be settled so easily."

Done talking, Ye Yuan brought Ao Qian and the rest and left this place. Only a mess remained.

Fiendblade Mountain's stronghold already completely became a wasteland.

...

Returning to the residence, Jiang Taicang's expression was incomparably ugly as he said unhappily, "Milord, Old Man Ao's strength is already sufficient to kill that damn guy. Why would you let him off?"

He was very perplexed. Ao Qian's strength clearly completely crushed Yue Xinping. There was only a bit more to be able to finish him off.

While on their side, eradicating the other party's group was also not unachievable. No idea why His Excellency was benevolent and let this group of people go.

Towards Yue Xinping, Jiang Taicang's resentment was rather high.

Originally, his strength could recover right away. But now, they must wait for the Immemorial Medicine Garden to open before having an opportunity to recover.

But Ao Qian snorted coldly as he said, "You idiot! If I could kill him, would His Excellency make me stop? A rabbit in a pinch will even bite, let alone that that fellow is a Void Mystic expert? Coming for the Immemorial Medicine Garden this time, he definitely prepared quite a few trumps cards. Really forcing him into a corner, none of us will gain any advantages! Don't you forget, we only have two hours' time!"

Chapter 1046: Powerhouses Gather!

Ao Qian saw it clearly in his heart. Actually, he had long perceived this outcome.

Therefore, although he looked like he was beating ruthlessly, he did not unleash genuine killing moves.

That Yue Xinping was at any rate a Void Mystic expert. Really forcing him into a corner, he probably would not be that easy to deal with either.

The reason why Yue Xinping did not utilize trump cards was just that he did not wish to expose himself too early.

If he revealed all of his trump cards at this time, he would not have much reliance upon entering the Immemorial Medicine Garden.

The Immemorial Medicine Garden opening this time already drew a large batch of experts over. Even Void Mystic powerhouses might not be able to gain any advantages either.

Exposing trump cards too early, either directly get lost, or go in and court death. There was probably no third path to take.

Ye Yuan looked at the three people and said with a smile, "I stimulated your potential with the Golden Needle Acupoint Piercing skill, letting you guys briefly recover to your prime. But right away, you all will be drained all over your body. For three days, your meridians will be swollen in pain, your entire bodies akin to being burned by a blazing fire. You'll likely not be able to even twitch your fingers."

The moment these words came out, the three people's countenance instantly changed. This sort of taste was not too enjoyable!

They knew that the consequences were very serious, but they did not think that it would be so severe.

"M-Milord, is there any way to ease it a little?" Jiang Taicang said weakly.

Ye Yuan shook his head and said, "There's no way! I can only make sure of not damaging your martial Dao foundations. But a tiny bit of anguish still has to be suffered."

The three people's expressions were incomparably ugly. But they also knew that what Ye Yuan said was the truth.

This kind of potential stimulating techniques commonly needed to pay an enormous price. This sort of price was not as simple as lying in bed for two days.

For Ye Yuan to be able to achieve this was already extremely heaven-defying means.

Just as they were talking, the three people suddenly spasmed, their entire bodies becoming rigid, then directly toppling down stiffly.

"I-It came ... right away!"

The expression on Jiang Taicang's face contorted, his entire person spasming non-stop, looking very pitiful.

Ye Yuan smiled and said, "The three of you rest with your minds at ease. I'm going to enter closed-seclusion these two days to refine the Pure Source Infusion Divine Pill. Just treat it as a reward for you guys, *huhu*."

Hearing these words, Ao Qian was still alright, but Jiang Taicang and Wu Luo, the duo trembled all over.

Although their whole bodies were spasming, their eyes went wide-open, staring fixedly at Ye Yuan.

They wanted to know whether Ye Yuan was messing with them or not!

Ye Yuan said with a smile, "Old Man Han that fellow is sitting on Cloudmarsh City. Since the Immemorial Medicine Garden has fluctuations, these two kinds of spirit medicines can't stump him yet. It's been hard on you guys these few days. The matter regarding the medicinal pills, leave it to me."

...

Several days later, rays of light spilled over outside Cloudmarsh City. Essence energy powerful until it made people feel asphyxiated gushed out.

Everybody knew that the Immemorial Medicine Garden, which opened once every 500 years was finally opening!

At this time, a large group of martial artists gathered at the outer-regions of the Immemorial Medicine Garden.

"You guys, look! That's the super holy land, Dawn Heavenly Palace's people! The one leading is their vice-palace lord, Shu Yunqing! Also, that old man beside him is known as the number one person under the Grand Yan Divine King, Ding Zhanguo! Looks like the Immemorial Medicine Garden trip this time, they are hell-bent on it!"

"Also, over there, Heavenly Sword Sect's vice-sect master, Sword Thirteen! I didn't think that he actually came too! The other day, Jian Wushuang provoked Lord Qingyun Zi. As a result, he was beaten up until he was searching the ground for his teeth. Now that Sword Thirteen came, Lord Qingyun Zi will likely have huge pressure!"

"Hiss ... The Seven Absolute City's people came too! The Seven Absolute City's deputy city lord, He Dajiang, is a Void Mystic Realm powerhouse too! What's even more damnable is that the patron behind Fiendblade Mountain is precisely the Seven Absolute City! If Yue Xinning joins hands with He Dajiang to deal with Lord Qingyun Zi, the situation will be bad!"

"Out of the Eight Great Super Holy Lands, three came at once! As for Rank One Holy Land powerhouses, there are even too many to enumerate. The Immemorial Medicine Garden opening up this time is truly extraordinary! It's just that I still feel worried about Lord Qingyun Zi. His enemies this time are far too powerful! In his present state, dealing with so many experts all at once, how to hold out?"

The Immemorial Medicine Garden opening, all the major factions flocked in with great numbers. The spectacle was extremely shocking.

Wanting to meet one of these Void Mystic Realm powerhouses was difficult normally. But today, there was quite a number the moment they appeared.

Of course, these were still just the super holy lands' Void Mystic experts. The people all knew that the Thundercry Divine King and Extreme Sword Divine King both came too. As for the Void Mystic powerhouses still hiding in the dark, god knows how many there were!

Right at this time, Ye Yuan brought along a group of people and finally showed up at the Immemorial Medicine Garden's entrance area, immediately stirring up a commotion.

His fame was too great, and his prestige in Cloudmarsh City was too high as well. Areas that he passed through, there was none who did not give sidelong glances.

Ye Yuan appeared very warm, nodding his head to gesticulate to his worshipers, responding with a faint smile.

Seeing the stir on this side, Jian Wushuang's expression suddenly darkened and instinctively wanted to make a move against Ye Yuan.

"Hold your horses, Wushuang! Our objective this time is the divine rank spirit medicines in the Immemorial Medicine Garden! We mustn't suffer a great loss because of some small gains!" Sword Thirteen's voice sounded out by Jian Wushuang's ear.

Right now at the Immemorial Medicine Garden, various forces were swarming, keeping each other in check. Nobody dared to make a move first either. The moment a great battle began, others would be like a fisherman benefiting from a snipe and clam's tussle.

Jian Wushuang said hatefully, "Uncle Thirteen, I just can't take this lying down! I say, why is Ji Qingyun's life so tenacious? Ji Canglan killed even his father, this brat is actually not dead yet! It's also fine if he didn't die, but on what basis is he able to obtain a divine artifact?"

Sword Thirteen said coolly, "He carried a divine artifact and swaggered through the streets and has already been targeted by many people. He'll be taken care of by someone who has the intent sooner or later. When we enter the Immemorial Medicine Garden, after everyone scatters, find a suitable opportunity and finish him off will do. As for now, better wait for the Immemorial Medicine Garden to open. Put your mind at ease."

Jian Wushuang was helpless and could only nod his head.

Over here, Yue Xinping was ready to make trouble too. He saw that the Jiang Taicang and Wu Luo beside Ye Yuan already broke through to peak divine king, and knew that Ye Yuan found those two kinds of spirit medicines through another way.

This guy could clearly find the spirit medicines and still wanted to beat him half to death. It was definitely on purpose!

His thought arriving here, his temper flared up at once.

He Dajiang said coolly, "At present, the situation is messy and convoluted. You'd better not have wicked ideas anymore! If Ji Qingyun was so easy to kill, he'd have died countless over. How could he wait for your arrival?"

The moment Yue Xinping heard, his bluster instantly weakened.

Yeah, he thought that the Ye Yuan after reincarnating was a soft persimmon, and wanted to knead a bit.

He did not expect that Ye Yuan was still a tough nut to crack, breaking off a mouthful of his teeth!

"I got it! But after entering the Immemorial Medicine Garden, I must find an opportunity to eliminate this fellow!" Yue Xinping said hatefully.

Right then, another group of people arrived at the horizons. Each and every one of them wore black outfits, their auras imposing.

"I-It's the Medicine King Hall's people! That person in front is the Medicine King Hall's former deputy hall master, Sun Man!" someone cried out in shock.

Unrivaled Medicine God

Chapter 1047: Not Far from Hour of Doom

"Ever since after that massive change 20 years ago, the Medicine King Hall rarely showed face. I didn't think that they actually came to the Immemorial Medicine Garden this time as well!"

"There's a good show to watch now. I wonder what kind of expression Sun Man will have when he sees Ji Qingyun."

"These few years, the outside world basically all don't know the Medicine King Hall's situation. Looking at it now, Ji Canglan seems to have taken over the Medicine King Hall's past members across-the-board! Even Sun Man, a Void Mystic Realm expert, submitted himself to Ji Canglan's rule."

The past Medicine King Hall, powerhouses gathered together. Ji Zhengyang and Ji Qingyun father and son's strength in itself was unfathomable to begin with. Adding in Sun Man and Ji Canglan these people, that was how it formed a super holy land.

But after the Ji father and son perished, where these experts belonged to became an unresolved matter. Outsiders had no knowledge of it.

All the way until Sun Man showed face today did the Medicine King Hall display the tip of the iceberg to the world.

The present Medicine King Hall's strength was still incomparably terrifying!

Disregarding a veteran Void Mystic powerhouse like Sun Man, Ji Canglan's strength in itself was already unfathomable.

When Ye Yuan saw Sun Man arriving, his brows furrowed slightly too.

Ji Zhengyang and Sun Man were sworn brothers. Their relationship was incomparably solid.

In the past, when Ye Yuan saw Sun Man, he would have to call 'Uncle Sun.' But now, he actually submitted until Ji Canglan's rule.

That Ji Bingyun by his side was also Ji Zhengyang's foster son. But now, they all betrayed the Ji father and son.

What on earth happened in-between this?

Sun Man clearly discovered Ye Yuan too, but his expression was incomparably cold. He said to Ji Bingyun indifferently, "Bingyun, you go and take down that traitor."

Sun Man did not conceal anything regarding this voice. Everyone heard it clearly.

But this result made everyone absent-minded.

Traitor? Where did this come from?

Ye Yuan was the Medicine King Hall's young lord. The entire Medicine King Hall could be said to be his. How could he be the Medicine King Hall's traitor?

However, Sun Man continued slowly, "Everybody, the change 20 years ago truly could not be helped. Ji Qingyun this traitor viciously killed his father for the sake of the Divine Dao secret canon, the Medicine God's Soul Canon. Fortunately, he was detected by Ji Canglan who executed him on the spot. Except, I didn't think that this villain actually got away with deceiving everyone and fled to the Lower Realms carrying a wisp of remnant soul. Now, not only has his strength improved further, he even obtained a divine artifact. If we let him carry on growing unchecked, it will likely be a calamity for the Divine Realm!"

The moment Sun Man's words came out, there was a hubbub immediately.

They never would have thought that Ye Yuan actually carried out such a crazy act.

Ye Yuan's eyes narrowed slightly, and a chill crept out.

He also did not expect that the Sun Man who treated him like a real uncle in the past would actually say this sort of incisive words.

Ye Yuan did not refute, because he knew that refuting did not have any use at all.

The Medicine God's Soul Canon was indeed in his hands, while the Medicine King Hall's upper echelons formerly were all Ji Canglan's people now.

All disputes would appear that feeble and weak.

Of course, actually, when the vast majority of the people heard 'Divine Dao secret canon' and 'divine artifact,' these two terms, they all revealed greedy looks.

The Medicine King Hall unforeseen accident, that was the Medicine King Hall's own affairs. It had nothing to do with the outside world. Even if Ye Yuan was really this sort of person, it had nothing to do with them too.

However, 'Divine Dao secret canon' and 'divine artifact,' these two things, were different!

Moreover, with Sun Man's words, them taking action against Ye Yuan would even stand on the side of righteousness.

"Ji Qingyun, I didn't think that you're actually such a vicious and shameless person! A traitorous villain like you who murders their own father, everyone has the right to punish!" Yue Xinping reproached furiously.

Jian Wushuang also could not stand not being in the spotlight, so he reproached, "Ji Qingyun, you normally appear gentlemanly, now, you have nothing to say, right? Today, I'm going to carry out justice on behalf of the heaven, and exterminate you, this villain!"

At this time, Ruan Shuangzhou and the rest behind Ye Yuan were all filled with righteous indignation.

They knew that Ye Yuan practically got caught in a hopeless situation himself for White Light. How could this kind of person who helped his friend with his life on the line possibly murder his father?

But Ye Yuan stopped them with a hand gesture. He just said to Ji Bingyun nonchalantly, "What are you in a daze for? Still not making a move?"

Ji Bingyun's face fell, and his figure moved explosively.

Seeing Ji Bingyun take action, Jian Wushuang could not contain himself anymore and roared out, "Ji Bingyun, I'll lend you a helping hand!"

Yue Xiping also yelled out, "My Fiendblade Mountain cannot bear the sight of this kind of wicked people the most! Kill!"

Right at this moment, a bolt of lightning flashed across the void. Another figure suddenly charged out. It was precisely the Thundercry Divine King.

In an instant, four mighty apex experts charged over toward Ye Yuan with a besieging momentum. That aura practically suffocated people.

Among the four people, there were even two who were Void Mystic Realm experts. While on Ye Yuan's side, there was only Kuang Tianming, one Void Mystic expert.

"With this, Lord Qingyun Zi is dead for sure! *Sigh* ... I say, you guys, is he really this sort of villainous traitor who murders his own father?"

"I don't believe this! Lord Qingyun Zi is praised by the people. How can he possibly be this sort of person? It's merely a one-sided story from that Sun Man!"

"*Sigh*, no matter what, Qingyun Zi has made too many enemies! These four great experts surrounding and attacking, he has no possibility of escaping alive at all."

Everyone was feeling sorry. These four great experts joining hands, it was virtually a certain death scenario.

But Ye Yuan did not have the intention of making a move.

He stood with his hands behind his back as if it did not concern him.

Kuang Tianming did not have the slightest hesitation and directly clashed with the Thundercry Divine King. The two of them were sworn enemies.

Right then, Wu Luo and Jiang Taicang, the two people erupted with an aura that made people astounded, making the three people who were currently rushing over greatly astonished.

"Divine King domain! These two people both broke through to the realm of Void Mystic? This ... How is this possible?"

"This is also too freakish, right? A few days ago, these two people were still ordinary deity realms and needed to use the Golden Needle Acupoint Piercing method before they can unleash the combat strength of peak divine kings. It's only been a few days, and they actually both broke through to the realm of Void Mystic!"

“Originally I thought that Qingyun Zi was a soft persimmon. I didn’t think that their side actually produced two additional Void Mystic powerhouses all at once! With this, wouldn’t Qingyun Zi become the number one force?”

Ji Bingyun trio’s figures stopped abruptly, forcefully stopping in midair.

Facing two mighty Void Mystic experts, the three of them were not enough at all!

“What? Weren’t you still pretty haughty just now? Saying you wanted to kill His Excellency? Why all shriveled up now?” Jiang Taicang said with a cold smile.

“His Excellency has deep sentiments and fierce loyalty. You all actually slandered him with words! Deserve death!” Wu Luo said, seething with killing intent.

Ji Bingyun was still alright, but Jian Wushuang and Yue Xinping’s faces were both awful like they had eaten a fly.

They thought that finding a helper this time, they could tyrannize Ye Yuan properly. They did not expect that Ye Yuan summoned two mighty Void Mystic experts with a wave of a hand.

With this, they neither advance nor retreat and actually froze there.

As for the Thundercry Divine King’s side, seeing the sudden change over here, his expression changed greatly too. Lightning flashed, and he actually disappeared with even greater speed than when he came!

Ye Yuan looked at Sun Man from far away and said coolly, “Uncle Sun, this is my last time calling you like this! I hope that you don’t let me find out you had anything to do with my father’s death. Otherwise ... your hour of doom won’t be far!”

Chapter 1048: The Immemorial Medicine Garden Opening

Ye Yuan’s threat made Sun Man’s expression change.

He gave a cold snort and said, “You villainous traitor, you still want to mislead the public? If not for Canglan having important business to attend to lately, he’ll definitely execute you summarily today!”

Ye Yuan said coolly, “Whatever you say. But my words earlier, you have got to remember them.”

As he said, he swept past the faces of the Medicine King Hall’s people one by one, saying in a cold voice, “You all, if there’s one, it counts as one. If you were really compelled by Ji Canglan to submit to him, I don’t blame you guys. But if I discover that any one of you was his accomplice ... I, Ji Qingyun, swear here, to definitely bathe the Medicine King Hall in blood in the future!”

Ye Yuan’s words contained an icy intent of slaughter, making everyone feel a chill when they heard.

Everyone all sensed his determination!

The resentment pent-up in the heart for these 20 years, Ye Yuan finally poured it out, making everyone’s faces change.

Such genuine sentiments were able to move people the most.

He wanted to avenge his father, It was naturally impossible to be someone who murders his own father.

“Like I said, Qingyun Zi is famed for being loyal, how can he possibly do this sort of treacherous thing like murdering his father?”

“Qingyun Zi’s words earlier were absolutely from the bottom of his heart! Ji Canglan plotted to harm the Ji father and son. Now, he actually even wants to sling mud at Qingyun Zi. Truly shameless!”

“Qingyun Zi hates evil as if it’s his enemy and had once eradicated many wicked villains. How could he do such a thing himself?”

Hearing a series of subdued whispers, Sun Man’s face fell slightly. He did not think that the situation he operated painstakingly was actually broken by a sentence from Ye Yuan.

If Ye Yuan’s strength was lacking, he could trample Ye Yuan to death without any scruple. But sadly, Ye Yuan created two Void Mystic experts overnight. This was simply something appalling to the ears.

Counting in Kuang Tianming, Ye Yuan’s side with three mighty Void Mystic experts was sufficient to contend with any faction.

Actually, even Jiang Taicang and Wu Luo themselves were also akin to have fallen into cloud and mist right now. This sort of feeling was seriously too wonderful.

The two of their talents were abnormally high. But to talk about breaking through to Void Mystic Realm, it was still a little lacking.

But the arcane insight rank Pure Source Infusion Divine Pill that Ye Yuan refined punched through that layer of windowpane paper without a hitch!

These few days, Ye Yuan was in closed-seclusion inside the Vast Heaven Pagoda. Laying down a powerful isolating array formation, he finally refined arcane insight rank Pure Source Infusion Divine Pills.

Jiang Taicang and Wu Luo would never have dreamed that not only did the two of them completely recover their strength, they even went a step further, breaking through to Void Mystic Realm!

Although just broken through to the realm of Void Mystic, their strengths were vastly inferior compared to even Yue Xinping.

But Void Mystic Realm was Void Mystic Realm. This was the Divine Realm’s pinnacle-most existence!

Right then, an intense tremor occurred ahead. Violent essence energy burst forth like floodwater breaking a dam.

The ancient grand array which sealed the Immemorial Medicine Garden finally opened up a crack.

The Immemorial Medicine Garden was finally opening!

With this, everyone could not contain themselves, flooding over into the Immemorial Medicine Garden like tidewater.

Sun Man gave a cold snort and said to Ji Bingyun, “Let’s go!”

Yue Xinping shot Ye Yuan a hateful glare and said, “Brat, consider yourself lucky! Let’s go!”

In a blink, tens of thousands of martial artists flooded into the Immemorial Medicine Garden.

“Milord, are we just letting them go like this? We have three great Void Mystic experts currently. Are we still afraid of these bastards?” Jiang Taicang said.

But Ye Yuan shook his head and said, “Sun Man’s strength, I’m clearest about it. If he wasn’t wary of others benefiting from the struggle and wanting to preserve their strength to enter the Immemorial Medicine Garden as well, with the two of your strength, it’s completely not enough for him to be wary of.”

Jiang Taicang could not help choking up as he said in disbelief, “I, Old Jiang, am in any case a Void Mystic powerhouse too. It’s not to the extent of not even having the strength to retaliate, right?”

Kuang Tianming by the side said coolly, “If I wasn’t injured, killing the two of you won’t expend much strength. But my strength is inadequate to look at in front of Sun Man all the same!”

When Jiang Taicang and Wu Luo, the two of them, heard it, they could not help sucking in a cold breath.

Initially, that bit of smugness because of breaking through to the realm of Void Mystic was instantly struck down until it was severely bruised.

The realm of Void Mystic similarly had the distinction of superiority or inferiority. But it did not have specific divisions of realms. The relative superiority or inferiority in strength was completely based on the martial artist’s own comprehensions toward Heavenly Dao.

Sun Man was once the Medicine King Hall’s number two expert, his strength second only to Hall Master Ji Zhengyang. His strength could be imagined.

Martial artists who had just entered the realm of Void Mystic completely could not stir up any waves in front of him.

Ao Qian also let out an emotional sigh as he said, “This old man not emerging for 20 thousand years, I didn’t expect that strength of martial artists these days already shook this old man off by a great deal!”

Ye Yuan said with a smile, “You don’t need to belittle your capabilities either. When we find a 100 thousand-year-old Heart End Grass, even if you don’t reach the height of the Ten Great Divine Kings, you absolutely won’t be the least bit inferior compared to Sun Man too.”

Speaking of this, Ao Qian also had a look of anticipation as he said, “Honestly speaking, seeing these two punks’ medicinal effects, I’m really craning my neck in anticipation of the Unreal Enlightenment Divine Pill!”

Ye Yuan chuckled and said, “Unreal Enlightenment Divine Pill, I can’t refine it yet in my current state. Need the divine soul realm to improve further for it to work. Alright, let’s go in too.”

In this short while, there was already a large batch of martial artists that flooded into the Immemorial Medicine Garden. Ye Yuan’s party was already half a beat slow.

...

Walking into the Immemorial Medicine Garden, sensing the abnormally thick essence energy undulations immediately gave people a feeling of being refreshed in mind and spirit.

Violent essence energy instantly rushed into all of the limbs and bones in Ye Yuan's body, making him feel like his thoughts were incomparably smooth.

"Really worth of being the Immemorial Medicine Garden. No wonder it can inoculate so many natural treasures!" Wu Luo said with an emotional sigh.

Ye Yuan nodded his head when he heard that and said, "The Immemorial Medicine Garden has already existed for countless years and already had countless martial artists enter inside before too. But the regions that these people truly reached were likely less than one-thousandth of the Immemorial Medicine Garden! The truly good stuff, with the current Divine Realm martial artists' strength, they can't go in at all!"

Ao Qian said, "Milord, they all said that divine rank spirit medicines are coming into being this time. Could it be true?"

The Immemorial Medicine Garden's abnormal activities this time attracted a large batch of experts over. Just the super holy lands, four houses came.

Such a lineup did not exist when the Immemorial Medicine Garden opened in the past.

Probably only when divine rank spirit medicines came into being, could it draw so many powerful factions too, right?

Ye Yuan smiled lightly when he heard that and said, "Divine rank spirit medicine, even if they obtain them, who has the ability to refine out medicinal pills? Furthermore ... even if those few came, they might not be able to gain any advantages at the hands of divine rank spirit medicines either, right? What's truly terrifying inside this Immemorial Medicine Garden are not those desolate beasts, but those spirit medicines that became spirits ¹ !"

When everyone heard Ye Yuan's words, their expressions all became slightly apprehensive.

These few people were all very old figures already. But this version, it was still their first time hearing.

Except, calculating based on Ye Yuan's age, it should be his first time entering here too, right? Why would he know so clearly?

"Milord, then ... where should we go now?" Jiang Taicang asked.

Chapter 1049: Purple Evil Skygloom

The Immemorial Medicine Garden was very large. Several tens of thousands of martial artists went in. Very quickly, they dispersed.

Those super holy lands' experts were long gone already. They simply turned their noses up at the spirit medicines in the vicinity and immediately hastened to the divine rank spirit medicines in the deep regions.

Ye Yuan did not stop either. Their party was going to look for a 100 thousand-year-old Heart End Grass first.

And a 100 thousand-year-old Heart End Grass was impossible to find in the outer-regions.

Rumble! Rumble!

Ruan Shuangzhou and Ao Qian, the two of them each took care of a Tier 9 desolate beast. Ao Qian said with a frown, "We've just reached the 30 thousand years region. These desolate beasts' strengths are actually already this powerful! The Immemorial Medicine Garden opening this time is truly quite extraordinary! Could it be that ... there really are divine rank spirit medicines coming into being?"

"Yeah. I've come to the Immemorial Medicine Garden before in the past. But the strength of the 30 thousand year region's desolate beasts at that time were not this powerful!" Ruan Shuangzhou said as well.

The Immemorial Medicine Garden's regions were calculated using the age of spirit medicines.

Regions below 100 thousand years old, 10 thousand years per rank. The strength of the desolate beasts would become stronger along with the increase in age.

The Immemorial Medicine Garden's desolate beasts, some were present in the Divine Realm, some were not available in the Divine Realm. But there was one thing, although the strengths of the desolate beasts here were extremely powerful, they would never take human form.

Furthermore, desolate beasts were bloodthirsty by nature. As long as they saw humans, they would launch attacks. There was not the least bit of intellect to speak of at all; it was completely different from the outside world's demon race. Hence, that was why they were called desolate beasts.

With the strength of Ye Yuan's party, these desolate beasts in the outer-regions naturally could not enter their sights. But they could sense the desolate beasts' increase in strength.

Dividing spirit medicines according to grade, it was divided into a total of nine grades. But along with the increase in age, the medicinal effect of the spirit medicines would continue building up.

Tier 9 spirit medicines would not advance ranks. But along with the increase in age, their medicinal effects would also increase to a rather terrifying level.

It was just that these spirit medicines were too rare. It virtually resided in a state of extinction in the outside world. One would only have an opportunity to find them in this Immemorial Medicine Garden.

Of course, tremendous risks came along with it too.

Ye Yuan also frowned and said, "Looks like the difficulty level of us wanting to find a 100 thousand-year-old Heart End Grass will likely be quite a bit difficult! In a while, when we reach the 100 thousand years region, everybody be more careful. Make sure not to provoke those desolate beasts!"

100 thousand years was a dividing crest. Reaching the 100 thousand years region, the strength of the desolate beasts practically already reached the level of Void Mystic experts!

Going further in, the degree of danger would rise by more than several times.

But now, the desolate beasts' strength as a whole all went up a step. Once they ran into desolate beasts in the 100 thousand years region, the consequences were too dreadful to contemplate.

Everyone all nodded when they heard this, having solemn looks on their faces.

The party was cautious. Using three days' time, they finally entered the 100 thousand years region.

"Heart End Grass normally grows in the cracks of rocks. Let's head into that valley to search," Ye Yuan said and pointed to a direction.

In terms of mastery over spirit medicines, these former big shots could not catch up to Ye Yuan even if they whipped their horses. There was naturally no objections.

The party followed step by step and walked into a valley, and started searching.

Suddenly, Ye Yuan's entire body trembled and he said, "That ... That is Purple Evil Skygloom! A 100 thousand-year-old Purple Evil Skygloom! *Haha*, our luck is seriously too good!"

Far away, a stalk of purple-colored spirit medicine was very conspicuous. Fragrance spilled over. One look, and it was clear that it was not an ordinary item.

This place was the 100 thousand years region. No need to think and one would also know that it was good stuff.

Although this place was called the 100 thousand years region, it did not mean that there were spirit medicines all over the place here. On the contrary, the land here was vast, and the medicine scarce. Finding a stalk of 100 thousand-year-old spirit medicine was also not much different from winning the lottery.

A single misstep and one would even be chased down by desolate beasts endlessly.

Everyone was perplexed and asked Ye Yuan, "Milord, what is the Purple Evil Skygloom?"

Tier 9 spirit medicines were extremely rare. Moreover, along with the difference in age, changes would even occur to their form.

Let alone martial artists, even many Alchemy Emperor experts could not recognize at all when they saw some rarely-seen spirit medicines.

Ye Yuan was rather agitated as he said, "The Purple Evil Skygloom is a kind of extremely rare Tier 9 spirit medicines. It carries a portion of Heavenly Dao laws naturally, which is extremely hard to form! A 100 thousand-year-old Purple Evil Skygloom can make Void Mystic experts advance a step further!"

Hearing Ye Yuan say finish, everyone trembled all over!

Especially Ao Qian and Kuang Tianming, they were both already veteran Void Mystic powerhouses. They were deeply aware of how difficult it was for Void Mystic experts to improve even a little.

But, with this Purple Evil Skygloom, just swallowing it could let Void Mystic experts break through their original strength. This was simply a heaven-defying treasure!

“M-Milord, i-is this whatever Purple Evil Skygloom really that incredible?” Ao Qian said rather disbelievingly.

Ye Yuan was quite excited as he said, “This is only just the effects of swallowing the spirit medicines! I saw before a pill formula in an ancient record. One of the core medicines in this pill formula is the Purple Evil Skygloom. If refined it into a pill, just think how powerful its medicinal effects will be?”

Kuang Tianming drew a deep breath and said, “Then still waiting for what, Younger Brother? Let’s quickly go and harvest it!”

Ye Yuan nodded his head and stepped forward.

He carried some agitation and walked over towards the Purple Evil Skygloom.

“Roar!”

Everyone had just walked halfway when a terrifying roar sounded out, making everyone’s expressions change.

An enormous bull-shaped desolate beast walked out from the depths of the valley. That aura, even when a Void Mystic powerhouse like Jiang Taicang saw it, he also shuddered.

This large bull was practically three people high and over a hundred feet long. Each step it took, the earth seemed to be quaking.

Ye Yuan’s expression changed, and he said, “Not good, this is Wilde Earth Bull! Its strength absolutely doesn’t lose out to Void Mystic Realm powerhouses!”

“This ... Milord, he already blocked the Purple Evil Skygloom. A-Are we still going over or not?” Jiang Taicang said with an ugly expression.

Ye Yuan rebuked, “You go over if you want to! I don’t want to die! Quickly run! Still in a daze for what?”

While talking, that Wilde Earth Bull already accelerated and galloped over.

Before the bull arrived, that terrifying impact force already arrived in front of everybody!

Seeing this sort of power and momentum, how could Jiang Taicang still dare to be concerned about what Purple Evil Skygloom. He turned his butt around and ran.

One should not simply look at how the Wilde Earth Bull’s size was massive; its movements were actually incomparably agile. In a blink of an eye, it caught up to Ye Yuan and the others.

Jiang Taicang saw that they could not escape and yelled out, “Wu Luo, fight it out with him! Retreat while fighting! Cover His Excellency out of the valley!”

Wu Luo also understood without many words. The two people’s divine king domains opened fully and directly clashed with the Wilde Earth Bull.

Rumble!

A tremendous impact actually directly knocked Wu Luo and Jiang Taicang, the two of them, flying!

This Wilde Earth Bull's strength was too terrifying.

Wu Luo and Jiang Taicang fought as they retreated, very quickly covering Ye Yuan out of this stretch of valley. The Wilde Earth Bull still did not have its fill and directly followed and charged out.

When Ye Yuan's party and the Wilde Earth Bull all disappeared, a figure slowly appeared and came right beside the Purple Evil Skygloom. A hint of a smug smile curled at the corners of his mouth.

"A bunch of fools. Busying about for half a day, didn't it still benefited me, Wu Yuanqiao?"

This person was precisely the Thundercry Divine King, Wu Yuanqiao, who was hiding at that place all along!

Unrivaled Medicine God

Chapter 1050: No Discussion About Scamming You

What the Thundercry Divine King was most adept in, apart from lightning-style cultivation methods, was this concealment and tracking art.

Along the way, he had been following Ye Yuan's party all along, wanting to fish in troubled waters.

If Ye Yuan they all encountered great danger, he did not mind supplementing a knife from the back. If Ye Yuan they all found good stuff, he could also beat them to the draw.

He did not recognize this Purple Evil Skygloom either. But Ye Yuan's words earlier made him endlessly moved.

Any Void Mystic expert also probably would not be unmoved hearing Ye Yuan's words.

He was still planning on how to cut in just now. He did not expect a Wilde Earth Bull to suddenly charge out.

"Truly obtained it without any effort at all! This fine item, I'll accept it!"

Wu Yuanqiao was wildly ecstatic in his heart, reaching his hand out, wanting to pluck the Purple Evil Skygloom.

Right then, a purple light flashed from the Purple Evil Skygloom. Wu Yuanqiao's expression changed, and he instinctively wanted to shrink back.

However, it was already too late ...

The purple light actually pierced through his essence energy shield incomparably swift and fiercely, stabbing him!

In an instant, a wave of black aura followed along the wound, wanting to creep upwards.

Venomous!

Wu Yuanqiao's expression changed drastically, and he frenziedly urged his emperor qi, wanting to force the venom out of the wound.

However ... it was not over yet!

Rumble!

An enormous snake shot up to the sky from beneath the earth, opened its gaping maws, and bit down at Wu Yuanqiao.

How could Wu Yuanqiao still bother about forcing out the venom? He instantly opened up his divine king domain. Slashing his hand, a bolt of lightning charged towards the massive snake.

Rumble!

The massive snake also spewed out a violent essence energy attack, directly clashing together with Wu Yuanqiao.

Under an attack, they were actually evenly-matched!

That enormous snake seemed to have went nuts. It continuously unleashed attacks at Wu Yuanqiao. The one snake and one human started a great battle in the valley.

Wu Yuanqiao was incomparably alarmed in his heart. This massive snake's strength was actually very nearly the same as his.

His expression became ugly. He could distinctly sense that the venom from the wound earlier were creeping into his body again.

Right then, several figures rose and dipped, and appeared in the valley.

They were none other than precisely Ye Yuan and the others who had just left the valley.

Wu Yuanqiao was currently in the heat of battle. But the appearance of Ye Yuan's group could not hide from his ears and eyes at all. This made him instantly have a foreboding premonition!

"*Huhu*, truly touching! Thundercry, I really don't know how to thank you. This Heaven Devouring Python is the Purple Evil Skygloom's guardian beast. I was just fretting over what to do, but you lured him away. You're such a good guy, this Ye is shedding tears of gratitude!"

Ye Yuan's words were said very sincerely, but the teasing look on his face was displayed completely.

Hearing these words, how could Wu Yuanqiao still not know that he was duped?

Turned out that this guy had long known that he had been following them all along. That was why he set up such a play, making him fall into the trap himself!

But he was already very careful this time and followed very far away the whole time. Moreover, his concealment and tracking art was unleashed to the limits.

He was confident that it was sufficient to hide from Void Mystic experts, but why could he not even hide from a First Level Dao Profound fellow?

Also, what was the deal with that Wilde Earth Bull?

Could it be that this Ji Qingyun could even communicate with this desolate beast to cooperate with him and act out a show?

Even if Ji Qingyun had this ability, there was also no time to go and do this!

“The moment Wilde Earth Bulls see Forest Joy Grass, it will go crazy. Still remember that stalk of spirit medicine I plucked at the 70 thousand years region? That is a Forest Joy Grass! Now, that Wilde Earth Bull has already chased my clone out far away. *Oh*, your concealment and tracking art is indeed very impressive, but sorry about that. I recently had some breakthroughs in heart realm again. The level of skill you have is not enough!”

Ye Yuan seemed to know what Wu Yuanqiao wanted to ask and directly answered him altogether.

Hearing Ye Yuan’s words far away, Wu Yuanqiao nearly spewed out a mouthful of old blood.

His aura was chaotic, and he nearly got swept by the Heaven Devouring Python’s tail.

Anger attacking the heart, that venom already crept up his arm following his blood.

He was incapable of speaking currently and could only listen to Ye Yuan rattle on non-stop.

“*Oh*, I forgot to tell you. The Purple Evil Skygloom can’t be picked like that. You need to pluck it with the power of flames, then seal it using a jade bottle. This Purple Evil Skygloom’s poison is very formidable, Don’t look at how you’re a Void Mystic expert; if the venom flow to the heart channels, your cultivation realm will fall drastically even if you don’t die! If I were you, I’d hurry and find a place to enter closed-seclusion and force the poison out right now. Otherwise, nobody can save you! *Oh*, don’t think about redirecting the troubled waters. You touched the Purple Evil Skygloom, the Heaven Devouring Python will keep chasing you down. As for whether or not you can shake him off before the poison kicks in, it will depend on your luck,” Ye Yuan said unhurriedly.

“*Puu!*” Wu Yuanqiao finally could not resist spewing out a mouthful of blood.

Ye Yuan was like a roundworm in his stomach, completely aware of what he was thinking.

He did indeed had the idea of redirecting the troubled waters just now. But Ye Yuan actually saw through him with one glance.

Furthermore, hearing Ye Yuan’s words, Wu Yuanqiao’s entire person went cold.

This poison was actually so formidable?

At this point, rather believe that it exists than not!

Thinking up to here, how could Wu Yuanqiao still dare to stay? He opened up his divine king domain and suddenly erupted with a shocking attack, immediately blasting the Heaven Devouring Python far away.

He immediately did not dare to stay either, directly urging his movement technique to the limits and fled for his life.

The Heaven Devouring Python seemed to have been enraged by Wu Yuanqiao’s blow and directly dashed at full speed towards outside of the valley. Its speed was actually not the slightest bit slow!

Seeing this scene, everyone behind Ye Yuan was speechless.

Just earlier, they were also all kept in the dark by Ye Yuan. Seeing Ye Yuan use a clone to lure the Wilde Earth Bull away, each and every one of them even chuckled inwardly.

When they saw Wu Yuanqiao being attacked by the Heaven Devouring Python, they all had blank looks, uncertain about what happened.

Only when Ye Yuan explained clearly did they come to a realization.

While currently, the most agitated one was none other than the Extreme Sword Divine King, Kuang Tianming.

He and Wu Yuanqiao were sworn enemies. These few years, there was no lack of being hunted down by him. Yet, Wu Yuanqiao, this fellow's concealment and tracking art was extremely brilliant. Kuang Tianming could not shake him off no matter what.

He knew that Ye Yuan doing all this today was all for the sake of helping him take revenge. How could he not be moved?

"Younger Brother, you ... What do you want Elder Brother to say about you? This great gift is seriously too unexpected!" Kuang Tianming said agitatedly.

Ye Yuan said with a smile, "This guy has been following behind us the entire time harboring malicious intentions. It just so happened to have given me an opportunity to help Elder Brother take revenge. *Hehe*, us brothers don't have to say this sort of distant words."

Kuang Tianming nodded and said, "Alright, us brothers won't regard each other as strangers! When Elder Brother heals from my injuries, I'll accompany you along to charge up to the Medicine King Hall! I don't believe that Ji Canglan this guy can cover the sky with one hand!"

Ye Yuan said smilingly, "Even if Elder Brother doesn't say, I'll also invite you along! But, the urgent matter on hand, let's better treat your injuries."

"Milord, why do I feel like you're very familiar with this place?" Jiang Taicang suddenly asked a sentence absentmindedly.

Ye Yuan said with a smile, "Because I came here before!"
