

Medicine God 1141

Unrivaled Medicine God

Chapter 1141: Clues

“High-grade, but smaller in size. Although the medicinal effect can’t be compared to an actual high-grade pill, it should be more than adequate compared to middle-grade. How is it?”

Ye Yuan passed the high-grade Astral Heavenly Soul Pill that was a size smaller in front of Old Xie.

Because during the first refinement, many components were already lost. Ye Yuan was also unable to make it appear out of thin air.

But through Ye Yuan’s return to the furnace and reforging, the purity of the medicinal pill was more than a grade high, and it already reached high-grade.

It was just that the medicinal effect was definitely quite a bit worse compared to a genuine high-grade.

Old Xie trembled all over. Only now did he awaken, looking toward Ye Yuan with a stunned look. Until now, he still did not quite dare to believe it.

“O-Of course!” Old Xie said rather slowly.

“Then this Coiling Dragon Spirit Root, this young master is taking it away.”

Ye Yuan casually threw the medicinal pill to Old Xie. Reaching his hand out and grabbing, he threw the Coiling Dragon Spirit Root into the air.

He casually pointed. A streak of sword energy shot towards that Coiling Dragon Spirit Root, directly dividing it into two.

“Old Zhou, this is yours!”

Ye Yuan threw half of the Coiling Dragon Spirit Root to Zhou Yun, while he put away the other half.

This Coiling Dragon Spirit Root was similarly very important to Ye Yuan. His fleshly body power was stuck at the bottleneck of middle-stage Tier 9 to late stage.

Following his fleshly body realm getting higher and higher, the remnant of the primeval dragon bone’s power was already becoming lacking.

This primeval dragon bone had, after all, experienced more than a million years. The power had long waned a lot already.

To be able to support Ye Yuan’s cultivation all the way until now was already the limit.

Right now, for Ye Yuan to want to have a breakthrough in fleshly body, there was only by relying on outside power.

But this was not a major problem for Ye Yuan.

He had quite a few pill formulas in his hand, all for body cultivators’ usage.

With this half section Coiling Dragon Spirit Root, Ye Yuan was very confident in him breaking through to late-stage Tier 9.

Zhou Yun received the Coiling Dragon Spirit Root and was incomparably thrilled.

This feeling of recovering what one previously lost was truly too wonderful.

Although it was only half a section, if without this young man in front of him, not only would he not even get half a section, he would even suffer a major loss.

Toward Ye Yuan, he only had gratitude remaining!

“Master, this Zhou had eyes but couldn’t see previously and rebutted Master. Master, please don’t take offense!” Zhou Yun gave a deep bow to Ye Yuan and said.

Ye Yuan said smilingly, “*Huhu*, snatched half of your Coiling Dragon Spirit Root, I should be hoping that you don’t take offense.”

Really talking about it, Ye Yuan was considered to have gained something without risking anything of his own this time.

Except, without his refinement, none of the three of them could get any benefits.

But now, it was a win-win-win situation.

Zhou Yun hurriedly waved his hand and said, “Master is too kind. Zhou Yun wouldn’t dare. It’s just that ...”

Talking to the back, Zhou Yun suddenly became bashful.

How could Ye Yuan not see through his thoughts? He said with a smile, “I can help you refine the Crimson Firmament Tyrannical Body Pill. But you’ll have to prepare the spirit medicines yourself.”

Body refinement reaching late-stage Tier 9, it was not that there was no way of advancing anymore.

Corresponding to the Void Mystic of essence energy realm, body refinement likewise still had room for improvement.

Except, wanting to reach the body refinement’s great circle of refinement realm, was as hard as ascending to the heavens!

Hence, that was why Zhou Yun viewed this half section of Coiling Dragon Spirit Root incomparably importantly.

If not for fear of the island’s rules, he even had the thought of snatching.

But now, Zhou Yun was wildly elated when he heard Ye Yuan’s words.

With the Crimson Firmament Tyrannical Body Pill, his fleshly body would be able to advance a step further. His strength would absolutely be able to rival initial-stage Void Mystic powerhouses.

This to him was undoubtedly ascending to the heavens in one bound!

For body cultivators, the hardest step to take was this step!

“That is, of course! That is, of course! Thank you, Master! Thank you, Master!”

Zhou Yun was overjoyed and directly knelt down towards Ye Yuan with a thud.

After this bout, everyone’s gazes when looking at Ye Yuan became different.

This young man was simply a freak!

It was fine that his Martial Dao cultivated to the Sixth Level Dao Profound at a young age, his strength in alchemy was actually so terrifying!

“Master, I have a 200 thousand years old Cloudmist Qingluo. Do you want to come over and take a look?”

“Master, I have an Extreme Desire Mystic Dew. Come and take a look!”

“Master, I have a Heavenly Evil True Fruit, do you require it or not?”

All of a sudden, Ye Yuan became a high-in-demand figure in this trade fair. Each time he came before a stall, he would be welcomed by people with smiles.

The people in this trade fair, many would look at the treasures first, then exit the Nine Phoenix Island, and would then invite some alchemists to refine medicinal pills before carrying out the transaction.

Now, Ye Yuan’s appearance utterly smashed the status quo. He became a scalding hot figure on the island all at once!

...

In a pavilion on the island, Duan Lingfeng’s face was very grim.

“I truly didn’t think that not only is this brat’s Martial Dao strength shocking, but he also has such terrifying strength in alchemy too!” Duan Lingfeng said.

Hei Meng was clearly very surprised too. But he smiled and said, “Old Third, we have accumulated staggering wealth in this 1000 years. Could it be that you still take fancy on this bit of share? As long as Big Brother breaks through, what is there we want that can’t be obtained? However, I also did not think that this brat’s Alchemy Dao strength was actually so terrifying.”

“Second Brother, now, I also feel that this brat is rather peculiar! Why not, we’d better kill him off!” Duan Lingfeng said.

Hei Meng said in a solemn voice, “Wait a while more and see! As long as he doesn’t stir up trouble, ignore him for the time being. Our objective is still the Purple Lingzhi! When Big Brother moves out in time, disposing of them while he’s at it isn’t too late either!”

Duan Lingfeng heaved a sigh and said, “Alright then!”

...

Ye Yuan strolled for a long time, but he did not encounter things that moved him anymore.

Of course, his primary objective was not to exchange goods with others, but to search for traces of Zhao Xingcheng.

This trade fair had a thousand people. Moreover, there were all sorts of races. The matter had passed for over 20 years too. Wanting to find clues was exceedingly difficult.

In one day, Ye Yuan only merely sauntered half a street.

This Nine Phoenix Island prepared residences for all of the guests. Although Ye Yuan's party came unexpectedly, there were still rooms available.

In the evening, Zhou Yun dropped in, and he actually brought over the spirit medicines for refining the Crimson Firmament Tyrannical Body Pill.

It seemed like this guy already prepared a long time ago for this.

Ye Yuan did not refuse either, directly accepting the spirit medicines, and agreeing to refine for him.

But the medicinal pill that Ye Yuan himself wanted to refine was a grade lower than the Crimson Firmament Tyrannical Body Pill, called Refined Steel Bone Tempering Pill.

But this medicinal pill similarly required the Coiling Dragon Spirit Root.

As for the other spirit medicines, Ye Yuan was not lacking of them.

The second day, Ye Yuan did not show up in everyone's line of sight. This involuntarily made those stall-owners somewhat disappointed.

However, Ao Qian brought Zhao Qian along and continued searching for clues on the island.

The third day morning, Ye Yuan walked out of his room and saw Zhao Qian currently pacing around in front of his door, appearing very anxious.

The moment she saw Ye Yuan come out, she immediately came forward.

"Looking at your appearance, is it possible that there's some discovery?" Ye Yuan asked curiously.

Zhao Qian nodded and said, "Young Master Ye, I discovered that a person actually has my father's treasure on him! Perhaps he's the person who exchanged the Silvermoon Heavenly Tea with my father!"

Unrivaled Medicine God

Chapter 1142: You Just Say Yes or No!

The person Zhao Qian was talking about was called Qiu Yuqiu. In this trade fair, he was a figure who was all the buzz too.

This is because virtually every time he came over, he would bring some things that made people felt greatly moved.

It was just that his things were too good. There were not many people capable of exchanging for them.

This person's strength was very formidable too. Ye Yuan reckoned that he was at the very least not weaker than Zhao Lingdong.

For an itinerant cultivator to be able to cultivate this kind of boundary, it was still very rare.

“This brother, can you let you take a look at that copper coin on you?” Ye Yuan clasped his hands and said.

On that Qiu Yuqiu’s body, hung a copper coin.

Don’t look at how this copper coin was unassuming. It was a transcendent-grade holy artifact, capable of killing people imperceptibly.

Ye Yuan had seen before this copper coin, so he recognized it at a glance.

But Qiu Yuqiu did not even lift his eyelids. He did not make a sound, taking no notice as he basked in the sun, a look of pride.

Ever since after that day, when Ye Yuan purified the medicinal pill, this was still the first person who had such an attitude towards him.

Ao Qian was just about to fly off the handle when he saw the situation but was stopped by Ye Yuan.

He smiled and pointed at the purple-colored ganoderma on the booth and asked, “This Purple Lingzhi of yours, how to exchange with it?”

At this time, Qiu Yuqiu finally lifted his eyelids and stretched lazily as he said, “High-grade Hundred Flower Heavenly Fate Pill. Provide the spirit medicines and pill formula on your own. If there isn’t, go to one side and play.”

When the Ao Qian by the side heard these words, his temper flared up at once!

“You’re courting death! Just a lousy ganoderma, to actually dare boast so shamelessly!” Ao Qian roared.

Ao Qian’s roar immediately drew everyone’s attention.

Ye Yuan’s company became everyone’s focal point once again.

“Master Ye actually provoked Qiu Yuqiu. I say, will they come to blows or not?”

“Qiu Yuqiu is famous for being a stone in the latrine, stinky and hard!”

“This guy relied on the fact that he’s able to find some natural treasures and has always been arrogant without limit! I didn’t think that he also dare to be so arrogant toward Master Ye!”

...

Everyone talked at once. Clearly, this Qiu Yuqiu was famed for being condescending.

However, Ye Yuan understood from Shark One there that this Qiu Yuqiu really had some capability.

The things he found were virtually the best in this place!

And that Silvermoon Heavenly Tea was precisely obtained from Qiu Yuqiu’s hands 20 years ago!

Qiu Yuqiu gave a cold laugh and said, “The lousy ganoderma, it is this price. Either exchange or don’t!”

Ye Yuan gestured at Ao Qian, stopping his outburst, and said coolly, “Transcendent-grade Hundred Flower Heavenly Fate Pill. I want the Purple Lingzhi, the copper coin on you, plus some intel!”

Qiu Yuqiu choked up and finally sat upright, sizing Ye Yuan up seriously.

“This is for real?”

Ye Yuan smiled and said, “You just say yes or no!”

Qiu Yuqiu said somberly, “If you’re really able to refine a transcendent-grade Hundred Flower Heavenly Fate Pill, of course it is yes! But, if you wreck it, don’t blame me for taking action against you!”

Ye Yuan said coolly, “Before the medicinal pill is refined, it has nothing to do with you!”

Hundred Flower Heavenly Fate Pill, as its name suggested, was refined with over a hundred types of spirit flowers, with the power to artfully seize fate!

To a powerhouse like Qiu Yuqiu, the most important was naturally comprehension toward Heavenly Dao.

If Ye Yuan really refined a transcendent-grade Hundred Flower Heavenly Fate Pill, it was sufficient to let his divine king domain expand as much as 200 feet!

Don’t look down on this 200 feet. This increase and its impact on his strength were not just a tiny bit.

This radius of 200 feet, if he comprehended himself, it would likely need several hundred years.

Ye Yuan helped him to save several hundred years of time all at once. How could he not be moved?

While a high-grade Hundred Flower Heavenly Fate Pill, at the very most, could only help him to expand a distance of 50 feet.

The difference in this, Qiu Yuqiu was all too clear.

Ye Yuan nodded his head and said to everybody in the surroundings, “I need a 500 thousand years old Mystic Citrus Flower, a 200 thousand years old ...”

Ye Yuan reported over 30 types of flower names in one go, causing those stall owners to all check their inventories, to see if there were the corresponding flowers or not.

These over one hundred types of spirit flowers, Ye Yuan had over 60 types on him.

Apart from several types of 500-thousand-year-old core medicines being harder to come across, the rest was not too big of an issue.

This trade fair had a thousand powerhouses. Gathering these hundred types of spirit flowers was not difficult either.

For Ye Yuan to want to obtain these spirit flowers, it naturally meant helping them refine pills.

Over 30 types of spirit flowers, these required over 30 types of medicinal pills.

Furthermore, these medicinal pills were all Tier 9 medicinal pills.

If it were other people, they would be exhausted to death.

Ye Yuan directly planted the Dragon Sovereign Cauldron over there and started refining in full swing.

Some ordinary Tier 9 medicinal pills were too easy to the current Ye Yuan.

As long as he did not pursue quality, he could practically finish in an hour.

Of course, even so, the lousiest that came out were high-grade medicinal pills too.

Those people were dumbstruck with amazement by Ye Yuan's pill refining efficiency and the quality of the produced pills. They had never seen before which alchemist could refine pills like this!

After a day and night, all of the medicinal pills were finished refining!

Everyone was dumbfounded!

"Just where did a freak like Master Ye come from? This alchemy skill is too heaven-defying!"

"Yeah. Alchemist Association's Chairman, Jing Fengtian, is also inferior than him, right?"

"*Hahaha*, mine is a transcendent-grade medicinal pill! Profit! Big profit!"

Those stall owners without spirit flowers could only blankly watch others return fully loaded, with a look of envy.

Such high intensity refinement and he could actually still refined such a high quality pill. This alchemy skill was simply heaven-defying.

Even the Qiu Yuqiu whose eyes were at the top of his head was also starring dumbfounded with his mouth gaping at this time too!

Disregarding other things, just the hundred types of spirit flowers that this Hundred Flower Heavenly Fate Pill required, was tremendously hard to gather.

He himself searched for over ten years, and also merely gathered 30 to 40 types.

But Ye Yuan only used a day's time and gathered over 30 types of spirit flowers.

If he was able to gather the spirit medicine himself, he also would not utter making Ye Yuan provide the spirit medicines himself, this sort of words.

This ... really made people at a loss for words.

"You only wanted over 30 types of spirit flowers. Could it be ..." Qiu Yuqiu went forward and asked rather hesitatingly.

Ye Yuan said with a faint smile, "That's right. The other spirit flowers, I have them all!"

"*Hiss ...*"

Everyone drew a cold breath. This sort of words simply made people hard to believe it.

Over a hundred types of spirit medicines. Disregarding that each kind was extremely rare, there at least had to be some that were not easy to find, right?

Ye Yuan wanted over 30 types. Did that not mean that the remaining 60 plus types, he had them all?

If it were before, they would definitely turn their noses up at Ye Yuan's words.

But now, it was not up to them to not believe!

This Ye Yuan simply subverted their understanding!

"I'll rest for a day. Tomorrow morning, I'll help you refine the Hundred Flower Heavenly Fate Pill!"

Finished talking, Ye Yuan strutted off, leaving behind everyone staring in bewilderment.

Continuously refining for a day and night, Ye Yuan's expenditure was tremendous too.

Refining mystic grade medicinal pills were completely different from refining Tier 9 medicinal pills. Ye Yuan naturally had to adjust his condition well.

Looking at Ye Yuan's back view, Qiu Yuqiu's gaze shone.

This Ye Yuan's performance made him have a bit more confidence out of the blue.

Perhaps, he could really refine a transcendent-grade Hundred Flower Heavenly Fate Pill!

[Unrivaled Medicine God](#)

Chapter 1143: Nine Phoenix Island's Problem

On the Nine Phoenix Island, a vast majority of the stall owners stopped their businesses and came to watch Ye Yuan refine pills.

A Sixth Level Dao Profound refining mystic grade medicinal pills. This was absolutely a major news!

"Master Ye is really incredible, simply reaching the acme of pill refining heights. But can this mystic grade medicinal pill be refined while skipping ranks?"

"I really never heard of this before! If it were before, I'd definitely think that Master Ye was bragging. But now, I'm looking very forward to it!"

"*Tsk tsk*, if Master Ye is really able to refine a mystic grade medicinal pill, doesn't that mean that the Divine Realm gained another peak Alchemy Emperor?"

"Isn't that so? Qiu Yuqiu, that old thing, likes to posture day in and day out. This time, he's finally going to get his face slapped, right?"

...

Qiu Yuqiu's relation with people was clearly not very good, resulting in many people all wanting to see the sight of him being face-slapped by Ye Yuan, utterly subduing him.

The moment the Dragon Sovereign Cauldron activated, the skies turned dark. Nine stars formation diagram blotted out the sky and obscured the sun akin to Mount Tai bearing down.

Immediately, cries of exclamations sounded out all around!

“Nine Stars Imperial Heaven Art! This is the Nine Stars Imperial Heaven Art! Master Ye actually already grasped the Nine Stars Imperial Heaven Art at a young age! No wonder he dared to talk so big!”

Never ate before pork, but there were still quite a few people who had seen pigs run before.

The moment the nine stars formation diagram opened up, somebody immediately cried out in shock.

People who were able to activate the nine stars formation diagram and use the Nine Stars Imperial Heaven Art could absolutely be counted on one’s fingers in the Divine Realm!

How could this Master Ye’s Alchemy Dao strength still allow them to call into question?

Along with the nine dim stars in the sky being lit up one by one, everyone’s hearts leaped to their throats.

Ye Yuan’s refinement was very casual, not as taxing as everyone imagined.

After two days, the medicinal pill was done.

Without any surprises, transcendent-grade!

Even in his previous life, Ye Yuan could already refine mystic grade medicinal pills with the greatest of ease.

Now, his divine soul was gradually converted into a golden divine soul. His soul force was God knows how much stronger than his previous life. Controlling it did not expend much effort.

“How is it? Can we exchange now?”

Ye Yuan took out the medicinal pills and came before Qiu Yuqiu, looking at him with a smile that was not a smile.

Qiu Yuqiu’s entire person was still in a state of shock. Being told by Ye Yuan like this, only then did he come back to his senses.

He carefully received the medicinal pills in Ye Yuan’s hands and put it away solemnly before passing the Purple Lingzhi to Ye Yuan.

Although the Purple Lingzhi was good, Ye Yuan did not care at all. What he minded even more was the copper coin and information.

Qiu Yuqiu’s brain was constantly in the midst of short-circuiting these two days. Only when he saw Ye Yuan still staring at him did he quickly awaken, taking off the copper coin at his waist and passing it to Ye Yuan.

Ye Yuan received the copper coin and casually passed it to Zhao Qian.

Zhao Qian received the copper coin tremblingly and nodded her head to Ye Yuan, extremely agitated.

Ye Yuan understood and said to Qiu Yuqiu, “This older brother, can we walk and talk?”

Qiu Yuqiu was long utterly cowed into submission by Ye Yuan already. How could he not agree at this time? At once, he nodded his head and followed Ye Yuan along.

...

Upon entering Ye Yuan's residence, Qiu Yuqiu's heart suddenly thumped.

A terrifying killing intent instantly enveloped his entire body!

He knew that he had fallen into a certain kill grand array.

Ye Yuan set up a miniature Nine-Nine Illusionary Spirit Heaven Slaughter Formation around this house. Once Qiu Yuqiu entered inside, Ye Yuan immediately activated the array formation.

For Qiu Yuqiu to dare to come in, one reason was that he was bold, stemming from his superb skills. The other was that there were several island masters holding down the fort.

However, he did not think that Ye Yuan actually laid down a certain kill grand array here!

His expression darkened, and the joyous mood of obtaining the medicinal pill instantly disappeared in a flash.

"What's the meaning of this?" Qiu Yuqiu said solemnly.

Ye Yuan's expression also darkened, and he said coldly, "I'm only asking you a few questions. If I'm not very satisfied ... then I'm sorry!"

Talking to the back, Ye Yuan seethed with killing intent.

Only then did Qiu Yuqiu discover that this seemingly only Sixth Level Dao Profound young man was not as simple as he looked on the surface.

No, wait, he was never simple before at all!

"Merely asking a few questions. Is there a need to pull out such a great line-up? Just directly ask and wouldn't it do?" said Qiu Yuqiu, pretending to be calm.

But Ye Yuan's killing intent did not diminish in the slightest as he said coldly, "Around 20 years ago, was there a mysterious martial artist who bought Silvermoon Heavenly Tea off from your hands?"

Actually, Qiu Yuqiu already had some guesses in his heart long ago and knew that Ye Yuan was aiming for that copper coin's owner.

He nodded his head at once and said, "There was indeed such a matter."

"Then, after he exchanged for the Silvermoon Heavenly Tea from your hands, where did he go?" Ye Yuan asked somberly.

Ever since seeing that copper coin, Ye Yuan suspected whether or not Qiu Yuqiu sneak attacked Zhao Xingcheng afterward, keeping the Silvermoon Heavenly Tea for himself again.

Who knew that Qiu Yuqiu just said coolly, "That person was secretive and mysterious. He wasn't willing to reveal his identity either. After we finished transacting, he left the Nine Phoenix Island. How would I know where he went to?"

Ye Yuan's brows furrowed slightly, and he asked, "You're sure that he left?"

Qiu Yuqiu said with an unhappy look, "That person was secretive and mysterious, but his opening move was bold and forthright. The things that he exhibited at the market were much more valuable than the Silvermoon Heavenly Tea. Plus, that copper coin, I earned more for sure and not lose anything. If you don't believe me, let's just fight. What's with so much crap?"

This Qiu Yuqiu's personality was very unsociable and eccentric. Many people on the island did not like him.

If not for his strength being powerful, and he had the capability of searching for treasures, he would have long been squeezed away from people.

When Ye Yuan heard that, his expression eased up, and he suddenly said, "Then do you know whether the people on this island frequently go missing or not?"

Actually, Ye Yuan's suspicion toward Qiu Yuqiu was not very big.

His solitary personality was disdainful to do this sort of thing.

Rather, these few island masters, Ye Yuan harbored suspicions in his heart.

Such a trade fair seemed very fair. It was just providing a trading venue for everyone.

But thinking deeper, wasn't this kind of place precisely a venue provided for themselves to screen treasures?

That Hei Meng's strength was so formidable. If he had any devious thoughts, it was too easy.

Except, it seemed like although there were quite a few newcomers who joined this place, those old faces were still here.

Everyone had long lowered their guards against these few island masters already.

In fact, they might even be grateful toward these island masters instead.

After all, people who obtained the treasures they wanted from here, and thereby broke through, were many!

"Heh, I know what you mean. That's right, people come and go on this island. Each time, there are different people coming and different people leaving. But ..."

Talking up to here, Qiu Yuqiu deliberately paused for a bit, looking at Ye Yuan with a smile that was not a smile, seemingly waiting for him to carry on talking.

Ye Yuan frowned and said, "But each time, the change is insignificant. Hence, other people didn't detect it at all! After all, being delayed by matters in the outside world, or being unwilling to come, are all a possibility!"

Qiu Yuqiu smiled lightly and said, "Smart! Heh heh, those fools who think themselves infallible and even thought that those few island masters are some good people. They also didn't think much about it; how is there a meat pie falling from the sky, such a good thing?"

Qiu Yuqiu said these words. He had actually become aware of this island's problem long ago.

Unrivaled Medicine God

Chapter 1144: Night Interrogation

Swoosh!

It was nighttime. A light noise suddenly came from outside the window.

But Hong Tao, who was currently cultivating, furrowed his brows and dashed out.

A black silhouette was currently speeding in the direction of the back mountain.

“Why does that profile look like Ye Yuan that brat? Not good! That brat wants to infiltrate the back mountain!”

Hong Tao did not even think about it and sped over towards that figure.

In a blink of an eye, the two people traveled several dozen miles.

That figure’s speed in front clearly could not compare to Hong Tao.

It looked like Hong Tao was going to catch up to that black silhouette.

A hint of a disdainful smile flashed past the corners of his mouth, and he yelled, “Halt!”

That figure ahead stopped and could not help turning around.

Hong Tao focused his eyes and looked. Who could it be if not Ye Yuan?

But right at this time, Hong Tao suddenly discovered to his surprise that Ye Yuan’s eyes were currently looking at him.

Buzz!

Hong Tao only felt his head go dizzy, then he did not know anything anymore.

Two dark figures dashed out from inside the forest right beside and arrived beside Ye Yuan. It was precisely Ao Qian and Qiu Yeqiu.

Seeing Hong Tao’s transfixed appearance, Qiu Yeqiu could not help darting Ye Yuan a fearful glance and marveled, “Young Brother Ye’s methods truly emerge in never-ending streams! This Hong Tao is, at any rate, a Void Mystic powerhouse too. He actually did not have the least bit of strength to retaliate under your divine soul attack!”

Ye Yuan smiled and said, “Trifling tricks. Made a fool of myself.”

The corners of Qiu Yeqiu twitched a bit but did not say anything else.

This kind of means was not what trifling tricks, these two words, could accomplish!

Just earlier, Ye Yuan used a divine soul attack and the Sun Moon Heavenly Pupil at the same time, instantly subduing Hong Tao.

Dealing with Hong Tao was Qiu Yeqiu’s suggestion.

He said that this Hong Tao was the most foolhardy among the three island masters. His strength was the weakest too.

If he wanted to inquire about something, dealing with him was the easiest.

But Qiu Yeqiu never would have dreamed that Ye Yuan subdued Hong Tao so effortlessly.

He was currently making a comparison, whether or not he could retreat completely unscathed if he was suddenly ambushed by Ye Yuan like this.

The answer was ... completely no confidence!

Ye Yuan came in front of Hong Tao and opened his mouth and said, "I'll ask you, over 20 years ago, there was a mysterious person who exchanged for the Silvermoon Heavenly Tea on the Nine Phoenix Island. Do you know where he went to or not?"

With Ye Yuan's present soul force, unleashing a divine soul attack when caught completely unawares, Hong Tao's divine soul immediately suffered serious injuries.

Then coupled with the Sun Moon Heavenly Eye's illusionary art, controlling Hong Tao was easily accomplished.

Of course, this was also because Hong Tao did not take Hei Meng's words to heart at all, and underestimated Ye Yuan too much.

If it were Duan Lingfeng, it definitely would not be like so.

Hong Tao was already thoroughly controlled by Ye Yuan and answered woodenly, "K-Know. He exchanged for the Silvermoon Heavenly Tea, and then ... he wanted to immediately return to Tranquil Sun City, and ... he was killed by me on the way, snatching the Silvermoon Heavenly Tea.

Hearing these words, Ye Yuan's heart twitched violently.

A kind of emotion called sorrow instantly filled his chest.

Although he had long known that Zhao Xingcheng should be fraught with grim possibilities, in the depths of his heart, he still hung on to a trace of hope.

Perhaps Zhao Xingcheng was only locked up?

Maybe ...

However, there was no more maybe!

When Hong Tao, this murderer, personally said it, even though Ye Yuan was mentally prepared long ago, his heart still ached inexplicably.

"M-My deepest sympathies, milord!" Ao Qian consoled.

Ever since he followed Ye Yuan, it was still his first time seeing Ye Yuan so mournful.

Currently, Ye Yuan was trembling all over. Clearly, he was enraged to the extreme.

The chestful of sorrow already turned a chestful of hatred at this time.

He wished to ground this Hong Tao to dust!

Only after a while did Ye Yuan calm down a little. He asked with a grim look, "What did you guys snatch the Silvermoon Heavenly Tea for?"

The Hong Tao, who fell for the illusionary art, was completely oblivious towards Ye Yuan's fury. He still answered Ye Yuan's question woodenly.

"B-Big Brother unexpectedly obtained an ancient pill formula, r-requiring many one-million-year-old spirit medicines. T-Therefore, Big Brother ... thought of this plan, to set up a trade fair on the Nine Phoenix Island, drawing ... everybody over to trade. This way ... we'll be able to accrue those ... spirit medicines."

The current Ye Yuan was already beside himself with anger.

These few fellows were simply unscrupulous and perverse, to actually use this sort of method to collect spirit medicines.

They did not delay their cultivation. Either way, there were others going to find spirit medicines on their behalf.

When they finished exchanging and went out, these few guys would rely on their strength being powerful and secretly kill these dealers.

"I'll ask you again, just how many people have you guys killed in this 1000 years?" Ye Yuan practically squeezed these few words from the gaps of his teeth.

"D-Didn't count before. G-Got a thousand people, I guess."

Hong Tao was oblivious and spilled everything out.

Ao Qian and Qiu Yequi exchanged a glance, both seeing the shock in the other party's eyes.

Unknowingly, over this thousand years, a thousand people had actually already died imperceptibly!

Qiu Yequi had also participated in this trade fair for a hundred years already.

Even he also did not detect that so many people would actually have died at this trade fair.

Looks like these few island masters had hauled God knows how much benefits in secret!

To think that the itinerant cultivators on this island all still felt boundless gratitude towards them!

"Then ... the trade fair this time, do you guys have a target? Ye Yuan asked again.

"H-Have. Purple Lingzhi!"

Hong Tao's words made Qiu Yequi's expression change.

If he did not exchange this Purple Lingzhi out at the transaction this time, then wouldn't their target be him?

Thinking up to here, Qiu Yequi involuntarily broke into a cold sweat.

Under Ye Yuan's random stumbling about, it actually saved his life?

At this time, Qiu Yeqiu's gaze when looking at Ye Yuan became somewhat different.

He had always come and went freely his entire life and had never felt gratitude towards anyone before.

But this time, it was not up to him to not be grateful.

If not for Ye Yuan, his several thousand years of cultivation would probably be ruined in one day.

"Alright, I'll ask you one last question! Your big brother, Heavenspan Island Master, who on earth is he?" Ye Yuan asked.

Hong Tao opened his mouth and was just about to speak when a terrifying aura surged to the skies!

"Who is it?! To actually dare be rampant on my Nine Phoenix Island!"

This voice was precisely Hei Meng!

It seemed like that monstrous fury of Ye Yuan's previously had alerted Hei Meng.

However, it already did not matter.

This battle was unavoidable!

Swish!

A neat and tidy slash. Hong Tao's head separated from his body. It was also considered to have taken revenge for Zhao Xingchen, this old friend of his.

However, even though he killed Hong Tao, the fury in Ye Yuan's heart did not diminish the least bit.

This Hong Tao was merely a machine to kill.

The true culprit was still the Heavenspan Island Master!

He was going to take a look today, at just what kind of person this Heavenspan Island Master was.

"Fourth Brother!"

A fearsome roar transmitted over. Hei Meng just happened to see the scene of Hong Tao's head separating from his body.

"Ye Yuan, our Nine Phoenix Island have no grudge nor enmity with you! You actually dared to kill my fourth brother! You're seeking death here!" Hei Meng howled.

Ye Yuan looked at Hei Meng with a smile that was not a smile and said, "No grudge ... and no enmity, is it?"

[Unrivaled Medicine God](#)

Chapter 1145: Heavenspan Island Master

"Ahh! Ye Yuan, I'm going to kill you!"

Hei Meng opened his divine king domain fully. A streak of terrifying water sword stabbed straight for Ye Yuan!

It was that, how could Ao Qian give him the opportunity? Dragon Prancing the Four Seas caught this streak of water sword, clashing together with Hei Meng.

At this time, Duan Lingfeng rushed over too!

“Brat, you dared to kill my fourth brother, I’ll exterminate you!” Duan Lingfeng said with a furious roar.

But Ye Yuan was disinclined to even glance at him, saying to Qiu Yeqiu, “This guy will be left to you. There shouldn’t be a problem, right?”

Qiu Yeqiu froze and said with a nod, “No problem! This place, apart from the Heavenspan Island Master and Hei Meng, there isn’t a person who can make me dread yet!”

Ye Yuan said with a nod, “That’s good then!”

Done talking, Ye Yuan immediately lifted his feet and headed over toward the back mountain.

Duan Lingfeng was stopped by Qiu Yeqiu. But seeing this scene, the corners of his mouth revealed a look of ridicule, and he said, “Punk, you really take our Nine Phoenix Island to be easy to knead?”

Swoosh! Swoosh! Swoosh!

Five silhouettes suddenly appeared, directly enclosing Ye Yuan in tightly.

These five people were actually all Void Mystic Realm powerhouses!

Ye Yuan had seen before these five people. They were all people at the trade fair.

Very clearly, these were the chess pieces they concealed among those people.

Seeing this scene, Qiu Yeqiu’s expression changed drastically. But Ao Qian did not even turn his head around.

Seeing that composed appearance of Ao Qian’s, Hei Meng’s heart involuntarily thumped, thinking to himself that it was not good.

“Kill!”

Five great Void Mystic powerhouses instantly opened up their divine king domains and charged over towards Ye Yuan.

However, five rays of terrifying sword light flashed and faded.

The five people’s voices abruptly cut off!

Duan Lingfeng, who was in the heat of fierce battle, almost got hit by Qiu Yeqiu’s move. He was struck dumb with amazement by this scene.

Instant kill!

A Sixth Level Dao Profound actually instant-killed five Void Mystic powerhouses!

Although these five people's strength was only at the beginnings of Void Mystic, Void Mystic was Void Mystic. They were not what Dao Profound Realm martial artists were capable of dealing with!

Actually, the shock in Qiu Yeqiu's heart was not much lesser compared to Duan Lingfeng in the slightest.

If not for being overly shocked, that blow earlier would have already succeeded.

He truly did not think that Ye Yuan's Martial Dao strength was actually so formidable!

Also, that sword just now!

Divine artifact!

It was absolutely a divine artifact!

Apart from Ao Qian, monstrous waves that dashed to the skies were stirred up in everyone's hearts.

These people had more or less heard about the Divine Realm's matters when walking about outside.

The news of Ji Qingyun seizing possession and reviving, possessing a divine artifact, and charging back to the Divine Realm, they had heard to some extent.

Then the identity of this young man before their eyes was almost certain!

Qiu Yuqiu was incredibly shocked. Only now did he know why Ye Yuan's alchemy skills were so heaven-defying.

Ye Yuan killed five people, his figure speeding rapidly, heading towards the back mountain.

Along the way, Ye Yuan passed through many powerful restrictions. But these restrictions were as easy as blowing off dust to him.

Before long, Ye Yuan arrived at a cave.

A figure walked out from inside the cave with slow steps. But a hideous mask was worn on his face.

This person was definitely that legendary Heavenspan Island Master!

Ye Yuan's brows furrowed slightly. This person gave him a very dangerous feeling.

Very clearly, he was even more powerful than Hei Meng!

Ye Yuan was bold stemming from superb skills, relying on the fact that he had the art of greater teleportation. He directly barged inside.

When the person who just arrived saw Ye Yuan, he actually unwittingly heaved a sigh and said, "Why is there a need? You take the open road, and I'll walk my single log bridge. You and I stay in our own lanes and mind our own business, but you insist on provoking me!"

Ye Yuan's brows furrowed even tighter, and he opened his mouth to say, "You know me?"

Hearing the meaning in the other party's words, it seemed like he was quite familiar with him, involuntarily giving Ye Yuan a shock.

"Huhu, so what if know, so what if don't know? Leave behind the Purple Lingzhi and immediately leave the Nine Phoenix Island. I can give you a way out," the mysterious person said.

But Ye Yuan smiled coldly when he heard that and said, *"Heh, then do you feel that I'll do as you say or not?"*

"Don't do it, and you'll die!" the Heavenspan Island Master said indifferently, his words revealing thick confidence.

Of course, he had this strength to be confident too.

But Ye Yuan's expression turned cold, and he said, *"You planned this trade fair, making so many martial artists ended up as tools to collect treasures for you. Originally, this has nothing to do with me. But you never should have killed Zhao Xingchen!"*

What made Ye Yuan surprised was that the Heavenspan Island Master fell silent for a moment, and suddenly said, *"According to what I know, your relationship with Zhao Xingchen doesn't seem to have reached this extent, right?"*

The other party's words made Ye Yuan even more certain that this person was definitely someone that he knew.

Furthermore, even though this person hid in closed-seclusion in this back mountain, he knew about the outside world's matters like the palm of his hand.

The other party clearly knew his identity as Ji Qingyun!

Ye Yuan snorted coldly and said, *"That's my business! Since you instigated Hong Tao to kill Zhao Xingchen, pay it with your life then! Otherwise, how can I answer to his spirit in heaven?"*

The Heavenspan Island Master let out a sigh and said, *"This Nine Phoenix Island's trade fair, the reason why I only roped in some itinerant cultivators was in order to not startle the various major factions. That Zhao Xingchen deliberately concealed his identity. I only knew his identity when I killed him and obtained the things inside his storage ring too. If I had known earlier, I wouldn't have made a move either."*

Hearing the meaning in his words, it actually had some attitude of remorse.

"Enough nonsense, and show your true abilities! Your crimes are inexpiable. It's also time to pay your debts!"

Ye Yuan gave a cold snort. The Evil Extermination Sword came out of its sheath!

But when the Heavenspan Island Master saw it, he praised, *"Heh, the ancient Evil Extermination Sword, indeed, it lives up to its reputation! Looks like you've already obtained the divine sword's recognition."*

The Heavenspan Island Master's words made Ye Yuan's expression change.

This person seemed to know many secrets that other people were unaware of!

This made Ye Yuan dread towards him rise another level.

This Heavenspan Island Master was not easy to deal with!

Right then, the Heavenspan Island Master slowly took out a long sword.

This sword was thin and elegant, forming an extremely distinct contrast with the Evil Extermination Divine Sword's boldness and unrestrainedness.

When Ye Yuan saw the sword in the Heavenspan Island Master's hand, his pupils involuntarily constricted.

Divine artifact!

The sword in the Heavenspan Island Master's hand was similarly a divine sword!

Clank!

The long sword in the Heavenspan Island Master's hand actually emitted a light ringing sound!

It seemed like it was actually brimming with fighting intent.

"En?"

Ye Yuan's brows furrowed slightly. He and the Evil Extermination Divine Sword were connected in heart and soul. He actually discovered that the Evil Extermination Sword also had a baffling kind of restlessness.

"Huhu, in this world, people who possess divine artifacts are not just you alone! Feel it? My Ziya wants to battle once more with the Evil Extermination Sword!" said the Heavenspan Island Master.

Ye Yuan had a puzzled look, not quite understanding the situation.

When the Heavenspan Island Master saw the situation, he smiled and said, "A million years ago, before Daoist Absolute Heaven rose up, he once had an opponent called Su Wo. Su Wo was a sword fanatic. His lifelong goal was to defeat Absolute Heaven. But sadly, the disparity between him and Absolute Heaven pulled greater and greater apart instead. In the end, he died because hatred consumed him. In this life, I obtained Su Wo's inheritance. This Ziya encountering the Evil Extermination Sword once again, do you think it can stay indifferent and not be agitated?"

[Unrivaled Medicine God](#)

Chapter 1146: Casting a Bright Pearl into Darkness

Ye Yuan was incredibly shocked!

The rise of a powerhouse of his generation was bound to step on the corpses of countless geniuses.

Very clearly, this Su Wo was a stepping stone on the road on Absolute Heaven ascension to the summit.

It was just that, although Su Wo died, his divine sword did not die.

A million years later, divine sword Ziya and divine sword Evil Extermination met once more. This was the encounter of fate.

Sensing the battle intent coming from Evil Extermination, Ye Yuan had an understanding in his heart.

"Huhu, since I obtained your recognition, how can I lose face for Senior Absolute Heaven? If Su Wo wants to battle, then we'll grant his wish. Let him know that even after a million years, he's still trash!" Ye Yuan said with a faint smile.

The Heavenspan Island Master smiled coldly when he heard that and said, "Stop dreaming! Absolute Heaven being able to firmly suppress Su Wo was because his cultivation realm was evenly-matched with Su Wo. But you're merely Sixth Level Dao Profound right now!"

Ye Yuan smiled and said, "So what if Sixth Level Dao Profound? Dealing with you, it's sufficient!"

The Heavenspan Island Master raised his head to the sky and laughed hard as he said, "Fine. Then I'll take a look at whether you truly have this capability or not!"

Clank!

The Heavenspan Island Master released an offhanded streak of sword light. This sword was incomparably dazzling. It was indeed the might of a divine artifact!

Ye Yuan's expression turned somber. Evil Extermination suddenly made a move.

Boom!

Two rays of sword energy that displayed their edge to the fullest extent collided together, directly sending Ye Yuan flying out.

The Heavenspan Island Master was peak divine king essence energy realm and also wielded the divine sword Ziya. Overpowering Ye Yuan was all too normal.

However, the Heavenspan Island Master emitted a soft sound of surprise and said, "Your fleshly body already reached late-stage Tier 9. Truly remarkable! Your divine soul is likely almost reaching the great circle of perfection realm already, right? *Tsk tsk*, when your essence energy realm rises up, Essence, Energy, and Spirit unifying into one, you'll have a chance to assault that transcendent Deity Realm! *Oh*, almost forgot. Your heart realm already reached Heaven Man Unity too. Truly an unrivaled genius! No wonder the Evil Extermination Divine Sword would choose you!"

That sword move earlier, if it were an ordinary Sixth Level Dao Profound, even if he had Ye Yuan's strength, he would sustain serious injuries under the tremendous impact too.

But Ye Yuan relied on his powerful fleshly body and tyrannical Tyrant Dragon Regeneration Art as well as the extremely strong defense Black Tortoise Treasure Body Divine Art. Ye Yuan actually only felt his blood and qi in turmoil for a moment.

This scene, it was not up to the Heavenspan Island Master to not be amazed.

However, Ye Yuan was likewise incomparably surprised in his heart.

This Heavenspan Island Master seemed to know him fairly well. He actually even know about his Heaven Man Unity heart realm.

This made Ye Yuan even more curious about the Heavenspan Island Master's identity.

"Who on earth are you?" Ye Yuan said solemnly.

"Huhu, when you defeat me, this trash, you'll naturally know. But you definitely won't have the chance. Watch closely. This is Ziya's ultimate move, Sword Shadow Accompanying!"

His voice had yet to fade when the Heavenspan Island Master's figure suddenly disappeared from sight.

The next instant, a sword already arrived at Ye Yuan's throat area.

This sword was inconceivable swift. One would completely unable to use eyes to watch it.

The name Sword Shadow Accompanying lived up to its name!

However, with a clank, Evil Extermination stabbed diagonally upwards, colliding right against Ziya without any deviation!

An overwhelming force transmitted over. The Heavenspan Island Master only felt the webbing between the thumb and index finger tremble. The divine sword nearly slipped off his hand!

Having consumed the Refined Steel Bone Tempering Pill, Ye Yuan's fleshly body already successfully broke through to late-stage Tier 9.

His immense strength, coupled with the Evil Extermination Sword Formula's power of Divine Dao laws, even ordinary Void Mystic powerhouses would be unable to withstand it!

This shock was by no means insignificant!

Different from Ye Yuan, the Heavenspan Island Master did not produce a resonance with the Ziya divine sword.

This step, not anybody could achieve it.

However, the Heavenspan Island Master obtained Su Wo's divine art. Practicing his divine inscriptions, he already had a preliminary understanding to some extent.

This was also the reason why he could overpoweringly suppress Hei Meng and become the head island master.

In terms of strength, the Heavenspan Island Master was already very close to the Ten Great Divine Kings!

It was just a pity that who he ran into was Ye Yuan!

Ye Yuan's heart realm already reached the great circle of perfection realm. Even if his sword was any faster, it was also not undetectable.

Moreover, Ye Yuan possessed the Sun Moon Heavenly Pupil's ocular powers. Capturing the figure of the Heavenspan Island Master was truly accomplished with ease.

Even if the Heavenspan Island Master was any faster, he was only a Void Mystic powerhouse too. He still did not reach the level of Deity Realm.

Ye Yuan coped with unexpected events by sticking to a fundamental principle. No matter how fast his sword was, he did not withdraw either!

“Impossible! How can he possibly capture my sword? This is the quicksword released with the power of Divine Dao laws!” It was the first time the Heavenspan Island Master was alarmed.

Swoosh!

The Heavenspan Island Master unleashed his sword once again!

Sword shadows that filled the skies were akin to shadows following, rushing over towards Ye Yuan.

This was not cast by some divine ability but by the Heavenspan Island Master’s true body.

It was just that his figure was unimaginably swift, that was why it left behind countless afterimages in the entire sky.

Clank! Clank! Clank!

Waves of clear and crisp metal clashing sounds transmitted over. Sparks flew everywhere.

The more he fought, the more alarmed Heavenspan Island Master got!

From start to end, Ye Yuan stood there and did not move. He just unleashed his sword again and again non-stop.

But he was just unable to sneak attack Ye Yuan, not even once!

His every movement and action were completely within Ye Yuan’s grasp.

When a quicksword was not ‘quick,’ it was equivalent to having both hands tied up by people. How to continue fight?

Clank!

Borrowing the recoil force, the Heavenspan Island Master retreated, looking at Ye Yuan with a solemn look.

“The sword is a fine sword. It’s too bad that you can’t unleash its strength! *Sigh* ... casting a bright pearl into darkness!”

With Ye Yuan’s *sigh*, the Heavenspan Island Master’s face turned green.

His sword emitted a light humming noise once more, clearly very unresigned to it.

The encounter a million years later, it actually still had to lose to Evil Extermination once again. How could it feel reconciled with it?

“Alright. You already attacked. My turn now!”

Ye Yuan’s words made the Heavenspan Island Master’s expression turn somber.

He had yet to react when Ye Yuan’s figure suddenly vanished!

The Heavenspan Island Master’s pupils constricted, and he cried out in alarm, “Greater teleportation!”

However, there was not much time for him to be astonished. A feeling of immense danger welled up in his heart.

However, the Heavenspan Island Master had comprehended some Divine Dao laws. He still caught Ye Yuan's traces in the end.

"Sword Intent Connecting to Divinity!"

Ye Yuan's figure suddenly appeared from within the void, stabbing straight for the Heavenspan Island Master's left ribs!

The ribs were extremely hard to defend area. This move of Ye Yuan's was to strike him and leave him unable to save himself.

This move, Ye Yuan poured in divine essence, his killing intent not held back in the slightest.

He did not have the intention of being softhearted and irresolute. No matter who the other party was, he had to die!

But the Heavenspan Island Master's strength was even stronger than Cloudsky's. Clearly, he was not so easy to be killed.

Boom!

Ye Yuan's Evil Extermination Sword was actually blocked!

The Heavenspan Island Master was pushed back a thousand feet away, spraying out a mouthful of blood. He already suffered a huge loss!

This sword failing did not exceed Ye Yuan's expectations.

The Heavenspan Island Master, this level of existence, was not that easy to kill.

Crack!

Right at this time, the Heavenspan Island Master's hideous mask actually split at the center, revealing a face that Ye Yuan was very familiar with.

Seeing this face, Ye Yuan's brows furrowed. He said, "So, it's you!"

[Unrivaled Medicine God](#)

Chapter 1147: Terrifying Divine King Domain

Under the mask was a sage-like appearance.

He looked like he was just an old man with a benevolent countenance.

Even Ye Yuan was also cheated by this old man.

This person was actually ... Han Qing Zi who presided over Ye Yuan's alchemy battle in Cloudmarsh City!

Honestly speaking, when he saw this face, Ye Yuan was shocked too.

In the Divine Realm, Han Qing Zi could be said to be a rare clear stream and would never take part in any conflicts. His reputation was very good.

Ye Yuan never would have dreamed that this guy was actually such a slaughterer who posed as a person of high morals.

Ye Yuan suddenly recalled that when the Immemorial Medicine Garden opened back then, he never saw Han Qing Zi's traces all along.

Since he went to Cloudmarsh City, it was impossible to not enter the Immemorial Medicine Garden to take a look.

Ye Yuan did not pay any attention at that time. Looking at it now, this guy had definitely hidden in an obscure corner all along, waiting for the right moment.

And it was precisely because of his cautiousness that he avoided the calamity that time.

The depth of this person's cunningness was seriously too terrifying!

He also did not expect that Han Qing Zi's Martial Dao strength was actually so formidable!

"Looks like I was overly persistent! Dealing with you, why is there a need for the divine sword?!"

Han Qing Zi did not care about Ye Yuan's astonishment and had an appearance of sudden enlightenment.

Very clearly, the time of Han Qing Zi obtaining Su Wo's inheritances was not very long.

Ye Yuan reckoned that it was also just the likes of over a thousand years.

It was also precisely from that time that he set up such a trade fair, developing it in secret, only awaiting to soar to the skies in one bound.

Over a thousand years, Han Qing Zi did not walk very far out along the true Great Dao of the Sword.

He was at best equally matched in strength with Ye Yuan right now.

However, the divine sword Ziya was ultimately not Evil Extermination's opponent. This was already a fact that was verified before a million years ago.

Ye Yuan looked at him and said contemptuously, "You don't even trust your own sword, how can you win me?"

"Killing you, just divine king domain is sufficient!"

Han Qing Zi gave a cold laugh. His divine king domain suddenly activated. A violent sword intent instantly filled the entire stretch of space.

His divine king domain was even broader than Hei Meng's. It actually reached 20 thousand feet!

What Han Qing Zi said was right. Him using divine art to battle Ye Yuan was met with counter attacks each time.

Although the power of the divine king domain was inferior to the divine sword, with the divine sword's augmentation, not only was the power of his divine king domain stronger, the area covered was even wider!

But this sword domain was very heterogeneous.

The divine sword Ziya still emitted light quivering sounds. Clearly, it was quite opposed to this.

Divine swords had spirits. It was expressing its displeasure toward Han Qing Zi's way of doing things.

Within 20 thousand feet radius, Ye Yuan could not even execute greater teleportation and was directly shrouded by the divine king domain.

For a moment, he seemingly sunk into a sea of swords.

Ye Yuan's divine king domain was directly shattered by himself. Currently, it was unable to condense at all.

At this time, he could only rely on the Evil Extermination Sword in his hand to forcefully resist these sword intents.

Reaching the realm of the Ten Great Divine Kings, they were already disdainful to use divine king domains anymore.

Like the Heaven Stabilizing Divine King, when he was dealing with Ye Yuan, he directly overpowered with Divine Dao laws.

In front of Divine Dao laws, any divine king domain was trash.

However, Han Qing Zi's current strength was at the stage between Void Mystic powerhouses, closing in on the Ten Great Divine Kings.

His Divine Dao comprehensions were also just that tiny bit stronger than Ye Yuan's. He was completely unable to crush Ye Yuan.

But the sword intent in his divine king domain carried Divine Dao laws. It was much stronger compared to ordinary divine king domains.

Even if Ye Yuan brandished the Evil Extermination Sword until not even a drop of water could trickle through, it was hard to ward off the all-pervasive sword intent too.

This was the terrifying aspect of a divine king domain.

Swoosh, swoosh, swoosh.

The ever-present sword intent stabbed at every opportunity, slicing onto Ye Yuan's body every now and then.

Before long, Ye Yuan's body had a series of additional injuries.

The injuries became deeper and deeper, while the blood flowed more and more, looking gruesomely horrific.

"Hahaha, truly what a shame! A genius like you is indeed Absolute Heaven's one and only successor. It's just a pity that geniuses are all short-lived ghosts! Absolute Heaven was like this, you ... are similarly like so!"

Han Qing Zi's essence energy was thick, pushing the divine king domain to the limits, not giving Ye Yuan the slightest opportunity to catch his breath at all.

At this time, the Nine Phoenix Island was long already in a chaotic mess.

Han Qing Zi was an alchemy path master. He had operated on this island for over one thousand years and naturally would not have just this bit of manpower.

Apart from Hei Meng and Duan Lingfeng, a Void Mystic powerhouse clashed together with Jiang Taicang.

As for Kuang Tianming, Ye Yuan left Elder Tan and Zhao Qian to him for safety.

When those stall owners saw this battle array, how could they still dare to stay? Each and every one ran away from the island.

What made Qiu Yuqiu rather surprised was that at this time, Shark One actually joined the group battle, dealing with Duan Lingfeng together with him.

With him joining in, Duan Lingfeng's pressure skyrocketed.

Meanwhile, Hei Meng and Ao Qian were locked in a fierce struggle. Within a short time, there was no way of determining the victor.

The commotion of a 20 thousand feet divine king domain was extremely great.

When the Ao Qian and Qiu Yuqiu, who were currently in the heat of fierce fighting at the front mountain, detected this power, their expressions changed drastically.

Ao Qian examined himself and thought that under such a powerful divine king domain, he would lose for sure beyond all doubt!

Furthermore, he knew that His Excellency's art of greater teleportation only had a distance of 10 thousand feet.

"Hahaha, you're going to lose if your mind is wandering! But don't you worry, when Elder Brother takes care of that punk, he'll come and send you guys down below to accompany him."

When Hei Meng saw this divine king domain, he was wildly exhilarated.

Han Qing Zi's strength, he was all too clear.

Although that brat's strength was not bad, encountering his elder brother, that was absolutely certain death without chances of survival.

Ao Qian's expression darkened, and he involuntarily increased essence energy some more, wanting to end the battle fast.

But Hei Meng clearly detected his intentions and was not in a hurry at this time anymore. Instead, he fought a seesaw battle with him.

Ao Qian's strength was a slight notch above Hei Meng's. But wanting to take Hei Meng down was not something that could be done in a short time.

This way, his heart burned with even greater anxiety.

“Big Brother Kuang, do you think ... Young Master Ye will be fine or not?”

Over here, when Zhao Qian saw that divine king domain, her face was nervous until it became deathly pale.

Kuang Tianming’s complexion was not good either. But he still consoled, “Relax, Ye Yuan won’t be defeated so easily.”

These words even sounded rather uncertain to himself.

The expression of Elder Tan by the side changed again and again but did not say anything.

Clearly, he was not optimistic about Ye Yuan too.

Over 20 thousand radius divine king domain, this was too terrifying.

According to what he knew, the Eight Great Super Holy Lands’ holy lords’ strengths were also merely 10 thousand over feet.

...

Ye Yuan wielded the sword and guarded his vital areas. But the ever-encroaching sword intent still made the injuries on his body become more and more severe.

Although his Black Tortoise Treasure Body Divine Art progressed at a remarkable pace, facing sword intent that contained Divine Dao laws, it was still not quite adequate to look at.

Unless, he could cultivate the Human Path chapter to the great circle of perfection realm, then he could disregard these sword intents.

But sadly, he could not do it.

“Haha, Ji Qingyun, I gave you the chance, but you insist on wanting to deliver yourself to death! Now, I’ll see what you have to take revenge! En?”

Han Qing Zi was currently being pleased with himself when all of a sudden, his expression changed drastically.

[Unrivaled Medicine God](#)

Chapter 1148: Domain of Sword

In order to conserve essence energy, Ye Yuan’s defensive circle was very small to begin with.

Under the divine king domain, the originally very small defensive circle was still full of flaws.

But Han Qing Zi discovered to his surprise that Ye Yuan’s weak points were becoming lesser and lesser.

Under the 20 thousand feet sword domain, Ye Yuan was as though a small rowboat in the ocean, swaying in the midst of a raging storm, possible to capsize at any time.

However, Ye Yuan’s defensive circle actually became more and more rounded out!

At first, Han Qing Zi did not take notice.

But, along with the passing of time, interference of him breaking through Ye Yuan's defenses became greater and greater. He finally noticed something amiss.

"Domain of Sword! This ... This is impossible! You haven't broken through to Deity Realm, how can you possibly grasp the Domain of Sword!" Han Qing Zi said in aghast.

Han Qing Zi saw everything as clearly as a blazing fire inside the divine king domain.

The 20 thousand foot divine king domain actually had a small area that was slowly breaking away from his control.

One had to know that inside the divine king domain, he was a god!

But now, he was currently sensing that this small chunk of area was currently being slowly hollowed out!

A pure to the extreme Domain of Sword was currently slowly forming!

Just as Skydistant said, this divine king domain was only an abnormal product under the present Heavenly Dao.

Fusing concepts and comprehending divine king domain were a road that must be taken for present peak divine kings.

In terms of power, it was naturally much stronger compared to ordinary divine king powerhouses.

But the true power of domain was not this kind of fused deformed product.

Han Qing Zi obtained Su Wo's inheritance and knew that only genuine Deity Realm powerhouses could grasp the power of domains!

In the ancient era, Deity Realm powerhouses would not divert their attention to other things and comprehend many kinds of supreme true intents.

All of them comprehended one type of concept to the great circle of perfection, then comprehended Divine Dao laws, breaking through to Deity Realm.

Finally, forming a Divine Dao domain belonging to themselves!

Han Qing Zi had infiltrated the Immemorial Medicine Garden before and knew that Ye Yuan had long comprehended a divine king domain already.

But he was very curious why Ye Yuan did not put it to good use all along.

He did not know that Ye Yuan had long stopped using his divine king domain and focused wholeheartedly on Sword Dao.

However, Han Qing Zi never would have dreamed that Ye Yuan actually comprehended a true Domain of Sword in battle!

A pure Domain of Sword!

Similarly a domain, but a genuine Domain of Sword was way stronger compared to a divine king domain!

This ... was the true Great Dao source power!

It was the domain power condensed from Divine Dao laws!

Inside this area of domain, Ye Yuan was the absolute divinity!

“No way! Take the chance that he hasn’t completed it yet, I got to kill him!”

Han Qing Zi’s expression turned cold, killing intent revealing in its entirety.

“Ji Qingyun, you forced me! Xun Wind One Character Sword, kill!”

Han Qing Zi raised the divine sword Ziya, his entire person giving off an imposing momentum that penetrated everything.

This sword was Han Qing Zi’s stronger martial technique!

He also did not expect that Ye Yuan was actually able to force him to use this move!

Following the word ‘kill’ leaving his mouth, Han Qing Zi’s figure abruptly vanished. All of the sword intent condensed into one line, tearing through the sky!

This required exceedingly high control towards sword intent. It could be said that Han Qing Zi’s sword intent already reached the acme of perfection among Void Mystic powerhouses.

The might of this sword, even Ao Qian’s Dragon Prancing the Four Seas might not be able to block it too!

A terrifying power spread out, making the hearts of the people who were currently concerned about Ye Yuan palpitate.

This attack was too powerful!

Even when separated from so far away, they sensed the threatening sword energy too.

Clank!

A clear clashing sound!

Han Qing Zi’s eyes turned intent, his gaze revealing a dumbstruck look!

Ye Yuan actually blocked his sword of his, using the sword’s tip!

Two great divine artifacts colliding, sword energy overflowed.

The berserk sword intent suffused everywhere, slicing the rocks, trees, into pieces.

Everyone was extremely shocked. They did not understand what on earth happened at the back mountain, to actually cause such a great commotion.

Sensing that sword intent, which overflowed out, Hei Meng’s expression changed greatly.

This was two sword intents, one was his big brother’s.

The other, no need to think, it was definitely Ye Yuan’s!

He was truly unable to understand how a measly little Sixth Level Dao Profound could actually accomplish to this sort of extent!

Could it be that a Sixth Level Divine King was actually able to rival the big brother who was comparable to the Ten Great Divine Kings?

This ... was also a bit too preposterous, right?

Boom!

A bolt of lightning landed, slamming right on top of the island.

When everyone saw this scene, their expressions changed drastically once more!

“Young Master Ye broke through! He ... He’s fine!” Zhao Qian said in pleasant surprise.

Elder Tan watched that roiling tribulation cloud, incomparably shocked in his heart.

Just what kind of freak was this Ji Qingyun? To actually be able to fight with that Heavenspan Island Master to this extent.

Even if he broke through right now, he was also merely just Seventh Level Dao Profound!

Ji Qingyun, who returned anew completely, could not be judged with common sense.

“Do you hear Ziya’s unwillingness? It can lose, but it’s unwilling to be defeated like this! Although you obtained Su Wo’s inheritance, you didn’t comprehend the quintessence of his sword intent. You took a heretical path instead. A person like you isn’t fit to use a sword!”

That instance when Evil Extermination and Ziya clashed together, Ye Yuan’s Domain of Sword was finally completed.

After shattering his divine king domain, he finally condensed the power of domain anew once more!

And this time, it was a genuine power of domain.

Perhaps, in the present Divine Realm, it was one of a kind existence.

Even though it was only 20 square feet, within this 20 feet radius, Ye Yuan was the absolute hegemon!

Even a Void Mystic powerhouse’s divine king domain would not cut it too!

And right now, Han Qing Zi was precisely within the radius of this 20 feet.

Swoosh, swoosh, swoosh.

A terrifying sword intent instantly broke his divine king domain, completely destroying the divine king domain within the 20 feet radius.

“Puhwark!”

Sword intent that carried Divine Dao laws virtually breached Han Qing Zi’s protective essence energy instantly, severely wounding him!

Boom!

A bolt of heavenly tribulation landed. But when it reached the 20 feet radius of Ye Yuan, it was like it bumped into an invisible barrier, directly dissipating into nothing.

The might of heavenly tribulation actually could not breach his Domain of Sword!

Han Qing Zi collapsed weakly onto the ground, his body already riddled with a thousand gaping wounds.

Ye Yuan's Domain of Sword was just like a meat grinder, utterly pulverizing him.

"I-Impossible!"

All the way until now, Han Qing Zi still did not dare to believe everything before his eyes.

How could a Sixth Level Dao Profound martial artist possibly beat him?

Furthermore, it was even under the circumstances of him possessing a divine artifact!

Looking at the Han Qing Zi on the verge of death, Ye Yuan did not have much sympathy.

Martial Dao world, slaughter originally had no cause for much criticism.

But Han Qing Zi's approach was overly beneath contempt.

Most importantly, he was the chief instigator who killed Zhao Xingchen.

Just based on this, Ye Yuan had to kill him!

Ye Yuan came before Han Qing Zi slowly and said indifferently, "You and I are also considered to have some friendship. If not because you killed Zhao Xingchen, I could have let you off. Now, do you have any last words?"

"H-Haha ... cough, cough, cough ..."

Han Qing Zi suddenly started laughing. But due to his injuries being too severe, it brought up violent coughing.

"Ji Qingyun, you're indeed a genius! However ... you obtained Absolute Heaven's legacy. The fiend race won't let you off! *C-Cough, cough!*"

Ye Yuan shook his head and let out a sigh as he said, "Are these your last words ..."

Chapter 1149: Forbidden Zone

Boom!

Boom!

...

Multiple bolts of heavenly tribulation landed. Ye Yuan's figure slowly appeared in everyone's line of sight.

Everyone stared at him dumbfoundedly, unable to use words to describe their emotions at all.

“My God, what did I see? Is there ... transcending tribulation like that?”

“Freak! Master Ye is simply a freak!”

“Heavenly tribulation actually automatically dissipated when it reached 20 feet above his head! He ... What on earth did he do?”

“Master Ye came out. Then ... is it possible that he killed the Heavenspan Island Master?”

...

There were still some bold stall owners quietly observing the development of the situation the whole time.

When they saw the scene of heavenly tribulation crashing down on top of Ye Yuan’s head, yet he was slowly walking out, this scene was deeply imprinted in their minds, never to forget for all their lives.

Zhao Qian saw Ye Yuan appear and was extremely agitated as she said to Kuang Tianming, “Young Master Ye is alright! Fantastic, it’s really wonderful!”

Just earlier, sensing that powerful divine king domain, Zhao Qian’s heart was almost about to jump out.

Only all the way until she saw Ye Yuan at this time did she finally set her mind at ease.

When Kuang Tianming saw Ye Yuan, he also let out a sigh of relief. However, then he was even more shocked.

He sensed that Ye Yuan seemed to be somewhat different!

Prior to this, Ye Yuan’s entire person was just like an unsheathed sharp sword, revealing his keen edge.

But now, Ye Yuan’s every movement and action seemed to encompass the lingering charm the Great Dao.

The lingering charm of the Great Dao of Sword!

That was the Great Dao that he, Kuang Tianming, pursued his entire life!

Finally, the last bolt of heavenly tribulation landed but was still unable to make Ye Yuan’s countenance changed in the slightest.

20 feet away from his body, it immediately scattered and disappeared!

When Hei Meng saw this scene, his eyeballs became wide circles.

Right now, he only had one thought remaining, that was to ... run!

Boom!

Hei Meng shook off Ao Qian with a palm and urged his movement technique to the limits, attempting to flee the Nine Phoenix Island.

However, how could Ye Yuan possibly give him the chance?

Everyone only felt a blur before their eyes and already lost sight of Ye Yuan, as if he had disappeared into thin air.

The next instant, Ye Yuan already showed up, blocking Hei Meng's retreat route.

20 thousand feet!

Following Ye Yuan breaking through to Seventh Level Divine Dao, plus Divine Dao laws comprehension deepening, the distance of his art of greater teleportation directly doubled!

Seeing this scene, Hei Meng's face revealed a look of despair.

"Are you doing it yourself or having me do it?" Ye Yuan stood with his hands behind his back and said coolly.

"You ... You really killed Big Brother?"

Up till now, Hei Meng still did not dare to believe that a Sixth Level Dao Profound was capable of killing his elder brother!

"Looks like you didn't come to understand it." Ye Yuan did not answer him. He just nonchalantly said a sentence and was about to make a move.

"Hang on! C-Could it be that there's no other path to take? I ... I surrender! I'll be the same as him, be your servant!" Hei Meng pointed at Ao Qian and said.

At this time, Duan Lingfeng was already restrained by Qiu Yuqiu's and Shark One's combined force.

Hearing these words, he said furiously, "Hei Meng! You ... You dare to betray Big Brother!"

But Hei Meng barked angrily, "You shut your mouth for me! Big Brother is already dead! A fine bird chooses a tree to perch on!"

Duan Lingfeng said angrily, "You traitor! Death is just death for a real man. What's there to be scared of?"

"Pooh! Want to die, you go and die, don't drag me to be a scapegoat!"

The two people were currently bickering incessantly, but Ye Yuan said indifferently, "Alright, a subordinate like you, I feel it beneath my dignity to take in. Make a move, I'll give you an opportunity to attack."

Hei Meng's expression changed, and he revealed a ferocious expression. Suddenly, his divine king domain opened up and crushed over towards Ye Yuan.

Ao Qian's expression changed, and he shouted, "Milord, be careful!"

Ye Yuan just stood there, completely without the intention of avoiding.

The next instant, a scene that made everyone stare speechlessly with their mouths agape happened.

Hei Meng's divine king domain directly sieved through 20 feet in front of Ye Yuan!

At this time, Ye Yuan took a step forward.

Hei Meng's divine king domain actually seemed to voluntarily open up a path.

"This ... What kind of martial technique is this? It's too powerful!"

"It looks like a divine king domain. But ... it seems to be somewhat different too!"

"Previously, when Master Ye was transcending tribulation, even heavenly tribulation was unable to breach 20 feet in front of him too. Now, it's like this too."

"Could it be that the area 20 feet in front of him is a forbidden zone?"

...

Everyone was incomparably shocked. Because this scene before their eyes completely subverted their understanding.

The battle between divine king domains was absolutely not this sort of situation. They could not even sense that Ye Yuan used essence energy.

It was as if the area 20 feet in front of him was a forbidden zone. Nobody was able to breach it.

Seeing this scene, Hei Meng's pupils constricted.

Ye Yuan strolled over leisurely, akin to a large mountain crushing towards him, making him unable to catch his breath at all.

Even when facing an opponent like Ao Qian, Hei Meng also did not feel such pressure before!

Flee!

At this time, Hei Meng's entire mind was only left with this one thought.

Even if he knew that he could not escape anymore!

Divine king domain withdrawing, Hei Meng turned around and fled.

Right at this time, Ye Yuan's figure vanished once more.

The next instant, something that made everyone's scalps tingle occurred.

When Ye Yuan's figure appeared once more, he was already 20 feet in front of Hei Meng.

Everyone only heard a series of miserable cries. Hei Meng was directly ground into pieces by countless sword energy.

Even if his sea race fleshy body was very powerful, he fell silent in the end too.

"Hiss ..."

Everyone sucked in a cold breath. Toward Ye Yuan's might, they had a clear understanding.

Even Ao Qian could not resist shrinking his neck back a bit too.

How did milord become so powerful in a blink of an eye?

He fought with Hei Meng for a long time and was deeply aware of Hei Meng's might.

But did not expect that he was finished off by His Excellency so effortlessly.

It seemed like in front of His Excellency, divine king domains completely became ornaments!

This ... Just what kind of cultivation method was this?

But he also perceived that what Ye Yuan used was a martial technique similar to domains.

It was just that, Ye Yuan's domain was many times stronger than theirs!

...

When the people knew about the few island masters' actions, each and every one of them felt anger, but then it changed to lingering fear.

If this trade fair kept on continuing, who knew when they would be disposed of.

Of course, each and every one of them was overflowing with gratitude toward Ye Yuan.

If not for Ye Yuan, they would still be treated like fools by people all along, becoming tools to transport treasures.

Zhao Qian was already informed of the news of Father being killed, completely crying her eyes out.

She searched bitterly for Father's traces these few years, hanging onto a trace of hope all along.

But now, the hope was finally still extinguished.

Toward Zhao Qian, Ye Yuan had an additional portion of regret in his heart.

"What plans do you have currently?" Ye Yuan found Zhao Qian and asked.

Zhao Qian shook her head and said, "I don't know. Young Master Ye, thank you for helping my father take revenge. But, my father is dead. I'm feeling completely messed up right now."

Zhao Qian had already washed her face with tears these few days. Now, talking about her father, her eyes became red again.

Chapter 1150: Welcoming with a Solemn Ceremony

Ye Yuan heaved a sigh, but he still did not know how he should console Zhao Qian.

Regarding Zhao Xingchen's death, Ye Yuan was still rather guilty in his heart.

He did not kill Zhao Xingchen, but Zhao Xingchen died because of him.

Back then, he requested Zhao Xingchen to search for spirit medicines. He did not think that Zhao Xingchen actually put forth that much effort either, resulting in braving risks himself, and losing his life.

"Y-Young Master Ye, can you lend me your shoulder to lean on?" Zhao Qian said with tears in her eyes.

Ye Yuan gave a sigh and reached his hand out and lightly pulled Zhao Qian into his embrace and said, "If you wish to continue running the Meteor Trading Company, after this matter is over, I'll go and exterminate the Pola Trading Company. In the future, this Divine Realm only has the Meteor Trading Company, a single firm, running a monopoly!"

The lovely body of the Zhao Qian in his embrace shuddered when she heard that. A bout of warmth flowed into the pit of her heart.

One sentence, it made Zhao Qian's sky that fell down be mended again.

This man before her eyes was the heavens!

She did not doubt in the slightest that Ye Yuan had this strength. Even the Heavenspan Island Master, that kind of existence, died under Ye Yuan's sword.

Ye Yuan's present strength felt like it already surpassed the eight great super holy lands' holy lords!

The nine great trading companies in the past, the strongest Pola Trading Company was also merely a quasi-super holy land.

Even if the Pola Trading Company was being controlled by the fiend race presently, for Ye Yuan to want to exterminate it, it was as easy as flipping over his hand.

For the Meteor Trading Company to want to replace the Pola Trading Company was also merely a matter of a word from Ye Yuan.

She believed that even the eight great super holy lands' holy lords did not dare to come forward to say anything either.

"Thank you, Young Master Ye!" Zhao Qian said softly.

"Far from thanking. Brother Zhao and I were on great terms. You provided considerable assistance to me as well. Right now, the Meteor Trading Company encountering distress, it's proper and reasonable that I can't sit idly by and remain indifferent," Ye Yuan said.

He did not say the matter of Zhao Xingcheng hunting the Silvermoon Heavenly Tea on his behalf. The old friend was already gone, why was there a need to let a crack arise between him and Zhao Qian?

Ye Yuan already made up his mind. In the future, Zhao Qian's matters were his, Ye Yuan's, matters.

Who knew that Zhao Qian let out a sigh and said, "Zhao Qian indeed likes running operations a lot. It's just that these days, the fiend race is restless and eager for action. In the midst of turbulent times, how can the Meteor Trading Company pay attention to one's own moral uplift without thought of others? After today, I'll arrange for all of the Meteor Trading Company's affairs to cease all activities, hiding our edge. After Young Master Ye quells the fiend race, the Meteor Trading Company will make a comeback!"

Ye Yuan thought about it and said, "May as well."

On this matter, Zhao Qian clearly thought more thoroughly than him.

...

“Milord, the clan has already sent news. The patriarch agreed to your terms and approves of using one-million-year-old Pearl Have Tears to exchange for the Purple Void Vitality Spirit Pill.”

On this day, Shark One came to see Ye Yuan, finally bringing the news of the merman clan.

Toward this, Ye Yuan was not surprised.

He already exhibited his alchemy skills. As long as Shark One was not an idiot, he should know that the people capable of refining the Purple Void Vitality Spirit Pill in this world, nobody else was worthy except him.

This way, Pearl Have Tears was also considered to have landed in his pocket.

Counting in Pearl Have Tears, Ye Yuan already collected six of the nine core medicines at present. There was only left with the final three.

He also did not think that the progress of the Dao Defying Pill would be so smooth sailing.

Ye Yuan slew Han Qing Zi, put away his storage ring, and indeed discovered quite a few good things.

And that stalk of Silvermoon Heavenly Tea was currently lying inside the storage ring quietly, completely intact.

Over a thousand years ago, Han Qing Zi obtained Su Wo’s inheritance. And in his inheritance, there was an ancient mystic grade pill formula that could have the effect of filling one with wisdom and enlightenment, helping him to comprehend the power of Divine Dao laws.

Han Qing Zi’s comprehension of Divine Dao laws already reached the middle of a bottleneck.

As long as he took one more step, he would be able to truly transcend the realm of Void Mystic and reach the level of competing with the Ten Great Divine Kings.

It was just a shame that he was still missing one last spirit medicine, the Purple Lingzhi.

In the end, it still fell short of success at the last stage.

The refining difficulty of this ancient pill formula was exceedingly high. But Han Qing Zi himself was a peak Alchemy Emperor. He had the strength to refine it.

Except, this pill formula was somewhat of little value to Ye Yuan.

With his comprehension ability, he did not require whatever filling with wisdom at all.

For Han Qing Zi to be able to comprehend Divine Dao laws and become a peak Alchemy Emperor, his comprehension ability in itself was already extraordinarily high.

It was just that compared to Ye Yuan, it was still far too lacking.

With Ye Yuan comprehending the Domain of Sword, the Evil Extermination Sword Formula already officially attained a higher level of mastery, reaching the extent of the first level’s great circle of perfection.

According to what Skydistant said, the Evil Extermination Sword Formula was divided into three levels. When Ye Yuan cultivated these three levels to the great circle of perfection realm, he would be able to activate the Vast Heaven Sword Art that Absolute Heaven left behind inside the Vast Heaven Stele!

The Evil Extermination Sword Formula was actually the elementary part of the Vast Heaven Sword Art!

This Vast Heaven Sword Art was completely different from other cultivation methods. Inclusive of the Heaven Stabilizing Divine King, they all directly comprehended Divine Dao cultivation methods.

But Ye Yuan did not even enter the gates of the Vast Heaven Sword Art currently.

However, even if he did not cross the threshold, Ye Yuan's current strength was also already sufficiently powerful.

Perhaps he was still a bit inferior compared to the Ten Great Divine Kings. But, facing Void Mystic powerhouses, he could easily kill them!

As for the Ziya divine sword as well as Su Wo's Divine Dao cultivation method, Ye Yuan was not stingy, passing them to the Extreme Sword Divine King, Kuang Tianming.

Kuang Tianming's lifelong goal was the extremities of Sword Dao.

Yet, Ye Yuan, who came late, surpassed those who were in front. Ye Yuan already thoroughly surpassed him.

But, on this point, Kuang Tianming already had a clear estimation of himself in the previous life, acknowledging that he was inferior to Ye Yuan.

However, this did not hinder his heart of pursuing Sword Dao.

Obtaining Su Wo's inheritance, it was as if he obtained a priceless treasure. He entered the Vast Heaven Pagoda to go into closed-seclusion and cultivate.

With this set of cultivation methods, it might not be an impossibility for Kuang Tianming to be ranked amongst the Ten Great Divine Kings in the future.

Ye Yuan believed that this set of cultivation methods in Kuang Tianming's hands would absolutely be much more valuable compared to in Han Qing Zi's hands.

Kuang Tianming never would have dreamed that he would one day be able to obtain a divine sword and a set of Divine Dao sword art.

The relationship between him and Ye Yuan already did not need excessive words.

He secretly resolved his heart to definitely assist Ye Yuan in this lifetime and exterminate the fiend race!

If Su Wo knew that his successor became Absolute Heaven's successor's right-hand man a million years later, who knew what he would think.

...

The group of people entered the merman clan's territory through an impressive array.

The Garnersky Sea Region's underwater world had always been the human race's restricted area.

Any and all humans who came down, basically all would die.

The might of the sea race was actually by no means inferior to the human race.

It was just that fighting on land, less than 70% of their strength could be unleashed. They were naturally unwilling to go ashore.

However, underwater, their strength was incomparably terrifying.

In contrast, once human martial artists enter below water, their strength would be greatly discounted.

Unless, what they cultivated just happened to be a water-attribute cultivation method.

What Ye Yuan cultivated was not a water-attribute cultivation method. But now that he comprehended the Domain of Sword, places that he passed through, the water would automatically retreat a distance of 20 feet, making it not too different from ashore.

Seeing this scene, Shark One was also extremely shocked in his heart.

Ahead, a group of sea folks came to welcome them. A merman at the front wore a crown on his head. His aura was extremely powerful.

"His Majesty heard of Your Excellency's Alchemy Dao's strength, and he decided to personally come forward to receive you!" Shark One explained by the side.
