Chapter 1171: Who Won, Who Lost?

Clank!

The sound of metal clashing.

Ye Yuan's eyes blurred. A certain kill sword was actually blocked by Ji Canglan!

After a time interval of 20 years, it was the first time the apprentice brothers, the two people, were so close.

However, Ye Yuan's expression changed.

The sword in Ji Canglan's hand was actually a divine artifact too!

"*Huhu*, you seem very surprised that I have a divine artifact in my hands?" Ji Canglan said with a smile that was not a smile.

Clank!

The two people's essence energy swept out, separating from each other.

Bloodsoul trio heaved a long sigh in relief, feeling lucky to survive a disaster.

"M-Many thanks to Lord Holy Son for the rescue! This subordinate is incapable and disappointed Lord Holy Son!" Bloodsoul's sweat poured profusely as he cupped his fists and said.

Ji Canglan snorted coldly and said, "If not for that you guys still have a bit of use, you think that this seat will save you all? A bunch of good-for-nothing, can't even cause him a bit of harm!"

Ji Canglan had prepared many contingencies and even thought that he was able to seriously wound Ye Yuan.

Who knew that apart from making Ye Yuan display some trump cards, he did not cause much damage to Ye Yuan at all.

Bloodsoul and the rest did not dare to refute, hurriedly retreating.

With Holy Son taking action, there was naturally no need for them anymore.

Moreover, Bloodsoul discerned in shock that they could not poke their noses into this battle at all.

It was too easy for Ye Yuan to want to eradicate them.

The undying body was simply a joke in front of Ye Yuan.

Ji Canglan toyed with the divine sword in his hand and said with a look of amusement, "Back then, the deity realm powerhouses that died in Divine Master's hands were too many to enumerate. Just a divine sword, no need to make such a big fuss."

Ye Yuan's gaze turned intent, and he opened his mouth and said, "The divine master that you speak of, could it be one of the heavenly fiendgods, Kanuo?"

Ji Canglan smiled and said, "Looks like you know quite a bit. It's just that Holy Mother Devil Flower has already come into being. Even though she was seriously injured by the divine sword, as long as she recovers and joins hands with Lord Divine Master, do you think that you still have hope?"

Ye Yuan gave him a very meaningful glance and said, "Are you ... roping me in?"

Ji Canglan did not have the intention of denying, saying, "Junior Brother, you're a smart man and should know the logic of a fine bird choosing a tree to perch on. A war without any hopes of victory, why do you need to take up a difficult job beyond your reach?"

"With your understanding of me, don't you think that saying these words is somewhat wasting your breath? Do you think that I would agree?" Ye Yuan said with a mocking laugh.

Ji Canglan said, "Times have changed! Since you personally saw Holy Mother Devil Flower come into being, I believe you should know that you absolutely have no chances of victory! Absolute Heaven had Jiang Chen this Origin Deity Realm powerhouse aiding him. But beside you? Who else is there? Without a deity realm existence, Divine Master Kanuo and Holy Mother Devil Flower are even more undefeatable!"

Ye Yuan's brows involuntarily knitted together when he heard that.

When Ji Canglan saw, he continued, "Actually, those days together with you and Master, I was very happy too. But I had no command over myself! The survival order of the fiend race is like the mortals' king to his subjects: a thought to live, a thought to die! Talking about it, you might not believe it. Divine Master sealed my divine soul in the divine soul of a human. Hence, that's why you all were unable to detect it. But for so many years, I've already been corroded by the human soul. One can say that I'm a half-fiend, half-human freak right now. Regarding Master's incident, I can only say ... very sorry."

"You have to know, the son of heaven's mandate's final fate is death! Absolute Heaven was like that, Fang Tian 50 thousand years was similarly like so. In terms of meritorious exploits and great achievements, who can compete with the sons of heaven's mandate in the human race's history? But you take a look, among the sons of heaven's mandate you know of, who else is there?"

Ji Canglan's words could be said to touch the chords of one's heart.

He was talking about it until Ye Yuan actually hesitated for a moment.

He did not say things like whatever dominating the Divine Realm, only he alone reigned supreme, so on and so forth. Because he knew that Ye Yuan was not interested at all.

Moving with feelings, understanding with reason, was the best way to rope Ye Yuan in.

However, Long Teng inside the Vast Heaven Pagoda somewhat freaked out when he saw Ye Yuan's wavering appearance.

"Ye Yuan, the fiend race mustn't be trusted! This Ji Canglan is diabolic and wildly ambitious, you mustn't fall for his tricks!" Long Teng said anxiously.

“Junior Brother, we were fellow disciples for 500 years. These 500 years to me, this half-human, half-fiend freak, it indeed warmed my heart. But Kanuo? On the day I was born, I was sealed up by him, becoming this grotesque appearance! I can tell you a secret. Now that the Divine Realm’s Heaven Dao is missing, Kanuo already lost interest in it. After conquering it, he still wants to think of a way to return to the place he came from! At that time, we’ll reestablish order in the Divine Realm and maintain the present state. Isn’t that good?” Ji Canglan strung along skillfully.

With this, Long Teng panicked even more and said, “Ye Yuan! Don’t listen to his lies! He ...”

“You shut your mouth for this young master!” Ye Yuan suddenly shouted.

Ji Canglan froze when he heard that but then he saw Ye Yuan took out the Vast Heaven Pagoda and casually fired out several spells. Long Teng’s voice could not longer transmit out.

When the Long Teng inside saw the situation, he was even more flustered like an ant in a hot pan.

But Ye Yuan had already completely controlled the Vast Heaven Pagoda now. He, the artifact spirit, was completely helpless.

When Ji Canglan saw the situation, he could not help rejoicing in his heart.

Looked like his persuasion took effect!

“You said just now, he’ll think of a way to return to his original place? What ... does this mean?” Ye Yuan asked in a solemn voice.

Ji Canglan said, “The fiend race isn’t a race of the Divine Realm at all! As for how in the world they came, very sorry, I don’t know either.”

Ye Yuan furrowed his brows and started musing. This news was indeed an earth-shattering news to him.

“But ... I heard Kanuo said before, they ...”

A light flashed. Ji Canglan suddenly shot forth!

He was waiting for a chance where Ye Yuan became inattentive by talking until now.

He did not hope at all for Ye Yuan pledge allegiance to the fiend race. But he knew that Ye Yuan would definitely be interested in the fiend race’s history.

Hence, he dug a pit step by step, waiting for Ye Yuan’s momentary absent-mindedness.

When experts exchanged blows, an instant was sufficient!

Deliberate in counsel, prompt in action

Ji Canglan’s sword was quick to the extreme!

Compared to Ye Yuan’s greater teleportation, it did not lose out to it either.

It was just that Ji Canglan did not think that at virtually the same time, Ye Yuan moved too!

Clank!

Clank!

Two long swords intersected and passed, separating upon contact!

Far away, Bloodsoul and the rest could not refrain from swallowing their saliva.

That scene just now was seriously too exciting.

Even they were taken in by Ji Canglan too and even thought that Lord Holy Son was really recruiting Ye Yuan.

But who knew that in an instant, the situation suddenly changed!

“Bloodgrudge, they ... Who won?” Bloodsoul could not resist asking the Bloodgrudge beside.

Bloodgrudge shook his head and had a nervous look too.

Pffft ...

Fresh blood suddenly sprayed out of Ye Yuan’s chest, and he unconsciously kneeled but stopped halfway.

“Hahaha ... Lord Holy Son is indeed formidable!” Seeing this scene, Bloodsoul the three people could not help being overjoyed.

Unrivaled Medicine God

Chapter 1172: Bloodshed Flying Sword

“Ye Yuan, a-are you alright?”

The Vast Heaven Pagoda’s restriction also automatically removed at this time.

Long Teng rushed straight out of the Vast Heaven Pagoda and looked Ye Yuan concernedly.

Ye Yuan’s complexion was deathly pale, the blood on his chest gushing out like a fountain, looking exceedingly frightening.

Wounds carved out on the physical body by a divine sword were not that easy to heal.

Ye Yuan revolved the Tyrant Dragon Regeneration Art crazily, but the wounds healed rather slowly.

“I ... I’m fine!” Ye Yuan’s complexion was white as a sheet as he said strenuously.

“K-Kill him! *Argh ... !*”

Ji Canglan’s mouth emitted a howl.as if exhausting all the strength in his body.

Puchi!

After this sound was made, Ji Canglan’s body actually cut off at the waist!

Seeing this scene, Bloodsoul trio’s expressions changed drastically!

They never would have thought that this round, it was actually Ye Yuan who won.

Ye Yuan only had his chest injured, while Ji Canglan was cut in half at the waist!

Similarly, using a divine artifact, the wound was likewise unable to heal.

But without a doubt, Ye Yuan's situation right now became even more dangerous!

Bloodsoul three people's reactions could not be said to not be fast. They dashed out, charging toward Ye Yuan.

Long Teng's expression changed greatly and was just about to take action, but was stopped by Ye Yuan.

"Let me!"

Finished talking, Ye Yuan muttered words under his breath. A mysterious and hard to fathom Divine Dao law slowly emerged.

The Vast Heaven Stone Stele suddenly turned big from small, smashing towards the three people.

Bloodsoul trio did not think that Ye Yuan still had such a fallback. Caught unprepared, they were immediately suppressed by the Vast Heaven Stone Stele!

The Vast Heaven Stone Stele that carried Divine Dao laws directly crushed the three people into smithereens.

Even the black gas that condensed into them were also directly annihilated by the Vast Heaven Stone Stele.

The Vast Heaven Stone Stele and Evil Extermination Sword were originally the fiend race's jinx.

Ye Yuan could already draw out a portion of the Vast Heaven Stone Stele's power presently. How could it be what Bloodsoul trio was capable of withstanding?

Of course, this was primarily still due to Ye Yuan severely injuring them previously with the Coiling Dragon Heaven Devastating Palm. Their current strength was already greatly discounted as well.

"Puhwark!"

Finished suppressing Bloodsoul trio, Ye Yuan also vomited a large mouthful of blood.

Utilizing divine essence and the power of Divine Dao laws, especially under the circumstances of being severely injured, it increased the burden on his body even more.

"Ye Yuan!" Long Teng hurriedly went to support him.

Ye Yuan waved his hand and said, "I'm fine! Senior, you go back inside the Vast Heaven Pagoda first! This battle isn't over yet!"

Long Teng's expression flickered incessantly, but finally still nodded his head and returned inside the Vast Heaven Pagoda unwillingly.

Presently, this level of battle was already not what he was able to take part in.

At this time, a bloody light shot up into the sky from Ji Canglan's body. The place where he was severed at the waist actually rejoined together, looking very harrowing.

Very clearly, he was making the best use of time to recover his strength.

This sword of Ye Yuan did not cut his vital parts.

Even ordinary martial artists could not be killed, let alone a fiend like Ji Canglan.

Ye Yuan's Tyrant Dragon Regeneration Art also revolved to the limits, recovering his wound.

At the same time, he even swallowed a Tier 9 medicinal pill.

"How devious, Junior Brother!" At this time, Ji Canglan who was inside the blood light spoke up.

His tone was icy-cold. Clearly, he took Ye Yuan's blow earlier greatly to heart.

He was baiting Ye Yuan step by step but did not expect that Ye Yuan was just meeting one ruse with another, and even deliberately sealed the Vast Heaven Pagoda for him to see.

In the end, he fell into Ye Yuan's scheme!

This round, it was still him who lost by a notch!

"You were conniving too! Saving them just now is probably in order to be a scapegoat for you, right?"

He had no reservations earlier in letting Bloodsoul and the rest to deliver themselves up for Ye Yuan to kill, in order to aggravate Ye Yuan's injuries. This way, he had even more time to recover from his wounds.

Ji Canglan knew that Ye Yuan still had the strength to spare. If Ye Yuan did not shrink back from getting severely injured and directly came over to kill him, he practically did not have strength leftover to retaliate.

"Merely a bunch of trash! Dying for me is their glory!" Ji Canglan said without a care.

"You truly deserve death!"

"H-Haha, my little junior brother, already reached this point today, do you still not understand me?"

"Hence, I came to kill you!"

"You can't kill me! This battle, the one who dies is you!"

"Is that so? Then let's ... go another round, how about it?"

While talking, Ye Yuan slowly stood up. Ji Canglan in the blood light was taken aback with shock and said in horror, "You ... How can you possibly recover so quickly?"

Ye Yuan said coolly, "Since you know that I obtained the Medicine God's Soul Canon, can't you guess it?"

"A-Arcane insight rank?" Ji Canglan said in horror.

Arcane insight rank medicinal pills contained Divine Dao laws.

Healing medicinal pills were naturally able to dispel the power of laws that divine artifacts left behind on the wounds.

“So ... can you go and die already?”

Ye Yuan’s indifferent voice sounded out. A sword slashed towards the Ji Canglan inside the bloody light.

But in the next second, Ye Yuan’s expression changed drastically. All the hairs on his body stood on its end.

Ye Yuan’s alarm bells sounded off, and he chose to greater teleport at the first moment!

“Bloodshed Flying Sword!”

A bizarre voice suddenly came out from inside the bloody light, vastly different from Ji Canglan normally.

However, when countless blood-colored flying swords were magnified limitlessly in Ye Yuan’s pupils, Ye Yuan felt tremendous pressure!

Without holding back in the slightest!

“Sword Intent Connecting to Divinity!”

Ye Yuan mustered up essence energy, activating the Evil Extermination Divine Sword to the limits!

A dense sword web welcomed the approaching blood-colored flying swords!

These flying swords were not real swords, but one after another of dense sword energy!

Sword energy and blood energy fused together.

Puu, puu, puu ...

Very soon, Ye Yuan’s sword web and the blood swords collided together.

The first strike, Ye Yuan almost spewed out a mouthful of blood.

This was a clash of Divine Dao laws!

However, it seemed like Ji Canglan was a level higher!

Ye Yuan revolved the Black Tortoise Treasure Body Divine Art and Tyrant Dragon Regeneration Art, and forcefully suppressed his rolling blood energy.

At the same time, the Evil Extermination Sword in his hand did not stop for a second, dancing until it was impenetrable.

For a moment, Ye Yuan seemingly had his chest struck by countless heavy hammers!

The wounds from before did not heal right away.

Under the attacks of these countless blood swords, his wound split apart once more.

“Puhwark ...”

Finally, this wave of blood swords was withstood by Ye Yuan. But the injuries on his body worsened several times!

On Ye Yuan's white long robes, it was already stained full of blackish-red bloodstains.

Ji Canglan was indeed not so easy to deal with!

In the blood light, Ji Canglan slowly walked out.

His severed body actually pieced together completely once more at this time.

"Little Junior Brother, this move is still passable, right? You're also too careless. The fiend race's recovery ability is rated as perverse. Even you recovered, would I not recover?" Ji Canglan said to Ye Yuan with a wide grin.

The blood within Ye Yuan's body was in turmoil. At this time, he could not even speak.

Those blood swords looked very sloppy and ordinary, but the power was unbelievably terrifying.

The Evil Extermination Divine Sword that he deployed with divine essence was actually unable to ward off the impact that the power of laws brought to him!

Unrivaled Medicine God

Chapter 1173: Fury Sword Fire Lotus!

"*Heh*, talking about geniuses, it's not just you alone in this world! These few years, your senior brother, I, wasn't idling. This Bloodshed Flying Sword amalgamated the fiend race's transcendent Blood Dao and the human race's Sword Dao. In terms of power, it's already not weaker compared to the Ten Great Divine Kings, that kind of powerhouses," Ji Canglan said with a faint smile.

Ye Yuan sensed that these blood swords were just like cannonballs.

Even if he used all of his strength, he was still beaten to severe injuries.

With Ye Yuan's defensive power, this was simply unthinkable.

"*Huhu*, stop racking your brain in vain. Do you think that I'd give you a chance to catch your breath? Now, senior brother will send you to go reunite with that damn old man of yours!"

Ji Canglan suddenly became resolute!

He suddenly slashed the divine sword at his own palm. Fresh blood immediately sprayed all over the divine sword.

"Bloodshed Flying Sword, go for me!"

Once more, countless blood swords tore through the air and arrived, and actually carried whistling sounds.

This attack, Ye Yuan already had nowhere to hide!

But in the next instant, the expression on Ji Canglan's face became extremely fascinating.

A human-size tortoise shell appeared in front of Ye Yuan!

Mystic Art Holy Tortoise Shell!

The originally incomparably swift and fierce blood swords collided onto the tortoise shell and actually could not even stir up a single wave.

Ji Canglan's eyes stared like wide-circles, but he refused to believe everything that he saw before his eyes.

Another round of Bloodshed Flying Sword!

However, it still did not stir up any waves.

After the Mystic Art Holy Tortoise Shell, Ye Yuan was currently making use of all of the time to recover essence energy.

Ye Yuan's Tyrant Dragon Regeneration Art, following the increase in fleshly body power, already cultivated to late-stage ninth level. Right now, the recovery power was very astonishing.

Plus, the medicinal effects of the arcane insight medicinal pill before had yet to fade. The Mystic Art Holy Tortoise Shell was sufficient to resist until he recovered some strength.

Ji Canglan suddenly thought of something and said in astonishment, "This ... Could this be the lost supreme treasure of the Black Tortoise Clan, the Mystic Art Holy Tortoise Shell?! Damn it, this brat's lucky chances are truly heaven-defying!"

Thinking about it, Ji Canglan's face turned cold, and he said, "No way! Absolutely can't let him recover strength! Otherwise, the consequences are too ghastly to imagine!"

Instinctively, Ji Canglan sensed a hint of a threat!

Boom!

Suddenly, Ji Canglan's whole body was shrouded in black gas.

Berserk fiendish energy gave people a nerve-racking feeling.

Chiii!

Ji Canglan slit his own palm once more, then smeared his own blood on the divine sword.

The divine sword emitted intense vibrations, appearing extremely unwilling.

Ji Canglan said with a hideous grin, "Being a wedding gown for this seat, that's your honor! Devil Flames Surging to the Sky, suppress for me!"

A cloud of black gas instantly wrapped the divine sword up. The divine sword's unwillingness was actually really quashed down.

Ji Canglan's fiendish energy was countless times purer compared to the average fiend. Even compared to that Fiendgod Jia Lan, it was not at all inferior too.

"ARGH!!"

Ji Canglan gave a roar, his entire person's aura suddenly skyrocketed.

The explosive muscles utterly shredded his clothes. His facial features also became abnormally savage.

His entire person was just like a rampaging wild beast.

“Ji Qingyun, I want to see how long this tortoise shell of yours can last! Bloodshed Fiend Sword!”

Ji Canglan’s figure suddenly vanished, like it disappeared into thin air.

Bang! Bang! Bang!

The next instant, only to hear a series of loud booms transmit over.

On the Mystic Art Holy Tortoise Shell, fierce exploding sounds came over.

Waves of terrifying energy undulation spread out layer by layer, blasting the entire Medicine King Hall’s houses and mountain-body into a pile of dust.

This degree of impact was practically already the limits of what divine king powerhouses could attain.

Ji Canglan knew that this Mystic Art Holy Tortoise Shell was definitely not deployed by Ye Yuan. It was definitely a one-time treasure.

As long as he attacked continuously, it could hasten the Mystic Art Holy Tortoise Shell’s expenditure, and reduce Ye Yuan’s recovery time from there.

The two people were racing against time!

After the Mystic Art Holy Tortoise Shell, Ye Yuan did not move a muscle. It was as if everything in the outside world had not the least bit of relation with him.

A moment ago, on a piece of empty land in the Vast Heaven Pagoda, stood 1000 identical Fierys in ranks!

Looking closely, these Fierys’ forms were different.

Some were sitting cross-legged, some were playing with flames in their palms, while some were in a ruminating state.

There were even some that were fighting in pairs.

On the platform, Fiery’s main body’s eyes were slightly closed, sitting crossed-legged, as if he was comprehending something.

Suddenly, a voice transmitted into the Vast Heaven Pagoda.

“Fiery, I need your help!”

It was precisely Ye Yuan’s voice!

Fiery’s snapped open his eyes and responded, “Okay, Big Brother, I’m coming right away!”

Finished talking, his entire body trembled. Those 1000 Fiery clones turned into streams of flowing light, pouring straight into his body.

Fiery shut his eyes once more. He was digesting these 1000 Fierys’ comprehension.

After a hundred breaths, Fiery slowly opened his eyes. Rays of brilliant light appeared in his eyes.

By the side, Long Teng opened his mouth and said, "How is it?"

Fiery said with a light smile, "The first level, I already learned the rudiments!"

Long Teng's entire body trembled, and he said in astonishment, "S-So fast?"

Fiery nodded and said, "I'm originally an innate fire spirit physique. Comprehending the power of fire source can be said to yield twice the results with half the effort. Although Divine Dao laws are hard, to the current me, it's not something beyond my reach. More importantly, this method that Big Brother came up with is simply too ingenious!"

But Long Teng let out a sigh and said, "Yeah, really don't know how this boy's head grew, to actually even think of this kind of cultivation method! Using clones to cultivate the cultivation method, then gathering onto the main body. This is equivalent to having 1000 Fierys cultivating at the same time! Even though the effects are inferior to the main body cultivating by yourself, once these clones come together, the effects are 10 times, even 100 times of the main body's cultivation speed!"

After Ye Yuan obtained the Spirit Bristle Nine Yang Divine Art from Teng Yun there, he suddenly came up with a whimsical idea and imparted this cultivation method to Fiery.

Essence fires were born from heaven and earth to begin with, and the Cleansing Sandal Flame Lotus was also a heaven and earth spiritual plant. With Fiery's present cultivation realm, comprehending the Spirit Bristle Nine Yang Divine Art was truly advancing at a tremendous pace.

While at this time, Fiery already learned the rudiments of the Spirit Bristle Nine Yang Divine Art's Divine Dao Chapter's first level!

In terms of strength, he was already much stronger compared to ordinary peak void mystic!

"Big Brother is really a prodigious talent! Senior, I'm going out to help Big Brother!" Fiery said to Long Teng.

...

Bang! Bang! Bang!

Ji Canglan was just like an unceasing war machine, using incomparably powerful offensive power to bombard the Mystic Art Holy Tortoise Shell.

Under his untiring efforts, the Mystic Art Holy Tortoise Shell's tremors became stronger and stronger.

Finally, with a bang, the Mystic Art Holy Tortoise Shell was no longer able to withstand his tremendous force and was blasted flying.

"Ka ka, Ji Qingyun, your hour of doom has arrived!" Ji Canglan shouted excitedly, seeing this scene.

But right at this time, there was suddenly an additional figure beside Ye Yuan.

The two figures seemed to have consulted in advance, their movements were virtually synchronized.

Two surges of terrifying Divine Dao power of laws gushed out akin to twin dragons spitting pearls!

"Fury Sword Fire Lotus!"

Unrivaled Medicine God

Chapter 1174: Avenging the Great Enmity!

Two mighty Divine Dao law powers intertwined together, but it was not as simple as one plus one equals two.

Fiery was born from the Cleansing Sandal Flame Lotus, while the Cleansing Sandal Flame Lotus was Ye Yuan's clone.

Between Fiery and Ye Yuan could be said to be connected in mind and soul.

The synchronization of the two people casting arts was in complete unison!

Two kinds of Divine Dao laws superimposing together, mutually augmenting each other, the power was far from what an independent Divine Dao law could compare to.

This sword was unimaginable strong!

Ji Canglan's pupils constricted, wanting to escape. But it was already too late to change moves.

With a clank, Ji Canglan's long sword was directly smacked flying, flying out of his hand.

Puchi!

The Evil Extermination Divine Sword stabbed viciously into Ji Canglan's body, destroying his life force!

The Evil Extermination Divine Sword originally countered evil things the most.

Fiery's law of fire similarly could purify myriad things under the heavens.

This sword was virtually fatal to Ji Canglan!

Swoosh!

Right at that instant Evil Extermination Sword stabbed into Ji Canglan's body, a mass of black gas suddenly flew out from the top of his head, fleeing away.

The black gas's speed was exceptionally swift. But in front of Ye Yuan, who knew the art of greater teleportation, it was futile even if it was any quicker.

"Want to leave?"

Ye Yuan gave a cold laugh. Greater teleportation was instantly displayed.

How could the Ji Canglan without a physical body compare to Ye Yuan's speed?

One teleportation and it was a distance of 20 thousand feet.

The black gas did not escape very far yet and was already blocked from the front by Ye Yuan.

20 feet!

Domain of Sword!

Ye Yuan already firmly locked onto the Ji Canglan in the middle of escaping.

At this time, a layer of pale white flames suffused at the borders of the Domain of Sword.

Looking from far away, it was like a fireball.

“Enmity of killing one’s father, the hatred of losing one’s wife! Do you think that I’d let you escape?”

Ye Yuan’s voice seemingly came from the underworld, bone-piercingly cold.

The enmity of over 20 years all erupted at this instant.

This short 20 years plus, the thing that Ye Yuan thought about day and night was to take revenge!

For the sake of this goal, Ye Yuan could be said to have had narrow escapes.

From a carefree young master who pursued Dao wholeheartedly, he became someone who was resolved to excel, a powerful martial artist who specialized in the Martial Dao.

The transformation experienced in-between this could not be said to not be great.

Now, it was finally within sight.

“Qingyun, you and I were apprentice brothers at any rate! Furthermore, I didn’t kill sister in law, she isn’t dead yet!”

Actually, Ji Canglan also did not know whether Yue Mengli was dead or not.

But right now, in order to live, he naturally stuck to his guns that she was not dead.

Only this way, could he have a chance to live on.

Sure enough, when Ye Yuan heard these words, his expression could not help changing, and he said, “Where’s Li-er!”

“You let me go first. Otherwise, you’ll never see her again!” Ji Canglan threatened.

Ye Yuan smiled coldly when he heard that and said, “Do you think ... you have the qualifications to bargain with me?”

“Why won’t I have the qualifications? My good junior brother, I understand you too well! I know that you’ll definitely let me leave, isn’t that right? You couldn’t even deal a blow to those devilized former fellow disciples, could it be that ... you’ll kill me for the sake of your beloved?”

Ji Canglan had an unflinching look. He understood Ye Yuan too well.

For Ye Yuan to be able to acknowledge Yue Mengli, his fiancée, it showed that he loved Yue Mengli deeply.

With Ye Yuan’s personality of valuing loyalty and relationships greatly, he absolutely would not dare to deal a killing blow to him.

This ... was his final counterweight and also the heaviest counterweight.

Because Ye Yuan would give in obediently!

“Do you think that I’ll believe your words? If you have Li-er in your hands, would you wait until now?”
But Ye Yuan was not easy to hoodwink as he said with a cold sneer.

But Ji Canglan was not flustered nor rattled and similarly said with a cold sneer, “Do you think that if I caught the Yue Family’s little lass, I’d hide her here? To me, she isn’t just a death-exemption gold token that simple! You’re the child of destiny; want to break your destiny, the Yue Family’s lass is the crux! Previously when I deliberately spread the news of her demise, it was in order to make you fall into depravity. I didn’t think that you actually pulled through! But now, she’s my death-exemption gold token. If you don’t believe me, just make a move. You’ll become the culprit who causes her death indirectly.”

Ye Yuan hesitated!

Even if he did not believe Ji Canglan’s words at all, he did not dare take this risk either!

Even if there was only a one-in-ten-thousand possibility, Ye Yuan could not use Yue Mengli’s life to make a gamble either.

This kind of thing, he, Ye Yuan, could not do it.

If Yue Mengli died because of him, even if he avenged his great enmity, what was the use?

When Ji Canglan saw Ye Yuan’s expression, he could not help being thrilled in his heart. Striking while the iron was hot, he said, “You don’t need to doubt either, with that lass’s strength, do you think that she’s able to escape my encirclement and suppression? Bloodrain’s strength, you’ve witnessed before. Do you feel that the Yue Family’s lass can escape from his hands?”

Ye Yuan’s brows furrowed. This time, he really wavered.

According to his estimations, even if Li-er progressed at breakneck speed, it was also impossible to be Bloodrain’s match.

This way, the likelihood of what Ji Canglan said increased greatly.

“I can let you go, but I want to see Li-er!” Ye Yuan said in a cold voice.

Ji Canglan said coolly, “The Yue Family’s lass is already being escorted to the Divine Martial Hall. The Divine Martial Hall definitely already knows that my fleshy body is already destroyed. If I don’t hurry back within three days, the Yue Family’s lass will be dead for sure. You ... don’t have a choice!”

Ji Canglan said whatever came to his mind, but said it with assertive eloquence.

He was originally incomparably cunning. Even for Ye Yuan, it was hard to see through any flaws too.

Finally, Ye Yuan slowly opened up the Domain of Sword. That soul-stirring pale white flames also gradually extinguished.

Seeing this scene, Ji Canglan was wildly elated in his heart. But he did not have the slightest ripple.

“Hahaha ... My good junior brother, we’ll meet again!”

Ji Canglan laughed smugly. That cloud of black gas turned into a streak of flowing light and headed for the horizon.

But right at this time, a beautiful figure gradually appeared in Ye Yuan's line of sight from another direction!

"Big Brother Yuan! Are you alright!"

This beautiful figure was none other than precisely Yue Mengli, who rushed over looking travel-worn!

The person who understood you the most in this world would be your enemy and your beloved!

Seeing Bright Moon City's and Vastsun City's miserable states, Yue Mengli knew right away that Ye Yuan definitely came to find Ji Canglan to take revenge.

Under this kind of circumstance, it was practically impossible for Ye Yuan to have a second choice!

Therefore, Yue Mengli rushed over without stopping.

At virtually the same time, Ye Yuan and Ji Canglan both discovered Yue Mengli!

Ji Canglan had his seven earthly souls scared out of him, urging fiendish energy to the limits, wanting to get away from Ye Yuan's range.

Ye Yuan's entire body shuddered too. Virtually without thinking, the Fury Sword Fire Lotus suddenly attacked!

Chiii!

A lotus flower-shaped pale white sword energy tore across the sky, flying straight for Ji Canglan.

Even if Ji Canglan was any quicker, how could he be as fast that this streak of sword energy that tore across the sky and arrived?

"Ahhh ... Ji Qingyun, you won't have a good end!"

A shrill, miserable cry spread throughout the sky and gradually turned into nothing.

The Evil Extermination Sword's awe-inspiring sword energy and the Cleansing Sandal Sacred Flame purifying power directly incinerated that cloud of black gas into nothing!

The haughty and domineering Ji Canglan finally died under Ye Yuan's sword.

Chapter 1175: Uneasiness

"Huuuu ..."

At this instant, Ye Yuan felt like all the pores on his body opened up, incomparably light-footed.

The large rock pressing on his heart for over 20 years was finally shattered!

Killing Ji Canglan was giving an account to himself, and even more giving an account to his father who used his life to protect him.

But this road was covered densely with thistles and thorns.

Fortunately, he finally completed it!

But just as Ji Zhengyang said, Ji Canglan was merely a chess piece that was pushed to the front-stage!

The real person pulling the strings was Heavenly Fiendgod Kanuo!

This trip to the Medicine King Hall also let Ye Yuan understand some news concerning Fiendgod Kanuo.

Even though it was just an iota.

But what Ye Yuan was most mindful of was where in the world the Divine Martial Hall, this mysterious sect, was at!

Very clearly, Fiendgod Kanuo was already about to come into being.

If he could not find Kanuo before this and severely injure, even finish him off, the outcome was too ghastly to imagine.

Thus far, the methods that Kanuo exhibited were simply mind-boggling.

This opponent was a hundred times more terrifying than Ji Canglan!

After all, this was an existence comparable to Daoist Absolute Heaven, that kind of Origin Deity Realm.

Unless ... he could break through to Deity Realm!

But this was an even more impossible task.

“Big Brother Yuan!”

Yue Mengli already sprinted in front of Ye Yuan with a look of agitation.

Seeing Yue Mengli, Ye Yuan was similarly over the moon.

“Li-er, it ... it’s great that you’re alright!” Ye Yuan immediately pulled Li-er into his embrace and said with his true feelings.

To Ye Yuan, it was very rare for him to have this kind of outburst of true sentiments.

Li-er was indeed a special existence to him.

Even Mu Lingxue never enjoyed this kind of treatment from Ye Yuan before too.

Yue Mengli was held in the arm by Ye Yuan. Seeing Ye Yuan’s true sentiments flowing, she was truly unable to contain her joy, her heart pounding.

Following Ye Yuan for so long, Yue Mengli was deeply aware of the pressure on Ye Yuan’s shoulders.

To Ye Yuan, who had reincarnated, the Medicine King Hall was a colossal giant.

Growing from a Lower Realm’s youth without any foundation to the present Divine Realm’s bigshot, the hardships paid in-between this, only Yue Mengli was the clearest.

If it was just talking about Ye Yuan this identity, she could be said to have watched Ye Yuan grow up.

Now, Ye Yuan personally killed Ji Canglan, finally putting down that heavy burden.

In addition, seeing that she was fine, under the brutal hopelessness of love, that was why he would be like this.

“Big Brother Yuan, congratulations on avenging your great enmity! It’s been hard on you these few years! I believe that Lord Zhengyang Zi’s spirit in heaven should be able to obtain comfort,” Yue Mengli said in a gentle voice, being in Ye Yuan’s embrace.

Hugging Yue Mengli, hearing her words, Ye Yuan was filled with emotions, but tears gushed out.

A man would not shed tears easily unless his heart was broken!

Ji Canglan’s betrayal had once made Ye Yuan furious and perplexed.

Now the truth came to light, Ji Canglan was actually a fiend race spy.

But even so, he and this member of the fiend race had been 500 years of apprentice brothers too.

Ye Yuan’s current emotion could not be said to not be complicated.

Only after a long time did Ye Yuan walked out from surge of emotions.

At this time, he changed back to that calm and collected Ye Yuan again. It was just that his concern towards Yue Mengli did not lessen in the slightest.

“Li-er, I thought ...”

Mentioning this, Yue Mengli’s expression dimmed too.

After all, the Yue Family suffered grievous losses in this unexpected turn of events and was even almost completely wiped out.

Yue Mengli recounted the matters of Bright Moon’s change on that day as well as afterward, making Ye Yuan secretly heave a sigh of relief at getting lucky too.

He also did not think that the Innate Battle Soul Physique was actually so powerful.

“They said that you ... you fell onto the demonic path. Along the way, it worried Li-er to death!” said Yue Mengli, who had some lingering fear as she explained it.

Ye Yuan smiled and said, “What they said was right. Just one more step, and I might not even be able to recognize you anymore!”

Yue Mengli was alarmed in her heart. Only then did she know that Sun Man’s words were not exaggerating things to raise the alarm.

Did not expect that Bright Moon’s change actually brought such peril to Ye Yuan.

Seeing Yue Mengli’s upset look, Ye Yuan said with a smile, “You lass, what’s with this expression? Could it be that I’d be foolish enough to blame this matter on you? Between Ji Canglan and me, we both

understand the other too well. Hence, that's why he would use this kind of despicable means to trigger me to fall into depravity."

While talking, Ye Yuan's brows suddenly furrowed.

When Yue Mengli noticed Ye Yuan's abnormality, she even thought that it was in the sequela left behind in battle earlier and hurriedly asked Ye Yuan, "What's wrong with you? Are you alright?"

Ye Yuan shook his head and said, "Nothing. It's just ... since you're already fine, why is my heart still shrouded in a layer of shadow?"

"This ... Would it be because of the matter with the fiend race?" Li-er said.

Ye Yuan shook his head and said, "You don't know. I comprehended Sudden Impulse. Even though the matter of the fiend race is serious, it's not to the point of triggering Sudden Impulse. The reason why I could rush to Bright Moon City is because of setting off Sudden Impulse. But now ..."

Ji Canglan was dead, Li-er was safe and sound. Logically speaking, Sudden Impulse should be allayed. But the shadow in Ye Yuan's heart was still unable to disperse away.

"Not good, let's hurry back to take a look!" Ye Yuan said anxiously.

...

Half a month later, when Ao Qian and the rest saw Ye Yuan, a large stone in their hearts finally landed.

"Young Master, you finally came back!"

When Lu-er saw Ye Yuan, under her agitated feelings, she leaped right into Ye Yuan's embrace.

Li-er was aware of Ye Yuan and Lu-er's relationship. From a certain degree, it was even more intimate compared to her.

Furthermore, Li-er's temperament was indifferent and naturally would not have superfluous thoughts.

On the contrary, Yue Mengli was more grateful towards Lu-er.

If without Lu-er, Ye Yuan would probably have long fallen into depravity already now.

"Milord, it's great that you're fine! These few days, we were worried to death!" Ao Qian stepped forward and greeted.

Including the sparse survivors of the Yue Family, they also returned to the dragon clan under Wu Luo's command.

Letting go of Lu-er, Ye Yuan swept a glance over everyone, but his brows knitted together.

The people that he was familiar with and cared about were not missing a single one. All of them were here.

Even the Yue Family and the Yue Jianqiu, Yue Lingyu, who were close to him, were completely unscathed.

If so, where in the world was his Sudden Impulse pointing at?

“Nothing ... happened here, right?”

Ye Yuan uttered a sentence that made everyone baffled.

Ao Qian was stupefied and said, “Nothing. We listened to your order and stayed at the dragon clan the whole time. After that, Wu Luo also brought the Bright Moon City’s city lord over. It was calm and peaceful all the way after that.”

Hearing Ao Qian’s words, Ye Yuan was hit by a wave of inexplicable vexation, but could not find the source of the irritation. He only felt like his chest was about to explode.

Yue Mengli stepped forward and lightly held Ye Yuan’s hands, and she calmed him down, saying, “Since everybody is safe and sound, perhaps there are other reasons? Since we’re here, stay and make the best use of it to calm your heart down to think about it these past two days. Maybe there will be some gains.”

Hearing Yue Mengli’s words, only then did Ye Yuan’s heart calm down slightly. He said with a sigh, “I can only do this as well.”

Chapter 1176: Explosive News

“Hey, did you hear? The Medicine King Hall was uprooted overnight. Now, it has already utterly fallen into pieces!”

“No way, right? Prior to this, the Heavenly Sword Sect’s sect master personally took action, Void Mystic powerhouses came swarming into full force, but they returned in great defeat. The Heavenly Sword Sect was like this, who else can do it to such an extent? Could it be ... the Heaven Stabilizing Divine King personally took action?”

“*Heh*, ignorant and ill-informed much? The Heaven’s Secrets Tower’s news already came out. It was done by Ji Canglan’s junior brother, Qingyun Zi! Furthermore, he slaughtered the Medicine King Hall’s experts clean. Ji Canglan died under Ji Qingyun’s sword too!”

“*Hiss* ... I’ve long heard that Ji Qingyun’s Martial Dao in this life is very strong. But this is also too ludicrously strong, right? In a short 20-something years time, he grew from a Lower Realms’ martial artist to such a terrifying powerhouse?”

“Honestly speaking, when I heard this news, I didn’t dare to believe it either. But the Heaven’s Secrets Tower’s information has never been wrong before. Ji Qingyun’s strength has likely already reached the peak of Void Mystic Realm! He’s already very, very close to the boundary of the Ten Great Divine Kings!”

“The impression that Ji Qingyun gave people on Alchemy Dao was too deep, resulting in everybody overlooking his Martial Dao talent. I didn’t think that his Martial Dao talent is actually so heaven-defying too! Speaking of which, the Medicine King Hall acted furtively these few years, but they were more and more contrary acting against people’s will when doing things, annihilating an entire sect at the drop of a hat. This action of Ji Qingyun is also considered executing justice on heaven’s behalf.”

...

Such scenes of discussion took place at every corner of the Divine Realm.

The complete collapse of a super holy land was absolutely an earth-shaking matter in the Divine Realm.

Previously, when the Heavenly Sword Sect was virtually wiped out, it already added many topics of conversation for everyone in the world.

But the Medicine King Hall's destruction was clearly a better topic of conversation. For some time, it became the hot topic of the Divine Realm's martial artists.

It was just that up till now, there was still no one who realized at all, what kind of a malignant tumor Ye Yuan helped them to clean up.

If this malignant tumor continued developing unchecked, it was sufficient to devour the entire Divine Realm.

These martial artists were still living in their own world.

But half a month later, the topic of Ye Yuan annihilating the Medicine King Hall was replaced by another heavyweight bomb!

The Heaven's Secret Tower announced a piece of even more explosive news. The new ranking of Ten Great Divine Kings was going to be published in the Holy City a month later!

Furthermore, the Heaven's Secret Tower spread the news out that this time, the Ten Great Divine Kings would have newly-ascended powerhouses, pushing out the original Ten Great Divine Kings!

As for how many newcomers were there, the Heaven's Secret Tower had a very secretive attitude.

This topic drove people even crazier compared to Ye Yuan destroying the Medicine King Hall!

This action of the Heaven's Secret Tower clearly signified that the rankings of the Ten Great Divine Kings this time definitely had some changes!

Furthermore, this change would not be small!

One had to know that the Heaven's Secret Tower published the first issue of the Ten Great Divine Kings 2000 years ago.

Ever since then, apart from selling information, the Heaven's Secret Tower no longer made changes to the rankings of the Ten Great Divine Kings.

The Ten Great Divine Kings practically became the Divine Realm's strongest ten people.

Positions as steady as Mount Tai.

All the way until today, this arrangement was finally going to be broken!

In the wake of newcomers joining, would a decisive battle that concerned reputation stir up among the Ten Great Divine Kings?

Would the old batch of Ten Great Divine Kings challenge the newly-ascended Ten Great Divine Kings?

Would the rankings among the Ten Great Divine Kings have changes or not?

A series of questions became the major discussion that swept across the entire Divine Realm!

Especially in the Holy City, this discussion reached an even more seething extent.

In the streets and alleys, everyone was virtually discussing this matter.

“Which newcomers do you guys think will be joining this issue of Ten Great Divine Kings?”

“To talk about the newcomer whose cutting edge shows the most recently, I feel that it should be Ji Qingyun! He destroyed the high and mighty Medicine King Hall with his power alone. In terms of strength, it should be sufficient to rival the Ten Great Divine Kings, right?”

“I think that’s far fetched! It’s true that the Medicine King Hall was destroyed, but Ji Qingyun’s Martial Dao foundation is too shallow in the end. How he destroyed the Medicine King Hall, nobody knows either! Isn’t it said that he has quite a few Void Mystic powerhouses by his side? I heard that there was a peak Void Mystic powerhouse following by his side in Tranquil Sun City. If I were to say, destroying the Medicine King Hall was most likely largely his credit!”

“Apart from Ji Qingyun, I feel that it can only be some reclusive family’s powerhouses! The Xu, Hu, Chen, and Feng, four great families, have been isolated from the world for a long time. It should roughly be time to come into being as well.”

“*Heh*, don’t you forget, the last issue of Ten Great Divine Kings didn’t have ancient families’ disciples! They all obtained heaven-defying lucky chances, that’s how they transcended everything and became peerless powerhouses!”

“*En*, what you said is right. This way, the selection of Ten Great Divine Kings this time is really baffling!”

...

At this time, Ye Yuan, who was far away in the Demon Region, was indifferent to this news.

Whatever ranking of Ten Great Divine Kings was merely empty reputation to Ye Yuan.

Through the recuperation of over half a month, Ye Yuan already recovered from the Medicine King Hall battle.

Along with the passage of time, that hint of shadow shrouding Ye Yuan’s heart also gradually relaxed vigilance.

After all, the people who were related to him were currently all perfectly unscathed in front of him. This was enough.

But on this day, the Spirit Bristle Divine King suddenly descended upon the dragon clan.

The moment Teng Yun saw Ye Yuan, he scolded laughingly, “You brat, you’re also too reckless when doing things! Ji Canglan’s current strength is already not beneath Wang Huanzhou’s, but you actually went out to the Medicine King Hall by yourself without due consideration!”

The name Wang Huanzhou out of Teng Yun’s mouth was the Iron Spear Divine King, who was ranked last among the Ten Great Divine Kings.

Him saying so, served to show that he quite approved of Ji Canglan’s strength.

Teng Yun's gaze never left Ye Yuan before, as if it was his first time knowing him.

He was truly extremely surprised that Ye Yuan was able to massacre the entire Medicine King Hall.

One had to know that not long ago, Ye Yuan still did not have the slightest strength to retaliate in front of Zhuge Qingxuan.

In a twinkling, Ye Yuan was actually already capable of killing an existence comparable to the Ten Great Divine Kings by himself.

Even if it was just the last place, it was also sufficient to see the terror of Ye Yuan's improvement.

Ye Yuan smiled and said, "Putting aside my great hatred with him, just him daring to touch Li-er, this point is enough for him to die ten times over!"

Ye Yuan's thinking at that time was very simple, which was to kill people!

This grudge, he was already unable to carry on enduring.

Even if he was not fully confident at that time, he slaughtered up to the Medicine King Hall too.

Teng Yun smiled and said, "Right now, there is a hubbub of discussion spreading outside that you're going to enter the Ten Great Divine Kings this time. Looking at your appearance, seems like you aren't patting yourself on the back at all!"

The moment Ye Yuan heard, he said smilingly, "Merely empty reputation. Even if I don't enter the Ten Great Divine Kings, it also doesn't mean that I'm inferior to the Ten Great Divine Kings. Don't you think so, Brother Teng?"

Teng Yun smiled as he nodded his head and said, "Actually, the Ten Great Divine Kings are only the human territories' Ten Great Divine Kings. It can't represent the Divine Realm's true strength. At the very least, this demon race has three people whose strength that even I have no assurance in prevailing over them."

[Unrivaled Medicine God](#)

Chapter 1177: Simple Task

Ye Yuan's eyebrows raised up, clearly rather surprised by Teng Yun's words.

He had always been very curious. If the present Demon Region was so weak, why the human race actually did not come over to annex the region?

It turned out that the demon race's strength was actually so terrifying.

As expected, any race's strength is not as simple as exhibited on the surface!

The Demon Region's foundation, even Ye Yuan, this former peak Alchemy Emperor actually did not know.

Of course, the previous life's him was not concerned about these either.

"The demon race still has such mighty powers?" Ye Yuan said in surprise.

Teng Yun nodded his head and said, "In this dragon clan, there's one."

Ye Yuan was stupefied when he heard that. The dragon clan had one?

Ao Yong's strength did not seem to be so terrifying, right?

Teng Yun seemed to have seen through what Ye Yuan was thinking and said with a smile, "I know Ao Yong, it isn't him. He's the previous generation head elder. Who I'm talking about is the Azure Dragon Clan's previous patriarch! Right now, he already doesn't meddle in worldly affairs. Unless it's a clan extermination crisis, otherwise, he won't appear."

Ye Yuan smiled bitterly in his heart to no end. He really did not think that the dragon clan's foundation was actually so deep.

Really talking about it, wouldn't the dragon clan's old patriarch be even more impressive than Ao Qian?

"Then the other two?" Ye Yuan could not help asking curiously.

"The other two, are not the Four Symbols Divine Beast clans' powerhouses. One of them is a powerhouse of the Stone Ape clan, while the other is very mysterious. I've also only heard a little bit," Teng Yun said.

Only then did Ye Yuan discover that his understanding of the Divine Realm was still truly too little.

When he roamed the Demon Region back then, it was really somewhat the feeling of the ignorant had no fear.

"Brother Teng, you've always been investigating the fiend race's whereabouts. Do you know where in the world this Divine Martial Hall is at?" Ye Yuan suddenly asked.

Mentioning this Divine Martial Hall, Teng Yun's brows knitted together too.

"That fiend race's major power is too terrifying. He's incomparably cautious when doing things. Talking about it is shameful, even though the Divine Martial Hall has gradually risen to the surface, I really don't know his whereabouts. Rather, the fiend race has several hidden underground lairs that I've already pretty much investigated," Teng Yun said.

When Ye Yuan heard this, his eyes lit up, and he said, "Oh? About how much does Brother Teng know, no harm in saying. We can get started with these underground lairs!"

Teng Yun nodded his head and said, "I had precisely this intent! I came to find you this time for precisely this objective as well! These few underground lairs are scattered too broadly. Wanting to wipe them out all at once still expends quite a bit of strength. Hence, I came to find you for help."

Ye Yuan said excitedly, "Brother Teng, please say! Heavenly Fiendgod Kanuo is already almost coming into being. Right now, we must seize every minute and second!"

Teng Yun nodded his head and told Ye Yuan the information that he investigated one by one.

According to what Teng Yun said, the few fiend race underground dens that he found were all in some inconspicuous small sects, concealed extremely deeply.

But the underground lairs' experts were not few!

The fiend race's powerhouses were much more numerous compared to powerhouses of the human race.

Above holy sovereign, there was even a holy emperor rank. Fiends who possessed this form of address were all existences capable of contending against the Ten Great Divine Kings' level of powerhouses!

And this place that Teng Yun had Ye Yuan go to was called Moonhowl Sect, an unremarkable Rank Six Holy Land at the southern parts of the Divine Realm.

Such a small place, nobody would go and pay attention at all normally.

However, it was a stronghold of the fiend race!

The places that Teng Yun found were all very important strongholds of the Divine Martial Hall. These places, at the very least, all had holy emperor rank powerhouses guarding.

If not for Ye Yuan annihilating the Medicine King Hall with his power alone, he had no plans of letting Ye Yuan take part.

Even so, the Moonhowl Sect that he made Ye Yuan go to was also one of the easiest places.

According to Teng Yun's investigations, Moonhowl Sect's strongest person should be a holy sovereign powerhouse.

To Ye Yuan, it should be a cinch.

Even though it was a holy sovereign powerhouse, that was also Han Qing Zi that level of existence. The average person really could not take on this task.

"Brother Teng, you're also looking down on this younger brother too much! A mere holy sovereign can't last one move under this Ye's hands at all. Where's the fun in going?" Ye Yuan said rather unhappily.

This job was truly somewhat easy to Ye Yuan.

If it were before, holy sovereign powerhouses were indeed too much for Ye Yuan to bear. But now, it was as easy as flipping his hand for Ye Yuan to want to kill holy sovereign powerhouses.

Bloodsoul and the others under Ji Canglan were holy sovereign class powerhouses.

The four of them joined hands and were directly felled by Ye Yuan in the end too.

Teng Yun smiled and said, "Younger Brother, don't look down on this mission. It's said that Moonhowl Sect this stronghold is a stronghold specifically for the Divine Martial Hall to gather information. Your mission isn't just to kill people. If there's a possibility, you might even be able to find the location of the Divine Martial Hall's lair! Therefore, your mission is actually the most important."

Ye Yuan's eyes lit up. Only then did his expression calm down slightly, and he said, "*Huhu*, that's more like it! Relax, leave this matter to me."

Teng Yun nodded and said, "At that time, I'll send two helpers to you. How we target the fiend race's actions in the future will be entrusted to you!"

Ye Yuan said, "Brother Teng, no need to send people. Ao Qian the few of them, their strength is still pretty decent."

But Teng Yun shook his head and said, "Don't underestimate the fiend race's intel! It's too conspicuous for you to bring Ao Qian they all. It's more suitable to bring my people."

Ye Yuan thought about it and got the picture too. He nodded and said, "Alright."

...

There were still two months away from the time the two people agreed upon.

This period of time, Ye Yuan cast away all distracting thoughts and started diving into cultivation.

Presently, Ye Yuan's divine soul was already over half-transformed into golden color. His fleshy body also cultivated to late-stage already. Instead, his essence energy realm was still a very long distance away from peak divine king.

When his Essence, Energy, and Spirit, three paths all broke through to the great circle of perfection realm, he would be able to refine the Dao Defying Pill and directly assault the Deity Realm!

It was just that, the nine core medicines that the Dao Defying Pill required was still lacking three kinds at present.

But two of them, the Immortal Orientale Grass and Cloud Exquisite Sunflower, Ye Yuan was not worried.

Ye Yuan knew that these two kinds of spirit medicine were in the Demon Region!

With the dragon clan's strength, acquiring naturally would not expend too much effort.

Except, the last kind of spirit medicine, Kunwu Flower, according to what Ye Yuan knew, only the Godsfall Mountain Range had it.

Because this kind of flower grew on top of Kunwu Divine Wood.

Disregarding the Godsfall Mountain Range's dangers, just this Kunwu Divine Wood itself was dangerous to the extreme!

Even with Ye Yuan's current strength, facing the Kunwu Divine Wood, it boded ill rather than well.

Those who had truly seen before Kunwu Divine Wood, all died! Not a single person came back before!

"Looks like I must cultivate Essence, Energy, and Spirit all to the great circle of perfection within a year, then enter the Godsfall Mountain Range and find this Kunwu Divine Wood. Only on that day will I have a chance to thoroughly crush the fiend race. *Sigh* ... It's another journey where life or death is hard to say!"

A month later, Ye Yuan finally broke through to Eighth Level Dao Profound. He was only missing this last step away from Ninth Level Dao Profound, the Divine King Realm!

And right at this time, the Heaven's Secret Tower's heavyweight bomb was finally thrown out!

Unrivaled Medicine God

Chapter 1178: Heaven Surmounting Divine King!

“This is also too ridiculous, right? Ji Qingyun really became one of the Ten Great Divine Kings? Furthermore, he’s even rank six?”

“What the hell is the Heaven’s Secret Tower doing? Brewing for 2000 years, they came up with such a lousy thing?”

“Just based on annihilating an obsolete sect, one can enter the rankings of the Ten Great Divine Kings? When did the Ten Great Divine Kings become so worthless?”

“It’s true that Ji Qingyun’s strength is decent, but to say that he’s able to rank at number six, I’m not convinced no matter what!”

The new issue of Ten Great Divine Kings was finally fresh out of the press, but it stirred up a huge debate.

The old issue of Ten Great Divine Kings in sequence were: Heaven Stabilizing Divine King, Zhuge Qingxuan; Spirit Bristle Divine King, Teng Yun; Grand Yan Divine King, Lu Linfeng; Soul Martial Divine King, Zhong Zizhen; Darkness Divine King, Sikong Shang; Heavenly Book Divine King, Song Qiuyu; Single Chord Divine King, Li Tianyang; Profound Wind Divine King, Weng Yifan; Void Distance Divine King, Yi Xing; as well as Iron Spear Divine King, Wang Huanzhou.

These Ten Great Divine Kings had always been viewed as the human race’s strongest!

For 2000 years, this kind of concept was rooted deeply in people’s hearts.

Someone among them being replaced, the people were virtually unable to accept it.

And the new issue of Ten Great Divine Kings, apart from the top five who were as steady as Mount Tai, the last five position, the changes were huge.

This result was being called into question!

The new issue of Ten Great Divine Kings, sixth place, Heaven Surmounting Divine King, Ye Yuan; seventh place, Heavenly Book Divine King, Song Qiuyu; eighth place, Void Distance Divine King, Yi Xing; ninth place, Profound Wind Divine King, Weng Yifan; and tenth place, Violet Extreme Divine King, Duan Zhengxiao!

The Ten Great Divine Kings actually had two people who were squeezed out!

The Heaven’s Secret Tower announcing that there were newcomers joining, everyone thought that there was only one person.

No one would have thought that two were actually swapped out all of a sudden!

If the Violet Extreme Divine King, Duan Zhengxiao, ranked as the tenth divine king, everyone was still able to accept it.

About Ye Yuan rising as the sixth divine king in one go, this was something that everyone was unable to accept no matter what.

Furthermore, Ye Yuan's title was rather different from the others.

'Heaven Surmounting' this title, was even more domineering than 'Heaven Stabilizing'!

This title was not anyhow given.

The Ten Great Divine Kings' titles were either the area they were skilled in, or the inheritance that they obtained, or that ... their comprehensive strength was exceptionally formidable!

And Heaven Stabilizing Divine King's title was because his comprehensive strength was exceedingly powerful.

But Ye Yuan's title, 'Heaven Surmounting,' it seriously made people somewhat scratched their heads in puzzlement.

Furthermore, his ranking actually surpassed the Heavenly Book Divine King right away. This made people even more unable to understand.

Of course, apart from Ye Yuan, the Violet Extreme Divine King Duan Zhengxiao that suddenly emerged, also made everyone very curious.

Before this, nobody had heard of such a character before at all.

But for him to be able to push out the Single Chord Divine King and Iron Spear Divine King, his strength definitely could not be underestimated.

Rather, the Void Distance Divine King's strength seemed to have a considerable breakthrough again, and actually overpowered the Profound Wind Divine King, becoming the eighth divine king.

At this time, inside the Holy City's Heaven's Secret Tower, a distinguished guest was welcomed. It was the Heaven Stabilizing Divine King Zhuge Qingxuan!

Separated by a black curtain, the Heaven Stabilizing Divine King said to the person behind it, "Is the Ten Great Divine Kings Ranking published by your esteemed tower this time ill-considered? That Ye Yuan, this seat has exchanged blows with him before. He's completely a trash that fails to make the cut! Just the likes of him is able to enter the Ten Great Divine Kings too?"

Although the Heaven Stabilizing Divine King's tone was somewhat sullen, he still maintained restraint.

He knew that that mysterious powerhouse behind the black curtain, even he could not figure out as well.

Inside this Holy City, Zhuge Qingxuan could be said to have everything under control.

Only this Heaven's Secret Tower was a thorn in his heart.

Talking about over 2000 years ago, Heaven's Secret Tower's entrance was very domineering!

At that time, Zhuge Qingxuan still did not have 'Heaven Stabilizing,' this title, and was also not deep like the ocean at present.

At that time, he was still daring and high-spirited. Towards this mysterious organization that ventured in domineeringly, he naturally turned his nose up at it.

But he did not even see the face of this mysterious powerhouse and already retreated in defeat.

Towards that mysterious old man behind the curtain that he had never seen before, the Heaven Stabilizing Divine King was incomparably apprehensive.

Even if 2000 years had already passed now, and his strength already could not be mentioned in the same breath too.

Behind the black curtain came an aged and turbid voice. "Times have changed."

The Heaven Stabilizing Divine King's brows furrowed, clearly very displeased with this answer.

From Ye Yuan leaving the Holy City, just how much time had passed?

Ye Yuan's strength already improved to such a degree?

Then, what did all his years of bitter cultivation count for?

"Then ... this 'Heaven Surmounting' title, what does that mean?" the Heaven Surmounting Divine King asked again.

Staying silent for a second, a voice came from behind the black curtain once more. "Heaven's secrets, they cannot be divulged! Very soon, you'll understand."

The Heaven Stabilizing Divine King gave a cold snort and said crossly, "*Humph!* Your esteemed self is still pretending to be mysterious just as before!"

The other party was silent. For some time, it was somewhat awkward.

The Heaven Stabilizing Divine King appeared slightly embarrassed and said with furrowed brows, "I hope that the Heaven's Secret Tower will strike Ye Yuan's name off the Ten Great Divine Kings. For this, the Holy City can pay a corresponding price!"

"Heaven's secrets are heaven's secrets. They are not to be changed!" the aged voice echoed again, not giving the Heaven Stabilizing Divine King the least bit of face.

Regarding Ye Yuan being chosen, Zhuge Qingxuan was very displeased.

Ye Yuan almost annihilated the entire Holy City's Dao legacy with his strength along.

Even though those people were all ant-like existences to Zhuge Qingxuan, this face was slapped resoundingly.

Therefore, upon hearing that Ye Yuan was actually selected for the Ten Great Divine Kings, Zhuge Qingxuan was very ticked off.

The Heaven Stabilizing Divine King was not an amiable person in the end.

Seeing the other party not giving the slightest bit of face, he was finally enraged.

"*Humph!* Your esteemed self set up the Heaven's Secret Tower in my Holy City, but won't even give this bit of face! This face wants to take a look today, at just what your true face looks like!"

Zhuge Qingxuan gave an angry shout. The Brahma Heart Sutra already revolved, grabbing towards the black curtain.

Chiii!

Right as Zhuge Qingxuan grabbed the black curtain, a pale light halo rose up, and actually bounced Zhuge Qingxuan back!

“Not seeing you out.”

Behind the black curtain, that aged voice sounded out once more, neither too fast nor too slow, commanding awe without being furious!

Zhuge Qingxuan snorted coldly, flicked his sleeves, and left.

He hid his palm inside his sleeves, but it was already numb.

Zhuge Qingxuan never thought that 2000 years had already passed, he actually still could not even see the other party's face!

...

On this day, Ye Yuan exited seclusion.

“Milord, you're truly too incredible! Heaven Surmounting Divine King, this name is domineering! *Hahaha ...*” Jiang Taicang said with an excited look.

“Something that others use several thousand years before accomplishing, His Excellency only used less than 30 years and achieved it! Milord, at present, you're the Divine Realm's most scalding hot powerhouse!”

Inclusive of Ao Qian, when they heard this news, they were all shocked to the core.

They never would have thought that His Excellency's strength was actually already horrifyingly to the max!

Back then, when they followed Ye Yuan, they more or less still somewhat looked down on Ye Yuan in their hearts.

But with the passing of time, the speed of them being brought into submission by Ye Yuan would virtually increase every minute and every second.

Ye Yuan still had not figured out the situation, but he also picked out that he ... seemed to have really entered the Ten Great Divine Kings!

Chapter 1179: Chapter

“‘Heaven Surmounting,’ this is my title? It sounds like it's pretty good.”

Ye Yuan mulled over his own title for a bit and felt rather satisfied still.

It was just that he was somewhat curious about what on earth the Heaven's Secret Tower was basing on to determine the caliber of strength.

"More than just pretty good! I reckon that Heaven Stabilizing Divine King's face is definitely green! He's just 'Heaven Stabilizing,' but Your Excellency tower above the heavens! This disparity is not just a tiny bit! *Hahaha ...*" Jiang Taicang said with a loud laugh.

With him laughing, the others also started chortling with laughter.

These people were all very unhappy with that overweeningly arrogant appearance of Zhuge Qingxuan.

Back then, if not for the Spirit Bristle Divine King making it in time, Ye Yuan would definitely have already died in his hands.

Therefore, this group of people all had a feeling of being bound by a common hatred for the enemy.

Now, Ye Yuan entered the rankings of the Ten Great Divine Kings. Not only was he ranked sixth, he even obtained a 'Heaven Surmounting' title. That Zhuge Qingxuan was definitely repulsed to death.

In truth, they also guessed correctly.

Zhuge Qingxuan was indeed very repulsed right now.

"What changes did the Ten Great Divine Kings have, let me hear about it," Ye Yuan asked.

Although he did not have any feelings regarding being chosen for the Ten Great Divine Kings, this did not hinder him in paying a little attention to the status changes of the Divine Realm's apex powerhouses.

Hearing Ye Yuan's question, Jiang Taicang took the initiative to volunteer and told Ye Yuan about the status changes without omitting any details.

After Ye Yuan heard, he was very surprised too.

But when he heard Sikong Shang's name, a cold light flashed past in his eyes.

Putting aside the grudge of that one palm on that day, the matter of him refining You Wuya into a clone was sufficient for Ye Yuan to have killing intent aroused.

Ye Yuan's feelings toward the Tranquil Cloud Sect were very deep. You Wuya was the Tranquil Cloud Sect's founding ancestor, but he ended up as one of his clones. This made Ye Yuan unable to accept it.

Even though he had never met You Wuya, his Sword Dao Concept had half that was inherited from him.

This grudge, he must avenge!

Ye Yuan already secretly made up his mind, when the mission this time was over, he would go find the Darkness Divine King to settle this score properly!

The few people were currently chatting when Ao Duo suddenly wanted to see Ye Yuan.

Meeting Ye Yuan once again, Ao Duo felt mixed feelings too.

Back then, the dragon clan wanted the Sacred Dragon Token back from Ye Yuan. Both parties almost came to blows.

The Ye Yuan at that time was still just a genius who astounded others.

But just a few years of not seeing, Ye Yuan already matured into a powerhouse that looked down upon the world that even he had to look up to!

Especially when he knew that Ye Yuan comprehended divine rank dragon wave, the astonishment in his heart could be imagined!

Actually, in his heart, he already acknowledged Ye Yuan's identity as the dragon lord.

To be able to cultivate dragon wave to divine rank, if one was still not able to be called the dragon lord, he was unable to answer to his subjects at all.

"Dragon Lord!" Ao Duo gave a bow respectfully.

Ye Yuan said coolly, "Patriarch doesn't have to be so courteous. You're still the patriarch, just call me Ye Yuan will do. I wonder what Patriarch came to find this Ye for?"

His tone was very calm, but it exuded prestige that left no room for doubt.

Ao Duo did not insist either and said, "Young Master Ye, there are many powerhouses outside the clan wanting to challenge you. They said ..."

Ye Yuan smiled and said, "Just say what's on your mind."

"They said that Young Master Ye, you're not fit to enter the Ten Great Divine Kings!" Ao Duo said cautiously.

"This bunch of self-righteous fools!" Ao Qian said in a cold voice.

"A bunch of things that don't know the immensity of heaven and earth. They haven't met a true genius before," Jiang Taicang also grumbled.

Toward this, Ye Yuan did not care a whit and said with a faint smile, "No need to care about them. As long as they don't cause trouble, up to them to say what they like. This young master isn't so free as to prove my strength to them. Ao Qian, you go outside and stand guard. If anybody causes trouble, no need to pull punches."

Ao Qian received the order and said, "Yes, Milord!"

...

Ye Yuan was disdainful to stoop to the level of those so-called geniuses. But ever since after the Heaven's Secret Tower published the news, the human martial artists that headed to the dragon clan's totem territory to raise a clamor outside became more and more.

Five days later, the powerhouses that gathered outside the dragon clan actually already reached a hundred people!

Among these 100 people, the weakest was a Void Mystic powerhouse too.

But these people mostly did not look too old. They should all be young geniuses.

If not for this news that the Heaven's Secret Tower announced, one would probably not know that there were actually so many Void Mystic powerhouses in the Divine Realm.

Of course, the Divine Realm was too large. Reclusive sects and ancient families were too many to count.

Super holy lands were merely the strength on the surface.

The Divine Realm had trillions of martial artists. Such a vast number, the void mystic powerhouses naturally would not be just that few.

What was truly few were the pinnacle powerhouses.

Because Divine Dao inheritances were too few!

"Ye Yuan, you coward! If you have the capabilities, come out and accept our challenge!"

"An Eighth Level Dao Profound actually dare proclaim to be of the Ten Great Divine Kings! How is your skin so thick?"

"If you don't have strength, don't put on an act in front of people! Hurry up and announce to the world, voluntarily withdraw from the Ten Great Divine Kings!"

...

When Ao Qian heard those words, the corners of his mouth twitched slightly.

If not for Ye Yuan warning in advice, he would have long flung a tight slap over.

Where did this snotty brat come from, truly, the ignorant were fearless.

These so-called powerhouses, His Excellency could poke them to death with one finger. To actually dare raise such a hue too.

Suddenly, his brows raised up. A feeling of danger welled up in his heart.

Not just him, those young powerhouses clamoring clearly all detected it too.

A middle-aged man strolled over in the air leisurely, bringing along an extremely terrifying aura!

He came before Ao Qian and said coolly, "Call Ye Yuan out. I'm here to challenge him."

Facing this middle-aged man, Ao Qian actually had a feeling of palpitating with anxiety and fear.

In this world, those capable of making him have such a feeling were clearly not simple people.

But Ye Yuan said before not to let these people disturb him. Ao Qian still carried out the order loyally, saying coolly, "His Excellency is in closed-seclusion and isn't free to take on challenges!"

That middle-aged man did not reveal a surprised look. He said just indifferently, "If he's not coming out, I can only go in to find him!"

Finished talking, he lifted his foot and walked towards inside the totem territory, directly disregarding Ao Qian.

The middle-aged man's haughty attitude also thoroughly infuriated Ao Qian. His figure moved, directly blocking in front of the middle-aged man.

The middle-aged man did not say a word. A palm wormed out like a ghost, directly smacking towards Ao Qian!

Bang!

This palm actually directly ignored Ao Qian's divine king domain, smacking onto his chest!

"Puhwark ..."

Ao Qian immediately spewed out a mouthful of blood, his body flying out horizontally.

Seeing this scene, the dragon clan's powerhouses' expressions changed drastically.

While those experts who came to challenge Ye Yuan all revealed an expression of taking pleasure in other people's misfortune.

This time, a tough character finally came!

Even for the Azure Dragon Clan, wanting to deal with this middle-aged man was likely somewhat enough to choke on, right?

This middle-aged man's strength was indeed very strong. That palm just now was incomparably bizarre. Not a single one of them actually saw clearly how the other party attacked!

Unrivaled Medicine God

Chapter 1180: Show Mercy

"Haha, beautifully done! This guy is too arrogant! Teach him a good lesson!"

"Ye Yuan is a scaredy-cat. We came to challenge him, and he actually doesn't even dare to show face. With this, his true form is going to be exposed, right?"

"Hey, what's your name? Your strength is so formidable! In my view, you should be the one entering the Ten Great Divine Kings!"

These people were continuously blocked outside by Ao Qian. They were naturally unhappy in their hearts.

Seeing Ao Qian being beaten until he spat blood at this time, each and every one of them all started gloating over others' misfortune.

That middle-aged man also felt pleased with himself inwardly when he saw that he was receiving everyone's praises.

Through over 2000 years of development, the Ten Great Divine Kings already became the symbol of holiness in the Divine Realm's martial artists' hearts.

They were every martial artist's idol and also the goal that each martial artist strove towards.

Because the Ten Great Divine Kings were the Divine Realm's true absolute summit!

This middle-aged man was naturally here, aiming for fame too.

“Cao Yunzhi!” the middle-aged man uttered his own name indifferently, having the demeanor of an expert.

This name, naturally nobody heard of it before.

But he believed that starting from today, this name would be known by the entire Divine Realm!

The Ten Great Divine Kings were also nothing more than this!

Over a thousand years ago, Cao Yunzhi obtained a Divine Dao inheritance by chance and entered closed-seclusion to cultivate ever since.

Who would have thought that the moment he exited seclusion, he got the news of Ye Yuan pulling off an upset and entering the Ten Great Divine Kings?

He immediately realized that his chance to make a name for himself came!

As long as he defeated Ye Yuan, he would naturally have the qualifications to replace Ye Yuan, becoming one of the Ten Great Divine Kings!

Therefore, he came.

“Just the likes of you wish to get in my way too?” Cao Yunzhi shot him a contemptuous glance and said coolly.

The whole process of this palm was incomparably strange from beginning to end. It was simply impossible for Ao Qian to guard against.

But being looked down upon by a snotty brat, Ao Qian’s chest was simply about to explode.

“Grandpa Ao will fight it out with you!”

Ao Qian gritted his teeth. The power of his divine king domain opened up fully, charging over towards Cao Yunzhi.

Who knew that Cao Yunzhi was completely condescending toward Ao Qian and said with a scornful look, “Already spared you from death just now. Since you’re seeking death yourself, this Cao will send you off!”

Done talking, Cao Yunzhi’s peculiar palm appeared once more!

Ao Qian’s pupils constricted. A feeling of incredible danger welled up in his heart.

This palm was absolutely a lethal palm!

Wanting to avoid it but Cao Yunzhi’s palm followed closely like a shadow. It was simply unavoidable!

“It’s over just like this?” Ao Qian thought helplessly.

He also did not think that after seeing the light of day anew, the strength of this Divine Realm’s martial artist was actually formidable to such a degree already.

A person that randomly came out, he was already not a match.

Looks like these 20 thousand years really held him up for too long!

Cao Yunzhi saw Ao Qian's expression of resigning himself to fate, but he did not show the slightest hint of stopping.

Killing people to establish power, this was what he currently had in mind!!

But right at this time, a surge of killing intent suddenly locked onto him.

The countenance of Cao Yunzhi, who realized the danger changed, his figure retreating explosively.

When he looked again, there was already an additional youth by Ao Qian's side.

The young man was currently looking at him, killing intent faintly arising.

Seeing Ye Yuan, Cao Yunzhi was stupefied. Soon after, a surge of anger from humiliation welled up in his heart.

He was actually scared into retreat by an Eighth Level Dao Profound youth!

Ye Yuan frowned as he looked at Ao Qian, and suddenly made a move like lightning, tapping on his body.

"Puhwark!"

Ao Qian spat out a mouthful of congealed blood, his complexion immediately becoming much rosier.

"What a vicious palm art. Was he the one who injured you?" Ye Yuan asked.

Ao Qian slowly nodded his head, then bent his body and gave a bow towards Ye Yuan.

Seeing Ye Yuan's actions, Cao Yunzhi's expression changed.

Not only was his palm art incomparably profound, it even contained hidden force, injuring people imperceptibly.

He comprehended for over a thousand years before having a preliminary understanding of this Divine Dao law.

He did not expect that not only did Ye Yuan see through with one glance, he even resolved it effortlessly.

"Who are you, boy? To actually dare intervene in this Cao's affairs!" Cao Yunzhi looked at Ye Yuan and said coldly.

"You don't even recognize me and actually dare to come and challenge me? Truly, the ignorant are fearless!" Ye Yuan said coolly.

Cao Yunzhi's expression changed, and he said in surprise, "You're Ye Yuan? I heard that you're only Seventh Level Dao Profound. Didn't think that you broke through so quickly!"

But Ye Yuan did not pay attention to his surprise and said grimly, "Scram! Before I change my mind!"

This Cao Yunzhi was clearly someone who obtained a Divine Dao legacy. The fiend race crisis was about to erupt soon, such a person could be considered a talent.

Hence, even though Ye Yuan had killing intent aroused, he did not make a move to kill.

The moment Cao Yunzhi heard, he was tickled.

Even though he came into being not long, he was not a fledgling. How could he be scared away by a sentence from Ye Yuan?

“Hahaha, boy, I admit that you’re rather different. But entering the rankings of the Ten Great Divine Kings, you’re not qualified enough yet! An Eighth Level Dao Profound actually entered the ranks of the Ten Great Divine Kings, this is simply a joke!” Cao Yunzhi suddenly let out a roaring laugh.

Cao Yunzhi’s words made those geniuses guffaw with laughter to no end.

“Haha, yeah, Eighth Level Dao Profound isn’t even Divine King. To actually dare proclaim as one of the Ten Great Divine Kings, truly no sense of shame.”

“A measly Eighth Level Dao Profound actually dare threaten Brother Cao, truly have no idea of death or danger!”

“Said it long ago, this guy is completely undeserved reputation! Even if an Eighth Level Dao Profound was strong, how strong could he be?”

...

But Ye Yuan was disinclined to bother with these ridicules. He looked at Cao Yunzhi nonchalantly and suddenly said, *“This young master already gave you a chance!”*

“Give ...”

Cao Yunzhi only had time to say a word and already lost sight of Ye Yuan’s figure.

Alarm bells suddenly sounded!

Except, it was already too late!

“ARGH!!”

A miserable cry sounded out. Cao Yunzhi’s wrist was severed off!

Ye Yuan looked at Cao Yunzhi coldly and said, *“You should be rejoicing that Ao Qian is fine. Otherwise, it wouldn’t be a hand so simple.”*

Cao Yunzhi was in pain until he sweated profusely, fresh blood spouting wildly from his wrist area.

His wrist was chopped off by a divine artifact. Wanting to stop the bleeding was not that simple.

“Also, you all, want to challenge me, sure. But you need to be prepared to die!”

Ye Yuan’s gaze swept over those geniuses.

The group of originally incomparably noisy geniuses was utterly silent at this time.

Just now, not a single one of them saw clearly how Ye Yuan attacked.

Just a blink of an eye, and Cao Yunzhi’s hand was gone!

Such means were simply appalling to the ear.

One had to know that Cao Yunzhi injured the peak Void Mystic Ao Qian to severe injuries with one palm just now.

But Cao Yunzhi could not even withstand one move in front of Ye Yuan!

Everyone glanced around, looking at each other, all uncertain what they should do.

Only at this time did they know that for Ye Yuan to be able to enter the list of Ten Great Divine Kings was not an undeserved reputation!

“Heaven Surmounting Divine King, indeed powerful! This art of greater teleportation, probably only the Void Distance Divine King can compare in the Divine Realm, right?”

Right then, a euphonious voice sounded out.

In the void, a young figure walked out slowly.

Seeing the arrival, Ye Yuan’s brows furrowed.

“*Huhu*, I’m Duan Zhengxiao. Coming here this time, it is specially to seek guidance from Heaven Surmounting Divine King,” the young man said smilingly with clasped hands.
