Chapter 1701: 100 Years Later

Becoming famous under the heavens in one battle!

Heavenly Eagle's domineering rise swept across the Southridge Ten Cities like the wind.

Four great Celestial Deity Realms, without losing a single person, completely annihilated Utmost Peace's four great Celestial Deity Realms.

The battle's outcome was extremely dazzling!

Among the Southridge Ten Cities' Celestial Deity Realms, even though there were strong and weak ones, their strengths were more or less very close.

Under normal circumstances, such a tragic great battle, both sides having casualties were bound to happen.

But none of Heavenly Eagle's Celestial Deity Realms was lost.

What did this show?

It showed that Heavenly Eagle's four great Celestial Deities were powerful, completely crushing Utmost Peace Imperial City.

However, this was not what made the other imperial cities most shocked.

What shocked them the most was that Heavenly Eagle produced an alchemist, an alchemist who could refine the Supreme Jade Void Pill!

This was the thing that made them most jealous!

Ye Yuan's name instantly echoed throughout the entire Southridge Ten Cities together with Heavenly Eagle.

A genius alchemist who could refine the Supreme Jade Void Pill, what did this mean?

This meant that as long as he had sufficient spirit medicines, Ye Yuan could create Celestial Deity powerhouses non-stop!

That was right! It was mass production!

This ability simply drove people insane.

What did the Southridge Ten Cities lack the most?

Powerhouses in the Celestial Deity Realms!

But with Ye Yuan's ability, Celestial Deity Realms could actually be mass produced. What kind of heaven-defying ability was this?

For the other imperial cities, there was nothing they could feel other than jealousy.

Fortunately, even though there were many Divine Lords, there were very few half-step Celestial Deity martial artists.

Furthermore, the spirit medicines that the Supreme Jade Void Pill required were extremely scarce in the Southridge Lands. Those truly able to gather them were very few.

Otherwise, the entire Southridge Ten Cities would really change heavens.

Even so, Cloudjade Imperial City still offered a sky-high price of 300 billion, wanting to invite Ye Yuan to take action to refine the Supreme Jade Void Pill.

Cloudjade Imperial City was the Southridge Ten Cities' strongest imperial city. Just the Celestial Deity powerhouses were as many as five.

Only the Cloudjade Imperial City, this kind of existence, could gather the Supreme Jade Void Pill's spirit medicines.

These spirit medicines were extremely hard to come by. If not for Ye Yuan going to Riverluck Capital City, wanting to gather them would really not be an ordinary kind of difficult.

The spirit medicines to refine the Supreme Jade Void Pill, the total value was around 20 billion. It could be seen from this how valuable the medicine pill was.

The sky-high price of 300 billion that Cloudjade Imperial City offered was merely just to have Ye Yuan take action to refine it.

The spirit medicines were prepared by them.

It was just that if Ye Yuan could refine successfully.

300 billion to buy a Celestial Deity Realm was extremely worth it.

However, Ye Yuan still refused.

Increasing other imperial cities' strength, this kind of thing, Ye Yuan naturally would not do it.

But since that day, the other eight cities would frequently send envoys to Heavenly Eagle to request pills from Ye Yuan.

No choice, the rank four divine pills that Ye Yuan refined, the quality was too good!

The other imperial cities' Divine Lord Realm powerhouses, once cultivated to a critical juncture, ordinary medicinal pill quality would not be able to satisfy at all.

In the past, they could only be stuck at the gateway and take time to slowly grind.

But now, they had one more choice, that was to request pills from Ye Yuan.

The powerhouses of the eight great imperial cities, as long as they could obtain a medicinal pill from Ye Yuan's hands, breaking through for them were virtually something already guaranteed.

It was also because of this that Ye Yuan's medicinal pills were highly popular. However, it was hard to request for even one pill.

Of course, even if it was ordinary rank four divine pills, Ye Yuan would not casually refine them as well.

Some key medicinal pills, he would not refine for outsiders. This was his principle.

Furthermore, wanting to request Ye Yuan to take action, the prices were all extremely high.

But even so, Ye Manor's front door was still almost trampled flat.

Hence, after the Golden Sword Pact, Heavenly Eagle became a very special existence.

Even Cloudjade Imperial City would not easily offend them either.

Furthermore, there was a legend that Heavenly Eagle's Head Elder Ye Yuan was on very friendly terms with Southridge Patrolling Inspector, Jiang Jadehall!

This legend made everyone even more cautious in taking action, not daring to have the slightest notion towards Heavenly Eagle.

An empty hole invited the wind, but who knew if it was real or fake?

The key point was that Jiang Jadehall himself had not come out to clarify it either!

Ever since the Golden Sword Pact, Ye Yuan's prestige in Heavenly Eagle had no equal.

And he had basically become a hands-off manager as well.

Currently, the Pill Tower and Martial Tower's affairs were already handed to Ruo Xu and Ning Zhiyuan to deal with.

How could the present Ruo Xu still dare to even mutter dissent towards Ye Yuan's words?

As for Ning Zhiyuan, with Zheng Qi and Coldfeather both breaking through, he also became the Martial Tower's head elder as a matter of course.

Ye Yuan would give sermons in the Pill Tower every once in a while.

At that time, even Xuan Yu and Ruo Xu would also be like well-behaved little pupils, listening to the lecture quietly below.

Finally, one day, when Ye Yuan was giving a lecture, the wind and clouds suddenly surged, Xuan Yu gained enlightenment on Dao!

At this point, Heavenly Eagle added another Celestial Deity powerhouse.

Furthermore, it was even a Five-star Alchemy God!

Southridge Lands' one and only Five-star Alchemy God!

The sad thing was that Xuan Yu this Five-star Alchemy God fell short of reality.

Southridge's rank five divine rank spirit medicines were too scarce. Xuan Yu had no way of studying rank five divine pills at all.

However, Five-star Alchemy God was Five-star Alchemy God, his strength was far from what Four-star Alchemy Gods could compare to.

In a blink, a hundred years already passed. On this day, a figure drifted into Ye Manor and said with a big laugh, “Hahaha, Little Friend Ye Yuan, this old man came to beg for a drink again!”

Ye Yuan came out to welcome and said with a smile, “Elder Brother Jiang, you’ve been coming rather diligently recently! My Hundred Flowers Heavenly Immortal Wine can’t support your drinking like this!”

Hundred Flowers Heavenly Immortal Wine was a kind of rank four spirit alcohol that Ye Yuan created, gathering the essence of a hundred types of spirit flowers, and brewed with a secret method.

Not only was the taste superb, but it was also greatly beneficial to martial artists.

This flask of alcohol was very valuable.

Ever since Jiang Jadehall knew that Ye Yuan had this wine, he would come to ask for a few cups to drink every now and then.

In the long run, he became Ye Manor’s frequent guest.

Just as rumored in the outside world, these two people’s relationship was really not ordinary.

This reason was naturally due to the Supreme Jade Void Pill.

Jiang Jadehall’s request of Ye Yuan was high-grade, but in the end, Ye Yuan gave him a huge surprise. It was a divine-grade pill!

A divine-grade Supreme Jade Void Pill, this was an existence that could not be purchased even by spending money in the imperial capital!

The effect of the medicinal pill was naturally extraordinary.

Jiang Jadehall requested the pill for his niece. After his niece consumed the medicinal pill, she naturally broke through to the Celestial Deity Realm as a matter of course.

Furthermore, the same as Ning Tianping, her Celestial Deity Realm could not be compared to the normal Celestial Deity Realm. The effects of the medicinal pill would last for many years.

Presently, inside the medicinal pills that Ye Yuan refined contained his chaos power. Divine-grade Supreme Jade Void Pill was not the least bit inferior to the previous void spirit divine-grade!

Ever since then, Jiang Jadehall treated Ye Yuan as a bosom friend.

Furthermore, Jiang Jadehall understood that this was not Ye Yuan seeking connections with someone of higher standing. It might even be him, Jiang Jadehall, who was seeking connections with someone out of his league.

With Ye Yuan’s talent, he would absolutely not be limited to just Southridge Ten Cities in the future.

The land of the Southridge Ten Cities was barren with a shortage of resources. This place already did not have much space for his development.

Drinking a cup of Hundred Flowers Heavenly Immortal Wine, Jiang Jadehall was very refreshed and said to Ye Yuan with a smile, “Younger Brother, have you considered the matter that I talked with you about?”

With your talent, staying in this Southridge Land is too unworthy of your talents. The Imperial capital is the land where you put your talents to great use!"

Ye Yuan's expression dimmed and he let out a sigh as he said, "I know that Elder Brother has good intentions. However, let's wait a while more."

Unrivaled Medicine God

Chapter 1702: Extreme Light Imperial City

Presently, several years had already passed since the 500-year-agreement.

But, no matter whether it was Li-er, Lu-er, or White Light, there was no news.

So these few years, Ye Yuan was unable to cultivate in peace too, looking forward to their news every single day.

But along with the passing with time, Ye Yuan also became more and more restless.

Actually, several decades ago, Jiang Jadehall already invited Ye Yuan to the imperial capital. But Ye Yuan had the 500-year-agreement and naturally would not go.

Now, he would not go even more.

Jiang Jadehall gave Ye Yuan a glance and said, "Rest assured, sister-in-law they all will be blessed by the heavens and turn calamities into blessings!"

Ye Yuan smiled bitterly and said, "Brother Jiang, these words, you yourself don't even believe it, right?"

Jiang Jadehall was a little embarrassed when he heard that and laughed awkwardly.

The Heavenspan World was too big. Danger was everywhere. The few of them, their strengths were not strong either. Something happening outside was not surprising.

Back then, when Li-er they all left, what Ye Yuan was most worried about was this situation today. He did not expect that it still happened.

The reason why he set the 500-year-agreement was in order to not let them run too far.

Looking at it now, the development of things still could not be as he wished.

Jiang Jadehall saw that Ye Yuan was dejected and urged, "Don't blame yourself too much either. Saying something a little pretentious, want to blame, blame that you're too outstanding! Being by your side requires enormous pressure!"

Ye Yuan looked at Jiang Jadehall and could not resist rolling his eyes.

However, what Jiang Jadehall said were heartfelt words and did not have the intention of buttering him up.

Even though these words indeed sounded rather flattering.

These few years, Jiang Jadehall and Ye Yuan had a close friendship and naturally knew how astonishing Ye Yuan's talent was.

Such an outstanding genius, ordinary people being by his side had to bear tremendous pressure.

And this was also precisely the reason why Li-er they all left.

Jiang Jadehall continued: "Got to look at the bright side of things. You think about it, They are training outside. Perhaps they had some lucky encounter, or are hindered by something, who knows?"

Ye Yuan thought about it and said with a nod, "Can only think like that."

Jiang Jadehall said, "So next, what do you plan to do?"

Ye Yuan said, "In another few years, if there is still no news, I plan on making a trip to Extreme Light Imperial City!"

Jiang Jadehall's expression changed and he cried out in shock, "Extreme Light Imperial City! That's the Jian Family's territory!"

God knows how many imperial cities in the Heavenspan World. Imperial cities that were contented to exercise sovereignty over a part of the country like Heavenly Eagle were completely unknown to the public.

But some imperial cities were resounding like the roar of thunder, everyone knew about them in the entire Heavenspan World.

Extreme Light Imperial City was one of them.

The reason why it was so renowned was naturally that it was one of the territories of the Jian Family.

Heavenly Emperor Profound Secrets's descendants spanned all over the Heavenspan World. But some rendezvous points were the Jian Family's private plots.

Ye Yuan nodded and said, "That's right! The Jian Family's aura viewing art is unparalleled under the heavens. I want to invite them to take action. At least, I got to make sure of Li-er their safety."

Jiang Jadehall's expression changed and he said, "The Jian Family's members are all unbelievably proud. You, a first-layered heaven Divine Lord, they won't recognize you when you arrive there. Who will give you face?"

Ye Yuan said, "The last time I went out to train, I became acquainted with a member of the Jian Family. See if he can help or not. All in all, not getting their news, I can't even continue cultivating."

Jiang Jadehall was incomparably shocked in his heart. He did not think that Ye Yuan actually even got acquainted with a member of the Jian Family!

One had to know, precisely because members of the Jian Family all knew the aura viewing aura, so the people that they made friends with were all people with great potential.

Ordinary people could hardly enter their arcane sights at all.

One should not make the assumption on how he, Jiang Jadehall, was a Celestial Deity powerhouse. Once a Jian family member saw that he did not have potential, they would not even be bothered to look at him.

But thinking about it, Jiang Jadehall was also relieved.

With Ye Yuan's talent, the Jian family members regarding him highly were also reasonable.

If let him know that Jian Zhentao only took one look at Ye Yuan and blinded his eyes, who knew what he would think.

Jiang Jadehall nodded when he heard that and said, "May as well. Extreme Light Imperial City is powerful. If you can get acquainted with members of the Jian Family, it will be infinitely beneficial to you!"

Ye Yuan suddenly took out a large jar and said, "Brother Jian, after I leave, Heavenly Eagle's affairs will be entrusted to you. Here is a jar of Hundred Flowers Heavenly Immortal Wine, you take it and slowly savor it."

Jiang Jadehall's gaze turned sharp and he stared at Ye Yuan as he said angrily, "You punk, complaining to me daily about how hard up you are, but turns out that you actually hid so much!"

Ye Yuan smiled and said, "I brewed a total of three jars, this is the last jar. The spirit medicines that this Hundred Flowers Heavenly Immortal Wine requires, you're also aware of it. After finishing this, who knows what year and month you'll have to wait until to drink it again!"

The moment Jiang Jadehall heard, his expression calmed down slightly and he said with a cold smile, "You punk, want to use this jar of wine to bribe this envoy?"

Ye Yuan smiled and said, "Then will you accept the bribe or not?"

Jiang Jadehall suddenly cracked and smile, hugging that jar of wine, and said with a big laugh, "Of course I accept! Such a delicious wine, whoever doesn't drink is a fool! You go ahead, Southridge's matters, even if you don't give a heads up, could it be that I can still sit by idly and remain indifferent? It's just that with Heavenly Eagle Imperial City's current strength, it doesn't need me to intervene at all."

Ye Yuan smiled and said, "This place is my base camp. Not handing it over well, how can I leave with peace of mind?"

Jiang Jadehall as the Southridge Ten Cities' patrolling inspector, the authority that he possessed was tremendous.

Holding power over life and property was up to his whims.

Jiang Jadehall was not the kind of person who perpetrated whatever evils that he pleased. If not, Southridge Ten Cities would never know peace at all.

As long as Jiang Jadehall was willing, he could even concoct various pretexts and abolish or establish the lord of a city.

Hence, with Jiang Jadehall around, Ye Yuan was still very reassured.

As long as Jiang Jadehall was willing to take care, Heavenly Eagle would have no worries about troubles back at home.

...

“This is Extreme Light Imperial City? Indeed magnificent!”

After more than ten years, Ye Yuan still stood outside the city gates of Extreme Light Imperial City in the end.

Waiting for another close to ten years at Heavenly Eagle, Ye Yuan seriously could not carry on waiting anymore.

Hence, he left behind Long Zhan to guard Heavenly Eagle, while he himself brought Ning Tianping to Extreme Light Imperial City.

Extreme Light Imperial City was indeed worthy of the name extreme light. Sunglow surrounded the skies of the city, akin to colored ribbons. It was extremely spectacular.

Similarly an imperial city, Heavenly Eagle compared to Extreme Light was simply a remote hinterland.

Of course, the truth was also like this.

Extreme Light Imperial City belonged under Brilliant True Heavenly Emperor’s command, a different heavenly emperor than Heavenly Eagle.

The place where Brilliant True Heavenly Emperor resided was naturally much more abundant in spiritual energy.

Compared to Heavenly Eagle Imperial City, Extreme Light Imperial City’s spiritual energy was several times more abundant!

In contrast, Heavenly Eagle was really a remote village.

“Indeed well-deserving of being the Jian Family’s city. This kind of atmosphere, probably only the Jian Family can create it, right?” Ning Tianping said with vicissitudes of emotion.

Ye Yuan nodded and said, “The art of viewing auras is indeed peerlessly marvelous!”

Ning Tianping said, “Your Excellency, where should we go to find Elder Jian?”

Ye Yuan said, “The last time, he told me that it was a place called Profound Secrets Pavilion. I’m completely clueless about this place too. Let’s enter the city first and take a look at the situation.”

Done talking, the two people paid the costs of entering the city and entered Extreme Light Imperial City.

[Unrivaled Medicine God](#)

Chapter 1703: Because Your Eyes Didn’t Go Blind!

“This little brother, I see that your bones are special and you’re unusually endowed with talent, but you have an ominous sign! Quick, let me divine for you and help you resolve this disaster!”

“This little brother, this seat is a Jian Family’s direct lineage successor. I see that your glabella is dark. There must be a great calamity recently! Quickly come to my place and this old man will teach you the method to resolve it.”

“High as mountains and long as rivers, exposed to the winds and rains in travel, Little brother, you’re here to find someone, right?”

...

Within Extreme Light Imperial City, it had a totally unique atmosphere.

Ye Yuan walked on the streets, feeling like he entered a base camp of conmen and fortunetellers. There was someone pulling him to go divine his fortunes non-stop.

Some people said it was too profound to understand, making it really seem like the case at first glance.

"These guys are also too obvious in swindling and bluffing people, right? Will there really be this kind of idiot who will fall for it?" Ye Yuan was speechless as he said to Dustless.

But Dustless said, "You're mistaken. They aren't swindling or bluffing."

Ye Yuan was surprised when he heard that and said, "No? Could it be that they can really fortune-tell?"

Dustless nodded and said, "They naturally can! Heavenly Emperor Profound Secrets' skill is involved in good fortune. These people peddling on the streets, most have the Jian Family's bloodline. It's just thinner. A person whose destiny is too flourishing, they can't divine it. But how can there be so many people with exuberant destinies? The vast majority of the people are merely mortals. Us cultivators are the most sensitive to matters of good or ill luck and weal or woe. Some martial artists will specifically make a trip to Extreme Light Imperial City before entering a mystic realm to divine their fortunes. How can they come into contact with members of the Jian Family? These people naturally become their first choice. Although it might not be accurate, it can more or less still achieve the goal of pursuing good fortune and avoiding disasters."

Ye Yuan was also extremely surprised when he heard that, not expecting that there was still so much involved in this.

These people looked too debased. Hence, it gave him a very unreliable feeling.

He did not expect that these people actually all had some skill.

Ye Yuan was also secretly shocked in his heart. Just how powerful was this Heavenly Emperor Profound Secrets? Even just getting tainted by a tiny bit of bloodline and they could have such divination and scrying skills.

No wonder the martial artists in Extreme Light Imperial City were so many. It turned out that they were all aiming for the aura viewing art.

Different from Heavenly Eagle Imperial City, the majority inside Extreme Light Imperial City were clearly foreign martial artists.

Divine Lord Realm powerhouses could be seen everywhere on the streets.

Using Divine Lords walking all over the place to describe was also not the least bit of exaggeration.

"These people should know where the Profound Secrets Pavilion is. Let's go over and ask," Ye Yuan said to Ning Tianping.

At this time, a shy little girl came up to greet and said to Ye Yuan weakly, "Sir, fortune-telling? Come to our house, my father still has quite a bit of attainment in the path of divining fortunes."

Ye Yuan originally had no plans of divining fortunes and was just asking for directions. But this little girl had a pitiful appearance, Ye Yuan somewhat did not have the heart to do so.

“Then ... fortune-tell then! Tianping, you go,” Ye Yuan said.

Ning Tianping froze and pointed at himself as he said in surprise, “I-I go?”

Ye Yuan scolded with a smile, “Ask you to go, just go, what’s with the nonsense?”

Ning Tianping nodded and said, “Okay!”

These stalls were all placed on the streets and could be seen everywhere. One look and it was clear that the level was very low.

Not far ahead, there were still shop fronts that also had signboards that wrote augury and aura viewing on it. Clearly, they were much more high-end.

At these stalls, everyone was calling out, vying to pull people to come and fortune-tell.

Those who dared to yell, the business was all pretty good too.

Rather, this little girl’s home was deserted, with nobody showing any interest.

Clearly, the people setting up stalls on the streets, their bloodline were all extremely thin, even the Jian Family would not acknowledge.

They were forced to make a living. That was why they did this kind of thing.

Otherwise, with Heavenly Emperor Profound Secrets’s prestige, they would not be reduced to such a plight.

Ye Yuan went over to take a look, this little girl’s father was actually a cripple. Even walking was somewhat difficult, no wonder he would let a timid little girl go to the streets to pull people.

When Ye Yuan saw the situation, he stepped forward and said with clasped hands, “Elderly person, give this little brother of mine a good aura viewing and divination.”

This old geezer was very haggard, his face with the vicissitudes of life. Seeing that there were guests, he barely managed to squeeze out a smile and said to Ning Tianping, “Please sit! I wonder what this little brother is testing?”

Ning Tianping said, “We came to Extreme Light Imperial City to find people. Elder, just help me to test whether this trip will go well or not!”

That old man nodded his head, fished out a tortoise shell, and started to infuse divine essence[1].

A profound divine essence aura spread out, Ye Yuan could not help shaking his head inwardly.

The mysterious aura on this old man was far too weak. Compared to Jian Zhentao, it was simply one up in the heavens, the other down on Earth. No wonder they would end up in such a plight.

The old man fiddled for a bit, his brows could not help furrowing, and he said, "This little brother, pardon this old man for being blunt, but your trip ... likely won't go too well. However, you have the help of a noble lord, all troubles can be easily resolved."

Ning Tianping laughed when he heard that and said, "Haha, then that's good! Elder, how much?"

As he said, Ning Tianping was about to pay up, but Ye Yuan's heart stirred and he asked, "Elder, since you know the art of viewing auras, help me take a look at how my brother's destiny is."

The old man nodded his head and mustered up divine essence once more, looking over toward Ning Tianping.

With this look, his expression could not help changing and he shook his head and said, "Two little brothers, pardon this one for being ignorant, but I truly can't see through the two of your destinies."

Ye Yuan smiled and said, "Say whatever there is, don't need to be apprehensive."

The old man's expression was somewhat ugly as he said, "Then ... alright! This little brother, his destiny is exuberant. This old man's strength is meager and can't see through it. But with this old man's experience, his destiny likely won't be lower than cyan!"

Ning Tianping was also overjoyed when he heard that. Cyan destiny was already a very high-level destiny.

The vast majority of martial artists were only yellow destiny and below.

Looks like ever since encountering His Excellency, his destiny became much more booming!

Ning Tianping asked, "Then what about ... my lord's?"

Seeing Ning Tianping ask, the old man's expression became even uglier and he said, "This little brother ... has no color. It's likely ... unranked!"

The old man looked towards Ye Yuan and there was nothing exciting. The aura viewing art could not stir up a trace of wave at all.

He had inspected countless people and had never seen before such a poorly endowed person.

"Hahaha! A trash who can't even enter the ranks actually dares to come and fortune-tell too! I say, kid, do you still want face or not?"

Suddenly, a burst of loud laughter sounded out. A young man brought several guards and slowly walked over, a mocking expression on his face.

The little girl's expression changed and she hurriedly pushed Ye Yuan away, saying anxiously, "Sir, s-sorry, you hurry up and go!"

Ye Yuan was naturally not what she could push. He looked at that young master with furrowed brows and said coolly, "You also know the art of viewing auras?"

That young man seemed to have heard some hilarious joke and said with a big laugh, “I also know? Are you joking? This young master, Jian Yu, is a direct lineage descendant of the Jian Family, do you think I know or not?”

Ye Yuan came to a realization and said, “Then do you think that my destiny can’t enter the ranks?”

Jian Yu said disdainfully, “Rubbish! This young master used the art of viewing auras to look just now, a stretch of stagnant waters! This young master has never seen before a person with such inferior aptitude. Aren’t you getting lost in your head there?”

Ye Yuan smiled and said, “Then your aura viewing level is too lousy, your skill is still lacking!”

Jian Yu’s expression changed and he said in a cold voice, “Who the hell do you think you are, to dare evaluate this young master’s aura viewing art?”

As the Jian Family’s direct lineage descendant, Jian Yu was extremely confident in his aura viewing art. Hearing Ye Yuan’s words, he was naturally greatly enraged.

Ye Yuan said coolly, “I naturally have the qualifications, because ... your eyes didn’t go blind!”

[1] Tortoise shells are a ‘traditional’ Chinese divination tool.

[Unrivaled Medicine God](#)

Chapter 1704: Break the Legs, Throw Out!

“Blind? Pooh! Your eyes are the ones that are blind!”

Jian Yu was furious when he heard that. This guy was cursing him to go blind!

Ye Yuan was naturally not cursing him, but that Jian Yu’s aura viewing art was indeed lacking.

If it was like Jian Zhentao, as long as he look at him continuously, his eyes would definitely be blind.

It was precisely because his strength was lacking that he could not see through his actual situation, making it seemed like he had no rank.

That little girl’s father was similarly so.

Ye Yuan gave him a look and waved his hand and said, “This young master is getting my fortune told. If you want to get your fortunes told, queue up. Not getting it told, immediately get lost, don’t jump up and down here, repulsing people.”

Jian Yu’s eyes narrowed slightly and he said in a solemn voice, “Brat, you have divination done here already violated this young master’s ban! You dare to oppose my Jian Family?”

The moment Ye Yuan heard, he was tickled and said, “Ban? What ban is here saying that I can’t get divination done here?”

Jian Yu’s eyes narrowed slightly and he looked at that young lady and said, “Xiaoran, why don’t ... you tell him what the outcome will be?”

Ye Yuan’s brows furrowed, looking at the girlie curiously.

Ran-er seemed to be like a startled little bunny, her complexion ashen pale, giving people a feeling of unable to help showing tender care when one saw her

Seeing Ye Yuan use a probing gaze to look over, Ran-er said sobbingly, "S-Sir, sorry, it ... it was all Ran-er who harmed you! You ... You hurry up and go, otherwise ... otherwise they will break your legs! Young Master Jian Yu has warned us father and daughter, saying that if anyone has divination done here, he'll break their legs!"

Jian Yu said with a smug look, "Heard that, kid? Don't blame this young master. Want to blame, blame Xiaoran! Go on, break this punk's legs for this young master!"

Over a dozen subordinates rubbed their fists and wiped their palms and surrounded over.

The surroundings, when everyone saw this scene, each and every one of them could not help revealing a look of reluctance.

"Sigh, this kid is also unlucky, to actually provoke Jian Yu this great demon king."

"Xiaoran this lass also has a bitter fate. Their father and daughter duo are being forced into a dead-end!"

"Who asked Jian Yu this great demon king to unwittingly take fancy on Xiaoran this lass? What sin have they committed?!"

...

Clearly, everyone was very apprehensive of this Jian Yu.

Right at this time, a figure suddenly dashed out, flying straight for Jian Yu!

"Jian Yu, I, Zhang Haotian, will fight it out with you! Even if I die, I also won't give Xiaoran to you!"

This was extremely sudden. Everyone did not react to it, but it gave Jian Yu a big fright.

Bang!

Suddenly, a figure blocked in front of Jian Yu, sending Zhang Haotian flying with one punch.

Zhang Haotian collapsed on the ground, fresh blood spewing wildly without ceasing.

Zhang Haotian was merely a second-layered heaven Divine Lord, one leg was even crippled.

Jian Yu's subordinate was also first-layered heaven Divine Lord at the very least. So how could Zhang Haotian be a match?

When Ye Yuan saw this scene, his brows could not help furrowing slightly.

The ins and outs of the matter, he had also roughly figured it out.

This Jian Yu took fancy of Zhang Xiaoran's looks and wanted to have her for himself. But Zhang Haotian and Zhang Xiaoran did not agree.

Hence, even though Jian Yu forbade them father and daughter from setting up a stall, he did not make things difficult for them either. He came up with a lousy rule of beating anyone who came to get a divination.

When this father and daughter two people had no livelihood, they would naturally give in obediently.

Zhang Xiaoran was naturally unresigned to it. So taking the chance when Jian Yu was not around, she pulled Ye Yuan over to get his fortunes told.

She did not know that Jian Yu dispatched informants around them. The moment Ye Yuan sat down, he knew.

The baffled looking Ye Yuan was swept into this farce without rhyme or reason just like this.

“Zhang Haotian, you’re courting death! You all, break this kid’s legs for me first, then carry them father and daughter away for me!” Jian Yu said in a great rage.

“Yes!” The bunch of subordinates received the orders and rushed over towards Ye Yuan glaring like ravening tigers.

Ye Yuan said coolly, “Tianping, cripple all of them for me and throw them out!”

“Yes, my lord!”

Ning Tianping answered, suddenly releasing the aura of a fifth-layered heaven Divine Lord. Everyone’s faces changed.

When Ye Yuan entered the city, he did not want to be too ostentatious, so he had Ning Tianping restrain his aura.

Jian Yu also saw that Ning Tianping’s strength was not strong, that was why he was so arrogant.

How could he have thought that Ning Tianping was actually a fifth-layered heaven Divine Lord already at a young age!

These few years, Ning Tianping’s strength advanced by leaps and bounds following by Ye Yuan’s side. He had long broken through to become a fifth-layered heaven Divine Lord.

The moment he made his move, how could these initial-stage Divine Lord Realm family guards be his match?

It was only to hear miserable screams linger on incessantly. The entire street instantly became a chaotic mess.

Ning Tianping did not kill people either. It was just that each person had their legs broken by him.

These family guards lay on the ground, wailing without ceasing.

The surrounding onlookers were all dumbfounded with shock.

“What background does this young man have? To actually bring alone a fifth-layered heaven Divine Lord as his follower!”

“It’s really funny, this young man’s destiny doesn’t even enter the ranks and is simply a trash. But there’s actually a fifth-layered heaven Divine Lord following by his side!”

“Probably he himself and his family clan doesn’t know at all, right? Coming to Extreme Light Imperial City this time, his true colors will probably be revealed.”

...

At the same time, they were marveling at Ning Tianping’s strength. Those stall owners also became curious about Ye Yuan’s identity.

Quite a few people secretly mustered up divine essence, observing Ye Yuan’s destiny, and discovered that it was indeed a dried-up well without ripples; unable to even stir up a hint of a wave.

Unranked!

“Your Excellency, what to do with this guy?” Ning Tianping asked very calmly.

Jian Yu’s face had long turned white. He completely did not expect that he actually kicked a metal plate this time!

“You dare to touch this young master? This young master is a member of the Jian Family! If you touch me, that’s climbing on top of the Jian Family’s heads! You have to think about the consequences!” Although Jian Yu was afraid, at the thought of the Jian Family’s strength, his back immediately straightened up.

Sure enough, the moment Ning Tianping heard, he immediately revealed a look of hesitation.

They came to seek help from the Jian Family this time. If they offended the Jian Family, it would not be easy to clean up the mess.

Jian Yu observed his expression and words, and immediately said to Ning Tianping smugly, “Kid, your strength is pretty good, sticking with this young master in the future is definitely much more promising than that good-for-nothing! I’ll tell you very responsibly, that kid is simply a trash who can’t enter the ranks!”

When Ning Tianping heard that, his face revealed a strange look.

If His Excellency was trash, then all in this world was waste residue.

He laughed in spite of himself and said, “Fool, your aura viewing art is really lacking! Wait till you cultivate it entirely and then come and look at His Excellency again. You’ll know why he said that your eyes didn’t go blind!”

At this time, Ye Yuan said coolly, “Still waiting for what? Break his legs and throw him out! Being noisy in this place!”

Jian Yu’s expression changed greatly when he heard that and said, “You ... You really dare to make a move? You ... You have to think of the consequences well! Those who touch my Jian Family’s members all don’t have a good outcome!”

Ye Yuan said coolly, “Just your bit of strength is also fit to represent the Jian Family? Then the Jian Family really doesn’t have anyone anymore! Tianping, do it!”

“Yes, my lord!”

With Ye Yuan's order, Ning Tianping no longer hesitated, directly sweeping over and breaking Jian Yu's two legs in no time flat.

"Argh! Brat, you'll regret it! Ahh!" On the street, came Jian Yu's shrill and miserable screams.

Unrivaled Medicine God

Chapter 1705: Wait for Him to Come!

"Well fought!"

"Beautifully done!"

"Finally vented this foul breath!"

"Vented this anger, but with Jian Yu's temperament, he'll definitely take revenge!"

"His elder brother, Jian Ping, is a member of the Profound Secrets Pavilion, his strength is very powerful!"

...

When everyone saw Jian Yu's legs being broken, they immediately felt very appeased, shouts of bravo linking up together.

This Jian Yu, they normally did not dare to provoke at all. He had always played the tyrant on these few streets.

Today, someone finally came out to take care of him.

It was just that they could not help worry for Ye Yuan.

After all, the Jian Family's people were not to be trifled with.

"Sir, it was all Xiaoran's fault, s-sorry! You hurry up and go! That Jian Yu is very powerful. He won't let you off!" Zhang Xiaoran supported Zhang Haotian as she said with a rueful look.

Ye Yuan did not speak, but walked in front of Zhang Haotian, and took out a medicinal pill for him to take.

That kick earlier was very heavy. Zhang Haotian's injuries were not light and already could not speak.

Ye Yuan looked at Xiaoran and said with a smile, "Do you want to marry Jian Yu to be a concubine or not?"

Zhang Xiaoran shook her head repeatedly and said with a decisive look, "I won't marry him even if I die!"

Ye Yuan smiled and said, "Well, we'll wait here for him to come."

Zhang Xiaoran's expression changed and she waved her hand and said, "No, no, no, Sir, you hurry up and leave! Jian Yu's elder brother is a member of the Profound Secrets Pavilion."

Ye Yuan revealed a hint of surprise when he heard that and said with a smile, "A member of the Profound Secrets Pavilion? Then perfect, I was just about to go to the Profound Secrets Pavilion."

When the people beside heard Ye Yuan's words, they could not help shaking their heads secretly.

This kid was simply a hothead. He completely did not know what Profound Secrets Pavilion represented in Extreme Light Imperial City!

"This sir, it was all this old man who dragged you in, truly sorry. You hurry up and go, you really can't afford to provoke the Profound Secrets Pavilion! At most, this old man will fight it out to the death with them!" Zhang Haotian suddenly said.

Zhang Xiaoran got a fright. She suddenly discovered that Zhang Haotian's complexion was ruddy, full of energy. He was actually completely recovered already!

This medicinal pill was also too miraculous, right?

Ye Yuan smiled and said, "Elder, your leg should have been injured by a Flatland Poison Wolf, right?"

Zhang Haotian froze, already at this point, he still had time to care about his leg?

However, he still nodded and said, "Yes. Back then, we husband and wife brought the newly-born Xiaoran back to Extreme Light Imperial City. Who knew that we encountered Flatland Poison Wolves halfway. Xiaoran's mother did not hesitate to feed the wolves with her body in order to save Xiaoran, exchanging for us father and daughter two people to escape with our lives. However, this old man's leg was still crippled. Sigh, the one who should have originally died should have been this old man, who knew ..."

Talking up to here, Zhang Haotian evoked a painful memory, tears running down his old face.

"Dad, don't blame yourself anymore, this isn't your fault!" Zhang Xiaoran was also in tears as he said.

Ye Yuan also did not expect that this father and daughter's encounter was actually so tragic.

However, this was also the true portrayal of ordinary martial artists.

Not everyone could possess Ye Yuan's heaven-defying talent and destiny.

The majority of martial artists were all struggling to survive at the bottom.

The toxicity of the Flatland Poison Wolf was very fierce and extremely hard to remove.

Hence, Zhang Haotian's body aged very quickly too.

And his leg was also unable to regrow because of the toxins.

Ye Yuan let out a sigh and said, "I'll treat it for you then."

Zhang Haotian smiled bitterly and said, "The reason why we father and daughter are in such a state of poverty is because of this old man's leg. These few years, this old man has sought countless medical treatments, but it can't be cured at all."

Ye Yuan smiled and said, "It's no big deal, just pricking a few needles will do."

After talking, Ye Yuan took out a set of silver needles and started to apply acupuncture on Zhang Haotian's severed leg.

“Kid, don’t show off your skill anymore. Old Zhang’s leg, even Master Li Xiuqing couldn’t treat it, with just the likes of you?”

“Really don’t come up with a draft when boasting! If it was so easy, wouldn’t Old Zhang’s so many years of suffering be in vain?”

“Yeah, youngster, you’d better hurry up and leave. In a while, when Jian Ping comes, you won’t be able to leave even if you want to.”

...

Ye Yuan said it casually, everyone all felt that he was boasting.

These few years, Zhang Haotian spent all of his savings in order to seek medical treatment, which also barely managed to maintain the injury.

Even so, his injury was still continuously deteriorating.

But very soon, the expressions on everyone’s faces changed.

Zhang Haotian’s severed leg area started to have black blood ooze out continuously, emitting a pungent and repulsive smell.

Ye Yuan’s divine fire emerged, completely refining it.

Under everyone’s astonished eyes, Zhang Haotian’s severed limb actually started re-growing!

“Really cured! This kid has such formidable means!”

“Truly a magic hand that restores life! The poison that even Master Li Xiuqing couldn’t cure, he treated it!”

“I really didn’t expect that this kid is actually an alchemist. No wonder he would have a fifth-layered heaven Divine Lord powerhouse as a follower!”

...

All around, the people around let out a series of exclamations.

Master Li Xiuqing was already a very famous alchemist in this vicinity. His strength was very powerful.

Zhang Haotian’s poison wound that even he could not treat, it was basically already sentencing one to death.

No one could have thought that this unknown young man really cured Zhang Haotian in no time flat.

Zhang Haotian opened his mouth wide, looking at his own leg in disbelief.

Ever since coming back from Master Li Xiuqing there, he thought that he would never stand up in this lifetime.

Who knew that Ye Yuan cured his leg in no time!

Ye Yuan fished out another medicinal pill, passed it to Zhang Haotian, and said, "Eat this Detoxification Pill. The residual poison in your body will be pretty much cleared. You try standing up."

Zhang Haotian received the medicinal pill tremblingly and attempted to stand up. Tears rolled down his old face and he said, "S-Sir, you ... you're really this Zhang's great benefactor! How much are these two medicinal pills, this old man ... even if this old man risks this life, I'll also pay the money."

Ye Yuan smiled and said, "These medicinal pills, just take it as covering the cost of the divination just now."

"Who broke my younger brother's legs, scram outside!" At this time, an icy-cold voice was heard.

Everyone's faces changed.

"It's Jian Ping! Came so quickly!"

"Jian Ping is also fifth-layered heaven Divine Lord, there's a good show to watch now."

"I heard that Jian Ping's bloodline is very pure. His Profound Spirit Chaos Formula is also cultivated very solidly."

...

The crowd divided, a dashing young man with a valiant bearing walked over.

This young man had some similarities with Jian Yu at the glabella. He was naturally Jian Ping.

By the side, Jian Yu was on crutches. At the sight of Ye Yuan, he roared loudly, "Big Brother, it's that punk! An unranked trash actually dared to break my legs, you have to take revenge for me! Ouch, so painful!"

"Unranked?"

Jian Ping's brows furrowed, looking at Ye Yuan rather curiously. Unable to even enter the ranks and could actually cultivate to the Divine Lord Realm?

Furthermore, as long as one was a martial artist, they more or less had some destiny.

Unranked, so how did this fellow survive until now?

Members of the Jian Family were the most curious about destiny.

People who were unranked were very seldom-seen!

Under the urging of his curiosity, Jian Ping could not resist mustering up divine essence, and looked over toward Ye Yuan ...

[Unrivaled Medicine God](#)

Chapter 1706: Transaction

"Argh! My eyes!"

Jian Ping suddenly screamed, covering his eyes with his hands, and fell to the ground in pain.

This sudden turn of events made everyone stare dumbfoundedly in shock.

Jian Ping came in a threatening manner, but who would have expect that he only took a look at Ye Yuan and then collapsed.

What the hell was this?

Initially, Jian Yu had a pleased look. Suddenly seeing Jian Ping fall down, his entire person was in a daze.

He completely did not expect that the words he unintentionally said aroused Jian Ping's curiosity.

Took a look just like that and he went blind!

"B-Big Brother, what's wrong with you? Don't scare me!" Jian Yu said with a look of shock.

"Pain! My eyes hurt!" Jian Ping screamed tragically.

Jian Yu had a petrified look, completely not knowing what had happened.

All around, the people emitted a series of exclamations.

"What happened? Just now, Jian Ping used the aura viewing art on that young man, right?"

"Isn't his destiny unranked? How did Jian Ping become like this with one glance?"

"Why are we totally fine when we look at him? No, wait, I remembered, that young man said previously that Jian Yu's aura viewing art is lacking, could it be ..."

"He even said that it's because of this that Jian Yu's eyes didn't go blind! This ..."

...

The people abruptly startled awake. Previously, Ye Yuan said that Jian Yu's eyes were not blinded, so his aura viewing art was still lacking!

Now, Jian Ping took one look at Ye Yuan and his eyes went blind!

Which was also to say that it was not that this young man's destiny failed to enter the ranks, but because ... it was too strong!

What kind of destiny would be so strong?

That was at least ... imperial aura!

Everyone was incomparably shocked in their hearts. This young man before their eyes, could it be that he was in possession of the legendary imperial aura?

Ye Yuan looked at Jian Yu and said with a smile, "Looks like his skill is much more profound than yours, so ... he went blind. But you, you don't even have the qualifications to be blinded."

Jian Yu's entire body trembled, looking at Ye Yuan in disbelief.

He finally understood now what the words Ye Yuan said before meant.

He also finally understood why Big Brother would suddenly be like this.

“You ... You’re actually of the legendary imperial aura! This ... This is impossible!” Jian Yu cried out weirdly.

Ye Yuan shrugged his shoulders and said helplessly, “I also don’t know whether or not it’s the imperial aura, because currently, no one can tell me yet.”

Regarding this, Ye Yuan was very speechless too.

He also wanted to know just what destiny he was. But sadly, even Jian Zhentao, such a powerful existence, directly went blind after taking a look.

Imperial aura was also just Jian Zhentao’s guess.

Jian Yu’s expression changed several times. These words ... sounded so arrogant!

But, if it was the imperial aura, the Profound Secrets Pavilion would treat him as a guest of honor.

Then this guy could not be offended anymore!

One had to know, people possessing imperial aura, barring no accidents, they would all be powerhouses who inspired awe in a region.

This kind of people, even the Jian Family had to make friends with him.

After all, Extreme Light Imperial City was just an imperial city. Even though it was the Jian Family’s territory, the strongest here was also merely Celestial Deity Realm only.

Making friends with future powerhouses, this was also an important reason for the Jian Family’s power.

Because they had ‘wisdom eyes,’ which others were not equipped with, that they knew how to make their choice.

At the same time, members of the Jian Family were also snobbish. If your destiny was lacking, they would not even be bothered to give you a glance.

Ye Yuan slowly walked in front of Jian Ping. Jian Yu’s face changed, and he said in panic, “W-What do you want to do? I’m warning you, my big brother is a member of the Profound Secrets Pavilion. If you dare to touch a single strand of hair of his, you absolutely can’t leave the city alive!”

Ye Yuan could not even be bothered to look at him. He knelt down and said to Jian Ping, “You’re called Jian Ping, right? How about we make a deal?”

Experiencing the initial-most pain, Jian Ping was already much better now. But his eyes could not open, shedding the same blood tears as Jian Zhentao.

How could he still not understand at this time that this young man in front of him was someone with extremely exuberant destiny!

But this guy blinded his eyes!

Whoosh!

Suddenly, Jian Ping launched an attack!

“Go to hell! Who wants to make a deal with you?!” Jian Ping said with a hideous grin.

This scene was too sudden, fast until everyone did not react to it.

All around were cries of exclamations.

“Sir, be careful!”

Zhang Haotian’s and Zhang Xiaoran’s faces turned ashen pale, crying out in shock.

Bang!

The floorboards cracked and debris flew everywhere.

The violent attack of a fifth-layered heaven Divine Lord, how shocking was the commotion?

Everyone’s heart sunk to rock-bottom. They did not expect that Jian Ping was actually so despotic, to actually directly deal a killing blow.

Ye Yuan and Jian Ping were too close. Furthermore, the strength difference was enormous. Wanting to avoid was simply something impossible.

Under this punch, how could Ye Yuan still be alive?

“Hahaha, what dog-fart imperial aura? Isn’t he still beaten to death by me with one punch?” Jian Ping said with a savage laugh.

Ye Yuan blinding his eyes was equivalent to ruining his future. So how could he not be furious?

Moreover, this guy even broke his younger brother’s legs.

This kind of guy, even if he had an imperial aura, it would not do either!

“Sigh! Pity this young man, the legendary imperial aura!”

“He wanted to stand up for Zhang Haotian father and daughter, but he also doesn’t think about how powerful the Profound Secrets Pavilion is.”

“Someone who overestimates his own strength. A first-layered heaven Divine Lord was actually so close to a fifth-layered heaven Divine Lord, what is it if not courting death?”

...

In the crowd, some people lamented, some people felt that Ye Yuan was too inexperienced.

Zhang Xiaoran’s legs turned soft, directly sitting down on the ground.

This sudden turn of events made her unable to stand.

“Your eyes suffered the backlash of Heavenly Dao. Even if cured, it’s also very hard to recover to the peak. Don’t you ... want to be cured?”

At this time, amidst the dust, a voice sounded out faintly.

Everyone had astonished faces. This kid ... was not dead?

How was this possible?

Jian Ping was currently laughing loudly without ceasing. Suddenly his smile froze on his face, a look of astonishment on his face.

“You ... How could you possibly not be dead?” Jian Ping said in shock.

Ye Yuan said coolly, “You’re still a bit too unskilled to want to kill me. At this time, you should be grateful that you’re a member of the Profound Secrets Pavilion. Otherwise ... you’re already a dead man. Uh, enough nonsense, we’d better talk about our deal. I’ll help you treat your eyes, but you brothers must swear a Heavenly Dao oath that you’re not allowed to find trouble with Zhang Haotian father and daughter again in the future.”

Jian Ping’s entire body trembled and he said, “You ... You can cure my eyes?”

Ye Yuan said coolly, “I can naturally cure it! In fact, I still have an objective for coming to Extreme Light Imperial City this time. It’s to help Jian Zhentao, Elder Jian, treat his eyes.”

Jian Ping trembled again and said in disbelief, “Elder Jian’s eyes, could it be because he used the aura viewing art on you?”

Ye Yuan nodded and said, “That’s right! This transaction, do you agree?”

Jian Ping’s heart was shocked until it could not be any greater.

Elder Jian answered the invitation of Riverluck Capital City the last time and went to host an auction. After coming back, his eyes went blind. Until now, it was not healed too.

But Jian Ping never thought that Elder Jian was actually blinded by looking at Ye Yuan!

Unrivaled Medicine God

Chapter 1707: Next Deal

Jian Ping naturally had no reason to say no!

Even though Jian Yu was extremely reluctant, he also knew that Big Brother’s eyes were very important.

Being helpless, he could only swear the Heavenly Dao oath.

Regarding this, Zhang Haotian was extremely agitated. Pulling his daughter Zhang Xiaoran, they knelt in front of Ye Yuan with a thud.

“This old man ... This old man kneels in thanks to Sir’s grace of rebirth!”

Ye Yuan hurriedly helped up Zhang Haotian father and daughter and said with a smile, “Elder is too courteous. Xiaoran is obedient and sensible. It would be a pity to be defiled by a bad guy. It’s merely a matter of lifting a finger. Elder, don’t need to take it to heart. However, your divination skill is indeed proficient. This actually all came true, huhu.”

Zhang Haotian blushed with shame. He also did not expect that Ye Yuan’s trouble was actually answered by him.

Zhang Haotian was an external surname member of the Jian Family, his bloodline very thin. But his divination was indeed very accurate.

Rather, Jian Yu listened by the side until his face turned green.

What was being defiled by a bad guy?

“Hey, do you know how to speak human language or not? What’s with that phrase being defiled by a bad guy?!” Jian Yu said in great rage.

Ye Yuan turned to look at him and said with a smile, “Saying that you’re a bad guy, you ask if they have objections?”

Jian Yu’s expression changed. Sweeping a glance over, he discovered that everyone all had approving looks and could not help saying in a great rage, “Looking at what? Keep looking and your eyeballs will be dug out!”

Everyone’s expressions changed slightly, restraining themselves.

“Pfft!” Zhang Xiaoran could not hold back and immediately laughed.

“Blabbering on for what? Still not treating my eyes?” Jian Ping said with an annoyed look.

“Also my legs!” Jian Yu added.

Ning Tianping’s blow was very heavy. It was naturally impossible to let Jian Yu to recover using divine essence.

Ye Yuan said coolly, “Your legs aren’t in the deal.”

Jian Yu said furiously, “You!”

Ye Yuan waved his hand and said, “This place isn’t convenient, you bring me to the Profound Secrets Pavilion. Just nice, I want to go and see Elder Jian.”

Jian Ping gave a cold snort and directly turned around and left.

Ye Yuan brought Ning Tianping and followed closely behind.

Before long, the few people arrived at a very magnificent palace. ‘Profound Secrets Pavilion’, these three words were written on it!

“Deacon Jian, what’s wrong with you?” When the guard saw the Jian Ping shedding blood tears, he could not help coming up to greet with his face pale with fright.

Jian Ping waved his hand and said, “Nothing. Bring us to the back-hall, he’s going to treat my eyes!”

That guard hurriedly responded and brought Ye Yuan and the rest to the back-hall.

Entering a side-hall, Jian Ping instructed, “You go and guard outside, don’t let people disturb us!”

“Yes!” That guard answered and immediately went out.

“Quickly do it! I’m warning you, if any hidden ailment is left behind in my eyes, I’ll make you die very horribly! Don’t forget, this place is the Profound Secrets Pavilion!” Jian Ping said in a cold voice.

Ye Yuan said coolly, “Relax, this Ye has never failed when making a move before.”

Done talking, Ye Yuan took out silver needles and stuck needles around Jian Ping’s eyes.

No idea how long had passed either, Ye Yuan said coolly, “Open your eyes!”

Jian Ping’s eyelids twitched and opened both eyes rather nervously.

Indeed, he could see!

He was incomparably shocked in his heart. This punk’s medical skills were truly extraordinary, to actually be able to cure the backlash of Heavenly Dao!

One had to know, Jian Zhentao’s eyes had already been blinded for almost 200 years and no one could treat it.

This kid was actually really able to cure it!

“Big Brother, you ... you can see?” Jian Yu asked rather agitatedly.

If Big Brother’s eyes were blind, he would be bound to lose his standing in the Profound Secrets Pavilion. Then he would also lose his greatest reliance.

Jian Ping nodded his head and said, “Can see!”

Finished talking, he attempted to revolve the Profound Spirit Chaos Formula and looked over toward Jian Yu. Sure enough, he saw a faint orange-colored aura.

This time, he did not dare to look at Ye Yuan anymore.

This kid was too sinister.

However ... this younger brother of his was really useless!

Piled on so much resources and he was still just first-layered heaven Divine Lord.

Orange destiny, his accomplishments in his lifetime would also be like this.

“Can see!” Jian Ping nodded his head and said.

Jian Yu said with an excited look, “Really can see! Couldn’t tell that this brat really has some capability!”

Jian Ping looked at Ye Yuan and said with a smile that was not a smile, “He is capable, but ... all come in for me!”

Bang!

A large group of people burst open the door and entered, directly blocking Ye Yuan two people in this side-hall.

These people were actually all middle-stage Divine Lord Realm powerhouses!

Jian Ping looked at Ye Yuan and said with a cold smile, "Punk, you wouldn't really think that I'd let you off, would you? This young master can don't find trouble with those two, but you ... must die!"

Turned out that when he entered just now, Jian Ping secretly signaled that guard and had him summon people over.

When Jian Yu saw this scene, he shouted excitedly, "Hahaha, Big Brother, kill him! Kill him! This guy is too cocky! Punk, this time, you can't escape even if you grow wings, right?"

Ye Yuan looked at Jian Ping and said coolly, "Jian Ping, if you kill me, no one will treat Elder Jian's eyes anymore."

Jian Ping sneered and said, "Elder Jian? Pooh! That useless old man's eyes are already blind. Do you think that he can still be the Profound Secrets Pavilion's elder? Moreover ... heh heh, you probably don't know, but that old bastard is at odds with my eldest senior brother. I'm eagerly looking forward to seeing his eyes not get better!"

Ye Yuan also did not expect that Jian Zhentao actually already lost power now because of that one glance.

Moreover, he was even on very bad terms of Jian Ping's eldest senior brother.

Looks like the struggle of power was the same everywhere!

Just like the struggle between the Pill Tower's head elder and second elder back then, it lasted for as long as several tens of thousands of years.

This Profound Secrets Pavilion seemed to be a place that transcended worldliness, but it also could not rise above conventions.

Places with people would have conflicts, it was indeed true.

"Haha, kid, are you feeling despair now? Kneel down and beg me, maybe ... I can still let you live!" Jian Ping laughed wantonly as he said.

Just now, on the streets, both brothers lost a huge amount of face. Now, not gaining back any ground, where would his face be put?

Ning Tianping had a mocking look on his face and did not mean to worry at all.

He knew that His Excellency definitely would not be without contingencies and just come in so recklessly.

Sure enough, Ye Yuan looked at Jian Ping very calmly and said coolly, "Alright, I understand. Next, we can discuss another transaction."

Jian Ping was taken aback, following that, laughed loudly as he said, "Still making a deal with Your Father? Are you dumb? Now, what can you still use to make a deal with me?"

Ye Yuan said, "Forgot to tell you, but before applying acupuncture on you, I just used it to let out Zhang Haotian's blood. And he ... was afflicted with the Flatland Poison Wolf's poison many years ago. To this date, he was unable to get rid of it. Just now, I left in a hurry and forgot to clean the residual poison on

the needles. Uh ... it's fine, you can do it. Either way, the residual poison on the needles isn't much, you shouldn't die. At most, it will just be like Zhang Haotian, aging a little faster, that's all. Also, although your eyes are fine right now, it will be hard to guarantee that they will be fine in the future."

Ye Yuan said very calmly, but Jian Ping's expression became increasingly uglier.

Unrivaled Medicine God

Chapter 1708: How Can You Be So Strong?

"Humph! Do you think that you can scare me with a few words?" Jian Ping said with a grim expression. No idea why, after Ye Yuan said this, his eyes actually started to itch a little. No idea whether was it a psychological effect or not.

Ye Yuan just smiled faintly and said, "Don't you know that the ones who can't be offended the most are alchemists? I can treat you, so naturally, I can cure you to death too."

By the side, Jian Yu suddenly said rather nervously, "Big Brother, Zhang Haotian was indeed poisoned by the Flatland Poison Wolf's poison. But I saw just now that his severed limb actually regrew! It ... It should be real!"

Jian Ping's expression changed. His eyes were becoming even more unbearably itchy, and he could not resist rubbing it twice.

Ye Yuan smiled when he saw the situation and said, "Now, can we discuss the next transaction?"

Jian Ping's face fell and he said, "What do you want?"

Ye Yuan said coolly, "Bring me to see Elder Jian!"

Jian Ping's expression was grim until it was virtually about to drip water. This kid simply drove people nuts.

You clearly already cornered him, yet, you had to be counter-bitten by him.

He actually still had to be at his mercy in his own lair!

This foul breath backlogged in his heart really made people uncomfortable!

But he had no choice but to hold it in.

The Flatland Poison Wolf's poison was famed for being bone-infesting, overwhelming people with distress. It tormented people the most. Furthermore, it was extremely difficult to remove.

His eye area was poisoned. In the future, he might very likely become a blind man again!

Ye Yuan being able to cleanse poison, he did not doubt it at all.

He could even cure Heavenly Dao backlash, so this bit of poison was naturally nothing.

But bringing him to go see Jian Zhentao just like this, he was also unwilling in his heart.

Really a painful decision!

Finally, Jian Ping gritted his teeth and said, "Consider yourself ruthless!"

...

Jian Ping led Ye Yuan to a very small house and said in a solemn voice, "This is it!"

Ye Yuan looked at this house and could not help being somewhat stunned.

A ninth-layered heaven Divine Lord, to an imperial city, their status was very lofty.

However, Jian Zhentao was actually staying in such a tiny house. It was seriously shabby!

Seemed like these few years, Jian Zhentao probably suffered quite a bit of ostracism.

Ye Yuan walked to the door, mustered up divine essence, and said in a clear voice, "Junior Ye Yuan, request an audience with Senior Jian Zhentao."

Before long, an aged voice came from inside. "Huhu, I was wondering who it was. Turns out that it's Little Friend Ye Yuan. Please, come in!"

Clearly, Jian Zhentao also thought for a long time before recalling who Ye Yuan was.

What surprised Ye Yuan a little was that Jian Zhentao did not have the least bit of resentment in his voice, as if he was an old friend that he had not met for many years.

One had to know, Jian Zhentao ending up in such a plight was entirely thanks to Ye Yuan.

Even though Ye Yuan did not do anything, how many in this world were truly able to let it go?

If it were others, they were most likely going to blame this on them.

Ye Yuan did not think that Jian Zhentao was actually so open-minded.

"Now, you can get rid of the poison for me, right?" Jian Ping said in a cold voice.

Ye Yuan casually threw out a medicinal pill and said coolly, "Take it and eat."

Jian Ping received the medicinal pill and said in a cold voice, "On what basis should I trust you?"

Ye Yuan said, "Do you think that everyone in this world is as shameless as you? If you don't believe, you can naturally find someone better qualified."

As he said, Ye Yuan was about to push the door and enter.

Right at this time, a hint of cold light flashed in Jian Ping's eyes and he suddenly launched an attack!

Another sneak attack!

This palm was quick as lightning. Jian Ping erupted with his full power, wanting to kill Ye Yuan with one palm.

"Nirvana Seal!"

What answered him was a powerful seal art!

Ye Yuan's back seemed to have grown eyes, suddenly hitting out a seal.

Rumble!

A massive rumble transmitted over. Jian Ping's entire person flew out backward, spewing out a mouthful of fresh blood with a cough.

He looked at Ye Yuan, his eyes full of shock.

How could a second-layered heaven Divine Lord possibly send him flying with one seal mark?

After so many years, Ye Yuan expended God knows how many medicinal pills and finally forcefully pushed his realm to the second-layered heaven Divine Vortex Realm.

He's current strength could already rival fifth-layered heaven Divine Lords and not fall into a disadvantageous situation.

The moment the Nirvana Seal emerged, who could contend!

Jian Ping's unwillingness in his heart, how could Ye Yuan not perceive it? He had long guarded against Jian Ping.

The Nirvana Seal against Jian Ping's ordinary palm, it was without any suspense.

"Impossible! You ... How can you be so strong?" Jian Ping said in disbelief.

Ye Yuan looked at Jian Ping coldly and said, "I said it before, if you weren't a member of the Profound Secrets Pavilion, you'd long be a dead man already! Do you think that I'd be so patient to deal with a trash like you? Get lost!"

Jian Ping crawled to his feet, gnashed his teeth in hatred as he looked at Ye Yuan and said, "Punk, just you wait for me! Opposing me, Jian Ping, you'll get to know the outcome soon!"

Finished talking, Jian Ping clutched his wound and ran away.

Seeing this scene, Ye Yuan's brows furrowed.

Ning Tianping also frowned and said, "Your Excellency, this Jian Ping's background is deep, I'm afraid ..."

How could Ye Yuan not know that Jian Ping had a deep background? Otherwise, with his temper, he would have long killed him.

But on this trip, he was asking help from the profound secrets pavilion. Unless it was a last resort, he did not wish to fall out with the other party.

Ye Yuan shook his head and said, "When soldiers come, use a general to hold them off. When the water rises, use dirt to keep it back. Go in."

Pushing the door and entering, the house was not large. But Ye Yuan seemed to have entered a small farmyard.

Inside the small yard, flowers and plants were planted everywhere, refreshing and delightful.

An old man was currently clearing the weeds.

In this bustling city, there was actually a feeling of relaxing vigilance, being like clouds without a fixed abode.

This old man was naturally Jian Zhentao.

“Not seeing for 200 years, has Little Friend Ye Yuan been well?” Jian Zhentao put down the hoe and said to Ye Yuan with a smile.

It was just that that pair of eyes were still tightly shut.

He was slightly astonished in his heart. He could clearly sense two people’s auras. One of them was a fifth-layered heaven Divine Lord, the other ... he actually could not see through.

As if ... it was a stretch of chaos.

The divine essence undulation outside just now, he clearly felt it too.

That was the showdown between two fifth-layered heaven Divine Lords. No matter how good Ye Yuan’s talent was, it was also not possible to be a fifth-layered heaven Divine Lord’s match currently.

Hence, he did not pay attention either.

But Ye Yuan smiled and said, “Junior hasn’t been doing well. Haven’t I come to request help from Senior?”

Jian Zhentao was somewhat surprised as he said, “Oh? What’s the matter?”

Ye Yuan smiled and said, “My matter isn’t in a rush. Rather, Senior’s otherworldly and idle days made Ye Yuan very surprised!”

Jian Zhentao stroked his beard and smiled as he said, “Do you feel that this old man should be dispirited and eking out a miserable existence right now, waiting to die?”

Ye Yuan smiled and said, “Huhu, it was Ye Yuan who judged with the yardstick of a petty man! Senior’s breadth of mind is extensive, Ye Yuan admires!”

Jian Zhentao smiled and said, “What you said is right too! Our two eyes hold extraordinary meaning to our Jian family members. Losing our two eyes is equivalent to exhausting our future. But later on, this old man gradually thought things through. Hence, I lived this kind of reclusive life. Presently, I gradually understood something.”

Ye Yuan’s brows raised up and he said in surprise, “Senior actually ... touched the threshold of Celestial Deity Realm!”

Jian Zhentao nodded and smiled as he said, “These few years, I’ve indeed had some comprehension. But to talk about breaking through, I likely still need some more time.”

Chapter 1709: Shielding Heaven’s Secrets

“Huhu, looks like Junior came in time. Lucky that Senior hasn’t broken through. Otherwise, the backlash of Heavenly Dao will make your eyes more serious and I’d be powerless to do anything as well,” Ye Yuan smiled and said.

Jian Zhentao’s entire body trembled and he said, “W-What do you mean?”

Ye Yuan said, “Coming this time, it’s firstly to request help from Senior. Secondly ... it’s naturally to help Senior treat your eyes as well.”

Jian Zhentao said in surprise, “You mean that ... this old man’s eyes actually still have hope of restoring sight?”

Heavenly Dao’s backlash was Heavenly Dao’s punishment to martial artists. It was naturally impossible to heal easily.

Jian Zhentao had long given up hope, so his entire person became open-minded too.

It was also because of this that his mind became illuminated and touched that layer of fleeting and ephemeral Heavenly Dao instead.

Originally, with Jian Zhentao’s talent, it was very hard to break through to the Celestial Deity Realm.

But now, Ye Yuan told him that his eyes had hope of restoring sight again. This made his long motionless heart stir up ripples once more.

Ye Yuan smiled and said, “The last time, at Riverluck Capital City, Ye Yuan did not know whether I could break through to rank four or not. My divine essence wasn’t sufficient to support applying acupuncture. So I didn’t mention it to senior.”

Jian Zhentao said excitedly, “In that case, you already broke through now? No wonder, wonder when I felt your aura, it’s somewhat different. I really didn’t expect it! Really didn’t expect it! This old man’s eyes actually still have hope of seeing the light again!”

Jian Zhentao’s strength was much stronger than Jian Ping. So his backlash was naturally much more severe than Jian Ping’s.

Even if it was Ye Yuan, he had to go through a great deal of trouble before he let Jian Zhentao see the light anew.

When Jian Zhentao opened his eyes, his eyeballs regained their liveliness once more.

Everything returned to the past!

Jian Zhentao looked at Ye Yuan gratefully and said, “These 200 years, this old man thought that I’ve long been at ease. Didn’t expect ... when this day arrives, this old man is still unable to keep calm! Little Friend Ye Yuan, thank you!”

Ye Yuan smiled and said, “Senior is too serious. Your eyes were originally due to Ye Yuan. How can Ye Yuan look on with folded arms.”

Jian Zhentao shook his head and said, "This old man looking at you with the aura viewing art, that was this old man's problem, how can it be blamed on you? There's no such logic! Oh, right, what did you come to find this old man for?"

Mentioning this, Ye Yuan controlled his expression and became solemn.

Ye Yuan said the purpose of his trip, but Jian Zhentao's brows knitted together.

When Ye Yuan saw Jian Zhentao's expression, he could not help having a foreboding premonition in his heart and could not resist asking, "Senior, is ... there any difficulty here?"

Jian Zhentao smiled bitterly and said, "Come, this old man will divine for you. You'll understand!"

Ye Yuan had a puzzled look. It was only to see Jian Zhentao take out several copper coins.

These coppers coins were naturally not ordinary items but made with special materials.

Ye Yuan looked over, they were actually a set of divine lord mystic treasure!

Jian Zhentao slowly mustered up the Profound Spirit Chaos Formula and injected divine essence into the copper coins.

Very soon, a series of dense vapor curled upwards. The entire house was filled with a mysterious aura.

Ye Yuan was secretly alarmed. Jian Zhentao taking action was indeed extraordinary.

Zhang Haotian's divination was considered pretty good already. But in front of Jian Zhentao, it was completely not enough to look at!

However, when Ye Yuan saw this situation, he also faintly looked forward to it, hoping that Jian Zhentao could help him find Li-er their news.

However, the results turned out contrary to his expectations.

Crack!

"Puhwark!"

Right at this time, a crisp sound echoed. Those few copper coins actually directly snapped!

While Jian Zhentao himself spewed out a large mouthful of blood, dyeing his chest red.

Ye Yuan's expression changed greatly and he hurriedly went up to support Jian Zhentao and said, "Senior, this ... what's going on?"

Jian Zhentao waved his hand, indicating that he was fine. He said with a bitter smile, "Sure enough, like I thought!"

Ye Yuan's expression was ugly to the extreme as he said, "Senior, what's going on?"

Jian Zhentao said, "The more exuberant one's destiny, the higher the requirement of the person performing the divination too! Little Friend Ye Yuan, your destiny is too exuberant. It's very likely the legendary imperial aura. Everything regarding you is a mystery! Your destiny shielded heaven's secrets,

there's no way of prying into it at all. Otherwise, this old man also wouldn't have received a backlash from Heavenly Dao with one glance. This divination is naturally the same principle too."

Ye Yuan's heart plunged fiercely to rock-bottom.

If it was like this, in the sea of faces, where should he go to find people?

An emotion called despair rose in Ye Yuan's heart.

"Senior, this ... could it be that there's no other way?" Ye Yuan said unwillingly.

Jian Zhentao said, "Your situation, there's probably only inviting the pavilion lord to personally take action! It's just that ..."

Ye Yuan was overjoyed when he heard that and said, "Senior, can the pavilion lord divine it?"

Jian Zhentao nodded and said, "Pavilion Lord's cultivation method understands the mystery of good fortune. His attainments in augury are exceedingly accomplished. If he's willing to take action, there is some hope."

Ye Yuan was overjoyed and said, "As long as I can invite the pavilion lord to take action, Ye Yuan is willing to pay any price."

Jian Zhentao slowly nodded and said, "Forget it, I'll go and give it a try."

Ye Yuan cupped his fists and said, "Many thanks, Senior! I'll help you treat your injuries first!"

Toward Jian Zhentao, Ye Yuan was still very grateful in his heart.

Just now, Jian Zhentao had clearly long expected the result, but he was afraid that he would feel that he was brushing him off, and still help him to divine.

In the end, even the divine lord mystic treasure was broken, and he even sustained injuries.

This friendship, Ye Yuan had no choice but to accept it.

Treating Jian Zhentao, he brought Ye Yuan to the Profound Secrets Pavilion.

When people saw Jian Zhentao, each and every one of them was extremely shocked.

"This ... Isn't this Elder Jian Zhentao? His eyes are actually healed!"

"Truly inconceivable! Suffering Heavenly Dao's backlash and already became a cripple. Who is so formidable, to actually be able to cure his eyes?"

"Heh heh, there's something worth watching now! Elder Jian Zhentao returning domineeringly, the Profound Secrets Pavilion is going to get lively again."

...

Because Jian Zhentao's two eyes were already crippled and he was certain to become a cripple, that was why he would leave and live in seclusion.

Being unable to use the aura viewing art was equivalent to a cripple in the Profound Secrets Pavilion.

“Jian Zhentao, what did you come to the Profound Secrets Pavilion for? Mn? Your eyes ... can see?”

At this time, an old man suddenly appeared in front, blocking the three people’s path.

But when he saw that Jian Zhentao’s eyes actually regained sight, he turned pale with fright.

Jian Zhentao looked at the arrival and said with a cold smile, “Yeah, Jian Shaoning. You’re very disappointed, right?”

Clearly, the two were on very bad terms.

Back then, when Jian Zhentao went blind, it was Jian Shaoning who did his best to suppress and squeeze him out of the elder’s association.

Now, Jian Zhentao actually returned domineeringly, how could he not be alarmed?

Jian Shaoning’s expression changed, and he said with a cold snort, “Did you forget the Profound Secrets Pavilion’s rules? What’s the deal with bringing two strangers here?”

“Elder Senior Brother!” Right at this time, another voice sounded out.

Ye Yuan turned his head to look, who was it if not Jian Ping?

Truly, enemies met on a narrow path!

Unrivaled Medicine God

Chapter 1710: Domineering

When Jian Ping saw Ye Yuan, he said with a cold smile, “It’s you! Heh heh, enemies really meet on a narrow path!”

Jian Shaoning’s brows furrowed and he said, “Junior Brother, you know each other?”

Jian Ping smiled and said, “More than knowing each other! Heh heh, my eyes were almost blinded by this kid! Eldest Senior Brother, no matter what this punk is here for, don’t agree with what he wants!”

Jian Shaoning chuckled and said, “That’s for sure, still need Junior Brother to say?”

Ye Yuan’s face turned cold, his eyes when looking at Jian Ping was full of coldness.

This guy was seeking death to the end!

If the last trace of hope of him getting Li-er’s news was cut off, even if offending the entire Extreme Light Imperial City, he would also have to kill this guy.

Being looked at by Ye Yuan like this, not only did Jian Ping not have the least bit of awareness, he instead had a provocative look as he said, “Brat, are you very angry right now? Heh heh, it’s useless, this is the outcome of offending this young master!”

Jian Zhentao’s face fell and he said, “Move aside, I’m going to request an audience with Pavilion Lord!”

Jian Shaoning sneered when he heard that and said, “Jian Zhentao, don’t you forget your identity! You’re no longer the Profound Secrets Pavilion’s elder currently, what right do you have to go and meet Pavilion Lord?”

Jian Zhentao's face fell and he said, "This old man isn't an elder, but also didn't withdraw out of the Profound Secrets Pavilion! Jian Shaoning, if you dare to block my path, then you and I will have a battle today!"

Jian Shaoning laughed loudly and said, "Fight then, am I scared of you?"

Jian Ping smiled coldly and said, "Jian Zhentao, you're my eldest senior brother's defeated foe. Raising flowers and grasses for 200 years, why? Fortified your ambition?"

Jian Zhentao ignored Jian Ping and looked at Jian Shaoning as he said, "Are you giving way or not?"

"Not giving way, can you do anything to me?" Jian Shaoning said with a disdainful look.

Jian Zhentao gave a cold snort and suddenly smacked a palm out.

Jian Shaoning laughed coldly and directly met it. The two people instantly clashed together.

"Heh, this is also too fast! Elder Jian Zhentao has just come back and already went to war with Elder Jian Shaoning."

"But Elder Zhentao isn't Elder Shaoning's match at all, this is inviting humiliation!"

"He's doing it for that kid, right? Wonder who he is, to actually stand up for him like this."

...

The battle between two great elders immediately attracted a lot of people to surround and watch.

But everyone was not very optimistic about Jian Zhentao. After all, the two people had exchanged blows in the past, Jian Zhentao had fewer wins and more losses.

But very soon, everyone discovered something amiss.

Jian Zhentao's aura was currently rising steadily!

The moment they started, Jian Shaoning discovered that something was wrong.

This Jian Zhentao seemed to be different from in the past!

Bang!

Suddenly, Jian Zhentao smacked a palm out, directly blasting Jian Shaoning flying out.

Jian Shaoning's essence sea churned, looking at Jian Zhentao with a look of disdain as he said, "You ... You actually touched that threshold!"

Jian Zhentao said coolly, "I still need to thank you! If not for you kicking me out of the Profound Secrets Pavilion, I'd probably also just be ninth-layered heaven Divine Lord in this lifetime, right? To really talk about it, Little Friend Ye Yuan, the source of this matter is still on you! Thinking about it now, Little Friend Ye Yuan has deep fortunes, I benefited from your light!"

Ye Yuan smiled and said, "It's Senior whose fate should be so. How is there Ye Yuan's credit?"

Jian Zhentao shook his head and said, "Members of my Jian Family believe in this kind of destiny the most. My strength is feeble and can't see through, but I can also guess some of it. Alright, let's go."

Jian Shaoning's expression was incomparably ugly as he said in angrily, "Jian Zhentao! Don't you dare!"

Jian Zhentao brought Ye Yuan and walked past from the side, disinclined to even give him a glance.

Without warning, a horrifying aura descended from the sky!

"Puhwark!"

Ye Yuan three people were akin to being struck by lightning, directly spewing out a mouthful of fresh blood.

"Celestial Deity powerhouse!" Ye Yuan's face changed and he gritted his teeth and said.

Clearly, this Celestial Deity powerhouse was not friendly.

Ahead, a figure slowly walked out, gaze like lightning.

The moment Jian Shaoning and Jian Ping saw, they could not help saying with joy, "Master!"

Jian Zhentao's expression similarly changed and he exclaimed, "Grand Elder Tianhua!"

Jian Tianhua looked at Jian Zhentao coldly and said in a solemn voice, "Zhentao, you're becoming more and more unruly! Is there still me, this grand elder, in your eyes?"

Jian Zhentao's expression changed and he gritted his teeth and said, "Zhentao ... Zhentao doesn't dare!"

In front of a Celestial Deity powerhouse, Jian Zhentao had no confidence at all.

Jian Tianhua gave a cold snort and said, "You don't dare? If I didn't come, were you going to tear down this Profound Secrets Pavilion? Mn?"

A calm talk, but with the words fused with the pressure of a Celestial Deity powerhouse. Jian Zhentao spewed out another mouthful of old blood.

"Even if your two eyes regained sight, you still haven't regained the position of elder currently. You actually dared to attack a Profound Secrets Pavilion's elder? Who gave you such gall? Mn?" Jian Tianhua said in a cold voice.

By the side, the others were silent like cicadas in winter.

While Jian Shaoning and Jian Ping had excited looks. With Jian Tianhua standing up for them, their waist immediately toughened up.

"Master, Jian Zhentao insisted on bringing this unknown brat to see the pavilion lord just now. I stopped him and he attacked me; simply unbridled in his truculence!" Jian Shaoning reproached angrily.

Jian Tianhua gave Ye Yuan a glance and said with a cold snort, "Pavilion Lord comprehends heaven's secrets every day, so how could he have time to meet an irrelevant kid? Zhentao, you're becoming more and more absurd! Come, men! Detain Jian Zhentao into jail and imprison for 30 years, so as to punish him!"

Ye Yuan's expression changed, he did not expect for matters to reach such a state.

In front of a Celestial Deity powerhouse, he did not have the slightest capital to resist at all.

This Jian Tianhua was clearly intentionally suppressing Jian Zhentao in order to stand up for his disciples.

But he was a Celestial Deity powerhouse, and none of them had the capital to rebut at all!

"Senior, this doesn't concern Senior Zhentao. It was this Ye who made him bring me to go request an audience with the pavilion lord with treating his eyes as the condition! If Senior wants to punish, just let it fall on this Ye!" Ye Yuan blocked in front of Jian Zhentao and said neither obsequiously nor haughtily.

If not for the sake of meeting the pavilion lord, Ye Yuan would have long fallen out now.

But in order to get Li-er's news, he had to endure!

If he even offended a Celestial Deity powerhouse, he would likely really have no chance anymore.

Jian Tianhua looked at Ye Yuan and said with a cold smile, "This is my Profound Secrets Pavilion's internal affair! Who the hell are you, to dare intervene in this seat's affairs? Also, you arbitrarily barged into the Profound Secrets Pavilion, could it be that you still want to escape this seat's punishment? None of you three can escape!"

Finished talking, Jian Tianhua's body gave off a peerlessly powerful world power and crushed over toward Ye Yuan.

Ye Yuan's complexion turned deathly pale all at once!

This was the world power belonging to a third-layered heaven Celestial Deity, how powerful was it?

Ye Yuan secretly revolved chaos divine essence, forcefully resisting this pressure that could topple mountains and overturn the seas.

Jian Tianhua was slightly surprised in his heart, not expecting that a measly little second-layered heaven Divine Lord could actually withstand his pressure.

He sneered inwardly and was just about to make a move to take Ye Yuan down when a nonchalant voice suddenly echoed in the Profound Secrets Pavilion.

"Tianhua, let him come up!"

Jian Tianhua's expression changed, his eyes full of doubt, as he said unwillingly, "Yes, Pavilion Lord!"
