

## Medicine God 1951

### Unrivaled Medicine God

#### Chapter 1951: All Called Back

*“Puhwark!”*

The moment Ye Yuan’s voice faded, he immediately spewed out a large mouthful of blood mist.

The qi and blood flow of the human body naturally had their rules.

Stabbing the acupoints with a golden needle, causing the vital energy and blood to flow in reverse, was equivalent to forcefully reversing the directional flow of the qi and blood within the body. The burden it caused on the body was virtually unimaginable.

During the period where one’s qi and blood flowed in reverse, it could give the person who used the needle a short-term boost in strength. Then afterward, what awaited would be death from deficiency of vital energy and blood!

Ye Yuan using this kind of means was equivalent to using a method that killed 3000 of the enemy at the cost of losing 3000 of his own, the consequences too disastrous to imagine.

Xu Mao looked at Ye Yuan, his expression extremely ugly as he said, “You ... You lunatic, you don’t want your life anymore?”

Y smiled coldly and said, “Relax, it won’t take my life! A perfect sixth transformation golden body is even stronger than you imagine! Now, you guys can start running away. But ... you have to be faster than me!”

*Bang!*

Ye Yuan did not hesitate in the slightest and arrived in front of that injured assassin with a teleport.

One exchange struck him flying.

Following that, Ye Yuan pointed his finger and directly crippled his divine sea.

Completely ignoring the other party’s misery, Ye Yuan directly carried him in his hand like holding a chicken, and chased after another person.

The current Ye Yuan was overflowing with vital energy, much stronger than before.

At that time, in the city, these people were already not Ye Yuan’s match; let alone now.

Fresh blood stained his clothes red, with a blood-stained style.

Xu Mao’s expression became extremely ugly. How could he still dare to remain? With his figure moving, he disappeared from where he was.

The other two people were the same as him, it was just that they fled separately.

They only hoped that Ye Yuan would not chase after them.

Ye Yuan just gave a cold laugh, striding out, and caught up to one of the assassins in virtually an instant.

*Bang! Bang! Bang!*

Three punches in a row, each punch heavier than the last.

That assassin only blocked for a moment, then his chest had a large hole slammed into it.

Then, he similarly had his divine sea wasted by Ye Yuan and carried in his hand.

These few people's actions had long already made Ye Yuan go completely berserk. The current Ye Yuan was attacking in rage, how would he still show any leniency?

The movements of True God powerhouses were exceedingly fast in the end, shuttling through the void, ten thousand miles in an instant.

In this short while, the other two people already disappeared without a trace.

But Ye Yuan had long left divine sense imprints on them. As long as they did not escape out of a certain radius, Ye Yuan could track them down.

When Ye Yuan was at the Sixth Firmament Celestial Deity Realm, the Fourth Firmament True God Yu Wenfeng and the rest already could not match up to him in terms of speed.

Now, Ye Yuan already reached the peak Ninth Firmament Celestial Deity Realm; the speed of his spatial shift was even several times faster. Catching up to two Second Firmament True Gods was naturally nothing difficult.

The reason why he chose to make a move here was that the topography of this place was a spacious open space. Ye Yuan could display spatial shift without restraint.

Ye Yuan took out a rope and strung the two assassins up like dead dogs, dragging them behind him.

Following which, he took a step out and disappeared on the spot once more.

After several dozen breaths, Ye Yuan caught up to another person again and crippled him, tying him up with the other two people onto the same rope.

Now, there was only Xu Mao alone left.

The current Xu Mao was akin to a dog who lost its home, desperately running.

He urged his divine essence to the limits, praying crazily in his heart for Ye Yuan to not come to find him first.

Time slowly trickled by. Sure enough, as he had hoped for, Ye Yuan did not chase after.

Xu Mao let out a slight sigh of relief in his heart. But he still did not dare to ease up in the slightest.

"I can definitely escape! Can definitely escape! He used a reverse-flow art and can't sustain it for too long. As long as I can hold on until his vital energy is exhausted, I'll be able to escape!"

Xu Mao was yelling frantically in his heart.

How could the current Xu Mao still dare to think about dealing a counterattack after Ye Yuan's vital energy was exhausted? He only wanted to escape.

At this very moment, he only hoped that the other two people could slightly delay for a bit more time.  
It was just that the results turned out contrary to his expectations.

*Roar!*

Suddenly, in the void ahead, a dragon roar came from head-on.

Xu Mao's face changed drastically, hurriedly responding.

But this Universe Dragon Claw move came too suddenly. Furthermore, the power was immense.

*Bang!*

Intense energy undulations came from the air. Xu Mao's figure flew out backward, fresh blood spurting wildly.

Ye Yuan's figure slowly walked out of the void.

He looked toward Xu Mao with a cold face and said calmly, "You ... deserve death!"

Xu Mao had a look of despair on his face. Directly kneeling down in front of Ye Yuan, he wept, "I ... I was wrong! I beg you, let me off!"

"Let you off? Then who will let the Heavenly Eagle Imperial City martial artists who died unjustly off? You rest assured, I won't kill you right now. I'll use your dog head to hold a memorial ceremony for the deceased souls that died in Heavenly Eagle!"

As he said, Ye Yuan extended a claw out once more.

*Bang!*

Xu Mao was directly slammed underground. Ye Yuan directly crippled his divine sea with a flash.

Following that, a cold light flashed.

*Swoosh, swoosh, swoosh, swoosh!*

It was only to hear a series of miserable screams like a pig getting slaughtered transmit over. Xu Mao four people's hand and leg tendons were already severed.

They had their divine seas wasted and their hand and leg tendons severed. Now, they were equivalent to cripples, unable to even stand up.

Finished with these, Ye Yuan spat out a long turbid breath and fell to the ground with a thud, unable to move anymore.

No idea how long had passed either, a figure walked out of the void.

Bai Tong looked at the unconscious Ye Yuan and took a look at Xu Mao who was still wailing on the ground. Heaving a sigh, he said, "What a chivalrous kid! I can't be compared to you!"

Finished saying, Bai Tong carried Ye Yuan on his back, carrying Xu Mao four people with one hand, and disappearing into the void again.

...

At Nine Pledge Imperial Capital, inside the hidden chamber of the small inn, Shadowwind's brows knitted tightly together.

He looked at the communication talisman in his hand and muttered to himself, "What a terrific Ye Yuan! Making a trip to Lustrous Gold Great Imperial Capital, he actually brought back quite a number of True God Realm powerhouses! I really didn't expect that a puny little Heavenly Eagle Imperial City actually has people of such extraordinary talents lying in hiding! Looks like I have to personally make this trip!"

This half a year, Lu Xin had always been keeping in contact with Shadowwind.

Just earlier, he received Lu Xin's transmission, saying that Ye Yuan brought back quite a few True God Realm martial artists from Lustrous Gold Great Imperial Capital.

Now, the entire City Lord Manor was surrounded by True God Realm powerhouses. Just based on the few of them, it was very hard to charge in and capture Ye Yuan.

Because of this, Shadowwind also felt that it was very troublesome.

"A Sixth Firmament True God, three Fifth Firmament True Gods, looks like ... our Nine Pledge Branch need to attack in full force this time!"

Done talking, Shadowwind kneaded seals with both hands. Streams of black threads traveled into the void.

Half a month later, one black shadow after another dashed into this underground hidden chamber.

These were all the Nine Pledge Branch's elite assassins. Normally, they lurked in some imperial capitals and great imperial capitals. It was rare to call all of them back.

But this time, for the sake of capturing Ye Yuan, Shadowwind actually summoned all of them back.

Among these people, the weakest one was a Fourth Firmament True God powerhouse.

The powerful ones even reached the Seventh Firmament True God Realm!

And the Nine Pledge Branch's branch head, Shadowwind, was an Eighth Firmament True God super powerhouse to begin with.

This line-up was more than sufficient to eliminate an imperial capital too.

### [Unrivalled Medicine God](#)

#### **Chapter 1952: Round up in One Fell Swoop!**

"Your Excellency, what did you call us back for?"

"Yeah, there are so many gathered in the Nine Pledge Branch, this is an unprecedented thing!"

...

Everyone clamored to get a word in, clearly very perplexed by Shadowwind's actions.

Although the Nine Pledge Branch looked like an inconspicuous place, this branch's strength was sufficient to sweep across a high-order imperial capital.

Normally, these people were scattered all over the place.

Gathering all of them in one go, everyone was clearly all very curious.

Shadowwind waved his hand and signaled everyone to be quiet before slowly saying, "Summoning you all here, there's naturally an important thing to do ..."

Shadowwind gave an introduction to Heavenly Eagle's situation. Everyone turned pale with fright when they heard it.

"A tiny little imperial city actually has such powerful strength?"

"Is it real or fake? That's merely a puny little Celestial Deity Realm brat. The Myriad Treasure Tower would send so many peoples to come and protect him?"

"What the hell do you know! Ye Yuan is currently the Myriad Treasure Tower's money tree. Sending more people to protect him is also very normal."

...

This tiny little underground secret room was currently plotting how to deal with Heavenly Eagle Imperial City. Inside the Nine Pledge Imperial Capital's City Lord Manor, Yu Wenfeng was currently responding to this somber middle-aged man in front of him cautiously.

The middle-aged man was called Duan Yi, the tower master of Five Firmament Great Imperial Capital's Myriad Treasure Tower, a Ninth Firmament True God super powerhouse.

"This ... Lord Duan Yi, just what underhanded activities are there inside that small inn?" Yu Wenfeng asked. He could not hold back his curiosity.

Duan Yi sat up straight, lightly drinking fragrant tea, a look of reminiscing the aftertaste on his face.

"City Lord Yu being able to endure until now before asking, somewhat exceeded my expectations. Not that this Duan isn't telling you, but that I'm afraid of scaring you. Do you really want to know?" Duan Yi said with a light smile.

Yu Wenfeng's pupils constricted. He had long expected that that tiny little inn in the city was not ordinary. To be able to make a mighty Ninth Firmament True God powerhouse personally garrison the City Lord Manor, how could this matter be simple?

Moreover, there were even no less than 20 late-stage True God Realm powerhouses staying in the City Lord Manor currently.

This kind of horrifying line-up made Yu Wenfeng unable to have a good sleep these few days.

He was incomparably shocked in his heart. Because while these were many True God Realm powerhouses, they did not belong to the same faction.

Such as, this Duan Yi was the tower master of Five Firmament Great Imperial Capital's Myriad Treasure Tower that had jurisdiction over Nine Pledge Imperial Capital, while the other few people, some came from great imperial capitals, some came from some high-order imperial capitals.

There were even a few who were powerhouses that came from other Heavenly Emperor Bodhimandas.

It was just that, who could make these people gather here?

An Emptyrean?

Emptyrean powerhouses could not possibly mobilize the True God powerhouses of so many places either!

Just whose face was it that was so big?

Yu Wenfeng was full of curiosity. It stifled him badly these few days.

These people quietly sneaked into the City Lord Manor and did not alarm anyone.

Right now, inside the City Lord Manor, only he alone knew these people's background.

Looking at Duan Yi, Yu Wenfeng nodded his head firmly and said, "Lord Duan, please clarify!"

Duan Yi drank another mouthful of tea and said with a smile, "Actually, that small inn is a branch of the Deathsoul Gate! If my conjectures are right, there are probably no fewer than ten middle-stage and above True God Realm powerhouses in that inn right now!"

*Smash!*

Yu Wenfeng shuddered, the teacup in his hand immediately fell to the ground.

His complexion instantly became deathly pale, two feet quaking non-stop.

The Deathsoul Gate, that was a name that everyone trembled with fear upon hearing.

And this terrifying force actually had such a powerful branch under his rule!

How many years had they existed?

Also, how many people and how many factions had they eliminated under his hands?

Yu Wenfeng's mind was in chaos, full of lingering fear.

"B-But Lord Duan, your Myriad Treasure Tower also won't be willing to oppose the Deathsoul Gate, right?" Yu Wenfeng said rather uncertainly.

Duan Yi smiled and said, "Our Myriad Treasure Tower does business. As long as there's sufficient profit, it's naturally worth us taking action. Moreover, this faction that has a notorious reputation, so everyone has a duty to punish them!"

Yu Wenfeng was shocked in his heart, becoming even more curious about this person controlling it at the back.

Right at this time, a figure quietly appeared in the great hall.

The arrival bowed in salute toward Duan Yi and said, "Lord Duan, the Deathsoul Gate has set off!"

Yu Wenfeng's entire body trembled, suddenly realizing that a large-scale True God Realm great battle was about to begin right away.

Duan Yi took his time to drink a mouthful of tea, slowly got up, and said, "Call them all up, this Deathsoul Gate's Nine Pledge Branch has brought disaster for many years and should also be exterminated."

...

The Deathsoul Gate's people, the group of people went out of the city and tore off the disguises on their bodies.

Shadowwind instructed, "Be more low-profile along the way. Don't startle the grass and alert the enemy. When we reach Heavenly Eagle Imperial City, we'll lay low and enter first. Let's wait for the right moment to take action, understood?"

"Yes, Lord Shadowwind!"

Everyone received the orders, all tearing across the air.

It was just that they did not know that their every action and movement was being surveyed.

And ahead, what awaited them was a heaven-shocking ambush.

The party was currently in the midst of swift travel when suddenly, several dozen horrifying energy undulations passed through the void and smashed onto them.

*Rumble!*

Above the sky, a massive loud bang echoed.

The weak ones were actually directly blown to death by the berserk energy.

This sudden turn of events was too abrupt, everyone practically did not react in time.

High above the sky, miserable screams linked up together.

Shadowwind's expression instantly became extremely ugly. They fell into an ambush!

How was this possible?

It had always been their Deathsoul Gate who ambushed people. When had they been ambushed by others before?

"Who is it, come out for this lord! Injuring people by underhanded means, what kind of hero are you considered?" Shadowwind roared angrily.

*Swoosh! Swoosh! Swoosh!*

With this roar of his, more than two figures surrounded from all directions, encircling this party tightly in the center.

When Shadowwind and the rest saw such a line-up, their faces immediately became ashen pale.

More than 20 late-stage True God Realm powerhouses, this kind of strength was simply outrageous to hear.

A middle-aged person among them was even a horrifying Ninth Firmament True God existence!

“Dealing with a bunch of people who perpetuates every conceivable crime and are unpardonably evil, injuring via underhanded means is also considered heroic, right?”

Shadowwind’s expression flickered incessantly and said to Duan Yi with clasped hands, “This brother, I don’t understand what you’re talking about! We’re just a bunch of people who are hurrying along the way. I wonder what’s the reason for you all to lie in ambush here?”

Duan Yi looked at Shadowwind and said with a slight smile, “Shadowwind, as Deathsoul Gate’s Nine Pledge Branch’s head, I don’t believe that you don’t recognize this tower lord!”

Shadowwind’s heart sunk, secretly wondering to himself how were they exposed?

He naturally knew the dignified Five Firmament Great Imperial Capital’s Myriad Treasure Tower’s tower lord, a powerful Ninth Firmament True God Realm existence. As Deathsoul Gate’s branch head, how could he possibly not know?

Seeing Shadowwind not speak, Duan Yi said coolly, “Are you very curious why your identities would be exposed? Hu hu, let you meet someone; you’ll naturally understand.”

As he said, a figure slowly walked out of the void.

Shadowwind looked toward the arrival. His pupils constricted involuntarily as he cried out in shock, “Ye Yuan!”

### Unrivaled Medicine God

#### **Chapter 1953: Group Annihilated!**

This shock was by no means insignificant!

Could it be that these 20 over True God Realm powerhouses were all summoned over by Ye Yuan?

How could this sort of thing be possible?

Even if Ye Yuan could refine the Soul Driving Dao Fusion Pill, it was still not possible to have such great rallying power, right?

Forget that Ye Yuan was just a puny little Celestial Deity Realm, even an Empyrean powerhouse also could not possibly rally True God Realm powerhouses belonging to so many different factions at the same time.

“Lord Shadowwind, although it’s our first time meeting, thinking about it, you shouldn’t be very unfamiliar with me, right?” Ye Yuan looked at Shadowwind and said coolly.

Shadowwind’s expression changed several times and said in a solemn voice, “You ... How did you do it?”

He was indeed incomparably stunned in his heart currently. There were far too many doubts.

Firstly, their Deathsoul Gate’s assassins all carried highly toxic medicinal pills.

Once the mission failed, they would commit suicide!

But the black lotuses in his secret chamber did not dissipate. It showed that those five people did not die.

Actually, even if these people did not die, how could they possibly send him this intel to mislead him?

It was completely impossible for their Deathsoul Gate's people to be controlled by people.

It was just that he did not know that Ye Yuan had a divine soul type empyrean spirit treasure in his hand.

Ye Yuan said with a smile that was not a smile, "Your Deathsoul Gate's poison pills are merely thus. Encountering me, even if they want to die, they also can't die! As for why these seniors are willing to come to help me, it's because I still have another identity! I am the Alchemy Celestial Pavilion's head elder!"

Shadowwind's pupils constricted, his eyes revealing a look of disbelief.

The Alchemy Celestial Pavilion's illustrious fame, he naturally knew about it.

The Alchemy Celestial Pavilion's head elder, what kind of concept was that?

That was to say that those Alchemy Celestial Pavilion elders who were ridiculously old all had to bow their heads in submission to Ye Yuan!

The Alchemy Celestial Pavilion elders, each person's identity was far more exalted than even Duan Yi, this kind of Myriad Treasure Tower's tower master.

Hence, how exalted was Ye Yuan's identity?

It was just that Ye Yuan still had not broken through to True God Realm currently. So how in the world did he do it?

His Alchemy Dao talent was actually so horrifying?

Although the Deathsoul Gate was well-informed, Ye Yuan and Emphyrean Flutterfeather battling in alchemy, this sort of inside-news, they naturally did not know about it.

Shadowwind discovered that the Deathsoul Gate's action this time was simply screwing him over.

Or should he say, the Deathsoul Gate underestimated this Ye Yuan too much!

The Deathsoul Gate took fancy on Ye Yuan being able to refine the Soul Driving Dao Fusion Pill. That was why they wanted to abduct him away.

But how could Ye Yuan's value be just a mere Soul Driving Dao Fusion Pill?

Shadowwind raised his head to the sky and let out a long sigh as he said, "A mistake! A grave mistake!"

Suddenly, his gaze turned intent, staring at Ye Yuan as he said: "Ye Yuan, you dare to destroy my Deathsoul Gate's Nine Pledge Branch? Haven't you considered the consequences?"

Ye Yuan looked at him and said coolly, "Of course I've considered it, but ... even if I let you leave, will your Deathsoul Gate let me go? Furthermore, as long as the Nine Pledge Branch evaporates into thin air, I don't believe that your Deathsoul Gate really dares to send people to come and touch me again!"

Shadowwind laughed loudly when he heard that and said, "Evaporate into thin air? *Heh heh*, do you really think that just based on these people, you can keep all of us behind?"

Ye Yuan looked at Shadowwind and smiled.

He took out a tiny tile. All of a sudden, the surrounding space all solidified!

Deathsoul Gate's people revealed a greatly astonished look as they cried out in surprise, "Traceless Spatial Lock!"

"*Huhu*, looks like this thing is still pretty useful. With this, you all have nowhere to run anymore, right?"

Ye Yuan looked at Shadowwind and said with a smile that was not a smile.

Shadowwind's face was ashen. He finally knew what was called getting caught in one's own trap.

The true god mystic treasure that he used to deal with Ye Yuan was actually being used to deal with him now.

As an Eighth Firmament True God mighty powerhouse, even if he could not beat Duan Yi, escaping under the chaotic battle was still not an issue.

But now, space was directly locked down. How could he still run?

"Tower Master Duan, seniors, the remaining things will be left to you guys!" Ye Yuan said nonchalantly and withdrew out of the battle circle.

Duan Yi nodded his head and said, "Rest assured, not one can escape. Leave this Shadowwind to me. The rest will have to trouble everybody."

Everyone answered, "Tower Master Duan, rest assured!"

Finished talking, Duan Yi's world domain released, immediately giving the other party a tremendous sense of pressure.

Shadowwind was akin to facing a great enemy. He was only an Eighth Firmament True God. It was still a little too forceful to match up against the Ninth Firmament True God Duan Yi.

Two great pinnacle experts fighting together, the others also each displayed their means, encircling the suppressing the Deathsoul Gate's people.

Deathsoul Gate's people were already ambushed earlier, their casualties heavy. Now, facing so many True God Realm powerhouses, how could they still hold out?

Although the Deathsoul Gate also had quite a number of powerhouses, the powerhouses on Ye Yuan's side were even more than theirs!

Ye Yuan had long learned of the Deathsoul Gate branch's strength from Lu Xin there. The powerhouses that he found were naturally not mediocre.

The current battle situation was basically two-on-one, or even a situation of three-versus-one.

Very soon, those Deathsoul Gate's powerhouses perished one after another.

Shadowwind's strength was indeed formidable. By relying on unpredictable and ever-changing means, he could actually persist bitterly under Duan Yi's hands.

But it was also merely persisting bitterly.

The Ninth Firmament True God powerhouses already stood at the peak of True God Realm and were far from what Eighth Firmament True Gods could compare to.

Shadowwind being defeated was also just a matter of time.

Ye Yuan looked at this scene, a hint of delight flashing across in his heart.

He learned from Lu Xin there that this Deathsoul Gate's Nine Pledge Branch could be said to have committed countless crimes and misdeeds.

This branch had already existed for several tens of thousands of years.

In this period, the powerhouses that died under their hands could be counted in hundreds of thousands!

There were even a few times where they destroyed all Celestial Deity Realm and above powerhouses in an imperial capital overnight.

The innocent civilians who died under their hands were even too many to enumerate.

This kind of underground force was simply utterly devoid of conscience.

In the past, Ye Yuan still did not understand the Deathsoul Gate very well. But now, they provoked him, so they would have to suffer his wrath.

Hence, he set up a huge scheme, finding more than 20 True God Realm powerhouses, catching this branch in one fell swoop!

Very soon, the dust settled.

Someone as powerful as Shadowwind also turned to ashes in the end under the suppression of Duan Yi's powerful means.

Deathsoul Gate's Nine Pledge Branch was utterly destroyed henceforth.

As for some Celestial Deity level assassins, Ye Yuan already made the arrangements. Not one could escape.

Duan Yi's figure moved, arriving before Ye Yuan. He then said with a smile, "Elder Ye, we were fortunate to not have failed the mission! This Shadowwind is also indeed hard to handle. If an Eighth Firmament True God came, they might really not be a match!"

Ye Yuan cupped his fists and said, "Thanks for the trouble, Tower Master! Also, to all the seniors, today's favor, this Ye has noted it down. In the future, when this Ye breaks through to True God Realm, there will definitely be generous repayment!"

The moment everyone heard, their eyes lit up.

No matter how formidable Ye Yuan was, he was also merely a Five-star Alchemy God. He was not much of a help to them.

But once Ye Yuan broke through to the True God Realm, that was completely different!

A divine-grade rank six divine pill that Ye Yuan casually refined would be immensely helpful to them.

### Unrivaled Medicine God

#### **Chapter 1954: Wariness**

The people present all had deep connections with Ye Yuan.

All these years in Heavenly Eagle Imperial City, Ye Yuan's name had long spread far and wide.

Many major forces far and near all came to find Ye Yuan to refine medicinal pills in the past.

It was also because of this that Ye Yuan became acquainted with quite a few True God Realm powerhouses.

After all, the Celestial Deity Realm powerhouses who could request Ye Yuan personally to refine pills were already not many.

And this time, Ye Yuan found some reliable True God Realm powerhouses and borrowed the power of the Myriad Treasure Tower, utterly removing the ticking time bomb that was buried around him in one stroke.

This was what was powerful about alchemists!

The alchemist themselves might not be strong, but they would have many powerful friends.

Once someone provoked them, the consequences were too ghastly to imagine.

Moreover, Ye Yuan was currently Alchemy Celestial Pavilion's head elder.

This identity did not just represent the Myriad Treasure Tower but the embodiment of his strength.

Being about to overpower a group of old monsters and become the Alchemy Celestial Pavilion's head elder, no one would doubt Ye Yuan's strength.

Duan Yi smiled and said, "Elder Ye is too courteous! I investigated it just now, this Shadowwind has quite a lot of good stuff on him. Eliminating him, we also benefited a lot!"

Nine Pledge Branch plundered quite a lot of natural treasures these few years.

The vast majority of them were all on these True God Realm powerhouses.

Completely annihilating them this time, these True God Realms could naturally obtain considerable benefits.

Ye Yuan had long promised them that these things; he would not take a single cent, all of them being given to these True God powerhouses.

*"Huhu, this is what everyone deserves! This Ye knows that by attacking the Deathsoul Gate, everyone also bore significant pressure. So this time, this Ye also strove to do things cleanly. After today, hope that everybody stays tight-lipped. Just take it as nothing happened. As for the aftermath of this incident, this Ye will bear the responsibility alone!"* Ye Yuan cupped his fists and said to everyone.

Everyone had slightly somber expressions, all secretly sighing that Ye Yuan was loyal enough.

Concerning the Deathsoul Gate's might, they were too clear.

The reason why they dared to take action against the Deathsoul Gate was primarily still because Ye Yuan's plan was flawless. The Deathsoul Gate would not know that they crushed one of their branches.

If it was really known that they did it, no matter how many lives they had, it also would not be enough for the Deathsoul Gate to take vengeance on.

Directly exterminating such a powerful branch of the Deathsoul Gate, the implications of this matter was huge.

Deathsoul Gate's actions afterward were hard to predict.

Other people, they might not be able to investigate. But the first to bear the brunt would naturally be Ye Yuan.

If the Deathsoul Gate really struck a vicious blow against Ye Yuan, he would definitely find it hard to ward it off.

It was just that Ye Yuan took an unusual approach and caught the Nine Pledge Branch in one fell swoop. This would give the Deathsoul Gate a tremendous shock and make them not dare to rash act against him.

A branch being eradicated, this was something that had never happened before to the Deathsoul Gate.

Duan Yi cupped his fists toward Ye Yuan and said, "Elder Ye's high morality reaching the clouds, we've long heard of it. This Deathsoul Gate's matter, we won't be hypocritical either. We're indeed scared of their vengeance. It's just that this way, Elder Ye and the Deathsoul Gate's discord will be considered sowed. Better to be a little more careful in the future."

Ye Yuan nodded and said, "Relax, this Ye has a score in my heart."

Duan Yi nodded his head and said, "Now that it's settled, we'll each leave. In the future, if Elder Ye has any errands, feel free to instruct us."

Done talking, everyone dispersed on their own.

Returning to Heavenly Eagle, Ye Yuan ordered Zuo Shujie to execute the five Deathsoul Gate assassins in public, to hold a memorial ceremony for the civilians who died in vain.

Toward this, the civilians naturally clapped their hands in joy.

In the city, there were cheers everywhere. People's support for Ye Yuan even reached its peak.

The news of the Nine Pledge Branch being destroyed reached the Deathsoul Gate very quickly.

Inside a certain great imperial capital's City Lord Manor, a man in black knelt down in front of a middle-aged man in luxurious clothing.

This middle-aged man had a deep and imposing aura, it was even more unfathomable than True God Realm powerhouses.

This person was shockingly an Empyrean Realm powerhouse!

No one would have expected that this city lord was actually a member of the Deathsoul Gate!

The black-clothed man was filled with righteous indignation as he said, "Lord Bloodrain, the Nine Pledge Branch's strength ranks near the top among the various major branches. A branch being destroyed is unprecedented humiliation to our Deathsoul Gate! We must eliminate this Ye Yuan!"

The Nine Pledge Branch was the territory that he was in charge of. The Nine Pledge Branch being silently destroyed made him extremely alarmed and furious.

They were alarmed, questioning what kind of power would actually destroy the Nine Pledge Branch without a sound.

Fury was that this matter was a huge provocation to their Deathsoul Gate.

That middle-aged man stood with his hands behind his back, but his expression appeared very calm and he just said coolly, "This matter ends here."

The black-clothed person trembled all over, his face revealing a look of disbelief as he said, "Lord Bloodrain, drop ... dropping it just like this? The Nine Pledge Branch had more than 10 True God Realm powerhouses!"

True God Realm powerhouses were backbone existences to any faction.

The time and resources needed to groom a True God Realm powerhouse were simply unimaginable.

Unless it was some Heavenly Emperor Bodhimanda's peerless geniuses, otherwise, wanting to reach True God this realm, it required at least several tens of thousands, even several hundreds of thousands of years.

More than ten True God Realm powerhouses added together, how great were the Deathsoul Gate's losses?

It was simply immeasurable!

This black-clothed person wished to eat Ye Yuan's flesh raw right now.

But Lord Bloodrain said to drop the matter!

Bloodrain said coolly, "This matter, I've already reported it to the higher-ups. They also said that this matter, it was indeed our intel that was wrong. The faction behind Ye Yuan might be powerful until we can't imagine it. We can't provoke him! Otherwise, the implications are too great!"

The black-clothed person had a look of unwillingness as he said, "Forget about those initial-stage True Gods, but the Nine Pledge Branch had an Eighth Firmament True God, two Seventh Firmament True Gods, and five Sixth Firmament True Gods. Could it be that ... they died in vain?"

"Our Deathsoul Gate is a tall tree that catches the wind to begin with. The major forces eyeing us are not few. If people are gone, they can be groomed again. But once the implications get too big, it will shake the entire Deathsoul Gate's foundation. Can you bear the responsibilities?" Bloodrain said in a solemn voice.

The black-clothed person trembled all over and could not help falling silent.

Bloodrain continued, "Being able to destroy a high-order branch without a sound, you think about it; how powerful the strength it requires?! Before investigating the faction behind Ye Yuan clearly, you're not to touch him. Understood?"

Wiping out a branch's den and eradicating the entire branch, the difficulty level of the two could not be mentioned in the same breath.

In the history of the Deathsoul Gate, there had also been many times when branches were exposed and wiped out.

It was just that the Deathsoul Gate's means were extremely seasoned. Even if the den was annihilated, there were very few powerhouses that were exterminated.

Even if they were exterminated, there was also just one or two, maybe even three or four.

But this time, more than ten True God powerhouses were all wiped out. Not even a single Celestial Deity Realm assassin escaped.

A faction capable of accomplishing this, one could not even find more than a few in the entire Heavenspan World!

Furthermore, this battle did not have any traces or inkling spread out. How Shadowwind they all died, no one knew about it.

This kind of terrifying means, even Bloodrain felt terrified thinking about it.

Continue to find trouble with Ye Yuan?

What difference was there from courting death?

### [Unrivaled Medicine God](#)

#### **Chapter 1955: Six Veins Stellar Pill**

Inside the garden, an elderly man and a young man sat opposite facing each other, chatting away happily.

"Hahaha! Indeed well-deserving of being an emperor surmounting child. Not seeing you for a mere few hundred years, didn't expect that you're already a member of my generation! This cultivation speed is truly terrifying!"

*"Huhu, it's just that there were some fortuitous encounters these few years. Rather, not seeing for a few centuries, senior's elegance remains as before!"*

The old man waved his hand and said with a smile, "Are you making fun of this old man? During the last time, this old man suffered a great loss of vitality. Through these few years of recuperation and rest, coupled with expending countless spirit medicines, I barely managed to recover some life."

The young man smiled and said, "Therefore, aren't I here?"

The old man shook his head and said smilingly, "Some vitality can be recovered in a thousand years. So you don't need to make this trip."

The young man said, "Junior received Senior's great kindness. Coming here this time, it's in order to treat Senior's ailment once and for all."

The old man could not help being shocked when he heard that and said in surprise, "Could it be that ... you've already touched that threshold?"

The young man smiled slightly as he nodded. When the old man saw the situation, he was wildly ecstatic.

These elderly man and youth were precisely Extreme Light Imperial City's Profound Secrets Pavilion's Pavilion Lord, Jian Hongxiao, and Ye Yuan.

After the Deathsoul Gate's storm, Ye Yuan laid down many contingency plans in Heavenly Eagle, but the Deathsoul Gate did not have any stirrings.

These days, Ye Yuan felt that he already reached the bottleneck and was going to break through to rank six very soon, so he thought of coming to find Jian Hongxiao.

The sixth level cultivation method of Ye Yuan's Chaos Heavenspan Canon was going to be deduced completely very soon.

Once it was deduced entirely, Ye Yuan would be able to step into the next major realm.

Hence, after Ye Yuan made the arrangements for Heavenly Eagle's affairs, he hurried over to Extreme Light Imperial City.

Seeing Jian Hongxiao again, Ye Yuan did not have that deep as an ocean feeling like last time anymore.

The present Ye Yuan, his fleshy body already broke through to rank six. His strength could even overpower Second Firmament True Gods.

He could tell with one glance that Jian Hongxiao was at the True God Realm before suffering Heavenly Dao's backlash.

*"Heh, these words are also a little too overbearingly haughty, right? How many Ninth Firmament Celestial Deities spend several tens of thousands of years when stuck before True God Realm? Even if your talent is outstanding, without several decades or several centuries, it's also hard to break through, right?"* Jian Chen said with disdain.

Ever since seeing Ye Yuan, Jian Chen's expression was extremely complicated.

Back then, when Ye Yuan arrived at Extreme Light Imperial City, he was merely an initial-stage Divine Lord Realm powerhouse.

His master wasting his essence to divine for Ye Yuan, he was rather contemptuous in his heart, feeling that Master's decision was not worth it at all.

Jian Hongxiao's longevity suffered a great loss and already did not have much time to live.

The lost essence was easy to make up for, but the lost longevity was hard to make up for again.

It was just that he did not expect that Ye Yuan only used a short few hundred years and already reached Ninth Firmament True God, already caught up to him in terms of cultivation realm.

Jian Chen felt another distinct emotion in his heart.

Hearing this, Ye Yuan just smiled and did not speak. Jian Hongxiao looked at Jian Chen with a meaningful glance and said with a smile, "Chen-er, your visual prowess isn't there yet! Little Friend Ye's splendor is converged within, skin like congealed fat<sup>1</sup>, his looks changing drastically. He already cultivated to the sixth transformation golden body. Hence, that's why Master called him a member of my generation."

When Jian Chen heard that, his pupils constricted!

But Jian Hongxiao's following words made him even more incredibly shocked.

Jian Hongxiao looked toward Ye Yuan, as he said, "Furthermore ... Little Friend Ye's situation is very alike the legendary perfect sixth transformation golden body. Wonder if this old man guessed correctly?"

Ye Yuan also had an astonished look from what Jian Hongxiao said and immediately smiled bitterly and said, "Senior really has good eyesight. You hit it right on the mark!"

Jian Hongxiao had a smug look, stroked his beard, and smiled as he said, "Huhu, this old man has been training this pair of eyes all my life. Although I can't deduce your destiny, some things can't be hidden."

Ye Yuan also clicked his tongue in wonder when he heard that and said with cupped fists, "Senior has arcane sight, Ye Yuan admires."

Jian Chen was long shocked until he could not speak by the side.

A perfect sixth transformation golden body, that was a legendary existence among body cultivating martial artists, its strength being extremely formidable.

He did not expect that it actually appeared on Ye Yuan.

What he never thought was that Ye Yuan actually stepped into rank six so quickly.

Having a perfect sixth transformation golden body, that was a genuine rank six powerhouse!

He had been stuck at Ninth Firmament Celestial Deity for God knows how many years already, but he was unable to touch that bottleneck from start to finish.

In contrast, his disparity with Ye Yuan was too great!

*"Humph!* So what if it's perfect sixth transformation golden body? Putting aside that he hasn't broken through to the True God Realm yet, even if he really broke through, how can he refine the Six Veins Stellar Pill within a short time? And how can Master's torment of backlash be dispelled?" Jian Chen said with a cold snort.

Jian Hongxiao's brows furrowed, and he berated, "Insolence! Chen-er, in the martial arts world, strength reigns supreme. Since Ye Yuan is already a member of my generation, how can it be your turn to be so insolent?"

But Ye Yuan's brows raised up when he heard that and waved his hand and said, "Nothing serious. Brother Jian Chen is older than me in the first place. Furthermore, he's already worried about Senior's body. *Huhu*, moreover ... he'll also be a member of our generation before long."

As he said, Ye Yuan fished out a small medicinal bottle and passed it to Jian Chen, saying with a smile, "Brother Jian Chen, this is the Sun Moon Azure Sky Pill that this Ye refined. Please kindly accept it. This Ye received Senior's great kindness and has nothing to it repay with. This medicinal pill, just take it as a bit of interest."

With the Myriad Treasure Tower as his backer, Ye Yuan naturally did not lack spirit medicines now. Refining another few Sun Moon Azure Sky Pills was naturally not difficult.

It was just that even so, the Sun Moon Azure Sky Pills on Ye Yuan were not many either. After all, this level of spirit medicines, the Myriad Treasure Tower also could not possibly supply endlessly.

As for Jian Hongxiao, Ye Yuan was very grateful in his heart. If not for him making strenuous efforts to deduce White Light's whereabouts, he would probably harbor a grievance all his life.

Ye Yuan could naturally tell that Jian Chen was the disciple that Jian Hongxiao valued the most.

This Jian Chen was clearly stuck at Celestial Deity Realm for many years and had been unable to break through all along, that was why resentment was born in his heart.

Hence, that was why Ye Yuan would give him such a precious medicinal pill.

When Jian Hongxiao master and disciple heard this, they immediately had blank faces.

Jian Chen received the medicinal bottle somewhat woodenly and instinctively sunk a wisp of divine sense to examine, his entire person immediately turning into stone.

"V-Vast spirit divine-grade! I ... Did I see wrongly?"

When Jian Chen spoke, even his tongue wasn't straight anymore.

He sunk a wisp of divine-grade to examine once more, the result obtained was still vast spirit divine-grade!

A vast spirit divine pill, he had never seen before in this life, let alone talk about a vast spirit divine-grade Sun Moon Azure Sky Pill!

At this very moment, his whole mind went blank, completely did not know what he was thinking about.

He only knew that he seemed to have hit the jackpot!

Hearing Jian Chen's words, even if Jian Hongxiao was very knowledgeable and experienced, his mouth did not close for a long time.

"L-Little Friend Ye, this ... this medicinal pill is too precious. Jian Chen can't accept it!"

When Jian Chen heard that, his entire body could not help trembling. His face was full of unwillingness to let go, but the small medicinal bottle in his hand was gripped even tighter.

Ye Yuan waved his hand and said smilingly, "Senior doesn't have to be like this. This Ye Yuan's eyes, a thousand, even ten thousand vast spirit divine pills are also not as important as a brother's life! Brother Jian Chen needs this right now, so let him accept it. Additionally, the Six Veins Stellar Pill that Brother Jian Chen mentioned just now, what medicinal pill is it?"

### Unrivaled Medicine God

#### **Chapter 1956: Origin Pill Realm!**

Jian Hongxiao had long seen through that Ye Yuan would definitely repay his kindness, but he also did not expect that the moment Ye Yuan made his move, it was such a valuable gift.

And this was merely a bit of interest from what Ye Yuan said!

A vast spirit divine-grade Sun Moon Azure Sky Pill, its value was sufficient to match up to an imperial city!

This was because a vast spirit divine-grade Sun Moon Azure Sky Pill could create a True God Realm powerhouse with near certainty.

Did imperial cities have True God Realms?

The significance of a True God Realm powerhouses, everyone in the entire Heavenspan World knew about it. So how could Jian Hongxiao not know?

This gift of Ye Yuan was too great!

Jian Hongxiao sucked in a deep breath and said with a sigh, "What I gave you was a melon, but what you repaid with was a precious jade! Little Friend Ye, this gift of yours is too heavy! Forget it; since it's Little Friend Ye's good intentions, Chen-er, you accept it."

Jian Chen's entire body trembled, his face revealing a look of wild elation.

With this divine rank medicinal pill, his breakthrough to the True God Realm was right around the corner!

Jian Hongxiao's brows furrowed and he said in a solemn voice, "In a daze for what? Why haven't you come over to show Little Friend Ye your respect?"

Jian Chen startled awake and hurriedly came in front of Ye Yuan. Kneeling down with a thud, he said, "Jian Chen thanks Brother Ye, this kindness will never be forgotten!"

Ye Yuan hurriedly helped Jian Chen up and said smilingly, "Brother Jian Chen is regarding me too much as a stranger. Just a medicinal pill, it's nothing. Presumably, Brother Jian Chen is already too impatient to wait and wants to go in closed-seclusion, hurry on then."

Jian Chen had a look of embarrassment and shame. He was still mocking Ye Yuan in all manners just now. In the end, with a turn of a head, Ye Yuan gave such a big gift.

He glanced at Jian Hongxiao rather timidly, Jian Hongxiao pulled a long face and said huffily, "Go on!"

Jian Chen was akin to being granted amnesty, hurriedly taking his leave.

The two people sat down before Jian Hongxiao slowly opened his mouth and said, "My Jian Family's members can be said to walk on the edge of a knife when divining the Heavenly Dao. Backlash naturally can't be avoided as well. The ancestor's ability connects to the heavens and penetrates the earth; it is not what the likes of us can imagine. He had once found the Medicine Ancestor and created my Jian Family's unique medicinal pills together with the Medicine Ancestor, which can stand up to the agony of backlash. The Six Veins Stellar Pill is one of them."

When Ye Yuan heard that, he suddenly came to a realization.

To members of the Jian Family, suffering Heavenly Dao's backlash was like eating common fare. What was different was just the degree of backlash.

Treating the pain of backlash with medicinal pills, this was clearly a pretty good choice.

But, hearing Jian Hongxiao's words, Ye Yuan was also curious in his heart.

What kind of figure was Medicine Ancestor?

He already had half a foot stepped into Ancestor Realm, and he was a distinguished talent among Transcendent Heavenly Emperors.

Heavenly Emperor Profound Secrets could actually entice him to take action and develop such a series of medicinal pills for the Jian Family.

This face was not an ordinary kind of big!

But that level of character was still too far away from the current Ye Yuan.

"Since there's the Six Veins Stellar Pill, then why was Senior banished to this Extreme Light Imperial City?" Ye Yuan could not help asking curiously.

Jian Hongxiao let out a sigh and said, "Little Friend Ye doesn't know this, but this stellar pill is the hardest type to refine among all the medicinal pills. It is comparable to level nine medicinal pills. The Extreme Luck Great Imperial Capital that this old man was at, nobody could refine it at all too. Back then, the Heavenly Dao backlash that this old man suffered was too severe. If not for City Lord bestowing a Bright Moon Purple Cloud Pill, this old man would have long passed away. It's just that the Bright Moon Purple Cloud Pill is far too lacking compared to the Six Vein Stellar Pill. Furthermore, the quality isn't high, that's why this old man lingered on with my dying breath until today."

Ye Yuan also sighed endlessly when he heard that. An exalted True God Realm powerhouse actually ended up in a tiny little imperial city, Jian Hongxiao was probably unresigned to it in his heart too, right?

"Senior, since that's the case, can you lend the Six Vein Stellar Pill's pill formula for me to view?" Ye Yuan said.

Jian Hongxiao smiled bitterly and said, "My Jian Family delves into the Dao of Divination, those who are skilled in refining pills are in the minority after all. Accomplished ones are even scanty few. Furthermore, this Six Vein Stellar Pill's pill formula is my Jian Family's special secret recipe. There's only the pill formula in the great imperial capital, but this old man doesn't know it."

Ye Yuan smiled when he heard that and said, "Since that's the case, then Ye Yuan will follow Senior and make a trip to Extreme Luck Great Imperial Capital."

Jian Hongxiao was overjoyed when he heard that and said agitatedly, "Really?"

Ye Yuan smiled and said, "If not for Senior divining fate for me at the risk of death, my brother would likely have been very hard to save. Just making a trip to Extreme Luck Great Imperial Capital, it's no big deal."

Jian Hongxiao nodded and said, "Then ... I'll have to trouble Little Friend Ye to make this trip! You go into closed-seclusion for some time in Extreme Light Imperial City. After you break through to the True God Realm, we'll set off for Extreme Luck Great Imperial Capital."

...

Inside the hidden chamber, Ye Yuan's eyes were shut and lost in thought, his brows tightly locked.

"At this rate, wouldn't my chaos divine sea disappear completely and become a tiny little pill?"

Regarding the final result that he deduced, Ye Yuan was also rendered speechless.

He discovered that he could not understand the Chaos Heavenspan Canon more and more, even though this was the cultivation method that he deduced himself.

When others reached True God Realm, the small worlds within their bodies were already incomparably vast, and even starting to develop life already.

But for him?

His divine sea became smaller and smaller, and his chaos divine essence became more and more condensed.

At the rate of the current deduction results, Ye Yuan would have to condense this divine sea into a tiny pill after rank six.

It was just that at this point, Ye Yuan did not have a way out anymore.

Furthermore, up to this point, even though his realm differed greatly from others, in terms of strength, he flung those in the same realm several streets behind. There did not seem to be any harm.

"Forget it; the wood has already been made into a boat, follow all the way then! I want to see where this road leads to in the end! Since I have to compress the divine sea to the limit and become a pill after rank six, I'll call it Origin Pill Realm then!"

Cultivation method already formed, Ye Yuan did not hesitate anymore, directly swallowing several medicinal pills and started assaulting the bottleneck.

*Rumble!*

The chaos divine essence in Ye Yuan's divine sea seemed like a millstone, slowly turning.

Countless divine essence converged inside, like grinding beans. That millstone became smaller and smaller, increasingly smaller.

Those blue divine marks were also converging into the millstone continuously.

The internal space of Ye Yuan's dantian area was being compressed bit by bit.

*"Ugh ..."*

Ye Yuan gave a muffled groan, feeling an intense swelling pain in his abdomen area.

However, Ye Yuan knew that this was far from the end!

Wanting to compress chaos divine essence, the energy required was extremely horrifying. Fortunately, Ye Yuan was long prepared, refining a batch of vast spirit divine pills to use to break through.

Ye Yuan only felt like his dantian area was practically about to explode.

Luckily, Ye Yuan's physical body had already reached the realm of perfection long ago. Some pain was nothing to him.

No idea how long had passed either, a bolt of lightning suddenly flashed across inside Ye Yuan's interior space. The chaos divine essence disappeared completely!

And inside Ye Yuan's interior space, there was only a tiny little origin pill left. It was just the size of a fist.

*"Huuuu ..."*

Ye Yuan slowly let out a sigh of relief. Finally, he stepped into Origin Pill Realm!

Ye Yuan attempted to mobilize the divine essence within his body and suddenly threw a punch out!

*Bang!*

This hidden room directly exploded, turning into dust.

Fortunately, the place where Ye Yuan was at was the place Jian Hongxiao specially opened up for him.

Otherwise, the consequences would be too dreadful to imagine!

[Unrivaled Medicine God](#)

**Chapter 1957: Seer Nebula**

"Master, I finally broke through to True God Realm! I can bring you back to Extreme Luck Great Imperial Capital!"

Jian Chen rushed into Profound Secrets Pavilion with an excited look, extremely agitated like a small child.

But the moment he entered, he discovered that his master here actually had a guest.

This guest was none other than precisely Ye Yuan.

Ye Yuan looked at Jian Chen and said with a smile, "Congratulations, Brother Jian Chen!"

Jian Hongxiao also smiled and said, "Since you broke through, then pack your things. Depart with us tomorrow."

But Jian Chen stood there in a daze, looking at Ye Yuan with an astonished look.

"You ... You broke through too?" Jian Chen said in disbelief.

Jian Hongxiao said, "Ye Yuan already broke through for quite a while. If not for waiting for him, we'd have long departed."

Jian Chen had a look of astonishment. Ye Yuan's accumulations should have been far from his. Why did he break through so much faster than him instead?

Even though there was the Sun Moon Azure Sky Pill, it was also not to this extent, right?

...

With Jian Chen coming out of seclusion, the three people stepped onto the road that headed for Extreme Luck Great Imperial Capital.

Heavenly Emperor Profound Secrets' descendants did not seem to have a fixed territory. They tend to occupy a city or were even under other Heavenly Emperors' rule.

But this city was like a country within a country; no one could manage it.

Just like Extreme Light Imperial City, although it was just a tiny little imperial city, even imperial capitals, great imperial capitals, or even Heavenly Emperor Bodhimandas, never questioned their affairs too.

Extreme Luck Great Imperial Capital was likewise the same!

The Jian Family occupying the land of a city seemed to be for the sake of influencing the surroundings.

Their existence was somewhat similar to Heavenly Emperor Myriad Treasure, but it was also somewhat different.

All in all, the Jian Family was very strong, strong until no one dared to provoke!

Along with the increase in strength, Ye Yuan could also increasingly feel the might of the Jian Family's power and influence.

"This is Extreme Luck Great Imperial Capital? Indeed impressive! I seem to be able to feel that the air is rippling with a mysterious and unfathomable aura. It was as if immersed in a vast sea of stars. *Mn?* Why do I feel like the entire city is stirring?" Ye Yuan's brows suddenly furrowed as he cried out in surprise.

It was also Jian Chen's first time coming. His face was full of solemnity as if he was on a pilgrimage.

Jian Hongxiao nodded and said, "Little Friend Ye is indeed extraordinary! It's said that each great imperial capital has an array formation set up by Ancestor Profound Secrets with great divine ability. Each house in the city, every street, all secretly contains the functioning Dao of the circulatory cycle of

stars. It's an enormous array formation. So for countless tens of thousands of years, people come and go, but the arrangement in the city has never changed before but it has also always been revolving. But situated inside, nobody can detect it at all. I didn't expect that Little Friend Ye detected it the moment we entered the city."

Ye Yuan's thoughts were carried away as he listened. Heavenly Emperor Profound Secrets' good fortune was immense. The might of his means were simply fantastical.

Revolving a circulatory cycle of stars with a great imperial capital, divining Heavenly Dao.

This kind of means was simply inconceivable.

"Impressive! Truly impressive! One day, this Ye really wants to meet Heavenly Emperor Profound Secrets!" Ye Yuan exclaimed with admiration.

Jian Hongxiao smiled and said, "If it were others, I'd definitely laugh at him for being overly conceited. But you, *huhu*, perhaps there might be this chance in the future."

Emperor surmounting aura, the chances of becoming a Heavenly Emperor powerhouse was extremely high.

Once he became a Heavenly Emperor, then he would be someone of the same generation as Heavenly Emperor Profound Secrets. There might really be the chance.

Of course, he also merely just had a chance.

Heavenly Emperor Profound Secrets was different from ordinary Heavenly Emperors, at his level, annihilating Heavenly Emperors with a wave of his hand was also normal!

"Yo, isn't this Elder Hongxiao? I was wondering why magpies in the courtyard keep chirping today. It turns out that Elder Hongxiao has returned! *Hahaha ...*"

Just as they were talking, a few people were clustered around a young man as they walked over.

Jian Hongxiao's brows furrowed and he said, "You're ... Jian Yun?"

"*Tsk tsk*, truly hard on you, for Elder Hongxiao to actually remember this, this disappointing brat. However ... I really admire your courage, to actually still have the face to come back!" Jian Yun said with a mocking look on his face.

Jian Hongxiao's brows furrowed, seemingly not willing to say anymore. He said to Ye Yuan and Jian Chen, "Let's go!"

But Jian Yun extended his hand to block and said cheerfully, "Don't go! Come, come, come, everybody come take a look. You all probably don't recognize this person, right? Let me introduce him to everybody. This old man is the former Stellar Hall's elder, Jian Hongxiao!"

With him saying so, it immediately drew many people to surround and watch.

Hearing the two words 'Stellar Hall', everyone's faces revealed extremely surprised expressions.

Even Jian Chen also trembled all over, looking at Jian Hongxiao in great astoundment, as if it was his first time knowing him.

“M-Master, you ... you were actually once a Stellar Hall elder? Why have you never told me before?” Jian Chen said with an excited look.

Jian Hongxiao’s expression was very unnatural and did not answer Jian Chen.

Ye Yuan had a blank look, not knowing what special aspect this Stellar Hall had, to actually be able to cause such a big stir.

“Stellar Hall elder? This ... This is a joke, right? How can a Celestial Deity Realm old man possibly be a Stellar Hall elder?”

“Jian Hongxiao, this name seems to be rather familiar!”

“It’s a little familiar, but can’t remember where I’ve heard it before.”

...

Jian Yun looked at everyone’s reaction with a broad smile on his face.

“*Heh*, speaking of Elder Hongxiao, that was once a great figure who was at the peak of popularity at one time in the Extreme Luck Great Imperial Capital! Augury and astronomy, viewing aura and observing people, there was nothing he couldn’t do. People gave the title ‘Seer Nebula.’ Rumors had it that the Stellar Hall would be managed by him in the future!”

Jian Yun spoke freely and boldly as if speaking on a subject with great familiarity. But the expression on his face was full of disdain.

He was naturally not doing so in order to flatter Jian Hongxiao.

Sure enough, the vacantness in people’s eyes gradually dissipated. They finally recalled who this person was.

“Seer Nebula! He’s actually Seer Nebula!”

“Turns out that he’s that Seer Nebula who used a forbidden art and killed his brother and several dozen Stellar Hall disciples!”

“How can this kind of person still have the face to live in this world? Why doesn’t he go and die?”

...

Jian Yun’s words seemed to have thoroughly ignited everyone’s memories.

Jian Hongxiao’s name, the people who knew were not many. But Seer Nebula seemed to be extremely famous in Extreme Luck Great Imperial Capital.

Except, the current Jian Hongxiao seemed to have become a rat crossing the street.

For some time, countless cursing sounds drifted over, floating into Jian Hongxiao’s ears.

The wild elation in Jian Chen's heart instantly became awkwardness. He looked at Jian Hongxiao in disbelief as he muttered, "M-Master, is what they said true?"

Jian Yun smiled and said, "*Haha*, you take a look at everyone's reactions and you'll know whether it's real or not. Back then, your master disregarded his brother's objections and activated a forbidden art, wanting to forcefully go against the heavens and change fate. In the end, it triggered the All-encompassing Armillary Sphere. The 36 Stellar Hall disciples in charge of the All-encompassing Armillary Sphere were instantly sucked dry! This incident, could it be that he has never told you before?"

Jian Chen looked at Jian Hongxiao in disbelief. His so many years of hard work, wanting to break through to the True God Realm, it was because he wanted to join the Stellar Hall.

But, arriving at Extreme Luck Great Imperial Capital, he discovered that his own master was actually the Stellar Hall's sinner!

### [Unrivaled Medicine God](#)

#### **Chapter 1958: Ouch, My Eyes!**

"Master, is what he said true or not?" Jian Chen bellowed.

In a blink of an eye, Jian Hongxiao's noble image in his heart collapsed, making him unable to accept it.

Looking at those countless spittles, he was even ashamed to be associated with Jian Hongxiao.

Jian Hongxiao gazed at the blue sky, seemingly recalling the past, appearing melancholic.

Finally, he nodded slowly and said with a sigh, "What he said was right. Master ... is the Stellar Hall's sinner!"

Jian Chen looked at Jian Hongxiao rather disbelievingly. It was as if it was his first time knowing him.

"Why? Why have you never told me before?!" Jian Chen roared.

Jian Yun laughed by the side and said, "If he were to tell you, would you still be willing to acknowledge him as your master? This kind of person, *huhu*, isn't fit to have disciples at all! Also, you, kid, being associated with this kind of person, your lifespan will reduce!"

In the second half of the sentence, he said it to Ye Yuan.

When Ye Yuan heard that, he also had a look of disgust on his face and moved a few steps toward Jian Yun's side, as if very disgusted with Jian Hongxiao.

"What this brother said is right. I was also deceived by him. That's why I would follow him to Extreme Luck Great Imperial Capital. Actually, I just wanted to find someone to take a look at my fate, but he's not suitable to do it now," Ye Yuan said with a smile.

When Jian Hongxiao heard this, a hint of a rueful smile appeared on his face.

At present, even Ye Yuan had left him.

He also did not expect that the moment he entered the city, he would have his unsavory history exposed by people.

Under such circumstances, he could not explain it away even with a hundred mouths.

Of course, he did not want to explain anything either.

Jian Yun laughed loudly when he heard that and said, "He's a bereaved dog, how could he still have this skill? Want to look at your destiny, you naturally have to find the Stellar Hall!"

Ye Yuan said embarrassedly when he heard that, "*Sigh*, little brother, I, am only from a small place, how could I have the connections to know the Stellar Hall's masters?"

"*Heh*, you have eyes but fail to see, right? My family's young master is precisely a disciple of the Stellar Hall, augury and astronomy, he's skilled in all."

"Our young master is the Stellar Hall's rising star. He is an existence who might become a Stellar Hall's elder in the future!"

By the side, someone immediately started lauding to the skies.

Even Jian Hongxiao also revealed a look of surprise as he said, "You actually entered the Stellar Hall?"

Jian Yun had a pleased look and said with a spurious smile, "Are you very disappointed? Back then, you kept prating on about how I'll achieve nothing and was a piece of garbage. Now? This young master, I, have already become a Stellar Hall's disciple, but you became a dog who lost its home!"

Jian Yun's face was triumphantly jaunty, full of the delight of having slapped faces.

In reality, he understood what was the deal with him being a Stellar Hall disciple.

Without a powerful father, it was impossible for him to enter the Stellar Hall.

This play today was also arranged by his father, making him block here and humiliate Jian Hongxiao.

His father, Jian Hao, was presently a Stellar Hall elder with an awe-inspiring reputation.

When performing divination a few days ago, he happened to divine that Jian Hongxiao would be returning within the next few days. So he arranged for his son to wait here.

Many years ago, Jian Hongxiao prophesied more than once, saying that Jian Yun would never amount to much.

Coming to slap Jian Hongxiao's face, he was naturally delighted to the extreme.

Ye Yuan said in surprise when he heard that, "So that's how it is! Then this little brother really had eyes but failed to recognize Mount Tai!"

As he said, Ye Yuan even gave a bow toward Jian Yun.

Jian Hongxiao's brows furrowed slightly, not knowing what medicine Ye Yuan was selling in his gourd.

He still thought that Ye Yuan was intentionally finding an excuse to draw a clean line with him just now. He could understand this. But Ye Yuan's style right now was very unlike him!

Jian Yun had a smug look as he said with a smile, “*Huhu*, forget it, you following this old fellow, it’s also normal that you’re inexperienced and ignorant. This young master, I, am in a good mood today and will take a look at your destiny.”

Ye Yuan was delighted when he heard that and said with clasped hands, “Then thank you very much, Young Master Jian Yun!”

Jian Yun also had the intention of showing off. Circulating his cultivation method, he cast the aura viewing art on Ye Yuan.

“*Ouch*, my eyes! My eyes can’t see anything anymore! My eyes are blind!”

Suddenly, he felt a stabbing pain in his eyes like it was being burned. He was already unable to open his eyes anymore.

Jian Yun fell to the ground in agony and started rolling on the ground non-stop.

The surrounding onlookers turned pale with fright. How could they still care about Jian Hongxiao, all of them were looking toward Jian Yun in curiosity one by one.

Jian Hongxiao looked at Ye Yuan dumbfounded with his mouth agape, not expecting that he actually played this act.

And this Jian Yun actually really foolishly cast the aura viewing art on Ye Yuan.

Wasn’t this looking for abuse?

Forget about him right now, even if he was at his prime, he also would not dare to cast the aura viewing art on Ye Yuan!

“Senior, let’s go!” Ye Yuan smiled at Jian Hongxiao and said.

Jian Hongxiao had a moved look, he knew that Ye Yuan was deliberately causing a disturbance, diverting those people’s attention, letting them successfully get away.

Jian Hongxiao opened his mouth, wanting to say something, but he was interrupted by Ye Yuan. He said, “This place isn’t the place to speak, talk again later.”

The two people moved, but Jian Chen was still standing on the spot in a daze.

Jian Hongxiao heaved a sigh and turned around and left.

*Smack!*

Jian Chen’s shoulder was patted by Ye Yuan, making him jump.

“Sometimes, what the eyes see might not be real. But at times, what the eyes see is the most authentic. Therefore, don’t use eyes to see, use the heart to feel. Think about it, how Senior treated you these few years!”

Finished talking, Ye Yuan slowly left.

Jian Chen's entire body trembled, his gaze revealing a complicated look. Finally, he still gritted his teeth and followed after.

...

Before the bed, an old man was currently diagnosing Jian Yun's pulse. His brows were tightly locked.

"Master Bu Chen, I beg you, you must save me! I can't become a blind person!" Jian Yun wailed.

"Shut up! Don't disturb Master's pulse-reading!" Jian Hao said in a solemn voice.

Jian Yun indeed did not dare to wail anymore, shutting his mouth sensibly.

After a long time, Bu Chen slowly got up and shook his head slightly.

Jian Hao was startled inwardly, hurriedly going up to ask, "Brother Bu Chen, how is it?"

Bu Chen shook his head and said, "I'm afraid this pair of eyes are crippled!"

Jian Hao's heart thumped and he said, "How ... can this be? Yun-er only used the aura viewing art a little and his eyes are crippled?"

Bu Chen said, "This is Heavenly Dao backlash. Furthermore, it's extremely strong. With this old man's strength, I'm powerless to turn the tables."

Jian Hao said in shock, "How can it be? You're the person with the strongest alchemy strength in the city, if even you're helpless, then ... then ... *oh*, right, since it's Heavenly Dao backlash, can the Bright Moon Purple Cloud Pill save him?"

Bu Chen shook his head and said, "With this old man's judgment, I'm afraid that the Bright Moon Purple Cloud Pill is powerless to turn the tables too. Unless ... one can refine the Six Veins Stellar Pill!"

Jian Hao took several steps back in the row when he heard that, saying absent-mindedly, "This ... How is this possible? Just taking one look and the Heavenly Dao backlash would be so severe?"

Jian Hao regretted it until his intestines turned green now. He only wanted to let his son go and humiliate Jian Hongxiao, making him beat a retreat in the face of difficulties.

Who would have thought that he actually harmed his own son to become a blind person!

This level of Heavenly Dao backlash was akin to bone-festering maggots. Even if a new pair of eyes were swapped in, it was to no avail too. This problem was the hardest to deal with.

Members of the Jian Family feared this level of Heavenly Dao backlash the most.

It was just that Jian Hao could not understand even after cudgeling his brain. Why would it cause such severe consequences with just having one glance?

#### **Chapter 1959: The City Lord Wants to See Him**

"Thank you, Ye Yuan," Jian Hongxiao looked at Ye Yuan and said

Ye Yuan smiled and said, "Senior, don't your Jian Family revere the Profound Secrets Pavilion as supreme? What's this Stellar Hall?"

Actually, Ye Yuan did not figure out just what was the Stellar Hall until now too.

Jian Hongxiao said, "The Stellar Hall is where the core of the Profound Secrets Pavilion lies. Those able to enter it are all one-in-ten-thousand powerhouses, having outstanding strength in the Dao of Divination. And the Stellar Hall's elders, there are only a total of eight. Only the strongest ones can assume the post."

Ye Yuan nodded slightly, roughly understanding in his heart.

Although the Heavenspan World was big, the great imperial capitals that the Jian Family occupied were not their own. Those able to enter the Stellar Hall were all elites among elites, having outstanding talent in the Dao of Divination.

No wonder Jian Hongxiao back then gave him an unfathomable feeling.

Even if his cultivation realm fell drastically, his divination arts were still unfathomable. It was far from what those in the same rank could compare to.

"A Stellar Hall, only great imperial capitals have it. Furthermore, in each Stellar Hall, there's a peak empyrean spirit treasure, the All-encompassing Armillary Sphere. The Stellar Hall's responsibility is to borrow the All-encompassing Armillary Sphere to deduce Heavenly Dao. Each Stellar Hall elder manages one aspect of the All-encompassing Armillary Sphere, their responsibilities being enormous," Jian Hongxiao continued saying.

Ye Yuan nodded his head and said, "So that's how it is! That Jian Yun has a grudge with you?"

Jian Hongxiao smiled bitterly and said, "Jian Yun's father, Jian Hao, was always suppressed by me back then. Because there can only be eight Stellar Hall elders, so he was never able to become an elder. As for that Jian Yun, I had once divined for him before and said that he'll never amount to much. So this father and son pair have always had some resentment towards me."

Ye Yuan smiled and said, "I'm afraid it's not resentment that simple. That Jian Hao should be afraid of you snatching his position of elder, right?"

Jian Hongxiao nodded and said, "With Jian Yun's skill, he can't divine my return. Most likely, this matter has Jian Hao's hand involved. But with this play, Jian Yun will likely really become a cripple."

As these two people chatted, Jian Chen at one side wanted to speak but swallowed the words back.

Ye Yuan suddenly changed the topic and said, "Senior, the urgent matter on hand is that we'd better think of a way to get the pill formula fast."

Jian Hongxiao said in surprise, "You still want to refine pills for me?"

Ye Yuan could not help laughing as he said, "Look at what you're saying, if not for the sake of refining pills, what did I come to Extreme Luck Great Imperial Capital with you for?"

"B-But you're also aware, I'm the Stellar Hall's sinner!" Jian Hongxiao said.

He even thought that through this incident, Ye Yuan probably would not refine pills for him anymore at all.

After all, his unsavory past was exposed by people.

He did not expect that Ye Yuan actually still insisted on refining pills for him.

But Ye Yuan gave Jian Chen a glance and said smilingly, "So what? You're the senior that I, Ye Yuan, acknowledged, and you are a friend of mine. You showed kindness to me, Ye Yuan. The rest has nothing to do with me! Even if you become enemies with the world, this pill ... I'm refining for sure!"

Jian Hongxiao and Jian Chen's faces changed greatly when they heard that.

They did not expect that Ye Yuan was actually so loyal to friends.

Jian Hongxiao was even more touched in his heart, tears already running down his old face.

When you stand opposite of everyone in the world and someone stood on your side with a firm determination, that sensation could not be described using words.

Actually, about this matter, Ye Yuan had his own judgment. Most likely, Jian Hongxiao had some painful topic. It was just that it was hard for him to say it out.

Walking all the way to this point, Ye Yuan was no longer some ignorant person anymore. He still had some confidence in discerning people.

Jian Hongxiao did not seem to be someone who had utter disregard for human life when doing things and facing people, and also did not have too much sinister air.

Activating a forbidden art likely had other reasons.

Furthermore, this Extreme Luck Great Imperial Capital's city lord still saved Jian Hongxiao's life with the Bright Moon Purple Cloud Pill in the end. This also affirmed Ye Yuan's idea from the side-view.

If Jian Hongxiao really activated the forbidden art for his own selfish reasons, that Empyrean powerhouses most likely would not have done that.

"Don't you want to know what in the world happened back then?" Jian Hongxiao asked.

Ye Yuan smiled and said, "If you're willing to say, you'd naturally tell me. If you're not willing to say, why would I need to go and pick at your scar?"

Jian Hongxiao looked at Ye Yuan and said with a sigh, "Making such a friend, what do I still need! Ye Yuan, from today onward, you and I are sworn friends for life!"

...

At this very moment, Jian Hao's fury already burst through the horizon.

He could be said to have racked his brain for the sake of this son and even let him enter the Stellar Hall.

But in the end, Jian Yun was actually crippled!

To the Jian Family's members, eyes being blinded was equivalent to being a cripple.

Six Veins Stellar Pill?

Jian Hao never even thought about it!

If there was such a medicinal pill, Jian Hongxiao also would not have left Extreme Luck Great Imperial Capital, feeling dejected back then.

A medicinal pill that even the city lord could not get, where would he go to get one?

“Dad, you have to take revenge for me! That old thing, and also that punk, they definitely deliberately harmed me!” Jian Yun roared.

Jian Hao gritted his teeth and said, “You rest assured, I’m going to make Jian Hongxiao that scoundrelly thing utterly disappear this time! Li Xun, bring a few people over for me and detained Jian Hongxiao three people over for me!”

Behind Jian Hao, a Seventh Firmament True God powerhouse received the order and left.

As a Stellar Hall elder, Jian Hao’s status was incomparably venerated. There was naturally no lack of some experts around him.

Li Xun picked out a few people and headed over to the inn that Ye Yuan three people were staying at.

“Jian Hongxiao, get out for me! You dared to hurt my Stellar Hall’s disciple, you deserve a thousand deaths!”

Outside the inn, Li Xun called out in a clear voice.

“Isn’t this Protector Li Xun who’s by Elder Jian Hao’s side? Who provoked them?”

“*Tsk tsk*, whoever it is, they will likely lose a layer of skin!”

“I heard that Elder Jian Hao’s only son, Jian Yun, suddenly became a blind man today. Could it have been done by this group of people?”

...

Outside the inn, everyone was guessing optimistic about it, all waiting to watch a show.

But no one came out and no one answered too.

Li Xun’s brows furrowed and he called out in a clear voice once more, “Fine, since you don’t know how to appreciate favors, then don’t blame us for not being courteous! The few of you guard outside, don’t let them run!”

Before Li Xun came, he understood the situation long ago. These three people were merely two First Firmament True Gods and a Celestial Deity. Him coming to capture people was bombarding mosquitoes with a cannon, putting fine timber to petty use.

But Jiao Hao was currently in a fit of rage, he naturally did not dare to be neglectful.

*Bang!*

Li Xun found the three people’s residence and directly shattered the door with a palm.

“Jian Hongxiao, what haughty airs you have. Do you really think that you’re still that Stellar Hall’s ... E-Elder Suyan, w-why are you here?”

Inside the house, Jian Hongxiao was currently drinking opposite an old man, chatting away happily.

When Li Xun saw that old man, his expression immediately became very ugly. He was even somewhat stuttering when speaking.

This old man was called Jian Suyan, similarly a Stellar Hall elder.

However, Jian Suyan’s status was much more venerated than Jian Hao.

Because Jian Suyan was an Empyrean powerhouse!

Jian Suyan drank a mouthful of tea and said without even turning his head back, “You go back and tell Jian Hao. Tell him not to have ideas about Hongxiao anymore, the city lord wants to see him.”

### Unrivaled Medicine God

#### **Chapter 1960: I Can’t Give You**

“Why would the city lord meet him? Furthermore, it’s even Lord Jian Suyan going to invite personally? Could it be ... they are going to let him enter the Stellar Hall anew?”

Hearing the news that Li Xun brought back, Jian Hao’s thoughts could not help going wild.

Indeed, during the period where Jian Hongxiao held the position of Stellar Hall’s elder, the city lord thought very highly of him.

Meeting Jian Hongxiao again this time, could it be that he wanted to call him back anew?

If this was the case, it was really quite troublesome!

“This ... it’s not what this lowly one can know.” Li Xun said awkwardly.

Jian Hao’s gaze suddenly turned sharp and he said viciously, “What about that punk who caused Yun-er to become like this? Why wasn’t he captured here too? He’s the prime culprit! Capture him here for me immediately!”

Jian Hongxiao had Jian Suyan protecting him. Jian Suyan was not what he, Jian Hao, could offend. But Ye Yuan was different.

Li Xun said with a gloomy face, “This lowly one wanted to bring him away too, but ... but Elder Suyan said that City Lord wants to see him too!”

“What?! What’s City Lord meeting this punk for? Could it be that ... this punk has some background?” When Jian Hao heard this, he could not help jumping in fright.

Li Xun thought about it and said, “Elder, Young Master Yun only took one look at that kid and suffered Heavenly Dao backlash. Is it possible that ... that kid really has some aspect that surpasses others?”

Jian Hao’s brows knitted even tighter. He pondered carefully, the more he thought, the more terrified he got.

“Although Yun-er’s aura viewing art is still lacking, he’s also a True God Realm powerhouse. Even if it’s the imperial aura, it’s also impossible to have such a huge backlash appear. Could it be that ... that kid possesses the emperor surmounting aura? Furthermore, it’s even a powerful existence among emperor surmounting auras? But ... But how is this possible?”

Originally, because of Jian Yun’s backlash, Jian Hao was burning in rage and did not carefully think about this matter at all.

But now, calming down and thinking about it, he immediately detected something amiss.

He was a Stellar Hall elder, so how could he not be clear about the situation of the aura viewing art?

To talk about making Jian Yun suffer Heavenly Dao backlash, unless Ye Yuan was carrying some terrifying treasure on him, or he was in possession of tremendous destiny.

Regardless of which it was, Ye Yuan’s background was clearly not simple.

But the problem was, where did Jian Hao find this kid, and also, what was the objective of bringing him to Extreme Luck Great Imperial Capital?

Furthermore, City Lord even summoned this kid!

This matter was likely not that simple.

...

Walking into a vast hall, Ye Yuan felt as if he walked into a vast starry sky.

In the center of the starry star, there was an enormous, but exquisite apparatus, currently slowly revolving.

Ye Yuan sized the instrument up, feeling the powerful undulations coming off of the instrument, he guessed that this should be the All-encompassing Armillary Sphere.

A gray-robed old man sat before it, his body radiating countless pale-yellow fine threads, probing into the All-encompassing Armillary Sphere with a thousand and one links.

This old man gave Ye Yuan an incomparably deep feeling, just like this starry sky.

The other party was clearly not looking at him, but Ye Yuan actually had a feeling of being seen through.

After Jian Hongxiao entered this great hall, the expression on his face immediately became respectful, his body also seemingly becoming much stiffer.

Clearly, he held that old man in great esteem.

No idea how long had passed either, those fine threads slowly retreated into the old man’s body.

Jian Hongxiao bowed down rather agitatedly, shouting out, “Sinner Jian Hongxiao, pays respect to Lord Sutao!”

“Oh Hongxiao, long time no see,” the old man slowly said.

“Yes, in a twinkle, it’s been more than 100 thousand years!”

Jian Hongxiao actually had tears running down his old face.

The old man's gaze slowly shifted to Ye Yuan and sized him up carefully.

"You're called Ye Yuan?"

Ye Yuan nodded and said with cupped fists, "I pay respects to Lord Empyrean."

The old man's gaze was profound as he said, "Even this old man actually can't see through your depths, indeed well-deserving of being emperor surmounting aura. Looking at it, you likely won't be an ordinary Heavenly Emperor powerhouse in the future!"

Ye Yuan smiled faintly and said, "Senior is too kind."

The old man was calm on the surface, but in his heart, he was taken by surprise.

Reaching his boundary, he was extremely sensitive to the flow of Heavenly Dao. His perception toward danger was God knows how many times stronger than Jian Yun that kind of rookie.

He wanted to employ the aura viewing art to observe Ye Yuan just now, but warning bells suddenly sounded in his heart and actually made him have a feeling of danger.

He naturally knew about the matter of Jian Yun being blinded, and thought to himself: *could it be that I would also become like that?*

But even if it was the emperor surmounting aura, with his skill, it also would not be to that extent, right?

Currently, Jian Sutaο was extremely conflicted in his heart. He very much wanted to activate the aura viewing art and take a look at Ye Yuan's situation. But the moment he thought of Jian Yun's outcome, he did not dare to do so anymore.

As the lord of a city, an Empyrean powerhouse, he could not bear the consequences of becoming blind.

Curiosity kills the cat; this kind of situation was still effective when placed on an Empyrean powerhouse.

Thinking about it, Jian Sutaο still gave up in the end.

Once something really happened and he suffered Heavenly Dao backlash, he, this rank seven powerhouse, did not have the Seven Veins Stellar Pill to save him.

At that time, he would be a blind man for life.

This kind of result was not what he could accept.

Jian Sutaο looked towards Jian Hongxiao and opened his mouth and said, "Back then, before you left, this Empyrean performed a divination for you and calculated that your path wasn't severed. But didn't think that ... it's answered here."

Ye Yuan was terrified when he heard it. This level of augury skill was simply terrifying.

100 thousand years ago, it was actually divined without the slightest error.

100 thousand years ago, he was not even born yet!

This kind of thing that was foreordained by the unseen; Jian Sutaο himself also could not grasp it. But 100 thousand years since then, it truly appeared.

Jian Hongxiao was also very surprised and said, "Turns out that Your Excellency has long calculated for me before! I only calculated that my fate had a turn for the better recently too."

"Hongxiao, the matter back then, was hard on you! Do you ... still bear a grudge against this Empyrean?"

Jian Hongxiao hurriedly knelt down and said, "What's Your Excellency saying? Casting the forbidden art for Fengqi was Hongxiao acting arbitrarily, resulting in causing a terrible calamity, and even almost affected the All-encompassing Armillary Sphere. I am the Stellar Hall's sinner!"

Jian Sutaο heaved a sigh and said, "It's this Empyrean who is useless! The more one is a member of the Jian Family, the more helpless they tend to be. Clearly know that the disaster is in sight, but can only watch it happen helplessly, I'm afraid ... only reaching Ancestor's realm, can one transform the rotten into something magical, right?"

Jian Hongxiao also sighed and said, "What I hate the most is having caused such severe consequences, but not being able to stop Fengqi from leaving. *Sigh* ... only hate that Hongxiao is powerless!"

Ye Yuan listened quietly by the side, guessing in his heart.

Sure enough, the matters back then were not that simple.

Jian Hongxiao cast the art of defying heaven and changing fate for a person called Fengqi, wanting to avoid a disaster.

It was just a pity that in the end, it caused a heavy loss. Yet, Jian Hongxiao was still unable to salvage Fengqi's life.

Jian Sutaο suddenly looked at Ye Yuan and said, "Junior, you came here for the Six Veins Stellar Pill's pill formula?"

Ye Yuan nodded and said, "Yes, Senior please grant the pill formula for a look."

"The Six Veins Stellar Pill's pill formula, I can't give you!" Jian Sutaο shook his head and said.
