Chapter 2131: Oh, Is That So?

"Huhu, belong to you?"

Ye Yuan laughed from extreme fury, but his words were full of killing intent.

Lu-er was Ye Yuan's reverse scale.

For her, Ye Yuan did not even stint to employ the Heaven Shocking Lightning.

Now, this Long Hao actually provoked in his face like this, how could he not be furious?

But Long Hao was not aware of it at all. He said with a smug look, "That's right, belong to me! You might not know who I am. I'm ... *cough, cough, cough* ..."

Long Hao's words were just said halfway when his voice suddenly cut off, like a duck that had its throat clutched.

Ye Yuan's both hands already clutched onto his neck.

A tremendous force came over. Long Hao felt like his neck was going to be twisted off, his face flushing bright red, eyes rolling back.

"Just now, you said that they belong to you?" Ye Yuan's words did not carry the slightest emotion, the force from his hands becoming greater and greater.

His present fleshy body's strength already reached peak rank six. How tremendous was his strength?

In front of a perfect sixth transformation golden body, even if Long Hao was of the dragon race, he did not have any leftover strength to resist at all too.

By the side, a young man said, "Human brat, you dare to act wildly in my Dragon Clan's territory? Let go of Long Hao. Otherwise ... you're dead for sure today!"

Thud!

"Cough, cough, cough ..."

Long Hao landed on the ground, holding his neck as he started coughing fiercely.

When everyone saw the situation, they even thought that Ye Yuan yielded.

The other young man said, "*Heh*, at least you're sensible, kid! It isn't your turn to act wildly here!"

"This Ye has just come to your esteemed land. I don't wish to bring trouble to myself. The three of you, kowtow and admit your fault to Lu-er and Senior Apprentice Sister Fei-er, and this matter ... will be dropped," Ye Yuan completely ignored the other party and said coolly.

Listening to the first half of the sentence, everyone even thought that Ye Yuan was scared and yielded.

But hearing the second half, everyone could not help finding it funny.

Making these three people kneel down and kowtow? How was this possible?

“This human brat really doesn’t know the immensity of heaven and earth! Long Hao is Protector Elder Long Chi’s grandson. Who dares to provoke him in this Raindragon Stronghold?”

“This human kid succeeded in sneak attacking just now. He probably isn’t clear yet about Long Hao, the three of their strengths!”

“Long Hao is the young generation’s pinnacle genius. Just half a step and he’ll be able to reach rank seven, Empyrean Realm! This kid will likely suffer some hardship!”

... ..

When everyone around heard Ye Yuan’s words, they could not help shaking their heads.

By relying on his grandfather, no one dared to provoke Long Hao in Raindragon Stronghold.

The other two people, Long Fei and Long Cheng, were also both Raindragon Stronghold’s elders’ grandsons.

These three people’s backgrounds were extremely powerful. Who dared to provoke?

Moreover, with these three people joining hands, if an Empyrean did not come out, there was virtually no match.

Earlier, Ye Yuan just relied on his speed and defeated his opponent with a surprise move, controlling Long Hao. That was all.

Now, Long Hao had his guard up, everyone did not feel that he had high chances of winning.

When Lu-er and Yang Fei-er saw Yang Fei-er, their hearts immediately became much calmer.

Arriving at East Suppression Pseudo World, the local customs and practices here were greatly different from the outside world.

Under their curiosity, the two of them came out to take a look early in the morning.

Who knew that they had just stepped out not long and ran into Long Hao three people.

Long Hao three people had their lust aroused at the sight of them and actually wanted to make a move against the two of them. Lu-er and Yang Fei-er naturally disobeyed. That was how there was this current situation.

Lu-er pulled the corners of Ye Yuan’s sleeves and said softly, “Young Master, better forget it. This place ... This place is the Dragon Clan’s territory after all.”

She and Yang Fei-er were not worried about Long Hao, but this place was the Dragon Clan’s territory. If really blow matters up, they had nowhere to run.

After all, everyone knew about the might of the Dragon Clan.

“Making them kowtow is already considered letting them off! Otherwise ... *humph!*” Ye Yuan said with a cold snort.

“Kowtow? I kowtow your f*cking head! Long Fei, Long Cheng, attack together! Exterminate him for me!”

Long Hao roared and suddenly threw a palm out.

Universe Dragon Claw third stance, Grand Universe Palm!

Currently, Long Hao was extremely near Ye Yuan. Him using a heaven-shocking martial technique like the Grand Universe Palm this near to Ye Yuan, how horrifying was the power?

Long Fei and Long Cheng’s reactions were also extremely fast, firing out a palm at the same time.

Three great peak rank six powerhouses attacking at the same time, the commotion was extremely shocking.

However, Ye Yuan gave a cold snort and said in a solemn voice, “Looks like you guys are courting deaths yourselves!”

Grand Universe Palm!

At this time, Ye Yuan made his move fiercely. It was actually the Grand Universe Palm too!

Except, the moment Ye Yuan’s Grand Universe Palm was executed, it was as if space solidified.

The power of his palm actually completely overshadowed the three people!

Bang!

A loud bang came over, the three people flew out at the same time.

Ye Yuan’s palm repelled three great peak rank six dragons!

Everyone looked at this scene dumbfounded with their tongues tied, faces full of disbelief.

“How is this possible? He actually knows the Grand Universe Palm too!”

“Why is his Grand Universe Palm’s power even above Long Hao’s?”

... ..

Beyond the shock, everyone was more puzzled.

Ye Yuan’s Grand Universe Palm was actually even stronger than Long Hao’s!

One had to know, among the Raindragon Stronghold’s young generation, Long Hao’s strength was already the strongest!

Apart from Long Xiaochun, nobody was his match at all.

Now, Ye Yuan fought one-versus-three and actually utterly trounced his opponents. It was simply inconceivable.

Long Hao being blown flying with one punch, his innards already suffered a shock, fresh blood spurting wildly.

He looked at Ye Yuan with a look of astonishment and said in disbelief, "You ... How do you know the Grand Universe Palm?"

Ye Yuan's gaze was icy-cold and was completely disinclined to bother with him.

Bang!

Another Grand Universe Palm!

This palm actually flew toward Long Fei, directly bombarding him into dregs!

Everyone opened their mouths wide with disbelieving faces.

Ye Yuan actually dared to kill people!

Long Fei was Elder Long Yu's son? Was this guy mad?

Ye Yuan did not hesitate. Raising his hand, it was another palm!

Long Cheng was dead!

In a twinkling, Ye Yuan actually killed Long Fei and Long Cheng, these two mighty young powerhouses.

Then, he slowly walked over toward Long Hao.

Long Hao's expression changed drastically, a look of fear finally revealing on his face. He collapsed on the ground and shifted backward, saying tremblingly, "You ... What do you want to do? I ... I'm Protector Elder Long Chi's grandson!"

"Oh, is that so? I gave you the chance, it was you who didn't grasp it yourself! Since that's the case, go and die then!"

Ye Yuan said nonchalantly, a palm lifting up once more.

The surroundings were deathly silent. This guy was really a lunatic!

A horrifying power gathered at Ye Yuan's palm.

Long Hao's complexion turned pale. He used all the strength in his body and suddenly scurried into the distance.

Ye Yuan just laughed coldly. Competing on speed, who could beat him?

But right at this time, a powerful to the extreme aura suddenly descended.

Clearly, the commotion here already startled Raindragon Stronghold's upper echelon.

"Child, you dare?! Stop at once! This Emphyrean will spare your life!" An alarmed and angry voice came from above the void.

"It's Long Hao's father, Emphyrean Long Yu!"

"He arrived, this human kid is dead for sure!"

"Long Hao is really blessed! Luckily, Emphyrean Long Yu arrived in time, he can escape death."

... ..

When Long Hao heard his father's voice, he could not help being overjoyed.

"Hahaha ... Kid, my father has arrived! With this, you're dead for sure!" Long Hao turned around and said with a wild laugh.

"Oh, is that so?" Right at this time, an icy-cold voice sounded in his ear.

Unrivaled Medicine God

Chapter 2132: You Cant Kill Him

The wild elation that filled his chest instantly turned into limitless terror.

Long Hao's expression changed wildly, frightened until his soul nearly left his body.

He did not understand it. Didn't his father already arrive? How did this guy move beside him?

This was the final thought in his mind.

After this second, he was thoroughly blasted into residue by Ye Yuan.

"Hao-er!"

Behind, came Long Yu's heaven-shocking angry roar.

He made it with his fastest speed and locked onto Ye Yuan with powerful world power, planning on killing Ye Yuan with a single blow.

In his view, a late-stage Emphyrean mighty expert locking onto a True God Realm martial artist, how could the other party still have the strength to retaliate?

Yet, he miscalculated!

Ye Yuan was just like a loach, slipping away from his world power. Ye Yuan then moved beside Long Hao and killed him!

At this time, all of the Dragon Clan's members were staring dumbfoundedly with their mouths agape, looking at that slightly skinny figure in disbelief.

"Who on earth is this kid? Why is he so strong?"

"Emphyrean Long Yu is a late-stage Emphyrean Realm mighty expert, but he actually failed to restrain that human brat!"

"That was spatial law just now, right? That's a supreme law. Furthermore, looking at his appearance, he has likely already comprehended extremely deep."

... ..

True God Realm experts were as weak as an ant in front of Emphyrean Realm powerhouses.

But Ye Yuan, this ant, shook of Emphyrean Long Yu's final hit and even counter-killed Long Hao.

This kind of strength, how could they not be surprised?

But what everyone was more surprised by was Ye Yuan's audacity.

A human actually dared to kill three dragons in a row so arrogantly in East Suppression Pseudo World.

This breadth of spirit had no choice but to make people admire!

It was just that the final outcome was already decided.

Empyrean Long Yu looked at Ye Yuan coldly and gnashed his teeth in hatred as he said, "Good! Very good! This Empyrean already arrived and you actually still dared to deal a killing blow. Rest assured, this Empyrean won't let you die easily!"

Ye Yuan turned to look at Empyrean Long Yu and said coolly, "You wanted to kill me, so why couldn't I kill him?"

"Bullshit! How can a mere human compare to the human dragon race? No need to say anymore, prepare to suffer this Empyrean's wrath!"

Amidst the angry roar, Empyrean Long Yu's aura suddenly erupted.

The berserk dragon race pressure crushed over towards Ye Yuan's frenziedly.

Empyrean Long Yu reached his hand out and made a grabbing action. An enormous claw extended out of the void and grabbed straight at Ye Yuan.

That horrifying pressure made people's faces change.

If this claw landed, Ye Yuan's fleshy body would definitely turn to ashes!

Ye Yuan stood with his hands behind his back and did not take any action, and also did not seem to have the intention of running.

But right at this time, a figure slowly walked out of the void and just lightly waved a hand. The enormous claw directly shattered into countless motes of light.

Empyrean Long Yu's expression changed, and he said in a cold voice, "Long Zhi, what's the meaning of this?"

This person who walked out of the void was precisely Long Zhi!

Empyrean Long Yu completely made little of Long Zhi by relying on his father.

Normally, he was just a little arrogant. But now, Long Hao being killed, under Long Yu's rage, how would he still care about Long Zhi?

If not for Long Zhi's strength being too powerful, he would have long smacked him to death with one palm.

Long Zhi's brows furrowed slightly and he said in a solemn voice, "You can't kill him."

Empyrean Long Yu said in a great rage, "Long Zhi, your matters, there will naturally be Father finding you to settle the scores! Now, this punk that you brought killed Hao-er, but you actually say that I can't kill him? Based on what?!"

Long Zhi said coolly, "Based on that he's Second Sage!"

"Second Sage? What's that? Is it very impressive?" A series of puzzled voices came from inside the crowd.

But Emphyrean Long Yu's expression changed!

With his status, he naturally heard before what Second Sage was. That was personally conferred by Sacred Ancestor High Priest.

Except, just a title of Second Sage and he wanted to suppress him?

"So what if Sacred Ancestor High Priest? Sacred Ancestor High Priest's people killed someone in the Dragon Clan. Could it be that our Dragon Clan can't touch him still? When did Sacred Ancestor High Priest start intervening in our Dragon Clan? Long Zhi, you saying such words, could it be that you threw your lots in with Sacred Ancestor High Priest after taking a trip outside?" Emphyrean Long Yu said with a cold smile.

These words were somewhat penetrating, accusing of personal motives instead.

Emphyrean Long Yu was clearly not some goody-two-shoes either, planning on using this incident to quell Long Zhi for good.

Long Zhi gave Emphyrean Long Yu a sympathetic glance and said coolly, "If you won't scruple to launch a divine war for Long Hao, I can move aside right now. Can you shoulder it?"

The moment 'divine war' two words came out, Emphyrean Long YU's pupils constricted.

"Divine war? *Huhu*, are you kidding me? Would Sacred Ancestor High Priest launch a divine war for a mere True God Realm?" Emphyrean Long Yu said with a disdainful look.

In his view, Long Zhi was scaring him, making him beat a retreat in the face of difficulties.

He knew what Second Sage meant, but he only knew one aspect and was ignorant of the other aspects.

The news of Ye Yuan solving Ask Not already spread in the Demon Divine Region with a hubbub. But barely anyone in East Suppression Pseudo World knew.

Long Zhi said indifferently, "You aren't aware of it, but Ye Yuan solved the Eternal Chess Game, Ask Not. He sat and debated on Dao with Medicine Ancestor and Sacred Ancestor High Priest. At present, in Demon Divine Region, Ye Yuan is already above millions and only has one person above him! *Oh*, right, the Qilin Clan's Qi Zhen provoked Ye Yuan and was killed by him. The Qilin Clan sent over Heavenly Emperor Zixu, but in the end, they returned in defeat and no longer mentioned the matter of Qi Zhen. How do you think Long Hao compares to Qi Zhen?"

Each additional word that Long Zhi said, the expression on Long Yu's face became a degree more shocked.

He never could have imagined that this True God Realm brat in front of him actually had such immense capabilities!

"Oh, right, the matter of launching a divine war wasn't said by this emperor. At that time, Sacred Ancestor High Priest's seventh disciple, High Priest Stardrive, carried Ask Not over and personally said it to Heavenly Emperor Zixu," Long Zhi explained further.

Long Zhi's words stirred up titanic waves in the hearts of Raindragon Stronghold.

"This ... This human actually has such a great background!"

"Isn't he a human? Why would he become the demon race's Second Sage?"

"Qi Zhen! That's the Qilin Clan's young generation's strongest alchemist! Back then, when he came to the Dragon Clan, he even defeated Long Xiaohai. He was actually killed by this kid just like that?"

... ..

One news after another exploded in the ears of the Dragon Clan like one bomb after another.

Each incident was inconceivable, but completed by Ye Yuan alone!

Long Yu's expression became extremely ugly. If what Long Zhi said was true, then there was simply no possibility for him to want to avenge Long Hao!

It did not matter if he killed Ye Yuan, but Sacred Ancestor High Priest's wrath was not what anyone could bear.

Once a divine war started, the Dragon Clan would be bound to suffer heavy casualties.

At that time, he would be the Dragon Clan's sinner!

"Now, do you still want to kill him?" Long Zhi said coolly.

While talking, Long Zhi looked toward Ye Yuan. The latter had a calm and collected look. It was as if he had done something insignificant.

Seeing this scene, Long Zhi could not help feeling annoyed.

This guy caused such a huge trouble on the second day he came to the Dragon Clan.

If he had long known this, he would not have brought Ye Yuan here!

This boy was indeed outstandingly talented, making the world sigh with admiration. But his ability to cause trouble was also first-rate!

Chapter 2133: Dont Make a Spectacle of Yourself!

Long Yu's expression flickered incessantly, his face struggling.

Right at this time, a figure slowly walked out of the void.

Seeing the arrival, Long Yu seemed to have grasped a life-saving straw and said with surprise, "Father!"

The arrival was precisely Heavenly Emperor Long Chi!

Heavenly Emperor Long Chi looked at Ye Yuan, his gaze icy-cold.

People should not look at how East Suppression Pseudo World had countless dragons. It was through the propagation of countless generations in the past that there was today's scale.

But even so, the scale of this stronghold was still much smaller compared to human cities.

In reality, the propagation of the dragon race compared to humans, or even ordinary demon races, was much harder.

Hence, regardless of whether it was Long Chi or Long Yu, they valued Long Hao this descendant very highly.

Now, he actually died in Ye Yuan's hands. So how could these two people not be furious?

"He's of the dragon race!" Heavenly Emperor Long Chi said coolly.

Everyone was taken aback, not knowing what Heavenly Emperor Long Chi's words meant.

Long Zhi seemed to have thought of something, his expression changing as he said, "Long Chi, what do you want?"

Long Zhi had already reported to the clan about Ye Yuan's matter.

Similarly a protector elder, Long Zhi was naturally aware of Ye Yuan's real identity.

Long Chi said coolly, "Since he's of the dragon race, then it naturally has to be taken care of according to the Dragon Clan's rules."

Long Zhi's two eyes narrowed slightly and he said in a deep voice, "Long Chi! Do you want to plunge the Dragon Clan into the fires of war?"

"Long Zhi, a 'divine war', two words, scared you until like this? Our Dragon Clan looks down upon the heavens and myriad realms! When did we become so cowardly and weak?"

"Then we also can't plunge the Dragon Clan into war because of your grandson! Could it be that a mere Long Hao is even more important than the entire Dragon Clan?"

Long Chi mused for a moment and opened his mouth and said, "Since that's the case, have an elders' meeting then! This emperor won't let this matter go."

Done talking, Long Chi turned around and left.

The Dragon Clan's people all had dumbfounded gazes and their mouths gaping. They all thought that Ye Yuan was dead for sure. In the end, Emphyrean Long Yu did not kill him. Heavenly Emperor Long Chi came and also did not kill him.

This was really a historical first in Raindragon Stronghold.

But everyone was also clear in their hearts that once this matter was brought up to the elders' association, it would likely not end well.

Long Zhi looked at Ye Yuan, his face angry from failure to live up to expectations as he said, "You, this fellow, can really cause trouble!"

But Ye Yuan said coolly, “Nothing to do with me. It was them who provoked me first!”

Explaining the matter in a few words, Long Zhi was also speechless.

This Long Hao could have provoked anyone, but he provoked this malefic star. So it served him right to be killed.

Ye Yuan did not care that the person was a protector elder’s grandson. Provoking him, one would have to be prepared to suffer his wrath.

This guy did not shrink back in the slightest when facing a Heavenly Emperor powerhouse too. Why would he pay attention to the consequences of killing a puny little Long Hao?

Back then, he suppressed Heavenly Emperor Shaoyun and the Qilin Clan to all kneel down with his power alone, and he completely disregarded the consequences!

“*Sigh!* You’re satisfied with killing someone, but this place isn’t the outside world’s demon race after all! Long Chi isn’t willing to drop this matter, so he’ll definitely think of ways to put you to death!” Long Zhi said with a sigh.

“When soldiers come, use a general to hold them off. When the water rises, use dirt to keep it back. Scared of him for what?” Ye Yuan said coolly.

At this time, Lu-er and Yang Fei-er also moved closer.

Lu-er said with an aggrieved look, “Young Master, it was all Lu-er’s fault, provoking trouble for you.”

Ye Yuan smiled dotingly and said, “Where did you provoke trouble? It was trouble that provoked you. That’s all. In this world, there are always some people who act recklessly and blindly.”

Lu-er said anxiously, “But ...”

“There are no buts. Do you still not know your young master’s ability?” Ye Yuan directly cut off.

... ..

Under Long Zhi’s lead, Ye Yuan entered a stone house.

Upon entering the stone house, he entered another space.

Above the void, five enormous dragons were circling around above, giving people immensely powerful deterrence force.

“Deliberately making things mystifying!” Ye Yuan had a look of disdain and slowly walked into space.

The leftmost giant dragon opened his mouth and said, “Ye Yuan, since you’re of the dragon race, why haven’t you knelt when you see us!”

Ye Yuan looked at him and said with a smile that was not a smile, “Making me kneel, also can. As long as you can overpower me with bloodline power.”

No need to guess, this giant dragon was naturally Long Chi without a doubt.

Ye Yuan naturally did not have a good opinion of this Long Chi.

Being able to bring up Long Hao that kind of grandson, how good could this fellow be?

Sure enough, the moment he opened his mouth, Ye Yuan felt that overbearing tone.

Most likely, this guy was also talked like this normal.

“Snort! You’re the one who said it! Kneel down!”

Long Chi gave a cold snort. A powerful true dragon bloodline power pressed down on Ye Yuan akin to a giant mountain.

Although he knew that Ye Yuan definitely had reliance, what kind of existence was he, Long Chi? Why would he care about a puny little rank six dragon’s pride?

As a Heavenly Emperor powerhouse, his bloodline was incomparably pure, already evolving to a kind of peak of the dragon race.

How could a mere Ye Yuan resist his suppression?

It was just that when the Long Zhi beside Ye Yuan saw this scene, his face revealed a strange look.

When he reported to the clan, it was naturally impossible to cover all details no matter how trivial.

These elders knew that Ye Yuan was of the dragon race, but they did not know how pure Ye Yuan’s dragon race bloodline was.

Being able to contend with Sacred Ancestor High Priest, that level of existence, with true dragon will, would Ye Yuan’s bloodline power be of the common sort?

The strength of bloodline power was unrelated to cultivation realm. As long as bloodline was pure enough, even if it was a powerful peak Heavenly Emperor existence, a weakling could also resist.

Sure enough, Ye Yuan gave a cold laugh. The dragon race bloodline pressure in his body suddenly bloomed.

An astonishing aura soared to the sky, pressing right up against Long Chi’s pressure.

Bang!

Two great pressures colliding suddenly, it caused the void to tremble.

Long Chi’s pupils constricted and he cried out in surprise, “Impossible! How can your bloodline power be so strong?”

A hint of ridicule flashed across the corners of Ye Yuan’s mouth and he said coolly, “This is your bloodline power? Looks like your potential has already been pretty much exhausted!”

With one exchange, Ye Yuan sensed the strength of Long Chi’s bloodline.

For him to be able to cultivate to his present realm, he basically reached the end already.

It was just that Ye Yuan’s words clearly poked Long Chi’s sore spot.

Ye Yuan clearly saw the corners of the giant dragon’s mouth twitch, clearly being greatly enraged.

Above the void, Long Chi roared angrily and said, "Gentlemen, this boy is too arrogant, showing no respect to his elders! Everybody, attacking together to suppress!"

Long Chi could not deal with Ye Yuan by himself and actually shamelessly invited the rest to take action.

The few people were just about to make a move, but they then heard Long Zhi said coolly, "Stop making a spectacle of yourselves! Even counting Dragon Lord in, it's also impossible to suppress Ye Yuan!"

"What? This is impossible!"

"How can this be possible? I don't believe it!"

"Long Zhi, what nonsense are you talking about?"

... ..

The few great protector elders clearly did not believe Long Zhi's words, having shocked expressions on their faces.

Six great heavenly emperors making a move at the same time actually could not suppress a measly little rank six dragon?

Long Zhi laughed in spite of himself and said, "Talking nonsense? That's because you all didn't see how he solved Ask Not! He defeated Medicine Ancestor with a sword of will, forcefully resisted Sacred Ancestor High Priest with his true dragon will, and shattered the firmament with his qilin will, breaking the world that Medicine Ancestor and Sacred Ancestor, two people, created! Do you guys think that you're stronger than Medicine Ancestor and Sacred Ancestor High Priest?"

Unrivaled Medicine God

Chapter 2134: Threaten

"This ... How is this possible?"

Above the void came the cries of exclamations of the group of dragon race heavenly emperors.

The words that Long Zhi said were seriously too inconceivable.

"*Huhu*, do you all think that Ask Not, this eternal chess game, is that easy to solve? If not for having astonishing ability, how can Ye Yuan walk out of Ask Not?" Long Zhi said with a look of ridicule.

Even until now, Long Zhi held Ye Yuan in awe and veneration too.

The people who witnessed the entire process of Ye Yuan clearing Ask Not would respect Ye Yuan from the bottom of their hearts.

Under Medicine Ancestor and Sacred Ancestor High Priest's pressure, what did heavenly emperors count as?

"Kid, you were messing with me?" Long Chi suddenly came to a realization and reproached angrily.

After Ye Yuan entered, he intentionally said to have him use suppression with bloodline power. Actually, Ye Yuan totally knew that no matter how strong his, Long Chi's, bloodline power was, he could not suppress Ye Yuan at all.

Making a fool of himself, that's all!

Yet, he fell for it.

Ye Yuan could contend with Sacred Ancestor High Priest, that kind of powerhouse, with true dragon will. How pure was his bloodline?

Wouldn't utilizing bloodline power in front of him be teaching one's grandmother how to suck eggs?

This guy simply did it on purpose!

"*Huhu*, you're not considered too stupid yet," Ye Yuan said with a laugh.

What not considered too stupid? It was simply too stupid!

Long Zhi already said the outcome before they came to realize the truth. What was it if not dumb?

"Brat, this emperor will tear you to pieces!"

Long Chi's angry roar came from above the void.

He bared his fangs and brandished his claws. An astonishing pressure enveloped down and was going to exterminate Ye Yuan.

But right at this time, a beautiful figure slowly walked out of the void and said coolly, "What are you trying to do, Long Chi? Do you want to make Raindragon Stronghold become the Dragon Clan's sinner that's condemned through the ages?!"

The arrival was dressed in white plumage, silky black hair winding around, boundlessly beautiful.

Ye Yuan looked over, this woman actually had some similarities with Long Xiaochun.

Long Chi's face fell and he said rather unwillingly, "I pay respect to Dragon Lord!"

When the rest saw this woman, they also each bowed down.

Ye Yuan did not expect that this Raindragon Stronghold's dragon lord was actually a woman!

Dragon Lord waved her hand and said coolly, "All returned to your original bodies for what? Trying to scare people? Why haven't you put it away?!"

Long Chi and the rest recovered to their original appearances, all having embarrassed looks on their faces.

They did it in order to scare people, but who knew that they failed to scare people and even utterly lost their faces.

"You're Ye Yuan?" Dragon Lord looked at Ye Yuan and started sizing him up.

"Ye Yuan pays respect to Dragon Lord!" Ye Yuan cupped his fists and said.

Long Chi was already too impatient to wait and said in a solemn voice, "Dragon Lord, this boy did not distinguish black from white and killed Long Hao three people when he just arrived at the Dragon Clan. He committed an atrocious crime and definitely can't be tolerated!"

Dragon Lord's dark brows furrowed slightly when she heard that and said, "This incident was clearly Long Hao three people who were in the wrong first, isn't Elder Long Chi too overbearing?"

Long Hao injured Lu-er and Yang Fei-er and even wanted to forcibly seize the two people in public. Many people saw it, so it was naturally not difficult for Dragon Lord to want to know.

Except, to a powerhouse like Long Chi, how was there any right or wrong?

He was strong, so he was reason!

Long Chi gave a cold snort and said, "Overbearing? *Heh heh*, even if Hao-er committed a capital offense, it's also not his turn to come and execute him! Moreover, just two measly human girls, Hao-er taking fancy on them is their fortune!"

Ye Yuan's two eyes narrowed and he said with a cold smile, "Indeed, a crooked stick will have a crooked shadow! In my view, your grandson was a pile of dog shit. Killed then killed, what about it? Could it be that you dare to kill me?"

"You!"

Long Chi choked and nearly stifled until he had internal injuries.

Ye Yuan's identity was too sensitive, he could not touch him at all.

The crime of launching a divine war was not what he could shoulder!

"*Humph!* Do you really think that this emperor can't do anything to you?" Long Chi said angrily.

"What can you do to me?" Ye Yuan said coolly.

Ye Yuan discovered that Long Chi seemed to make light of Dragon Lord.

It was like the person managing things here was him.

Long Chi laughed coldly and he said, "Even if I can't kill you, those few people around you ... this emperor can kill them!"

Brilliant light suddenly shone from Ye Yuan's eyes, the bloodline pressure in his body suddenly bloomed, and he said in a cold voice, "If you dare to touch them, this Ye will definitely trample your Raindragon Stronghold in the future! If you don't believe it, you can wait and see!"

Long Chi's two eyes narrowed, he saw incomparably firm resolve in Ye Yuan's eyes.

He did not doubt that Ye Yuan had this ability. With Ye Yuan's talent, reaching Heavenly Emperor Realm was virtually certain!

Swoosh!

Right at this time, a figure suddenly barged into this space.

"Long Chi, if you dare to make things difficult for Ye Yuan, I, Long Xiaochun, definitely will not let you off!"

Long Xiaochun arrived!

When Dragon Lord saw Long Xiaochun, her brows furrowed and she berated, "Long Xiaochun! You arbitrarily barged into the elders meeting. Where's the sense of propriety?"

When Long Xiaochun saw Dragon Lord, her pretty face could not help turning stiff. But very quickly, she stubbornly said again: "Mother, this matter was clearly Long Hao's fault, even death couldn't expiate his sins. So why punish Ye Yuan?"

When Long Chi saw Long Xiaochun arrive, he did not get angry but was overjoyed instead.

Only to see him give a cold snort and say: "Dragon Lord, Long Xiaochun trespassed the elders meeting and shows no respect for her elders, I wonder what should be the punishment!"

Dragon Lord's expression changed, and she said in anger: "Long Xiaochun! Still don't withdraw, this emperor will put you in confinement for a thousand years!"

Long Xiaochun gritted her teeth and said stubbornly, "Even if you confine me for 1000 years, I also can't let you guys hurt Ye Yuan! He was brought here by me, so I must bring him out safely!"

Seeing Long Xiaochun defending him like this, Ye Yuan was moved.

He laughed and said, "Xiaochun, you withdraw first. This old fellow doesn't dare to touch me."

Long Xiaochun blinked a few times and said, "Really?"

Ye Yuan smiled and said, "Of course it's real! If this old thing dared to kill me, why would he hold some elders meeting?"

Long Xiaochun tilted her head and thought about it, it seemed to be the truth. Hence, she nodded her head happily and said with a smile, "Okay, then I'll wait for you outside!"

After Long Xiaochun left, Long Chi laughed coldly and said, "Kid, whether you can live until then is still not known! Dragon Lord, even if I can't touch Ye Yuan, there's no problem with this emperor killing a few of his people to vent my anger, right? You wouldn't ... shelter a few humans, right?"

When Dragon Lord heard that, her face revealed a hesitant look.

But Ye Yuan's expression changed. Dragon Lord's change in attitude made his heart sink to rock-bottom.

When Long Chi saw Ye Yuan's expression, he was delighted.

This brat was just like a hedgehog, neither listening to reason nor bowing to force. But his probing earlier clearly found Ye Yuan's weakness.

His weakness was the people around him!

Seeing that Dragon Lord was still hesitating, Long Chi increased the dosage and said, "If Dragon Lord insists on showing partiality for humans, then this emperor can only initiate an elders meeting to decide by voting!"

Ye Yuan saw that the situation was not right and said in a cold voice, "Old dog, what the hell do you want?"

Long Chi smiled coldly and said, “*Heh heh*, this emperor even thought that you feared neither heaven nor the earth, turns out that you have something that you’re scared of too! Rest assured, as long as you promise this emperor a condition, this emperor can let those few people go!”

Ye Yuan’s two eyes narrowed together, and he said in a solemn voice, “What condition?”

Long Chi chuckled and had an appearance of satisfaction due to his wicked scheme succeeding as he said, “Sign a life-and-death agreement! Just say that you willingly entered the Dragon Eye Cave and everything has nothing to do with the Dragon Clan! As long as you can do it, this emperor will spare their lives!”

Chapter 2135: Dragon Eye Cave

“Dragon Eye Cave! No way!”

Hearing this name, Dragon Lord’s expression changed, and she immediately rejected it.

Long Chi smiled coldly and said, “Then according to Dragon Lord’s meaning, Hao-er died in vain? Or are you going to let this emperor go and kill those few humans to take revenge for Hao-er?”

Dragon Lord’s gaze turned cold, and she said in a solemn voice, “Dragon Eye Cave is the Dragon Clan’s forbidden area. If even a Heavenly Emperor powerhouse goes in, it will be hard to come out too. You’re asking Ye Yuan to go in, isn’t it making him seek death?”

“What a joke! Not letting him go to a dangerous place, could it be letting him go to a safe place? This emperor not smacking him to death with one slap is already very frustrating. As for the Dragon Eye Cave, if he really has a heaven-defying destiny and comes out of there, then this emperor also has nothing to say anymore!” Long Chi looked at Ye Yuan and said with a cold laugh.

The Dragon Eye Cave was filled with dangers. Forget about rank six, even if it was rank seven, no one came out before too!

Unless one’s strength reached Heavenly Emperor Realm, only then did one barely have the ability to protect themselves.

Even so, it was also very dangerous.

Long Chi did not believe that Ye Yuan could really come out after entering the Dragon Eye Cave.

As for that agreement, it could just nicely be used to deal with Sacred Ancestor High Priest’s fury. It could be said to satisfy both sides.

Killing Ye Yuan and also leaving Sacred Ancestor High Priest with nothing to say.

Thinking up to here, Long Chi also could not help rubbing his hands in glee.

Such a genius idea, only he could come up with it.

“Fine, I’ll go!” Ye Yuan’s gaze became heavy as he said.

Dragon Lord frowned and said, "Young man, you don't know what kind of place Dragon Eye Cave is and dare to agree to it? This Lord is telling you, going in with your strength is certain death!"

Ye Yuan understood that Dragon Lord being concerned for him was likely because of Long Xiaochun.

But this Long Chi was incomparably cunning and definitely would not give him the chance.

If he did not go in, he might really make a move against Lu-er they all.

"Many thanks for Dragon Lord's concern. Ye Yuan appreciates it. But so what even if it's a dragon's lair or tiger's den? What kind of scene have I, Ye Yuan, not seen before? Old Thing, sure, I can go in, but you have to swear a Heavenly Dao Oath! You're absolutely not allowed to harm Lu-er they all!" Ye Yuan looked at Long Chi and said in a deep voice.

"*Haha*, straightforward enough! You rest assured, as long as you sign the agreement, this emperor will naturally swear the Heavenly Dao Oath to set your mind at ease," Long Chi said with a loud laugh.

... ..

Coming out of the stone house, Long Xiaochun and Long Xiaohai immediately came up to greet.

"Ye Yuan, they didn't make things difficult for you, right?" Long Xiaochun said.

Ye Yuan smiled and said, "I already said, that old thing doesn't dare."

Only then did Long Xiaochun set her mind at rest and said with a laugh, "*Hehe*, looks like Second Sage this title is still pretty useful! That Long Hao, I've long found him displeasing to the eye! Well killed! *Humph!*"

"Xiaochun!" Long Xiaohai gave a warning gaze, the latter hurriedly shut her mouth.

Lu-er still did not quite believe it and said, "Young Master, is it really fine?"

Ye Yuan smiled and said, "Of course! Do you still not believe your young master?"

When Lu-er heard this, only then did she smile, being satisfied.

Deep in the night, Loneswan appeared in Ye Yuan's room, his expression somber.

The other people's thoughts were pure and did not suspect things. But he lived to a ripe old age, how could he really rest his heart?

After all, this place was the Dragon Clan and not the Priest Temple.

Sure enough, Ye Yuan definitely had something to talk about by calling him here.

Ye Yuan looked at Loneswan's expression and could not help smiling as he said, "There's no need to have this expression. Aren't I perfectly fine?"

Loneswan's expression was solemn as he said, "I wonder what instructions Master has?"

Ye Yuan said, "Tomorrow morning, I'll enter the Dragon Eye Cave and might be gone for a very long time. If I come out within ten years, there's naturally no problem. If I don't come out within ten years,

you bring them and leave East Suppression Pseudo World and return to Heavenly Eagle Imperial City to quietly wait for news.”

Loneswan’s expression changed and he said, “Master, what ... what kind of place is this Dragon Eye Cave?”

Ye Yuan shook his head and said, “I don’t know either, but it’s definitely a dangerous place. That old dog used your lives to threaten me, making me enter this Dragon Eye Cave. You don’t need to have this expression either. Master has cleared before many dangerous places, so how can it be that easy for that old dog to want to doom me to death?”

Loneswan’s expression was solemn as he said, “But ...”

Ye Yuan said coolly, “There are no buts. This period of time that I’m not around, you take good care of Lu-er they all. If this lass knows that I went to the Dragon Eye Cave, she definitely won’t agree to it. Tell her after I leave. In addition, you also have to practice your alchemy diligently. After Master comes out, I’ll be evaluating you!”

Loneswan’s expression flickered incessantly. Only after a long time did he slowly nod his head and said, “Yes, Master! Master has to be more careful on this trip!”

... ..

Early next morning, before the sky was bright, Ye Yuan arrived outside a stone tower situated in the middle of Raindragon Stronghold. Long Zhi was already waiting there.

“You really thought it through about this? The moment you go, it will likely be hard to turn back!” Long Zhi said.

“If I don’t go, will that old dog let me off?” Ye Yuan answered with a question.

Long Zhi sighed and said, “If I had long known it would be like this, I shouldn’t have brought you guys here!”

Ye Yuan smiled and said, “Saying anything now is too late! But I’m afraid that it’s not so easy for that old dog to want my life!”

“There are a lot of evil things inside the Dragon Eye Cave. Furthermore, they are incomparably ferocious. This Stone Brilliant Tower is used to suppress the Dragon Eye Cave,” Long Zhi looked at Ye Yuan and said with a complicated expression.

Ye Yuan was slightly surprised. He did not expect that the Dragon Eye Cave was actually in the middle of Raindragon Stronghold.

The Dragon Clan’s habitat was actually built at such a dangerous place.

It was just like this place was specially constructed in order to suppress the Dragon Eye Cave.

“Come on, follow me. Long Chi they all are already waiting for you. Take care not to touch the array formation; otherwise, immortals can’t save you too,” Long Zhi warned.

Ye Yuan followed Long Zhi into the stone tower and went down the stairs. No idea how deep they went down either.

Suddenly, it suddenly became bright in front, the two people arrived in a great hall.

In the center of the hall, purple light revolved, like a cave entrance. Inside exuded thick evil devilish aura.

This was still after being sealed.

It was not known how strong the devilish aura inside the Dragon Eye Cave was.

If someone with Celestial Deity Realm and below cultivation was here, they would likely immediately be frozen into ice cubes by this devilish aura.

Ye Yuan's two eyes narrowed, immediately feeling the danger of this Dragon Eye Cave.

No wonder Dragon Lord's expression became like that the moment she heard Dragon Eye Cave.

Long Chi and Long Yu were both here. When they saw Ye Yuan, they made no attempt to conceal the delight on their faces.

"Ye Yuan, we came to send you off!" Long Yu's words carried a double meaning as he said delightedly.

Ye Yuan already recovered his cool and said with a faint smile, "Then I'll have to trouble you guys. I even thought that you should be sending Long Hao off at this time."

Long Chi's face fell, and he said with a cold smile, "Relax, there's you accompanying on the road to the netherworld, Hao-er won't be lonely."

Ye Yuan laughed when he heard it and said, "Then you guys have to pray that I don't die. Otherwise, after I go there, he'll die once more."

When these father and son two people saw Ye Yuan's appearance, they gnashed their teeth in hatred.

"*Humph!* Razer-tongued! See if you can still laugh after you enter the Dragon Eye Cave! Enough crap! Brought the contract?" Long Chi said with a cold snort.

Ye Yuan took out a jade slip and said coolly, "Swear it then."

[Unrivaled Medicine God](#)

Chapter 2136: A Treasure Vault

Swearing the Heavenly Dao Oath and taking the contract, Long Chi's face finally revealed a hint of delight.

"*Heh*, you must still be thinking of coming out, right? Telling you quite regretfully, this entrance is one-way. One can only enter and not come out! Furthermore, after you go in, you'll be transported to another venue randomly. If there are many powerful monsters there, then congratulations! You won the prize!" Long Yu said smugly.

"*Oh?* In this case, the Dragon Eye Cave doesn't have an exit?" Ye Yuan asked curiously.

If there was no exit, then it would really be somewhat troublesome.

If it was an enclosed world, then no matter how strong he became, it would also be impossible to come out of there.

"It is not that there isn't any. I heard that there are some spatial rifts inside the Dragon Eye Cave that traverses between spatial turbulent flows and the Dragon Eye Cave. But where these spatial rifts are, nobody knows either. Therefore ... entering the Dragon Eye Cave is equivalent to crossing the Rubicon!" Long Zhi said in a solemn voice.

Long Chi laughed wildly as he said, "Brat, there's still time to regret now! But those few humans' lives can't be guaranteed, *hahaha!*"

Ye Yuan could not be bothered with him and leaped, his figure directly plunging into the cave entrance.

Long Chi still wanted to take a look at Ye Yuan's panicky appearance. Who knew that Ye Yuan was so straightforward, directly jumping in. He could not help feeling annoyed.

"*Humph!* Not being able to kill you with my own hands, consider yourself getting off easily!" Finished talking, Long Chi's figure moved, vanishing from the great hall.

Long Zhi also sighed slightly and turned around and left.

However, not long after the few people left, a figure secretly slipped into the hall.

Swoosh!

A ray of azure light flashed past, that figure dashed right into the Dragon Eye Cave. The guards could not react in time at all.

When the two Empyrean Realm guards saw this scene, their faces could not help changing greatly.

"Just now, that ... seemed to be Long Xiaochun, right?"

"Damn it! This misfortune star actually entered the Dragon Eye Cave! Things are blown up now! You watch here! I'll immediately report it to Dragon Lord."

The two people were seized with panic and left the great hall like flying.

... ..

Ye Yuan only felt the world spin around. No idea how long had passed either, he finally landed on solid ground.

It was a foreign world in front of him. Blood-red sky seemed like flames were burning in the sky; incomparably somber.

Limitless devilish aura assaulted him frenziedly, penetrating right into the marrow.

"What fierce devilish aura! It's many times stronger than even the fiend race's devilish aura! However ... such a pure devilish aura is very good cultivation resource!"

A hint of a smile flashed across the corners of Ye Yuan's mouth. The Chaos Heavenspan Canon quietly revolved and started to crazily absorb the devilish aura.

If someone saw this scene, their eyeballs would probably fall out.

Once this kind of horrifying devilish aura entered the body, regardless of whether it was the demon race or human race, they would probably be unable to withstand it and would be corroded by this devilish aura very quickly, becoming a walking corpse.

When normal people came here, they would have to revolve divine essence to push away this devilish aura.

But Ye Yuan was different! He was directly absorbing it!

Once the devilish aura entered the body, it was immediately refined by the Chaos Heavenspan Canon, becoming a ball of chaos divine essence, converging into the Origin Pill.

Ye Yuan's Origin Pill became smaller and smaller, but the chaos divine essence became purer and purer.

Everything originated from chaos, everything returned to chaos.

To Ye Yuan, there was no difference between whatever divine essence, fiend essence, or demon divine essence.

As long as it was a form of energy, it could be refined by the Chaos Heavenspan Canon, becoming chaos divine essence in the end.

As long as Ye Yuan was willing, he could also invoke chaos divine essence to imitate any form of energy.

"Heh, the devilish energy here is really a great tonic, cultivating one day is practically equivalent to ten days in the outside world!" Ye Yuan sighed emotionally.

Swoosh!

A dark ball object arrived behind Ye Yuan silently.

All of a sudden, that dark object opened its gaping maws, revealing sharp teeth, and bit towards Ye Yuan's neck.

Puchi!

A streak of cold light flashed past, the sharp sword energy entered right from the gaping maws, piercing right through the monster's head.

"Awoo!"

The monster emitted a series of strange cries and fell to the ground, twitching a few times before it stopped moving.

Ye Yuan turned around and looked. This monster looked like a black dog. It was just that the hair all over its body was extremely long and it did not even have an eye.

If it did not open its mouth, it would look just like a black ball.

This monster wanted to ambush Ye Yuan. How could it know that Ye Yuan seemed to have grown eyes at the back of his head, directly annihilating it?

"This is the monster that they spoke of? Indeed very strong! Never heard before that the Heavenspan World still has this kind of monster. What in the world are these?" Ye Yuan said with a frown.

The aura exuding from this monster's body was roughly the same as a human Fifth Firmament True God.

But that strike earlier, probably three Fifth Firmament True Gods were not a match either.

"Abyss monster!" Dustless's voice suddenly rang out.

"Abyss monster? You're talking about these?" Ye Yuan asked curiously.

Dustless nodded his head and said, "That's right! Following the Soul Suppressing Pearl's breakthrough to a heavenly emperor spirit treasure, my memories seemed to have somewhat recovered. I feel very familiar with this Dragon Eye Cave. It seems like I've come before once."

Ye Yuan was taken aback when he heard that and said, "You came here before? Could it be that ... Heavenly Empyrean Immortal Grove came before?"

Dustless said, "Possible! These abyss monsters are very strong, same rank humans are not a match at all. There are even some powerful existences among them that can even jump realms to battle. Ye Yuan, you have to be more careful."

Ye Yuan nodded his head and said, "*Mn*, I'll be careful. Eh, what's this?"

Ye Yuan was just about to leave when he suddenly discovered that beside that abyss monster's corpse, a black crystal fell out.

"What thick devilish energy! This thing must be the abyss monster's life essence! *Tsk tsk*, the devilish energy stored inside here is even purer than the devilish energy in the air!"

Seeing this black crystal, Ye Yuan's two eyes could not help lighting up.

When others saw this devilish energy, it was like a rat seeing a cat. There might not even be time to even run.

But Ye Yuan behaved like he obtained a priceless treasure.

"*Hahaha!* This Dragon Eye Cave is really a good place! With this kind of black crystals, I can break through to Eighth Firmament True God within a very short time! That old dog forced me to come to the Dragon Eye Cave. But he probably never dreamed that this place is simply a paradise to me!" Ye Yuan put away the black crystal and said with a loud laugh.

The devilish energy inside this one piece of black crystal was virtually equivalent to a rank six divine pill!

What did Ye Yuan lack most in his cultivation?

Medicinal pills!

Even if Ye Yuan currently had deep pockets, the quantity of the medicinal pills that his cultivation required was too great.

Rank six spirit medicines were extremely precious. Even if Ye Yuan did not lack money, he could not get that many spirit medicines either.

However, as long as there was an endless stream of medicinal pills, Ye Yuan's cultivation would definitely be very fast.

However, there were countless abyss monsters here. It was equivalent to having countless rank six divine pills. This place was simply a treasure vault to Ye Yuan!

Brilliant light shone in Ye Yuan's eyes. There was already a crazy plan in his head: hunt abyss monsters!

Unrivaled Medicine God

Chapter 2137: Big Brother Xun Will Protect You

Bang! Bang! Bang!

Inside the dark dense woods, several figures crisscrossed, the battle situation very intense.

A white figure passed through between more than a dozen black monsters. The situation was alarmingly dangerous.

However, that white figure was extremely nimble. No matter how dangerous the situation, he could always turn danger into safety in the end.

This white-clothed youth was precisely Ye Yuan.

Currently, close to a year's time already passed since Ye Yuan entered the Dragon Eye Cave.

Ye Yuan's aura was much stronger compared to when he just came in.

In this one year, Ye Yuan hunted several thousand rank six abyss monsters, obtaining large amounts of black crystals.

Of course, how could one not wet their shoes if they frequently walked by the roadside? Ye Yuan naturally encountered Empyrean Realm abyss monsters before too.

But Ye Yuan was long prepared. He had long laid down the spatial node technique. The moment he ran into Empyrean Realm abyss monsters, he would immediately run.

Therefore, although the abyss monsters here were strong, Ye Yuan's survival ability was stronger.

Up until now, Ye Yuan did not encounter real danger either.

"True Sword Hollow Etch!"

A roar came over, noiseless sword energy instantly erupted with horrifying energy. Three black abyss monsters were directly blown up.

"Roar, roar!"

The remaining abyss monsters seemed to have become enraged, pouncing toward Ye Yuan crazily.

"Humph! You brutes really have no idea of death or danger! Grand Universe Palm!"

Ye Yuan gave a cold snort and suddenly fired a palm out.

The dragon pranced the vast expanse of open ground, roaming the nine heavens unhindered.

Four to five abyss monsters were directly blown up!

“Roar, roar, roar!”

The remaining abyss monsters became even more furious, one ball of horrifying energy undulations after another exploded by Ye Yuan’s side.

“True Sword Hollow Etch!”

With another noiseless sword energy, Ye Yuan reaped the lives of the abyss monsters without any mercy.

Battling for a day a night, Ye Yuan finally annihilated all of these abyss monsters.

“Huu ... This batch of guys are really formidable, even if a Ninth Firmament True God was here, they would probably be blown up in one move by them too,” Ye Yuan huffed a turbid breath as he spoke.

The strength of this batch of abyss monsters, all of them were above Eighth Firmament True God Realm.

But their combat strength was extremely horrifying. Human Ninth Firmament True Gods were not their match at all.

Ye Yuan’s present strength already infinitely approached an Eighth Firmament True God. Coupled with his fleshy body’s strength, he had virtually no opponents under Empyrean.

But even so, with his strength, he also expended tremendous effort before slaying them.

Ye Yuan packed up all of the black crystals and said with a smile, *“Heh, this batch of abyss monsters are strong, but the black crystals are also purer and stronger. With this batch of black crystals, I should be able to break through to Eighth Firmament Origin Pill!”*

In this one year, Ye Yuan completely treated the Dragon Eye Cave as a cultivation treasure land.

As long as he saw rank six abyss monsters, Ye Yuan’s two eyes would definitely shine, killing them.

If Long Chi was here, he would definitely be angered until he vomited blood.

His method that he thought of as brilliant became Ye Yuan’s wedding gown.

But in this one year, Ye Yuan also figured out some of the Dragon Eye Cave world’s rules.

Which place was dangerous, which place was safe, which place had powerful abyss monsters coming and going, he had an idea in his heart.

As long as he did not overshoot this boundary, there was no great danger.

This dense forest at present belonged to a more dangerous place. There were many late-stage True God Realm abyss monsters coming and going.

Following the increase in Ye Yuan’s strength, the initial-region’s abyss monsters already did not pose any challenge to him.

Finding a secluded place, Ye Yuan laid down a bunch of protective array formations and started refining the black crystals.

When the devilish energy entered the body, Ye Yuan's realm started loosening up.

Several days later, Ye Yuan's aura skyrocketed, finally stepping into Eighth Firmament Origin Pill.

"Breaking through is getting harder and harder!" Slowly opening both eyes, Ye Yuan could not help saying with an emotional sigh.

"But the price paid is still worth it! Right now, even though I'm at the Eighth Firmament Origin Pill, in terms of divine essence thickness, I'm probably even stronger than ordinary Ninth Firmament True Gods! Putting aside True God Realms, even when facing Empyrean Realms, it's at least also not without the slightest strength to fight back anymore. After breaking through to the Ninth Firmament Origin Pill, when I unleash all of my means, even facing a First Firmament Empyrean shouldn't be anything difficult too!"

Suddenly, Ye Yuan's gaze became sharp and he said in a solemn voice, "Li-er, after I breakthrough the next realm, I'll fetch you back home! Lin Changqing, 2000 years hasn't arrived. But I wonder how gifted your so-called genius is!"

It was already close to a thousand years in a twinkle, Ye Yuan's longing for Li-er did not stop for a second.

And Lin Changqing's overbearingness was also fresh in Ye Yuan's mind.

That Lin Changqing cracked himself up to be a genius that felt that Ye Yuan was like an ant.

At that time, Ye Yuan just entered the Celestial Deity Realm, but Lin Changqing was already an Empyrean.

But a thousand years passed, Ye Yuan was already a dragon flying in the sky and only a step away from Empyrean.

What realm did he, Lin Changqing, cultivate to?

The Sea of Law the last time, as well as clearing Ask Not, both brought tremendous inspirations to Ye Yuan, with the outcome being extremely far-reaching.

Regarding the next realm, Ye Yuan already had a general idea in his mind.

Ye Yuan had a feeling that the next realm would be greatly different.

The iron law that Empyreans could not be leapfrogged was a joke at Ye Yuan here.

Ye Yuan had confidence that as long as he broke through, his strength would absolutely not be beneath Lin Changqing.

"Eh? There's actually someone here, and it's even a human."

As he was lost in thought, a voice suddenly sounded out not far away.

Another person said, "Heh, an Eighth Firmament True God? to actually be able to survive in the Star Devil Forest, really hit the jackpot!"

"Why would a human brat appear here? Could it be that ... he entered from a spatial rift?"

Ye Yuan turned his head to look and saw three dragon race youths with disdain and mocking looks on their faces.

The person in the lead was a scarred youth. He walked in front of Ye Yuan and said with a smile, "Boy, do you know what place this is?"

Ye Yuan nodded and said, "Dragon Eye Cave."

The scarred youth's two eyes narrowed and could not help revealing a look of disappointment.

Knowing about the Dragon Eye Cave, then he probably did not enter from a spatial rift.

It was absolutely impossible for humans to know about this place.

The scarred youth said with a smile that was not a smile, "Oh? You actually know that it's the Dragon Eye Cave. Then you still dare to swagger about here in the Star Devil Forest? Truly, the ignorant are fearless!"

Ye Yuan smiled as he answered with a question, "Could it be that there's some genuinely safe place in this Dragon Eye Cave?"

The scarred youth could not help suffocating, being choked badly.

This place was the world abyss monsters, a safe place was just relatively speaking.

The scarred youth said, "Kid, consider yourself lucky to run into us. Walking by yourself in the Star Devil Forest with your bit of strength, when you encounter a powerful abyss monster, you won't even know how you die. Since we met, follow us in the future. With Big Brother Xun protecting you, it won't be that easy even if you want to die too!"

"Alright," Ye Yuan said with a faint smile.

This one year had always been him going solo, it was too dreary.

Furthermore, in this kind of place, an additional person was always an additional portion of strength.

These few people were clearly veterans here already and should understand this place better. Understanding the situation from them was pretty good.

As for 'Big Brother Xun protecting you', this sort of word, Ye Yuan automatically ignored it.

[Unrivaled Medicine God](#)

Chapter 2138: Just a Misunderstanding

Along the way, the three people were extremely careful, just thieves that entered a house, fearful of making any sounds.

Encountering a tiny bit of wind rustling, they would be like startled rabbits, slipping away with a scramble.

Ye Yuan had a relaxed look as he followed behind the three people.

This scene naturally became synonymous with acting recklessly and blindly in the eyes of the three people.

However, the three people really had some ability in the area of avoiding abyss monsters. The moment there were some activities, they would be able to recognize it in advance and avoid it.

Clearly, these few people already had their way of survival in this Dragon Eye Cave.

Along the way, Ye Yuan baited quite a bit of verbal exchanges.

These three people were called Long Xun, Ao Ming, and Long Qing. They came from different respective earth strongholds and black strongholds and were people who committed the most heinous crimes and were thrown into the Dragon Eye Cave.

Entering the Dragon Eye Cave was basically equivalent to being sentenced to the death penalty, but it did not mean that one would die right away.

These three people were crafty and sly, finding a way to survive in this place, avoiding many dangers, and even pulled together a team of more than ten people.

Most of these people committed severe crimes in the strongholds, that was why they would be thrown into the Dragon Eye Cave.

This made Ye Yuan very surprised. These dragon clans' habitats actually all had the Dragon Eye Cave's entrances.

What kind of damn place was this Dragon Eye Cave?

But those who survived in this region were mostly not strong, being only at the True God Realm.

Long Xun had already entered the Dragon Eye Cave for over 20 years. He was already considered outstanding among this group of people.

Right now, they were currently leading Ye Yuan back to the base.

"Kid, let me tell you, if you're like this in the Dragon Eye Cave, it will be considered little even if you die a hundred times over!" Long Xun looked at Ye Yuan and said with a disappointed look.

This guy was exasperatingly slow every time, taking his own sweet time, angering Long Xun badly.

But Long Xun also felt strange in his heart, how come this kid could always keep up with the three of them?

As proud members of the dragon race, Long Xun three people looked down on Ye Yuan, this human, from the bottom of their hearts. But they had to admit that Ye Yuan's luck was very good.

Ye Yuan smiled and said, "Many thanks for Big Brother Xun taking care along the way."

Long Xun shot a glare at Ye Yuan and said with a cold snort, "At least you have some eyesight! Along the way, if not for Big Brother Xun, me, you'd have died ten times!"

"Yes, yes," Ye Yuan said with a smile.

"Roar, roar!"

Right at this time, several ferocious abyss monsters suddenly dashed out of the dense woods, blocking the few people's path all at once.

These few abyss monsters came extremely suddenly, like they had been lying in ambush.

Long Xun's face turned pale with a *swoosh*.

The auras of the few abyss monsters were very powerful and already had peak rank six cultivation realm.

As for combat strength, it absolutely swept across those in the same rank!

It was only to see Long Xun's eyes swivel around, a plan forming in his head.

He winked at Long Qing and Ao Ming, then shouted loudly, "Heh, do these brutes really take it that your Grandpa Xun is easy to be pushed around? Boy, you deal with that right-side one, leave the rest to the three of us!"

There were six abyss monsters that appeared this time, the three of them dealing with five and letting Ye Yuan deal with one sounded very righteous.

How could Ye Yuan not know Long Xun's little scheme? But he did not mind either, slowly drawing the bone sword and walking towards the abyss monster.

"Roar, roar!"

Seeing Ye Yuan slowly walk over, the group of monsters was clearly enraged, immediately pouncing over toward him.

At this time, Long Xun winked again. The three people took off and escaped in the opposite direction with extremely fast speed.

"Kid, Big Brother Xun saved you many times along the way, then you save Big Brother Xun once and stay behind to be cannon fodder! *Hahaha ...*"

Behind, came Long Xun's delighted laughter.

Amidst the laughter, Ye Yuan did not turn his head back either, like he did not hear his words, continuing to walk over towards the abyss monsters.

Then, Long Xun's laughter abruptly stopped.

Bang! Bang! Bang!

Ye Yuan stabbed a sword out, carrying along with astonishing explosion sounds.

Amidst the three people's stupefied gazes, the six abyss monsters were completely annihilated.

From start to end, Ye Yuan only unleashed one sword.

"T-T-This ... How is this possible?" Long Qing's jaws almost dropped, his eyes full of disbelief.

“S-So strong!” Ao Ming similarly opened his mouth wide and said in shock.

Long Xun rubbed his eyes, he was doubting if he saw wrongly or not.

But he rubbed many times and discovered that it was still the same outcome.

Abyss monsters completely wiped out!

“Is ... Is this guy a freak? How can he be so strong?” Long Xun said in shock.

He suddenly recalled him showing off in front of Ye Yuan and even said ‘Big Brother Xun will protect you.’ It was simply like being a clown.

Ye Yuan exterminated six peak rank six abyss monsters with one sword. Wouldn’t killing him be like chopping vegetables?

He thought that Ye Yuan was just a little lamb, who knew that it was a big gray wolf!

The shock in Long Xun’s heart was simply unable to use words to describe.

He had mucked around in this Dragon Eye Cave for so long, how could he not have an understanding of the abyss monsters’ combat power?

Back then, they ran into a peak rank six abyss monster. Five people attacked at the same time. In the end, they successfully escaped with the death of two people as the price.

Peak rank six abyss monsters swept away everything!

Hence, when he saw those abyss monsters, he thought of running away at once.

Fight?

It did not exist!

But now, Ye Yuan just unleashed one sword and dealt with six peak rank six abyss monsters. What kind of terrifying combat power was this?

Long Xun was of the proud dragon race, so he completely looked down on humans.

But now, Ye Yuan shattered his pride to smithereens with absolute strength!

Was this guy really just Eighth Firmament True God?

Ye Yuan was also very satisfied with the power of this sword.

Breaking through to Eighth Firmament True God, his strength indeed made great improvements again.

The power of True Sword Hollow Etch was more than several times stronger than before.

Dealing with these peak rank six abyss monsters naturally did not need that much effort anymore.

“H-Huhu, this lord, just now, we were just ... just ... It was a misunderstanding! A misunderstanding!” Long Xun had an awkward look, wanting to explain his earlier actions.

Except, he discovered that no matter how he explained, it was very feeble.

Witnessing Ye Yuan's strength, how could they still dare to run?

No matter how fast they were, could they be faster than Ye Yuan's sword?

That scene earlier was seriously too shocking.

Ye Yuan put away the bone sword, turned to look at Long Xun, and said with a smile, "Big Brother Xun ..."

"Dare not, dare not! In front of Your Excellency, how can this lowly one dare call himself Big Brother Xun? Your Excellency, just call me Little Xun will do," Long Xun said in fear and trepidation.

Ye Yuan laughed and said, "It's still Big Brother Xun that sounds warm! Big Brother Xun doesn't need to explain anything. This Ye understands. There are dangers all around in the Dragon Eye Cave, so sacrificing the knights in order to save the queen is only human nature."

"M-Many thanks for Your Excellency's understanding!" Long Xun said with a fearful look on his face.

He did not know whether Ye Yuan really understood or was faking understanding. After all, the action previously was courting death.

"However ..." Suddenly, Ye Yuan's tone changed, becoming fierce.

Long Xun's heart that just calmed down immediately jumped.

"This is the first time, I hope that it's also the last time! Next time, I won't be so pleasant!" Ye Yuan's tone gradually turned cold, making cold sweat pour on Long Xun's forehead.

Chapter 2139: Little Xun Admires

Inside the dense woods, Long Xun three people were in front, faltering.

Ye Yuan slowly followed behind, very casual.

Along the way, Ye Yuan consecutively took action several times and it was all insta-kills, frightening Long Xun badly.

At the thought of posturing in front of Ye Yuan previously, Long Xun even had the heart to die.

"Big Brother Xun, this ... this human is too horrifying! You can't deal with him!" Ao Ming whispered.

"Pooh! What are you freaking rubbing my nose in it for? Want to kill me is it?"

Long Xun was frightened by these words until he broke out in a cold sweat and almost finished Ao Ming off in a rage.

Ao Ming also shuddered and said, "Big Brother Xun, I ... I didn't do it on purpose. However, what is he picking tarnished black devil crystals for? That thing's corrosive power is extremely strong. Even our dragon race's fleshy bodies can't bear it either!"

"How would I know? Maybe he has a hobby for collecting those black crystals! But even if this thing is placed inside storage rings, it will also cause irreversible corrosion to people," Long Xun said with uncertainty.

Along the way, he was also very curious.

It was just that he was startled by Ye Yuan's strength and did not dare to open his mouth at all.

Powerful abyss monsters were as weak as paper in front of Ye Yuan. Ye Yuan killed them as easily as killing chickens and slaughtering dogs.

"Alright, this place should be safer. We can stop for a while," Ye Yuan said coolly.

The moment Long Xun heard, he hurriedly ran over and asked: "Your Excellency, what instructions do you have?"

Ye Yuan said, "I collected quite a few tarnished black devil crystals along the way. So I'm going to cultivate for a while. You guys protect me."

The moment these words came out, Long Xun three people's eyes went wide and he opened his mouth wide and asked, "Y-Y-Your ... Your Excellency is going to use tarnished black devil crystals to cultivate? I-I ... didn't hear you wrongly, right?"

Long Xun was too surprised, resulting in his tongue being tied even when talking.

Long Xun even thought that Ye Yuan had some weird hobby, who knew that Ye Yuan was actually using this to cultivate.

Using such pure devilish energy to cultivate, wasn't this courting death?

Ye Yuan nodded and said, "Why? Is there a problem?"

Long Xun said, "These ... These tarnished black devil crystals are the crystallization of abyss monsters' devilish energy, it's where their essence is located. The devilish energy contained inside is extremely harmful to martial artists. You ... You're actually going to use it to cultivate? How to cultivate?"

Ye Yuan said coolly, "I have my own ways. You just need to care about standing guard."

Ye Yuan casually laid down a few array formations and started cultivating on the spot.

One ball of black energy after another flowed out of the tarnished black devil crystals, being absorbed into the body by Ye Yuan.

This scene appeared extremely strange.

Long Xun three people's eyes went wide, their face dumbfounded.

"He really absorbed devilish energy! My god, his absorption speed is also too fast! Isn't he afraid of blowing up?" Ao Ming said dumbfounded.

"Heard that there are some people among humans that are eager for quick success and will frequently cultivate some unorthodox paths. Could it be that he's that kind of martial artist?" Long Qing said.

Smack!

Long Xun directly gave him a slap at the back of his head and scolded, "Fool! His Excellency's divine essence undulation is incomparably pure! How does he look like a devil cultivator? Also, His Excellency's

divine essence is incomparably thick, far surpassing same rank powerhouses. Are you freaking blind? Which Eighth Firmament True Gods have you seen that have such horrifying strength?"

Long Qing had an innocent look. But thinking about it, it was also true.

Ye Yuan's divine essence was incomparably pure and orthodox. It was impossible to be a devil cultivator.

But this kind of cultivation means still brought him incredible shock.

"But ... But this is also too peculiar! Forget about a human! Even if it's the fiend race, they also don't dare to absorb tarnished black devil crystals like this!" Long Qing said indignantly.

Long Xun looked at Ye Yuan with worship and said, "His Excellency isn't an ordinary person! This devilish energy is merely a form of energy in the end. Abyss monsters are able to make use of it to become incomparably powerful. In theory, the human race and demon race should naturally be able to utilize it too. It's just that ordinary cultivation methods are completely unable to stop the devastation of the devilish energy. Looking at it this way, His Excellency's cultivation method must be extremely impressive!"

Long Xun had some knowledge and understood it very quickly.

Only when the other two people heard did they come to a realization. But their eyes when looking at Ye Yuan gradually turned from fear to respect.

The devilish energy that they feared like a tiger actually became a great tonic to Ye Yuan.

"*Tsk tsk*, really too incredible! I can even feel that His Excellency's realm is rising rapidly. This is Eighth Firmament True God!" Ao Ming said with a sigh of admiration.

The other two people deeply felt that way too.

After several days, Ye Yuan refined all of the tarnished black devil crystals. His realm had a considerable rise once more.

Long Xun immediately moved close and said with a fawning look, "Your Excellency is really too incredible, to actually use the tarnished black devil crystals as divine essence stones! Little Xun admires!"

Ye Yuan rolled his eyes at him and said, "Enough boot-licking, go!"

"Alright! Your Excellency, Little Xun will follow you in the future. You mustn't discard Little Xun!" Long Xun thickened his skin and said.

In this Dragon Eye Cave, was there anything more useful than latching onto a thick thigh?

With a powerhouse like Ye Yuan around, as long as they did not encounter Empyrean Realm abyss monsters, they could practically do whatever they pleased.

This way, the chances of finding a spatial rift would also increase greatly.

Ye Yuan said coolly, "That will have to depend on your performance."

... ..

Ye Yuan brought the three people and pushed through all the way. Half a month later, the party arrived in a valley. This place was the base of Long Xun and the rest.

However, inside the base was full of desolation, everything in a terrible mess like it had just experienced a great battle.

“Big Brother Xun! It’s Big Brother Xun who returned!”

Inside the dense woods by the side, several people suddenly scurried out.

When these people saw Long Xun, each and every one of them was inexplicably agitated.

“Shouting and wrangling for what? *Eh?* Xiaochun, what’s wrong with you?”

Long Xun was just about to berate the few people and make them offer greetings to Ye Yuan, but he discovered and each and every one of them had bloody noses and swollen faces, all carrying injuries on their bodies.

When Long Chun saw Long Xun, he actually burst out crying with a ‘*wah*’.

“Big Brother Xun, we’re so miserable these few days that you weren’t around!” Long Chun had snot and tears running. Looks like these few days, they were oppressed.

Long Xun frowned and said, “Shut up for me! Speak! What in the world happened?”

Long Chun complained tearfully, “Big Brother Xun, it ... it was all done by Long Zhaotian! He left the words, setting a time limit for you to surrender within three months! If you don’t surrender, he’ll raze our base to the ground and let us not even have a place to stay.”

Long Xun was greatly enraged the moment he heard and howled: “Motherf*cking Long Zhaotian! F*cking hell, when the tiger isn’t home, the monkey calls himself king! Brothers, follow me, I’ll go and pummel the sh*t out of this guy right now!”

As he said, Long Xun was just about to rampage but was held back by Long Chun.

“Big Brother Xun, you mustn’t! Long Zhaotian he found an Empyrean Realm helper! He’s formidable to the extreme. We aren’t a match! Even their camp already changed their leader too!”

Long Chun’s words were like a basin of cold water splashing down, drenching Long Xun until his heart turned cold.

“W-What did you say? E-Empyrean?” Long Xun said with a stupefied face.

At this time, Ye Yuan slowly opened his mouth and said, “Just an Empyrean. Look how it scared you until you’re like a grandson.”

The moment Long Chun heard Ye Yuan talk like this, he immediately spoke up to scold, “Who the hell are you, to dare speak to Big Brother Xun this way?”

Chapter 2140: Big Brother Tian is Very Awe-inspiring

Terrific lad!

Long Chun unexpectedly bursting out this sentence frightened Long Xun until he fainted and regained consciousness several times.

Long Xun three people's faces changed greatly.

Smack!

Long Xun directly gave a blow to the back of Long Chun's head, nearly beating him to the ground.

"Disrespectful! To dare speak to Lord Ye Yuan like this, are you tired of living?"

Long Xun reproached Long Chun fiercely, then turned around and put on a smiling face as he hurriedly said, "Your Excellency, this child is insensible. Please don't stoop to his level."

"L-Lord? This guy is merely an Eighth Firmament True God human, even inferior to me. Why are you, Big Brother Xun, calling him lord?" Long Chun had a doubtful face.

Not just Long Chun, the others all looked at Long Xun with great surprise.

What kind of character was their Big Brother Xun? He actually bowed his head in submission and was obedient toward a human who was not strong, saying yes repeatedly with servility.

Long Xun wished to smack Long Chun to death with one slap right now. He roared angrily at Long Chun and said, "What? Not even listening to Big Brother Xun's words anymore, is it? Call him His Excellency! From today onwards, Lord Ye is our boss!"

Long Chun and the rest exchanged glances, clearly somewhat hesitating.

But in the end, they still chose to listen to Long Xun's words and called out.

"Boss!"

Ye Yuan waved his hand and said, "Big Brother Xun is still your boss. I don't have the spare time to be your boss."

Long Xun hurriedly said, "Yes, yes, yes, what kind of character is Your Excellency? Why would you take fancy on being a boss? That ... Your Excellency, your meaning just now is ... you think nothing of Emphyreans too?"

Ye Yuan said coolly, "Think nothing of them or not, I'll only know after having a crack at him. Alright, find a secluded place. I'm going into a closed-seclusion."

Along the way, Ye Yuan hunted many abyss monsters again. The harvest was enough for him to be in a closed-seclusion for a while.

After Ye Yuan left, the baffled looking Long Chun finally could not resist opening his mouth and asking, "Big Brother Xun, this ... What in the world is going on here?"

Long Xun looked at him fiercely and said, "If you don't want to die, shut your mouth for me! You don't look at how he's only Eighth Firmament True God. If he wants to annihilate us, one finger is enough!"

Long Chun still did not believe this as he said, "Eighth Firmament True God? One finger to wipe us out? *Huhu*, Big Brother Xun, you really know how to joke!"

“Who is freaking joking with you? You didn’t see His Excellency taking action! Do you know how we came back along the way?” When Long Qing was saying this, his face still carried an intense look of fear.

“How did you return? Could it be that you didn’t walk back?”

Long Qing smiled coldly and said, “We walked back, but he also killed all the way back! Along the way, the abyss monsters that died in His Excellency’s hands are no less than a thousand!”

“What? How is this possible!” Everyone had a look of disbelief.

Long Xun laughed coldly and said, “Believing it or not is up to you guys! The three of us saw it with our own eyes, so could it still be fake? Don’t blame me for not warning you guys. If you all want to seek death, feel free to go and provoke him!”

Long Xun swung his hands and left, leaving behind the crowd with dumbfounded faces.

... ..

Long Xun had already lived in Dragon Eye Cave for a long time and indeed had some ability.

This camp was in the abyss monsters’ no-mans-land and there were actually no abyss monsters that came close. It was rather quiet, perfect for Ye Yuan’s closed-seclusion.

Ye Yuan refined the tarnished black devil crystals; his realm also slowly stepped closer to Ninth Firmament True God Realm.

Three months later, Long Zhaotian brought a group of people and came fighting to the doorstep.

“Long Xun, looks like you won’t shed tears without seeing the coffin! Today, Big Brother Tian, I, will trample your camp!” Long Zhaotian was awe-inspiring as he shouted.

Long Xun said in a cold voice, “Long Zhaotian! You took advantage of the fact that I wasn’t around and injured my, Big Brother Xun’s, brothers! This score, we should also settle it properly!”

Long Zhaotian laughed loudly and said, “Long Xun, looks like you still haven’t figured out the situation! Let me tell you, our boss is an Empyrean Realm powerhouse. You dared to defy her elderly self, you’re dead for sure!”

Long Xun similarly laughed loudly and said, “It’s you who didn’t figure out the situation! Do you think that only you found a backer? On Big Brother Xun’s trip out, I also found a backer!”

Long Zhaotian’s expression changed, extremely surprised in his heart.

This guy wasn’t putting up a bold front, right?

“Hahaha, Long Xun, do you think that you can scare me, Big Brother Tian, away with one sentence? You acknowledged a boss? Call him out. This father of yours will pummel him to a pig’s head!” Long Zhaotian said with a loud laugh.

He completely did not believe that Long Xun found an expert too. How could there be such a coincidental thing?

He just found an expert here and an expert popped out on Long Xun’s side too?

"Oh? It's you who said that you're going to pummel me into a pig's head?" A figure landed, looking at Long Zhaotian very calmly. It was precisely Ye Yuan.

"Ye Yuan!" When Long Xun and the rest saw Ye Yuan, they hurriedly bowed in salute.

When Long Zhaotian saw Ye Yuan, he was first stunned, then immediately burst out laughing.

"Hahaha ... Long Xun, this is the expert that you found? A human, and it's even an Eighth Firmament True God? Hahaha ... So formidable! I'm so scared! Brothers, let's hurry up and tuck our tails between our legs and run. The boss that they found is really too scary!"

Long Zhaotian laughed wildly, but his words were full of ridicule. Naturally, there was not a hint of really being scared.

Just an Eighth Firmament True God, so why would he take him seriously?

Long Zhaotian's subordinates immediately pandered to it.

"Yeah, we're so scared! This boss, you mustn't make a move. We're afraid that we can't hold out."

"Hahaha ... Eighth Firmament True God, I'm really so scared!"

"Long Xun, you're really declining with each passing day, to actually find an Eighth Firmament True God to deceive yourself as well as others."

... ..

The other party mocked away, but Long Xun responded with a cold smile.

Laugh!

Laugh to your heart's content!

A while more, you guys probably won't even have the strength to cry!

Recalling when he saw Ye Yuan back then, didn't they also had this kind of expression?

But later, their faces were slapped resoundingly.

This Long Zhaotian was posturing in front of His Excellency and even said that he was going to beat His Excellency to a pig's head, heh heh ...

"Laughed enough?" Ye Yuan said coolly.

Long Zhaotian laughed hard without ceasing and said, "Haven't laughed enough yet. Let me laugh a while more. You just be happy for now. Otherwise, you'd already be pummeled to a pig's head now by Your Father!"

Bang!

His voice had yet to fade when a fist already landed on Long Zhaotian's face, sending him flying out.

With Long Zhaotian's peak rank six cultivation realm, he could not react in time at all.

Several months had passed, Ye Yuan's current strength already steadily closed in on middle-stage Eighth Firmament True God, how much stronger was it compared to back then?

If not for him reigning in his strength, Long Zhaotian would already be utterly dead.

Ye Yuan knew that these people stuck together and helped each other out inside the Dragon Eye Cave.

Although both sides were on bad terms, they would not really fight to the death.

Otherwise, just this bit of people, even if the abyss monsters did not kill them, they would have long wiped themselves out by themselves.

Bang, bang, bang ...

The tempest-like fists landed on Long Zhaotian's body, each fist not leaving his face.

In several breaths, Long Zhaotian became a complete and utter pig's head.

The smiles of those subordinates were still stiff on their faces at this time, but could not smile no matter anymore.

Long Tian said that he was going to pummel him to a pig's head, but in a blink, he was beaten to a pig's head by him ...
